

Desert Heat Chapter 26 - Tips

{Sin's P.O.V.}

Allie was right, sleeping helped, but I also felt like I was being kicked in the head by a horse. I tried to fight the pain, but it was getting progressively worse. It felt as if someone was knocking, like on a door. What the fvck? Why is someone knocking on my head?

Let me in!

Who is that?! Who are you?

I am your wolf dammit! Now let me in!

I shot up from the bed and screamed.

"Honey!?" I saw Mikey. I looked around and saw everyone in my room.

"Allie? What the fvck!?"

"You heard a voice?" she asked. I nodded. "It happened to me too, it's your wolf,"

"Yeah, she said that to me,"

"We did it Sin!" she exclaimed

"Did what?" She looked at me like I was crazy

"We're werewolves now!" she smiled.

"We are!?" holy sh!t, we did it. We both survived.

"Talk to her,"

"How?" I was getting annoyed

"Remember when we did yoga in the condo on the weekend, and we did all those breathing exercises?" I nodded my head. "Do that and concentrate. You are going to speak to her using your thoughts,"

“Okay...” I gave her a questionable look, but she nodded her head. So, I did what she said and did our yoga breathing.

Alright, talk to me Chiquita.

Chiquita, who are you calling Chiquita?

Then what do I call you?

My name is Jupiter

As in, the planet?

Exactly

So, how this work? We just talk like this.

Yes. I was looking through your memories, and I have to say Mikey is delicious. But not as delicious as Mitch.

You can see Mitch in my memories?

He is a stunning wolf. I also see all the dirty things you have done, hehe. I can't wait to have Mitch's...

Aye aye! I don't want to hear that! Ai dos mio! (oh my god!)

Pronto, no tendrás que escucharlo, lo sentirás (Soon, you won't have to hear it, you're going to feel it)

¿Tu hablas español? (You speak Spanish?)

Of course, I am another part of you. I speak what you speak.

I opened my eyes, and everyone was staring at me.

“Yo! My wolf is a freak!! And she's bilingual!” I shouted. Allie rolled over laughing and Mikey just raised a brow at me.

“Wait! What?! Your wolf can speak in Spanish?” Allie asked

“She said that she speaks what I speak, so I guess that means your wolf can speak in Korean too,” I say to her.

"It's true, our wolves speak the language of their human counterpart, it's natural to them as it is to you," Brandon said.

"Luna, Gamma, how do you two feel?" Dr. Quinn asked coming back into the room.

"Great!" we both said in unison.

"What are their names?" Dorian asked

"Jupiter," I replied

"Mercury," said Allie. Then we looked at each other, both of our wolves were named after planets.

"Did you say, Mercury and Jupiter?" Dr. Quinn asked. We nodded our heads. Her eyes grew wide and started to dart from side to side.

"Doctor is every alright?" Dorian asked

"Nobody leaves this room until I get back. I need to grab an Elder," with that she ran out and took off.

{Allie's P.O.V.}

After Dr. Quinn left in a hurry, we all looked at each other really confused. But something hit me,

"Sin!"

"What?"

"Touch Mikey!" I wanted to know what it felt like.

"What? Why?"

"Just do it! Hug him!" she stood up and hugged Mikey. Immediately her body tensed, and her mouth dropped. She grabbed him inhaled the same way I did to Dorian. I just smiled and sat in Dorian's lap. Sin climbing all over Mikey, and he just stood there and let her.

"Alright! That's enough!" Dorian shouted. Sin tried to control herself.

“You b***h! You did that on purpose!” I nodded and smiled. She threw her pillow at me and I caught it. Everyone just laughed. Sin and I enjoyed being with our mates even more now that we felt the bond, they were feeling all this time. Brandon is smiling, but I can tell he is jealous. I prayed to the moon goddess we found his mate soon.

A few minutes later, Dr. Quinn came back in with an older looking gentleman in a suit and tie. We all looked at them in confusion. What was going on?

“Alpha, Luna, Beta, and Gammas, this is Elder Maxwell, I have informed him of the situation,” Dr. Quinn

“What situation?” Dorian asked.

“Before I explain why I am here, I want to first congratulate the Luna and Gamma on their successful transformations,” he bows to Sin and me. We bow back. “Alpha Shaw, Gamma Rays, your mates are two of the blessed Desert Trio,”

“Blessed Trio?” Dorian asked. He looked down at me and back to Elder. I looked back at Sin and Mikey who were also confused.

“There is a legend that dates back centuries for the Desert Moon pack, that one day, ranking members will be mated to two humans and one hybrid. Once these three women are fully turned, they will be blessed by the moon goddess as a blessed Desert Trio. Three desert wolves that can amplify each other’s powers and will be named after planets within our solar system,”

“What kind of powers?” I asked

“That will be unknown until all three wolves are together, marked and fully mated,” the Elder said. I sat there and thought about everything that was just said. Sin and I were blessed wolves. But why us? Finding the third member? Is that why Brandon doesn’t have a mate? Two humans, that means Sin and me, and one

“Oh my god!!” I shouted. Everyone looked at me. “Sin!”

“What?”

“Your friend!”

“What friend?”

“The hybrid! Does she have a mate!?” Sin’s eye widened.

“Mikey give me your phone!” she rummages through Mikey’s pants and pulls out his cell. She dials and places it on speaker phone. “Pick up hoe, pick up,” after it rang a few times, we heard the receiver.

“What up hoe!?”

“LEAH!!!”

“Holy fvcking*g sh!t! Why are you screaming at me?”

“Hey, guess what!?”

“What?”

“Allie and I turned! We are full werewolves now!”

“AHHHH!!!! Oh, my fvcking*g gosh! Congrats b!tches!”

“Thanks!” we shout back

“Hey, so question for you?”

“Shoot,”

“Do you have a mate?”

