“Everything is fine, they are taking me there so Brandon can fully turn me. Best to be under the watchful eye of the doctor,” Leah told them. They all nodded their heads, and we all went our separate ways.

By the time we got there, Dr. Quinn already had a room ready for Leah. She changed into her hospital gown and laid on the bed. We all took a seat in the room and just waited.

“Good evening Beta Leah, it is a pleasure to finally meet you,” Dr. Quinn said coming in.

“Hello, Doctor, it is a pleasure to meet you as well,” Leah said

“Beta, please take your place, and get ready. Once I have finished writing down her current vitals, we can proceed,” Brandon nodded and sat on Leah’s bed.

“You can do this Leah, it should be a cakewalk for you,” he said and kissed her forehead.

“He is right, Leah. Since you are a hybrid, you should only experience some of the symptoms. It will mostly consist of chills, and fever, and a mild seizure. Since you are half-wolf, it is possible your wolf is only suppressed by your human genes and will surface much faster than the Luna or Gamma,” Dr. Quinn added.

“Lucky hoe,” Sin muttered under her breath. We all just laughed.

“You know that term really doesn’t fit me Sin. How I can be a hoe if I am still a virgin?” Leah snapped at her

“Whatever! Don’t be so technical,” Sin said and stuck out her tongue. I just shook my head and leaned against Dorian.

“Are you tired, baby?” He asked softly, and I nodded my head.

“But I need to stay awake for Leah,”

“Doctor, how long will this take her?” Sin asked

“Honestly, Gamma, it should only take a couple of hours. No more than five,” Dr. Quinn said and placed the IV in Leah’s arm. “Alright, we are set. Beta, whenever you are ready, you may begin,”

“Sweetcheeks, this is going to hurt,” he said as he leaned into her neck. Leah took a deep breath and held onto Brandon’s shoulders. “I love you,” he said and then bit down. A few seconds, Leah started to scream in pain which indicated Brandon’s venom entered her bloodstream.

“Leah, I need you to breathe!” Dr. Quinn said as Leah’s heart rate started to increase and her blood pressure rise. Leah was taking short rapid breaths and kept her eyes on Brandon. I looked back at Dorian with a worried face.

“She will be fine, there is minimal risk to her because she is a hybrid,” he reassured me. I nodded my head. Leah had quickly become one of my closest friends. When Sin first introduced us, it was over the phone, but I never maintained actual contact with her. I honestly had no reason to, but after finally meeting her, hanging out with her, and actually getting to know her, I felt so drawn to her. She was a good person and an amazing soul.

About an hour later, Leah started to show signs of exhaustion and fatigue. She had a fever, but it wasn’t too bad, compared to what Sin and I had to go through. She didn’t vomit or have any other major symptoms. Unlike what Dr. Quinn had said, she didn’t even experience chills. She was sweating from the fever. She was doing better with the partial transition than anyone had expected. Once Leah was resting, Dr. Quinn had left to go find Elder Maxwell.

Sin and Mikey had fallen asleep, and so did Dorian. I sat in the chair next to Brandon as we both watched over Leah.

“Allie, you can rest, you don’t have to wait,”

“Yes, I do. You waited for me and Sin. The least I can do is wait for Leah,” I took his hand in mine and kissed his cheek. “Can I tell you something, Brandon?”

“Sure,”

“When I first met you and the guys at the club, and Sin was talking about mates and stuff, I was actually a little bummed it wasn’t you,”

“Really?”

“Yeah. I mean, I love Dorian, even more now that I can feel the bond between us, but when I was human, a little part of me wished it was you,”

“Truth be told, I was a little jealous of Dorian that day too. He was the one that requested you to be the bottle girl,”

“I figured just as much once I found out I was his mate, and how filthy stinking rich he is,”

“When I first saw you though, I thought you were the prettiest human I had ever seen, and you were completely unphased by the dozen hot se.xy werewolves that were right in front of you. All your friends had no problem with fl!rting with us, and of course, Mikey found Sin immediately,”

“My past had a lot to do with it, honestly. I hated men. I hated all men. I felt that all men wanted, was se.x, alcohol, and drugs. When I saw you guys, I thought ‘damn, why can’t all guys look that yummy?’ It was the first dirty thought that I had about the male species in a long time. Then I locked eyes with Dorian. I felt something, but I just thought I was being horny, haha. Then all the sh!t with Devin went down and I met you. Your kindness that day is what drew me to you first,”

“Do you regret being mated to Dorian?”

“God no. I love him so much. Between you and me, I want to marry Dorian and spend the rest of my life with him, not just as mates, but as husband and wife,”

“He would be really happy to hear that. I know firsthand how in love he is with you, and I don’t blame him. You are an amazing woman Allie, you bring out the best in people, you’re wicked smart, and have a good head on your shoulders. No one would ever believe the sh!t you went through,”

“I appreciate that coming from you, Brandon. Other than Sin and Dorian, you are definitely one of my most favorite people. I love you, Brandon. I love you like a big brother and best friend. I only want what is best for you, and I know that that is Leah,” Brandon k!ssed my forehead and we watched Leah rest.

{Dorian’s P.O.V.}

I stirred awake when I felt that Allie was no longer next to me, I looked up and saw that she was sitting with Brandon watching over Leah. I overheard their conversation.

“When Sin was talking about mates and stuff, I was actually a little bummed it wasn’t you,” hearing Allie say that felt like a dagger through my heart. Did she regret being with me?

“I love Dorian, even more now that I can feel the bond between us, but when I was human, a little part of me wished it was you,” I felt a little better hearing that, but still. Why would she be telling Brandon all of this? They went back and forth for a little bit, and I felt my heartbreaking. Allie had never had a deep conversation like this with me. I mean, I get that she and Brandon are close, but I still couldn’t help what I felt. Did my mate love Brandon more than me? Did she only love me because of the bond?

“Do you regret being mated to Dorian?” I heard Brandon ask her. I couldn’t bear to hear her answer,

“God no. I love him so much. Between you and me, I want to marry Dorian and spend the rest of my life with him, not just as mates, but as husband and wife,”

Did I hear her right? Allie wants to marry me. My heart started to race, I caught the breath in my throat and gulped. I knew I wanted to marry Allie the day I met her, but this, this moment, hearing her say she wanted to be my wife made me fall even more in love with her, if it was even possible. I made up my mind. On the night of their shift, I was going to propose to Allie in front of the entire pack.

