

Desert Heat Chapter 41 - Tips

{Allie's P.O.V.}

Once we all loaded up in the cars and took off into the city, Dorian decided that we just spend our day shopping, eating, and sightseeing. Since we still had a week left before our shift and my Luna ceremony, Dorian allowed us to just enjoy our time. Plus, it was the last day the triplets had to enjoy their new life in our pack before getting work.

Since there was still a week left into pool season, us ranked members decided to stop by Kane Beach Club while the triplets and guys had to go home. Unfortunately, for them, Brandon's club was 21+, no exceptions. Brandon however promised them he would close the club on their 21st birthday and let them have a big birthday bash.

When we got to the club, Sin and I were excited to see Maxine, Dani, Claudia, and Siobhan. Claudia and Siobhan were off the day Sin and I were forced to quit, so all of them have been working overtime according to Brandon. I made sure that they got their tips for the day in question because even if we didn't get paid, they deserved to.

Sin, Leah, and I bought new bathing suits at the mall but were limited on choices because everything was on clearance since it was now Autumn. But we still managed to find cute things to wear. To say that the guys were not happy with what we chose was an understatement. Leah and Sin were little more revealing that their guys would have liked. Mine was too, but I also decided to buy a cover-up because I knew how Dorian would react.

Even though it was Autumn, it was still over 90 degrees outside. When we got to the club, the girls saw Sin and Me and ran up to us.

"AHHH!!!!" Maxine squealed.

"No way!" Dani exclaimed.

"Are you guys back?" Claudia and Siobhan asked

"No, we are just here as patrons now," I told them as we had a group h.ug.

"What happened to you guys? After that day, Jake said you two were fired, and then we never heard from you again," Dani said

"I saw on the news that your place was broken into. What the fvck happened?" Maxine asked

"That is as long a.ss story," Sin replied as Mikey came up behind her.

"Oh sh!t, aren't these guys from the VIP Cabana?" Dani asked.

"Uhhh... Yeah," I said as Dorian came up behind me and wrapped his arms around me.

"Wait, are you guys dating them?" Claudia asked.

"Yeah, we are," Sin said holding Mikey's hand.

"Hold up, what the fvck have we missed? Allie, you don't date, and Sin, you don't settle," Siobhan stated

"Settle? b***h, do you see my boyfriend? This is me having upgraded to UAE First Cla.ss,"

"Who's this?" Dani asked pointing at Leah.

"Oh, this is my friend from high school, her name is Leah. She's dating your boss," Sin replied while pointing to Leah and Brandon.

"Boss?"

"Wait, are you saying that he's Brandon Kane? The CEO?" Maxine asked. We all nodded. A small gust of wind blew and then something hit me.

"Hold on," I said looking at all of them. Something felt off about them. I concentrated and realization struck me. "Hold on one fvcking*g minute! None of you b!tches are human!" I shouted in a whisper. All of them were shocked and their eyes were about to pop out of their heads.

"What!?" Sin exclaimed looking at all of them.

"Allie, how did you...You're human, how could you..." Dani said. I just shook my head. I felt my eyes turn black and extended my canines. Then they looked at all of us.

"Now, how about explaining what you guys are because you are not werewolves," I said to them. Come to find out Maxine and Claudia are

witches; Siobhan is a bear and Dani was a warlock-vampire hybrid. The six of us had been working together for years and turned out Sin and I were the only humans.

“Dorian, you knew they weren’t human that day didn’t you,” he nodded his head.

“That means you bitches knew they were werewolves,” Sin said pointing at the girls. They all nodded.

“Okay, that we have cleared the air on what we all are, how about you two skanks explain what the hell happened that day, where the fvck you have been, and how the hell you are werewolves now,” Maxine demanded. Sin and I proceeded to tell them everything had gone on in the last three and a half months. We left out the fact about us being blessed wolves. We felt that was more a need to know the subject. By the time we finished telling them everything, to say they were shocked was an understatement. They didn’t say anything for a few seconds.

“Damn, that is some crazy a.ss sh!t you two went through. I am so happy for you two at the same time!” Dani said hugging me and Sin. The others nodded and joined in.

“Alright, as much we love to hang out with guys, we have cabanas to tend to. Mr. Kane, we really need more girls to replace these two. It doesn’t seem like they will be coming back to us,” Maxine said.

“I’m working on that Maxine, just be patient,” they all nodded and left.

“Come on ladies, our cabana is waiting,” Brandon said taking Leah’s hand and leading us to the VIP cabana. I stood in front of it and reminisced about that day. Serving the guys, looking into Dorian’s emerald green eyes for the first time. Then I remember Dorian ordering a Turkey B.L.T. Just laughed to myself.

“What is so funny?” he asked me.

“I was thinking about that day, and that random Turkey B.L.T you ordered,” he threw his head back and started laughing. “You didn’t really want it did you? You were just trying to find an excuse to get me to look at you,”

“That is true, but I still wanted that sandwich,” he said kissing me cheek. We each took a couch in the cabana. I looked over at Sin and Mikey and remembered her sitting in his lap that day.

“Mikey, you knew from the moment Sin walked into this cabana with me that she was your mate, didn’t you?” I asked him

“Sure did, she almost sat in David’s lap, but I grabbed her hand pulled her to me,”

“David?” we both looked at him

“He’s a team lead at the firm. He was back in town from a job in Greece,” Brandon said.

We sat back and enjoyed the music. Whoever the DJ was, was playing a lot of reggaeton. Sin and I used to love dancing together when our cabanas didn’t need us.

“Come on!” Sin said as if she read my mind. We were out in front of the cabana and started to dance. Sin and I danced to the music for a little while. We signaled for Leah to join us, but she shook her head. So, Sin went to grab her and make her dance with us.

“I don’t know how to dance to this kind of music?” she said to us.

“We’ll show you,” I said. I grabbed her hips and taught her to sway and pop them. She had the body that would make these kinds of moves look sexy, she just needed the boost in confidence. After a few minutes, Leah started to get the hang of it. Once Leah got out of her head, she started to have fun. We danced and laughed. I looked back at the guys and all of their eyes were black with lust. I looked at the cabana and saw that it was stand-alone and had curtains that would drop down and cover all four sides. The music was loud, and the bass echoed. I mind linked the girls

Who wants to have some kinky fun with our guys in the cabana?

What are you talking about? Sin asked

The cabana can be fully covered by the curtains and the music is so loud, so no one should be able to hear us. I said

What are you suggesting Allie? Leah asked

I think we should seduce our guys and have a small orgy in the cabana. Both of them looked at me with amusement. I gave them a look, and they looked at each other, thinking about it. Sin was more shocked that I was the one that suggested it. But then they both nodded their head. Leah was just as kinky, she just wanted to hide it.

Leah went back into the cabana, and while Sin and I moved the curtains to cover the entire cabana. When curtains were down, it means "do not disturb." All of the cabanas have them, but ours was the only that covered all four sides. One we knew there was no way anyone could see; Sin and I went back into the cabana. All of the guys looked at us with weird expressions.

We waited for the DJ to play another song, and once it started, we all did our own thing. I took off my sheer cover-up, put it on the table, walked over to Dorian, and straddled him.

"Baby, what are you doing?"

"Relax, baby. Let me take care of you," I said seductively. I waved my body against Dorian in tune with the music. It didn't take long before I felt the bulge in his swim trunks. Dorian slouched a bit more and grabbed my hips as I continued to wave and grind against him. I used the back of the couch for support and my breasts were hanging above his face. Dorian started placing an open mouth kiss between my mounds and all over my chest. I was moaning, but Dorian couldn't hear it because of the music.

I felt him move the fabric of my bikini top away from my breasts and he started to suck on my right nipple while cupping my left breast with his hand. I could feel him getting harder and harder with every move I made with my hips. I balanced myself with one hand on the back of the couch and reached down in between us with the other. I pulled apart the Velcro of his trunks. I reached in and pulled out his hard member.

