

## Desires DH 651

### Chapter 651

Dennis was tolerant. He shook hands with Evan. "Mr. Welton, now that it was a mistake, I don't mind."

They reached a settlement.

Under the circumstances, Mark invited them to sit down and talk about Shirley and Kyan.

After their conversation, Evan said, "A paternity test is a must. And if my wife is unwilling to be part of your family, do not make her."

"I understand." Dennis didn't want to make the decision for his father.

It occurred to him that Melissa threatened his father. He said to Anya, "Ms. MacMillan, I have something to tell you."

"What?"

"My dad is here. He came to the MacMillan's but got threatened with the urn of your mother. The MacMillans asked him to help Sydney out," said Dennis.

"I'm afraid that Dad would agree on impulse."

He learned from Mark about the love story of his father and Shirley. And he made a long journey to meet his first crush.

He believed that his father still cared about Shirley.

“Where is he now?” Anya couldn’t stand by and watch because it had something to do with her mother’s urn.

“I guess he is in the MacMillans.”

Melissa asked his father to fix the problem today. Dennis wanted to help him, but he came without his father’s permission. So Dennis didn’t go to his father.

“Evan, do you think I should go there?” Anya turned to Evan anxiously.

She couldn’t let Melissa ruin her mother’s urn.

After her mother passed away in the hospital, the MacMillans did nothing but take the urn away.

She thought they would bury the urn near her grandfather’s grave and her mother would be happy in heaven.

So she didn’t stop them.

Now Anya regretted it.

Melissa was a ruthless woman.

“Don’t worry. I got this. If they do anything bad, they’d be punished.” Evan held her hand and said calmly, “Let’s go to the MacMillan’s.”

Anya nodded.

They stood up and left. Dennis followed the suit.

In the MacMillan's.

In fear that the urn of Shirley got destroyed, Kyan visited Melissa and Mdm MacMillan in the early morning.

Melissa and Mdm MacMillan had expected that. Mdm MacMillan said confidently, "Mr. Ford, now that you're here, let's talk about how to save my granddaughter."

Kyan looked at her with a gloomy face. "Can I see her urn?"

"Sure." Mdm MacMillan winked at Melissa, who fetched a small wooden box from next door.

But it was not the real urn.

In the box, there was pearl powder.

They wouldn't give Kyan the real urn because they planned to threaten Anya with it.

Melissa seemed careful. Kyan became excited as he saw the box. He ignored Mdm MacMillan and strode over to touch the box gently.

His sharp eyes turned red.

He wondered if Shirley would have lived a better life if he hadn't left impulsively.

If he had come back earlier, he might have seen her before her death.

But now, he could only see her urn.

Kyan felt a heartache.

Chapter 652

The great pain made him cover his chest with his hand. Melissa was afraid that he would change his mind, so she said. "Mr. Ford, here is the urn. Can we discuss how to save Sydney now?"

"Can you tell me how she passed away?" Kyan asked in pain.

Melissa became impatient.

She thought, "She died from illness, of course! We couldn't kill her!"

She sneered. "She was sick."

"She has a daughter, right? Where is she?" Kyan continued.

"Mr. Ford, I think you've got too many questions. Let me put it clearly. You save my daughter and I will give you the urn. As for her daughter, that's another deal." Melissa decided to take the chance to extort a large sum of money.

"What do you want?" Kyan was willing to give her anything for Shirley's daughter's whereabouts.

Kyan owned her. He wanted to make up for it.

"Money, of course. I don't want too much. How about 1.5 million dollars?" Melissa said greedily.

Kyan's assistant Levi frowned and said to Kyan, "Mr. Ford, they're giving you the shakedown!"

1.5 million dollars was too much for the whereabouts of a

person.

It was unreasonable.

But Kyan didn't mind. After all, 1.5 million dollars was not a big deal for him. He didn't care about money. All he wanted to know was the whereabouts of Shirley's daughter. So he waved his hand at Levi. "Shut up. Give them the money."

Levi said urgently, "Mr. Ford, you should think twice!"

After all, he could look for Shirley's daughter for him too. There was no need to pay Melissa for it.