“Not yet why?” We all look at each other and back at Elder Maxwell and Dr. Quinn. Both are stunned. Did we know who Brandon’s mate was all along and just never realized? Sin was about to say something, but Dorian stepped in.

“Hello, Leah?”

“Who the fvck is this?”

“My name is Dorian Shaw, I am the Alpha of the Desert Moon Pack here in Las Vegas,”

“Oh my gosh, I am so sorry Alpha Shaw!” Leah was quick to apologize.

“It’s fine, may I speak with your Alpha?”

“Yes, give me a moment to find him,” we could hear muffled sounds in the background, then we heard a male voice on the other end,

“Alpha Shaw, my name is Charles Jeffries, I am the Alpha of the Mojave Mountain Pack, to what do I owe the pleasure,” Dorian took the phone and went out into the hall. I look at Brandon,

“Alpha to Alpha. If Sin’s hybrid friend is really my mate, and she is part of another pack, we will have to go there to meet them,” Sin and I just nodded.

“Luna, Gamma,” we look at the Elder

“If this friend is indeed the third wolf of the blessed trio, then she will need to return to the Desert Moon pack before she can be fully turned, marked and mated. It must be done in the desert,” we all nod and he leaves with Dr. Quinn.

“Yo, this is some crazy sh!t!” Sin says grabbing her hair.

“Sin, is your friend a virgin?” I ask and Brandon immediately looks to Sin

“Yeah, she is. She told me that she was waiting for her mate,” Sin replied. The look at Brandon’s voice was sheer joy. “I don’t think she has even had her first k!ss yet,” Brandon’s smile got even bigger

“Brandon, do not get your hopes up yet! This is a long shot,” I said to him. I didn’t want him to get this happy, and then it not be true. He has been wanting a mate for so long, I would hate to see him disappointed if Leah wasn’t the one.

“But if she is, then I can finally have what you guys have,” he said to me. I hugged him.

“I just don’t want you to get hurt if it doesn’t turn out to be her,” I say to him. Sin comes over and hugs him too. Mikey growls,

“Stop it!” Sin and I both shout at him. These guys and their jealousy issues. As we finish our hug, Dorian comes back in.

“Well?” Brandon asked

“He has agreed to meet with us. I explained the situation, and he has agreed to allow us entry onto his land to see if you are indeed Leah’s mate. If you are, then he will release her as werewolf law states, and she comes back with us. Also, if this union is true, then we will have an alliance with the Mojave Mountain Pack,”

“What kind of pack member is she?” Mikey asks

“Believe it or not, she is the granddaughter of a Beta, but because she is a hybrid and an unmated female, she does not get to have that title,” Dorian replied

“So she has Beta in her blood?” Mike asked. Dorian nodded and Brandon’s smile got even bigger.

“When do we leave?” Brandon asked with excitement.

“We leave this Friday and come back on either on Saturday if it’s a bust, or Monday if the union happens. If the union happens, they want to have a dinner party to congratulate you two, so it all depends. Also, we will be driving, since it’s only about two hours from here,”

“Why can’t we just go as our wolves?” Sin asks

“Because you guys aren’t skilled enough yet, and you can’t turn until the third wolf is here,” Dorian replied. We all looked at him

“What do you mean baby?” I asked

“I ran into Elder Maxwell on his way out, he said that in order for the three of you to gain your powers, you all have to be here, fully turned, marked, mated, and shift together at the same time,”

“Wait, that would mean that, if Leah is not Brandon’s mate, and the third wolf, Sin and I can’t shift at all?” Sin understood my realization and looked at Dorian. He nodded.

“What about being marked?” Sin asked

“He said that we can still mark each other, but you guys can’t shift,”

“Hmmm... Come on Mikey,” Sin said

“Sin wait!” I shouted

“What?”

“Let’s wait,”

“WHAT!?”

“Let’s wait to get marked or mark them. It’s only a few more days, and we will know for sure come Friday afternoon,” She bit her lip and Mikey looks like I just ran over his new bike. “We can wait for Brandon, all of us can. If we go, and Leah is not his mate, and we are mated and marked, how unfair will it be for him? But if she is, and we all do this under one roof as the Elder said, then imagine how much stronger we can be as a blessed trio,”

“You’re right, you are absolutely right,” Sin said. “We will wait,” Mikey slumped and pouted. Sin just hugged him to make him feel better.

“I am proud of you, my Luna,” Dorian said hugging me from behind. I felt the dynamite again, but instead of making me horny, I felt loved.

Brandon had a smile on his and was anxious. I prayed to the moon goddess that Leah was the one.

Desert Heat Chapter 27 - Tips

{Leah’s P.O.V.}

“Do you have a mate?” Sin asked me. Why the fvck did she want to know if I had a mate?

“Thanks for rubbing that in Papa,”

“Sweetheart, this is not something that is set in stone right now, we are just humoring their theory for now,” Alpha Jefferies said

“When and how long?” I asked them

“All five of them will be here Friday afternoon and will either leave Saturday or Monday. It will all depend on whether or not you are the Beta’s mate,” Alpha

Jefferies replied. I nodded. He gave me back my phone and I went to go find my parents. If mom already knew, that means my dad did too.

I knocked on their door and found them in the study just reading.

“Mom, Dad?”

“Come in Leah,” my dad replied

“I am guessing you guys already know?” I asked sitting in the armchair next to the couch they were on.

“Yes, and we are excited,” my said with a smile on her face

“Speak for yourself honey,” my dad said

“Darling, we talked about this. She wants a mate, and it is high time she found him,” my mother said to him

“But if she is the mate to a Beta of another pack, she would have to leave,” my dad pouted. My dad loved me more than anyone, other than my mom.

“I know that it is not ideal, but she would be protected, loved, and she would be with Sin,”

“Sin, that young Mexican girl you used to play with, right?” he asked. I nodded.

