

## Desires DH 661

### Chapter 662

Gina purposely took off work at 10:00 am. She wanted to talk to the matriarch who lived in the old Welton's

house.

Recently, she had been trying to make up for what she owed to Anya MacMillan and her two children.

The matriarch knew about it and she gradually stopped being angry.

When Gina returned to the villa and the matriarch did not show her displeasure anymore, which meant that she was ready to forgive Gina.

Gina had suffered a lot this time. Her husband and son almost left her, so she definitely would not do something like this again. She behaved well after she returned to the villa. She had now learned to please the matriarch.

"Mom, I have known that I was wrong. Therefore, I am going to invite Anya to attend the launch of my new movie with me," Gina said sincerely.

She was able to announce that Anya was her son's wife at the launch to the world.

She accepted and approved Anya as her daughter-in-law.

She didn't care about the rumors on the Internet.

The matriarch was surprised at how quickly she changed her attitude. She looked at Gina, pretending to be still angry, and said, "Do you know what you've done wrong this time?"

Gina nodded, "That's why I came back to tell you what I think."

"How nice it would have been if you had realized your mistake earlier. Because of you... Both Nathaniel and Eudora were afraid to go home... When I miss them, I need to go far away to the mansion to meet them," the matriarch complained.

"I know, that's why I'm improving our relationship," If she had understood this earlier, she would have been treated better than now.

She had a home but could not go back to it. Her husband and son didn't care about her either.

"But it's still a good thing that you understand now. Nathaniel and Eudora finally can come home and play with me," the matriarch was missing them terribly.

"Yes." Gina nodded again.

Gina was silent for a while, then said, "Mom, I'll go to Welton Group to meet with Anya. I can talk about the launch with her."

"OK. You can cultivate a relationship with her. As an old saying goes, 'A happy family does everything well.' Therefore, only when we live happily, the Welton family's business will grow well."

"Ok." She had known the importance of home.

Gina would never look down on Anya again.

Gina talked to Matriarch for about half an hour and then went to meet Anya at the Welton Group. She put her dignity aside and invited Anya to be her guest at the launch party. She believed Anya would not refuse.

At this time, Anya was busy with the design in JK. The receptionist in the lobby downstairs told her that her husband's mother was here.

Anya was frozen for a moment.

All this time, Gina was trying to make up for them, and she even put her pride aside to gain their forgiveness. In fact, Anya almost forgave her. But Evan wouldn't let her forgive his mother right away, because only by being tougher would his mother accept her completely.

She listened to Evan and never saw Gina on her initiative.

She didn't expect Gina to come to her company on her initiative, so she was surprised.

Since Gina came here, she had to meet her.

She hung up the phone and hurried downstairs.

When she reached the lobby, she saw Gina waiting for her in the parlor, dressed stylishly.

Gina was a former movie queen, so many company employees who had seen her movies surrounded her, hoping to get her autographs.

Gina signed autographs for everyone.

Anya didn't walk towards her until Gina signed autographs for the last person. Although Anya still felt awkward, she gently asked, "What brings you here?"

Gina sincerely said, "My new movie will start shooting soon. I would like to ask you to be the costume director of my film and invite you to the launch party. Is that okay for you?"

Anya was stunned when she heard that. This invitation meant that Gina wanted to reveal her identity.

“I don’t know if you’d like to, but I hope you will come to the launch with me.” Not hearing her re

idea whether Anya would come or not.

So Gina continued to say, “Anya, I know, as a mother-in-law, I have done a lot of bad things. But

up for that, please give me a chance.”

“I don’t know if you’d like to, but I hope you will come to the launch with me.” Not hearing her reply, Gina had no idea whether Anya would come or not.

So Gina continued to say, “Anya, I know, as a mother-in-law, I have done a lot of bad things. But I want to make up for that, please give me a chance.”

Chapter 664

Anya said, “Yeah, your mom is a sincere person. And she invites me to attend her film launch conference and I accepted her invitation.”

Evan raised his eyebrows and smiled. “This is between you two. I’m not gonna get much involved then. I think you could make your decision.”

He didn’t want to deal with the complicated mother-in-law and daughter-in-law relationship. Anya replied, “Alright.”

“Anya, is Evan messaging you?” Gina asked with a gentle smile while taking up a glass of water as Anya and Evan were messaging each other.

She knew that it would be his son without asking. There must be a lot of people that noticed her when she went to Welton Group to visit Anya. Her son must be aware of it as well. Anya put down her phone and said, “He wants to know where we are having lunch.”

“Is he going to join us?” Gina said and was thinking that she didn’t have dinner with her son for a long time because she gave Anya the cold shoulder.

“I don’t think he will come.”

As Gina heard that, her eyes dimmed but not for long. She thought that as long they are together as a family, there would be a chance for her to see her son.

