

Desert Heat Chapter 31 - Tips

{Leah's P.O.V.}

It is Monday now, and I still not have seen any sign of Allie or Dorian since Saturday. Brandon said he would get a glimpse of him here and there, but only for a few minutes. Brandon said that Dorian looked exhausted and completely sleep deprived. I was wandering around the backyard when I saw something in the window upstairs. When I looked closer, I realized that it was Allie pressed up against the window with Dorian behind her.

I immediately looked away and blushed. It was only ten in the morning and they were already back at it. I just laughed to myself. I kept on walking, hopefully, no one else could see them, but I knew that whole house had been talking about it. That room was not soundproofed, and apparently Allie had a set of lungs on her.

As I walked through the backyard, I saw Brandon and my dad training together. After Brandon asked my dad if they could train together, they built a really solid relationship from hitting one another. Nothing was ever too much, but I still ended up having to nurse Brandon for a few hours afterward and my mom had to do the same for my dad. For a human, my dad was doing pretty good against the werewolf half his age. I stood by a nearby tree and waited for them to finish.

"Nice Mr. Vo!" Brandon said

"Brandon, thank you for this. I really needed the workout. I'm not getting any younger, and being human has a lot of disadvantages,"

"No problem, it was my pleasure. Also, if you ever want to do more hand to hand combat training or target practice, just give us a call. Dorian's company has everything you need to stay on your A-game,"

"I will keep that in mind, thank you,"

"Hi!" I said running up to them.

"Hi, honey,"

"Hey, baby," I ran straight to Brandon. My dad's face was priceless.

“So, I don’t even exist anymore huh?” he asked

“Sorry, dad, it’s like Brandon is all I see now,” I said blushing. He just laughed and Brandon smiled. We stood around a little bit and just talked. My dad had to tell Brandon embarrassing stories about me as a baby, which I made me want to hide. But Brandon just laughed and kissed my temple every time I blushed or got mad. My dad eventually went inside to shower. Brandon and I stayed outside for a bit longer.

“My dad just had to tell you all those stories,” I said pouting

“Aw come on baby, they weren’t so bad,”

“Playing hide and go seek and getting stuck in the laundry chute is pretty bad,” he threw his head back and laughed.

“I’m sorry, that is funny. Honestly, though, you should be happy you have those kinds of memories and parents that call them to your boyfriend,”

“Why?”

“Because we both know two specific people who don’t have those kinds of memories, or parents to embarrass them,” he said while giving me a side-eye. He was right, Sin and Allie grew up as orphans. Even though Sin and were friends, we didn’t meet until we were in high school.

Brandon took my hand in his, and we went back inside, as we made our way through the kitchen to get something to drink, Dorian showed up.

“Dude,”

“fvck off Brandon,” I just started laughing. They were like teenage boys.

“Sandy, will you get Alpha Shaw a shot of wheatgrass juice with lemon and ginger,”

“Yes, Miss Leah,”

“What are you getting me?” Dorian asked

“Something that will give you a boost of energy. Allie should be finishing her heat either by tonight or first thing in the morning anyway,”

“Actually, she may be done now,”

“Really?” he nodded, and Sandy handed him a small shooter glass. He shot it back and made the funniest face.

“What the fvck is this sh!t!? Holy fvck!” I just rolled over laughing.

“I said it was an energy booster, but I never anything about it tasting good,”

“What’s this about Allie being done?” Brandon asked going to back to the topic

“Huh? Oh, after this last round, she kicked me out of the room and told me to keep my d!ck away from her. I don’t know whether to be appalled or happy,”

“Be happy about it, Alpha Shaw,” We all turned to see Alpha Jefferies.

“Alpha Jefferies, I want to apologize on behalf of my Luna and me...” Alpha Jefferies waved him off

“Please, there is no need. I know all too well the situation you are in. A female’s heat is unpredictable and can come on at any time. You were just dealt an unlucky hand, this last weekend” he said tapping Dorian’s shoulder. “If you do believe that she is coming out of her heat now, we can reschedule the celebration for these two love birds to Wednesday if that is alright with you,”

“Yes, Alpha Jefferies, that will work just fine. It will give her time to recuperate and for us to get word to Mikey and Sin,”

“Very well then! If your Luna is feeling up to it, perhaps she would be willing to join us for lunch?”

“Let me go up and ask her. Brandon call Mikey and have him put everything together to come down,”

“You got it, boss,”

“Leah, thanks for the boost, I can feel it working,”

“You’re welcome Alpha Shaw,”

“Please, call me Dorian. You’re going to be part of the family soon, no formalities are needed anymore,” he smiled and left. I felt honored when he said I could call him by his first name and that I was going apart of their family.

{Allie’s P.O.V.}

These last few days have been ridiculous. After Dorian’s last org*asm, I felt my heat break, and immediately the thought of se.x made me sick. I decided I needed to shower and get the stench of se.x off my body. I was so embarrassed about this, I was a new Luna, and my first impression to another pack was being a se.x-addicted slut.

Stop that!

Stop what Mercury?

Stop feeling bad. It’s natural for a female wolf to go into heat

But at someone else’s house? Changpee hae! (It’s embarrassing!)

Mohgah? (What is?)

This! I’m not like this!

It’s because of the heat! You will be back to normal within a few hours now that it’s over. You can’t control when it happens either.

Whatever

I stood under the warm water and just enjoyed the moment of silence. I had not even realized that Dorian came in until he wrapped his arms around me.

“What did I say, mister?”

“You said to keep my d!ck away from you, but you never said I couldn’t h.ug you,” I slapped his arm. I was anything but horny, yet I still loved being in his embrace. “You smell normal,”

“That’s a good thing, right?”

“Yes, it is. You up for going down for lunch. I am sure that your beautiful face will be welcomed after being secluded in this room for four and a half days,” I nodded my head. “Good, let’s get you washed up,” he turned me around and bent my head back into the running water. He grabbed some of the shampoos and lathered my hair for me. He massaged my scalp and I let out a moan. I felt Dorian kiss my neck as he leaned my head back to rinse out the shampoo.

“Dorian, stop,”

“I can’t, you’re just so fvcking*g se.xy,”

“Concentrate mister, you’re going to get shampoo in my eyes,” he laughed and went back to rinsing out my hair. He turned me around again and grabbed the conditioner. He started in the middle and combed his fingers through. He knew what he was doing. I guess having medium length hair himself made that possible. He turned me again and bent my head back one more time.

He just couldn’t help himself. He kissed my neck again and pushed himself against me.

“Dorian!” I laughed and pushed him back.

“Fine!” He pulled me into a kiss. We finished our shower and got dressed. It was good to finally get out of that room. I put on some light makeup, and wore my signature tank, denim shorts, and chucks and threw my hair into a high messy bun. I reminded Dorian that when we got back to Vegas, I needed a damn haircut. The ends were just about to touch my b.utt. We went downstairs together holding hands.