“I don’t know if Papa told you, but she and her friend Allie have both turned as of earlier today. Sin is now the Gamma female, and her friend Allie is the Luna, both were full human up to this point,” I explained to them.

“Was it their choice to turn?” he asked me. I nodded. “How old is this Beta?”

“Papa and Alpha Jefferies said that all the ranked members of Desert Moon are in their late 20’s. He also said that the Alpha and Gamma found Allie and Sin on the same day. The Beta is also still pure apparently,”

“Is he now?” My mother got excited. I nodded again

“According to Papa, he has been saving himself for his mate, just like me, so I guess it wouldn’t be too bad, as long as he is decent looking,” I shrugged.

“I guess we will just have to see how this all plays out. I don’t like this, but I also stand in the way of it. You deserve to be happy and in love with your mate, so if this Beta is it, then I will let you go, baby girl,”

“Awwww, dad!” I got up and hugged him. My mom came and hugged us both.

{Allie’s P.O.V.}

Friday came faster than we expected, luckily Dorian and I both packed Thursday afternoon, but Sin and Mikey didn’t start packing until this morning. And we were waiting on this finish. Dorian has been mind-linking Mikey all morning to hurry. Brandon has been more than anxious in the last few days. He has been dying to find his mate, and it was killing him to see that Dorian and Mikey found Sin and me the same f*g day.

“Oh my gosh, just tell them we are leaving without them if they...” I stopped mid-sentence when I heard footsteps coming down the stairwell.

“Sorry!! I am so sorry!!” Sin said while catching her breath and Mikey standing behind her.

“Sin! How the fvck as nothing changed with you? Even when we were working at the club, we were constantly late leaving the damn house because you refused to prepare in advance!” I said putting my hands on my hips.

“If we are all done arguing, can we please get a move on!?” Brandon was halfway out of the front door. Please moon goddess let Leah be the one I prayed to myself.

Mercury, do you know if Leah is the one?

Sorry, girl, I do not. Jupiter and I won’t know anything until it happens. I should say if it happens.

Do you know what her name would be at least?

Sorry, I do not know that either. We are not named until the mother gives it to us.

Jungmal mollah? (You really don't know?)

Eung, mollah, (Mmhmm, don't know)

Can you talk to Jupiter?

No, not until we are all connected by being marked and mated.

Arahssuh, najoongae yeagee hae (Okay, talk to you later)

We finally piled our luggage into the car and got in. Simba was driving us. Brandon sat in the passenger seat, Dorian and I in the first backseat, and Mikey and Sin were in the back. I could see the excitement on Brandon's face. He looked like a little kid going out to pick out his new favorite video game or something. I have seen the worst side of Brandon, that night I ordered him and Mikey to k!!l Jessica. Seeing this side of him was a welcome change.

The drive took us about two hours, and the majority of the time, Sin and I had to fight the urge to jump our mates in the car. The mate bond was strong, and it made me wonder how Dorian was able to control himself all that time I was not ready to give in to se.x. Whenever we were in the car, I would sit in Dorian's lap, but I didn't this time. I was afraid I would dry hump him all the way to the Mojave Mountain Pack. I already knew that Sin was giving Mikey a handjob in the car. That was the least she could do without full-on s.ucking him off in the car.

Dorian was oblivious and so were Brandon and Simba. I just shook my head because I knew Sin could not resist. Being a wolf heightened my senses a lot, and sometimes certain smells just got to me more than others. We were about 20 minutes away and I was trying to fight my sleep. I hated long road trips because I typically got car sick in the backseat. I felt my head starting to bobble from fatigue and dizziness.

"Allie, baby are you okay?" Dorian asked me

"I get car sick easily," I said while trying to hold my head up. Dorian unbuckled my seat belt and put me on his lap. I settle into his c.hest and inhaled his wonderful lavender ocean breeze scent. It actually settled my stomach. I closed my eyes and rested the last few minutes into the drive. Dorian woke me up not too long after and we were arriving in front of a beautiful mansion.

“Wow, this place is gorgeous!” I said while looking out the window. We pulled up into the roundabout, and before the even stopped, Sin had jumped out of the car. I just laughed and shook my head.

Dorian opened the door, and we got out together. We were greeted by the Alpha and Luna of the Mojave Mountain Pack.

“Alpha Shaw, and Luna Park, welcome to Mojave Mountain Pack,” Dorian and I bowed our heads as did they. “This my Luna and my wife, Lilian,”

“It is a pleasure, Alpha Shaw and Luna Park,”

“The pleasure is ours. Thank you for allowing us to stay in your beautiful home,”

“Please, the pleasure is ours,” we both smiled at one another. She was definitely older and more motherly.

“This is my Beta, Brandon, and our Gamma Mikey. You met our female Gamma Sin,” he said while shaking his head as Sin ran in through the front door.

“Please forgive Sin. She is quite excited to see Leah,” I said

“Oh, Sin has always been welcomed in our home. Other than Leah’s father, Sin was the only other human that knew of our existence,” Alpha Jefferies said. “Beta Brandon and Gamma Mikey, it is on honor to meet you,” Alpha Jefferies said while shaking both of their hands.

“Please follow me,” Luna Lilian said and led the way to the entrance of their home. We walked in through the front door, but Sin was nowhere to be found.

“Where in the world did Sin go?” Mikey asked.

“She may have gone straight to Leah’s room. As you can imagine, Leah is not too happy about the arrangement,” another older gentlemen said while welcoming us. “Alpha, Luna, Beta and Gamma, my name is Beta Jonathan, I am Leah’s grandfather,” he said while bowing. Dorian shook his hand.

“Dorian, let me go find Sin and Leah, we will meet you in Alpha Jefferies office,” I said

"It is on the third floor, the last door to the left," Beta Johnathan told me. I bowed my head and turned back to Dorian.

"See you later, baby," he said and gave me a kiss.

