PEI Munian's lips curled up, as if she found her father's words funny. However, he quickly restrained his smile and looked down at the woman in his arms. Then, he raised his eyes and looked straight at father PEI. Without hesitation, he said firmly, "dad, the only person I can't give up on is su Wanwan.

The only one who can't give up is su Wanwan.

Su Wanwan looked at the man above her head in a daze. Even if it was inappropriate to be happy at this moment, she still couldn't help but raise the corners of her lips, her eyes full of infatuation.

The PEI family was huge, with huge wealth and unimaginable power. He had chosen her without thinking.

Not every man had such courage. She was also born into a rich family and knew the temptation of wealth and power. For a proud Son of Heaven like PEI Munian, he knew very well what kind of terrible situation she would face if she lost her wealth and power.

"Good, good, good,"

Father PEI said 'good' three times in a row, as if he was very angry. He nodded at PEI Munian and said coldly, "If that's the case, then you can leave, as long as you don't regret it."

Without another word, PEI Munian carried su Wanwan and left.

Su Wanwan only came back to her senses when she was placed in the front passenger seat of the car. She blinked her big eyes and still couldn't believe what had happened just now. She looked at PEI Munian in a daze and said in a somewhat illusionary tone, "niannian, did you really give up the inheritance of the PEI family for me?" Am I dreaming?"

PEI Munian was leaning over to help her fasten her seat belt. When she heard this, she reached out and pinched her cheek hard.

Su Wanwan was in pain. She stared with her big round eyes and quickly covered her cheek. niannian, why did you pinch me?"

PEI Munian fastened her seat belt first but did not sit back down immediately. Instead, she placed a hand on her cheek and stared at her with her dark eyes. does it feel real now?"

Sense of realism

Su Wanwan subconsciously nodded and then shook her head. it still feels so unreal. This kind of plot will only appear in TV dramas.

then, you should enjoy the feeling of being the female lead in a TV series. PEI Munian rubbed su Wanwan's head, sat up straight, and started the engine.

Su Wanwan pulled out from that dream-like feeling and a touch of worry appeared between her eyebrows. She looked sideways at the door and said, "Niannian, are we really going to leave like this? Why don't we go in and apologize to mom and dad and explain it to them?"

PEI Munian glanced at her from the corner of her eyes and teased, "are you worried that I'll lose the right to inherit?"

"What!"

Naturally, she was not worried about the right of inheritance. She knew that PEI Munian loved his parents very much. He must not feel good about making his parents fall out like this because of her. However, she also knew that PEI Munian's attitude was so tough because she did not want her to be wronged. If he compromised, she would definitely be embarrassed.

As she thought about it, su Wanwan's heart was filled with waves of warmth, almost drowning her whole body. She leaned over, put her arms around PEI Munian's neck, and kissed his lips with her red lips. She said softly, "Niannian, thank you. Don't worry, I'll take care of you."

The woman's soft voice rang in his ears, and each word slipped into his ears, knocking heavily on his heart.

She would take care of him.

It was a few simple words, but it could bring endless happiness to people.
