At the end, she became agitated and accidentally pulled on her wound. Her face turned a little pale. Su Wanwan stepped forward worriedly. mom, are you okay? "

It just so happened that father PEI and PEI Munian walked into the ward at this time. Mother PEI's eyebrows furrowed and her face was stained with a painful expression. Her hand also pressed on her heart. She panted and said to su Wanwan: "How could you say something like that? Yingluo, are you trying to anger me to death? If I die, no one will object to you and mu Nian being together, right? Su Wanwan, I really didn't expect you to be so vicious!"

".....?" Su Wanwan was stunned. Her mind was blank and she couldn't understand what Mrs. PEI was saying.

She was just begging her to give her another chance. How did it become malicious?

Seeing this, Mr. PEI rushed forward and sat by the bed to help Mrs. PEI. He patted her chest to comfort her. Lihua, don't be so agitated. The doctor told you to rest.

As he said this, his sharp eyes shot at her and his voice was extremely gloomy. miss su, what did you say to Lihua? You knew that she was very weak, yet you still provoked her?"

"I didn't."

Su Wanwan hurriedly shook her head and explained, " I'm just telling Mom that mu Nian and I are truly in love. I hope mom can give me another chance. I'm Qian Qian.

"Ha."

After Mrs. PEI caught her breath, she snorted coldly and interrupted her. now that Munian is back, you can speak so nicely. Do you usually lie to Munian like this? "

"Mom, you're here."

She had only said that one sentence and had not said anything malicious to her.

PEI Munian walked over from behind and held her hand. She then looked at Mrs. PEI with her dark eyes and said, " mother, have a good rest. We'll be leaving first. I'll come to see you again tonight.

okay, I hope I don't see her again at night, if you want your mother to live a few more years.

PEI Munian didn't say anything more. She held su Wanwan's hand and turned to walk out. Su Wanwan let him drag her out of the room in a daze before she spoke up, " Munian, I really didn't say anything overboard to mom.

PEI Munian's footsteps did not stop. She only said indifferently, " Wanwan, don't come to the hospital for a while.

The words slowly entered her ears. Su Wanwan stared at her in disbelief and her footsteps suddenly stopped. She stared at PEI Munian's side profile in shock and her voice trembled a little. niannian Qian Qian Qian, you Qian Qian, don't you believe me? "

Did he also think that she had said vicious words to Mrs. PEI and was deliberately provoking her, so he stopped her from coming to the hospital to visit Mrs. PEI?

PEI Munian stopped in her tracks and turned around. His dark eyes fell on her aggrieved and sad face. He sighed softly and placed his large palm on her head. "Silly girl, how could I not believe you?"

"Then, Zhenzhen."

"I just don't want you to suffer any more grievances."

PEI Munian continued, her voice gentle and slightly reproachful. I told you not to let your thoughts run wild. Why are you still like this? "

Su Wanwan looked at him in a daze.

Wanwan, dad and mom have a very deep grudge against you now. I don't want you to see their cold faces every time. You don't have to worry about mom's health. There are top doctors and nurses looking after her. She'll be fine. I'll be very busy for a while. Dad has to take care of mom and I have to take over the company again. I can't take care of you all the time. You have to take good care of yourself, understand? "
