996 You want to fight a bloody battle?(4)

The two of them were in a deadlock for a while. PEI Munian was the first to give in. His hand held su Wanwan's hand, his other hand wrapped around her waist, and he pulled her in front of him.

The man's low voice rang in her ear, with a lot of helplessness. I'm sorry.

He wasn't angry at her, but at himself. He was angry that he couldn't stop his parents from giving su Wan a cold face and embarrassment. Every time he let her hear his mother's ridicule, he felt extremely uncomfortable in his heart.

The person he loved the most hurt his beloved one. She hurt her body and hurt his heart.

Su Wanwan snuggled up in front of PEI Munian, her face pressed against his chest. She smiled slightly, her hands wrapped around his waist, and slowly shook her head. why are you saying sorry to me? I know you did it for me. Actually, no matter how dad and mom treat me, it's enough that you're always standing by my side.

She and PEI Munian lived their lives together. Even if father and mother PEI opposed it, they had to be happy together. She believed that time could change everything.

"Niannian, take it slow. Dad and mom used to like me. I believe that if I work hard, they will accept me again. You were even more cruel to me than they were before, but didn't I manage to get you back into my hands?"

Su Wanwan said and even playfully blinked at him.

For a moment, PEI Munian did not know whether to be angry or to laugh. This woman was sometimes so arrogant and confident. She was like this when she was pursuing him, and she was still like this now. He had the aura that he wouldn't turn back even if he crashed into a wall. However, it was also easy to get injured.

"You."

PEI Munian sighed and looked at the house behind her. anyway, don't come to see my parents alone, at least not for the time being. Mother needs to rest well, so that she won't use it as an excuse to say that you're deliberately angering her.

"Okay, I got it."

After a pause, PEI Munian spoke again in a low voice with a hint of flirtatiousness. since we can't go head to head with them, we have to learn how to save the country in a roundabout way.

"Curved lines?"

His thin lips moved closer to su Wanwan's ear. PEI Munian's voice rang in her ear, pausing after each word. that is, Yingluo, let's have a child as soon as possible. You can't break through the mother's heart, but the child can definitely.

Mrs. PEI had wanted to have a grandson for so many years. She had two chances to have a grandson, but she had lost them both. Now, she was looking forward to it so much that her neck was long.

If she had a child, she would be able to slowly regain her heart.

“So, the direction you have to work towards is me, not them.”

“.....?”

Su Wanwan’s cheeks quickly flushed red and she glared at him reproachfully. How could this man always say that kind of thing as a matter of course?

Su Wanwan was ashamed and angry, “big pervert–

“Well, in that case, go home with this big pervert and make-baby.”

PEI Munian stole a kiss on su Wanwan’s cheek, then hugged her and brought her to his car. After protecting her in the car, he fastened the seat belt for her. Then, he returned to the driver’s seat, started the engine, stepped on the accelerator, and the car slowly drove out of the old house.

After driving for a while, su Wan suddenly remembered, “ ah, my car, my car is still at the old house.

PEI Munian glanced at her and smiled. “It’s fine. I’ll get someone to drive it back for you later.”

“Alright, I’ll give you my car keys!” Su Wanwan opened her bag and put the car key in the compartment under the hand cover.
