785 Is it really fine?(7)

When Lu Sheng said the words "kissing game," the banquet hall burst into a commotion. Since it was a party between friends and everyone was young, there was no resistance. Instead, they were all eager to try.

"The rules of the game are to kiss the people around you, no matter if they are men or women, old or young, or whoever it is, you must kiss them without hesitation. The time limit is ten seconds. Okay, I'll start on three, two, one. Whoever you want to kiss, get into position!"

three! Lu Sheng shouted.

There was a sudden commotion in the banquet hall. Everyone moved quickly to the side of the person they wanted to kiss. Su Wanwan looked at the motionless PEI Munian across the crowd and her heart couldn't help but slowly feel uneasy.

This move of kissing was already the limit. If he still didn't have any reaction, su Wanwan's hands that hung on both sides of her body subconsciously clenched. PEI Munian, can you really watch other men kiss her?

"Two,"

Everyone was still moving quickly. They had already moved to the people they liked or had a good impression of. Some were embarrassed, some were taking deep breaths in preparation. However, PEI Munian was still motionless.

"One,"

It was only a few seconds, but it felt like a century. Lu Sheng snapped his fingers and said, "Begin!"

Su Wanwan's shoulder was held by Shen Ziwei. His long fingers slowly lifted her chin. Shen Ziwei lowered his head and his thin lips approached su Wanwan's Red lips little by little.

His warm breath was almost sprinkled on su Wan's face. She knew that brother Ziwei wouldn't really kiss her, but he had already done this, and PEI Munian was still indifferent?

Could it be that no matter what Hanhan did, she wouldn't be able to force him to show his true feelings?

When Shen Ziwei's lips were only a hair's breadth away from su Wanwan's, her eyes suddenly turned black. Su Wanwan was stunned and raised her eyes in shock. The lights in the entire banquet hall went out and there was an uproar again.

Su Wanwan had yet to react when her wrist was clasped by a force. The next second, her whole body was taken away by that force.

"Ah, Yingluo." Su Wanwan cried out in alarm and reflexively wanted to pull her hand back, but the force was too strong. She couldn't resist at all and was dragged away.

The surroundings were pitch black. Su Wan was wearing a pair of thin high heels and the person who was dragging her walked very fast. She was almost dragged by him all the way and almost fell several times.

Su Wanwan was so angry that she shouted, " let go of me! It hurts!

Not only did that person not stop, but he also walked even faster. Su Wanwan couldn't catch up with his footsteps at all. When he finally stopped, she was so tired that she kept panting and one of her high heels fell off.

Su Wanwan was thrown to the wall. The man's tall body was in front of her. His black eyes were as cold as a blade and shot fiercely at su Wanwan. If looks could kill, he would have died a hundred times.

"Su Wanwan, is this the love you keep saying you love me?" PEI Munian's voice was even colder than her eyes. When it entered su Wanwan's ears, she couldn't help but shiver.

"That's true. When can your words be taken seriously? I've always just been playing around!"

Su Wanwan slowly recovered and heard PEI Munian's complaints one after another. She raised her head and her black eyes met his without fear. Her eyes were as clear and bright as ever.

Although his eyes were very scary at the moment, his tone was also very scary, and his whole body exuded extreme danger and coldness, su Wanwan's lips slowly rose.
