

Desert Heat Chapter 12 - Tips

{Sin's P.O.V.}

Finally seeing Allie get out of the hospital and go back to her room with Dorian made my heart flutter. Over a month ago, some fvcker in this house decided to beat her. The most fvckingd up part is that we still have no idea who it is. All of us put that thought aside and went our separate way for the rest of the day. Since Allie was awake and well, I figured I would celebrate with Mikey.

Mikey was in the shower, so I decided to plan a surprise for him. I str!pped down to nothing and got on the bed. I heard him shut off the water and adjusted myself, so I was on my knees slightly spread apart and my hands on my h!ps. Everything would be seen, and I knew Mikey would love this.

"Honey, you are awfully quiet...Oh fvck," he said as his eyes lay upon my n.aked body on our bed.

"Hi," I say and shoot him a seductive smile. I see him swallow and his Adam's apple move. I wanted to s.uuck and l!ck that so badly.

"Honey,"

"Drop the towel, and come here Mikey," I respond. He drops the towel immediately and he is at full attention. Mikey's d!ck was the biggest I had ever had in my life. Maybe it was the werewolf, but it was nine or ten inches long and super thick. The first time we had se.x, I actually remember bleeding just because it was so big. I wasn't even a virgin, so that kind of gives an idea of how long and thick it is. This man was blessed, and I get to call him mine

"Sin," he said as he put his hands on my h!ps and brought me close to him.

"I want you to give me rough, tough, and mind-blowing se.x," I whisper in his ear. I feel his d!ck twitch as the tip pokes my belly b.utton. He lays me down slowly while his hands move up and cup my b.reasts. He massages them while k!ssing my stomach. Mikey has a fetish for my belly b.utton, so he always l!cks it as he k!sses me everywhere. I don't mind though; it turns me on because he does it in a way that sends sparks all throughout my body.

He gets on his knees and pulls me from my h!ps to the edge of the bed. By now, I can feel the pool of hot liquid leaking from my v.aginal l!ps. Mikey uses his fingers to spread them and does one long l!ck from the bottom to the top of

my slit. That one lick alone made me arch my back. Mikey was talented when it came to his tongue. He sucked on my clit and inserted two fingers and hooked up them upwards so he could push on my g-spot every time he pulled out. Mikey sat up on the bed but kept his fingers in me and moved them so fast.

“fvck baby! More!” I moan

“c.um for me Sin,” he whispers and added a third finger moving his palm upward and using his thumb to rub my clit.

“fvck me!” I yell and arch my back. I was so close, so fvcking*g close, but then he stopped. I gasp and look up at him. He smiles. He flips me on my stomach, pulls my hips upward so my a.ss is angled up, and enters me from behind. I scream at the sudden entry, but it felt fvcking*g amazing. Mikey grabbed my hips and started pounding into me like he has never done before. I asked for hard and rough and he was giving it to me.

I moan and scream into the bed from the sheer pleasure he was giving me. I feel his balls slapping against my skin, so I reach under and start to massage them. He hisses and bends over on top of me. He reaches under cupping my breasts and uses only his hips to continuously thrust back and forth. The angle in which he was entering me was hitting my cervix in ways I had never felt from him. We normally did missionary or reverse cowgirl but this was something new.

“More! Mikey fvck me just like that! I’m going to c.um!” I was seriously about to explode

“c.um for me Sin! I want to feel it on this dick!” He goes faster and with a few more thrusts, I feel a wave of euphoria take over. Mikey pulls me up and holds me from behind as he keeps thrusting. My orgasm still had not subsided and he wanted to give me another. I reach behind me and hold onto his neck while one of his arms hold onto me and this other hand finds my clit. He starts to rub, pinch, and pull on my bud while still pounding into me from behind.

“Yes! Yes!” I felt another orgasm coming on, and then Mikey pinched my clit and twisted it making me c.um again even harder. I felt my body starting to shake. He was still thrusting while keeping a firm hold on my bud. My orgasm would barely die down before he started going again. I could get used to this.

He pulls out and lays on his back. I immediately straddle him and position myself. I hold onto his c0ck and set myself down on it.

“Take it, take all of it,” he says to me. I sit all the way down and take every last inch. I spread my knees a little wider so I can get it even deeper inside of me. I clench on my v.aginal walls which earns a hiss from him. He holds onto my h!ps and I started to rotate in full circles and back and forth. I m0an because of how it good feels, and his gr0aning only encourages me. I move my h!ps faster and just start bouncing on him.

“I love this d!ck! I love how you fvck me, Mikey!” I shout as I put my hands on his c.hest to balance myself. He lifts his knees and matches my pace with hard thrusts upwards. Every time he did, I would squeeze and move in a circle.

“Sin, if you keep doing that, I am going to explode,” he grunts as he tries to keep himself from c.umming.