I made my way up the stairs and followed the directions that were given to me. I heard some giggling and cussing and knew I was close. Luckily, Leah had left the door to her room open.

"Knock, knock," I say before peaking my head through.

"Oh, you must be Luna Allie! It is an honor to meet you!"

"Hi, you must be Leah. Please just call me Allie. Any friend of Sin's is a friend of mine," Leah was pretty and looked to be half Asian. She was the same height as Sin, standing at about 5'3, she had a pretty frame, her breasts were decent sized, not as big as mine or Sin's but not flat chested either. And her booty was cute. I think Brandon would be okay with this girl as his mate. "Leah, if you don't mind me asking, what nationality are you?"

"Oh, I am half Vietnamese. I get it from my dad's side," she said with a big smile.

"I see. I'm full Korean," I said to her even though she didn't ask. I think having another Asian girl in the pack would be nice.

"How about we go see the guys?" Sin said and I saw Leah hesitate a little.

"Leah, I know the reason for us being here is strange and all that, but it really is just to see. If you aren't Brandon's mate and the third wolf to our Desert Trio, then we leave tomorrow. But that doesn't mean anything bad either. It just means I jumped the gun,"

"She's right Leah. The three of us can always be friends," Sin said locking arms with her.

"Is he good looking?" she asked

"Brandon? Good looking? Girl, if I wasn't mated to Dorian, I jump Brandon's bones," I told her, and Sin just nodded in agreement.

"Can you guys describe him for me?"

“Leah, a description would not do him any justice,” Sin said.

“You have to see for yourself,” we leave out of Leah’s room and head for the stairs.

“Oh my god, who is that?” Leah asks. We look and see Mikey.

“Oh, he is mine!” Sin said

“There you guys are! Dorian sent me to look for you,”

“We were just on our way down Mikey,” I said. Sin takes Mikey’s hand and walks way first.

“Please tell me Brandon looks like that?” Leah whispered

“I think Brandon is better looking than Mikey in my personal opinion,” her mouth dropped, and I smiled. We got down to the office, and the door was still jar. I open the door and walk in with Leah right behind me. I turn to close the door, and the moment I do, something rushes past me and pins Leah against the door. I step back and see Brandon.

“MINE!”

Desert Heat Chapter 28 - Tips

{Brandon’s P.O.V.}

I was sitting in the office just waiting for Allie to bring Sin and Leah. Moon Goddess, please let this girl be my mate. I could care less what she looked like. If she were pretty that would be awesome, but I just wanted her to have a good heart. If she is the one, I just want her to love me for who I am. If she is the one, then I would be ecstatic knowing she was still pure and that we would lose our virginity to each other.

“It’s okay Leah,” Allie said to me. “Brandon knows that he cannot turn, mark, or mate you until you come back to the Desert Moon Pack. It is actually essential he follows this, so no need to freak out,” I nodded my head. Allie was super chill and calm. I couldn’t imagine her being the same girl Sin told me about. It’s like turning into a wolf changed her, but in a good way.

“I wonder if Simba will be able to find his mate here too?” Sin said tapping her chin.

“Who is Simba?” I asked her

“Oh, he is Allie’s personal bodyguard and our driver,”

“We should have brought Nick and Paxton too. They still don’t have mates either,” Allie said.

“Who are these guys?” I asked them

“Nick and Paxton are Sin’s personal guards,”

“Why does she have two, and you only have one?” I ask Allie

“Oh, well technically, Brandon was also one of my guards, but now that he is your mate, Dorian will have to find someone else for me,” she said. Hearing Brandon’s name, I could not help but blush.

“Okay, since today is just a day of formalities, we will have a simple dinner in the main dining room. Leah take your new mate to your room and get him settled, Gammas, you and your driver may follow me, and I will show you two your guest rooms,” said my mother

“Brandon! Mikey!”

“Alpha?”

“Keep your hands to yourselves. We are guests here, and we have to follow what Elder Maxwell said,”

“But Sin and I...” Mikey said

“We are guests!” growled their Alpha. Damn, he was scary. He made Alpha Jefferies look like a small puppy.

“Yes, Alpha!” we all turn to leave the office. Brandon takes my hand in his and interlocks are fingers together. Oh my god! Thank you, moon goddess!

{Allie’s P.O.V.}

After they left the office, I turned and slapped Dorian on the c.hest.

“Ow!”

“You did not have to be such an asshole about it!”

“I have to keep them in line, and when it comes to mates, that is hard. Especially for werewolves that were mated to humans. Brandon is the lucky one, Leah is a hybrid who knows how mates work,”

“Mikey got lucky within a few days,” I said to him

“Okay, fine! I was only the one who had to wait almost two months for my mate,”

“You knew my situation!”

“I’m not complaining baby! I am just saying. Those guys need to keep it in their pants until we get back home and turn Leah fully,” he hugged me and kissed my forehead. I felt warm from his touch, but I pushed him off.

“Hands to yourself mister!” his mouth dropped as I used his own command against him.

I look over at Alpha Jefferies, Luna Lilian, Beta Jonathan, and Leah’s Dad. They are just smiling at us.

“I apologize for my mate’s behavior,” I say calmly. “Our first couple of months together was quite eventful,”

“No apologies Luna. And thank you for reassuring my daughter about her mate, as you can imagine, as a father this is not how I expected this meeting to go,”

“Unfortunately, I would not know what a parent would feel in this situation,”

“I’m sure your father would feel this way, just ask him,”

“That would be kind of difficult since my parents died over 20 years ago,” I said to him with a straight face. Talking about them didn’t hurt much anymore.

“Oh, I am sorry to hear that,” he said.

“Please, no apologies necessary, you didn’t know,”

“Well, how about we get the Alpha and his Luna to their guest room, and then we can settle in for a nice dinner say around 7 o’clock?” Luna Lilian suggested. We all nodded.

