### 861 A sweet outing (1)

A man and a woman traveling alone was indeed a good way to promote the development of a relationship. After all, when going out to play, the two people would always be stuck together and would stay in the same room at night. Some things went without saying between an adult man and woman.

It was a good suggestion, but Yu Jianguang thought that it might be a little awkward for her to go on a trip with Dr. Xu because they were not that close.

"I'll think about it, Yingluo."

How could su Wanwan not see what Yu Jia was conflicted about? if she retreated, she might shrink back into her shell.

Su Wanwan thought for a moment and said, "if you feel uncomfortable traveling alone with Dr. Xu, how about this? Wanwan, niannian and I are going to the Maldives for our honeymoon in a few days. You and Dr. Xu Can go with us. It won't be so awkward with more people.

Yu Jia didn't know whether to laugh or cry. Wanwan, I don't want to be a third wheel between you and PEI Munian. If I disturb you, your young master PEI will probably kill me.

"What are you thinking? I won't let you be our third wheel. When we get there, you can have your fun and I'll have mine. We don't have to stick together, so there won't be any effects."

Yu Jia still hesitated, but su Wanwan said, "Don't think about it. It's the National Day holiday in a few days. You and Dr. Xu should be on vacation, right? Don't miss such a good opportunity."

As su Wanwan spoke, her eyes glanced at Yu Jia's phone on the table. While Yu Jia didn't care, she picked it up and dialed Dr. Xu's phone at lightning speed. As soon as the call was connected, a Hello came from the other side and su Wanwan quickly put the phone to Yu Jia's ear.

She mouthed to Yu Jia, "Hurry up and tell me."

".....?"

Yu Jia couldn't help but glare at su Wanwan, but doctor Xu was already asking in a strange tone, "Jiajia? Hello? Are you there?"

Yu Jia took a deep breath and coughed. hey, Feng, are you free? "

After about three minutes, Yu Jia hung up the phone. Su Wanwan hurriedly asked, "How is it? Did he agree to it?"

"Yes, he agreed."

"That's great!"

Seeing su Wanwan so excited, Yu Jia couldn't help but sigh. do married women can't bear to see others single? "When did you become a matchmaker?"

“Tsk, I did it for you. If it was someone else’s business, I wouldn’t care.”

Su Wanwan raised her eyes and looked at the clock on the wall. It was almost half past five. She smiled and said, “Yu Jia, you’re not working overtime today, are you? Let’s have dinner together, and then we’ll go shopping.”

“Why did you buy clothes out of the blue?”

“Of course you have to wear new clothes when you’re traveling. Yingluo, you really need a new set of pajamas and underwear. You can’t sleep in the same room as Dr. Xu and still wear your conservative sleepiness, can you? Then how are you going to pounce on doctor Xu?”

“.....?”

The time was just 5:30 pm. Su Wanwan couldn’t wait to stand up and pull Yu Jia. let’s go, let’s go. I’ve abandoned niannian to accompany you today. You have to appreciate it.

Yu Jia smiled helplessly and was dragged up by su Wanwan. After she took off her doctor’s robe, she carried her bag and walked out with su Wanwan.

Three days later.

PEI Munian held su Wanwan’s waist with one hand and dragged her suitcase with the other. They walked into the airport. Su Wanwan saw Yu Jia standing under the Billboard from afar.
