789 Are you going to leave or not (1)

Shen Ziwei's voice was a little soft. Su Wanwan was immersed in her own thoughts and didn't hear him clearly. She asked, " brother Ziwei, what are you talking about? "

What was he saying? Yes, what was he talking about? It was all in the past, something that he had no right to mention. Why would he still ask such a stupid question?

Shen Ziwei's lips twitched, and he laughed at himself. nothing. After a pause, Shen Ziwei took a light breath and composed himself. He looked at su Wan and said softly: "Are you better now?"

Although crying didn't have much effect, after crying, the depression in his heart was alleviated a lot, and the sadness seemed to flow out with the tears.

Su Wanwan gently nodded. yes, much better.

After she came back to her senses, she realized that it was very cold. The sea breeze was mixed with the chill and attacked mercilessly. Su Wan's body unconsciously shivered.

Seeing this, Shen Ziwei took off his suit jacket and put it on su Wanwan. let's go home.

She had already reached her limit today. Even if she stayed here, there wouldn't be any better results. However, su Wanwan still unconsciously looked in the direction of the entrance to the deck, hoping that PEI Munian would chase after her in the next second and take her away from brother Ziwei domineeringly.

However, it was just a fantasy.

Su Wanwan's lips curved weakly and she said in a low voice, " yes, brother Ziwei, let's go home.

Shen Ziwei helped su Wanwan off the cruise ship. The car was already waiting at the dock. Shen Ziwei opened the door to the back seat, put his hand on her head, and protected her as she sat in the car. Then, he got in himself.

The car started and su Wanwan turned her head to look out of the window. The cruise ship was moving back in front of her little by little until it was completely invisible. She closed her eyes and leaned back in the chair.

At the bottom of the cruise, in the swimming pool.

PEI Munian swam back and forth in the pool tirelessly, causing waves of water to splash. It was as if she could empty her mind and not have to think about anything if she sank into the water.

Lu Sheng followed him back and forth by the pool, frowning. He looked at his watch and tried to persuade him again, " I say, young master PEI, can you stop swimming? you've been swimming for almost two hours. If you continue, you'll be exhausted!

Lu Sheng was tired from walking, so he sat on the recliner by the pool and continued, " young master PEI, I'm begging you. Please get up. You can rest for ten minutes before swimming!

"Tell me about yourself. You said that you don't love su Wan anymore, but you can't let her go. But you want to love her, but you can't trust her. In the end, you can only torture yourself. Why do you have to do this?"

Lu Sheng paused and looked at the man in the pool. I chatted with Shen Ziwei for a while tonight. He's a modest gentleman. His background is a little bad, but his appearance and character are not bad. He and su Wanwan are childhood sweethearts and have a deep relationship. Maybe su Wanwan will really throw herself into his arms when she's sad!

As soon as he finished speaking, PEI Munian suddenly emerged from the pool. With his hands on the edge of the pool, he jumped up.

Lu Sheng heaved a sigh of relief. He had talked for hours until his throat was hoarse, but he had finally persuaded this ancestor to come out.

Lu Sheng was about to pass him a towel when PEI Munian's phone on the table vibrated.
