"Does it matter that you use those cosmetics when you are pregnant?"

Hearing that, Anya was speechless.

She started wondering if Evan

After all, it was not a big deal to apply some cosmetics during the pregnancy as long as the ingredients were safe.

"Don't worry about it. It's OK. I'll buy the cosmetics for pregnant women when I go back to work."

It's OK. I'll use the cosmetics.

After he heard what she said, Evan was finally relieved. But he meant he called Hayden to buy a brochure for pregnant

When he received the call, Hayden stood in front of the door to his room with a bouquet of roses. He rang the doorbell and planned to confess his love for her.

When the phone rang, Mints happened to open the door. Hayden had to pack up his things so he quickly answered the phone and said, "Mr. Welton!"

"Hayden, you remember to buy me some brochures for pregnant women when you go back to work."

Hayden slightly frowned in doubt. He didn't understand why he did that so he asked Me Tee buy that?"

It's half-past ten. Evan had packed up his stuff and prepared to fly home. After this incident, he had realized how loyal Dan and Anya were to him.

A friend in need is a friend indeed. So he really picked the right friend and the right wife.

After checking the luggage, they began to board the plane.

Several hours later, the plane landed in a domestic airport. Dan thought he had things to deal with in the company, so he left earlier with his chauffeur.

Evan and Anya also didn't head home. They went to the mall to buy some things preparing for Anya's pregnancy.

To avoid being recognized, Anya put the silk scarf she bought in Fenteon around her face. After all, last time, the paparazzi had spotted Evan holding Eudora and taken pictures of them.

And her daughter was nearly exposed to the public eye.

So she had to be careful and fashion herself a disguise.

They wandered into the mall and walked into a maternity store. When they were choosing stuff, Anya said, "Evan, do you plan to tell your family about my pregnancy?"

"Yes I will tell my grandma first." Evan 100% trusted Mdm.

Besides, Mdm adored Anya.

But he would keep it a secret from his mother-in case of irritation getting the best of her.

"OK" Anya, on the other hand, was worried about how would she break it to Ellie.

Ellie had prejudices against Evan. She wished they would never be together.

"Don't worry! Just give me your ID card." Evan suggested, "As for the proposal, I will make it up to you."

"I won't let you have incomplete experience of being a bride-to-be."

Anya didn't refuse. After so many dramas, she just wanted to have a peaceful life and raise the kids with him.

"And about the ring, I will buy you a new one." He happened to have a meeting in Foxville.

Anya would also go there to attend an auction.

So he could give her a surprise on that day.

"Haven't you already given me an expensive ring? Don't be so extravagant!" The last ring was worth a lot.

And it was good enough for her wedding.

Thus, she didn't want him to waste money to buy a new one.

"I ought to spend the money I made on my wife. If I don't do it, the money will be meaningless to me."

He for sure knew how to cajole his future wife.

Even though Anya grunted a few words in reply, she was secretly rejoicing in her heart.

"Right, you are pregnant was a go-a

-ahead woman.

now,

and you should rest. Just apply for maternity leave at JK and go back to work next year.” Anya

So Evan knew she would not agree to be a housewife.

“I am fine, and I want to work. Don’t worry! If I don’t feel well, I will take a day off.” She started her career recently.

She really didn’t want to give it up and become a leech.

What she wanted was to become as outstanding as his man and to stand at the same height to watch the world with him.

“Sure. Evan respected her decision.

*FYI, I will ask someone abroad to tailor the dress. Tell me the style you want.” Evan asked while holding her hands and strolling in the store.

“No need. I am a designer. I can make the dress myself.”

“Don’t you feel tired doing all the work?”

“Sometimes. But I will only have one wedding in my life. I want it to be perfect.”

Evan fell into silence. Deep down, he didn’t want her to wear herself out. However, her excited speech had stopped him from keeping persuading her.

Chapter 573

The next day, Evan got up early in the morning. He got his identification paper and sent Anya a text message, telling her to meet in the civil affairs department.

However, Anya dared not to tell Ellie that she was pregnant and decided to marry Evan.

And her identification paper was kept by Ellie since Anya got kicked out of the MacMillan's.

Therefore, she had to get her identification paper secretly from Ellie if she didn't want her to know that she would marry

Evan.

