Xi Zhiwei's long eyelashes trembled and she blinked a few times. She couldn't believe what she had just heard. brother mu Nian, at a time like this, you still want to protect su Wan? "

What kind of bewitching soup did su Wanwan give him?

or do you think that I photoshopped this photo, just like at the banquet last time, to deliberately embarrass su Wanwan? "

Xi Zhiwei's eyes reddened with grievance. brother mu Nian, I swear, I didn't make things up out of thin air this time and I didn't do it on purpose. Su Wanwan is really in an ambiguous relationship with this man. If you don't believe me, you can see for yourself!

Xi Zhiwei sniffled and her voice was choked with sobs. I heard her say that she's going out to sea with this man tomorrow. Go and take a look, and you'll know that I'm not lying!

I'm Telling You for the Last Time, her business has nothing to do with you. No matter what you see or hear, you'd better keep your mouth shut!

PEI Munian took a step forward, leaned over, and moved her thin lips close to her ear. They looked intimate, but in reality, her words were sharp and cruel, without any mercy. Weiwei, I don't want what happened at the banquet last time to happen again. I also don't want Qianqian to embarrass you again, okay? "

With that, PEI Munian straightened her body and walked past her to the elevator.

Assistant Wu glanced at Xi Zhiwei. She stood there in a daze. Her tears fell, but her face was filled with unwillingness. Her red lips were tightly pursed and her eyes were dark. He could not help but frown.

It had been so long, but Big Boss had always been blunt to her. Even if he was good to her, there was a clear line between them. But why didn't Miss Xi understand? He didn't know why, but seeing her like this, he felt a little uneasy. He hoped it was just an illusion.

In the car.

Assistant Wu sat in the front passenger seat and said to the driver, "Drive." Then, he looked up at the rear mirror and saw PEI Munian's expressionless face. There was a thick gloominess between his brows. He thought of what Xi Zhiwei had just said and couldn't help but sigh.

The big BOSS and the young Madam's relationship was like the weather in June. It could be sunny and cloudy at will. Yesterday, they were still showing off their love in front of the female employees and fed everyone dog food. Today, they were embarrassed.

However, when Big Boss had asked him to investigate the young master's background, he knew that this day would come. He had thought of reminding the young Madam, but he could not betray Big Boss.

He had thought that he would be able to make it through safely, but who knew that Jian Jia would still explode in the end.

Assistant Wu furrowed his brows and thought for a moment. He cleared his voice and pretended to be casual as he said, " boss PEI, I'll report to you about tomorrow's schedule. There's a regular meeting at nine in the morning. It's nothing important. Boss li has an appointment with you to play golf at 10:30 am. However, you've only met him last week. It's actually fine to see him less. We'll meet at twelve.

PEI Munian raised her eyebrows lazily. Her voice was deep and cold. what are you trying to say? "

"Zhenzhen didn't. She didn't want to say anything." Assistant Wu felt a chill down his spine and immediately stopped the topic. He could only help the young Madam up to this point.

The car arrived at the hotel, but PEI Munian did not move for a long time. Assistant Wu did not dare to rush her and sat there quietly, waiting for his instructions.
