Chapter 491

“Evan, have you forgotten who you are? You are the heir to the Welton Group and a celebrated representative of Nordeny. What will people think of us if you marry a girl casually? Gina knew he was his own man since childhood.

Others couldn't interfere with his business, but she must meddle in this affair as other parts of the Nordenic Quartet all found a suitable match.

How could he get married to a girl with no background?

A girl who was raised by the Weltons.

“Tronic, huh?” she was so embarrassed and thought.

When she took her daughter-in-law to attend the gathering of celebrities, others would ridicule them for what the hell Evan

married.

No background, and no power!

Gina would rather Evan marry Shyla whose background was among the best in Nordeny.

“Mom, I know who I am and what I am doing. I'm not a puppet and I must take charge of my own life. You and dad object to this marriage, but I'll give you some time until you accept that,” Evan said, and then suddenly held Minta's hand, “Minta, go out with me, and let my mom cool off.”

Minta said yes and went out with

Gina was sitting there with a rigid face and rage. Why did she need to calm down? She would never let it happen.

She would rather die than say yes.

Even if Evan had his own opinions, she gave birth to him.

He didn't have the right to defy his parents like this. Somewhere in Gina's breast, a slow fire rose and rage began to blow o everything else. Then she picked up the teacup nearby and slammed it onto the floor.

The teacup broke with a loud crack.

The housekeeper heard that and wondered what happened. As he was in a hurry to kiss her bottom, he pushed the door and saw the broken teacup on the floor. Then he turned pale with fright and said anxiously. "Mrs. Welton, what's the matter with you?"

"Get out of here. Don't let me see you." Gina was furious and the housekeeper got in the way.

He was so scolded by her that he dared not wait any longer and man out with much bowing and scraping.

of her hand and said, "It's okay."

Still in confusion, Minta asked, "Evan, is it true that you said we were going to get engaged?"

Didn't he say she should just pretend to be his girlfriend? Why did he suddenly talk about the engagement?

She didn't understand and she would not think Evan fell in love with her because he still had affection in his heart for Anya.

That person may doubt our relationship." When Anya was taken away by Zachary, Sydney was rescued. And that person should be the mystery man.

Minta was surprised, "Who the hell is that, so powerful?"

"I feel that he knows me and knows

es me very well." But Evan was unclear who the mystery

Chapter 492

"So we still have to pretend"" Minta asked in a low voice.

"Yes. And I'm not going to tell her about it. He remembered what happened last time.

Maybe that was the reason why that person kept following her.

This time he didn't want her to know he would announce his engagement.

He decided to tell her after he had found the mystery man.

Minta frowned. "But... Will Ms. MacMillan be angry about this?"

"I know. But I just want to protect her and don't want her to get hurt. If she gets hurt, I will be heartbroken. To find the mysterious man, Evan could only make her sad.

After that, no one can prevent them from being together.

"Evan, you must love her very much," Minta knew that Evan had never been so nice to a woman. She always thought that a good man like Evan would usually listen to his family's arrangements and marry a lady from a rich family

But Evan was not like those men. He had his ideas and perceptions.

Minta suddenly felt a little envious of Anya, because Evan was so in love with her.

Evan was willing to do anything for Anya.

Minta understood what love meant. She knew that Evan was really in love with Ms. MacMillan this time.

In the afternoon, Welton Group's CEO office announced to the media that Evan was getting engaged to Minta. Of course, everyone was shocked. Including Anya.

She felt caught off guard.

When she saw the news on her phone, she was dumbfounded.

Evan had previously told her that he was only dating Minta to lure out the mysterious person who would kidnap her?

Why did he suddenly get engaged to her?

And he didn't tell her anything. Why? Anya felt a bit dazed and anxious. She thought of last night when Evan hugged her, kissed her, and told her that he was going to marry

How come he's engaged to Minta today?

The more Anya thought about it, the more unhappy she was, so she sent a message to Evan: [You're getting engaged?]

The message was sent over. If it was usual, Evan would have replied to her immediately and told her everything.

But this time she waited for half an hour. He didn't reply.