Fortunately, it went smoothly. Ellie was busy in the kitchen and didn't notice it when Anya took the identification paper. And Anya feared that Ellie would find it, so she hid it in her bag. Then she rushed out after she said goodbye to Ellie.

Anya ran to the gate of the mansion and stopped with her heart beating fast.

Meanwhile, Evan's car had already parked there..

Anya got in the car and gasped for air. She felt it was so scary.

Fortunately, everything went well with applying for the marriage license in the civil affairs department.

When they came out, they had the marriage license in their hands.

-Evan looked at the marriage license and felt happier than he had ever felt. He stretched out his hand to touch Anya's soft-

hair and said in a gentle voice, "From now on, you are my wife now.

"And I'll love you for the rest of my life."

And he would prove it with his actions.

Anya nodded her head shyly. Finally, they got married.

From now on, they were husband and wife. And they started a family.

“How are you going to call me now?”

Upon that, Anya blushed, but she replied in a gentle voice, “Honey!”

“Well, it’s so great. To express my sincerity, I prepared some wedding presents for you.” Evan was happy to hear that. Subsequently, he took out some black cards and key cards to several high-end apartments.

Then he gave all of them to Anya.

he passwords are your birthday, and the address of all the apartments is written on the key cards. Now they all belong to bu.” Evan said with sincerity.

nya felt extremely flattered.

And she started wondering if the wedding gifts Evan gave her were too expensive.

In that way, she would be a rich woman soon.

But Anya didn’t care much about these things. For her, what mattered was that they were together.

Unfortunately, Anya wasn’t able to keep it from Ellie for too long.

At least, Ellie found something was wrong.

It was because she placed her identification paper in the wrong place when Anya secretly put it back. And Ellie could remember where the things she placed were.

Ellie would notice it even though there was a tiny change.

Therefore, Ellie had no mood for cooking dinner when it was time. She only cooked something for Nathaniel and Eudora. After they were full, Ellie sat on the couch waiting for Anya.

After Ellie waited for half an hour, Anya and Cindy came back.

Since Cindy knew that Anya and Evan got married secretly, they talked and laughed when they entered the mansion. But when they walked in, they found that only a lamp was on in the living room.

Subconsciously, Anya sensed something was wrong. Then she found that her children were watching animated cartoons, and Ellie was sitting there without a move and looked unhappy.

On the table, Anya saw the identification paper she secretly placed back in the afternoon..

“Ellic, why didn’t you turn on other lights?” Cindy asked, without noticing anything abnormal.

Anya slightly pulled her hand and said, “Cindy, could you help me watch over my kids for a while? I want to talk with Ellie.”

Cindy was stunned, but she instantly understood what happened after she looked at Ellie.

Then she immediately nodded her head and walked over toward the kids.

-After Cindy took the kids somewhere else for playing, Anya nervously walked toward Ellie with her bag and sat down next to

her. Then she asked. "Ellie, what happened? Why are you sitting here? Have you cooked dinner?"

However, Ellie didn't answer her but put on a dark face.

Then Anya continued, "Well, how about I go to cook the dinner?"

After that, she stood up and went to the kitchen.

Seeing that, Ellie started to speak, "Anya, did you take your identification paper to apply for the marriage license?"

Chapter 574

Hearing what Ellie said. Anya instantly was shocked. She stared at Ellie with her eyes widened and was restless. But Evan was already married to her.

Even though Ellie was unhappy about it, she couldn't do anything about it.

Therefore. Anya decided to confess it to Ellie. She sat back and said. "Ellie. I have something to tell you. Evan and I are married"

Hearing that, Ellie thought to herself,

Chapter 575

"Anya, I want to be alone to calm down. After that, Ellie had her forehead in her hand, trying to clear her mind, and then she went to the bedroom quickly.

Then she slammed the door of her bedroom.

Anya stood there and felt sad. If Ellie didn't approve it, Anya didn't know how to convince her.

Ellie was the relative who was the best to her in the whole world.

Anya wanted to have her blessings on her marriage with Evan.

While Anya was at a loss, Cindy took the children to walk over. As the two children came to Anya, they held her thighs, expressing their fondness for her.

Then Anya squatted down to embrace them.