While holding on to his dick, I used the tip to push aside my bikini bottom and slid him inside of me. Dorian shut his eyes from the sudden warmth of my pussy wrapping around his hard cock. I watched Dorian's face as pleasure took over him. Out of nowhere, a bikini top landed on his face and I started to laugh. I knew that it was Leah's. I pulled it off his face and we both looked over at Brandon and Leah. He was already balls deep in her missionary style.

We looked at Mikey and Sin next, and she was still on her knees blowing him, but his shorts were down by his ankles. I rolled my eyes and turned my attention back to my mate. I threw Leah's top back at them and leaned down kissing Dorian. While we kissed, he moved my hips indicating he wanted me to keep going, so I obliged. It didn't take long before Dorian took over the situation. He was thrusting upwards while I supported myself with the couch. I was moaning so loud, but the music was drowning it out.

Every time there was a pause in the music, we all stopped what we were doing until the music started up again. Since the DJ would play for at least five minutes at a time, that was five minutes of privacy we got with our men. Dorian grabbed my ass, pulled out, and flipped me over onto the couch. I pulled his shorts down exposing his ass and his full erection before he put it back in. Just like Brandon, Dorian was balls deep inside of me and fucking me with short and hard thrusts.

I felt so dirty having sex in public like this, but it was in a good way. I never would have thought in a million years, that I would be this adventurous when it came to sex. Let alone, having a werewolf orgy in a cabana. Dorian just brought out the best and worst in me.

I love you, Dorian. I sent him a mind link as I felt myself about to cum.

Allie, what has gotten into you?

You! I said as his thrusting became harder and deeper. I started to shake as the orgasm took over.

That's right baby, cum all over my dick! He kept pumping me full of his amazing cock. Fuck, I'm going to cum baby.

Give it to me Dorian, I want to feel your warm cum inside of me.

I felt him push a few more times and then he crashed his hips into mine. He started to pop his hips as he cummed. I grabbed his ass cheeks and wrapped my legs around his waist to push him into even further as he released his goodness. He pulled back his kiss and staying inside of me for the time being.

I looked to my right, and see Brandon and Leah were breathing heavily which indicated they were done. I looked over Dorian's shoulder at Sin, and Mikey was fucking her from behind. I watched for a few seconds when I saw Sin

fall onto the couch with no energy and Mikey bent over on top of her. I could see his c.um leaking out of her. I turned my attention back to Dorian's beautiful sweat covered face.

"This was your idea wasn't it?" Dorian asked me. I nodded and smiled. "Are you in heat again?"

"No, you just bring out the naughty girl in me. I love having your d!ck inside of me, and I know the girls love their guys just as much. So, I figured, we can all be a little adventurous," Dorian leaned down and k!ssed me and slid out of me. I adjusted my top before he got up and pulled up his shorts. I grabbed my cover-up and put it back on.

We sat up and saw everyone putting their clothes back on.

"Where's my top?" Leah asked.

"Right there," I said pointing to the bonsai tree behind her. She kept herself covered as Brandon helped her put it back on.

"Who's fvcking*g idea was it to have an orgy in the cabana?" Brandon asked

"It had to be Sin," Mikey said slapping her a.ss.

"Believe it or not, it was Allie's idea," Sin said. Brandon and Mikey looked at me and I just smiled sitting on Dorian's lap.

"LUNA?!" they both exclaimed. I just shrugged playing innocent.

"I don't know about you guys, but I'm starving after that," Sin said

"You realize that our cabana smells like se.x, right?" Mikey said. The girls and I just shrugged and opened the curtains. I stopped midtrack when I realized that c.um was leaking out of me.

"I need to run to the bathroom," I said

"Same!" Sin and Leah shouted. I guess we were all having the same problem. We all went straight to the bathroom. Luckily, the line was pretty short, and it didn't take us long to get into a stall and clean up a bit.

"Dude, at this rate, we're all going to end up pregnant," Leah shouted from her stall.

“Do you and Brandon want to have babies?” I asked her. Dorian had c.um a lot more than I expected. It took me a minute to clean it all up.

“We haven’t talked about it, but I don’t mind and I doubt he does either” she replied. “Sin, what about you?” she asked.

“At first, I wanted to try and avoid having babies, but after Allie talked with Eleanor, Dorian’s mom a few weeks back, I changed my mind,” Sin replied. “We’re not planning for it, but I’m not avoiding it anymore either,”

“Allie, what about you? Do you want to have babies with Dorian?” Leah asked

“I’m the one that asked him to marry me, what the fvck do you think?” I said to them stepping out of the stall.

“I’m heading out first,” Sin said when she finished washing her hands. Leah and I nodded and washed ours.

“I cannot believe you came up with that idea Allie,” Leah said blushing. Her second time having se.x and it was public.

“Did you like it?” I asked her and she bit her bottom lip and smiled really big. We dried off our hands and went outside. What I saw when I left the hallway made me go straight into Luna mode.

Desert Heat Chapter 42 - Tips

{Allie’s P.O.V.}

When Leah and I came out of the bathroom, I could sense something was wrong. I walked around the corner and saw that Sin was pinned against the wall by some guy.

“Oh my god!” Leah exclaimed.

“HEY!” I shouted getting the guy’s attention. “What the fvck do you think you’re doing! Get your hands off of her!” I shouted as I ran up to them.

“fvck off b***h, this Latina goddess and I have plans, don’t we gorgeous?” he l!cked her neck. Sin was getting pissed but was about to cry at the same time. The grip he had on her arms was tight and would most definitely leave bruising.

“Get off her!” I said kicking him in the shin with my wedged heels. He let go of Sin and she hid behind me. This guy was humungous and then I sensed it. A werewolf.

“You’re going to pay for that fvcking*g cunt,” his eyes clouded over and then two more guys joined him. He fvcking*g mind linked his friends.

“Oh sh!t!” Leah shouted and hid behind me as well.

“Two can play at that game,” I said, and immediately mind linked the guys.

GUYS HELP!

Where are you, Allie!?

By the bathrooms! These guys are wolves!

These guys started to edge closer to us. All of their eyes pools of black filled with lust and anger.

“I think I’ll start with you!” The guy who originally had Sin said and grabbed my arms. He wrapped me in his arms and took in my scent. “fvck, you smell like honey. I wonder if you taste like it too,” he said and licked my neck. I wanted to hurl.

“You have no idea who the fvck you’re messing with!” I shouted.

“AHH!” I heard the girls scream and they were both pinned against the wall by the other guys. Leah’s feet were hanging off the ground because the guy had her up in the air by her neck. I could see the fear in her eyes. Sin and I had dealt with sh!t like before while working here, but poor Leah hasn’t. Leah was terrified. Sin looked pissed and disgusted. My instincts were to try and fight back, but this guy who had me was huge. I could feel his hands crushing my arms. Because we were behind a corner, no one could really see us. The guy who had me completely ripped open my cover-up and tore off my bikini top.

“Damn, these are some nice t**s! Let me feel these!” he said. But before he could put another hand me, I felt rush of power pull him off me which knocked me on the ground. I looked up and it was Dorian. He had this guy by the throat and was holding him up in the air. His powerful growl made the guy go pale in fear. Brandon and Mikey helped me to my feet, and I covered myself with my

hands. The other two guys stopped what they were doing when they realized their leader was in trouble. Leah fell to the ground and started to cry.

Brandon and Mikey saw that these guys had put their hands on Sin and Leah and went into the full Beta and Gamma mode. It took a matter of seconds for them put these guys face down on the ground.

“What the fvck?” the leader said through his short breaths. Dorian was putting so much force into his hold; the guy was suffocating.

“You three must have a death wish, putting your hands on our mates,” The guy’s eyes grew wide as he looked back at me.

“I had no idea,” he mustered out the words

“Do you think I’m stupid? All three of them ARE.MARKED!!” Dorian roared in his face. Then I smelled it. Urine. This guy peed himself because he was so afraid of Dorian. I walked up to the guy.

“Did you think I was bluffing when I said you were fvcking*g with the wrong people?” I asked him. “This is my mate, my Alpha,” he looked back at Dorian. I looked down at the other two, bl0odied and beaten but still conscious. “And you two, just fvckinged with the Beta’s and Gamma’s mates,” Sin helped Leah to her feet, and they came over to me. Sin got me a towel from behind register stand around the corner. I took off my torn cover-up and replaced it with the towel.