{Brandon’s P.O.V.}

As we waited a little while longer, Leah started to seize,

“sh!t!” I immediately shot up and pushed Leah onto her side. “Allie go get Dr. Quinn!” I shouted and Allie ran out of the door. She came back within a minute, and Dr. Quinn plunged the syringe into Leah’s neck. This was Deja vu for all of us. After a minute or so, Leah calmed down and relaxed.

“That didn’t take long did it,” Dr. Quinn asked. I saw Allie look at the clock in the room, and it had only been three hours since I bit Leah. What was up with

our mates and transitioning ahead of schedule. I caressed Leah's cheek and I saw that commotion woke everyone up.

"Leah, sweetheart can you hear me?" her eyes started to flutter open. She looked around the room and then back at me.

"Why do I feel like I was kicked by a horse?" she asked.

"You had a mild seizure Leah, but it's normal as I stated before. In a few minutes, your wolf will attempt to contact you," Dr. Quinn said

"Your headache will get worse, so just try and relax," Allie told her.

Brandon

Yeah, boss?

I heard your conversation with Allie,

Oh, Dorian, it's not...

I'm not mad, I'm glad I heard it. I got to hear her true feelings.

Dorian, she loves you, man. What she and I have is a close friendship, nothing more.

I understand, and I am glad that she can turn to you as a friend and as a brother. Just like I can.

I'm sure you heard what else she said then?

I did

I smiled. I guess it was not just between Allie and me. If I know Dorian, and I do, he already has a ring picked out for her.

{Leah's P.O.V.}

Leah?

What?

Leah, wake up

Why?

Because it's time

Time for what?

For us to meet our sisters

I don't have any...Wait, who is this?

Hehe, I'm Venus, your wolf silly

I shot my eyes open and looked around. I only saw my friends and Brandon.

"What the..."

"What's wrong sweet cheeks?" I heard Brandon ask.

"I know that look," Allie said. "Her wolf contacted her,"

"Is that true?" Brandon asked. I just nodded my head. Just then, the doors opened and in walked the doctor and some older man I didn't know.

"Elder Maxwell, this is Leah, the Beta Female," the doctor said introducing me.

"Leah, it is a pleasure. Has your wolf contacted you yet?" he asked. I nodded my head.

"Just now actually," I replied.

"Perfect, has she told you her name yet?" he asked

"Venus?" I said with uncertainty.

You got it. I heard her again.

"Hey, don't be showing up like that, you're freaking me out," I said out loud. Everyone started to laugh.

"She is the one, she is the third blessed wolf," the elder said. We all smiled and looked at each other. "This calls for a celebration," he said with a huge smile.

"I already have the logistics planned out," Dorian chimed in. We all looked at him. "Brandon and Leah still need to mate and we all need to be marked, we will celebrate the future of this pack with Allie's official Luna Ceremony, our mates will turn, and we will have our pack run," Dorian said.

"Alpha, when shall we commence the ceremonies?" the elder asked.

"The full moon, it is in eight days," Dorian responded. We all nodded our heads.

Brandon looked down at me and winked. Oh, my goddess, I was finally going to mate with Brandon.

## Desert Heat Chapter 37 - Tips

{Allie's P.O.V.}

After Leah was released from the hospital, we all went our separate ways. Sin and Mikey were the first ones to get their room and slammed the door. They did not want to wait any longer. I just smiled and shook my head. Brandon carried Leah to their room. He was saying something to her that was not audible, but she was giggling the entire way to their room.

"God, it's like living with a bunch of horny teenagers," I said to Dorian as we watched our friends disappear. "How long before we see them again?" I asked. He just shrugged his shoulders.

"I think it's time we got busy too," he kissed my neck. I turned around wrapped my arms around his neck as he picked me up by my legs. I don't know how he did it, but he went up one more flight of stairs, got us to our room, kicked the door closed and locked it all while kissing me non-stop.

"Dorian...wait..." I said between kisses.

"What?"

"I...need...to...shower...first..." I told him and broke our kiss.

"How about I join you then?" he said and put me down. I walked to our bathroom and took off my clothes throwing them into the hamper. I turned on the water and watched the steam slowly fill it up. I threw my hair up in a messy bun. By the time I finished, Dorian had picked me up again and

attacked my h!ps. He carried me into the shower and walked us under the water. As the water fell over us, Dorian k!ssed me passionately. The taste of his mouth mixed with the hot water was e.rotic to stay the least. Our n.aked bodies were sliding against each other. Dorian moved his k!sses to my neck and c.hest and back to my h!ps.

He stuck out his tongue and I s.ucked on it earning a growl from him. Once we were both drenched from the water and warmed up, Dorian pinned me against one of the shower walls. He immediately began to s.uckle one of my b.reasts and inserted two fingers into my soaking we.t p.ussy.

“Ah, Dorian,” I grabbed his face and k!ssed him. His fingers went deeper, and he started to twist his fingers as he pushed them in. “Oh, god!” I broke our k!ss from how good it felt. The mixture of pain and pleasure was insane. Dorian went back to s.ucking on my b.reast. *My n\*\*\*e was becoming tender and before it became too much, Dorian moved to my other b.reast.* “Dorian, I’m going to cm,” my words made him put me down and stop what he was doing.

“Come here,” he pulled into a straddling position as he sat on the bench in our shower. He guided the head to my entrance, and I slowly lowered myself taking in every inch of this long hard thick c0ck.

“Baby, it’s so big,” I never got tired of the feeling his c\*k gave me. *Every time we had sx, I felt like I was being stretched out and split in two.*

“Hold on to my shoulders, wrap your legs around me, and relax,” he said to me. I put my hands on his shoulders while I rotated my h!ps with him inside of me. Dorian placed a firm grip on my h!ps and sat on the edge of the bench. “You ready?” I nodded. He pulled me into him and rammed his d!ck as far it would go.

“Fvckkkk,” he kept pulling me into him has hard as he could. My c.ervix was taking a beating, and I loved it. He stood up, bending over slightly, and started to thrust his h!ps into me as hard and as fast as he could. “Like that! Just like that! Dorian, baby!” my m0ans and screams echoed in the shower. His growls sent shivers throughout my body. At this, I was not sure if I was we.t because how fg *amazing the s*

x was, or from the shower.

Dorian kissed me deeply and found the perfect rhythm to his thrusts and assaulted me with force and passion. My core started tightening as an orgasm was coming on. Dorian could feel it too as I tightened my walls around his dick.

"Allie, I love you! I f\*cking love you," he said as he bottoms out inside of me with one hard thrust and I felt the orgasm take over my body.