Seeing the sadness on her face, Cindy could tell that the conversation between Anya and Ellie didn't go well. Then she comforted, "Anya, you are pregnant now. You'd better not get emotional. It might hurt the baby,"

Anya didn't want to be emotional, but she was afraid that Ellie would be angry.

"Cindy what should I do?" Anya let go of her children and stood up.

Cindy had never experienced this kind of stuff, and especially she was single, so she had no idea about it. Therefore, she apologized, "Anya, I'm sorry. I don't know. I can't figure out a way to convince Ellie.

"But don't worry about it too much. As you know, Ellie is nice. What if she could figure it out on her own?"

Anya nodded her head and hoped Ellie would understand it.

"How about we order some takeout? If so, you don't need to cook. And you are pregnant now. You'd better not keep yourself tired."

At that moment, the doorbell rang.

Instantly, Cindy went to open the door. When she opened it, she saw two chefs standing outside.

Seeing them, Cindy was surprised and asked, "Who are you?"

"Excuse me, may I ask if Ms. MacMillan lives here?" one of the chefs asked kindly.

Then Cindy nodded her head.

"Well, that's great! Mr. Welton sent us here. He asked us to prepare nutritious meals for Ms. MacMillan

Hearing that, Cindy finally understood what was going on. Then she smiled and invited them in, "Come in, please! We haven't had dinner yet."

Subsequently, the chefs nodded their heads. And they immediately came in and started to work on the dinner for Anya.

After she closed the door, Cindy walked up to Anya and said, "Anya, Evan is so considerate. I never expected he would arrange for the chefs to prepare nutritious meals for you."

Ellie. Then she replied, "Well, I don't want to

But Anya was in no mood for that. She was still upset about how to convince Ellie."

eat now."

"But you have to eat food. You need to think about the baby." Cindy said as she gently touched Anya's belly, "Otherwise, your baby would be against you in your belly."

After Cindy said that, Nathaniel was curious and held her hand and asked, "Baby?"

Cindy touched his head and smiled, "Yeah, you and Eudora will have a younger sister or brother. Are you happy about it?"

Hearing what she said, Eudora and Nathaniel understood what she meant and immediately clapped their hands happily.

They were glad that they would have a younger sister or brother

They would have a new playmate by then.

"Anya, it's so great that your children are not against you having another baby." Cindy looked at the smile on their faces and.

felt touched.

She learned that her cousin wanted to have another baby, but her son strongly disagreed. He thought the new baby would take away his parents' love for him.

Therefore, her cousin put away the idea.

Anya stretched out her hand to touch Eudora and Nathaniel's heads and wanted to say something. But the doorbell rang

the door. again. And Cindy thought it might be another surprise Evan prepared for Anya, so she ran to open

However, it was Evan standing there.

He came here to meet Ellie.

Chapter 576

“Mr. Welton, why are you here?” Cindy asked with surprise.

I am here to see Ellie.” Evan took a peep inside and asked, “Are they all here?”

“Yes, come on in.” Cindy let him in, and Evan walked straight into the living room. When Anya saw him, she was stunned. “Why are you here?”

She wondered why he didn’t go back to tell Mdm about their wedding.

To see Ellie, Evan answered as he walked to the kids who hadn’t seen him for a long time, and the kids immediately swooped into his arms.

“Don’t go to see Ellie. I am afraid that she might get angry, Anya refused.

Ellie would even fly off the handle.

“It’s OK. I know how to talk her into it. Evan hugged the two kids and put them down. Then he went to knock on Ellie’s room’s door.

He knocked three times.

But the door wasn’t open.

Evan was determined. He said, “Ellie, I know what your

our concerns, and I am here to disperse them.”

There was still no voice coming from inside.

Evan kept asking in a soft tone.

About half an hour later, Ellie angrily opened the door, and the man immediately came into her sight. After she spotted Anya behind his back, she simmered down.

They had received the marriage certification. Besides, Anya was pregnant.

It was pointless to deliberately ruin this marriage.

Her only choice was to compromise and give them one last chance. So she raised her voice and said, "Why are you all standing there. Go, eat!"

Everyone was shocked at first. Then they realized that Ellie had agreed to this marriage.

dim learned that they would come back, so she had asked the servants to clean up the entire house until she was satisfied.