“You’re not a normal Alpha,” the guy said trying to keep from passing out from lack of oxygen.

“You’re right, he’s not,” I said to him while wrapping my arms around Dorian’s waist. “This is Dorian Shaw, perhaps you’ve heard of him?” the fear that took over this guy’s face was priceless. I knew who Dorian was when I was a human because of his company. I figured that other werewolves would know him by his reputation as an Alpha.

“Please, spare my life,” he begged.

“Allie?” Dorian asked me. I really thought about it. I thought about it hard. As a Luna, it was my duty to protect my pack, but I remembered Dorian telling me he didn’t want any bl0od to stain my hands.

“Please, Luna, I beg you,”

“He’s not worth it,” I said. Dorian released his grip and the guy fell to the ground coughing to catch his breath. “Brandon,” I said to him. He and Mikey let up the other guys who scurried to their leader.

“GET THE fvck OUT OF MY CLUB!!” Brandon roared. These guys took off without even a second thought. Brandon took out his phone and made a quick phone call. “Those three are officially banned from my facilities,” he looked at Leah who still had tears streaming down her face. “fvck, Leah, come here,” she ran into his arms and Sin ran to Mikey.

“Brandon, I want you find out what pack those fvckers belong to. I want to have a chat with their Alpha about boundaries and respect!” Dorian shouted. Brandon nodded as he cooed Leah.

“Nice job handsome,” I said leaning into his chest.

“Are you okay, baby?”

“I’m fine. I’m just bummed about my top. I actually liked this bikini,” I pouted. Dorian chuckled. He lifted my chin and kissed me. “I honestly contemplated if I wanted you to snap his neck. I had to really think hard,” I told him.

“I know you did, it’s a hard decision to make,”

“I love you, baby,” I said to him and he kissed me again

“I love you, too,”

“I need a favor from you,” I said.

“Anything,”

“I need you to ask Sam if she would be willing to teach me hand-to-hand combat,”

“What? Why?”

“Situations like this will come up again, and I need to be able to protect myself and the girls. I am their Luna, they are my friends, my sisters. I need to be

able to protect them should the occasion ever arise,” Dorian took in a deep breath and I could see he was thinking about it. “I know what you’re thinking, but I’m not a vulnerable human anymore Dorian. I am werewolf now, a blessed one at that. And you’re not always going to be around, neither will the Brandon or Mikey, and even Simba and the guys. I need to learn to defend myself and them,” Dorian looked at me and I could see him thinking hard about this. After a minute or so, he let out a deep sigh and nodded his head.

“Sam is a tough trainer Allie. She doesn’t hold back. She won’t hold back just because you’re the Luna,”

“Good. I don’t want her to. I want to be strong like her. I have been in awe of her since the day I met her. Her resume in hand to hand combat and martial arts training is so impressive. I honestly have been thinking about this since that night, but I didn’t think I would need it until now,”

“Alright baby, I’ll give her a call so she can set aside time to train you a few times a week,” I nodded and kissed him. “Now let’s get you something cover-up in,”

“Maxine can get me an employee shirt,” I said to him. We walked over the main bar where the girls were, and they saw me.

“What the fvck happened?” Maxine

“Can you get me a shirt please?” I asked her.

“Yeah sure,” she said and went into the back.

“Allie, what happened?” Dani asked. Siobhan and Claudia were there gathering bottles. I quickly told them what happened.

“What the fvck is wrong people!?” Siobhan shouted.

“I wish I was there; I would have cast a spell on them,” Claudia said.

“I would have just shifted into my bear and ripped off their d***s. I personally don’t like werewolves, present company excluded,” she said grabbing another bottle.

“Dorian,” Brandon came up to us

“What’s up?”

"I figured out which pack those guys belonged to," Brandon said. Dorian looked at him waiting for an answer. "They belong to a small pack down in Laughlin, called Big Bend Pack. It's really small. Less than 100 in their pack,"

"Who is there Alpha?"

"His name is Paul Harold," Brandon said.

"Get me their contact information, I want to have a chat with him," Brandon nodded.

"One more thing, all three are his kids. The one that had Allie is their future Alpha," Brandon said. Dorian's eyes turned black and I could feel the rage. I grabbed his hand and pulled him into my neck. I knew that my scent would calm him down. It took a minute, but he finally relaxed.

"Here babe," Maxine said. She gave the shirt and led me into the back, so I could put it on.

"Thanks, girl,"

"You're welcome,"

"We're going to go now. I think our mood has been dampened. Plus, we're starving,"

"Okay," She gave me a h.ug and we up to Brandon's office to wait for him.

"Yo, I'm starving, let's get some dinner before going home. I don't think I can wait another hour and a half," Sin said.

"Yeah, same here," Leah said.

"You guys like Korean barbeque?" I asked them

"Who doesn't?" they all said in unison. I just laughed.

"I know this great place off of Sahara,"

"Show me the way," Mikey said. Brandon finally came out of his office and gave Dorian a piece of paper. Dorian put in his pocket and we all headed out for dinner. I took them to this small place called Biwon. It was all you can eat Korean barbeque and sushi for a little extra.

I did all of the ordering since it was easier for me to communicate with the server. Everyone just looked at me hearing me speak in fluent Korean for the first time. I ordered as much I could for the first round and added sushi to my order. I was the only one who likes sushi, which was perfectly fine. More for me. This was probably the first time I was not sitting in Dorian's lap. He pouted when I told him that it was inappropriate in a family restaurant setting like this. He wanted me to sit to his left, so he can have an arm around my waist while he ate with his right.

I had fun trying to teach Leah how to use chopsticks. I ended up using the rubber band trick for her. I told her that I would teach her at home. I did most of the cooking for everyone since I enjoyed it so much. The server kept asking if I wanted help and I told her it was fine. I really did enjoy cooking for others.

We ate so much. The bill came out and the guys played rock paper scissors to determine who was going to pay. Brandon lost and got the bill. When the server came back to give back Brandon's card, she looked at me and smiled,

"Namja chingoo ingayo?" (Is this your boyfriend?)

"Yakhonja ibneeda," (He is my fiancé)

"Banjee ubnaeyo," (You have no ring)

"Ahjeek," (Not yet)

"Moonshin eeruhkae maneundae, ahn moosuhwuhyo?" (He has all these tattoos. Aren't you afraid?)

"Churldaeyoh," (Absolutely not) I said and smiled. She just nodded and went on her way.

"What was that about?" Dorian asked.

"Just small talk," I replied and kissed his cheek. Once we were all ready to go, we walked back out to the car.

"Brandon, you drive man. I'm fvcking*g exhausted," Mikey said tossing him the keys. Brandon got in the driver seat and Leah in the passenger seat. Dorian and I were in our usual spot with Mikey and Sin in the second back seat.

I yawned and stretched as far as I could in the car. Instead of sitting in his lap, I opted to actually lay down in the backseat and rest my head on his lap.

“You tired?” he asked me. I nodded and just started to doze off. “Go to sleep, I’ll wake you when we get home,” He didn’t have to tell me twice. I knocked out and forgot about the world.

It felt like I slept for hours. I was sure we were home by now, but I opened my eyes. I found myself in our bed and it was morning.

“What the?” I had slept the whole night and didn’t even realize it. I didn’t even remember coming home or coming up to our room. I saw the bathroom light on, and the door slightly ajar. I looked at the time, and it was past nine in the morning. That meant Dorian went to the training and had already come back.

I was still delirious at the fact I slept for almost eleven hours and had no idea. That was the most sleep I got other than when I was in a coma. I heard the bathroom open and I looked up. Dorian was in nothing but a towel and the steam from the hot shower he just took was flowing off of his body. Seeing him dripping wet like that, his tattoos glistening from the water, his muscles flexing as he held the towel closed. I lifted a brow at the sight before me. I instantly became wet and felt myself hiccup.

“Baby, I can smell you from here,” he said to me pulling me out of my thoughts.

“I-I...Um, fvck,” I just laughed. He smiled and shook his head and came over to me. “Oh, god,” I said out loud.

