Chapter 98 Deadlock (4)

However, this thought only appeared in su Wan's mind for a moment and disappeared without a trace. Where did Qianqian have the right to make her own decisions?

Su Wanwan resigned to her fate and changed her shoes before walking in.

Aunt Wu came out of the kitchen and saw su Wanwan. She smiled and said, "Young Madam, you're back. Dinner is ready, would you like to have it now?"

Su Wanwan actually didn't have much of an appetite. It was just that when PEI Munian was at home, she always habitually hid her true self. She nodded her head lightly. okay.

Su Wanwan returned to her room and changed into her home clothes. When she went downstairs, aunt Wu was setting up the bowls and chopsticks.

Su Wanwan walked over, pulled out a chair and sat down.

After aunt Wu placed the last set of dishes, she was about to go upstairs to call PEI Munian for dinner, but she inadvertently glanced at su Wanwan and suddenly thought of something. She stopped and continued to say to su Wanwan, "young Madam, I'm still busy with something. Can you help me go upstairs and call young master for dinner?"

These days, the master and the young Madam had been cold to each other, and aunt Wu had been looking for an opportunity to improve their relationship. After all, they were husband and wife, and they had to spend a lifetime together. They couldn't always be like this.

Su Wanwan was stunned for a moment. Her beautiful eyebrows couldn't help but furrow, and a trace of resistance slipped through the bottom of her eyes.

She was trying to hide from PEI Munian now, so how could she appear in front of him of her own accord? otherwise, she might accidentally step on his landmine again.

Su Wanwan bit her lower lip and still refused, "aunt Wu, it's better if you go and take a walk.

Before she could finish, a cold voice came from the stairs. no need, I'm going back to the company.

Su Wanwan was shocked and subconsciously raised her head. She didn't know when PEI Munian had come downstairs and was standing not far away. His handsome face was tense, his face was gloomy, and his whole body was shrouded in his usual coldness.

Su Wanwan unconsciously lowered her eyes and didn't dare to look at him.

PEI Munian's Black eyes swept over su Wan without leaving a trace. Her face became more and more dark. His thin lips were tightly pursed and then he opened his mouth. He seemed to want to say something, but in the end, he didn't say anything and left with big strides.

Auntie Wu looked at her young master's angry back and then at young Madam, who was almost hanging her head on the table. She couldn't help but sigh. young Madam, how long are you going to be angry with young master?"

Was he angry?

How good would it be if she could get angry at PEI Munian? it would be like in the past when she did not have to hide her emotions in front of him. She could be happy or angry if she wanted to. If she liked it, she liked it. If she hated it, she hated it.

At that time, no matter what she did, he would not be angry. Even if he called her shameless or shameless, it was a sweet reprimand.

But now, he hated her from the bottom of his heart.

No, how could she have forgotten? he didn't start to hate her now, but three years ago, or perhaps even longer. Before She Knew Him, he had already hated her.

He hated her so much that he was willing to put down his status and act out that love scene with her.

She was the one who was foolish and thought that she could really conquer this proud Son of Heaven. She was even smug and thought that he had really fallen in love with her.

Little did he know that his gentleness was like poisonous arsenic, enough to kill.

PEI Munian came out of the villa and got into the car. She stepped on the accelerator and the car sped away.