Dorian and I were led to a guest room on the second floor. According to Lilian, it was always the guest room used for Alphas and Lunas. So, it was quite spacious and had its own private bathroom. Simba brought up our stuff and headed back to his own guest room. I really hope we can leave with more than one new mate for our pack. Simba deserved to be loved too. He was an amazing guy.

As soon as we got settled, Dorian settled on the bed. We still had about five hours before dinner would be served. Dorian was laying down comfortably with hands behind his head and his eyes closed. This allowed me to see his pelvic V line. I decided to turn his words against him again.

I slowly took off my pants and my panties climbed on the bed and straddle Dorian where his bulge would meet my entrance. Dorian opened his eyes to see my n.aked bottom half in a compromising position.

“Allie! What are you doing?”

“What does it look like I’m doing?”

“Allie, I said no se.x!”

“We’re not going to have se.x. I’m just going to pull your pants down, let the beast out, and grind these we.t h!ps along its length until we both c.um. Would you like that?” I said while starting grind against him. His d!ck immediately hardened underneath me. I get off to the side, undid his belt, pulled off his pants and his boxers. I straddle him again and start to grind the length of his shaft spreading my we.tness everywhere. I had to be careful, to make sure it didn’t slip in.

“fvck Allie!” he grabbed my h!ps, but I put his hands back above his head.

“Hands.to.your.self,” I annunciate every word. His facial expression gave me life. I continued to t0rture him. He was trying so hard to keep his hands at his head, but he was about to lose. So, I grabbed his wrists and held them in place as continued grinding against him. I could it feel it twitch, and he was

biting his lip trying to keep his moans in. We had no idea if these rooms were soundproofed, so we were both fighting the urge to scream in pleasure. I was getting close to my climax, and I decided, fuck the rules. I slid up past the head and slipped it in.

“fuck Allie!” I kept his hands in place and started to bounce up and down. I eventually let go of his hands and held on this head and shoulder.

“I love you, Dorian, please don’t stop,” I kissed him. His hands grabbed my ass and he lifted his knees and started to thrust upwards. “More, Dorian, more, I’m going to cum,” a few more deep thrusts was all I needed to pull me overboard. My orgasm was so intense, that I had to kiss Dorian to muffle my screaming. I bucked my hips with him still inside of me, and it caused him to cum as well. I could feel his warmth filling me up. We never broke our kiss because the whole house would hear us. Once we both relaxed, I pulled away from Dorian and rested on his chest. He slid out of me and caught his breath.

“Allie, you said we weren’t going to have sex,”

“I couldn’t help it. I love your dick, and it belongs in my pussy,” I say to him kissing him again.

“Allie,”

“Dorian,” I kissed him again, “do” I kissed his hip again, “not” I kissed his jaw, “ever” his neck. “tell me,” his chest “no” his lips again. “to sex” his cheek “ever again,” I ended with my teeth grazing his marking spot which caused him to hiss.

“Dammit, Allie,” he was appalled and humored by my naughty side. I think it was partially Mercury’s fault. I just giggled and kissed him again.

“I am going to go hang out with Sin and Leah before dinner. You get cleaned up and take a nap. I know you’re exhausted,” I kissed him again. I put my clothes back on and left our room.

As soon as I closed the door, I felt a warm feeling start to take over. I shrugged it off. I figured I was probably still horny from that quickie with Dorian. I smiled at my success and waltzed over to Leah’s room where I knew Sin would be.

“Hi ladies,” I said peaking my head in.

“Hi Allie, come on in,” Leah said.

“Where’s Brandon?”

“He and Mikey went to let their wolves go for a run. Where is Dorian?” Sin asked

“Oh, he is taking a power nap, he is a little worn out,” I smiled and raised my brows

“You did not,” Sin said

“Oh, I sure did!” I said blowing on my nails proud of myself.

“What did you do?” asked Leah completely confused.

“Oh, sweetie... I fvckngd my mate,” I smiled again

“But he said...”

“He told the boys to keep their hands to themselves, he never said we girls had to,”

“Allie, you are so bad!” Sin said

“It’s my wolf! I’m telling you; all Mercury wants is for me to have se.x right now. It started in the car, and she has been driving me insane since we got here. I had to, in order for her to shut up,”

“Wait, your wolf is telling you to have se.x?” Leah asked

“She won’t shut up about it,” I said

“Allie, do you feel okay?”

“I feel a little dizzy, but I figured I’m a little nauseous from the car ride, I tend to get car sick,”

“Luna, wolves don’t get car sick. It’s impossible because we run at such a fast pace,” Leah said and put the back of her hand to my forehead.

“What are you doing, Leah?”

“You feel warm,” Leah said and have a concerned look on her face. “Luna, are you super horny right now?”

“Alarmingly so,” I admitted. I seriously could not stop thinking about se.x and it wasn’t even Mercury telling me this time.

“Stay here! Do not leave my room! I need to get a pack nurse up here,”

“Wait! Leah!”

“Do not leave! It’s for your safety!” she shouted and ran out. Sin closed the door and locked it. I stumbled back a little bit and Sin caught me.

“What is wrong you?” Sin asked me. I shook my head because I had no idea.

“Is it hot in here or is it just me?” I asked

“It’s 68 degrees in this room,” Sin replied. I just looked at her. We hear a knock on the door. Sin opens it, and Leah came back with a nurse.

“Luna Allie, my name Mindy, how are you feeling?”

“I am a little hot, and a lot horny,” I say without even realizing what I just said.

“Leah, it’s just as you suspected,”

“Oh, sh!t,” Leah said. I just looked at the nurse, Leah, and then to Sin. What the fvck was happening.

“Luna, you’re going into heat,”

Desert Heat Chapter 29 - Tips

{Allie’s P.O.V.}

“I’m sorry, what did you say?” I could not have heard her right

“Beta Brandon, will you please let the Alpha know of our change in plans,” Brandon nodded, and his eyes clouded over. I watched him as he mind linked Alpha Shaw. After a minute or so, his eyes were back to normal and he just shook his head.