“What has gotten into you?” he asked laughing. “What happened to my innocent tiny mate?”

“I told you already! It’s you! You and your perfectly chiseled Greek god tattooed body does things to me and I can’t help it!” I pouted. He pulled into me a h.ug.

“You know, when you were passed out in the car last night, Leah and Sin said they wanted to do group se.x more often,”

“They did!?”

“I think you girls enjoyed it more than us guys did,” I blushed. “You’re becoming a bad influence,” he joked

“Me?! It’s your fault! Why do you have to be so fvcking*g se.xy Dorian!? When I see you all I want is se.x! I used to be afraid of se.x! I hated men! I never wanted to get married! You changed who I am because of your se.xiness and...and... I am so in love with you I just want to constantly be in your arms! And...and...and...I..., gah fvck! Go put clothes on I can’t think with you n.aked in front of me!” I slammed my face into the bed. Dorian laughed so hard he started to snort. I looked at him and started to laugh myself. He came and gave me a h.uge h.ug.

“fvck! I love you, baby. I haven’t laughed that hard in such a long time,” he said k!ssing my neck.

“I’m glad my misery is amusing to you. Now go change while I take a quick shower,”

“I’m going to be in my office. I need to call that pack down in Laughlin. I may not have k!lled those guys yesterday, but it doesn’t mean I won’t tear into their Alpha to keep this pack members in line. It’s against werewolf law to put your hands on any marked wolf, male or female,” I nodded my head and went into the bathroom. I stood under the water and thought about our little escapade in the cabana.

I had to admit, it was hot and se.xy seeing my girls get ravaged by their guys. It was like real-life p0rn and it got me off. Maybe we would do that more often. I think we girls were feeding off of each other and it felt exhilarating.

Desert Heat Chapter 43 - Tips

{Dorian’s P.O.V.}

“...Tomorrow afternoon, yes that’s fine...I suggest you do bring them because they will have to personally apologize for their crimes...You as well...Goodbye,” I hung up the phone and ran my fingers through my hair. I sat in silence. The Alpha and his three sons were planning on coming to our packhouse to get the full story on what happened at the club yesterday. How was I going to tell Allie and the girls, their attackers would be in our home? My thoughts were interrupted by a knock on the door. I looked over and saw Allie.

“Hey, you busy?” she asked

"No, just hung up the phone," she smiled and closed the door. She came around my desk and sat in my lap.

"What's wrong?"

"Nothing,"

"Dorian, if you think I have a bad poker face, you should see yours when you lie," I furrowed my brows at her. She lifted one brow to me. I sighed.

"You're going to be pissed," I tell her.

"What is it?"

"Alpha Harold of the Big Bend Pack is going to be coming here tomorrow..." I paused. She lifted her brow again. "...He's bringing his sons with him," she just stared at me and didn't say a word. "Allie?" she started to bite her lip and the inside of her cheek.

"...They're coming here, to our home?" she asked. I nodded. "Have you told the others?"

"Not yet. I was about mind link the guys to come in, but you came first," I told her.

"...What are you waiting for Dorian?"

Guys, my office. Bring the girls

Be right there!

I looked up at Allie who just stared at me. A few minutes later, the guys came in with the girls behind them.

"Whoa, the energy in this room is cold," Mikey said.

"Allie?" Sin asked.

"Come in, everyone, take a seat," I say to them. They all come in and closed the door. Everyone takes a seat and looks at Allie and me. I look at her, and she gestures for me to start talking.

"What's up boss?" Brandon asked

"I just got off the phone with the Alpha of the Big Bend Pack. They will be coming here tomorrow to discuss what happened yesterday,"

"Discuss what!? Those guys assaulted our girls, our ranked females. The big guy was on the verge of assaulting Allie!" Mikey exclaimed, obviously unhappy about the situation.

"What did he actually say?" Brandon asked.

"When I told him what happened, I heard him ask his sons about it. He says that they claim the girls weren't marked,"

"That's fvcking*g bullsh!t!" Allie shouted in my ear. "How the fvck can you miss these bite marks on three tiny women wearing bikinis!? You can see this sh!t from a mile away!" she shouted while showing me her mark. I couldn't help but smirk a little.

"Allie's right! That's a load of bull! All of our marks are clearly visible. They chose to disregard it!" Leah said. "I know werewolf law because I grew up in a pack! Putting your hands on a marked wolf is forbidden, and depending on the crime that follows it, it can call for banishment or death," Leah continued.

"So, what? They plan on coming here to make it seem like they were the innocent ones. Regardless of us being marked female wolves, men should not put their hands on women that way, ever!" Sin said crossing her arms.

"Sin and Leah, tomorrow when they are here, I need you two stay in your rooms or in the kitchen, do not interfere with the meeting,"

"What about me?" Allied asked.

"You are the Luna; you will need to greet them when they pull into the property. Nick and Paxton will be at the entrance of the territory in their wolf forms and will escort Alpha Harold to the front of the packhouse. You will greet them, as professionally and cordially as possible, and then bring them to the conference room, understand?" Allie slumped and pouted before nodding her head.

"I should have just let you k!ll him," muttered under her breath. I shook my head and pressed my face into her neck.

"Un-fvcking-believable," Sin and Leah both said.

“Sin, how the triplets doing on their first day?” Allied asked

“Good. Katie is a natural in the kitchen, and the other two are making friends quickly in the hospital,” Allie nodded.

“Look, I have a few more calls I need to make for work, so why don’t you ladies go hang out by the pool or whatever it is you guys do when we’re busy,” Sin and Leah left immediately and Allie kissed me on the cheek before getting up and heading out herself. Once the door closed, I turned to Brandon and Mikey.

“What?”

“We don’t have any work calls today...” Mikey said. “You just wanted them out of the room,” I nodded.

“Dorian, why do you think they’re lying about the girls’ marks?” Brandon asked.

“Yeah, Allie said it herself, their marks can be seen a mile away. Plus, Allie is a Luna, that kind of aura doesn’t go unnoticed,” Mikey added. “Regardless if Allie is a newborn, the aura from a Luna is known by all werewolves. The moment she told them to back off, they should have recognized she was ranked,”

“Leah is right, those guys deliberately broke our laws and attacked our girls! Allie should have let me tear that guy to shreds! He had Leah by the fvcking throat! She was almost a foot off the ground!” Brandon slammed his fist against the table.

“Did you two notice how calm Allie was though?” I asked them. They looked at me and then at each other.

“Now that you mention it, yeah. The Luna was really fvcking*g calm. Even when she called for help, it was cool and collected,” Brandon agreed.

“Ever since Allie turned, her personality has really changed,” I said to them

“Is that bad?” Mike asked

“No, not at all. She has definitely been more open, outgoing, assertive, and doesn’t show fear anymore. It’s like her wolf brought out this whole new Allie,”

“You know, I’ve heard of this happening before,” Mikey said.

“What do you mean?” Brandon asked as I just looked at him from my desk.

“I’ve heard of timid and fearful individuals coming to life after they receive their wolf,”

“You mean humans like Allie?” I ask him

“Not just humans, but full-blooded wolves too. Think about it, Allie was this tiny little human who was broken and terrified of everything. She snapped at Dorian, pulled your guys’ hair, and then blacked out from crying after begging Dorian to kill her. Not even two weeks after living here, she was beaten nearly to death. As soon as she gained her wolf, she helped Brandon find Leah, found the triplets, ripped into them for disobeying her, planned an orgy in the cabana and then taunted those guys after she was almost assaulted again,”

Mikey had valid points. Maybe this was the real Allie. The Allie that was suppressed from all of the trauma she had endured her whole life. The moon goddess didn’t just pair us with random mates, she always chose mates that complimented us. Allie has done nothing but proves herself to be a strong individual. Even her asking me to allow Sam to train her because she felt the need to protect Sin and Leah was something the old Allie never would have done. I couldn’t help but smile.

“There’s something else I need to tell you guys,” I said to them.

“What?”

“Allie asked me to marry her,”

“SHE WHAT!?!” both shouted.

“Wait, what the fvck? She asked you?” Brandon reiterated. I just nodded and leaned back in my chair smiling.

