Where's Su Wanwan, who's getting braver the more she's defeated?

Things had developed as he had expected. He was a little happy, but there was more sadness in his heart. PEI Munian stood at the bathroom door and pursed her lips. She was silent for a while before she stepped into the bathroom again.

Su Wanwan returned to the guest room and lay down in the cold blanket. She couldn't help but miss PEI Munian's warmth. It wasn't that she only thought about it now, but she had been crazily missing it for the past year.

The few short months after her surgery were probably the happiest times of her life.

PEI Munian's gentleness and care were only for her. He had always been by her side, protecting her. Every night, they would hug each other to sleep and she would lean into his arms. That was the safest and warmest place in the world.

She had also thought countless times that if she had not left back then, they would probably be happily together now. However, she did not regret her departure. If she had not left, she would never know whether PEI Munian loved her or not.

Some people might think that it was stupid to persist on this question. If she did not love PEI Munian so much, she would not care about his love. However, it was because she loved him too much that she hoped for a response and hoped that he would love her too.

Although she was still unable to confirm his feelings, she could feel that he was not saying what he meant. What she had to do next was to tear off his mask of not saying what he meant and make him say what he said!

The phone's alarm rang and su Wanwan immediately opened her eyes and sat up from the bed.

She took her phone and turned off the alarm. Then, she lifted the quilt and got up. After rushing into the bathroom to wash up, she left the room and went to the baby's room. After washing the baby and putting on his clothes, she carried Xiao Zeze to the door of the master bedroom and waited there.

PEI Munian was too guarded against her. She had no chance to get close to him, and once she got close, she would be chased away by him. Hence, she had no choice but to use xiaoze as a bargaining chip. PEI Munian would reject her, but she would not reject xiaoze. She wanted to use xiaoze as a bridge to ease their relationship.

After about ten minutes, the bedroom door was pulled open. Su Wanwan took the opportunity and directly carried Xiao Zeze to PEI Munian. She said, " little Zeze misses daddy. He hopes daddy will take him to breakfast!

PEI Munian was stunned and her black eyes glanced at su Wanwan.

Su Wanwan simply stuffed Xiao Zeze into PEI Munian's arms. you haven't seen Xiao Zeze for so long. You should accompany him, right? Daddy!"

Little Zeze also called out cooperatively, his small hands waving and touching PEI Munian's cheeks.

That soft touch seemed to be able to melt all the coldness. PEI Munian's Black eyes landed on the child, and she could not say anything to reject him.

PEI Munian carried Xiao Zeze and walked towards the stairs. Su Wanwan secretly made a yay gesture. She had lived in the villa for so long and not only did she not succeed in pouncing on PEI Munian, but she also didn't even get him to sit down and have a meal with her.

Sure enough, Xiao Zeze was the best!

PEI Munian treated su Wanwan coldly, but she was exceptionally gentle to Xiao Zeze. She carefully fed Xiao Zeze and wiped the corners of her lips. Su Wanwan watched from the side and couldn't help but think of their past. At that time, PEI Munian also treated her like this.

The good times between them could still come back.

Su Wanwan secretly sighed in her heart. She raised a smile on her face and said, "Niannian, you don't have to go back to the company today, do you want to take Xiao Zeze out to play?"
