

## Deeply 94

Chapter 94 What do you take me for (14)

Su Wanwan's Black pupils suddenly contracted. She unconsciously shook her head and opened her mouth to explain, but PEI Munian's five fingers suddenly strangled her neck.

He looked as if he had just walked out of hell. His eyes were burning with anger, and his voice was deep and cold as he spoke into her ears.

"It's a pity, su Wanwan. You typed the wrong keyboard. Gong Lingyu has no money. All his money is with his parents. Even if you sleep with him a thousand or ten thousand times, he won't give you a single cent!"

but maybe I misunderstood. You really love Gong Lingyu. You don't want money, but you can also pay for it. Su Wanwan, how can you be so cheap!!

"Pa-"

A crisp sound rang out in the bathroom, and the entire space fell completely silent.

Su Wanwan looked at her hand that was frozen in mid-air and was stunned for a few seconds before she reacted. She slapped PEI Munian!

Even if that so-called 'scheme' was just an accident, for the sake of the SU family and the SU family, she had indeed married PEI Munian through that accident, and PEI Munian had no choice but to marry her.

She had always felt guilty and uneasy, so she tried her best in front of him. She didn't make a fuss and was quiet and humble. In order to change his opinion of her, she worked so hard, worked so hard to write reports, worked so hard to find other companies to work with, and tried so hard not to talk about money and benefits with him.

However, everything she had done was becoming more and more unbearable in his eyes.

Yes, no matter what she did, it was impossible to change his opinion of her. It had been like this since three years ago. She had overestimated herself and was actually delusional!

Su Wanwan's eyes instantly turned red. She glared at him and spoke in a hoarse voice, " PEI Munian, is this the first day you know me? " Am I not such a person? I can use my body to make a deal with you, so why can't I use my body to make a deal with others? At the very least, Lingyu won't treat me like you!"

Su Wanwan knew that her words at this moment were simply adding fuel to the fire, but she really couldn't bear it anymore. She couldn't suppress it anymore. If she didn't vent it out, she would definitely go crazy.

Tears flowed uncontrollably from the corners of her eyes. Fortunately, her whole body was wet, and it was hard to tell if they were tears or water droplets. She could not hide it at all. Her lips curved, and she forced a smile.

Su Wanwan's last sentence was like a heavy hammer that hit PEI Munian's heart, breaking his heart into pieces.

He couldn't help but recall the past between her and Gong Lingyu. She said that she was sincere towards Gong Lingyu and cried so sadly when she broke up with him.

If it wasn't for him back then, she and Gong Lingyu would have been married by now and even very much in love, right?

What about him?

Three years ago, she was the one who provoked him first. She was the one who made him fall in love with her, but she just said she didn't want him. What right did she have to play with other people's feelings so casually? What right did he have to order him around?

PEI Munian's hand that was holding su Wanwan's neck trembled violently. If he didn't use all his strength to restrain himself, he would really strangle her to death. His chest heaved up and down violently. He stared at her with a gaze that was like a bone-piercing ice blade. He suddenly let out an extremely short laugh, then he pulled her out of the bathroom with force and threw her onto the big bed.