Anya thought he must be very busy at work, so she decided to continue to wait, and an hour later, he still hadn't replied to her.

Anya was upset. Had he been lying to her all along?

But the affectionate look in his eyes when he looked at her must be true. Anya bit her lips and sent him a message again: [Evan, did you see my message? Can you give me an explanation?]

After that, she waited for another half hour. He still didn't reply to her.

Anya was very confused, and she was also very angry. She didn't believe that he wouldn't give her an explanation. She thought that if he replied to her later, she would definitely have to wait for an hour before dealing with him.

Anya put down her phone and went back to work. She thought that he would always reply to her at the end of the night, right?

Shane knew the news of Evan's engagement. He felt that Evan must have abandoned Anya and fallen in love with another woman. He was very happy because he had liked Anya for a long time.

He must make her his girlfriend this time.

However, he planned to take his time. He knew he couldn't be in as much of a hurry as he was playing with other women because Anya was like a little wild horse that couldn't be easily tamed.

Shane not only wanted to get Anya, but he also intended to get Evan's competition land.

Soon, it was evening. Anya got off work.

Evan still didn't reply, so she got angry and blocked his phone number.

Chapter 493

Of course, Anya blocked him on an impulse, and when she walked out of the office down to the lobby, she couldn't resist removing him from the blacklist.

She knew him right. How could Evan possibly be that unfaithful and heartless?

Maybe he was just having a very busy day?

Therefore, Anya still left a little chance for him. But the moment when she was about to call Evan to ask about the situation, Evan took Minta out of the elevator.

In the lobby, off-duty staff cast their envious eyes on Minta when she showed up.

How could they not be so envious when an ordinary-looking girl like Minta could possibly capture the heart of Evan?

Anya saw him, too. Out of an instinct joy, she lurched towards him, following him from a distance until Evan and Minta walked out of the lobby and away from the staffs gaze.

Anya brisked up her pace to the Bentley car which they were about to get in and said, “Mr. Welton, did you see the text i you?”

Though not stentorian, her voice was loud enough to be heard clearly by Evan who wouldn't answer anything even if he did hear her. With a glance at Anya, he got in the car, holding Minta's hand.

This cold-hearted and frosty Evan was completely inverse to what she knew of him, a man used to treat her with tenderness,

Anya froze. The rim of her eyes turned red at the sight of the departing car that disappeared in the traffic. Did Evan just... ignore me?

It was probably true for she saw the coldness in his eyes.

So he did read her message today and chose not to reply intentionally, for he was serious about hooking up with Minta?

What about her? Was she just having fun with him? Anya's chest was in pain as if it was ripped wide open. She had known that she shouldn't get herself too involved.

But it turned out that she couldn't escape from this agony.

What about the child?

At the thought of her child. Anya calmed down instantly. Since Evan was no longer in love with her, she would not allow him to have custody of their children.

She sat on the curb and wiped off her tears, trying to pull herself back from the brink of an emotional collapse. She waited till her eyes were dried before taking a bus back to the mansion in a concealed and devastating mood.

he had no choice.

Thanks to the intervene of Zachary and Sydney, he was now tailed, but he knew Anya was protected by his bodyguards.

So that man wouldn't believe it.

For now, he had to become cruel to her until that man was found out, who Evan was determined to kill.

But now he had to temporarily put Anya through such agony, or everything he had done would be in vain.

A few days later, the engagement of Evan became the headlines on almost every media. Evan didn't look after her ever since,

and Anya had lost her sleep and appetite since the other day and became emaciated, losing several pounds. Thankfully, Ellie took good care of her in the next few days and she slowly recovered.

Now she could keep up some scant spirit to forget about Evan.

On a Friday. Jame, a designer from Foxverse, paid a visit to JK Couture, specifying Anya's company. Daring not to trifle with the client, she put on a full set of cosmetics before she grabbed her bag and went to work.

Before she left, Ellie walked out of the kitchen and stopped her with a tray of tiny bread in her hands, "Anya, will you work overtime tonight?" She read about the news of Evan's engagement.