“It's okay. Let’s enjoy our meal.”

“Sure.”

“Gina, here is the soup.” While Anya and Gina were chatting, the manager came by with a small cup of nutritious, tonic soup. “Please pass it to Anya.”

The manager did it as he was told. He put the soup in front of Anya carefully and then removed the lid of the

bowl.

In an instant, the rich flavor of the soup wafted into Anya’s nose. This was so delicious. This was indeed a fine restaurant. “Anya, try it. This soup is really tasty.” Gina saw her delighted face and knew she would like it.

This was a 20-year-old restaurant.

This soup was the signature dish.

When she was pregnant, she came to this restaurant every day just for this soup.

It was very delicious.

“Okay!” Anya said. She indeed got tempted by the flavor of the soup.

She wanted to taste it as soon as she smelled the flavor.

She quickly took up the spoon and had a taste.

What delicious soup it was!

Anya enjoyed it and took some more. After a while, Paige came by. She had found out who the illegitimate daughter was. It was quite unbelievable that her father’s illegitimate daughter married into the Weltons, the richest family in Nordeny!

After Paige got the information last night, she went to Welton Group to see what she look like in the morning. Paige ended up following her to the restaurant and saw Anya having a meal with her mother-in-law.

It seemed that Anya was favored by her mother-in-law?

She was not loathed by Gina because of her lowly birth as the rumors said. Paige was curious.

What charm did Anya have that make her brother and father favored her so much?

So now Paige could see. She was indeed pretty. But on her beauty?

She was just an illegitimate child!

Especially... Paige thought about her Mom who was abroad. If Mom knew that Daddy had would s Be upset? Mom loved Dad so much and devoted all her youth to her family.

However, it turned out that Dad had an illegitimate daughter!

Paige didn't know what she should do. She was worried that Mom would be desperately upset.

No, she can't let Mom know it. She

needed to talk to A

Paige bit her lips. She was upset while seeing Anya enjoying the delicacy. Did she know that her Mom was a home-wrecker? Did she know her Mom hurt another woman?

If she knew, she wouldn't be so happy now!

Chapter 666

"Are you okay, Ms. MacMillan?"

"Ms. MacMillan?"

Hearing Anya's calling for help, people all went over. But even with their supports, Anya couldn't get up as her abdomen hurt so bad.

Moreover, no one dared to intimately lift her with arms. She was the wife of Mr. Welton.

She was Mrs. Welton.

No one wanted to offend the boss.

So they could only support her slightly with one hand and waited for the ambulance.

Paige who caused this looked at the pale woman half-sitting on the ground and stepped back in horror. Paige's hands clenched tightly.

She wasn't mean it.

Besides, how could Anya be so easily knocked down?

She acted as weakly as a pregnant woman.

Although a bit scared, Paige calmed herself when remembering that Anya's mother was a mistress. She didn't knock her on purpose anyway!

How histrionic Anya was!

Soon the news came to Evan. Knowing Anya had fallen by the gate and was not able to get up, he immediately left the conference room and strode to the elevator.

Evan's eyes darkened as he arrived on the first floor and saw Anya with her hands covering the abdomen. He went straight over and held her in his arms. Then he asked the driver to prepare the car.

He asked worriedly, "Are you okay? Where does it hurt?"

"The abdomen..." Anya leaned against Evan's chest and clutched his shirt, biting her lips. "I'm scared, Evan. What about our child? Will it be alright?" Anya was scared.

It was so damn hurt.

Besides, she was in early pregnancy.

And that was the most unsteady period.

“Don't worry, everything will be fine. Our child will be fine.” Evan was afraid she would suffer more if she was so nervous at the child.

Anya calmed down a little hearing his comfort.

Soon the car was driven over.

No time to waste. Evan hastily put Anya into the car and closed the door. The car rushed away.

Standing nearby, Paige stared at them thoughtfully. Anya did find a good-looking husband. But that was not the time to judge her husband.

The most important thing now was to avoid Anya getting the shares of the Ford Group. The shares belonged to the Ford family and were not something a mistress' daughter should have.

Paige stood for a while and then called a taxi to the hotel.

While Paige was thinking about how to make Anya give up her shares, her brother Dennis

was in the hotel hall waiting for her.

She at once turned around.

But Dennis' guards quickly stopped her at the gate.

“Go away!” Paige yelled. She didn't want to see her brother.

“Sorry, Miss Ford. We can't let you leave.” The guards retreated, but they blocked her way as a human

Sewall'. She couldn't step forward at all.

Paige knew she couldn't beat the guards and stamped her foot angrily. She half-crawled her brother.  
'Keelyou satisfied now? Are you gonna lock me up?'