"Just do it!" Kyan didn't want to waste his time. Now that Shirley was dead, he wanted to see her daughter.

More importantly, her daughter looked like him.

He was wondering if she was his daughter.

Levi bit his tongue.

Melissa was happy that Kyan agreed at once. She regretted not asking for more.

Melissa said.

"Mr. Ford, I think 1.5 million dollars is not enough..."

Just then, Anya, Evan, and Dennis showed up.

Evan heard Melissa's words and interrupted her with a sneer, "1.5 million dollars for the whereabouts of Anya! You got the cheeks! Sweet deal!"

Evan walked to them as he spoke. Melissa looked up at them.

Her face turned pale. Her hands shook. "Mr. Welton what are you doing here?"

"Witnessing how you give him the shakedown," said he coldly.

Melissa and Mdm MacMillan's faces changed.

They knew that they wouldn't get the money now because Evan was here.

"I didn't give him the shakedown, Melissa argued.

"Ms. Campbell, listen. If you take the advantage of the urn of my late mother-in-law, I'll make you pay the price. What do you think?" Evan warned seriously. think?" Evan warned seriously.

Melissa said in fear, "No, we don't want to take any advantage.

"Give me the urn.

Chapter 653

"Mr. Welton, Anya's mother was our family. How can we give you the urn? The urn should be kept in our family's tomb." Mdm MacMillan tried to keep calm and managed a smile.

"No need. You tried to drive Anta and her mother away. Everyone in Nordeny knows it. Now she has passed away, why do you keep it?" Evan said bluntly.

"Mr. Welton, don't go too far!"

Mdm MacMillan realized that he was determined to take the urn away, so she was annoyed.

But Evan was not afraid of her at all.

Evan sneered and continued, "Mdm MacMillan, you'd better behave yourself. Don't make me. Or you might lose your home.

Give me the urn. I don't want to repeat my words."

Evan enjoyed a high status in Nordeny.

No one had the guts to go against him. So did Mdm MacMillan.

She knew that Evan was not kidding.

Mdm MacMillan said calmly to Melissa, "Give them the box."

Anyway, it was not the real urn.

But Evan was not a gullible man. He knew that there must be something wrong with the box if Mdm MacMillan agreed to give him the box quickly.

Therefore, he didn't take the box. Instead, he said with composure, "Mdm MacMillan, be smart. Give the real one to Anya. Otherwise, you'll be taken away."

He was serious.

His bodyguards had broken in and surrounded them in the living room.

Melissa and Mdm MacMillan were angry.

But they could do nothing. After all, Melissa's husband and daughter were both in jail.

They had no one to ask for help.

And no one would help them at the risk of offending Evan.

So, Melissa and Mdm MacMillan had no choice but to give the urn of Shirley to Anya.

Anya held the urn. Her eyes turned red and she started to sob.

As Kyan saw Anya holding the urn, he got so excited that he felt a great heartache.

He opened his mouth to greet Anya.

But he fainted because of a heart attack.

Levi and Dennis were startled and worried.

Anya was shocked.

They hurried to support him.

"Dad, what's wrong?" Dennis tried to wake him up.

But it didn't work.

Evan said, "Send him to the hospital."

Dennis carried Kyan and strode out of the villa.

Anya and Evan followed behind.

Melissa and Mdm MacMillan stood angrily.

At the airport.

Paige returned home too, without letting her mother know.

Although she didn't know why Dennis and Kyan returned home, she felt excited as she saw the buildings in Norden after walking out of the airport.

She wondered if they would be surprised to see her.

She felt cheered.

But she needed to get a room in a hotel before seeing them.

Chapter 654

At the private hospital.

Kyan was sent to the emergency room.

Dennis and Anya were waiting outside.

They didn't want anything to happen to Kyan, so they all looked somber.

They remained silent for several minutes. Dennis put his hand in his pocket. He had a complicated feeling when he looked at Anya beside Evan.

Dennis knew about Kyan's past when he came home this time.

Kyan fell in love with Shirley when he was young.

But they broke up in the end.

Dennis wondered who was Kyan's true love, his mother Cecilia or Shirley?