“Ah! Luna! It is so good to see you!” said Luna Lilian

“It is good to be seen. I want to sincerely apologize...” she cut me off before I could finish

“Oh, stop that! You and the Alpha have nothing to apologize for. A female’s heat is natural. Do not be sorry and do not be embarrassed,”

“Luna Park! It is a pleasure to see that bright face of yours!” Said Beta Jonathan

“Good afternoon Beta, how are you?” I asked him with a smile

“Fine! Just fine! I sense that your heat is over, how do you feel?”

“I am doing alright actually, considering,” I say while looking at Dorian.

“Take a seat, please. Lunch will be ready shortly,” Lilian said and directed us to the main dining room. When we get there, I see Brandon and Leah.

“Hey, where is Sin?” I ask

“They went back to Vegas Saturday morning with Simba. We couldn’t leave the packhouse unattended without a ranked member for more than a few days. They’re coming back first thing tomorrow morning, and we will celebrate this beautiful angel and me Wednesday,”

“Dorian, remind to mind link Mikey and not call him on the phone from now on,”

“Why?” Dorian asked

“Because when I called, Sin was s.ucking his nuts off. I never want to hear the sound of Mikey moaning ever again!” he shuttered and gagged. I started to roll over laughing. Dorian sat in a chair and put me on his lap. Leah looked at us surprised.

“What?”

“You just sit in his lap like that?”

“It’s normal for us, but I do think that it’s inappropriate at someone else’s house,” I said trying to get up.

“Baby, we just spent four and half days fvcking*g each other’s brains out, I don’t think you sitting in my lap is going to be an issue,”

“Dorian!” this guy wanted to embarrass me to death. I looked at him and gave me a small tap on the cheek.

“Did you just slap me?” he was shocked

“It’s called a love tap, baby,” I said and pecked his lips.

“Do it again, and I will spank you in front of everyone here,”

“You wouldn’t!” he gave me the want to bet look. I rolled my eyes and looked over at Leah who was in pure shock.

“You guys are crazy,” she said. Dorian and I just smiled, and Brandon shook his head.

“You will be part of the Crazy Mate Club when you get back to the Desert Moon pack Leah,” I turned and looked at Dorian. I grabbed his chin and gave him a se.xy k!ss in front of Brandon and Leah. “And PDA will be natural to you,” her mouth just dropped, and Brandon hung his head.

“What did you think about Brandon’s k!ssing capabilities during your charade?” she asked me. Brandon’s eye bulged out of his head. Seeing the bad boy Beta like this was epic.

“Oh, you know about that?” She nodded her head. “Well, I will say this. I have k!ssed plenty of guys in my time, I dated two, one tried to k!ll me, the other is the love of my life. The rest was just me having fun while partying and living the life in Sin City. I can tell you without a doubt, that aside from Dorian right here, Brandon is an exceptional k!sser, and I believe that he also was holding back when we k!ssed,” I heard a growl from Dorian and he rested his face in the crook my neck.

“Mine,” I just smiled. Talking about this made him jealous but because it was all fake in end, he never got angry about it. All he needed to do was take in my scent and say one word and he felt better.

“Lunch is served!” came Lilian’s voice from the kitchen. The kitchen staff brought plates and drinks for all of us. She looked at me and Dorian for a moment and realized that we were going to eat just the way we were and smiled. “Luna Allie, I’m surprised you let the Alpha even look at you, let alone touch you after what you have been through,”

“Eh, what can I say, I love being near him,” I smiled, and Dorian k!ssed my cheek

“Oh, to be young and in love,” came Leah’s mom. Alpha Jefferies looked at us and then looked at Luna Lilian, shrugged his shoulders, and pulled her onto his lap too. The look on Lilian’s face was priceless. She started to smack him,

“What are you doing? We are not young wolves anymore! This is inappropriate!”

“Oh, come now my Luna, we used to do this when we were their age. Just because we are older, there is no reason to stop,” he said. She covered her face and her ears started to turn red.

“That’s not a bad idea Alpha,” Said Leah’s dad. He pulled Leah’s mom onto his lap and she also buried her face into her hands. Dorian and I just started laughing. Brandon and Leah were appalled by the amount of PDA going on the dining room. All of the omega staff was giggling and snickering. Leah looked down not knowing what to do. Brandon and I made eye contact and I nodded at him. He smiled and picked up Leah and placed her on his lap.

“Brandon! Oh my gosh!” everyone started to laugh.

Poor thing didn’t know what to do with herself or her hands. She looked over at me, and I showed her by putting my arms around Dorian and k!ssed him on the cheek. Leah smiled and started to laugh along with everyone else. To think that just a few months ago, this type of stuff freaked me out, and now I had no problem showing my love for Dorian and sharing that love with other people. Dorian changed my life for the better. I was now a werewolf with an amazing mate and boyfriend and was some kind of blessed wolf to boot. I felt my life starting to become complete and I was actually starting to feel what happiness really was.

{Mikey’s P.O.V.}

Luckily, things at the packhouse have been quiet. Sin is upset, she couldn’t have stayed, but we both needed to be at home. Everything was business as usual, and I ended up taking her to the firm with me to get the paperwork done. Sin was actually great at organizing and putting files away. I was actually contemplating hiring her as my assistant. I figured Dorian would not mind either.

“Mikey?”

“What’s up, honey?”

“These filing cabinets have been re-organized; do you need help with anything else?”

“No, honey, thank you,” she came over and k!ssed me.

“Do you have a lot of work to do today?”

“No, I am pretty much done,” I said leaning back in my office chair.

“Really?” she asked with a seductive tone. She smiled and walked over to my office door shutting it closed and locking it. She closed all the blinds. “Mr. Rays, you looked stressed, how about I relieve some of that tension for you,” she came over to me doing a se.xy walk. Seeing her a.ss move that way made my d!ck come to life in a matter of seconds.

She bent over k!ssed me while unbuckling my belt at the same time. She slowly lowered my pants enough to where my d!ck flung out.

“Mmmm... that didn’t take long did it, Mr. Rays?” she asked. Before I could even answer, she was going down on me hard and fast. I was enjoying this when my phone started to ring. I looked at the screen and it was Brandon.

“Yo?”

“Hey, what are you doing?”

“Mm...Uh...I’m just working,” I struggled to keep it together

“Dude, what’s wrong with your voice,”

“Ugh...Mm...Nothing. What do you want?” as soon as I asked, Sin s.ucked both of my balls into her mouth. “fvck!”

“What was that?” Brandon asked

“N...No...Nothing,”

“Mikey! Are you fvcking*g right now?”

“No! What do you want Brandon!?”

“Mmmm...” I heard Sin m0an as she kept s.ucking my nuts and massaging my d!ck.

“Allie’s heat is broken. We are going to resume the party for Wednesday night,”

“Cool, we will head over tomorrow morning then. I got all my work done...Ohhh,”

“Dude, what the fvck are you doing!?”

“GETTING MY BALLS SUCKED BY MY MATE! PISS OFF BRANDON!” I hung up and Sin started to giggle. I have girls go down on me plenty of times, but none could make me feel as good as Sin did. She was a fvcking*g pro at this. This was a good alternative to se.x for the time being. I sat back and relaxed while she finished me off.