That proved her objection right. How could a man of such a business empire possibly sincerely love someone?

"No, why?" Anya asked.

"A former colleague asked me on the phone if I am with any single girl. She had a single relative teaching in college, and I want to introduce you to him. What do you think?"

Anya surely didn't have the mood for that, so she said, "No, I am fine."

"Anya, your children need a father, and you really should consider your marriage. I have consulted with Jamie Granger that if you do remarry, the Weltons won't have the custody." Ellie reminded her.

Anya was wordless. After a while, she said, "OK, I will go with you tonight."

Chapter 494

Anya went to work after talking to Ellie about going on a blind date in the evening. When she first arrived at JK, she ran into Jame. He was holding a bouquet of roses and standing gracefully in the corridor outside JK's office. It was obvious that he was waiting for her.

The other designers at JK saw Jame who was young and handsome when they came out of the elevator. They kept looking at him. This foreign man was too handsome.

But they didn't know who he was. However, when they returned to the office, they learned that he was a designer from Foxverse.

Everyone felt curious at once, so they excitedly discussed, "That designer from Foxverse is so handsome. He looks like a celebrity. Doesn't he come to JK for a visit? So why does he bring roses? Who do you guys think he wanted to give that to?"

"It must be for Shyla because she can communicate with him

"Or it could be Anya? She was also there that day."

"That's impossible. She's prettier than Shyla, but she couldn't even talk to this designer! Do all foreigners only like beautiful women?"

"I also think this is for Shyla. After all, she has lived abroad."

"We'll find out later!"

"By the way, are we going to receive him? If we don't entertain him, Mr. Hanson will come over later and blame us. And it will also give him a bad impression of JK."

"That makes sense. Then let Helen go."

Everyone stood at the reception desk and looked at Jame outside while gossiping. They gestured to Helen at the front desk to greet Jame. At that moment, Anya came out of the elevator with her bag.

Her high heels made a crisp sound as they hit the marble floor.

Jame looked back when he heard the sound. It was Anya! He was instantly excited. He strode up to her and said, "Ms. MacMillan, good morning."

He handed her the roses he bought this morning.

When Anya saw the bouquet of roses, she felt a little shocked and confused, so she didn't take the flowers. She replied awkwardly, "Jame, thank you."

"You can take the bouquet," Jame said gently.

Anya didn't know what to do. She didn't want to offend him, so she hesitated for a few seconds before accepting it, "Thank

you."

beauty. You are very beautiful," He knew a lot about flirting and romantic words.

he was romantic. On the contrary, she felt awkward. They were colleagues, so how could he say such. So she said nervously, "Come on. Mr. Hanson will be here soon."

Jame nodded and followed her.

As they passed the reception desk, Anya hurriedly said to Helen at the front desk, "Please make a cup of coffee for Jame and bring it to the parlor."

Helen nodded.

After that. Anya held the flowers and took Jame to the parlor.

When they went in together, the designers gathered together and said in surprise, "I thought Jame liked Shyla! Turns out that foreign men like beautiful women too."

"Men all over the world are the same."

"Anya is so beautiful that the designer from Foxverse fell in love with her the first time he saw her. But how will they communicate later?"

“Have you guys forgotten? Anya had a good language foundation when she joined! So for them, language is not a barrier,” someone from the HR department said.

“Sorry. I misunderstood.”

“Mr. Hanson will be jealous.”

“It’s all because Anya is too pretty.”

“Oh, no. Let’s hurry up and get to work. I remembered that Mr. Welton is coming over to meet the designer. Now stop talking.

Everyone hurried back to their offices to start working after knowing that Evan was also coming to meet the

designer.

Chapter 495

In the reception room, Helen, the receptionist came in with a cup of coffee. Jame and Anya sat aside and talked about the design

The HR colleague was right. Anya’s oral language was awesome. She could speak with Jame fluently with perfect pronunciation. She sounded like a native speaker.

Helen gave a thumbs-up to Anya silently.

Anya was not only pretty but also competent.

Helen went out after she bought the coffee to Jame. Anya put the roses in the vase.