As for Gina, she was stewing in her anger because she knew she couldn't do anything about it.

However, she would not let Anya successfully move into the Wellon's.

During these days, Gina was planning how to kick Anya out of the family, which provided Evan and Anya some easy days.

They entrusted the kids to Mdm and Ellie's care and went on a date like a normal couple

Evan didn't reveal where they would

And he asked her just to wear her casual clothes.

Anya agreed. She had fewer pregnant symptoms recently, so she wanted to relax a bit. Early in the morning, she woke up and changed into a pink skirt and a pair of white stake shoes.

She waved her hair into braids and chose a rattan bag.

When she came downstairs, she looked like a high school student

Evan was impressed.

And he was a little jealous that she could still be young after dressing up.

He, on the contrary, seemed too old for her.

Thus, he needed to keep her away from other men.

Anya failed to notice his jealousy. She held up his hands and bounced towards the door.

“Where are we going today?”

Evan lowered his head to kiss her crimson red lips. He then smiled and said, “A secret.”

Anya was puzzled.

Why didn't he tell her the place since it was just a normal date?

Nonetheless, she was still looking forward to it.

Chapter 577

On the way to the date, Anya presumed that he would take her to a fancy restaurant because he was a successful businessman.

But when the car was parked in front of the largest amusement park in the city, she knew she shouldn't have such stereotype.

The young lovers loved to go to this place and seek some fun. She was pregnant. So she could only enjoy those easy and non-dangerous rides.

When they got out of the car, Evan lovingly held up her hands and led her into the park.

The bodyguards followed behind like shadows.

No matter how private their date was, the bodyguards must be there to protect them. After all, Evan was too important.

Such a strange scene had naturally caught the others' eyes.

Anya felt awkward. She immediately went into a store and bought a hat to put on.

Then she could calm her nerves.

When she took a few steps forward. Evan suddenly stopped. Anya thought he also wanted a hat. But before she could say anything, Evan stretched out his hand to adjust her titled hat.

He was gentle and caring.

Anya's heart was pounding fast, and she felt her body was brimming with the sweetest happiness,

Was this love?

Then they held hands again and strolled on the pavement. Anya was touched. She couldn't help but ask the man beside her, "Evan, why did you choose this place?"

She always thought he was the kind of aloof guy that knew nothing about amusement.

Evan turned to look at her with his eyes overflowing with deep affection. 'I was raised as the family successor. I wasn't in any relationship until I met you at the age of 28.

“I want to do the stuff the lovers would do with you and have fun with you!” Evan never thought he would say this.

In the old days, he would also disdain to go to the amusement park. But after marrying Anya, he gained a whole new perspective.

He wanted to try the stuff he didn't have the chance to try.

His words almost made Anya cry because she completely changed this man.

Anya tiptoed and kissed Evan.

They were at a public place, so Anya was restrained.

Her lips immediately parted his lips as they touched.

Evan was insatiable.

Ignoring the walking pedestrians, he immediately pulled Anya into his arms and held the back of her head. Then he lowered his head down to cover her soft lips with his.

They began to immerse in the kiss.

Anya's face was flushed, and she was out of breath. She whispered, “Stop! People are watching.”

She did not want to be the center of their attention.

Evan followed her words. But her lipstick was slightly scared, which could do.

Anya's face was burning. She hurriedly

1. "Let's go shoot the balloon."

Evan followed her finger and saw the stall. He looked confident. No problem. Tell me what doll you want. I can win it for

you."

"Really?" Anya peered at him with anticipation filled in her eyes.

Evan's lips curved upwards. He said, "Don't forget that I used to be a soldier."

He was good at shooting.

Hearing his words, Anya admired him even more.

Noticing the admiration on her face, Evan was so proud of himself.

He wanted his wife to worship him.

So he could have a sense of accomplishment.

"I want the big bear for Nathaniel and the pink rabbit for Eudora Anya answered with sparkling eyes.

Evan nodded and habitually ran his fingers through her hair. Then he put on an evil smile and said, "One doll for one kiss. How about it?"

Anya blushed again.

Indeed, there was no such thing as free dolls.

Chapter 578

There was a balloon shooting place in front of the dollhouse and a couple was playing balloon shooting there.

