

Deeply 77

Chapter 77 Why did you help her?(9)

This back view was so familiar, so familiar that it was as if it was the person she had been deeply engraved in her heart!

Su Wanwan wanted to open her eyes wide and see clearly, but in the end, she couldn't resist the sleepiness. Her eyelids still closed little by little and she lost consciousness.

Su Wanwan didn't know how long she had slept. When she opened her eyes again, the sky outside was already bright.

She opened her eyes and stared at the ceiling, her mind still in a daze. She had only slept for a short while, so why was it already the next day?

She grabbed her phone and looked at the time. It was already 10 O'clock. Su Wanwan was so shocked that she immediately lifted the quilt and got out of bed, but she forgot that her foot was injured. The moment her foot touched the ground, the pain hit her and she fell back down.

Su Wanwan cried out in pain. She couldn't help but hug her leg and gently blew on it. Then she saw that there was a plaster to stop the bleeding on her heel.

Su Wanwan blinked, and the bottom of her eyes couldn't help but be stained with a trace of doubt.

When she went to the hospital yesterday, she had only bandaged her calf. When she came back, she was in pain and tired. She fell asleep leaning on the bed and had no time to treat the wound on her heel.

Could it be that the figure she vaguely saw yesterday wasn't an illusion but real?

Did someone help her treat her wound?

Who was it?

Would ran ran be PEI Munian? That back was very similar to his.

Even though she knew that it was impossible and PEI Munian hated her so much, how could she care about her and even treat her wound, her heart could not help but beat faster and she could not help but look forward to it.

There was a sudden knock on the door, followed by Auntie Wu's voice. young Madam, are you awake? "

Su Wanwan returned to her senses and quickly responded, " you're awake. Come in.

Auntie Wu pushed the door open and walked in. She stood by the bed respectfully and glanced at her calf."Young Madam, do you feel better?"

"Much better,"

Su Wanwan replied with a smile. Then, she gently bit her lower lip and struggled for a while. In the end, she still followed her heart and opened her mouth. aunt Wu, yesterday ran ran and yesterday PEI Munian, did they come back? "

Auntie Wu stood there and said without a change in her expression, " no, young master didn't come back yesterday.

The light and hope at the bottom of su Wanwan's eyes were broken at once. Her expression seemed to be broken for a moment, but very quickly, she smiled as if nothing had happened. he didn't come back, Yingluo.

It turned out that such a beautiful scene was just her wishful thinking.

Auntie Wu probably treated her foot, right? She had laughed so much that she had imagined it to be PEI Munian.

Aunt Wu looked at su Wanwan's forced smile and couldn't help but secretly sigh.

Yesterday, when young master found out that young Madam was injured, he had rushed back in a hurry. Later, he had even gone downstairs to find a first aid kit and personally helped young Madam apply medicine.

He clearly cared about young Madam, but he didn't want her to know.

Just like before, she didn't stay here for long and only came over regularly. After young Madam moved in, young master allowed her to stay here for a long time to take care of her. However, in front of young Madam, he didn't allow her to tell the truth.

As for the young Madam, she was obviously looking forward to it, but she always pretended to be indifferent.

Why were two people who loved each other unwilling to be honest with each other?

After aunt Wu left the bedroom, su Wan sat on the bed in a daze until her phone rang. She weakly picked it up, but the next second, she suddenly sat up straight and her eyes suddenly shone. are you telling the truth? "