Did Kyan know Shirley before marrying Cecilia? Or was Kyan cheating on Cecilia? It hurt both Cecilia and Shirley either way.

Now that Kyan had a heart attack and Shirley was not here, Dennis wanted to talk to Anya. It made him look selfish, but he just wanted to talk to her when their father lingered in the shadow of death.

Dennis walked to Anya.

"Anya, we need a talk." He looked down at Anya. Dennis was embarrassed for what he was about to say. Anya knew what he was thinking. She said softly, "Sure."

"Dad is in critical condition, so I hope that you can see him for once after he wakes up. Please don't refuse him." Dennis didn't think that Anya would see Kyan as her father.

Anya knew that Kyan didn't tell Shirley that he was married.

So, Anya wanted nothing to do with Kyan.

Dennis respected her choice.

"I know. I will see him if he wants." But Anya wouldn't call Kyan Dad.

Dennis was relieved and grateful. "Thank you."

He was worried that Kyan would get emotional when Anya refused to see him. UB.55 FIL, 19 API

"You're welcome. I always want to know who my father is," Anya said calmly.

Dennis said nothing. He knew what she meant.

He liked Anya and felt sorry for her. He would be very happy if Anya joined his family. He would treat her nicely, just like what he did to Paige.

But it seemed that Anya didn't see him as her brother.

Dennis respected her.

After an hour, Kyan was pushed out of the emergency room. Fortunately, he got treatment in time. and was well now.

Kyan needed to stay in hospital for a while to see if he fully recovered.

The nurses and doctors brought him to the VIP ward on the top floor.

Anya and Evan went upstairs with Dennis. They sat for a sent e door of the hospital and went back to the ward.

Anya held Evan's hands when they walked to their car.

They hadn't held hands and had a walk for a long time.

Evan was jealous because Anya was busy with something he didn't He said to walked car, "Anya, don't go out with a strange man again. I'm very serious. Do you hear

me?" Anya smiled. "Really?"

Evan also smiled. He wanted Anya to know that he was if you are not pregnant."

Anya was lost for words. Evan was too possessive.

Chapter 655

"I know. I won't do it again." Evan was jealous and possessive, but Anya loved how he cared about. her. Anya leaned on him and acted poutily.

Evan felt better soon. He walked forward with Anya. "So, you don't see Kyan as your father."

Anya sighed and nodded. "Yeah. That's too weird. He's married when he got together with my

mom."

After all, Dennis was older than Anya.

"Alright. You can do whatever you want." Evan caressed Anya's hair. "We are a family now. My parents will treat you as their daughter."

Anya nodded happily.

The Weltons were nice to her. Gina started accepting her.

Mdm Welton and John liked her.

Anya thought that she was so lucky to marry Evan, whose family loved her very much.

At a fancy hotel.

Paige checked in and went to the suite with her suitcase. She left her suitcase aside and took a bath. Then she lay in the bed and called Dennis.

Dennis picked it up soon. Paige didn't ask where he was. She said girlishly, "Dennis, Mom said that you went back. Is that true?" Dennis walked out of the ward and replied in the corridor, "Yeah. Is your vacation over?"

Paige played with her hair and chuckled. "Yeah. I was back two days ago. Why did you go the way?" back by

"For business, Dennis said tenderly.

"With whom? Do I know him or her?" Paige pretended that she knew nothing.

"No,

I don't know. I'll tell you later. I got to go"

Paige didn't want Dennis to hang up. "Wait! When will you come back?"

Dennis was not sure..

He wouldn't return to Fulton until Kyan fully recovered.

"After a month, I guess."

Paige was surprised. What was going on there? It took Dennis and Kyan so long to fix the problem. Was there anything that she and Cecilia didn't know?

Paige became more curious.

"What's taking you so long? Mom and I miss you," she acted poutily.

"I know. I'll be back as soon as I can." Dennis rubbed his forehead.

Paige changed the topic. "OK. Do you know that Dad went there too?"

Dennis was stunned. He didn't want Cecilia and Paige to know what happened here. He denied. "No. Really?"