Desert Heat Chapter 32 - Tips

{Sin's P.O.V.}

We were finally heading back to the Mojave Mountain packhouse. I was so excited to finally see Leah and Brandon officially announce their bond to everyone. Mikey and I were heading back in one car with Simba driving, and Paxton and Nick following behind in another. It took some convincing on my part to get Nick and Paxton to join us. All three of our guards are unmated, and we could not understand why. All three were good looking and super sweet. At first, Allie thought they were gay because we never saw them with girls, but come to find out, all of them took a vow of celibacy after sleeping around. Dorian apparently rubbed off on a lot of guys.

The guys were young too, all three of them were 24. Dorian chose them as our guards because they were all scary looking. All three of them are covered head to toe in tattoos and were huge. I actually found out from Mikey that all three of them were there at the club too. Allie and I had no idea because we were too busy worrying about Devin. It was because of their initial encounter with Allie and me that Dorian decided they would be our guards. The other guys that were there that day worked for Dorian and Mikey at the security firm.

“Simba, are you excited to see if we can find a mate for you?” I asked him from the back seat.

“Gamma, I doubt we will find my mate at the same place the Beta found his,” he responded

“Ai dos Mio, don't be such a Debbie downer,” he smiled and kept on driving.

“Honey, do you honestly think they will find mates?” Mikey asked me

“Doesn't hurt to try. And even if they don't at least they will get to the party and have some fun with all of us,”

“Honey, they’re still your guards, they will be on patrol, not having fun with us,”

“No, they will be enjoying the party with us! Because they will be next to us the whole time,” he just shook his head and I pat Simba on the shoulder to reassure him.

After another thirty minutes, we arrived back at the Mojave Mountain Packhouse. I jumped out of the car again and just ran inside. This time, it was okay because we were just coming back and not being formally greeted.

“I’m here!” I announced to no one in particular.

“What’s up skank!”

“Hey, hoe!” I heard my two favorite girls. We had a big group hug and squealed.

“What can I do to help?” I asked

“Nothing, we’ve been banned from helping because you and I are guests and Leah is the guest of honor,” Allie said to me.

“Cool beans, so which one of you wants to spill on the dirty se.xy talk?”

“SIN!” I heard Mikey yell behind me. Allie and Leah just giggled. Leah then paused and stared. I thought she was staring at Mikey, but when I looked, Nick and Paxton were standing there too.

“Wow! Who are they?” she exclaimed. Allie and I laughed. She had a mate and she was ogling other guys.

“Those Sin’s guards, Nick and Paxton. Nick is the guy with blue hair and Paxton is the guy with the neck tattoos,” Allie said

“Yeah, and you met Simba last time,” I added

“Are all the guys in your pack this fvcking*g hot?” Nick and Paxton just smiled at her.

“Pretty much,” Allie said. “Dorian makes sure that all of the fighters and guards are in tip-top shape. Also, I have seen them firsthand, they are all very blessed if you get what I mean,”

“Shut up b***h! When?” I asked.

“The night that my worst nightmare finally died,”

“How do they NOT have mates?” Leah asked. Honestly, Allie and I had no idea either, so we just shrugged.

“Leah, will you be a doll and escort them to their guest rooms?”

“Sure, Allie! Also, Sin, you guys will be using the same room you did before,” I nodded. Mikey and I went up with Leah and the guys to go put our things away.

{Allie’s P.O.V.}

After I was left alone, I figured I would go out back and see if there was anything, I could do without getting yelled at for helping. Dorian and Brandon went out for a run and would not be back for a while. I walked around and just little things here and there like helping balance something, hang up decorations, and a little heavy lifting.

As I was making my way around, I noticed a group of three girls just sitting at the table blowing up balloons. I looked closely and they were identical triplets. They were pretty too. They were all-natural red heads with freckles. They also looked extremely young. I decided to approach them.

“Hi girls,” I said as nicely as possible

“Hello Luna!” they said in unison.

“Do you need any help?”

“Oh, no thank you, Luna, we are all good,” one replied

“Yeah, we do it this all time. We mastered the art of balloon blowing,” another said.

“You mean you mastered the art of d!ck blowing,” the first one said. The second girl scowled at her.

“You can sit with us if you like,” said the third. I smiled and sat down with them and made small talk.

“So, I guess the three of you are triplets?” I asked. They all nodded with balloons in their mouths. “What are your names?”

“My name is Katie, I’m the oldest,”

“I’m Savannah, I’m the second oldest,”

“And I’m Ava, the youngest and our parents’ favorite,” she said in a joking tone.

“Shut up Ava!” Katie and Savannah yelled. I couldn’t help but laugh.

“How old are you?”

“19,” all three said. They were older than I expected.

“Do you have your mates yet?” all three shook their heads ‘no’. “I am quite surprised, you three are very lovely,”

“Thank you!” all three said. I just made a look and they all smiled. We talked some more and got to know one another. Everyone at this packhouse was very friendly. Everyone I had met was all so nice, and there did not appear to be any bad apples in this pack. The only issue I was having was being eyed by some of the unmated male wolves. You think they would eye their own pack members.

Off in the distance, I heard a howl and instantly knew it was Bandit and Eddie coming back. A couple of minutes later, a large black wolf and a chocolate wolf jumped over the fence.

I cannot wait to go running with Bandit

Soon, just hold on a little longer

Bandit walked up to me and the triplets and they froze in fear. Bandit ignored them and immediately nuzzled up to me. He was so warm and soft. I hugged his big snout and scratched his ear.

“Luna?”

“Oh, I’m sorry girls. This Bandit. He is Dorian’s wolf,”

“Ohhhh!” they all said.

“Bandit, this Katie, Savannah, and Ava, they’re triplets if you couldn’t already tell,” Bandit bowed his head. The girl bowed in return. Just then Eddie came up to us as well. “Girls, this is Eddie. He is Brandon’s wolf,” they all smiled and waved. “Can one of you text Leah to let her know Brandon is back? I don’t think she has ever met Eddie,” Katie immediately took out her phone.

Eddie laid down and just waited. Bandit went behind a tree and shifted back into Dorian. He came out with a pair of shorts they had laid aside.

“Hi, baby,” he said and gave me a kiss.

“Awww...” I giggled and Dorian sat down next to me.

“Luna, we are so envious!!” Savannah said tugging on a balloon to stretch it out.

“Seriously, we cannot wait to find our mates. We hope we can have a loving relationship like you and the Alpha,” Ava added. “Also, we hope they look like the guys in your pack Luna,” all three giggled.

“Or even Leah and the Beta! I mean, how lucky is she!?” Katie said. Just then Leah and Sin came running out with Mikey behind them.

“Oh my gosh, are you Eddie?” Leah asked staring at the huge chocolate wolf in front of her. He pranced over to her and rubbed against her. “Wow, you are so handsome!”