Sipping his coffee, Jarne feasted his eyes on Anya arranging flowers by the window of the reception room

Actually, he never expected that he would fall in love with a foreign girl, but it was different this time. When he first came here and saw an enchanting girl like Anya, he couldn't help being attracted to her.

Jarne even had a fervent impulse to bring her back to Foxverse for career development.

She studied design, and so did he. They must have something in common

While Jarne sat there longing for his future with Anya, Anya tried to figure out how to ease the embarrassment of being coupled by him. She never expected that Jarne would be so enthusiastic.

She thought he just wanted to make friends with her when he handed her his business card.

Who knew that he would bring her a handful of roses early this morning

This was way too exaggerating. No matter how stupid she was. Anya knew the meaning of sending roses by a gentleman.

But she had no feeling for him for sure.

Anya took the roses and randomly put them into the vase, hoping that Jake and Shyla would come as soon as they could to save her from embarrassment.

However, Jake and Shyla did not come right away, as Jake went to meet Evan at the CEO's Office on the top floor instead of going straight to K

“Don’t bother. I’ll get it done soon.” There were just a few roses on the table. Anya turned him down politely

Jame was determined to work with her on the roses.

Knowing that she was unable to turn him down, Anya didn’t stop him.

They put the remaining roses into the vase together. Unfortunately, the florist forgot to pull out the thorns from the last rose. Anya pinched it accidentally and blood oozed from her finger.

She tried to wipe it off with tissue paper when she saw the blood coming out.

All of a sudden, Jame held her hand and put her finger gently into his mouth, trying to stem the bleeding from her fingertip with the tip of his tongue softly. Anya freaked out by his intimate move.

Anya was so scared that she tried to pull back her finger, but Jame did not let go. He said in a deep, charming voice. Til stop

the bleeding for you?

Anya felt extremely uncomfortable. She didn’t need him to stop the bleeding like this, “Thank you, Jame. Please let go of my hand

But Jame didn’t do so. Anya frowned and struggled to get her finger back

Suddenly, the door was pushed open.

Jake and Evan walked to the door. They were talking about the cooperation in Foxville, but they were stupefied when they saw such an intimacy in the reception room.

Undoubtedly. Evan's eyes seemed to darken in color soon.

What on earth was this woman doing? How dare she cheat on him just because he ignored her for a while?

Chapter 496

The more he looked at the scene, the angrier he became Evan wanted to beat that designer up right away But because of what had happened recently, he couldn't expose his feelings for her

He could only look at them wearing a long face

Jake realized it and reminded Anya, "Anya, what are you doing? Mr. Welton is coming

Hearing it, Anya and Jame turned around and saw the two men standing at the door, stunned, just like them. Then they realized what they were doing was improper, so Jame loosened Anya's hand, and Anya covered her fingers that had been kissed by Jame and stood aside, looking at Evan

For a moment, she was afraid that Evan would be angry.

But on second thought, Evan was going to be engaged, and he had not spoken to her for a long time. Why should she care about his feelings?

So, she didn't fear or feel guilty for him anymore.

They were over. Even if she had a dubious relationship with another man, Evan shouldn't say something about it

Thinking of it, Anya didn't feel so flustered.

"Mr. Welton, Mr. Hanson." Jame began to explain gently, 'Ms. MacMillan's finger was punctured by roses thorn. I was helping her stop the bleeding."

"Stop bleeding? By mouth?" thought Evan.

Evan got a little angry. Anya was his woman. How could Jame touch her?

"It turned out that it was to stop the bleeding. It was a misunderstanding Jake was a little jealous. But because Jame was from the company in Foxverse, so he tried to mediate it.

"Mr. Welton, please take a seat. Jake pulled out the chair in the middle of the reception room and invited Evan to sit down

After taking a deep look at Jame, Evan sat down. His eyes were so aggressive that Jame couldn't help trembling when he saw them. It seemed that Evan didn't like him.

"Ms. MacMillan, this is not a private place for flirting. Next time, please mind your behavior. When Evan sat down, he looked at Anya. His tone was a little angry and jealous.