"Dorian! I'm cumming!" As I shouted this, he pinned me against the wall again and used the wall as support while he started to pound into me once more. The angle he was pushing in was hitting my g-spot perfectly. It didn't take long for him to get another orgasm out of me. I screamed at the top of my lungs as my body tensed and started to shake. I felt a large pool of liquid release from me and realized that I had squirted. If we were on the bed, the sheets would have been ruined.

*"Do it again, baby. cum for me again," Dorian put me down and turned me around bending me over. I put my hands on the bench. Dorian bent his knees to accommodate for the height difference and guided the tip of his dick between my folds a few times and then promptly pushed it all the way in. He grabbed my hips and pulled me into him as he thrust.*

**"fuck me," I grunted. I honestly couldn't think of anything else to say. Dorian was assaulting my pussy** like there was no tomorrow and I was not complaining. He bent over me, pushing himself as deep as he could and grabbed on my throat with one hand and draped his other arm across my chest firmly grabbing one of my breasts. I could hear our skin slapping together in combination with the water from the shower splashing between our bodies.

"Do you like this baby? Do you like it when I fuck you like this?" he asked me and licked the side of my face.

"Yes, oh god yes," I forced the words out. Dorian let go of my throat and started to play with my clit. That was doing it for me, I felt another orgasm coming. "Please, baby, more! I'm going to cum again," I told him. Dorian forced me to stand and held onto my body as my back arched and my ass pressed into the pelvis. He never stopped thrusting into me. One arm held me tight against him, and the other hand still on my clit.

"Are you ready Allie?" I nodded my head. He immediately pinched and twisted my clit and sunk his teeth into my neck. My eyes clouded over as I started to see white spots and lens flares through my vision. My orgasm shot out of my

body like a geyser. Dorian let go of my cl!t and wrapped both arms around me tight. His teeth were still in my neck, and my org\*asm kept going.

*“OH.MY.GOD!!! f\*k!!” I screamed at the top of my lungs. God, he was right, being marked while having sx made the org\*asm so much better. I held onto his arms with all the strength I had and curled my legs up. He slid out of me and I could feel the liquid escape from my body.*

Dorian held me tight while my body started finally come down from the heavens. I felt him retract his canines and !lck my neck. I was a shaky mess and could barely stand. Dorian sat on the floor in the middle of the shower, and I saw that he was still as hard as a rock.

“I haven’t finished yet Allie, come here,” He held my hands I lowered myself onto him. I reached down and guided him inside of me again. Dorian let me take the reigns this time because I was so sensitive at this point. Dorian sat up once I got comfortable and held me tight as I slowly moved up and down. He placed open k!sses on my neck and c.hest. He would !lck the fresh mark on my neck, and I would shiver against it. My **py was sensitive from four org\*asms, and my neck was sensitive from the fresh bite he gave me. He s.ucked on my n\*e** again.

I m0aned and gr0aned at his touch. No words were needed for me to tell him I loved what he did to my body. Dorian started to move my h!ps for me and quick succession. He started to grunt and m0an. A tall tale sign he was about to c.um, and in all honesty, I was too. I looked him in the eyes,

“I love you, Dorian,” I tilted his, slammed my body down hard on his dk, **and sunk my canines into him. Dorian roared shaking the walls of our shower. He bit my mark again and we both climaxed together. Dorian was growling through his bite while I was m0aning and trying to contain myself from screaming in ecstasy. I could feel his dk pulsing inside of me,** as he filled me spurt after spurt with his seed. I honestly hoped that this particular deposit would get me pregnant. What better time to conceive than on the night we marked each other? Sealing our bond forever.

Dorian released his bite and !lcked it again. I waited a bit more before I retracted and !lck his too. I looked down at my mark on his beautifully tattooed body. My mark was placed in a specific sp0t on this neck that was not covered in ink. My mark was the ink. I felt him slide out of me. We looked into each other eyes and k!ssed each other.

I love you, Allie, I heard his voice in my thoughts. I looked at him shocked.

Oh my god, I can hear you, Dorian! I can mind link you now! He smiled and I crashed my lips into his again and tears filled my eyes.

“I love you too, my Alpha, my mate, my King. I am so in love with you Dorian, I can’t imagine my life without you. I thank the heavens above for allowing me to live and bringing you into my life,” I kissed him again and again. When I pulled back, I saw that he had tears in his eyes too.

{Dorian’s P.O.V.}

Hearing her say she loved me that much made me the happiest man on this planet. I remember the first day we met. She was so broken and distraught, she begged me to end her life. And now, she was telling me she was thankful to have lived and to be in my life.

“Remember when you said that you always be there waiting for me to change my mind?” she asked me.

“About what?”

“...Marrying you,” she replied. My eyes grew wide. Where was she going with this? I remembered telling her that, but I didn’t think she did. I nodded my head.

“Dorian, will you marry me?” HOLY fvck! SHE PROPOSED TO ME?!

I picked her up off of me and stood up and helped her to her feet at the time. I could not have heard her right.

“Allie, did you just ask me to marry you?” she nodded. I could see tears in her eyes, and they were filled with hurt and doubt. “Ask me again,” I told her. She hesitated a second, and then opened her mouth...

“Will you marry...”

“YES! BABY YES! fvck YES! I WILL MARRY YOU!” I picked up her and spun her in the shower. I put her down and pulled into her a kiss and held onto her for dear life.

This night ended perfectly.

## Desert Heat Chapter 38 - Tips

{Leah's P.O.V.}

Once the doctor released me from the hospital, we all made our way back to our rooms. Sin and Mikey took off like bats out of hell. Apparently, Sin said something that made her run for her life and Mikey chased after her. They were both laughing, so I assumed she teased him about something. By the time, the rest of us made it to the second floor, we heard their door slam.

Brandon lifted me bridal style,

“What are you doing? I can walk you know?”

“Not after tonight you won't,” my face immediately became flustered. What was he planning on doing to me? You know what, I didn't care. I wanted his d!ck inside of me since day one. Finally, the time has come. “I am going to ravage that sweet p.ussy of yours so hard. I'm going to spank those sweet a.ss cheeks of yours until they burn too,” his words made me hot and horny. I couldn't even respond. I just giggled the whole way back to our room. We had completely disregarded Dorian and Allie.

