On the other end of the line, PEI Munian chuckled and asked in a teasing tone, " "Good food?"

Su Wanwan knew that he was hinting at the food she made that day. Her cheeks blushed slightly and she coughed unnaturally. It must be delicious this time. You can go home after work.

"Okay, I'll go home to eat your delicious food after I get off work. I hope Yingying is really delicious." He emphasized the last two words and dragged it out.

After Su Wanwan hung up the phone, she snorted softly. She will cook well tonight. She must make it delicious so that he won't use this to laugh at her in the future!

The car drove back to the villa. Su Wanwan once again carried big and small bags into the house. Aunt Wu was already used to it and only asked indifferently, " young Madam, what did you buy this time? "

"I bought some groceries!"

Su Wanwan handed the bag to Aunt Wu and smiled, " "Let's prepare dinner together tonight. Niannian will be back for dinner."

"Young Madam, why did you go out to buy groceries all of a sudden?" Aunt Wu asked in surprise. There are still a lot of ingredients at home."

"It's not the same. I want to make a special dinner!"

Su Wanwan went upstairs to change her clothes and tied her hair up. Then, she went downstairs to the kitchen, took the apron that Wu Han handed over, and put it on. Let's start.

Su Wanwan and Aunt Wu were busy in the kitchen for almost the entire afternoon and finally finished cooking. It was just that the soup still needed to be boiled for a while. Aunt Wu looked at the dishes and couldn't help but say, " young Madam, these foods are especially nourishing and warm. And this soup, if you eat so much at once, you'll probably get heaty. It's better to make two more dishes to reduce the heat.

"No need, no need. Hasn't the weather turned cold recently? Also, Niannian has been too busy with work recently, so she's a little weak, so I specially made these to nourish her body."

"Isn't this Kasaya too nourishing?"

I just need to replenish it. Otherwise, I won't have any energy and strength.

Su Wanwan pushed Aunt Wu out of the kitchen. Aunt Wu, I'll just watch the fire here. You go upstairs and see little Zeze. Maybe he's already awake.

Auntie Wu could only nod. Alright then.

After Aunt Wu left, Su Wanwan took out her phone and looked at the time. It was almost six o'clock. She opened WeChat and sent a message to PEI Munian: [are you off work?]

About 30 seconds later, the other party replied, " [on the way.]

Su Wanwan secretly rejoiced. Niannian, take this. Tonight, after you drink this perfect tonic soup, you'll have to transform into a Wolf, right?

At around seven o'clock, PEI Munian's car drove back to the villa. As soon as he got out of the car, su Wanwan walked out of the main house and took two or three steps forward. She held his arm and said softly, "niannian, you're back?" "Were you tired from work today?"

PEI Munian glanced at su Wanwan from the corner of her eyes. Her pair of bright eyes flickered with a cunning light and were full of messages of trying to please her for no reason. PEI Munian curled her lips. "I'm not tired. But you, you've been busy for the whole afternoon. Did you make anything delicious?"

This contemptuous tone ...

Su Wanwan raised her chin and replied confidently, "I made a table full of delicious food, so niannian, you must give me face and eat it all.

The two of them entered the house. Su Wanwan took out a pair of slippers for PEI Munian to change into. PEI Munian went upstairs to change her clothes. She leaned against the railing of the stairs and shouted at him, "I'll go bring the dishes out. Come down and eat after you change your clothes."