Why didn't she refuse the man?

It pissed him off.

"Mr. Welton, I see Anya thought Evan said it because he disliked her, so she felt she should not have fallen in love with him.

The more Anya thought about it, the angrier she became. Finally, she chose to ignore his sight and sat down beside Jame.

The more she behaved like this, the more upset Evan was. But he couldn't pull her over and teach her a lesson in his way to

-make her beg for mercy

He wanted to make her know she could only sleep with him. No other men could touch her.

But if he did that, all his efforts before would be in vain.

So, he had no choice but to hold back his temper.

Later, during the conversation, Evan's face darkened even more. After that, he stood up and left with a sullen expression.

When he left, he didn't say a word to Jame.

Jake had no idea why Evan suddenly became so indifferent to him.

There wasn't much discord in that conversation.

However, they couldn't figure out Evan's temperaments. They could only carry out the cooperation negotiation in Foxville

next.

"Anya, you can go back." Jake knew that Jame had a crush on Any

Being aware that Anya had a boyfriend, so he needed to keep Jame away from her.

However, Jame seemed to stick to Anya. As Anya was leaving, he talked to her, “Ms. MacMillan, how about having dinner together tonight?”

“I have an appointment tonight. I’m sorry, Jame. Anya didn’t want to have dinner with him, so she declined the invitation.

“What about the day after tomorrow? I’ll go back to Foxville the day after tomorrow.” Jame needed to go back and report the situation here to the headquarters.

Anya frowned. She didn’t want to have dinner with him alone. Anya was in a dilemma and considered whether she should refuse him or not. Jake said, “We can invite you to dinner the day after tomorrow.”

“It’s okay, Jame replied.

He was fine with it as long as Anya would be there.

Chapter 497

With great unhappiness and jealousy, Evan went back to his office. When he sat at his desk and looked at the documents on it, he knew that he couldn’t focus on his work today.

He would be extremely unhappy today, but he couldn’t vent it. He needed to wait for that mysterious man to appear to bring Anya back to his arms.

Therefore, he could only sit there sullenly.

It was in the evening. Ellie called Anya. The blind date was waiting for them in the restaurant.

Thinking of how cruel and cold Evan had been to her this morning. Anya didn’t want to think about him anymore. She packed up and went to the bathroom to wear makeup.

After making up, she went downstairs.

Perhaps tonight's blind date was also sort of to take revenge on Evan. Anya went to a fashion shop not far from the Welton Group and picked a sexy dress. She paid the bill and put on the new dress.

The dress was backless and was covered with golden scales. When she walked under the light, the shining light could set off her fair skin.

In such a beautiful and sexy dress, she attracted the attention of countless passengers on the sidewalk when she walked out of the shop.

Noticing the gazes, Anya cheered up at once. Since Evan had given up on her and was going to get engaged, she should

move on, too.

She had to stop thinking about him.

Anya calmed down and began to hail a taxi.

However, when she hailed a taxi, Evan came off work. He had planned to leave with Minta, but when he went outside and saw Anya dressed sexily, he changed his idea.

He held his hands slightly.

He frowned, thinking, "Where is she going?"

"Evan, it seems Ms. MacMillan wants to hail a taxi,

Minta said.

Restraining his jealousy and anger, Evan said, "Don't worry about her. Let's go. Otherwise, our efforts will be in vain."

dn't stand his woman going out with such a sexy and enchanting dress.

new bodyguard to follow Anya.

knew the new bodyguard, so the mysterious man wouldn't suspect him.

After getting everything ready, Evan took Minta back to the mansion.

At the same time, Anya hailed a taxi and arrived at the restaurant for tonight's blind date.

The restaurant was in a grand hotel in the center of the city. When Anya arrived there, she looked at the luxurious hotel and then she plucked up her courage to walk inside.

Soon, she arrived at the restaurant of hotel. Anya saw the young man and Ellie sitting by the window at the glance.

She strode towards them.