As soon the door closed, Brandon locked it. Using his wolf speed, he picked me up and threw me on the bed. He wasted zero time in getting n.aked and climbing on top of me. Had I not been a wolf myself, I wouldn't have even seen him take his clothes off. He k!ssed me hard and passionately. He l!cked my l!ps indicating he wanted me to part them. So, I did. The moment my l!ps were parted, he shoved his tongue in and tasted all of me. I tried to fight him for control, but I was fighting a losing battle. Brandon sat up on his knees and hovered over me.

His hands trailed from my jaw down the center of my entire body. Once he got to my sweet sp0t, he stopped. He grabbed the collar of my shirt and ripped it off of me. I was going to run out of clothes he didn't stop tearing my clothes off of me. I reach down to take off my pants, but he beat me to it. He ripped off my leggings and panties in one swift move.

“I hope you plan on replacing my clothing,” I said to him.

“Clothes are pointless. We should just walk around n.aked so we can be ready for se.x any time of the day,” he said while trailing his finger down the center of my body again.

“So, you want me to walk around n.aked in front of other men?” his face went from happy to pissed off. I learned a thing or two from Allie about using the guys’ words against them.

“I take that back; you can walk around n.aked in this room and that is it. I expect you to wear hoodies and sweats when in public,” he bent down and k!ssed my neck while gently s.ucking on the skin.

“Mmmmm...” I m0aned from the feeling.

“You taste so good Leah,” he trailed open my mouth k!sses all over my body. Every inch of my body was in his mouth at one point. He sat up again and massaged both of my b.reasts. He moved his body and positioned himself on knees between my legs. He slowly started to move further down without moving his hands from my b00bs. As he went down, he placed small k!sses on my stomach, my pelvis and just above my sweet sp0t.

“Mmmmm...” he m0an as his nose rubbed against my slit. “God, you smell like heaven,”

“What does heaven smell like?”

“Like you,” as soon as he responded, I felt his entire mouth take me in, his hands still massage on my b.reasts. For someone who was new to this, Brandon sure knew what he was doing. Just like Sin taught me how to s.uck a d!ck, I am pretty sure Mikey and Dorian taught Brandon how to eat p.ussy. It felt so good, that I naturally closed my legs around his head. He let go of my b.reasts and forced my legs back open. He pushed me onto the bed a little further so he could fully lay on this stomach and hold on m legs while he ate me out.

“Ah, fvck...Brandon, you too good at that, I’m going to c.um,” Brandon instinctively added two fingers and started to violently finger me. “Ah!” I hear my juices splashing against his hand to my inner walls. I arched my back as I started to c.um. He removed his fingers and s.ucked my cl!t, l!cking and all of my girly c.um.

“Damn, I think you will be new favorite midnight snack, Leah,” he said and continued to eat me like some kind of dessert. “Hold on,”

“What?” I don’t know how he did, but he grabbed my hips flipped me over with this face still between my thighs. I was now on all fours, and he was on his back with my pussy on his face. He continued to eat me out and this position gave him better access to use his tongue. I felt it enter me and the warmth from his saliva mixed with my juices from recent orgasm were driving me crazy.

“Baby, turn around,” I turned my body around and sat on his face again, but I knew what he wanted. I bent over and sucked on his cock while he ate my overly sensitive pussy. I took him in all in, and my face met his pelvis. “fvck Leah,” I came back up for air. I spit on it and moved my hands up, down, and twisted them massaging his massively hard cock. I put my mouth on it again and continued to gag while moving my head up and down as fast I could. I hollowed out my cheeks so I can take it all in. Brandon was the first real p\*\*\*s I had ever seen; other than the stuff I saw in a porn video.

Brandon was huge, at least nine inches and a girth so wide, my hand barely fit around it. I knew that my first time was going to hurt and was scared shitless too. I was afraid that it wouldn’t fit and our first time would be a bust because he was so big, and I was so small. I was barely 5’4, wore a size three, and was half Asian. I mean, I’d heard that Asian girls had tight vaginal cavities that were not made for big d\*\*\*s. Brandon was 6’4 with a body built like Henry Cavill.

While was I thinking about this, I felt another orgasm coming. I took his dick out of my mouth and started to pull on it while my orgasm took over. He rubbed my clit while I cummed making it that much more intense.

“Come here,” he pushed me off of him and laid me on my back again. He spread my legs and got in between them again. He positioned my hips and my opening was directly in line with the head of his cock. I put my hands by my head and bit my lip. It was time. Brandon spits on his cock and used it for lubrication and slowly massaged the head in the juice of the orgasm I just had.

“Brandon,” I whispered his name. I wanted it, but he could hear the fear in my voice.

“Don’t be scared baby, this is going to hurt. A lot, but we will take things slow until you’re no longer in pain, okay?”

"I nodded my head," he slowly pressed the head in, and I felt a small sharp pain, but not enough to freak me out. He pressed it in further and I felt a sharper pain hit me. I cried out a bit but bit my lip.

"Are you okay baby?" After a few seconds, I nodded. He pushed all the way in. With that final move, we both lost our virginities.

"Ahh!" I cried out this time and just laid there. Brandon did not move at all. He just watched me as I got used to the full penetration of nine inches of dick. It hurt, but not as much as some girls I knew made it seem like. "Am I bleeding?" I asked him

"Surprisingly, no," I felt relieved. I guess not all girls bleed their first time. "You good?" I nodded my head. He slowly started pulling out and the friction made me wince, but that was about all. He pushed in again and I winced again. He pulled out and pushed in slowly a couple of more times before I started to moan in pleasure. I think it had been all of five minutes of pain before it started to feel good.

"Faster," I whispered. Brandon picked up his speed but didn't go too hard. "Mmm...Ahh...Shit...more," he leaned down over me and pressed his lips against mine. Brandon started to make hot passionate love to me. I lifted my legs and wrapped them around his waist pushing him in further. Our fingers interlocked as he deepened the kiss. He stretched my arms completely over my head, and somehow the elongation of my body made this dick go that much deeper.

"Ugh, damn you're so fucking tight, baby,"

"I think you're just that big," he chuckled and kept moving his body. He waved his hips so that he could go deep, but not hard. It felt so amazing to finally be one with my mate. "Oh my god, I think I'm going to cum Brandon," he sat up immediately and brought me up with him. He sat on his knees and held me close. I started to bounce up and down on him, and I felt myself getting ready to let go.

"Hold on baby, just a little more, I'm almost there," he said. He started to grunt and moan. I tried to hold it in, but I was losing the battle against myself

"I can't..."