“I didn’t see the ring on her finger yet man?” Mikey said

“That’s because I haven’t given it to her yet,”

“You have it?” Mikey asked

“Of course, he has it! He probably bought that sh!t the day after she got here,” Brandon said.

“I bought it when she was in the hospital recovering. I had a jeweler come in and measure her finger one day when no one was there,” I told them.

“Damn, that’s fvcking*g insane! But that’s fvcking*g awesome at the same time! Congrats man!” Mikey came up to me and gave me a bro h.ug. Brandon came and joined us.

“When do you plan on giving it to her?” Brandon asked.

“The night of the ceremony after they have their shift. The Luna ceremony is just a formality at this point. She’s already mated, marked, and bonded by bl00d to the pack,” I said to them. “So, now that you know I am engaged, Allie wants us to do big a.ss joint party either in the Bahamas or the Caribbean, you guys down?”

“fvck YEAH!” they both shouted.

“Dude, I got to ask, best man?” Brandon said referring to himself.

“Of course! Mikey, you’re obviously the groomsman,” we had another bro h.ug. Just then, Brandon’s eyes clouded over. Someone was mind linking him.

“Uh, Dorian, you might want to get down to the pool,”

“Why?”

“Allie is apparently tanning topless. She’s on her stomach, but an omega is saying that a couple of guys are starting to stare,” Brandon didn’t have to say anything else. I ran out of my office and down to the pool. When I got there, sure enough, Allie was tanning topless and I found more than a couple of unmated males staring.

“Unless you all want to run 20 miles in the morning for the rest of the year, I suggest you look somewhere else!!” I yelled using my Alpha tone. I looked down at Allie and realized she was sleeping. “Allie,” I said shaking her a little.

“Hm! Wh..What?”

“Allie, why the fvck are you topless?”

“Because I am tanning and don’t want a tan line,”

“How long have you been out here?” I asked her

“Ten minutes. Why?” she asked obviously annoyed

“You fell asleep in ten minutes and were so knocked out you didn’t even hear me yell just now?”

“You yelled?” she said trying to sit up. I handed her the top to her bikini and she put it back on.

“Allie, don’t ever tan out here topless again, do you hear me?”

“Do you know how ridiculous it would look if I had tan lines across my b00bs?”

“Then tan on the balcony from our room where no one can see you,”

“Fine,” she said and then got up.

“Where are you going?”

“For a swim,” she untied her hair and let it fall before diving into the water. I watched her from above and saw that she was underwater the entire length of the pool. The pool was 3/4 the size of an Olympic size pool, so the fact that she could hold her breath that long was amazing. She also swam at the bottom of the pool the entire length and then pushed herself up from a depth of ten feet. She easily just held her breath for a minute and a half. She came up took a deep breath and swam to the edge of the pool where the ladder was.

“That was impressive,” I said to her

“What was?”

“Holding your breath that long and staying at the bottom the entire time,”

“What, was it like 30 seconds?”

“30 sec...Baby, you held your breath for a minute and thirty seconds,”

“I did? Didn’t feel like it,”

“Are your lungs okay?” she nodded and smiled genuinely. “You look happy,”

“I love the water. When I was younger, I always wished I could be a mermaid,”

“There’s something else we have in common,” I said to her. I always considered myself a fish out of water. It was why my dad had the pool built. I used to be in this thing all day every day.

“You should get everyone to join us,” that was actually wasn’t a bad idea. I mind linked the guys and told Brandon to bring me a pair of trunks. Allie never got out of the water. While I was waiting for everyone to show up, Allie was floating on her back in the water. She seemed to be a peace. A few minutes later and the gang showed up.

“Here,” Brandon tossed me some trunks. I changed behind the tree and came back out.

“Allie, you might want to move!” I shouted to her

“Why?”

“Because Brandon is about to dive in!” she opened her eyes and Brandon was mid-air right over her

“AHH!!” She immediately dove under the surface. Brandon missed by a few inches. She and Brandon surfaced at the same time. “BRANDON YOU ASSHOLE!!! YOU RUINED MY ZEN MOMENT!!”

“Hahaha!! Sorry Luna,” I laughed and dived in behind Allie. I swam over to her. We were all standing in the five to six feet depth and having a good time. Allie was holding her own while Leah and Sin were on Brandon and Mikey’s backs. We found out that they didn’t know how to swim.

“Baby, ask Mrs. Johnson if she can bring lunch out here for us,” Allie said

“I got that covered Luna, I asked her if she could throw some meats on the grill,” Mikey said. Allie smiled. She dove to the bottom of the pool.

“Watch her,” I told the guys and we all watched as Allie stayed at the bottom and swam to the other end of the pool in one go.

“Dude, what the fvck? Is she a fish or something?” Brandon asked.

“Allie can’t tell the time when she’s in the water,” Sin said.

“What does that mean, honey?” Mikey said.

“Allie is what you would call a natural free driver. That b***h has always been able to hold her breath for long periods of time. I decided to test it out once, and she was able to hold her breath for just under three minutes. She thought it was like 45 seconds,”

“Damn, she is a fish,” Brandon said. Allie finally came up for air.

“SHOW OFF!” Sin shouted. Allie just smiled.

“I told you I would teach you to swim, but you don’t want to,” Allie replied as she swam back. She dove under again, but not as deep. She came up and pushed back her hair. The angle the sun hit her mark, made me smile.

“Let’s get this party started shall we!” I heard Mrs. Johnson.

“Yes!!” The girls shouted.

“Mrs. Johnson, do you want some help?” Allie asked

“Nonsense Luna, enjoy yourself. I have burgers, hotdogs, and barbeque ribs. Katie and the others are making tossed salad and other fixings to go with it. Nothing we can’t handle,”

“Are you sure?”

“Positive Luna!” Allie shrugged her shoulders. She walked to me and jumped up into my arms locking her legs around me and hugging me tightly.

“Hold me steady, I’m going to put my hair up,” I held her legs as she leaned back and pulled her hair into a bun and secure it in place. When she was coming back up, I placed a k!ss in the middle of her neck.

“Hey! None of that sh!t in the pool!” Brandon spat.

“Instead of paying attention to us, how about you make sure your mate doesn’t drown,” I spat back.

We decided to play a round of chicken with girls on our shoulders. Sin and Leah were against it at first, but the guys promised they wouldn't drown. The girls were ruthless to each other, especially Sin. She somehow got a hold of Allie's top and pulled it off. Allie covered herself and I lowered her into the water.

"You're a cheater!!" Allie shouted as Sin tossed me the top. I helped Allie put it back on. Allie got on my back, and we watched to see who would win between Sin and Leah. In the end, Sin was victorious.

"That's right b!tches! You guys might beat me in Tap n' Tickle, but I rule at Chicken!" While she was having her own little victory ceremony, Allie started to leave small k!sses on my mark.

"What's that for?" I asked her

"Because you're se.xy," I chuckled.

"LUNCH IS SERVED!!" Mrs. Johnson shouted. We all got out and headed for the picnic table. Everyone dug in. We ended up spending the rest of the day out the by the pool and also ended up having a massive pool party that night with music, more food, and drinks. It was Allie's idea as a way to include everyone in the packhouse.

I took the time to enjoy myself with my girl, before the real work began. Something about the Harold brothers didn't sit well with me. Why would they deliberately break our laws and assault our three ranked females? I needed answers, and tomorrow I was going to get them.

Desert Heat Chapter 44 - Tips

{Alpha Harold's P.O.V.}

As we were on our way to the Desert Moon territory, I was livid at what my sons had done. I knew they were wild and didn't take our laws seriously. I can't even count the number of times I had to bail one if not all three of them out. Tucker, my oldest is one week away from being announced Alpha of our pack, and he pulls this kind of sh!t. Trevor and Thomas were no different.

I could not afford to be on bad terms with the Desert Moon pack. We were neutral for over five decades. I had never met Dorian Shaw, but I have heard of him. All werewolves know of him. He has built an empire from the ground

up, since before he was even Tucker's age. I needed to stay neutral with him, but it would have been better with an alliance, which is what I was hoping for when I got his call. But no, he informed me that my sons attacked their three ranked females.

