

Deeply 804

804 Are you really giving up?(8)

However, PEI Munian did not answer him. She strode away and gradually left.

Lu Sheng couldn't understand and shook his head. He clearly pushed her away to keep her by his side, but now he pushed her so far away and didn't come back. Did he really give up on su Wanwan?

—

It was already night time when the plane arrived in Switzerland. The cabin broadcast broadcasted the local temperature. Shen Ziwei took out a coat for her and put it on her.

During the ten-hour flight, su Wanwan couldn't sleep much. She was in a daze because she spent most of her time crying silently and her spirit wasn't very good.

Shen Ziwei did not say a word. He just held her in his arms and led her off the plane.

The car was already waiting outside the airport. Shen Ziwei and su Wanwan picked up their luggage, walked out, and sat in the car. Shen Ziwei said to deathly silence, " "Let's start the car."

They stayed in a resort at the foot of the Alps. Behind them was the huge Alps, which was now covered in snow.

Su Wanwan walked out of the balcony and looked at the huge expanse of white in front of her. Even at night, the light was reflected, just like a big mirror. The sadness in her heart seemed to be in front of this bright mirror and had nowhere to hide.

Su Wanwan sighed softly and wiped the tears from the corners of her eyes. There was a knock on the door behind her. Su Wanwan turned back to the room and went to open the door.

As soon as su Wanwan left the balcony, a tall figure slowly walked out from the balcony of the room next door. He stood there, stopped, and stared.

—

Shen Ziwei was standing at the door.

"Brother Ziwei, what's wrong?" Su Wanwan turned her body to the side and let Shen Ziwei in.

Shen Ziwei shook his head. it's already so late, I won't be going in. I'm just here to let you know that I have an appointment with CEO Jin for breakfast tomorrow morning. We'll also discuss our initial intention to work together. Do you want to go? "

"I'm Yingying."

you don't have to force yourself if you don't want to go. You can stay in the hotel and rest. There's plenty of fun to play with here, okay? "

brother Ziwei, I'm here to work. How can I let you go alone? I'll stay here and rest. Su Wanwan shook her head and forced herself to be alert. I'm fine. I'll sleep tonight and forget about those annoying things. I'll go with you tomorrow.

"I didn't ask you to come here to work," Shen Ziwei said with a smile.

"Yes."

"I'm asking you to come here for a vacation and to relax,"

Su Wanwan blinked her eyes and a warm feeling welled up in her chest. brother Ziwei, thank you.

"Silly girl, have a good rest. Good night."

yes, brother Ziwei. Good night.

The next day.

Su Wanwan adjusted her state of mind and went out with Shen Ziwei to talk about cooperation. Rather than staying in the hotel alone and letting her imagination run wild, she might as well get back to work.

Director Jin was very hospitable. After the business discussion, he invited them to visit the Alps. It was the peak season for tourists, and many tourists were skiing on the mountain. It was very lively.

Director Jin was also a skiing enthusiast, so he invited them to go skiing with him.

She slid down smoothly from the mountain, facing the sun and breeze. The feeling of speed made su Wan's mind empty, as if she could really forget everything.

She snowed repeatedly, falling and getting up again. Even though it hurt, she was in a good mood.

After snowing for almost a day, su Wanwan was so tired that she gasped for breath when she returned to her room. She laid on the bed and rested for a while. After she calmed down, she got up and walked into the bathroom, ready to take a warm bath.

After turning on the hot water, she began to undress. Out of habit, she touched her neck first, only to find that the necklace with the ring on it was gone.