“Leah! Mark me!” he shouted. I instantly extended my canines and bit down into his neck. As soon I did, my body started to shake in quivering org\*asm. I screamed into his neck I continued to press my teeth into his flesh. Brandon growled ferociously. He laid me down and picked up speed. I released my bite, bl00d still dripping from the puncture wounds, and looked into his eyes; they were black as night. “fvck!” he shouted. I saw his canines extend before he sank them into my neck.

“AHHH!!!” I didn’t realize how much it would hurt, but at the same time the pleasure that came from it forced another org\*asm from me, and I felt him start to c.um too. He started to breathe heavily and growl through his bite, he was nowhere near done. I could feel him pulsating inside of me as his warm c.um filled my walls. I gently bit down on his fresh mark and he growled again. We laid there for a few minutes, with our teeth still embedded in each other’s necks. Once Brandon started to regulate his breathing, he retraced his canines and l!cked my mark, sealing the wound. I followed suit a few seconds after.

Brandon rested his forehead against mine while still breathing heavily, but more regulated than before. I felt him gently slide out of me. My body almost whimpered from the sudden absence of his thick hard c0ck.

“You okay?” he asked me. I nodded. He leaned down to k!ss me. This k!ss was r0mantic and soft. He s.uucked on my top l!p and I s.uucked on his bottom. I could feel him breathing through our k!ss, and I did too. I didn’t want our l!ps to part. I wrapped arms around his neck and kept our l!ps together until my lungs started to burn. I pulled away gently and took in a deep breath. Brandon gently rolled off of me, and I rested my head on his c.hest. He rolled to his side and brought me close to him.

I let out a deep sigh, and I saw his eyes close. I adjusted myself to comfortable and once I did. I let the warmth of his embrace soothe my mind and drifted to sleep.

## Desert Heat Chapter 39 - Tips

{Sin’s P.O.V.}

We were all walking back together out of the pack hospital after Leah was released. I wasted no time, I whispered,

“Mikey, if you can catch me before I make it to the room, I will let you tie me up,” he looked at me and his eyes immediately turned black. I took off like a bat out of hell and pushed past everyone and ascended up the stairs. Mikey was definitely faster than me. He grabbed my arm and we both started laughing.

We could care less that we left everyone else behind. I had been waiting for this night for two fvcking\*g months, and I was not about to wait another second. We slammed the door behind us and got to work removing our clothes. Mikey had been begging to do some b\*\*m sh!t in the bedroom. I was all for it when he first asked, but I wanted to downplay and make him wait for it.

“Sin, I caught you, so it’s time to do what I say when I say,”

“Yes, do to me what you want, honey,” Mikey went to his closet and pulled out some of his neckties.

“Lay down in the middle of the bed and spread your body as wide as it can go,” I did what he told me. My lady parts were already streaming fluids from excitement. I loved seeing Mikey in a dominant role like this. Neither one of us were virgins when we came into this, so opening my legs for his d!ck after only knowing him 24 hours was easy. He was definitely the biggest and best I had ever had.

I typically always made a guy wear a condom, but I was not about that raw bareback sh!t. I loved se.x, but I was always safe. Even when I guy wore a rubber, I made him pull out. I was not going to risk anything because some guy couldn’t contain his load. I made Mikey wear a condom once, and that was on our first night. After, the rest was history. He gave me so much pleasure and the best se.x I had ever experienced, I never saw myself riding another d!ck ever again. His magical wand was all that I wanted.

Mikey started to tie my wrists and ankles to the best posts.

“Let me know if they’re too tight, honey,” I nodded my head. I twisted my wrists and pulled my ankles a little bit.

“They’re good,” he smiled. He stood up on the bed and his e.rection was at full attention. This man never needed help getting it up. I can never stop staring at it. Mikey wasn’t as long but he was thick. He was about eight and a half inches, but his girth was equivalent to four fingers width. His c0ck was fat too.

After our first time together, I actually took a measuring tape and wrapped it around the widest part, and he was almost nine inches around. It was fvcking\*g insane. I remember our first time, Mikey made me bleed.

“Open,” he demanded when I saw he was straddling my face. I opened wide, and he started to fvck my mouth. He would pull out and I would spit on it, and he would put it back in. Mikey was the type that was completely shaved, and I loved it. I hated guys that had a fvcking\*g forest of pubic hair and wanted me to deep throat them. The smell of sweaty pubic hair would make me gag, and I don’t have a gag reflex, so that says a lot.

I felt the tip of his d!ck hitting the back of my throat. He was so thick; I could barely breathe. Mikey could see when it was too much and would pull out allowing me some air. Tears were streaming down my face, and my spit was dripping all over my mouth.

“fvck, I love this mouth of yours!” Mikey continued to throat fvck me. Every so often Mikey would slap my cheek with his d!ck and then push the angle into my cheeks. “Suck on my balls,” I s.ucked them both in and swirled my tongue while Mikey stroked himself. “That’s it, baby, just like that,” I played his balls like personal little toys before he had enough. He moved his body down and k!ssed me. He could care less that his d!ck was balls deep in my mouth. He trailed his k!sses, biting me every so often. Mikey loved to leave hickeys all over my body, but ever since Allie saw one, he tried to keep them under my b.reasts, my abdomen, and between my legs next to my hive.

Mikey always refers to my p.ussy as my hive because he says I taste like raw honey to him. I didn’t care what he called it, because it was not like anyone would hear him say it. That was something we only used in the bedroom. Mikey’s face was soon in between my legs. My legs were spread so wide, he didn’t even have to spread my bottom !!ps to gain access.

“Hold on, baby, I’m about to devour the honey out of this hive,” He attacked it like a hungry bear. Licking, slurping, nibbling, s.ucking, and everything else that he could do in between. I was wanted to press my legs against him but being tied up made it impossible. I don’t know what it was but being tired and unable to do anything was making me wild. I thrashed my head side to side as I felt myself getting ready to c.um.

“fvck, Mikey,”

“Do.not.c.um,” he demanded. He inserted three fingers and began to ravage my p.ussy. “You c.um when I tell you to and not a second sooner!”

“Ohhhh...Please, fvck! Please!” I was dying. Mikey pulled out his fingers and adjusted himself into a 69 position with me on the bottom. He put his d!ck back in my mouth and started to eat my p.ussy again. This kind of sh!t would freak out Allie and Leah, but I was living for it. Mikey and I were filthy when it came to se.x, and I think that’s why we complimented each other so well.