"When will you act like an adult?" Dennis looked at Paige

Chapter 667

"Do you think I'm not mature enough? It is you who are not mature. Have you forgotten our Mommy? You can even do this for the daughter of a mistress?" Paige was not afraid of Dennis and said, "You all let Mommy down."

"These things are the grudges of the previous generation. Moreover, Anya's mother is not a mistress," Dennis. said calmly.

Paige was pampered.

Paige sometimes didn't listen to the one who talked nicely.

"Shirley is a mistress. Didn't Dad come over to look for her and her daughter? By the way, you also discussed giving her shares. Ask yourselves if you live up to our Mommy?" Paige said somewhat impatiently.

Paige thought,

Chapter 668

Mdm Welton held Anya's hand and said in a distressed and nervous manner, "Anya, you finally wake up. I am so

worried."

When Evan called her to tell her about Anya's hospitalization, she was so scared that she fainted.

Anya said, "Grandma, I'm fine." Anya felt better, and her stomach didn't hurt anymore.

Mdm Welton nodded and said, "You need to have a good rest."

Anya said, "OK."

John did not know the original story, and when Mdm Welton finished her words, he asked, "By the way, Anya, how did you fall today?"

Anya said, "I was accidentally hit by someone." In fact, she didn't know how she fell to the ground.

When she returned to the office after lunch, someone called out to her from behind and she turned around. However, before she had a chance to see who was calling out her, someone slammed into her.

She was hit to the ground.

And the little girl who called out to her later disappeared.

She wasn't sure if someone had deliberately set her up or accidentally hit her.

Once John heard what Anya said, he was a little angry. He said, "Who hit you? Doesn't she have eyes?"

Anya said, "Dad, don't be angry. Maybe she bumped into me by accident."

John said, "She'd better not, or I'll ask Evan to find her out."

Mdm Welton thought John said too many words and disturbed Anya. She said, "John, say no more. Let Anya

rest.”

John did not dare to disobey Mdm Welton, so he hastily stopped talking.

Gina, whose relationship with Anya had just improved, could only watch Anya in silence.

After everybody stood around the hospital bed for a while, Evan realized that it was quite late. He didn't want his grandmother to stay up late. He said, “Grandmother, father, mother, you should go back to

rest. I will be with Anya.

Mdm Welton nodded and said, “Anya needs a rest now. I'll come back to see her tomorrow.”

“OK,” Evan said.

John then helped Mdm Welton out first, followed by Gina. Evan walked them to the door.

After sending them away, Evan returned to the ward. He walked over to the bed and leaned down, saying, “Tell me who hit you.” He didn't believe that someone would hit Anya at the gate like that for no reason.

Seeing that Evan was overly nervous about the matter, Anya smiled and said, “For God's sake, I don't know. What if she hit me by accident?”

Evan said, “Then she should at least apologize to you. Where was she at the time?” Evan remembered that when he came downstairs, no one was apologizing to her except for the company employees who were helping her up.

Anya thought for a while and said, “Maybe she was scared, so she ran away.”

Anya didn't feel like someone was setting her up.

"I'll have someone look it up," Evan touched Anya's hair and said, "That person almost caused you to miscarry. Why did she run off without an apology?"

Seeing that Evan was determined to get the bottom of it, Anya said, "That girl seemed to know my name, but I

don't know her.

"I am not sure if she was setting me up, which is why I don't want to make a big deal out of it."

Evan said helplessly, "You are tenderhearted."

Anya said, "I am not tenderhearted. I'm just not sure if she did it on purpose. I am afraid I will blame her wrongly." If Anya were really a soft-hearted person, she would not have sent Cornelius to prison.

Evan smiled and reached out to poke her on the brow, saying, "You just need to rest well and leave this matter to

me."

This matter looked like a small matter. But after hearing Anya say that the person who hit her knew he Evan knew that the matter was not so simple.

The person who hit her was disappeared.

Even if she accidentally bumped into Anya, she was still suspicious.

Chapter 669

Evan worked to find out who had knocked into Anya while Anya rested herself in the hospital.

At the same time, Paige had been suffering a tough time.

Whoever lived in Nordeny could never escape Evan's radar,

When Paige was in a sulk over her dad and brother, Evan showed up. And it seemed that he had beaten down all the bodyguards arranged by her brother.

Evan came into the room.

The bodyguards hurried to call Dennis for help.

But it was too late. Evan took Paige away.

Paige knew that the man catching her was Anya's husband, and she was afraid at first. But when she realized that Anya was only an illegitimate girl, she felt much better. And she even exclaimed, "Mr. Welton, you'd better let go of me. Otherwise, my dad and brother will show you no mercy!"

What Evan hated most was to be threatened, so he sneered at her indifferently, "Miss Ford, why don't you ask your dad and brother for help when knocking into Anya?"

"You are too old to rely everything on your families, right?"

