981 My responsibility is to get married (7)

When su Wanwan's probationary Zhiwei looked over, she subconsciously wanted to avoid her. She knew that she was not suitable to appear in front of Xi Zhiwei, but she didn't expect her eyes to be so sharp and directly recognize her.

Su Wanwan could only stand there, but she still did what she promised PEI Munian. She watched quietly and didn't speak. She believed that PEI Munian would handle it well. She couldn't add to the mess.

I didn't say a word to Wanwan about your matter. I kept my promise.

PEI Munian spoke unhurriedly, not a hint of guilt on her handsome face. He had already let her down in the past, so he did not want her to owe him any more. That was why he did not reveal anything about her.

However, he also couldn't watch su Wan be sad and indifferent, so he didn't say it, but he could bring her over and let her judge the situation by herself.

"What's the difference between you bringing her here to see me make a fool of myself and you telling her directly?"

Xi Zhiwei thought that his words were heart-piercing enough, but she did not know that his actions were even more heart-piercing. Did he not know how selfish he was? Because he loved a person deeply, he was too selfish to others. He gave everything to su Wanwan. Even if it was just a little bit, he was not willing to share it with her.

Xi Zhiwei's eyes were wet with tears as her resentful gaze turned dark and resentful. alright, since she's here, let's make things clear in front of her. Brother mu Nian, I'm in this state because of you. If you can't take responsibility for me, then I don't want to live anymore. I'm dead and everything is over. I won't bother you anymore.

as long as you have a conscience and you can live up to my brother and me, you don't have to care about me. Just take your su Wanwan and leave!

As Xi Zhiwei spoke, her black eyes sharply looked at su Wanwan. Hatred surged and rolled in the bottom of her eyes. Her eyes were like sharp knives, ruthlessly stabbing at su Wanwan. Then, she said word by word, " the responsibility I want is for you to divorce su Wanwan and marry me!

if you don't agree, I'll jump down from here. Anyway, my brother has already committed suicide for su Wanwan. I'll commit suicide for you. It's also considered as fulfilling your love life, right? "

The more he spoke, the crazier he became. It was as if he had fallen into a state of madness, which was extremely terrifying.

Su Wanwan didn't expect Xi Zhiwei to be so shameless. She used her life to threaten others and used her kindness to suppress others. She was simply unreasonable!

Su Wanwan's Red lips were tightly pursed and her hands that were pounding on both sides of her body were clenched tightly. If she wasn't afraid of agitating her, she really wanted to slap her twice and wake her up.

She was probably the only one who could be a mistress without going offline like her.

PEI Munian looked at Xi Zhiwei in silence and did not speak for a long time.

Xi Zhiwei's eyes were filled with joy. She knew that her threat had worked. He still cared about her life. No matter what the reason was, it was enough as long as he cared.

She might be unscrupulous, but who cared about the process? As long as it's the result she wants, it's fine. Moreover, compared to using unscrupulous means, she can't compare to su Wanwan. Didn't he also fall in love with su Wanwan in the end?

As long as PEI Munian was by her side, he would definitely love her.

The more Xi Zhiwei thought about it, the more proud she became. Her black eyes unconsciously lit up and she continued, brother mu Nian, you choose me or su Wanwan!
