

Deeply 723

723 Who slapped whose face (13)

Xi Zhiwei's tone was so gentle, but her words were extremely sharp. Every sentence carried a strong sense of ridicule, as if a slap was fiercely slapping su Wan's face.

This time, his face was slapped mercilessly.

Unscrupulous means

She might have used some unscrupulous means to make use of little Zeze, but her original intention was just to buy a little more time, so she carefully hid little Zeze and protected him. She did not let him be exposed to the public and did not let Mr. and Mrs. PEI know of his existence.

She did make a mistake, but she did not want to hurt anyone by playing tricks for love. Her heart was open.

Su Wanwan's dark eyes returned Xi Zhiwei's gaze. There was no fear in her eyes and her tone was indifferent. Xi Zhiwei, it's not your place to interfere in the matter between PEI Munian and I. I'll be the one to say and explain it.

What Xi Zhiwei couldn't bear to see the most was su Wanwan's proud look. She was clearly in such a sorry state at the moment, everyone was laughing at her and ridiculing her, but she could still straighten her back, raise her chin, and reply righteously.

Xi Zhiwei bit her lower lip hard and a hint of ruthlessness flashed across her eyes. Her beautiful face, however, put on a pitiful look and her voice carried a hint of grievance. sister Wanwan, I'm doing this for your own good. Brother Munian will definitely be very angry if he finds out about this. How could he be willing to see you and listen to you again? "

Xi Zhiwei slowly moved closer to su Wanwan, lowered her voice, and said word by word in her ear, " he will only be extremely disgusted with you.

"Su Wanwan, if you know what's good for you, you'd better hurry up and take your b * stard. Get lost and don't appear in front of us again! Maybe I'll consider asking brother mu Nian to let you go."

After Xi Zhiwei lowered her voice, only su Wanwan could hear those vicious words. Su Wanwan's Black eyes narrowed and looked at the delicate face in front of her. Her heart was full of cold laughter.

This was Xi Zhiwei's true face.

Today's banquet might have been planned by her. Based on her understanding of Mrs. PEI, as the lady of the PEI family, she was an open and aboveboard person. She would not deliberately bully others like this. Only Xi Zhiwei liked to use such despicable means. It was fine if she humiliated her, but she would not even let an innocent child off!

Su Wanwan's hand, bit by bit, clenched into a fist.

Today, she, su Wanwan, lost all her face. She, Xi Zhiwei, also can't think of having a good time. She bullied her little Zeze and caused the death of her innocent child. She will definitely seek justice from her!

Su Wanwan's eyes narrowed. She was about to wave her fist at Xi Zhiwei when suddenly, a familiar and pleasant male voice came from the door of the hall. It was lazy, light, and lazy.

"It's so lively?"

Even in the noisy Hall, this voice was extremely prominent. Everyone reflexively turned their heads and saw a tall figure slowly walking in from the door. His posture was elegant, his steps steady, and his entire body seemed to have a Halo of light. He was extremely dazzling, instantly stealing everyone's attention.

Everyone looked at him in a daze and made way for him. The man walked into the circle and his black eyes lazily swept over Mrs. PEI, who was standing at the side, Xi Zhiwei, who was squatting there, and finally landed on su Wanwan, who was sitting on the ground.

He frowned and his voice deepened. why are you sitting on the ground? " Did someone push you?"
