While su Wanwan was confused, PEI Munian's finger picked up a grain of rice from her lips and presented it to su Wanwan, teasing, " "You used to eat in front of me as ladylike as you could be, but now? Tsk, tsk, tsk, tsk, tsk, you don't have any image at all."

".....?"

Su Wanwan was stunned at first, then her cheeks blushed and she argued, " "Yingluo didn't mean to."

However, after explaining, she became angry from embarrassment. so, niannian, are you despising me?  
"

How long has it been? He actually despised her? As expected, men always liked the new and hated the old!

Su Wanwan thought about it and couldn't help but say angrily: Hmph, you men are all like this. You won't cherish what you have, so I've decided to extend your trial period. From tonight on, you can sleep on the floor. You're not allowed to get on my bed!

Wanwan, I haven't even finished speaking yet. Aren't you being too rash as a judge by sentencing me so quickly? " PEI Munian's slender fingers gently pinched her small chin and laughed. I don't dare to despise you. No matter what you are, as long as you are su Wan, you are my most beloved.

"Tsk, all you know is how to sweet talk. I don't believe you." Although she said this, su Wan's lips couldn't help but curve up.

"Oh? If you don't believe me, then what can I do to make you believe me?" PEI Munian paused and lowered her voice. Her ambiguous voice slowly entered su Wanwan's ears. do you want me to prove it with my actions? For example, Yingluo kneeled under your skirt and called you Her Majesty?"

Su Wanwan was drinking a mouthful of fruit juice. When she heard his words, she almost spat out the mouthful of fruit juice. She swallowed it in a daze and choked on it, making her cough.

cough, cough, cough, cough. How many times was he going to play this joke?

"Are you alright?" PEI Munian hurriedly got up and sat beside her. She reached out and patted her back, helping her to relax.

After su Wanwan recovered, she unceremoniously punched PEI Munian a few times and threatened fiercely, " PEI Munian, from now on, I want you to delete this sentence from your mind. You're not allowed to mention it again!

PEI Munian looked at her red cheeks, pink cheeks, bright red lips, and widened eyes that were filled with fire. Even the sun outside was not as dazzling as her. PEI Munian could not help but lower her head and kiss her red lips.

"Yes, my queen."

"You're still talking! Oh, oh, oh, oh."

However, su Wanwan's protest was completely swallowed by PEI Munian's kiss. She struggled slightly for a while and finally indulged in his kiss. Her body softened and she snuggled in his arms, letting him take her.

After dinner, PEI Munian and su Wanwan held hands and went for a walk by the sea. They carried their shoes and let the sea water flow over their feet. The sea water was not as cool as it was in the morning. It was warm and very comfortable.

Su Wanwan took out her phone and kept taking selfies. She also forced PEI Munian to accompany her in all kinds of cute poses. PEI Munian expressionlessly let her play with her for a while. In the end, she really couldn't bear the fact that her image was ruined. She snatched su Wanwan's phone and ran quickly, making su Wanwan so angry that she chased after her. niannian, if you dare to delete my photos, I'll take your naked photos and post them on Weibo tonight!

As he spoke, PEI Munian stumbled and almost fell.

Su Wanwan caught up from behind and directly pounced on him. hand over the phone!