I hoped that my boys were telling the truth when he said they were not marked, but who I was kidding. Those boys were constantly lying to get their way. There was no chance in hell that three ranked females were unmarked. I had to figure out a way to salvage this.

When we pulled up to their territory, we were greeted by two massive wolves and two other armed guards.

"Alpha Paul Harold," I tell them

"Alpha Harold. The Alpha and his Luna are expecting you. You will be escorted by these two in their wolf forms," I nod my head and we make our way to the front of the main house.

Outside, I see a very small young woman with a guard by her side. I get out of the car, and the boys follow behind,

"Alpha Harold I presume?" she asks. I nod. "Good afternoon, my name is Allie, and I am the Luna of the Desert Moon Pack. Welcome to our home. I hope your drive was pleasant?" she said and bowed her head. I took one look at her neck, and I could see her mark clear as day. It was fresh but still healed. This indicated it was made at least several days ago. An indication that my sons lied to me.

"Luna, it is pleasure," I put my hand out to shake it, but she did not take it.

"Forgive me, Alpha Harold, if I refuse to shake your hand. The circumstances of your visit to our packhouse make me a little apprehensive, I hope you understand," she said and looked directly at Tucker.

"Understandable Luna. These are my sons, Tucker, Trevor and Thomas," she paid no attention to them as I introduced them. I could sense her Luna aura even through her silence. There was no question that she was ranked. How could my boys have been so stupid?

“If you will please follow me, Alpha Shaw is awaiting your arrival in the conference room. You will be joined by our Beta, Brandon Kane and our Gamma, Michael Rays, and my guard, Simba,”

“What kind of fvcking*g name is Simba?” Tucker spat. I stopped and turned around to slap him.

“You better watch what you say while we are here! We are guests! And I need to try and clean up the mess the three of you created! When we are in there, you will refer to me as your Alpha, and not your father. DO YOU THREE UNDERSTAND!?” I roared.

“Yes, Alpha,” All three muttered. How did I end up with such stupid kids?

“Luna, apologies, please continue,” she continued on her way with her guard at her left and led us to through the packhouse to a back-conference room.

“Gentlemen, in here,” she said and opened the door for us. I scanned the room and saw three individuals. When I saw how large these men were, even I was a little afraid. Rumors of the Desert Moon pack spread like wildfire after Benjamin’s son took over. Dorian was ruthless and followed our laws to the T. He never showed mercy to anyone that stepped on his toes, so the fact that my sons were still alive said something.

“Alpha Harold, my name is Dorian Shaw,” he put his hand out and his Luna stood to his left. I shook his hand and could feel the strength in it. “You have already met my mate and our Luna,” I nodded. He introduced his Beta and his Gamma, and both were looking straight at Trevor and Thomas. I had a feeling that it was they who gave them the beatings.

“Let’s begin,” Alpha Shaw stated

“Hold on! Is she really going to be in here for this? Meetings like this don’t involve you, sweetheart. So, how about you know your place and get the fvck out and let us, big boys...” Tucker was interrupted by a fierce growl from Alpha Shaw.

“Alpha Harold! Your son is walking on thin ice! If he disrespects my Luna one more time, he will leave **HERE.IN.A.BODY.BAG!!**”

“My apologies, Alpha, Luna,” I turned to the boys who were scared, rightfully so. The Desert Moon pack were not ones to bluff. If they wanted you dead, you would be dead.

“Alpha Harold, you and your sons should know that I am only in here to keep my mate’s anger at bay. I could easily walk out that door and let him slaughter your sons in front of you,” her tone was cold and fierce. “You should also know that it was I that spared Tucker’s life at the club,” I looked at Tucker. He never told me this. “I suggest he be grateful that I kept my mate from snapping his neck. I also kept our Beta and Gamma from beating your other two to a pulp,”

“Tucker! Apologize!” I roared. He hesitated. I slammed his head onto the table causing the other two to scoot back. I rarely used force on them, but my patience was wearing thin.

“I apologize, Alpha, Luna,” he muttered.

“Alpha Harold, as you can see, our Luna is clearly marked, and you can easily tell that although it is fresh, it is more than three days old, indicating that your sons knew she was a marked female and assaulted her anyways,” the Beta said.

“Just because the Luna is marked, doesn’t mean those other two were,” Trevor replied.

“My son has a valid point; how do we know...”

“Are you fvcking*g kidding us right now? I mean, seriously,” the Gamma interrupted. “All of our mates were marked on the same night,” he continued.

“The same night? Who the fvck are you kidding pretty boy? That Latin slut wasn’t marked and you...” The Gamma quickly stood and growled at Thomas and was about to lunge at him, but he was stopped.

“MIKEY! STAND DOWN!” Alpha Shaw shouted. I turned to boys and roared at them. This was getting us nowhere because they could not keep their mouths shut.

“IF ANYONE OF YOU SAYS ONE MORE WORD WITHOUT BEING SPOKEN TO, I WILL BANISH YOU!! DO YOU UNDERSTAND ME!?!”

“Alpha Harold,” the Luna called to me. I turn to look at her. Her eyes were black with rage. “If anyone of your sons insults my ranked females one more time, I will walk out of this room and allow my mate and his men to kill every single one of you. Your deaths will leave your pack in ruins and will cease to exist,” Her words were laced with venom. Who was this Luna? The Alpha was heaving in anger. The Luna put her hand on his shoulder and he immediately calmed himself.

“Let us continue before I lose all of my patience,” Alpha Shaw said. I nodded. “Alpha Harold, your sons have deliberately broken our laws. Not only did they physically attack three marked females, but three ranked ones at that. In addition, your son Tucker attempted to assault my Luna,”

“YOU WHAT!?” I looked at Tucker. This was worse than I thought.

“My club has security cameras around every corner, and their actions were all caught on tape,” the Beta said. He held up a USB drive. “This is the original copy of the incident, and there is one additional copy on a secure cloud, as of this moment, we are contemplating sharing this with the elders of Nevada, to see what they think should be done about the issue,”

“However, we are willing to destroy any trace evidence on two conditions,” the Gamma added.

“What might those be?” I asked

“One, they must beg forgiveness from our ranked females,” the Beta said

“Two, all three of them renounce their claim to the Alpha title and any other ranked title within your pack; therefore, classifying them as Omegas,” the Gamma finished. My sons and I looked at them in shock. I could feel the anger radiating off of Tucker without even looking at him. His Alpha ceremony was next week.

“YOU HAVE GOT TO BE fvcking*g JOKING!” Tucker boomed. “My Alpha ceremony is next week!”

“Maybe you should have thought about before you three assaulted our mates,” the Beta spat.

“Those are the two conditions that need to be met. Refuse, and I will personally put you three in the ground,” Alpha Shaw said. I closed my eyes

and took in a deep breath. Asking for forgiveness was easy but rescinding all three of my sons' titles as ranked wolves and classifying them as Omegas was a hard call to make.

"DAD!?" I heard all three of them. I had no choice. As a father, I had to protect my sons, and as an Alpha, I had to protect my pack.

"We agree to your conditions," I say them

"WHAT!?" my sons shouted.

"SIT DOWN AND SHUT UP! YOU THREE BROUGHT THIS ON YOURSELVES! YOU HAVE NO SAY IN THIS!" I screamed. "Please bring in the Beta and Gamma females," I requested. I watched as the Luna's eyes clouded over for a moment. A few minutes later, two young ladies entered the room. Each respectively stood by the mates. I could see their marks as well, and just as the Gamma said, they all appeared to be in the same state of healing.

"You three, get on your knees and beg their forgiveness," I told the boys. They all looked at me in shock. "NOW!" I said using my Alpha tone. They got up from their seats and got on their knees.

"Please forgive us, Luna, Beta, and Gamma," all three said in unison. I looked to the women, and both looked to their Luna. She nodded.

"You are forgiven," they said in unison.

