The lobby manager let people search the entire resort, but he didn't find su Wan and also brought back bad news.

Shen Ziwei was so shocked that he jumped up from the sofa. what did you say? There's an avalanche on the mountain?"

yes, I just received news that there was an avalanche. But don't worry too much, Mr. Shen. The search team is already discussing countermeasures. They should be up the mountain very soon.

"Should be?"

Shen Ziwei repeated the word incredulously. it's not 'should', it's 'immediately'. Wanwan must be on the mountain. They must be going up the mountain to save her! Shen Ziwei roared the last few words.

As soon as he finished speaking, a black figure appeared beside him. The next second, Shen Ziwei's lapels were grabbed forcefully. The man who appeared in front of him glared at him with his black eyes and said in a horrified tone, " what did you say? " Where do you think Wanwan is now?"

Shen Ziwei looked into those black eyes in shock. PEI ... PEI Munian? "

"Let me ask you, where is Wanwan now?"

on the mountain, she's on the mountain now!

Before Shen Ziwei could finish his sentence, PEI Munian had already let go of him and ran out of the hotel. His actions were so Swift that the lobby manager could not stop him in time. He could only shout at his back in frustration, " Sir, come back quickly. It's dangerous, dangerous!

PEI Munian was on the next flight.

He didn't think of chasing su Wan back. There was even a moment when he felt that since he couldn't give su Wan what she wanted, then he should give up. But the moment he walked out of the airport, he felt that his whole world had collapsed and there was darkness in front of him.

When she came back to her senses, he was already on the plane.

But even if he chased her all the way here, he still didn't have the confidence to take that step. Last night, he stood on the balcony and stared at su Wan's room. He was in a daze for almost the entire night. It wasn't until she left the house in the morning that he went to catch up on some sleep.

Because of the time difference, he slept for a long time. When he woke up, it was already dark outside. He walked out of the balcony and subconsciously looked at su Wanwan's room, but found that the light in her room was not on.

He thought that she had not returned yet, so he ate something and watched TV in boredom while waiting for her in the room. However, as time passed, she still had not returned.

When he went to get a glass of water, he felt a sudden pain in his heart for some reason. He didn't hold the glass firmly in his hand and it fell to the ground. The glass shattered and flew everywhere.

At that moment, the news of the storm was being broadcasted on the TV.

He felt uneasy and uneasy. He couldn't stay in the room any longer, so he left the room and planned to wait downstairs.

He didn't expect to hear Shen Ziwei say that su Wanwan was on the mountain the moment he walked into the hotel lobby!

PEI Munian ran all the way to the foot of the mountain in one breath. There were a few police officers on duty and had set up a few fences to indicate danger.

PEI Munian looked left and right. There was a snowmobile parked beside them. Without a word, he ran over, got into the car, started the engine, and rushed up the mountain.

The police officers were shocked. They quickly waved the sticks in their hands and whistled to warn him, " stop! You can't go up the mountain now. It's very dangerous up there! Quickly stop!"

PEI Munian seemed to have not heard anything as she stepped on the accelerator and drove towards the fence!