“He says okay, and that he will have a block up for the time being and no one is to bother him or the Luna,”

“Brandon, we can’t all be gone from the packhouse for over a week, that’s not safe for the pack,” Mikey said.

“Yeah, I know,” Brandon replied.

“Okay, look, since your mate is here, and she is still part of this pack, you stay and wait for Dorian and Allie. Tomorrow, Sin and I will go back with Simba. It’s only a two-hour drive, so once things settle here, and they are ready for the celebration, we will come back,” Mikey said. Sin pouted her lips.

“Good. That will work, I will let Dorian know as soon as he comes down for air,” Brandon said.

“I’m sorry, honey, but we have to go back home first thing tomorrow. It’s the shitty part of being a ranked member,” he said to Sin who was visibly upset, but she nodded. “Hey, we will come back for the celebration, and if you want, we can bring Nick and Paxton with us,” she smiled and nodded. Allie and Sin were determined to find their guards mates of their own. Who knows, maybe they would find one here. We have plenty of beautiful unmated females.

“Everyone, come eat! Please!” Alpha Jefferies called to us. Brandon took my hand again and we walked together. My heart beating so fast. I could not believe that I finally found my mate, and he was already showing affection towards me. I kind of envied Allie right now. She was upstairs having nonstop sex with her Alpha mate. I could not wait for my heat to happen so I could have it with Brandon. I wondered how big he is. Just thinking about sex with this sexy god made me wet all over again.

“Leah, baby, stop doing that,” he whispers in my ear

“Doing what?”

“Stop thinking dirty. I can smell your arousal,” I shook my head. He just smiled and kissed my temple. I bit my lip and smiled. It felt so nice. We were all eventually eating dinner and enjoying each other’s company. It felt like I had known Brandon all of my life. We had so much in common it was insane. We like the same foods, we both liked to draw, and we both liked adrenaline rushes. He showed me the tattoos he designed himself and I was thoroughly impressed with his artistic skills.

He designed most of the tattoos that pack members had, including Mikey and Dorian's. He said that he would design one specifically for me if I ever wanted to get one. Of course, my parents were always against tattoos, but they couldn't stop me once I joined Desert Moon. I was getting super excited. Brandon was super kind and generous. He looked like a bad boy and may have owned several clubs, but he had a good heart. You would never believe that someone who looked like him was still a virgin.

I was falling in love so hard and fast, I thought I was going to crash. But whenever he looked at me with his hazel eyes, they felt like airbags there to protect me. After dinner, we all headed back upstairs to go to bed. The four of us were coming up the stairs to go to our separate rooms when heard sounds coming from down the hall,

"fvck! Dorian! Oh my god! Yes! Ah!"

"Allie! fvck! Ah!"

All of us just stood there shocked. I forgot that the guest rooms were not soundproofed.

"Wow," I said.

"Oh, my Allie girl has grown up so much," Sin said while faking a tear.

"I'm sorry, I forgot that the rooms on this floor are not soundproofed. Mostly unmated packhouse members live on this floor, and so all of the guest rooms are not soundproofed either,"

"Oh my god! More baby! Give me more!" we heard Allie's voice again. We all just laughed.

"Allie is so going to get pregnant from this," I say out loud

"Future Alpha or Luna on the way man," Brandon said to Mikey. They gave each other a high five.

"Alright, Sin and I have an early morning tomorrow. Good night you guys, and behave, Brandon,"

“No se.x Mikey!” Brandon shouts back

“What?! But Dorian...”

“The Luna is in heat; they have an excuse. What’s yours other than just being horny all the fvcking*g time?”

“Fine! fvck!” I heard the door slam. It was just Brandon and me. He took my hand in his and we back to my room. Luckily, he was pretty far from Dorian and Allie’s room, so we wouldn’t hear much of them once the door closed.

“So, how are we going to do this?” I ask him shyly.

“What do you mean?” he asked

“The bed?” why the fvck was I so nervous.

“I figured we would just share, it’s big enough for the both of us,”

“Oh,” I just looked at the ground

“Leah, we are just going to sleep. Nothing is going to happen. Because it can’t. It would ruin everything,” He k!ssed me on the forehead, and sparks shot across my body.

“Can I ask you something?”

“Sure, babe, what’s up?”

“Why are you a virgin? I mean, you’re se.xy as hell. I would think someone like you wouldn’t have a problem getting laid,” he put his hands on my h!ps and pulled me while he sat down at my desk. I put my arms around his neck. This felt good. It felt right.

“Baby, I’m a virgin because I choose to be one. You are right, I could have easily slept with any girl I wanted, women threw themselves on me. I won’t lie and say I wasn’t tempted, or that I never made out with a girl because I have. But I never slept with anyone,”

“Why?”

“Because of Dorian,”

“Dorian?” What did his Alpha have to do with his sex life?

“By the time Dorian turned 24, he had slept with most of the unmated younger she-wolves in our pack. He dated a few short term, but he would just end up dumping them because none of them could pleasure him the way he wanted them to. Turned out, his wolf was holding back because none of the girls Dorian was ever with was his mate. Dorian eventually turned his dad when he was actually having issues getting it up. A 24-year-old Alpha male having troubles getting hard, imagine what that did to his self-confidence,”

“Oh my gosh, so what did his dad say?” by the time I asked this, I was sitting in Brandon’s lap, but didn’t care.

“His dad told him that his wolf was suppressing his dick because it was waiting for his mate. Bandit, Dorian’s wolf wanted his mate and only his mate. So, he basically caused Dorian to have a fucked-up libido. Dorian was celibate for four years, and then he finally found Allie. But the situation with that was obviously not great. Allie was human, and the shit that happened in between then and now I’m sure you heard about,”

“Yeah, I did. Rumor spread that you guys had a fling?”