When Evan Welton brought Anya to the balloon shooting place the couple had already spent a lot of money, but none of

the balloons were shot.

Therefore, the girl was very angry and began to complain about her boyfriend's shooting skills.

The boy didn't want to embarrass himself, so he continued to spend money to shoot.

However, he spent almost 20 dollars but didn't even hit one balloon. When Evan came to the place, the boy immediately said to him, "Bro, I am telling you, this is a scam of money, the boss won't let you hit the balloon."

Evan smiled and didn't answer.

The boy's girlfriend was speechless. She glanced at Evan secretly, and couldn't help thinking, "Compared with my boyfriend, this man is so handsome and charming."

She was unhappy in a moment.

She started to complain about her boyfriend in her heart, thinking that he was incapable.

When the girl was thinking, Evan had already raised the gun and asked Anya, "Which one do you want?"

Anya pointed to the big teddy bear in the middle and said, "I want that."

Evan nodded. He aimed at the balloon and pulled the trigger.

The gunfire rang, and then the pink balloon above the big teddy bear was burst.

The bullet hit the balloon!

Anya applauded. "Evan, you are great!"

Evan was very happy because of what Anya said. He kissed her on her cheek.

It was so romantic that it made the couple next to them very envious.

There was no harm without comparison!

happy emotions surfaced on the boy's girlfriend's face. She thought that handsome guys were so excellent.

his man was not only awesome but also spoiled his own woman.

The girl felt more and more jealous. She glanced at her boyfriend, then stomped and turned away.

She couldn't be there anymore; it was a kind of hurt to her.

The couple left. The owner of the shooting shop reluctantly gave the big teddy bear to Anya. He said sarcastically, "you were just lucky."

"Boss, how can you say that we were lucky? My husband is so great." Anya had learned how to protect her husband. Evan was watching Anya and the shooting shop owner arguing because of him. He felt extremely warm in his heart.

It was a wonderful decision-to get married.

His woman knew how to protect him.

"I just said casually, you don't have to be so serious." the boss was speechless.

Anya ignored what the boss said. "We also want to get another toy."

The boss felt panicky when he heard it. "Oh no, she wants to get another toy!"

If this man was really good, his business would lose money

today.

"Anya, which one do you want?" Evan asked pamperingly.

Anya pointed at the pink bunny on the other side and said, "Eudora likes that pink bunny. We can give it to her."

Evan nodded. He held the gun and then shot at the balloon above the pink bunny. The explosion sounded and the ba

was burst.

Another balloon was hit.

The boss was so shocked that he couldn't close his mouth. He wondered if this man was a professional.

Otherwise, it was hard to explain why his shooting level was so high, and he could hit the balloon every time.

If they wanted to continue to play here, he would lose a lot today.

The boss was crying without tears.

Wed, Apr

Chapter 579

But Anya was not greedy. She only needed two, one for Nathaniel and the other for Eudora.

After Evan had won two toys, she was ready to play somewhere else,

The boss was more than relieved to watch them go. Otherwise, he would lose money today.

“Where would you like to go next?” Evan asked as the two walked slowly inside the amusement park.

Anya looked around and failed to find any activity she could join. She did find a trolley that sold marshmallows, so she dragged Evan along. “How about a marshmallow?”

Evan followed her.

Evan found himself worrying at the sight of flies buzzing around the trolley. “Are you sure you’ll be alright eating this?”

“This doesn’t look clean to me,” he thought to himself.

As long as the flies didn’t stick to the marshmallow, it was ok to Anya. “I’ll be fine. I’ve eaten these before.”

“But you’re now pregnant, I’m still concerned.” Evan wouldn’t say no to her eating it.

He would just become extra careful

Just a few bites? I want something sweet.” Anya was really craving it.

Her preferences had suddenly changed probably due to her pregnancy.

And recently it was sweet food.

Evan chose to give in. “Alright then.”

He guessed a few bites wouldn’t hurt.

Finally, Anya got to enjoy the marshmallow she desired.

It was very sweet and very delicious as well.

But she didn't get to finish the marshmallow of course. Evan snatched it from her and handed it over to the bodyguard after she only got a

t as the marshmallow she ate

And he could never get enough of it.