“Honey, introduce Mitch to everyone,”

“Sure,” Mikey said and walked behind a tree and undressed. A moment later, Mitch emerged.

“Oh wow! Mitch is silver,” Leah said. Mitch bowed to Leah. “Wait, why did he bow to me?”

“Because he knows that you are the future Beta female, it is a sign of respect since he is a Gamma. You technically outrank him,” Dorian said.

“Where did the boys go?” I asked Sin

“Oh, they’re tired so they wanted to nap before the party starts,”

“Boys?” Savannah asked

“Oh yeah, Sin and the Gamma brought their personal guards with them, they are super-hot!” Leah said to the triplets. Their eyes started beaming.

“NEW EYE CANDY!” Ava squealed. Eddie nudged Leah and made a sad face.

“Eddie, come on she is just complimenting them. You told her I was smoking hot, so she can say that about other guys too. It’s only looking,” I said to him and he huffed. “Alright guys, back to your human forms,” I said to Eddie and Mitch. They went behind the tree and changed back. Mikey decided to just carry his shirt.

“Wow!”

“Holy fvck!”

“Goddamn!”

All three of the triplets said at the same. We all just looked at them and three of them blushed and went back to blowing the balloons.

“You girls act as you have never seen a hot guy before,” Sin said to them

“Have you seen the guys in our pack, they don’t look like them!” Katie said pointing to our guys.

“Leah you lucky b***h!” Savannah shouted. Leah just took out her tongue.

“This is too fun, so I am just going to flat out ask you,” all three looked at me. “Who do you think it is the hottest out of our guys?” I look back at them and all three are smiling waiting for their answers.

“Allie!!” Sin and Leah shouted

“What? They are 19 and unmated, let them have enjoyed the eye candy while it lasts! And Leah is leaving with us, so this will be the last time for a while she can hang out with her pack members and friends,” both of them nodded their heads. “So, before you answer, how about each one of you take a balloon and give it to the one you like the most,” they all nodded and grabbed a balloon

out of their basket. I made Dorian get up and go stand with the guys, while Sin, Leah, and I stood back and just watched.

“I’ll go first,” Katie said. She bit the tip of her tongue and just blushed. I’m sure having three of the sexiest men live right in front of you was making it difficult to breathe. “This is hard!” she yells, and we all start laughing. “I’m sorry!” she yells and gives her balloon to Brandon. Brandon winks at her taking the balloon and she runs back to her seat and covers her face.

“My turn!” Savannah says and steps up to the guys. As she was contemplating who to pick, I saw that a lot of the omega staff were watching and also enjoying the small game we were playing.

“Pick the Alpha!” someone yelled.

“No! Pick the Gamma!” yelled someone else. All of us just started laughing at how many people got into this.

“Savannah wait!” I shouted. She looked at me.

“Change of plans! All females can participate, mated, or unmated. Guys turn around and face the fence,” they looked at me funny. “Face the fence!” I shouted. They turned and faced the fence. “Okay, on the count of three, everyone line up behind the guy you think is the hottest,”

“Baby!” Dorian shouted

“It’s a game! It’s just for fun! Sin, Leah and I will not participate because we will be biased; however, we are going to make a bet,”

“On what?” Sin asked

“Dishes after dinner for a week!” I said.

“You’re on b***h!” they both shouted.

“Everyone ready!?” I asked the crowd

“YES LUNA!” they all shouted.

“One! Two! Three!” with that everyone started to run around to figure out who they wanted to stand behind. Sin, Leah, and I turn away so we could be surprised. “Is everyone in a line?” I asked

“Yes!” With that, we all turned around and mouth dropped to the floor. There were so many people, the lines looked even.

“Okay, we will each count the people behind our respective mates,”

“I see babies, do babies count?” Leah asked

“Yes! Each individual soul counts!” I said. With that, we got to counting. About five minutes later, we came back to the table and the crowd just waited.

“Sin?”

“24!”

“Leah!”

“24 also!”

“Allie?” they asked. I paused for a moment and looked at Dorian.

“YOU BITCHES ARE DOING THE DISHES! 27!!” The line behind Dorian cheered and Dorian came and hugged me and gave me a kiss.

“Alright! That is enough!” we all heard a voice boom. We look and see Alpha Jefferies. The pack disbursed and went back to work. “Luna,”

“I apologize, we were just having a little fun,”

“Please, no apologies needed, we were all watching from inside the house. It’s nice to see you include everyone,” I smile

“Alpha Shaw, you have a fine Luna indeed. She cares about others and tries to include everyone, even if it is at your expense,” he says and laughs. Dorian and I smile.

After our little fun, we all headed inside to get ready for the celebration. It was not anything too formal, but we decided to get a little dressed up anyways. All of the guys wore button-down shirts, jeans, and dress shoes. I wore an off the shoulder blouse with some jeans and black strappy heels. Leah put on a simple black dress and white pumps and Sin wore a floral pattern romper dress that had a sheer train and flats.

Alpha Jefferies announced the mate bond between Brandon and Leah and officially released her from the Mojave Mountain Pack. Immediately thereafter, Dorian invited her into the Desert Moon Pack. Everyone cheered and the festivities began. There was so much food and alcohol. It was insane. Everyone was dancing and having fun, that is, everyone except Simba, Nick, and Paxton. All three were just standing around with their hands behind their backs.

“God you guys, seriously?”

“What?” Simba asked

“It’s a party! Relax and have some fun!”

“Luna, we are on duty,” Paxton said

“Well, I am officially relieving all three of your duties for the rest of the evening! Now get your a.ss moving and go mingle!” all three smiled and walked off to the buffet. I just rolled my eyes and walked around some more. I was saying my pleasantries to a bunch of people when I pulled to the side by one of the triplets.

“Luna?”

“Katie?” she nodded. The other sisters walked up to me. “Savannah, Ava?”

“Luna?” all three said.

“What is it?”

“Those three guys you were talking to just now,”

“My guards? What about them?” all three of them looked at me and bit their lips. “Oh girls, you think they’re hot, don’t you?”

“They are, but that’s not why we came up to you,” Katie said. All three of them had nervous looks on their faces, and sort of smirked.

“Oh.my.god.”

Desert Heat Chapter 33 - Tips

{Allie's P.O.V.}

There I was, standing in front of the ginger triplets and all three of them were trying to tell me, one of the guards was their mate.

"Wait, are you all three of you trying to tell me..." they all nodded. "And it's not just because you think they're hot?" they shook their heads. I felt like my eyes were going to pop out of their sockets. I looked at them had nothing to say. It felt as if my plan to find a mate for the guys somewhat backfired on me. Because not only did I potentially find all three of their mates, but triplet sisters.

"Luna, will you help us?" Savannah asked

"Okay, first I need to know which one you think belongs to you,"

"The one with spiky hair," Katie said

"The one with blue hair," Savannah said

"The one with neck tattoos," replied Ava

"Okay, so Katie, you are claiming Simba, Savannah, you are claiming Nick and Ava, that leaves you with Paxton,"

"Will you introduce us?" Katie asked

"We need to do this a little more formally, especially since it is all three of you. So, girls go find your parents and tell them I want to meet them in, Alpha Jefferies office. I will go gather everyone from my pack, and your Alpha and Luna and will meet you there," they nod and take off.

