PEI Munian was caught off guard and got splashed. The water wet his hair and cheeks. Su Wanwan smiled until her eyes curved. He bullied her just now!

PEI Munian was stunned. After she reacted, she smiled and said, "Wanwan, you dare to splash me, huh?"

"Yes, I'll splash it on you!" Su Wanwan raised her chin provocatively and made a face at him. Her hands didn't stop and continued to pour water at him.

PEI Munian dodged reflexively, and the water wet his clothes. PEI Munian frowned slightly. "You're still pushing it?" "Alright, I'll play with you!"

PEI Munian immediately bent down, put her hands into the water, and splashed it at su Wanwan.

"Ah ..."

The water splashed on her neck and a chill invaded her. Su Wanwan exclaimed and dodged while attacking, "Niannian, I won't lose to you. Take this!"

Su Wanwan used the cover of the splashing of water and when PEI Munian dodged sideways, she quickly slipped behind PEI Munian, hugged his waist, and then threw him into the sea.

At the same time as PEI Munian's body fell, his hand unceremoniously grabbed su Wanwan's arm. The two of them fell into the sea together, causing a splash.

"Niannian, you're cheating!" Su Wanwan complained.

"You used it first, I'm giving you a taste of your own medicine,"

Su Wanwan climbed up from the sea and sat on PEI Munian without a word. She clenched her fist and hit his chest. "I'm cheating. Are you going to give it to me or not?"

"Yes, here. You can use the Pixiu however you want."

Before she could finish her words, PEI Munian had already turned over and pressed su Wanwan back into the sea. Her thin lips came close to her ear and her voice was low and sexy. "I'll continue to return the favor to her."

"PEI Munian!"

Su Wanwan shouted. She pushed PEI Munian away and got up. Then, she wrapped her hands and feet around his back. "I'll see how you can shake me off this time!"

PEI Munian stood up and spun a few rounds in her eyes, making su Wanwan dizzy. She could only hold PEI Munian's neck more tightly. His happy smile rippled in her ear. PEI Munian turned her face and her thin lips kissed su Wan's face.

After playing around for a while, the two of them returned to the beach, panting. PEI Munian directly lay down on the beach and su Wanwan also laid down. She pulled his long arm over and placed it under her head, quietly snuggling up to him.

Between heaven and earth, everything seemed to gradually go away. The noisy life also gradually disappeared, and they were the only ones left in the world.

Su Wanwan closed her eyes and rubbed her head against his chest. She smiled. niannian, how good would it be if time could stop at this moment? ”

“Why should we stop?” The man’s voice was extremely pleasant to the ear, and when he spoke, his chest heaved up and down.

because we’re very happy. I hope that our happiness can stop at this moment.

“Silly!”

PEI Munian propped her body up and covered her with her hand. Her large palm caressed her cheek as she laughed hoarsely. from now on, we will be happier every second, so time can’t stop.

Would he be happier every second?

What a beautiful promise, Yingluo.

Su Wanwan’s lips curved. She wrapped her arms around PEI Munian’s neck, pulled him down, closed her eyes, and kissed his lips.

A gentleness floated from the bottom of PEI Munian’s eyes. He opened his lips and welcomed su Wan’s kiss. Then, he turned the guest into the host and passionately intertwined with her.
