Yu Jia looked at Dr. Xu expectantly, but he only smiled and patted her head. "Jiajia, you go to sleep first. Don't wait for me."

".....?"

The corners of Gong Lingyu's lips could not help but curve up as he replied lazily, " yes, yes. We don't know how long we'll drink, but don't worry. I'll take good care of doctor Xu.

Yu Jia's Black eyes glared at Gong Lingyu fiercely. If looks could kill, he would have died many times over.

Gong Lingyu shrugged his shoulders indifferently. Goodnight, Yu Jia.

".....?"

When su Wanwan regained consciousness, the sky outside the window was already bright. The bright sunlight scattered in and covered the ground in gold, warming the whole room.

Her body twitched unconsciously, and then she felt a sudden pain. It was so painful that she frowned. She opened her eyes and looked around the room in a daze. Her eyes gradually became clear, and the crazy memories of last night rushed into her mind. With the pain all over her body, especially the burning pain in her lower body, her cheeks quickly flushed, and her hands could not help but cover her cheeks.

She had never thought that she would allow PEI Munian to manipulate her as she pleased, pushing her to the peak again and again. Even if it was just a thought in her mind at this moment, her body could not help but heat up again.

Su Wanwan's hands quickly fanned her cheeks to disperse the heat. It was all PEI Munian's fault for leading her astray.

But yesterday, he had been too cruel to her. She had even cried and begged for mercy in the end, but he still didn't let her go. Now, she felt as if she had been run over by a big truck. She had no strength at all, and she was in great pain.

Her hand subconsciously reached to the side, wanting to pinch PEI Munian, but the seat beside her was empty.

Su Wanwan turned her face to the side and looked around. Her eyes turned and looked around the room, but she didn't see PEI Munian's figure. She frowned slightly and a trace of doubt flashed in her eyes.

Where did PEI Munian go?

He had worked so hard yesterday, so how could he still get up so early today? As for her, it was as if she had lost half of her life. It was simply unfair.

Su Wanwan rested on the bed for a while. She hugged the quilt and sat up. She lifted the quilt and got out of bed. However, when her feet landed on the ground, she had just stood up when she fell down weakly.

Just as she was about to make intimate contact with the ground, the sound of hurried footsteps came to her ears. The next second, su Wanwan's slender waist was clasped and then she was brought into a familiar and warm embrace by a force.

The man held su Wanwan in front of him. After stabilizing her body, he said softly, "Are you alright?"

Su Wanwan raised her eyes. The man in front of her was in high spirits, his brows were dancing, and the satisfied expression between his brows was clear at a glance. And through his eyes, the reflection of her appearance was simply a world of difference from his.

Looking at him like this, su Wanwan was furious. She gritted her teeth and unceremoniously opened her mouth and bit PEI Munian's neck again.

PEI Munian was taken aback and a look of surprise flashed across her eyes. She then smiled. I won't resist. You can bite me!

"Bastard!"

Su Wanwan didn't have any strength at all and biting him didn't hurt or itch. She opened her mouth angrily, "within a month, don't even think about getting on my bed!"

"Oh?"

PEI Munian raised her eyebrows, her black eyes narrowed, and the light at the bottom of her eyes surged. Her thin lips slowly moved to su Wanwan's ear and she said word by word.