I gather myself and go find Dorian.

"Hey, baby, everything okay?"

"I-I...I have no idea,"

"What's wrong?"

“Remember the triplets from earlier today?”

“Yes,”

“Well, all three of them think that one of the guards is their mate,” I grit my teeth

“You have to be fvcking*g kidding me!” I press my lips together and shake my head.

“Baby, I need you to mind-link everyone and have them meet us in Alpha Jefferies office and don’t say anything about this. I will go find Alpha Jefferies and Lilian,” he nods and his eyes cloud over. I look through the crowd and find Alpha Jefferies and his Luna and explain to them what I think is happening. They get up and we all head over to his office.

When we get there, Dorian and the guys are waiting outside the door.

“Allie, what is going on?” Sin asks.

“Everyone, I respectfully ask that you all go inside the office and wait. Boys, go the very back wall and face the wall,”

“Allie?” Simba says

“Just do it, please? Dorian and Alpha Jefferies, please wait out here with me,” they stay where they are and everyone else goes into the office and leaves the door ajar. We waited another minute or so, and the girls came to the office with the parents.

“Alphas, Luna? What is the meaning of this?” their mothers asks

“Well, it appears that your girls believe my guards are each of their respective mates,” I explain

“Girls is that true?” their father asked. All three nod.

“I don’t understand, Luna if that is the case, why are we needed?” asked their mother

“Because they are girls, and they are young. If they are in fact the mates to my guards, they would be released from your pack, and come to ours,” their parents then realized why I needed them present.

“But why can’t the guys come to our pack?” Ava asks

“Sweet girl, that’s not how it works, unfortunately,” Alpha Jefferies said.

“Females are the ones to leave their home packs if they are mated to a male in another pack, that’s just how the law works. That is why Leah has been released,” he explains. The girls all nod and look at their parents.

“I am sorry about this. I just brought my men hoping they would find a mate. I never expected it to be your girls,” I say to them. I felt horrible. If they were mates to the guys, and then I would be taking all three of their children away from them at once.

“Luna please do not apologize. It is the way of the world we were born into. If the moon goddess has chosen your men to be the mates to our girls, then we must respect that and allow fate to lead them,” their mother said. Their dad sighed deeply and nodded his head.

“Okay, mom and dad, please go with Alpha Jefferies into the office and wait,” they did as I asked and left the door ajar again. “Dorian, ask Brandon if the guys seem to be reacting to anything?”

“Why?”

“Because Brandon told me that he could sense Leah before she even came in the door. If the girls are the mates to any of the guys, then they should be reacting,” Dorian nodded his head and his eyes clouded over. I looked at the girls and they are all fidgeting and biting their nails. “Girls, I need you guys to calm down,”

“Luna, we know what we feel. It was different than when we saw the Alpha, Beta, and Gamma,”

“Katie is right, this is something totally different,” Savannah added, and Ava just nodded in agreement.

“You were right,” Dorian said. Say what? I looked at him. “Brandon says all three of them are acting weird and whispering to each other about something. He said that Nick even looked towards the door,”

“Baby, go into the office please, and I need you, Brandon, and Mikey to make sure the guys don’t pin the girls against the wall and dry-humped them the way Brandon did to Leah in front of their parents,” he kissed me on the cheek and went in. I looked at the girls and they were now getting excited hearing that the guys were reacting to something.

“Do you girls want to do this together, or separately?” I asked them.

“Together,” they responded.

{Dorian’s P.O.V.}

I went into the office and told Brandon and Mikey what was going on. I looked over at the guys against the wall and see that Brandon was right. They were reacting to the scent of the triplets.

“We are coming in,” I heard Allie say. Brandon, Mikey, and I stood behind Simba and the other two to prevent from doing something stupid. “Come on girls,” Allie said and immediately the guys started to react. Paxton ended up growling when he sensed the triplets entered the office.

“You guys need to stay calm,” I tell them.

“Boys, I need you to turn around very slowly,” Allie said. All three of them turned and stood their ground. They all look past us and eyed the triplets. Then all three of their eyes turned black and they all tried to push past us. Trying to hold back three males from their mates was a challenge, but luckily, I am an Alpha. I let out a single growl and all three calmed down instantly.

“Girls! No!” Allie shouted. “Wait for them to come to you,” she paused for a moment. “Boys, one at a time, and as calmly as possible, come find your mate,”

I let Simba go first, and I could see he was trying to fight the urge to just run up his mate. He walked up to the triplets and inhaled deeply. He stopped and walked up to the oldest, Katie. He grabbed her by the hips and inhaled her scent,

“Mine!”

“Hi,” Katie said while letting out a breath

“Hello, gorgeous, what is your name?”

“Katie,”

“I’m Simba,”

“Really? My wolf’s name is Nala,” Allie’s jaw drops to the floor and she turns to look at me. I knew exactly what she was thinking.

“Okay, you two, go sit down, please. Paxton, your turn,” Mikey let go of Paxton and he immediately walks up to the girls. He didn’t have to sniff; he knew right away. Paxton walked up to Ava and embraced her.

“Hello, my mate,” Paxton says while looking deep into Ava’s eyes. “My name is Paxton,”

“I’m Ava,” Paxton picks her up and she wraps her legs around his waist.

“Paxton! Put her down!” Allie commands while trying not to laugh. Paxton obeys and puts Ava down. “That leaves only one,” Brandon lets Nick go and he goes straight to the remaining sister.

“I’m Nick,”

“I’m Savannah,” Nick leaned in to kiss her

“NICK!” Allie shouts. Nick stop what he was doing. “Okay, I know that the six of you are very excited right now, but we have parents in the room who are about lose their only kids, so be a little more respectful huh?” Allie was already showing her skills as Luna and keeping things organized. I was super proud of her.

“Sorry Luna,” they all said.

“Mom and Dad, how are you holding up with all of this?” she asks their parents

“We are excited!” the mother says. Allie furrows her brows. “Luna, you are some kind of matchmaker. You felt compelled to bring your men to our home, and inadvertently befriended the girls before knowing they were their mates,” she continued.

“Luna, we don’t deny we are sad our girls will be leaving our pack, but we could not be happier for them to have found their mates at such a young age,” their father adds

“We are even more excited that it is with your pack. They will not be alone because they will have Leah, a person who also shared this home with them. And seeing the way your men are trained and how intimidating they look, we know our girls will be safe with them,” the mother continues. Allie lets out a small sigh and looks at me. I nod.

“Alpha Jefferies, I believe it is now your turn to speak,” Alpha Jefferies stands and has the girls walk over to them with their parents on either side of them.

“I, Charles Jefferies, Alpha of the Mojave Mountain Pack, hereby release Katherine, Savannah and Ava Murphy from our pack,” the girls instantly felt their bond with their pack break. Alpha Jefferies stepped back, and I stepped forward.