“Oh no, that wasn’t a fling. It was purely acting to get our enemies to show their hands. Allie is like a little sister to me. I won’t lie, we had to do a few things to sell the story, but nothing s****l. Lots of flirting, hand-holding, and we kissed once. That was about it,” hearing that he kissed Allie at one point hurt a little, but I believed his story about having to do it and that nothing s****l happened, but I needed to know one more thing.

“Did you enjoy kissing Allie?”

“Truth?” I nodded

“Yeah, I did. Allie is smoking hot, what guy wouldn’t enjoy kissing her? But like I said before, it was all part of a ruse. I never had feelings for Allie because I knew she belonged to Dorian. I just made it my mission to keep her safe because she was my Luna and that was my job. But I am also a guy with eyes. I don’t deny that I think she is smoking hot because she is and so is Sin,”

Hearing him say that my best friend and his Luna are smoking hot was really putting a downer in my self-confidence. Even when we were younger, guys

always liked Sin because she had bigger b00bs and a big b.utt. She has always been exotic looking because of her Latin American heritage.

“What do you think about me?” I had to ask, didn’t I? He probably thinks I’m crazy now asking all these questions. He is probably going to reject me. I look nothing like Sin or Allie. I’m not se.xy like they are.

“I think you’re beautiful,” Say what? I look up at him. “Leah, I’m telling you the truth because I never want to lie to you. I want to get everything out in the open because I believe in honesty and communication. I think you’re beautiful and super se.xy in your own way,” I started to blush at his words. He was being sincere; my mate actually liked the way I look. “If I didn’t have to wait, I’d fvck you until you passed out from pleasure, but I can’t yet. I want to mark you and make you mine until the end of time Leah. I have waited my life for you, and I am not letting you go now,” I was seriously about to cry at what he said. This hunk of a werewolf was saying all the right things. My heart was fluttering, and my stomach felt like it had b.utterflies.

This wasn’t me being horny, I was falling love with Brandon. I couldn’t help it anymore. I grabbed his face and pulled him into a k!ss. My first k!ss.

{Brandon’s P.O.V.}

I knew half the sh!t I told her would hurt her feelings, but I was not going to start this new relationship by lying to her. So, I put it out all on the table. She was looking straight into my eyes. Her eyes were beautiful light brown, and her lashes were perfectly curled. She had this adorable b.utton nose and the se.xiest !!ps. I wanted to k!ss her so badly, but I didn’t want to scare her. After all, we just met a few hours.

I was to stand up, but then she grabbed my face and k!ssed me. fvck! My mate k!ssed me first! I didn’t know what to do at first, she caught me off guard. But once I settled my thoughts, I k!ssed her back. I pulled her as close as possible and just k!ssed her like there was no tomorrow. My mate. My beautiful tiny hybrid mate. Her !!ps were sweeter than sugar. I knew I would never get tired of these !!ps. Thank you, moon goddess!

I held her h!ps tight and stood up. I walked over the bed and laid her on her back. I climbed on top of her,

“Wait, I thought ...”

“Leah, I just want to be close to you, no se.x. Not yet” I told her. I would obey Dorian and I would respect Elder Maxwell. “I just want to k!ss you until the sun comes up,”

“Okay,” damn she was so fvcking*g cute. I leaned down and we continued. I meant what I said, I was going to k!ss her until the sun came up.

Desert Heat Chapter 30 - Tips

{Dorian’s P.O.V.}

After seven hours of nonstop se.x, Allie finally tapped out and fell asleep. I don’t think I had ever had to work so hard to make a girl tap out. I sure as well was not complaining, because it has been awesome, but I was exhausted. At the rate we were going, it was a guarantee Allie would be pregnant when this was all done. I would be more surprised if she didn’t get pregnant.

I picked her up and carried her to the bathtub before I made it back to the bathroom, she woke up,

“Good morning beautiful,”

“Where are we going?”

“Bathtub,” she smiled. I put her in gently and she inhaled the steam. I began to massage her shoulders for her.

“You’re not joining me?”

“No, baby, this is for you. I’m going to jump in the shower while you relax,” I k!ssed her shoulder and she slid down and rested her head on the edge of the tub. I jumped into the shower next to the tub, it was small, but it had all the necessary things needed. Once I was done, I wrapped a towel around my waist to check on Allie. She was playing with the bubbles and massaging her skin. I kneel down next to her and moved her wet hair out of her face.

“Did you have a good shower?”

“I did. How are you enjoying your bath?” she just smiled. “You hungry?” she nodded. “I have fluids on the nightstand, and they will be bringing up breakfast to us,”

“What’s for breakfast?”

“Waffles with honey, sausage, fruit, and buttered toast,”

“Yum,”

I was helping her massage her skin and muscles when I heard a knock on the door.

“That must be breakfast. Get dried off and then we can eat,” she nodded, and I went to answer the door.

“Here you are Alpha, everything you ordered for the two of you,”

“Thank you,”

“We have also brought additional fluids just in case,”

“Thank you, again,” I took the tray and closed the door. As it shut, I heard Allie behind me

“That smells amazing,”

“Sit,” She smiled and sat at the small coffee table in the room. I brought the trays of food over to her and she immediately dug in.

“Mmmm... Is it wrong that I think food is better than sex?” she asked while taking a bite of her toast. I just chuckled and joined her.

“This food isn’t bad, I think Mrs. Johnson’s back home is better though,” I commented.

“Oh, for sure,” Allie agreed and took a bite of her waffle. Allie seemed normal while we ate. She chugged her a water bottle and leaned back in the chair.

“You okay, baby?” she nodded and yawned. She stretched her arms, and the tension undid her towel. She caught it, but not before I saw everything. “Why are you hiding? It’s nothing I haven’t seen before,” I said to her. She just smiled and stood up. She dropped her towel and pulled me up from my seat. She undid the towel around my waist and wrapped her arms around me.