He paused before continuing, "Paige, I got something

Paige stopped asking. She was here. She would find out when

"Alright, bye."

"Bye."

Dennis hung up the phone and took a deep breath before going back to the ward. Kyan woke up when Dennis got in the room.

Dennis strode over. "Dad, you're awake. How do you feel?"

Kyan felt that his limbs were weak as water. Despite that

"That's good. Tell me when you feel unwell, Dennis replied. Kyan nodded and looked at Dennis with doubt. "Were you following me?" Dennis was at the MacMillan's too.

Chapter 656

Kyan had known it, so Dennis didn't lie. Dennis sat beside the bed. "Yeah. I knew that you were here for Shirley, so I followed you."

Kyan let out a long sigh. "I thought I could fix this on my own."

But now everyone knew about it.

Dennis lowered his head and held Kyan's hand. "Dad, how are you going to fix this? If you acknowledge Anya as your daughter, both Mom and Shirley will get hurt."

Kyan shook his head. "Dennis, you're a good boy. I should never tell you about this. However, I know that Anya is my daughter after Shirley died. Anya has been living in misery all these years. I feel bad for her. I owe it to her."

"What do you mean?" Dennis frowned as he looked up at Kyan.

"Shirley and I were each other's first love. I was engaged to your mother, but we were not dating back then." Tears filled Kyan's eyes when he recalled the past.

He had a good time with Shirley.

He fell in love with her at first sight.

"Dad, I don't get it. If you were with Shirley at that time, how come I become your first kid?" Dennis was confused..

Kyan looked at Dennis helplessly. "My family threw a party for me before I came here. I was too drunk to know what Cecilia had done. She slept with me and left before I woke up. So, I thought that nothing

had happened that night. Then I came here and met Shirley.

“That was how this all got started,” Kyan said slowly in a choked voice, “I wanted Shirley to go back with me. She refused and married Cornelius. I was so angry that I went back alone. After I home, Cecilia came to me with a pregnancy test and told me that she was pregnant for a few

got

months. So, we got married.”

Kyan was mad at Shirley, so he didn’t come back here.

He hadn’t spoken to her in 20 years.

When he came back, Shirley had died.

Kyan regretted it. He should have come back earlier. Maybe he could see Shirley for the last time.

But he did nothing. There was no coming back from that. He had lost his chance.

“I see.” Dennis finally knew what had happened.

He felt bad and asked, “Do you love Mom?”

“I don’t know. We’ve been married for over 20 years. We’re a family now.” Kyan only loved Shirley all his life, but he had to take the responsibility of raising kids with Cecilia.

He hurt them both.

Dennis nodded.

Kyan continued, “Dennis, Anya used to live a tough life. I want to make it up to her. Is that okay?”

Dennis nodded with a smile. "Sure. She is my sister. Just do whatever you want." Dennis was not a petty man.

He didn't care about it even if Kyan wanted to give everything to Anya.

He could earn it himself.

Kyan was happy that Dennis had no problem with it. "Thank you."

"It's your decision. I'm your son. I won't stop you from making it up to Anya."

Kyan nodded and held Dennis's hand. "I'll give Anya 20 percent of the company's shares. I owe it to her and Shirley."

It was a lot of money..

Other people would not accept it, but Dennis didn't mind. When he knew that Anya was his sister, he wanted what was the best for her.

He wanted her to live a carefree life like Paige.

Chapter 657

Kyan got better after staying in hospital for a week. He wanted to see Anya.

Anya had promised Dennis that she would come to see Kyan.

She made soup in the morning and went to Kyan's ward.

Kyan could sit up in bed. He was overjoyed when Anya came in with her soup.

Dennis was worried that Kyan might have a heart attack again. "Dad, your doctor said you need to lie in bed. Cool down." Anya repeated, "Yeah, you need to cool down."

Kyan nodded and looked at Anya with bright eyes. Anya looked just like Shirley. Kyan was heartbroken. "Anya, can I call you like this?"

Anya nodded and put her soup on the table. "Sure."

Kyan nodded happily.

It seemed that Anya didn't hate him.

He was always worried about that.