"Alpha Harold, given a formal ritual is needed with an elder to renounce multiple ranked wolves, we will allow you 60 days to complete the renouncement of all your sons' titles. If it is not completed within the 60-day timeline I am giving you, this treaty will be null and void and I will personally come down there and kill them. Is this in any way unclear?" Alpha Shaw said while passing me a treaty. I read it over, and it shows all the terms and conditions of today's meeting. I agree and sign the treaty in blood

{Tucker's P.O.V.}

I couldn't believe the nerve of my father. Signing away my birthright all because I wanted to fuck the Luna. The slut shouldn't have been dressed like that. My brothers were just as pissed as I was. We lost everything because

our father was weak. He didn't fight for us; he didn't bail us out this time. My father was a traitor to his own children. I was not going to stand for this.

I will be the Alpha of our pack. That treaty doesn't mean sh!t if my father dies because he signed it with his bl00d, not us.

Trevor! Thomas!

What's up? Trevor responded

We can't let this happen. Dad is leaving us in ruins! He betrayed us!

No sh!t! What the fvck are we going to do? Thomas asked.

That treaty was signed in his bl00d, not ours. If he dies, so does the terms of that treaty.

Are you suggesting we k!!l our own father? Trevor asked

Yes!

What the fvck man!? That's cold even for you! Thomas responded

Colder than him taking our away our birthright!? I sneered

fvck him! I'm with Tucker! Trevor was always the smarter one.

Fine. What do we do? Thomas gave in. Too easily.

Leave it to me. I said.

I was going to k!!l our father, take place as Alpha, and then I was going to k!!l Dorian Shaw and take his precious Luna as my own.

Desert Heat Chapter 45 - Tips

{Allie's P.O.V.}

After the meeting with the Big Bend Pack, time went by pretty fast, before we knew it, it was the day before the big night. The night we would all shift for the time. Mercury has been prancing in my head nonstop. She is so excited to finally get out and show herself. I was curious to know what she would look

like, how big she would be, what color her eyes would be. Leah and Sin said that Venus and Jupiter are being just as annoying about it all.

Hey, can you blame us! We've been locked up for almost three weeks! It's time we show ourselves, our bond as sister wolves, and see how our mates react.

Geuruhkae joah? (You like it that much?)

Eung! Shin nah! (Mmhmm! I'm excited)

I just smiled. I was sitting in my office doing some online shopping for a new vanity when Eleanor came in.

"Oh, there are you are sweetheart," she says and waltzes right in. She never knocked or waited for me to say 'come in'. Dorian and I avoided having se.x in my office because of that. It could be locked, and she would still find a way to get in.

"Hi," I said.

"I need you to pick between these two colors," she said holding out two colors plates in front of me

"What are these for?" I asked her.

"They're for your Luna dress,"

"My what?" I looked at her in shock. No one told me I had to wear a fvcking*g dress tomorrow night.

"Your Luna dress," she repeated. "Allie, all Luna's are supposed to wear a special dress on the night of their Luna Ceremony. Although the ceremony is more of a formality, you still have to wear one," she explained. I made an O shape with my mouth and nodded. I looked at the two fabric colors, one was a baby pink and the other was a crystal baby blue. I honestly hated both.

"Uhh...I'm sorry Eleanor, but I honestly hate both of these colors. I can't lie,"

"I see, well I figured just as much," she said right away.

"Huh?"

“These are the colors Helena and Bridget picked out for you. I told them that you would hate both of them, but they wouldn’t listen,”

“Did you pick a color?” I asked hesitantly.

“I did,” she pulled a piece of fabric from the pocket in her skirt. It was a turquoise mint color with very subtle flecks of emerald green. I looked up at her and just smiled. “I knew you would love this color! Those two never listen to me! I know my future daughter-in-law,” she said proudly.

“Yes, you do,” I smiled again. I held the piece to my face to show her what it would look like on me, and she just glistened.

“This color just suits your yellow undertoned skin Allie. Oh, and before I forget, Amber will be here early this evening. We wanted to know if you would be open to having a family dinner at our house with her and her husband?”

“I would love to,”

“Wonderful, I’ve already told Dorian, but he wanted to make sure you were up for it as well, see you later darling,” she waved and walked out the door. Just then, I got a mind link from Dorian,

Hey beautiful, what are you up to?

I just got done picking out the color for a dress that I have to apparently have to wear, that no one told me about.

Ah, fvck. My mother is making you wear one.

Mmhm... And you know I hate dresses.

I’m sorry, baby. The elders and I told her it wasn’t necessary, but she never listens.

It’s okay, she at least picked out a color that I love. Helena and Bridget picked out baby pink and crystal blue. Bleh!

Hahaha! Aunt Helena and Aunt Bridget like the girly colors, my mom is more neutral.

I love the color your mom picked.

What is it?

You just have to wait and see my love.

Alright, be that way then.

I will.

Did she tell you about dinner with Amber and Ronnie?

She did, and I wouldn't miss it.

Alright. I will be leaving the office in about two hours. Amber should be landing at McCarran International at 4:30 P.M. and should be at my parents' house by 6:00ish. So, that gives you a few hours to relax.

Okay, have a good rest of your day, baby, I love you.

I love you too.

I decided to keep searching for a new vanity, but nothing I saw stood out to me. I honestly didn't want to have to settle on another Ikea set because that sh!t took forever to put together. I searched for another hour, but eventually gave up. I turned off the computer and went to go see what Sin and Leah were doing.

Where are you guys?

Kitchen babe.

I skip down the stairs and make my way to the kitchen and see Helena, Bridget, and the girls chatting away, eating...

"HEY! THAT'S MY ICE CREAM!" I shouted when I see the tub of mint chocolate chip on the table. They all look at me with their spoons halfway to their mouths.

"Technically, this one is Dorian's," Leah said with a mouth full of ice cream.

"That's even worse," I said sitting in Dorian's chair.

"Oh my gosh. Hell has frozen over!" Sin said.

“What?”

“You’re sitting on your own a.ss for once!” Leah said while taking another scoop of Dorian’s tub of ice cream. He was going to be so mad. Now I had to share mine with him.

“Oh, shut up!” I said taking the spoon from Sin and taking a spoonful. “You guys having fun with your future mothers-in-laws?” I ask them.

“Duh!” They both said

“Hey, where’s your mother in law at?” Sin asked me taking the spoon back.

“Finalizing the color of the dress I am supposed to wear tomorrow,” I said crossing my arms.

“Oh, you have to wear a dress?” Sin asked knowing that I hate dresses. I just nodded.

“What color did you end up picking darling? It was the pink one, right?” Helena asked with a smile on her face. I looked at Sin.

“Helena, Allie actually hates the color pink, she always has,” Sin told her. Helena frowned.

“That means she had to have picked the Crystal Blue,” Bridget said.

“Um, no,” I said to Bridget. They both looked at me funny.

“Sweetheart, if you didn’t pick the pink or blue, what color did you pick?” Helena asked.

“I picked the color that Eleanor chose,” they looked at me funny again.

“What color might that be?” Bridget asked

“It’s a surprise,” I smiled. They all frowned again, and I just giggled. We sat together and just gossiped. Helena and Bridget absolutely love Sin and Leah. It was good to see that we all had amazing mother-in-laws that loved us like their own. Leah was real lucky, she technically had two moms now. I didn’t realize how much time had passed,

“Is that my ice cream?” I heard Dorian’s voice.

“No, it’s Allie’s,” Sin said

“Wait, what? You guys told me...”

“We lied,” Leah said

“We told you it was Dorians’ tub, but it really was yours,” Sin said l!cking her spoon and tossing into the empty tub.

“I hate you skanks!” I shouted. All of them started to laugh.

“Allie,” Dorian called me

“What?” I said with attitude. Then I saw what he was holding in his hands.

“Oh! Oh! Is that the 7-11 mint cookies n’ cream one?” he nodded. I jumped out of my seat and ran over to him. “Thank you, baby!!” I took it from him and k!ssed him. I was about to tear it open, but he stopped me by taking it away. “Hey!” I pouted immediately.

“After dinner, baby,” he said putting it away in the freezer. I forgot about dinner with this family. “Come on, let’s shower and get ready,” he said taking my hand.

“Bye!” I shouted to the ladies who were giggling and snickering.