“c.um! c.um in my mouth Sin!” he shouted and bit down on my cl!t and labia. I removed my mouth from his d!ck and just screamed bl00dy murder. My legs started to shake from the pleasure and Mikey was eating my honey. I was so sensitive and was trying to fight him, but I was tied to the bed and couldn’t. Once Mikey t0rtured me enough, he slapped my p.ussy hard.

He immediately turned around and shoved his d!ck inside of me with no warning whatsoever.

“fvck!” I screamed. Because I wasn’t expecting it, hurt like a b\*\*\*h.

“I’m sorry, honey, did I hurt with you this d!ck?” he asked in the most condescending tone. I couldn’t even answer before he started to pound into me with everything he had. At the rate he was going, it didn’t take long for my eyes to rolling into the back of my head as I started to c.um again.

“Uhh...holy mother of god...fvckkk...” I was c.umming so hard at that point, and Mikey didn’t even stop. My org\*asms were futile to him right now and he just wanted to dominate my body. Mikey pulled out and sat on his knees while picking up my h!ps and aligning my p.ussy with this d!ck. He pushed in again and started to pull me onto him hard and fast as he could. The sound of our sweaty skin slapping against each other made it that more e.rotic. I was leaking all over, and Mikey was sliding in out and so smoothly.

I could hear the headboard of the bed creaking while he pulled me because my hands were still tied. I was screaming from the pleasure at this point and my brain was mush. I was shouting in Spanish, English, and other mumbo jumbo that I was sure wasn’t even a language.

“Look at me!” I heard a growl. I look at Mikey, but his eyes were glowing.

“Mitch?” He started to thrust and pull with so much force, I was c.umming all over again without even knowing I was having an org\*asm.

“Mine! Mine!” Mitch shouted has continued to ravage me. Mitch dug his claws into my h!ps and it actually started to become too much. Mitch was starting to hurt me.

“Mitch! Stop!” I shouted in protest, but he kept going. “YOU’RE HURTING ME!!!” I screamed and started to cry. Immediately he stopped and back away. I looked up at him and tears fell down my face. Mitch was gone and all I saw was Mikey. When he saw the pain and fear in my eyes, he immediately untied me.

“fvck! fvck! fvck! Honey, I’m sorry! I’m so fvcking\*g sorry!” Mikey pulled me up and onto his lap and cradled me. “I’m sorry, Sin. I’m so sorry,” Mikey was starting to sob.

“It’s okay, it wasn’t you,” I tried to soothe him. I know Mikey didn’t intend for this happen. Mitch took over and got carried away.

“No, it was me. I let Mitch out, I didn’t think he would go that far. I’m so fvcking\*g sorry, honey. I’m so sorry,” Mikey was almost starting to bawl while he cradled me.

“Hey, look at me,” He couldn’t lift his face. “Mi Amor, look at me,” I said forcing him to face me. Tears were streaming down his face. I k!ssed him softly. “I’m okay now, I know it was an accident, I’m not angry,” I said to him. Mikey looked down and saw the puncture wounds in my h!ps.

“I never meant to hurt you Sin. That’s the last thing I ever wanted to do,”

“I know, I know you didn’t mean to. I forgive you, and Mitch,” he looked up at me shocked that I forgave them so easily. Why wouldn’t I? I loved them both, and so did Jupiter. I k!ssed him again and it took him a few seconds reciprocate, but he finally did. “I still want you, Mikey, let’s finish,” I whispered to him. He laid me down gently and k!ssed me passionately.

“Are you sure you’re okay?” he asked me while k!ssing my neck.

“Yes, I’m good. Make love to me Mikey,” I felt him gently enter me again and he moved his h!ps in a rhythmic motion. “Make me c.um, baby, then make me yours,” Mikey started to move his h!ps a little faster, harder, and deeper. I was moaning from the pleasure, but I felt Mikey start to pull back. I looked up at him and I saw Mitch again. But his eyes were filled with sorrow and hurt.

“Mitch,”

“I’m sorry my mate,”

“It’s okay,”

“No! I hurt you. I hurt my mate,” his face was so sad. I pulled him into a kiss just like I had Mikey. I pulled away and he looked down at me, “I forgive you,” he smiled and then closed his eyes. When he opened them again it was Mikey.

“He wanted to apologize,”

“And he did. I told you, I forgive both of you,” Mikey started to move his body again and pushed every inch of him inside of me.

“I love you Sin; I love you so much,”

“Yo tambien te quiero, mi amor (I love you too, my love). I love you, Mikey, I love you like I’ve never loved anyone in this world,” I said back to him. Mikey picked me up sat at the head of the bed with his back against the headboard. He gently placed his hands on my hips careful not to aggravate the claw marks. I rode him hard and fast. I leaned back and placed my hands on his calves and grinded against him. He started to lift me up and down on his cock, and I was felt myself about to cum again.

“fvck, I’m going to cum,” Mikey said,

“Me too,” he pulled me forward and held me tight. His face was starting to tighten, and he was losing rhythm, he was so close, but I wanted to cum again before this was over. “Mikey make me yours,” I moaned. Mikey pulled me onto him hard and fast and sank his teeth into my neck. An orgasm tore through me like a tsunami. Instinct took over and I sunk my teeth into Mikey. He growled as I felt him spill his warmth inside of me. Mikey was shaking when he came. He leaned back bringing me with him. I retracted his teeth and I felt him lick my mark. I followed his moves and licked his mark in return. I saw his seal before my very eyes.

I got off of Mikey and in our bed. Mikey just sat there for a minute.

“Mi Amor, come here,” Mike looked down at me. I had my arms open for him to come to lay down. He laid down and pulled me close.

"I'll understand if never want to do that again," he said to me

"What? Are you talking about being tied up?" he nodded. "You better tie me up again, or I will murder you in your sleep,"

"But..."

"No buts, a.ssh0le. I loved it. I can do without the claws in my h!ps, that's the sh!t that hurt, not the se.x," he started to chuckle. I rested my head on his c.hest and dr.aped my legs over his h!ps.

I gave him one last deep loving k!ss and settled in his arms before letting sleep take over.

## Desert Heat Chapter 40 - Tips

{Allie's P.O.V.}

"YOU DID WHAT!?" Sin and Leah shouted at the top of their lungs while we were sitting outside my balcony. The guys were all out at training, so we were enjoying the fresh Autumn sun and waiting to see them come over the hills.

"I proposed to Dorian," I repeated.

"Hold the phone! You did not!?" Sin exclaimed. "You, Allison Park, proposed to Dorian first!?" I nodded and smiled.

"Wait, where's the ring?" Leah asked.