I leaned down and kissed her. She started to tug on my dick, and I was hard in seconds. To think that four years ago I was having trouble getting it up and all she had to do was touch me.

I leaned down and picked up her, and she wrapped her arms around my neck and legs around my waist. I could feel the heat radiating off of her body and I could smell her arousal. I lowered her just a bit and adjusted her legs. I thrust upwards and entered her. This was the start of another several hours of nonstop sex.

{Brandon's P.O.V.}

After seeing Leah half-naked in the kitchen, I had to take a cold shower. I lectured her about never wearing something revealing anymore around the house that way. Especially when we got back to our packhouse. We had way too many unmated males to be seeing this tiny hybrid dressed that way. After a few minutes under the cold water, I felt better. I got out and wrapped a towel around me. Unfortunately, Leah's room didn't have her own bathroom, so I had to use a guest bathroom across the hall.

When I got back to Leah's room, she was already showered and dressed.

"Where did you shower?"

"My parent's bathroom,"

"Look, I'm sorry for yelling earlier about your workout clothes. I guess seeing you half-naked that way brought out the possessiveness in me,"

"Well, I also don't appreciate you walking around with nothing but a towel to cover you," she said pointing at the fact that I'm fully naked. I smiled and went into the closet to get dressed.

"Hey, so I was wondering. Why doesn't your pack have a Gamma?"

"We had one, but he died about a year ago. He was really close to my grandfather and Alpha Jefferies. Like you, Dorian, and Mikey are. After he passed, Alpha Jefferies couldn't find it in his heart to replace him,"

"I'm sorry to hear that," I could see why the Alpha wouldn't replace his Gamma. If something happened to Mikey, I don't think Dorian could replace him either.

“And since my parents and Luna Lilian are still around, they help out a lot with duties the Gamma would normally do. My dad may still be human, but he can fight pretty well. He trained with werewolves for years now, so he is just as strong and he is a great marksman,”

“That’s awesome. Maybe I should spar with your dad sometimes. Get to know him,”

“That would be great! My dad loves training, it keeps in shape since he doesn’t have any wolf in him,

“Why hasn’t your dad turned?”

“He doesn’t want to, he enjoys being human, and my mom loves him just the way he is. The whole pack has accepted him, so why fix something that isn’t broken?”

“What about you? Are you ready to turn full werewolf? I know it’s a lot to ask but,”

“Yeah, I am actually. I’ve always wanted to fully turn, but my mom told me that it would better if my mate did it, if he turned out to be a wolf. So, I’ve been waiting,” she smiled at me. Man, she was cute.

“Hey, baby,”

“Yes?”

“May I k!ss those se.xy l!ps of yours?”

“You don’t have to ask Brandon,”

“Good answer,” I swooped down and picked her up by the legs. She wrapped them around my h!ps, and I pinned her against the wall.

“Ah,”

“fvck, did I hurt you, Leah, I’m sorry baby,”

“No, it’s okay. I kind of liked it,” we both smiled, and I pressed my l!ps against hers. Man is this why Dorian and Mikey were constantly all up on Sin and Allie? I just could not enough of Leah. The mate bond was fvcking*g incredible. I knew there was a reason why I was so jealous of them. I am lucky

though; Leah felt the bond as soon as I did. I moved my kisses to her neck, and she let out a small moan. Hearing her moan to my kiss made me hard as a rock. I gently put her down while continuing to kiss her neck and her lips.

“Leah,”

“Yeah...mmm...”

“Baby, are you open to a little pleasure?”

“What kind of pleasure?”

“This kind,” I moved my hand between thighs and started to massage her sweet spot.

“Oh...mmm...yes...” she grabbed my face and kissed me. She bit down on my bottom lip and tugged on it slightly. A growl erupted from my chest and I started to rub her sweet spot harder and faster.

“I can smell you,” I say with a growl and rub faster

“shit, Brandon,” She was so wet, it was leaking from inside her pants.

“Brandon,” she was getting breathless, I knew that meant she was going to cum,

“cum for me baby,” I start to rub her even harder and even faster.

“Ah, Brand...shit... I... Ah!” I pressed my lips against hers while she screamed from her orgasm. Her body started to shake, and I picked her up again pinning her once more. She kissed me hard and deep while still moaning from her pulsating climax. She let out a deep breath and pulled away from my lips, but just slightly.

“Was that your first orgasm?”

“No, of course not,” she answered. I was floored.

“What?”

“Brandon, I may be a virgin, but I’m not oblivious or naive. I masturbate too, and I watch porn. That was the first orgasm I had from someone else playing with my pussy,” my jaw dropped. Damn, this girl was just as freaky as Sin

and Allie. I mean, I'm a guy, I j.erked off all the time, but to hear that my mate did it too, actually turned me on in more ways than one.

"Wow," I had nothing else to say to her other than wow. She wiggled a little bit and I put her down.

"Now, let me see if I can make you c.um. I am sure my hands and mouth will be perfect for the job," she turned me around and pushed me against the wall. Before I could even register what happened, my pants and were boxers were on the ground and her hands were wrapped around my hard d!ck. "Holy sh!t, this is h.uge!" I looked down and she looked up. I saw her tongue and felt her l!ck my enter length.

"Ah fvck," it felt so good. I never had a blow job before, but Dorian and Mikey said if it was done right, it felt amazing.

"Just relax, baby. Sin taught me everything she knows," Sin taught her. Mikey said that Sin was the best he had ever had, and Mikey had been with a lot of girls. If Sin taught her, then this was going to be good. Before I finished my thought, Leah grabbed my balls with one hand, s.ucked my e.rection with her mouth and tugged with the other hand.

"fvcking*g hell!" I made a mental note to thank Sin next time I saw her.
