### Chapter 71 Why did you help her (3)

Xiao Mei and Xi Zhiwei's manager had an appointment to meet at her management company at 9 am. Su Wanwan arrived 15 minutes earlier. She walked to the front desk and after explaining her identity to the front desk lady, the front desk lady smiled and said, "sister Li has already informed us. She wants you to go directly to the 15th floor.

Su Wanwan nodded her head. After saying thank you, she walked towards the elevator.

She didn't know if it was because she was unlucky today, but both elevators had malfunctioned and she couldn't take them for the time being. Su Wanwan pursed her lips, then turned around and walked towards the safe passage.

Su Wanwan had a good habit of exercising on a daily basis, so climbing the stairs wasn't a problem for her. It was just that she happened to wear a new pair of high heels today and the heels rubbed against her feet a little, so after walking a few floors, her heels started to hurt a little. However, she gritted her teeth and insisted on going up.

Su Wanwan spent almost ten minutes and finally walked up to the 15th floor. She looked at the time. There were still five minutes left. She stood in the same place and slightly calmed her breathing. Then, she first turned to the bathroom, simply touched up her makeup, tidied up her slightly messy hair, and went out.

She walked to the reception area on the 15th floor and said to the receptionist, "Hello, I have an appointment with Miss Xi Zhiwei."

"Sister Weiwei?" The receptionist was slightly surprised. she didn't come to the office today.

"You didn't come to the company?"

Su Wanwan was stunned for a moment and her eyebrows furrowed slightly. Are you sure? I did arrange to meet her here at 9 am this morning."

The waitress nodded without thinking. sister Weiwei can't be in the company. She has to shoot a commercial outside today.

Shooting an advertisement outside, Yingluo.

Su Wanwan's brows slightly furrowed. Then, as if she thought of something, she pointed to the elevator outside and said, "When did the elevator break down?"

The receptionist was even more confused. the elevator is not broken.

As expected.

Su Wanwan's lips curved, but the smile did not reach her eyes. She had already guessed that Xi Zhiwei would make things difficult for her, but she didn't expect that even now, her means were still so LOW.

Su Wanwan gently took a breath, then took out her phone from her bag and called Xi Zhiwei's manager.

The manager patted her head and said, " Oh, I'm so sorry, miss su. I forgot that our Weiwei has a job today. I don't think we can meet today. I'm so sorry for making you come here for nothing.

Su Wanwan's smile didn't change and her voice was gentle. it's okay. When are you free, Miss Xi? let's meet again? "

our Weiwei has a lot of work to do recently, and she's flying to Cannes for the film festival the day after tomorrow. I guess we'll have to wait for her to come back and see the time.

The manager did not give her a specific time, which meant that there was an infinite delay, or that Xi Zhiwei did not intend to give her a second chance to meet.

However, she had to do her best to win Xi Zhiwei over. She was not willing to be blocked just like that.

Su Wanwan thought for a while and said, " how about this? I have time today. I can wait for Miss Xi. We can talk again after she's done with her work.

The manager didn't expect su Wanwan to be so insistent. She hesitated for a moment, then su Wanwan heard the sound of a conversation on the other side. The next second, Xi Zhiwei's voice came from the phone.