"I don't have one yet. I caught Dorian by surprise. I honestly don't even know what compelled me to do it, but that moment, after marking each other, the love I felt for him was so unreal. I mean, yeah, we have technically only been together for a few months, but I can't see my life without him. I want to be with him forever. Forever doesn't even seem long enough," I said to them.

"Girl, I honestly cannot believe you. Who would have thought that Allison Park, hater of the male species, would propose to her boyfriend after only three and a half months of being together? And in the fvcking\*g shower of all places," Sin said. I just laughed.

"Anyways, enough about me! Leah, how was your first time?" Sin and I scooted in to get the details.

“fvcking\*g wonderful! Brandon did all the right things. It didn’t hurt as much as I thought it would. I didn’t even bleed. Brandon is big. Like really fvcking\*g big. I didn’t think it would fit,”

“Spill!” Sin said wanting all of the juicy details. Leah spared none either. She went over their entire night, and when she was done, she so flustered and blushing as red as a beet. Sin and I were going gaga over how r0mantic Brandon was. Though, we knew that it would be short-lived once they got into the rhythm of things.

“Girl, you know that once you get used to having se.x, lovemaking will turn into straight hardcore fvcking\*g?” Sin asked

“Yeah, I know. I am kind of excited for that to happen too,” Leah said fanning herself. Sin and I laughed at her innocence.

“What about you Sin? I mean, you guys ran into your room so fvcking\*g fast,” Leah asked.

“Uh, well it started great. Mikey and I like it dirty and rough, and it was. It was hot, dirty, and hardcore and I loved every minute of it, but then...” she trailed off and bit her lip.

“What happened?” I asked her. She stood up and lifted her shirt and pulled down her shorts a little. That’s when we saw the claw marks in her hips.

“What the fvck!?” I was pissed. “Did he hurt you!?” I went full Luna mode.

“No! No! It was an accident. He got so excited fvcking\*g me while I was tied up, he accidentally let Mitch out. Mitch got carried away and dug his claws into me. I got him to stop, but the damage had been done. Mikey immediately took over again and untied me. He was so sorry about it, and he even cried because I got hurt,”

“He cried?” Leah asked

“Yeah, like full-on cried. He was damn near bawling he felt so horrible,”

“I am guessing after things calmed down you got back to it. I mean, you would have had to, seeing that you are marked,” I said to her.

“Yeah, we ended up taking it slow after that. I mean, the hot steamy kind of slow. Mitch even came back out to apologize too. He was hurting just as much

as Mikey was,” I felt better knowing that both Mikey and his wolf repented for physically hurting Sin. But fvck, claw marks in her h!ps. It was good that they were healing over, but they were still very visible.

“Well, now that we are all mated and marked, that just leaves our first shift, in one week,” I said to them. We all smiled. “So, I will just flat out say it,”

“What?”

“Sin, you are my maid of honor. Leah, you will be my bridesmaid,”

“What about Casey?” Sin asked

“I love Casey, but honestly I’m not that close to her. Plus, she has two young pups. That, and her husband Hank is never in human form for very long,”

“And the triplets?” Leah asked

“Why the fvck would I ask the triplets to be bridesmaids? I like them, and all, but not enough for something of this magnitude. Besides, I already know Dorian is only going to ask Brandon and Mikey to be his best man and groomsman. The problem is that the best man is going to be Brandon,”

“Why is that a problem?” Sin asked. I just looked at her.

“Sin, you are my maid of honor. That means you and Brandon will coming down the aisle together. You and Leah will have to switch mates for the ceremony, whenever we decide to have it,”

“Where do you want to have your bachelorette party?” Sin asked getting excited

“You need to calm down, I’m sure this engagement will last a while,” Sin pouted, and I giggled. “But I was thinking of all us going to the Bahamas or the Caribbean,”

“That would be so much!” they both exclaimed.

“What kind of wedding do you want?” Leah asked

“I don’t know, I never thought about it. I never thought I would ever get married. Dorian has changed a lot about my life and what my future holds. I

mean, I never thought I would be a werewolf, fall in love, and be the one that proposed first,”

“So, no details yet?” I shook my head. Just then, I saw the guys come over the hill.

“Oh, look there they are,” I said. We all stood up and watched as they ran in perfect formation.

“So, they run in their wolf form?” Leah asked

“Oh, no. They run 10 miles in human form first, and then three miles in wolf form,”

“Wow, no wonder they are all so fit,” Sin and I nodded in agreement. There was no denying that the men in our pack were fit.

“HI BANDIT!!!” I shouted when I knew he was in range. He let out a howl.

“HI MITCH!! I LOVE YOU NO MATTER WHAT!!” Sin shouted. Obviously reassuring him she was not mad about what happened. Mitch jumped in the air and let his tongue hang out.

“EDDIE!! YOU’RE SEXIEST WOLF OUT THERE!!” Leah said. We just looked at her. Way to insult our guys at the same time. Eddie stood his ground and puffed out his chest all proud. We started to laugh at Eddie. He and Brandon were exactly the same even though they were two different souls.

Bandit boro gaja (Let’s go see Bandit)

“Come on, Mercury wants to go see Bandit,” I said getting up.

“Jupiter said the same thing,”

“Venus too,”

“I guess our wolves love their mates as much as we do,” I said. We made our way down into the backyard and saw that everyone was starting to shift back. I ran straight to Bandit and hugged his neck. I loved his soft fur. The warmth that radiated off of him gave me all the warm and fuzzy feelings, no pun intended.

Mitch went to Sin and lowered his head. He was still apologizing for last night.

“Mitch!” I called out to him. He looked up at me. “Be careful with her. She may be strong, but she is still delicate,” I told him. He lowered his head again realizing I knew what happened. “Just make sure it does not happen again, otherwise you will have to answer to me,” he nodded his head and l!cked Sin. She just gave him the look of murder and he turned his head.

“That’s disgusting,” Leah said as Eddie nudged her. “Hi, you se.xy beast. Venus says that she can’t wait for you to... VENUS I AM NOT SAYING THAT!” she shouted. Sin and I started rolling over in laughter. Venus was just as dirty and Mercury and Jupiter.

“Good morning, Luna, Beta, and Gamma!” we heard three similar voices.

“Good morning girls,” I said to the ginger triplets.

They bowed to us and then to the wolves. The guys bowed in return and then we to go shift back into human form. Dorian came out first and scooped me up.

Good morning my beautiful fiancé,

Good morning, he leaned down and k!ssed me.