“Ahhh, oh my god ...Mmmm....Oh....fvck me!” I just wanted more.

“fvck Sin!”

“c.um for me Mikey!” and with those four words, Mikey growled, as he filled me with his sticky goodness and at the same time, I let go and my juices mixed with his. I fl!cked my h!ps while my org*asm took over. Mikey sat up and held me tight while pressing his head into my c.hest. Once we both come down from our high, Mikey falls back, and I slowly slide off of him laying down next to him. We are both hot and sweaty and the room smells like se.x.

“If you don’t fvck me like that all time from now on, we are going to have problems,” I say while catching my breath.

“Challenge accepted,”

{Dorian’s P.O.V.}

Once we get back to our room, I help Allie onto the bed. I bought a small staircase so she can easily get on the bed. Picking her up and throwing her on it was not going to be happening for a while.

“Stay here, I am going to draw you a hot bath okay?” she nods and sits on the edge of the bed. I run into the bathroom and get the water running, add some

lavender Epsom salt and bubble bath. I light a dozen candles around the bathtub and turn on soft music. I feel good about the setting and head back to the bedroom and find that Allie has fallen asleep in the ten minutes it took to get her bath ready.

“Hey, your bath is ready,” I tell her softly. She immediately opens her eyes and smiles. She sits up and slides off the edge of the bed while I keep her steady. I walk her to the bathroom and open the door.

“Ooh, fancy,” she says with a smile. “Is that lavender?”

“Yes. Sin told me you like bathe in lavender Epsom salt and bubble bath,”

“I do,” she walks into the bathroom and I follow. She reaches down to take off her shirt but stops midway. “Ummmm...” she starts to giggle. “I need help,” she says turning around to look at me.

“Come here,” she pulls her arms down from the sleeves since she is unable to lift her arms over her head just yet. She turns around and I lift the shirt over her head and she covers herself with her arms. I get down on my knees and help her with her pants and underwear. While I am doing this, I plant light kisses over her body and her hips. Once her panties are off, I lightly bite one of her a.ss cheeks and she gasps.

I walk her over to the tub and help her sit down trying to be respectful of the fact that she is n.aked. Once she situated, I put a small memory foam pillow behind her so she can rest her head.

“Thank you,” she says while inhaling the lavender scent. Immediately, she starts to relax and plays with the bubbles.

“How do you feel?” I ask her while softly rubbing her shoulders from behind her.

“Better,” she says softly and lets out a small moan to my massage. Her moan makes my dick twitch and I do my best to compose myself. She sits up a bit and readjusts her body. “Lower,” she says. I move my hands under her shoulder blades and she let out a loud moan.

“You’re really tense baby,” I tell her realizing how many knots she has in her shoulders and back.

“Laying in a hospital for a month will that to you,” she says. “Oh my god, yes,” she moans again. “You’re so good baby,” I smile and keep massaging her. “Oh, right there ... yes, that is...Oh oh oh my...Mmmmm,”

“Baby, I hope you moan like this when I finally get to make love to you,” I say in her ear. She giggles and sticks out her tongue.

After about twenty minutes, the water started to get cold. I unplug the tub and help Allie to her feet. I hold out the towel long ways to keep her covered. She grabs my arms to steady herself as she steps out of the tub. Once she is out and standing, she takes the towel and wraps it around her body.

I sit her down in front of the mirror and dry her hair with a towel.

“Hehehe...” she starts to giggle

“What?”

“Here you are, this big bad Alpha, drying his human mate’s hair. Are you sure you’re a werewolf?”

“Are you making fun of me?” she nods and smiles big. “I have no reason to show you my Alpha side. I think you would run away if I ever did,”

“What?”

“Allie, when it comes to you, I am a big softy and I am not afraid to admit it. My job as an Alpha is to build my pack and strengthen them, support them both mentally, physically, and financially. I have to be diligent, vigilant, and intelligent to make sure my pack thrives. I do a lot of heavy lifting when it comes to this pack. Brandon and Mikey are there to assist me in that heavy lifting while still maintaining their own businesses. Brandon has his clubs and Mikey works at the firm with me. The big bad Alpha only comes out when it is required and/or necessary,”

“What if you were ever to get mad at me, would you ever show it then?” she asked me genuinely concerned. I turn her to face me.

“Even if I were ever to get mad at you, I would never do anything to harm you. I will not lie and say that you will never see my dark side, or my angry side because you will. Just like any other couple, we are going to argue and fight. We will yell at each other and in some cases, I will walk away and not talk to

you and you will do it for me too. Even if those situations arise, I will never stop loving you, cherishing you, and protecting you. You are my whole world Allie, and my world would no longer turn if you were not in it," I tuck her hair behind her ear. As I look into her eyes, I see guilt.

"Allie, what's wrong?"

"We need to talk,"