“I, Dorian Anthony Shaw, Alpha of the Desert Moon Pack, hereby welcome Katherine, Savannah, and Ava Murphy to our pack,” I felt a connection the triplets and mind linked them immediately,

Girls welcome to my family. All three of the smiled indicating that they heard me.

“Alpha Jefferies, I look forward to our alliance and working with you in the years to come,” I shake his hand.

“I as well, but please know, that you will eventually be working with my son, Chares Junior, C.J. for short,”

“You have a son?” Allie asks

“Yes, we apologize for not letting you know sooner. He is currently traveling the world. He wanted to get it out of his system before taking over,” Lilian replies

“Well, then, I looked forward to meeting with him in the future,” I say to them. I looked down at Allie and she is making her signature thinking face.

“Baby, I see the wheels turning in that big brain of yours,” I say to her bringing her close.

“I don’t think we have enough room in the cars,” she says

“We have two Tahoe’s,”

“Yeah, and four additional women coming home with us. Do you know much stuff women their age owns?” Allie had a good point.

{Allie’s P.O.V.}

I looked at the new couples and my heart could not be happier, but I realized that four new women would be coming home with us, along with their personal belongings.

“We may need to rent a moving van to carry everyone’s things,” I said to Dorian and he nodded in agreement.

“I will take care of it,” he replies.

“Okay, I actually need to speak with Leah and the triplets. Sin stays, Dorian stay, everyone else out. Please,” everyone left pretty quietly except the boys. “Boys! Out!” I command and they get up reluctantly. “You will get them back, just go...” with that they leave and close the door.

“What’s up Allie?” Leah asked

“Okay, I want to do this now, that way everyone can enjoy the ride home tomorrow afternoon,”

“Tomorrow!?” The triplets exclaim

“Yes, tomorrow. As ranking members, we need to get back ASAP,” I say referring to myself, Dorian, Sin, and Leah. The girls nod. “Tonight, I need you all to pack your personal belongings, but only bring what is absolutely crucial to you. Do not overpack clothes or shoes. If you need stuff delivered, I am sure we can arrange for that in the future, but right now, only pack essential items. Do not overdo it on clothes, because their rooms in the packhouse are small right now. We will move you guys to bigger rooms with bigger closet spaces; however, right now, I need you three to learn to be minimalists,”

“Yes, Luna,” they respond

“What about me?” Leah asks

“You can bring a little more if you want, but honestly, Brandon may just rebuy everything for you,”

“What?”

“Leah, Brandon owns five clubs in the state of Nevada, he is very well off,” she makes an O shape with her mouth and just nods.

“Girls, the guys also make decent money; however, you three will also have jobs within the packhouse and will make your own income,” Dorian says. They all look up at him. “You will have a choice between maintaining the packhouse, working in the kitchen, or doing laundry,” their mouths drop. I guess they had never been put to work before. “It is new, but that is how our packs work. No one in the house lives there for free. Everyone has a job, and everyone works as a team. That’s what a pack is. Allie, Leah, and Sin are in charge of making sure these kinds of jobs run smoothly for everyone,”

“Or you can choose to work in the pack hospital if you like. Dr. Quinn could always use new nurses to help with the sick or injured,” I add.

“You will get paid as I said, and you will get vacation days as well. The boys work regular 9 to 5 hours unless we travel somewhere, so you will have to get used to them not being in the house all the time,”

“We understand Alpha and Luna. We will do our best to contribute to the pack. We are just really excited we found our mates. And we still get to get live together,” Katie says speaking for all three of them.

“Dorian, I think it would be a good idea, to let the boys have a week off so they can bond with their new mates and allow the girls to settle in,” I say to him

“I think that is a good idea,” Dorian replies.

“Do I get bonding time?” Leah asks

“Are you fvcking*g kidding me right now? You have been bonding for almost a week!” Sin says.

“Plus! We have important business to tend to when we get back, Beta,” I tell her.

“Oh, yeah...” Leah says. I roll my eyes at her and she laughs

“Alright, if no one has any questions, go pack,” everyone smiled and walked out.

“Girl you are something else!” Sin says hugging me. “What you did, is insane,”

“She is a Luna,” Dorian says and hugs us both.

“We came here to find the third blessed wolf, and now not only are we leaving with our blessed wolf, but we also added a set of triplets to that,” I said while laughing at how ridiculous all this had become.

“Baby, what made you sit with the triplets at the table anyway?”

“I am wondering the same thing?” Sin said

“I honestly have no idea. I was just wandering the backyard helping where I could, then saw them. I was just drawn to them for some reason,” I said.

Mercury, do you know why I was drawn to them?

I do,

Care to share?

Ahndwae (Can't do that)

Mohgah ahndwae? (What do you mean you can't?)

Najoongae (Later)

Yah! (Hey!)

With that, Mercury disappeared into the back of my mind.

“Were you fighting with your wolf just now?” Sin asked

“She knows something, but she won't tell me,” I say and squint my eyes.

What was Mercury hiding?

Desert Heat Chapter 34 - Tips

“Don’t hide from me Leah, this body will soon belong to me fully,” he traced his kisses along my jaw, my neck, and my chest again. I felt his tongue flick one of my nipples and I gasped. They were sensitive and I could feel that they were hard. Brandon did things to my body I never felt before. He continued to flick his tongue against my nipple, alternating between the two.

“Stop teasing me,” I whispered. As soon I said this, Brandon took one of my breasts fully in his mouth and began to suckle it. So, this is what it feels like. The sensation of pleasure filled my body as he sucked on it harder. He moved onto the other one and then air-cooled the nipple he just finished. I always wondered why I saw men doing this in porn videos and why women would lose their shit over it. It felt so fucking amazing.

As Brandon continued his assault on my boobs, he took his hand and started to rub his finger between the folds. Because I was still in my dress from the ceremony, and all I had on underneath was a G-string. Brandon could easily fuck me, but he was holding back, he had to. I wanted him so bad, I was craving for him to put his dick inside of me.

“Please Brandon, please,” I begged. He just continued to tease my slip through my panties. I was so wet, and my panties were soaked. “Baby, please, put them in,” I was begging for Brandon to finger me. I needed penetration. All this touching was only becoming annoying because I wanted more.

“Beg me,”

“Please, please, please...” I wiggled underneath him. “I need it, baby,” He sucked on my breast again, moved my pantie out of the way, and inserted a finger. “Ah!” I arched my back and started to moan as he slowly moved his finger in and out.

“Do you like that baby?” he asked me and started to go a little faster

“Yes, oh my god, yes Brandon,” he kissed me and moved a little faster. I moaned and groaned and wanted to scream but I had to fight it. “Mmm...Ah,” I broke the kiss because I felt him insert a second finger without warning.

“You’re so wet Leah, I want you to c.um on my fingers. Can you do that for me? Be a good girl and c.um for Daddy,” hearing him call himself Daddy made me lose all control.

