Switzerland? Go to Switzerland with brother Ziwei?

Su Wanwan looked at Shen Ziwei in surprise. brother Ziwei, why are you going to Switzerland all of a sudden? " Is there anything over there?"

Shen Ziwei didn't answer her question. Instead, he said, " "i've gone. i won't be back in the near future." After a pause, he leaned back in his chair and crossed his legs elegantly. He took a sip of tea and swallowed it before he continued, " "I think that it's a good thing for you and PEI Munian to be apart for a while. Don't push yourself too hard, and don't push him too hard."

"Separate?" Su Wanwan's first reaction was to shake her head. we've been separated for four years. I don't want to leave him for even a second now.

The pain of separation was too heartbreaking. She had tried it before, and she didn't want to try it again.

you care too much, that's why Pei Munian is so fearless. Why do you think he can be so calm? it's because you're always around him, so he doesn't need to worry that you'll leave him. That's why he's willing to interact with you in this way, understand? "

Su Wanwan frowned, unable to understand this logic. is ran ran like this? "

She would rather keep a distance between them than try to get closer. How could such love exist?

"You think about it yourself, do you want to come with me?"

Shen Ziwei rubbed su Wanwan's head again and stood up. it's late. Go back to your room and rest. I'll leave at 10 am tomorrow. Before that, you can choose.

Shen Ziwei went upstairs. Su Wanwan was the only one left in the large living room. She leaned on the sofa and stared at the crystal lamp on the ceiling, in a daze.

If she left, would PEI Munian care?

Or, would he be like the previous year, not asking about her at all and not looking for her at all?

Could she make a bet again?

—

It was another sleepless night. Su Wan almost opened her eyes and stared at the clock on the wall until dawn. The sun poured in. Su Wanwan got off the bed, walked out of the balcony, faced the morning sun, and took a deep breath.

Time passed by minute by minute. When su Wanwan returned to her room, it was almost nine O'clock. There was still an hour before brother Ziwei had to leave!

Su Wanwan took out her phone and wanted to dial PEI Munian's number. In the end, her fingers paused and she changed it to a text message.

[are you sure you can't give me the answer I want? [if you don't reply to me before 10 O 'clock, I'll take it as a silent agreement.]

After the message was sent successfully, su Wanwan took out her suitcase and began to pack her clothes.

At half past nine, someone knocked on su Wanwan's door. Shen Ziwei pushed the door open and walked in. He saw su Wanwan sitting on the bed in a daze, staring at the phone in her hand. There was a suitcase at her feet.

Shen Ziwei walked in and stood in front of her. He looked down at her and asked, " how is it? have you thought about it? "

"Let's wait a little longer," Su Wanwan's eyes didn't leave the phone and she muttered, " wait a little longer.

Shen Ziwei tactfully left her alone and left the room, gently closing the door behind him.

Half an hour passed in the blink of an eye. Su Wanwan's phone still didn't have the slightest movement. Her hand clenched the phone tightly bit by bit, her red lips tightly pursed. Then, she stood up and dragged her luggage out of the room.

When the door opened, she saw Shen Ziwei standing at the door. He glanced at her, took the luggage from her hands, and smiled."Let's go," he said.