Dorian and I got ready and headed out to his parents. They moved out of the packhouse and into of the townhomes in the territory. It only took a few minutes to get there by car. I opted for walking, but Dorian didn’t want to. For someone as fit like him, he sure could be lazy sometimes.

We pulled up their home and got out. Dorian stopped by and picked up flowers and wine for Amber. He held the wine while I held the flowers while we walked up to the door and rang the doorbell. When the door opened, there stood a goddess. Her hair was a long as mine but pin-straight, and it was black like Dorian and Eleanor. She had grey eyes like Benjamin and was at least 5’9 barefoot. I was only 5’2 and wearing five-inch heels and she was still taller than me. She had the perfect hourglass body and she closely resembled Victoria Secret model Adriana Lima.

“You must be Allie!!” She h.ugged me tight.

“Hi, Amber, it is so nice to meet you,” I said back to her.

“Come on in you two!” We entered the house. “Come here, little brother!” She pulled Dorian in for a h.uge h.ug.

“Hey Sis,” he said. Just then, I saw this humungous guy come out of the kitchen. He was a little smaller than Dorian, in muscles, but they were approximately the same height. Why were all werewolf men so fvcking*g h.uge? I mean, the only small wolf I have ever met was Devin. Even the guys from Big Bend were h.uge.

“Dorian!” the guy came and gave him a bro h.ug.

“Ronnie, this is my mate and the Luna of Desert Moon, Allie Park,” Dorian said introducing me.

“Hi, Allie. My name is Ronald Dearing, but everyone calls me Ronnie. I’m the Beta of our pack in Florida,”

“It’s a pleasure to meet you, Ronnie,” I said while shaking his hand.

“Dorian, I thought you said she was little?” Amber said. “She’s almost my height,”

“Oh, I’m wearing five-inch heels,” I took off my shoes, went flat-footed, and dropped down. Both Amber and Ronnie busted out laughing.

“Wow, you are tiny!” Amber said. “Damn, and I thought mom was small,” she continued. “How has he not crushed you yet?” she asked.

“I’m sorry?”

“During se.x,”

“AMBER!” Dorian boomed with this Alpha tone.

“Don’t get all Alpha on me, little brother. I can still kick your a.ss!”

“You have been here five minutes Dorian, and you two are already bickering! Amber, stop meddling in their se.x life, and come help me set the table!” Eleanor shouted from the kitchen.

“Yes, mom,”

"I can help too," I said

"Nope! You're the guest," she protested

"Aren't you the guest?" I asked

"No, I'm the daughter, big difference. You guys go sit with Ronnie in the living room, and we will call you when dinner is ready," I wanted to protest, but Dorian just shook his head. We went and sat on the couch in the living room that was right by the dining room and kitchen. Whatever Eleanor was cooking smelled delicious.

"So, Allie, how old are you?" Ronnie asked

"I turned 22 back in April,"

"Oh wow, you are young. Older than I thought, but still young,"

"How old did you think I was?"

"18 or 19," I looked at him in shock. Did I really look that young?

"It's because she's Asian! All the Asian girls I know look five to ten years younger than they really are. Allie is going to look 22 even when she is my age!" Amber shouted from the kitchen. I just smiled and giggled.

"So, I heard that you were originally human. Is that true?" Ronnie asked

"Um, yeah. Dorian turned me just over three weeks ago," I replied

"Oh, so you're still a newborn," I nodded.

"I heard that you guys have five pups, where are they?" I asked him.

"We left them with my parents, traveling with five pups is kind of hard. Besides, we'll only be here until Saturday afternoon, then we have to go back. As a ranked member, I can't be gone too long,"

"I understand. Maybe we can go visit you guys in Florida one day. I would love to meet my new nieces and nephews,"

"YES! You are more than welcome in our home!" Amber yelled from the dining room.

“Alright, that’s enough talking, dinner is ready,” Benjamin called from the table. We all got up and walked over. The spread was amazing.

“Allie, Dorian mentioned that you enjoy steak and seafood, so I did my own twist on surf n’ turf,” Eleanor said.

“This looks amazing, Eleanor!” I beamed. There were ribeye steaks medium rare, Cajun shrimp, king crab legs, and lobster tails. There was also tossed salad, roasted red potatoes, corn, and spicy sausage. “I don’t know where to start,” I said looking at everything. Dorian sat down and I went to sit in my own seat,

“Where are you going?” Dorian asked me

“To sit in a chair,” I looked at him funny and sat down.

“Allie,”

“No! I need my space for this,” he pouted and grunted.

“I’m lost,” Amber said

“Your brother wants me to sit in his lap,” I told her cutting into a piece of ribeye.

“What?” Amber shocked. “You, make her sit in your lap when you eat? You, showing PDA? Since when?” she asked him.

“Since I found the love of my life, now fvck off,”

“Dorian language!” Eleanor shouted.

“Pffft...” I started to laugh hearing Dorian get scolded. Here he was, big bad Alpha getting scolded by his mother. “I’m sorry...hehe...I’m just going to eat,” I said and tore apart the precut king crab leg. “Mmmmm...” I m0aned.

“Well, if Allie is m0aning when she eats, it means it’s good,” Dorian said. Ignored him and continued to enjoy my meal. Nothing was going to distract me, not even the fact that his hand was between my th!ghs.

“Dorian, stop fondling your mate and eat,” Amber said biting into her corn. Dorian grunted and started to eat. Dinner went so smoothly. We talked, we laughed, we drank wine and had some of Eleanor’s key lime cheesecake. It

was so delicious. It made me forget about the gas station ice cream Dorian got.

“Allie, if you have a moment, I have your Luna dress upstairs. I need you to try it on so I can make last-minute alterations for tomorrow,” Eleanor said. I nodded and she took me upstairs.

{Dorian’s P.O.V.}

After mom took Allie upstairs, I made sure I heard the door closed.

“Pst, Amber,” she looked at me and gestured for her to meet me outback. We went out back together and turned on the porch light.

“What’s up?” I pulled out a small box from my pocket. She gasped. “No,” she said.

“Yeah,” I said and opened the box. Amber’s eyes popped out of their socket and her jaw dropped to the floor when she saw the 20 carats rose gold princess cut diamond engagement ring inside.

“Dorian, how many carats is this?” she said being gentle with it.

“20, is that not enough?”

“Not eno...? What the fvck!? It’s bigger than her tiny hand!”

“Do you think Allie will like it?”

“Like it? She’s going to love it!” hearing Amber saying this made me feel less nervous about tomorrow night. “Little brother, this is the perfect ring. I am jeal...ous,” I smiled and closed the box and put it back in my pocket. I couldn’t wait to put it on Allie’s hand.

“Did you tell mom and dad?”

“No, technically, we’re already engaged,” I told her.

“What?”

“Allie proposed to me first, the night we marked each other,”

“Oh, sh!t!”

“Yeah, but I have been keeping the ring a secret for the last couple of months. I didn’t want to propose to soon, obviously, but since she asked me first, that lifted a lot off my shoulders,”

“I can imagine. Oh, my goddess, I am so fvcking*g happy for you Dorian!” She gave me a h.uge h.ug. “You sure it will fit?”

“I had her figure measured while she was in a coma,”

“Oh, sneaky bastard,” she laughed and punched my arm. “Look, I may be giddy and excited, but that’s because I’m a woman. As your big sister, I am so fvcking*g proud of you Dorian. You finally got your sh!t together, and now you have this amazing young woman as your mate, your Luna, and soon-to-be wife. I highly approve of her Dorian by the way. She may have been human at one point, but now she’s this amazing wolf and her presence just screams the Luna aura. She is strong, courageous, compassionate, loving, respectful, and she’s really fvcking*g se.xy,”

“Haha,”

“The moon goddess did right by you Dorian. She gave you the perfect mate. And she’s a blessed wolf from what Dad has told me. You and your friends have received the most precious gifts, Dorian. You and Allie, are going to lead your pack so far, I can just see it,”

“Thanks, Amber,” she h.ugged me one more time.

The time was near. Allie may have asked me first, but I was going to make it official in 24 hours.