“I’m going to ...” Brandon crashed his lips into mine as soon as my org*asm hit muffling my moaning and screaming. He didn’t stop though, he kept going. I felt him breathe through his nose, he was not going to stop kissing me or fingering me. He increased speed and went as deep as he could every time he pushed in again. I broke our kiss when the second org*asm hit me and tried to breathe through it.

“That’s right Leah, c.um for Daddy,”

“Ah, oh shit, mmmm...” my legs started shaking and kept breathing through the pulses of euphoria.

“Good, just breathe baby. While you come down from your cloud nine, let me taste this sweet c.um of yours,” what did he say? By the time I registered what he said, he spread my legs wide where my knees were touching the bed. He put his face between my legs and licked me up, down, and sucked on my clit. My pussy was so tender from two consecutive org*asms, and I just grabbed his hair. I heard him growl and it vibrated against my skin.

I felt him lick me one more time and then come back up to his feet. He let go of my legs and I just fell limp.

“Brandon, what the fvck?” was all I could say. He just smiled and shook his head.

“Leah, sweet cheeks, if you think that’s good, wait until I get you back home in my room. It is soundproofed, all of the rooms in the packhouse are soundproofed, even guest rooms. Not only will I kiss you, finger you, eat your sweet pussy, but I will make hot passionate love to you, and once you are used to that, I will fvck you harder than you could ever comprehend. You will scream my name to the heavens,”

“Okay,” was all I could say do that. What he said was enough to make me wet all over again. Moon goddess thank you!!!

“I will also buy you a new dress to replace this one. Now get up and pack. When we get back the first thing, I have to do is turn you at the pack hospital. Your transition will only take a few hours since you are a hybrid. You definitely will not experience the sh!t Allie and Sin did when they transitioned,”

“What happens after that?” I asked him, taking off my torn dress and changing into a shirt and shorts.

“Then, all of us go to our rooms, mate, and mark each other. Then, all three of you will shift together. Once that is complete, and it is confirmed that you are indeed the third blessed wolf, which I do not doubt at all, then we have a small ceremony in Dorian’s office to welcome you as the new Beta female to our pack,”

“Sounds like a clear plan,” I said. He changed out of his dress clothes and helped me pack my things. I ended up packing one suitcase and a backpack. I brought some immediate clothes and underwear, but Brandon insisted on taking me shopping after everything was said and done.

{Brandon’s P.O.V.}

The morning after breakfast, we all packed up our stuff into a moving van that Dorian ordered. Although Allie told the triplets to pack light, they still had three suitcases each. The guys have no issue with that thought. The triplets already had out three best guards wrapped around their fingers. What was even crazier, was that they wasted no time mating and marking each other. All six of them had their mates mark on them, and all it did was piss off us ranked members.

Dorian actually tore into the guys about it because they knew why we came to the Mojave Mountain pack in the first place. The fact that they could not wait to get home before mating and marking the girls pissed him off. If we were on our own territory, Dorian could care less, but it was more of a respect thing to the girls’ parents, their former pack members, and us.

Allie ended up tearing into the girls because she specifically told them to pack and wait until we got back to our packhouse before doing anything and they disobeyed her. Leah also backed up Allie since she had also told them not to have se.x. The girls were not even on our territory yet and they were already on strike one with Allie. Allie may be a new Luna, but she definitely takes the role seriously. I honestly was proud to call her my Luna. I was grateful to her because she was the one who figured out that Leah was my mate.

Hell, she even found the guys' mates for them before anyone else did. It was insane how Allie could just sense something and be drawn to people that way. I honestly believed it was part of her powers as a blessed wolf. I walked over to where the girls were. Sin was in the car with Mikey just waiting. The Gammas really had no role in situations like this, but since a Beta's role is to make sure rules are followed by all pack members, Leah had a right to be angry.

"You three not only disobeyed me, your new Beta, you also disobeyed the Luna!" Leah yelled at the girls.

"I also told you to pack and to pack light. There are nine full-size suitcases between the three of you alone. There are nine other people in this group!"

"Have you also noticed that neither Allie nor Sin have marked their mates? Want to know why? Because they wanted to wait for Brandon and me, out of mutual respect. So, Brandon and I have also been waiting to get back to our new territory. You three should have had enough respect to wait as well. Especially after what the Luna did for you three last night!" Damn, Leah was already making a great Beta female. Probably because she always had it in her being the granddaughter of a Beta. I just watched as the girls were being lectured. They were young and were not thinking straight. The mate bond kind of does that to you. The guys should have enough restraint to wait though.

"Because you three disobeyed me, and already did the deed, I will be cutting your seven-day bonding time, to three days. And guess what, day one starts today. So, that means you only get two full days at the packhouse before the boys are back at work and you three will start your omega duties in the packhouse. I suggest, using the two-hour drive to figure where you want to work. When you do, tell Sin and she will make sure you get what you need for your first day. Understand!?"

"Yes, Luna!"

"Now, go say goodbye to your parents," they scurried off. "Leah, did you want to go say to your parents too?"

"I said my goodbyes this morning. Thank you though," I walked up to Leah and wrapped her in a big hug.

“Damn sweet cheeks, you are already making an awesome Beta. Part of your job is to help me make sure rules are being followed, so stuff like this is a good test of your abilities,”

“Un-fvcking-believable,” Leah said

“I’ve heard that before,”

“Sin said it when Devin stole our car,” Allie said.

“Ah, I remember now,” Allie shook her head and rolled her eyes. Dorian came walking up to us, and I saw the guys with their heads down and walking to the car. If they were in their wolf forms, their tails would be between their legs.

“fvcking*g idiots,” he said under his breath. He picked up Allie and buried his face in her neck. Smelling Allie always seemed to calm him down.

“What’s the punishment?” I asked him

“Five extra miles during morning training for the next week, 200 extra push-ups and sit-ups, and they will be doing the dishes after dinner for a week instead of Lean and Sin,”

“Did you tell Sam and Lucas?” I asked him

“I sent them a text. They’re more than excited to kick their a.sses,”

“Sam and Lucas?” Allie asked still in Dorian’s arms.

“Yeah, not only are they team leads, but they are also our two head trainers. Sam in charge of the cardio and hand to hand combat training, and Lucas works with strength, endurance and marksmanship,” I said to Allie. She just nodded.

“What did you punish the girls with?” Dorian asked

“Instead of a week of bonding time, I cut it to three days, and day one is today. So, they only get two days when we get back home before everyone goes work,”

“That’s my girl. Strict yet fair,” Dorian said and k!ssed her. Leah turned away and buried her face into my c.hest. For someone who was kinky like her, she

sure was skittish about PDA. A few minutes later the triplets came back out. They got into the car with the guys and before they closed the door,

“Hey! If I even smell bodily fluids in that car when we get home, I will cut your entire bonding time. Got it!?” Allie shouted at them.

“Yes, Luna!” all six of them shouted. We all just laughed. I looked down at Leah and smiled at her.