"I made the soup. Do you want to try it?" Anya poured some soup into a small bowl. The light soup was good for patients like Kyan.

"Did you make it for me?" Kyan was surprised and flattered. He got a little excited. "Food at the hospital is not good, so I made a soup for you," Anya said tenderly. She was a little nervous.

Kyan was her father no matter what.

"Thank you." Kyan wanted to get out of bed and tasted the soup.

But he couldn't.

"Dad, cool down, Dennis said again. He was helpless when Kyan got excited again. Kyan nodded with a smile. "I know."

“Here. Have a taste.” Anya handed the bowl to Kyan, who was very picky about food. After all, he was an aristocrat in Fulton. But now, Kyan took the bowl over in a hurry.

He started devouring the soup. Anya made it for him. He enjoyed it much.

Dennis smiled helplessly when Kyan gulped the soup. He patted Anya on her shoulder. “Anya, could I talk to you outside for a second?”

Anya nodded. “Sure.”

Dennis walked outside with Anya after asking his assistant to take care of Kyan.

They stood in the corridor. Dennis didn’t want Anya to be misled. Kyan didn’t dump Shirley. Dennis wanted to tell Anya the truth. “Anya, Dad was not cheating on your mother. They loved each other, but they went apart for some

reason.”

Anya was stunned.

Kyan was not cheating on Shirley.

But why was Dennis older than her?

Dennis knew what Anya was thinking. He told her everything.

Anya’s eyes were red.

Dennis wiped off her tears. “Anya, I hope that you wouldn’t blame Dad.” It was between Kyan and Shirley.

Dennis didn't want Anya to be troubled by it.

He hesitated and took his hand back. 'Dad will give you

Anya frowned. "No, I don't need it."

"Yes, you do. You've married Evan. You should tell everyone about a Ford so that they wouldn't talk down of you.' Dennis read some comments on the Internet. People were dissing Anya.

They thought that she was a nobody. And they said that she was not good enough for Evan.

Dennis wanted everyone to know that Anya was a Ford.

Chapter 658

'Dennis, I don't need that.' Anya was a little puzzled and couldn't accept their stock shares.

Because she had no intention to call Kyan father.

"You can call me Dennis. Dennis smiled gently, his eyes full of love for this younger sister. He paused as if he knew what she was worried about. He said directly, "I know what you're thinking and worrying about. Relax, my mom won't object my father."

"This is coming out of the blue. Just give me some more time, okay?" After said this, she thought to herself, "It's so hard for me to embrace the idea of having a new father and brother, I'm not well prepared yet."

"Well, take it easy. But the shares, dad will do what he says. And this is also compensation for you! and your mother." Dennis said.

When he mentioned her mother, Anya was silent for a while.

“By the way, I hope you can come and see dad if you’re free. And if you’re okay, dad wants to take a paternity test so we can tell the Ford family.”

Anya nodded, “I’ll make time to see him.”

“That would be great, thank you.” Dennis said softly.

“That’s not a big deal.” It doesn’t take much time to visit him.

Thinking about this, Paige almost jumped for joy.

But for now, she had been too busy resting, shopping, and planning a surprise, and she didn’t have time to ask the seeker for information.

When she decided to show up today, she remembered that she should have asked the seeker which hotel Dennis and Kyan were staying in.

Paige immediately sent a message to the seeker and ask for the location.

The seeker replied immediately, “Miss Ford, Mr. Ford is in hospital.”

Chapter 659

Kyan was in the hospital!

Paige went dumb and looked at her phone, lost in thought. Her father had been healthy at home. How come he got hospitalized here?

What happened?

She had no time to think more and asked the man for the address. She carried her bag and took a taxi to the hospital.

It took only 15 minutes from the hotel to the hospital.

Paige got out of the car and went to her father's ward in a hurry.

When she arrived at the VIP ward on the top floor, she opened the door and went in without knocking. Kyan was lying on the bed accompanied by Dennis.

The man who used to be so energetic now lay there with a withered face.

Paige ran into Kyan's arms and could not help crying.

She loved her father most and did not wish anything happened to him.

"Paige, why are you here?" Dennis looked at Paige in astonishment.

Did she follow them here?