When she arrived at the table. Ellie immediately took her to sit down with a smile. "Anya, you're here. Let me introduce you to each other. This is the teacher of Lious University, Randy Clark."

"Mr. Clark, nice to meet you. Anya reached out her hand to him politely.

However, when Randy saw Anya, he was a little nervous. The matchmaker told him that his blind date was very beautiful. He thought it was an exaggeration, but Anya indeed was a beauty, like a movie star.

Randy was a little nervous, After a few seconds, he reached out to hold her hand and said, "Nice to meet you, too, Ms. MacMillan."

And then, Anya withdrew her hand and sat down beside Ellie.

Ellie was afraid that they felt awkward, so she started the conversation.

When they were talking, the new bodyguard arranged by Mr. Welton took a picture of them and sent it to Mr. Welton, "Mr. Welton, Ms. MacMillan is on a blind date.

Two seconds later, Evan, who had just returned to the mansion, saw the picture and slammed his phone on the table angrily.

He couldn't help but want to take her to the bed and teach her a good lesson in

his way.

Chapter 498

Bearing his anger and jealousy, Evan calmed down in the study for a long time before he sent an order to the bodyguard, [keep an eye on Ms. MacMillan and make sure nothing happens to her.]

The bodyguard understood his meaning at once.

Mr. Welton

Ms. MacMillan was Mr. Welton's woman. Everyone working for him knew that.

After giving the order, Evan pressed his wrinkled eyebrows. He couldn't afford any more mistakes.

He must catch that mysterious man in one go.

Otherwise, the play that he disliked Anya before would fail. In that case, the mysterious man would still kidnap Anya.

He had no choice but to put up with it. It was the first time that he had experienced something like this.

He was very jealous.

At that time, his friend, Dan, called him when knowing the engagement thing. "Evan, are you going to be engaged?"

"What do you think?" Evan replied,

"What tricks are you playing?" Dan didn't believe the so-called called him to find out the truth.

ment news Evan announced on the Internet, so he

"The man is too cunning. Last time, when Anya was forcefully taken away by Zachary and Sydney, my bodyguard came out to help her, and that man was also present. I don't think he will believe that I have another girlfriend." Evan explained.

Hearing it, Dan frowned, looking incredulous. He had been helping to investigate the mysterious man, who appear in Norden, but he could not find a trace about him. He did not know if the mysterious man was cunning or well prepared. He asked, "Evan, think about it. Have you ever offended any powerful person before?"

In Norden, Evan had some opponents, but he had defeated them. Moreover, he could find their information easily. However, he knew nothing about the mysterious man. "I had offended a lot of people, but they cannot be against me now." It seemed that he remembered something and said. "Except for Shane

"But he didn't do it."

Dan nodded and continued, "Did you offend anyone before? By the way, don't you remember that when you were 23 years old, Mr. Welton arranged for you to experience life in Fenteon?"

"Have you ever offended anyone abroad? I can't find any information about this person. I suspect that he is not from Cameron," Dan said.

He had been looking into it for him for days.

He had tried everything he could, but he couldn't find out information about that person

"Fenteon?" Evan suddenly lost in thought.

After a minute, a bloody picture popped up in his mind. His face instantly darkened. He said, "I did do something in

Fenteon

"What is it?" Dan was curious.

"I killed a person by mistake." It was more like killing his opponent than a mistake.

That man deserved more than death.

"Could the mysterious man be his family member? If so, you can prepare for it." Dan reminded.

"I'll check it out," said Evan in a low voice.

After hanging up the phone, Evan looked out of the window. He recalled the thing that happened in Fenteon five years ago.

Chapter 499

Compared to the solemn atmosphere in the manor, that in the restaurant was harmonious

Anya was perfunctory about the blind date at first. It was because Ellie said that her marriage attached great importance to her children.

But when Anya chatted with this professor, she found his speech and manner were refined,

She thought. "If I associate with him, will he dislike my children

She didn't know whether Ellie told him about her children. After all, the purpose of the blind date was the marriage. It would be bad for both sides if she concealed her unmarried pregnancy.

