Su Wan ran to the door of the office and almost bumped into assistant Wu who came out. After assistant Wu stabilized her body, she looked at the hurrying su Wan and couldn't help but say: "Young Madam, what's the rush?"

Su Wanwan panted and tried to pretend to be indifferent. I, I left something inside. I came back to get it.

"But it's still being cleaned inside, and we haven't found the cockroach yet. Are you sure you want to go in now? Otherwise, if you leave anything behind, I can go in and help you get it. "

it's okay, it's okay. I can do it myself. Assistant Wu, you can go and do your work.

Su Wanwan pushed open the office door and walked in without any explanation.

The cleaning lady was rummaging through the drawers one by one. Su Wanwan walked forward as if nothing had happened and said, "Big sister, did you find the cockroach?"

"I haven't, young Madam." The cleaner answered respectfully, " I don't know where it went. I didn't even see the drawer. I've always been very clean, so I don't know why there's a cockroach.

it's fine. Maybe it's not at the desk anymore. You can go to the sofa and take a look.

"Yes, young Madam."

The cleaning lady came out from behind the desk and walked towards the sofa. Su Wanwan quietly moved behind the desk, gently pulled open the drawer, then took out the letter she wrote and quickly stuffed it into her bag. She also found the White document and stuffed it into her bag.

Su Wanwan heaved a sigh of relief.

Su Wanwan pushed the drawer back and pretended to find the cockroach. She suddenly screamed, " sister, the cockroach is here!

"Where?"

The cleaning lady turned around and walked forward quickly.

Su Wanwan, however, pointed in the direction of the door in horror. it ran to the door.

"Young Madam, where are you? I didn't see him." The cleaning lady looked again and again, but still didn't see the cockroach.

"Oh, he ran out!"

Su Wanwan patted her chest with lingering fear. it's okay. It's fine if you ran out. You just need to clean the office a little.

"I understand."

The corners of su Wanwan's lips curled up without a trace. She finally got the divorce agreement in her hands. Next, she only needed to confirm it and she would know what PEI Munian was thinking.

She hoped that Yingluo's life was as she had imagined and that Yingluo and niannian had feelings for her.

Su Wanwan took a deep breath, her hand unconsciously clenched her bag and walked out of the office.

When he returned to the dining room, PEI Munian was sitting there elegantly, sipping her coffee. Her every movement exuded an air of nobility. There were a few female employees in the dining room drinking their coffee, and all of them were stealing glances at PEI Munian's direction, their cheeks flushed red and their eyes filled with lust.

How could PEI Munian, this man, attract bees and butterflies wherever he went?

Su Wanwan took a few steps forward and sat opposite him. She unceremoniously blocked the other women's line of sight.

PEI Munian took a sip of her coffee and continued gently, " the flower tea you ordered has been sold out, so I ordered a new cup of cabbino for you. I've added two bags of sugar according to your taste. Drink it.

Su Wanwan looked at the cabbino in front of her. There were patterns of white foam on it. The corner of her eyes swept over the female employees who were glaring at her covetously. Her eyes lit up. She picked up the cup and took a sip. Her upper lip was immediately stained with a circle of white foam.