Dennis felt it very likely as she occasionally gave calls to him for some trivial things. He thought himself not smart enough to perceive that she might have arrived here for a few days.

Did that mean she had been hiding from them?

"Forget about me. Why is Dad sick?" Paige did not care about Dennis' query. She complained as she sobbed, "If Mom knew that you made Dad sick, she would not let you off."

Dennis got speechless.

“Don’t cry, Paige. Kyan stroked her hair and said resignedly with surprise, “Are you following us?”

Paige dared not lie to Kyan and nodded with eyes brimming with tears. “Yes, I knew that you came here, so I followed you. I had wanted to surprise you and Dennis, but suddenly I was told that you were in the hospital.”

Her tears dripped down as she said sadly. “Dad, are you okay? Why are you in the hospital?”

“My heart is not feeling well.” Kyan wiped her tears. “Don’t cry, I am fine.”

Paige looked at him carefully and released her grip after confirming he was fine.

As she sat down, Dennis walked closer and asked, “Where do you stay now?”

Paige threw him a glance and still felt unhappy that Dennis failed to take care of Kyan. She grumbled. “In the Hilltown Hotel. Dennis, I don’t want to talk to you right now.”

“Don’t be angry. I promise I will take good care of our father.” Dennis was amused by her words and patted her shoulder. “How long have you been here?”

“Several days. I have been sleeping due to jet lag for the first two days. Later, I was busy preparing the surprise for you two. Before I could show it to you, I got the news.”

“You are in

in time. I also want to tell you something.” Kyan gradually sat straight on the bed and leaned against the pillow.

Paige looked at him with curiosity. “What kind of thing?”

“Please do not get angry after I tell you. I hope that you can accept that.”

Kyan was not sure if Paige or Cecilia would accept having a new family member.

However, he owed Shirley and Anya a lot and had to do something for them.

Chapter 660

“Daddy, what’s the matter? Why are you so mysterious?” Paige was confused.

What did Kyan want to say?

“Dennis and I come back for your sister,” Kyan said slowly.

Paige was stunned.

“A sister?”

“I’m not sure you and your mother will accept her. But I have to let you know that you have a sister. She is our family,” Kyan added.

Paige finally understood Kyan’s words.

“Daddy, do you mean that you cheated on my mother when you were young? And you even have an illegitimate daughter.” Paige looked unhappy.

Unlike her brother, she couldn’t immediately accept the existence of a sister.

She didn’t want another family member.

Paige couldn’t accept it.

“Daddy, is that fair to my mother?” Paige was angry and didn’t care about Kyan’s feelings..

Paige couldn’t accept it.

She took her bag, got up, and said in a cold voice, “I hate you, daddy. You hurt my mother.”

Then she turned to leave.

Kyan tried to get out of bed and grab Paige. Dennis stopped him, “Dad, don’t move and lie down. I’ll find Paige.

“I’ll persuade her.”

Kyan didn’t get up and lay in bed.

He thought it would be better to let Dennis communicate with Paige.

Therefore, Kyan allowed Dennis to find Paige.

Dennis rushed from the ward to the first floor and finally grabbed Paige.

To not attract others' attention, Dennis pulled Paige to a corner at the left door of the hospital. "Don't talk to dad like that, Paige. You misunderstood dad."

Paige frowned and looked at Dennis angrily, "Are you crazy? We are family. Why don't you help mommy? Do you afraid that daddy won't let you inherit the Ford Group?"

"You misunderstood dad. He didn't cheat on mommy. Calm down." Dennis lowered his voice.

"Then why do I have a sister? Please tell me why I have a sister!" Paige was so angry and she shouted at Dennis.

Paige thought her father was a bad man.

She thought Kyan was a liar and a hypocrite who hurt Cecilia.

She had loved and respected Kyan all the time.

But the truth was so cruel.

Paige didn't know what to do if her mother knew about it.

"I won't tell you the whole thing until you calm down." Dennis was familiar with Paige's character.

She was stubborn since everyone spoiled her.

She refused to communicate when she lost her temper.

“Do you mean you accept that girl?” Paige knew what Dennis meant.
