After a long time, Yu Jia finally passed out and laid on the table. Gong Lingyu quickly got out of the car and walked over. Just as he was about to help her up, her phone rang.

Gong Lingyu glanced at the screen and saw the words " doctor Xu " appear on the screen. His eyes narrowed and he reached out to reject the call. However, just as his fingers were about to touch the reject button, Yu Jia's words rang in his ear. I only want doctor Xu. I like Doctor Xu.

Gong Lingyu's hand froze in mid-air.

The person Yu Jia needed now was Dr. Xu, not the person who made her angry. He had messed up her blind date, so she was so angry. If he returned Dr. Xu to her, would she be less angry and not treat him so coldly?

Gong Lingyu ignored the vague discomfort in his heart and picked up the phone to answer.

About half an hour later, Dr. Xu rushed over. Yu Jia was already drunk and unconscious. Gong Lingyu sat there with his arm around her, and she leaned her head on his shoulder.

Dr. Xu took a step forward and stretched out his hands. Mr. Gong, please hand Dr. Yu over to me.

He was the one who had called for someone to come over, but when he heard this, Gong Lingyu's hand around Yu Jia's shoulder tightened instead of loosening.

Dr. Xu was puzzled. what's wrong? "

Gong Lingyu realized what he was doing and couldn't help but feel vexed. Why was he always doing these strange things recently?

Gong Lingyu shook his head and quickly handed Yu Jia over to doctor Xu as if he was handing over a hot potato.

"Let's go, let's go." Gong Lingyu even urged.

Doctor Xu nodded at Gong Lingyu, then carried her in his arms and walked to his car.

Gong Lingyu stood where he was and watched the car drive further and further away from his sight. He had finally explained everything to Dr. Xu, and there should be a follow-up between Yu Jia and Dr. Xu, but why did the uncomfortable feeling in his heart not disappear? instead, it became more and more intense, pressing on his heart and making him feel extremely uncomfortable.

Su Wanwan was so depressed by PEI Munian that she couldn't sleep for the whole night. The next morning, when she left the room, she saw PEI Munian coming out of the study. Su Wanwan gritted her teeth even more.

Since you like to sleep in the study so much, you can sleep in the study for the rest of your life. Don't even think about climbing into my bed in the future!

Su Wanwan turned a blind eye to PEI Munian and walked past him without even glancing at him. PEI Munian stopped in her tracks and turned around to look at su Wanwan's angry back, her eyes full of complicated emotions.

When su Wanwan carried Xiao Zeze out of the baby's room, PEI Munian had already gone to the company. The anger in su Wanwan's heart became more and more suffocating.

Bastard, can't you see that she's so angry? He could actually go to work as if nothing had happened!

Su Wanwan didn't have the appetite to eat breakfast. She fed little ze ze some food and carried him upstairs. She went to the room to change her clothes and took little ze ze out.

Today was the day Xiao Zeze went to the hospital for his vaccination. She could also go to the hospital and complain to Yu Jia, otherwise she would be suffocated!

When su Wanwan's car arrived at the entrance of the hospital, Xi Zhiwei and her group just happened to come out of the hospital. Xi Zhiwei stood at the entrance and her assistant trotted to get the car.

Xi Zhiwei took out her phone and was about to type a text message when she inadvertently looked up and saw su Wanwan getting out of the car.