"Randy, here is the thing. I don't know...whether Ellie happened to mention it to you." Anya intended to confess first while the dishes were being served.

Randy didn't know what it was. He said politely. "Ms. MacMillan, what do you want to say?"

"Randy, I have two children. They are almost two years old," Anya said with a gaze.

Hearing her words, Randy was stunned. Ellie became embarrassed at once. She didn't tell the truth to her colleague for fear that her colleague would not be willing to introduce.

She wanted them to get along for a while first. If they ha up. It would be better than saying it now.

It was her idea..

in fondness for each other, then she would try to bring it

"Did you say you have children?" Randy couldn't believe it. He looked at Anya in astonishment.

He remembered that she was only about 22 years old and just graduated from the university.

How could she have two children at this age?

Anya nodded, "Yes. I think it is necessary to tell you the truth. It doesn't matter if you can't accept it
it."

"Well, okay. Randy was so embarrassed that he couldn't smile at all. He looked at her for a few seconds and then took his eyes off her.

Randy was satisfied with Anya.

She was beautiful, graduated from a brand university, and got a good job.

such a perfect girl had children.

awkward. On the one hand, he liked Anya. On the other hand, he was traditional, so that he couldn't accept her people's children.

If he were to marry Anya, they would have a baby.

At that time, he would raise three children.

Randy thought he couldn't afford it. Under social pressure, he could raise one child, but it would be hard for him to bring up three. The quality of life would also decline.

That was why he hesitated.

“Randy, I feel sorry about it. Maybe they didn’t make it clear.” Anya noticed that he was reluctant. She didn’t want to embarrass him.

“It doesn’t matter, Ms. MacMillan. Randy smiled.

“Randy, I forgot to make it clear before. Sorry.” Ellie found he was unwilling to accept it.

Next time, she would make it clear in advance. Otherwise, she would be embarrassed again.

“Excuse me, Randy. I need to go to the bathroom.” Anya felt that the atmosphere was embarrassing, so she decided to let Cindy pick her up.

If she stayed any longer, she would be discomfited to death.

Randy nodded. He should calm down and think about whether to refuse her or not.

Chapter 500

In the ladies’ room in the restaurant.

Anya was leaning against the washbasin. She was calling Cindy so Cindy would pick her up. But Cindy would only be around after at least 20 minutes. Anya could wait for 20 minutes..

She then turned on the tap to wash her hands.

The door of the ladies’ room was suddenly opened. The smell of smoke started to surround the small room. It smelled unfamiliar to Anya. She quickly turned her head. A man was standing by the door.

“Why is it Shane?” Anya frowned in despise as she was wondering.

Shane should be away for quite some time already.

Besides, that should make him a pervert for entering a ladies' room so casually. But Anya thought entering a ladies' room could be nothing big for Shane who was notorious for being a pervert.

Anya looked away from him, not planning to pay attention to him. She quickly stuffed all her belongings on the washbasin. into her bag before walking out of the ladies' room.

But Shape came into her way. Shane was scanning her blatantly with his sharp eyes. As someone who had slept with Evan, Anya looked more gorgeous than when she was with Evan

It seemed that Evan taught her a lot during their time tog

Shane snickered, "Anya? What a coincidence! You're here for dinner too?"

Anya didn't want to answer him. She was still leaving.

Anya wasn't a fool. She could tell Shane was apparently here for her. Everyone in their social circle should know about her being dumped by Evan

Shane extended his arm and blocked Anya's way once again. He said while snickering, "What's wrong? Why're you trying to avoid me? Am I that scary? You really don't have to be afraid of me. I'm much gentler than Evan."

"Mr. Brown, please excuse me. Anya gently pushed Shane away. She wasn't interested to listen to whatever he had to say about Evan.

Shane snapped and grabbed Anya's wrist, pulling her closer to him, and said suggestively, "Anya, be my woman. I can give you way more than he can."

"Who wants to be your woman?" Anya struggled to get away from Shane.

"You pervert!" She almost called his name out.

You'r

don't you? I should teach you properly how to behave." Shane didn't further force Anya, but still

her.
