

## Deeply 913

913 Do you want me?(3)

Su Wanwan played with PEI Munian for a while and fatigue gradually overwhelmed her. PEI Munian hugged her and watched her eyelids fall. He couldn't help but smile and say, "If you're tired, go back to your room and rest."

"Yes." Su Wanwan gently nodded and said: "but I don't want to go."

PEI Munian smiled and stopped in front of Su Wanwan. She patted his shoulder with her big palm. come on, get on. I'll carry you.

Su Wanwan immediately bloomed into a smile and lay on PEI Munian's back.

PEI Munian got up slowly and hugged her tightly. He lifted his feet and walked out of the beach, leaving a trail of footprints.

Su Wanwan's head rested on PEI Munian's shoulder and her hands wrapped around his neck. She tilted her head and looked at his handsome side profile. Her heart was filled with warmth. niannian, I suddenly remembered the time when we were on the mountain. You also carried me like this.

"Yes."

"At that time, if you didn't come to save me, I'm sure I can only watch you from heaven now,"

"Silly!"

His low voice had a lingering meaning. Su Wanwan quite liked the nickname he called her. It was so gentle and so doting.

Su Wanwan lowered her head. I'm stupid. If I wasn't stupid, how could I have chased after you for so many years? but I'm a fool and I'm blessed, so I finally caught up with you.

"Yes, indeed, fools have their own fortune."

tsk, I can say that I'm stupid, but you can't. You have to admit that I, your wife, am a beautiful, smart, generous, and decent woman!

This woman's self-deprecation would never last for three seconds.

"Wanwan, how's your face? Hurry up and look at the ground, see if you can find it!"

"I don't care, you have to say it, quickly!" Su Wanwan's hand grabbed PEI Munian's ear and pretended to threaten her, "If you don't speak, I'll twist off your ears!"

PEI Munian smiled and raised her eyebrows. Wanwan, you're so fierce. Are you really that beautiful, smart, generous, and decent woman? I'm not willing to speak against my conscience!"

"PEI Munian!" Su Wanwan gritted her teeth and twisted his ear hard. are you going to say it? are you going to say it? "

"I will never bow to evil!"

you dare to call me an evil force? put me down and I'll beat you to death!

After returning to the room, su Wanwan didn't want to sleep. She pulled PEI Munian out of the balcony and looked at the beautiful scenery. She smiled and said, "The sun will set in two hours. Niannian, let's wait for the sun to set, okay? I want to see the sunset."

"Yes."

PEI Munian looked at the reclining chair behind him and walked over to sit down. He patted the seat beside him and said, "Aren't you tired? Don't stand, just lie down here."

Su Wanwan nodded and walked over. She pulled PEI Munian to lie down with her. She leaned into his arms, her head resting on his chest, and quietly looked at the picturesque scenery in front of her.

The two of them did not speak. They just hugged each other and snuggled together, accompanied by the beautiful scenery. It only made people feel that time was incomparably peaceful, and endless happiness surged in their hearts. It was boiling and hot.

Sleepiness gradually invaded her. Su Wanwan blinked her eyes, wanting to stay awake. PEI Munian patted her shoulder and said softly, "Go to sleep. I'll wake you up later."

"Alright!"

PEI Munian kissed su Wanwan's lips. She slowly closed her eyes with a smile on her lips and fell asleep.

PEI Munian's hand gently caressed her cheek and then landed on the necklace around her neck.