Later, he kissed Anya again regardless of the people passing by.

Anya's face reddened with his kisses but felt sweet all the same.

For Nathaniel and Eudora who were left at Weltons' villa, it was a different story.

Although they were being looked after by Mdm and Ellic.

Gina was still after all their mother-in-law. Mdm was taking a nap and Ellie had gone to slice some fruit for the children.

Gina took the chance to get downstairs and looked down on the two kids who were playing on the living room floor.

There wasn't a trace of affection in her eyes. It was filled with anger and hatred.

Her son must have married Anya because of these kids.

If the kids disappear, surely their marriage would also cease to exist.

The viciousness grew in her eyes as Gina watched the kids playing happily.

She walked wearing her heels and squatted before them. She eyed Nathaniel first who looked just like her son and then Eudora who resembled a smaller version of Anya,

This sent her burning with rage.

She held Eudora's face with one hand and pinched maliciously.

Eudora was just over 1 year old. The pain caused her to cry almost immediately.

At the sight of his sister being bullied, Nathaniel immediately went to push Gina away.

But of course to no avail.

Chapter 580

Instead, Gina pushed Nathaniel away. Nathaniel rolled aside and then immediately got up.

He pounced on Gina again. This time, he didn't push Gina but lowered his head to bite Gina's palm.

Feeling the pain from her palm, Gina let go of Eudora, and instead slapped Nathaniel.

Nathaniel was startled by the slap.

Then, he began to wail.

Although his mother said that boys did not easily shed tears, he was frightened.

This grandma was terrifying.

Nathaniel and Eudora cried together. Gina touched the bloody hand that was bitten by Nathaniel, gritted her teeth, and cursed. "Your mother is a bitch, and you two are little bastards."

In Gina's eyes, only the children born by a well-off and noble socialite that she selected by herself could be qualified as her grandchildren.

She didn't think that Nathaniel and Eudora were the Weltons.

Hearing the crying in the living room, Ellie came out from the kitchen behind, only to see Gina standing aside and two crying kids sitting on the floor.

Ellie immediately walked over, hugged the two kids, and gently comforted them. "Nathaniel and Eudora, what happened? Why are you crying?"

Eudora could not speak. Of course, she was also frightened. She kept shivering, without saying a word. Nathaniel could say but he could not express it correctly. He only muttered, "She beat..."

"Who beat you?" Ellie asked alertly.

Nathaniel wanted to point his finger at Gina, but Gina shot a sharp gaze. He immediately did not dare to point, dare to say anything.

He was afraid that Gina would beat his sister again.

"What's the matter? What happened?" Ellie didn't dare to ask Gina, so she could only be anxious.

nor did he

On the contrary, Gina spoke emotionlessly. "It's nothing serious. Isn't it normal for children to cry when they play around?"

"Do you think that I beat them up?"

With Gina's words, Ellie didn't dare to ask further. Moreover, Elle thought that Gina wouldn't deal with her grandchildren even if she didn't like Anya.

After all, Nathaniel and Eudora were indeed Evan's children.

-They were not someone else's.

Therefore, Ellie's doubts were dispelled. She coaxed and comforted the two kids. Then, she said, "Okay, don't cry. I will bring you some fruit in a while."

Seeing that Ellie was about to go to the kitchen, the two little guys immediately stood up and held on to Ellie's skirt, showing that they wanted to go with her.

They didn't dare to stay it

in the living room anymore.

They were afraid of Gina.—

The two kids were so clingy. Ellie said resignedly, "Are you going with me?"

The two kids nodded.

"Okay, come with me." Ellie had to hold their hands and take them to the kitchen.

Gina stood in the living room and glanced at the bleeding wound on her hand.

She cursed inwardly,

Instantly, Gina became more determined to send the two kids away. As long as the kids were gone, Evan would divorce Anya. Then, Gina would still have grandchildren with noble blood..

Gina made up her mind so she immediately took out her phone and called the assistant. Last time, she arranged for Anya to customize her dress.

Gina wanted Anya to work overtime every day.

Anya was pregnant. If she stayed up late for two weeks, she would have had a miscarriage.

Moreover, Gina knew that Anya would not refuse to design a dress for her for she was now Anya's mother-in-law.