It greatly humiliated Paige, who blushed instantly by threatening a fragile girl!"

and said bitterly, "Mr. Welton, you are nothing of a gentleman

"Miss Ford, my families' safety is my bottom line, but you've hurt Anya!"

Paige had knocked into Anya with such an aggressive force. How could she be a fragile girl?

"I didn't mean it," Paige said resentfully.

"I don't care. Shouldn't you apologize for hurting others? It's common sense, right?" Evan even had no patience

to talk with her.

Not even a word.

Paige was so angry that she gnashed her teeth because she hated most to be forced to make an apology.

She was complaining in her mind,

However, it was no use for Paige ruffling her temper. Here was Nordenj rather than Fulton. Nobody could save

her but herself.

So when taken into the ward, she had no choice but to apologize to Anya.

If Paige refused to do so, she might have no chance to return to Fulton.

But before apologizing to Anya, Paige said disdainfully, "Ms. MacMillan, I'll apologize, but you have to apologize to my mom."

Anya frowned, not knowing what Paige meant. And she thought it ridiculous. "I don't even know who your mom

1. is. Why do I have to apologize to her?"

Paige scoffed, "You should know what your mom did to us and what you did to us! You must apologize to my

mom."

It bemused Anya.

When Evan gave her a hint, Anya finally got what Paige meant. And she asked Paige, "Are you from the Ford

family?"

Paige admitted, "Yes, you ought to apologize to my mom, right?"

Anya didn't know what to say, but she could understand how Paige felt. So she said with a smile, "Excuse me? My mom had been together with your dad before he got married. As to me... Although mom didn't tell him she was

pregnant, I don't stand in the way of your family.

"I don't and won't do that forever."

As a matter of fact, Anya didn't care about the 20% of the shares.

"So what? You..." Paige was interrupted.

That was Dennis who came in.

Looking at his haughty sister, Dennis had known Paige might make trouble here.

Now that everyone was here, it was a good time to make the whole matter clear for fear that they might come into conflict again in the future.

Chapter 670

“Paige, come off it.”

Dennis then strode over to his sister, drew her aside, and begun to reprimand her.

Paige didn't like to be reprimanded by her brother in front of too many people, so she was even more dissatisfied and aggrieved.

“What do you know? All you do is to reprimand me?”

“I know that you bumped into Anya.” Dennis was clear about the whole thing.

Paige bit her lips, with tears in her eyes. “I didn't do it on purpose.” She was not so vicious that she intended to bully this woman just because she knew she was her father's illegitimate daughter.

She only came to her to negotiate with her.

She was an educated woman. She was not that bad.

“Intentionally or not, you bumped into her and almost got into an accident. Did you know she was pregnant? If something happens to her... do you think you could get out of this place safely?” Dennis said angrily.

On hearing this, Paige was scared, with her eyes wide open.

How could she know Anya was pregnant?

“Now, you make an apology to her,” said Dennis. He didn’t want to make things worse.

Evan, Anya’s husband, was powerful.

They were in Nordeny.

The Welton family was quite powerful.

“I...” Paige was not very willing to apologize, but her brother insisted. She was afraid of offending the powerful people here and of not being able to return to Fulton.

After weighing it up, she reluctantly came to Anya’s bedside and apologized to her in a low voice, “I’m sorry, I didn’t bump into you intentionally.

“I was going to talk to you, but I drove too fast and accidentally bumped into you.

“I’m sorry.”

After Paige apologized, Anya looked at her and said calmly, “I accept your apology, I will not apologize to your mother until things are cleared up.

“Besides, don’t you think my mother is the biggest victim in this matter? She suffered so much without asking for anything. If my mom and I covet your shares, then why didn’t we come to Fulton to look for you earlier? Instead, my mom passed away and she didn’t tell me about it at all.

“So, if you think we are greedy for money, you will be wrong. My husband can give me more than that. I don’t

care at all.”

After Anya finished speaking gently, a subtle expression was on Paige’s face.

As if she had been mercilessly smeared with mud, Anya felt awkward.

“In the matter of dad and Anya’s mom, you need to be clear that they had been dating for a while before mom and dad got married. Later, they broke up and dad went back to Fulton. Then dad married our mom.” said

Dennis.

“You always think that I didn’t help mom, but instead helped Anya. In fact, I am clear about this matter. They didn’t do anything wrong. As for her pregnancy, there might be some misunderstanding. In the end, it’s the dad who was wrong.” Dennis didn’t want to take sides with anyone.

He only gave his adherence to the truth.

As Anya said, if Shirley wanted to blackmail the Ford family with her pregnancy, why didn’t she come to them?

When Anya and Evan got married, people with ulterior motives revealed the truth.

They didn’t want to have any relationship with the Ford family at all.