“Let’s go home,”

Desert Heat Chapter 35 - Tips

“Wow, I didn’t realize that he was so possessive of her,”

“Not possessive, protective. Dorian fell in love with Allie the moment he laid eyes on her at the club. We actually drink and eat for free, but Dorian felt the need to pay for everything because he wanted to be sure that Allie got some extra money for her work, and he expected to take things slow with her, but her ex showing up expedited everything,”

“Sin told me bits and pieces of everything that happened, but I didn’t realize how serious a lot of it was,”

“Dorian loves Allie more than Allie loves him to be quite honest,”

“How can you tell?” I asked. That was interesting

“Well, Allie said it herself, she would rather sit on her own b.utt, but Dorian wants her in his lap, so she complies. Don’t get me wrong, Allie loves Dorian too, but Dorian loves her just a bit more,”

“Wow, Dorian is basically a lovesick puppy when it comes to Allie huh?”

“I think that applies to all males when it comes to their females,” I giggled at his comment.

“Dorian used to hate PDA too. Whenever he dated anyone in the packhouse, it stayed pretty secret. If the girl tried to hold his hand or anything like that, Dorian would either snap at them, pretend they weren’t dating, or just dump them altogether. That is also how I know Dorian loves Allie,”

After Brandon explained all that to me, I actually started to see the appeal. The Alpha and Luna loved each other and didn't care who knew or saw. Knowing about Allie's past, and seeing how she is, now, only reassured me that the mate bond was that powerful. It allowed someone as broken as Allie to find love, have a chance to be loved and be able to love. And because of Allie, she brought Brandon to me and other guys to the triplets. Allie was definitely someone special, and I was proud to call her my friend and my Luna.

"Hey, I have a fun idea!" Allie shouted

"What?" I asked

"Leah, have you heard of our game called Tap n' Tickle?"

"Tap and what?"

"Tap n' Tickle!" Sin shouted from the front seat.

"No, how do you play?" I asked.

"Like this!" Allie turned and smacked Sin's arm.

"Hey! b***h!" Sin shouted and turned around slapping Allie's leg, or that what it looked like.

"You tap or tickle your opponent, avoiding the head and face. The first person to 10 taps or tickles wins each round or if their opponent taps out. The first person to get the best two out of three rounds is the ultimate winner. We have been playing for years," Allie said while poking Sin on her side.

"Stop! Or I will come back there and kick your a.ss! Watch out Leah, Allie cheats!"

"I do not!"

"Who is winning?"

"Oh, I am," Allie says blowing on her nails and being c0cky. "We should play after dinner tonight. We can have fun, while the Simba and the others do the dishes," Allie says poking Sin again

“Leah, Allie is ticklish on her feet!” Sin yelled

“Hey! Stop giving away my secrets! Skank!” spat Allie

“fvck you, b***h!” Sin responded

“You hoes are something else!” I shouted. The three of us rolled over laughing the car while the guys looked just as confused as ever.

The rest of the ride was super fun after that. We pulled up this amazing property in the middle of the desert that hidden away from the main road. It was humungous and made the Mojave packhouse look small. There was the main packhouse, and smaller townhouse looking homes. The territory was basically its own neighborhood. It was really something else.

Everyone got out of the car, and Allie went straight to the other car to make sure the triplets and the guys didn’t do anything naughty. She nodded once and everyone gathered their bags and went inside. The house was beautiful inside. Everything had burgundy and orange décor that symbolized the Desert Moon. The living area was super spacious and there were pack members are all over the place. Everywhere we turned, a pack member was greeting us. The triplets and their mates all went upstairs. Our guys went to put our stuff away and Sin followed after Mikey.

I was already being referred to as Beta. I wondered how everyone knew who I was but realized that Dorian had probably already told everyone via mind link. Everyone was super friendly and respectful. I saw this dirty blonde hair girl walk straight up to Allie with a baby in her arms and pass the baby over to her. Allie gladly took the baby and k!ssed her cheek. I loved babies, so I wanted to meet her,

“Who is this?” I asked Allie

“This is my little twin. Her name is Allison, and this is her mama, Casey,”

“Hi baby Allison, and it is a pleasure to meet you Casey,” I said shaking her hand.’

“Oh, Beta, the pleasure is all mine,” she responded with a strong country accent. This was first for me.

“Texas?” I asked. She looks at Allie with a frown and they both just started laughing.

“Sorry, Leah. When Casey and I first met, she told me that everyone thinks she is from Texas, but she is actually from Tennessee. I was the only person that has ever guessed correctly,” Allie said while bouncing Allison in arms.

“You are so good with her?” I said to Allie

“She and I built our relationship,” she said kissing her chubby cheeks again. I played with her hand and she started to smile.

“Beta, she likes you too,” Casey said. I couldn’t wait to have my own pups with Brandon. Allie then handed the baby back to Casey and they left.

“Why don’t we get changed and get ready for dinner. We can play a round of our game, and then head over the pack hospital,” she said to me. I nodded my head. She took my hand and led me upstairs to the second floor and straight to Brandon’s room.

“Do I have to knock?” I asked

“What? Leah, it’s your room too, just go in,” she said and waved.

“Wait, where is your room?”

“Our room and personal offices are on the third floor. Basically, Alphas and Lunas are on the very top, Betas and Gammas are on the second floor, and selected Omegas are on the first floor. Most of the pack members live in the townhouses within the territory and come to the main house to hang out and have fun,”

“Okay, got it,” She waved and ran up the stairs. I opened the door to Brandon’s room and was shocked at big it was. He had a king-size bed, his own bathroom, and a fairly large closet.

“Babe, is that you?” Brandon called from the bathroom.

“Yeah,” he poked his head and came out. He was shirtless.

“I put most of your stuff away in the closet and drawers. I also put your toiletries in the bathroom and shower stuff in the shower,” he said kissing my cheek.

“Wow, I guess I’m all moved in huh?” I said.

“Yes, you are,” he said grabbing my waist and giving me a kiss.

“Allie said we would have dinner, play the game and then go to the pack hospital,”

“Sounds like a plan,”

“I’m going to take a shower,” I said and headed for the bathroom. When I opened the door, there was a giant garden jacuzzi tub, and the shower was actually an open wall shower. No doors or curtains were needed. There were four showerheads that lined the top, front, and back and other smaller showerheads within the walls. This was the fanciest shower I had ever seen.

“You like?” he asked me

“This has to be the most luxurious shower I have ever seen,”

“You think this is fancy, you should see Dorian and Allie’s bathroom,”

“Wait, where do you turn on the water?” I asked noticing there were no nozzles

“Oh, it’s a smart shower, see this?” he showed me a touchpad on the other side of the wall. “You hit the button for the corresponding shower head to turn it on, set the temperature of the water, and walk right in. When you’re done, you hit the off button and it shuts off,” he said while pushing a few keys.

“Once you figure out the temperature of the water you like, let me know and I can have it set to that automatically,” he said and kissed my cheek.

“Awesome! Now out! This shower and I need to get to know each other,” I pushed him out of the bathroom and locked the door. This was going to be so much fun.