“Wow, the Alpha and Luna sure show a lot of PDA,” I heard one of the girls say.

Girls, you have no room to talk. I tell all three of them in a mind link

“Wait, Luna, did you just mind link us?” Ava asked

“I sure did. Now that Dorian and I have marked each other, I am able to communicate with everyone. My Luna announcement was made already, and I already made the bl00d oath,”

“Congratulations! That means all the ranked members have marked their mates?” Katie asked. We all nodded and showed off our new marks.

“Are you girls ready to start your new jobs tomorrow?” Sin asked them

“Yes, Gamma!” they all replied.

“So, girls, since this is your last on vacation before starting, I was wondering if you guys want to go shopping with us?” I asked them. Their faces lit up and smiles took over immediately.

“Do you really mean that Luna?” I nodded and they all jumped for joy.

“We were going to go out anyways, and since the boys are required to come with us, you guys can come too. As long you behave yourselves, and stay with the boys,” I say in my Luna tone. They nod.

“Go get ready,” Leah tells them, and they took off for the house.

“We are going to go shower, honey,” Mikey said kissing Sin on the temple. The guys went back into the house.

“We should go get ready too,” I tell Sin and Leah. As we walk through the living area, I was scooped up by Benjamin.

“Allie, I heard the wonderful news,” oh no, did Dorian tell his parents that I proposed.

“What news?” I asked him

“About your Luna Ceremony and that you and your friends are the blessed Desert Wolves,”

“Oh, that news,” I said with relief in my voice

“I wanted to tell you not to worry about a thing. Eleanor, Helena and Bridget are working on everything,”

“Bridget?”

“Brandon’s mother,”

“Oh, I’m sorry, I never got to officially meet her at the Luna announcement,”

“Quite alright,” he says patting the back of my hands. “I that son of mine is treating you like the queen you are,”

“Yes, he is perfect Benjamin, no need to worry,” I smile.

“I also wanted to let you know that you will be meeting Dorian’s older sister the night of the ceremony,

“Wait, Dorian has a sister?”

“He hasn’t told you,” I just shook my head and shrugged my shoulders.

“He never mentioned it, and I never asked if he had siblings. I just assumed he was an only child,”

“Oh well, perhaps I should let you ask him all the details then,” he said and walked away.

I went upstairs to get ready to go out with everyone, and I found Dorian in the closet getting ready himself.

“Hey, baby,” he says when he sees me. I don’t answer him. “Allie, is everything okay?”

“Hm, oh yeah... Just something your dad said,”

“My dad?”

“Babe, you never told me you had a sister,”

“You never asked,”

“Touché,”

“Ask me anything you want baby, I have no secrets,”

“What’s her name, how old is she, are you guys close, where is she, why isn’t she here?” he threw his head back and laughed and walked over to me

“Her name is Amber, she is 40, we are very close, she lives in Florida, and she lives there because that is where her mate lives,”

“Is her mate a wolf?”

“Yeah, she actually met him when she on vacation with some of her friends. He’s the Beta of a pack out there, so you can imagine how thrilled my parents were when they found out,”

“How long has it been since you’ve seen her?”

“A couple of years now, she has five pups to raise and is the Beta female of a decent-sized pack out there. She also runs a branch of the family business down there,”

“Oh, wow...Five pups?”

“Yeah, last round was twins. Amber is a beast. And since she is the daughter of an Alpha, she radiates that kind of aura too,”

“So, how does ranking work when there are multiple kids,”

“The firstborn will technically take that title; however, it’s looking like my nephew Camden will be their new Alpha,” I gave him a funny look.

“The Alpha of their pack has no sons, only two girls, and since my sister has Alpha in her blood, so does Cam. As long as no one challenges Cam when he is an adult for the title, Cam will become the Alpha, and his little brother Cassias will be the Beta,”

“That’s too confusing,” I say grabbing my hair. He laughs and hugs me. “Wait, so you and Amber have a 12-year age gap, that’s a lot,”

“Yeah, my parents had Amber when they were 18. Amber was conceived the same day they found they were mates. My dad seriously wasted no time in mating with my mom,”

“Oh wow,” I just laughed.

“My sister was treated like a fucking\*g princess, but my dad was still strict with her. When I was born, my sister helped raise me until I was about 10, then she found her mate and left home. I was sad for a while, but when I got older, I understood why she left,” I hugged his waist. He really loved his sister. I didn’t see any reason why he didn’t tell me about her. It literally just never came up in conversation.

“My sister is also one of the reasons why I stopped sleeping around. Once my dad told me why I had trouble with my dick, I reached out to my brother-in-law too. He ended up telling my sister everything, and to say that she was disappointed in me was an understatement. I mean, her kid brother was a

man w\*\*\*e for six years. She said I was lucky that I never got any of the girls I slept with pregnant. I would have been so fvckingd,”

“Yeah, that is a good thing. So, she knows about me?” I asked him

“Intimately, I tell her everything. Well, not everything, just important non-private sh!t,” I laughed.

“Alright mister, let’s finish getting ready, I am ready to do some serious damage to that bank account of yours,”

“Oh, that reminds me,” he walked out of the closet and into the bedroom. He came with an envelope.

“What is this?”

“Open it,” I tear it open and I find a bank card with my name on it. I look at him confused.

“It’s your debit card that is attached to my personal account. I called my private banker and added you as a joint owner,”

“Dorian,”

“I know you never had your own bank account or card because of having to live off the grid. But now that you don’t have to do that anymore, I wanted to make sure you were taken care of. My money is your money baby, and if you want to work at the firm after everything settles down, you can work as my assistant,”

“But I don’t want to be a paper pusher and I hate taking phone calls,”

“Oh, no, I already have an office assistant, I meant my assistant for the company as a whole. You will help me with contracts, productivity, and marketing. You have used my products before, and you said that you wanted to build your own app. I need that big brain of yours,”

“Oh, well that I might actually enjoy then,”

“Good, just let me know when you’re ready to work, okay. There is seriously no rush. I want you to enjoy your life before working again. You deserve the extended vacation,”

“Oh, speaking of vacation, I was wondering if you wanted to do a group bachelor and bachelorette party in the Bahamas or the Caribbean?”

“That fvcking\*g sounds awesome, baby,” I smiled, and he smiled. “Think about where you want to go for a honeymoon. Wherever you want to go, I will take you and we will spend three whole weeks, together. You can pick multiple destinations if you want to as well,” when he said that I got excited. I knew that it would be at least a year away, but that gave me a lot of time to think about it.
