PEI Munian waved the torn report in her hand and said indifferently, " how can you use this fake DNA report as an excuse to condemn me? "

The crowd was in an uproar.

A fake DNA report? The DNA report that Mrs. PEI personally took out was actually fake? So, su Wanwan's son was indeed PEI Munian's child?

Mrs. PEI and Xi Zhiwei looked at each other in disbelief, especially Xi Zhiwei. That DNA report was personally handled by her, so it couldn't be fake. Moreover, she heard su Wanwan's words with her own ears. That child couldn't be PEI Munian's child!

"Mu Nian, how can this be fake?" Mrs. PEI's brows furrowed as she spoke in a low voice, but her voice could not hide the shock in it.

mom, I did a DNA test before I recognized the child.

PEI Munian shot assistant Wu, who had been following behind her, a look. Assistant Wu understood and immediately stepped forward to pass the document to Mrs. PEI. this is the DNA test that I did with young Madam. This report and this result are the real ones.

Mrs. PEI quickly took the document bag and opened it with trembling hands. She took out the documents inside and quickly flipped to the last page. The result showed: There was a 99.9999% match, and they were confirmed to be related by blood!

It was a completely different result from the previous report!

Xi Zhiwei leaned over and looked at the document. As if her eyes were playing tricks on her, she subconsciously shook her head. impossible, impossible, Wanwan.

The child was not PEI Munian's at all. How could the results of the DNA test be that of biological parents?

Yes, it was su Wanwan's doing. The words she said that day were clearly tampered with. That's why she said that she was afraid that Xiao Zeze's matter couldn't be hidden.

"Impossible? Wei Wei, what you mean is that I'm stupid enough to be deceived by su Wan. Even if he's not my son, I'll still admit it?"

Xi Zhiwei was suddenly speechless.

PEI Munian's dark eyes looked at Mrs. PEI and she asked calmly, " mom, where did you get this DNA report? "

"This Yingluo." Madam PEI subconsciously looked at Xi Zhiwei.

The corners of PEI Munian's lips curled up and her gaze returned to Xi Zhiwei's face. She smiled knowingly. you handled it? Maybe you were careless and made a mistake, which led to the wrong result."

PEI Munian's words seemed like she was trying to find a way out for Xi Zhiwei, but everyone present was smart. How could they not understand?

Xi Zhiwei wholeheartedly wanted to marry PEI Munian, but su Wanwan came back halfway and even gave birth to a son for PEI Munian. No matter how the relationship between PEI Munian and su Wanwan was, as long as this son existed, the connection between them would never be cut off. Because of this child, the distance between the two would be closed again.

How could Xi Zhiwei be willing? So, she faked the DNA report and wanted to frame su Wanwan, make her lose face, and leave PEI Munian on her own accord. Only then would she have the chance to marry PEI Munian.

This move was a bit vicious. After all, he was her biological son and she called him a bastard. Once this kind of thing spread out, su Wanwan would become a rat on the street in this circle and she would no longer be able to live in L city.

Xi Zhiwei looked at everyone's eyes that were filled with condemnation and ridicule. They mocked her for overestimating her own ability and her viciousness. Her face suddenly turned as white as a sheet.
