

Deeply 922

922 Do you want me?(12)

For so many years, he had been busy with work and had neglected his lifelong event. He had had a few girlfriends before, but because he was too busy with work, he couldn't keep them company. In the end, they all broke up. He was too lazy to torment himself, so he simply stopped looking for girlfriends to avoid hurting them.

It was only when his family urged him to get married that he suddenly realized that he had been single for a long time. It was time for him to consider the problem of a girlfriend.

Of course, he wasn't in a hurry because he didn't want to make do with it. He didn't want to get married just because he wanted to. He would get married, but he wanted to find a woman he liked before getting married.

Yu Jia fell into his arms and broke into his world without warning.

He looked at the woman in his arms. Her face was not very beautiful, but it was delicate and pleasant. It was not stunning at first glance, but it belonged to the type that was more and more pleasing to the eye.

At that time, his heart inexplicably moved, and his eyes subconsciously swept to the nameplate on her chest, which read: Gynecology, Yu Jia.

When he returned to his office, he sat in his chair. The image of her sleeping face kept appearing in his mind, and he mumbled her name unconsciously, " Yu Jia.

Another doctor in the same office heard him call Yu Jia's name. He turned to him and asked, " handsome Xu, how did you know that name? " Don't tell me our blind date fanatic has his eyes on you?"

"Yu University's blind date fanatic?" Dr. Xu asked.

"That's right, Dr. Yu is famous for being crazy about blind dates in our hospital. Other than working hours, if she's not on a blind date, then she's on the way to one. All the single male doctors in our hospital are afraid of her. They're afraid of being caught by her. You should be careful too. You're so handsome and come from a good family. You're definitely a big fat piece of meat in her eyes."

"Is that so?" Dr. Xu frowned. Thinking about Yu Jia, she didn't look so bad that all the men avoided her. "Is she that bad?"

of course, it's not that she's bad. Dr. Yu could give her at least seven points based on her appearance and ability. What a pity, Yingluo.

The doctor looked left and right. After making sure that no one was around, he lowered his voice and said to doctor Xu, " her family background is not good. She's from a small county. If she gets together with her, she will definitely burden her family in the future. This will directly pull her score down to below three points.

After all, marriage wasn't just a matter of two people, but also two families. Nowadays, people were realistic. When love met reality, it was extremely easy to break down. So, it was normal to choose people based on conditions.

However, these were never within the scope of his consideration. He only considered feelings.

He had a good impression of Jia, so he had done some research on her and asked someone to be a matchmaker. That was how they had the blind date.

However, ever since they started dating, everything had been going according to plan. He could feel that Yu Jia hadn't fallen in love with him yet. Her heart wasn't with him yet, so he didn't want to get close to her or force her until she invited him to go on a trip with her.

That was the first step to opening up his heart, and with this hug, the lake in Dr. Xu's heart rippled. He raised his hands and hugged Yu Jia back.

Gong Lingyu stared fixedly at the embracing figures not far away. His heart felt as if it had been stabbed by something, and it hurt so much that his face turned pale.
