

Desperation 36

Chapter 36

Ashley lowered her head slightly, enjoying the warm wind blowing on her scalp. Valentin's fingers ran through her hair, making

her close her eyes in comfort.

After a while, the sound of the hair dryer stopped.

"Is it done?"

Ashley raised her head, touched her hair, and found it was all dry.

Valentin reached out and put a strand of hair from her temples behind her ear.

While inadvertently touching the delicate skin of her neck, he swallowed, and his voice was a little hoarse. "Yeah."

Ashley felt her neck tickled and trembled unconsciously. "Don't touch there. It tickles."

Valentin raised an eyebrow and touched her neck again. "Is it here?"

Ashley felt a thrill all over. "Why are you still touching it?"

She slapped his hand away in a sulk. "What did you come to get?"

"Wireless headphones," he answered and put the hair dryer on the table beside him.

Ashley responded and didn't ask any more questions.

While he went to take his headphones, Ashley sat down by the bed and played with her phone.

Her Twitter followers had increased to more than 300 thousand, and the post she sent two days ago had attracted tens of

thousands of comments.

Ashley viewed the comment below and found many fans were begging for her to reply to them.

Ashley randomly replied to a few interesting comments.

A fan commented: [Ashley is so stunning! I love you! As long as you reply to me, I will go homework immediately!]

Ashley replied: [Grant your wish.]

do my

Another fan commented: [Ashley, what pen did you use? Because I can't erase you from my mind!]

Ashley only replied with a few question marks.

Looking at those corny words, she even got goosebumps.

Then, she continued to read the next comment. [Ashley, look at me! I really like you! You're my first. idol, and I will be your fan

from today on! Can you call me darling?]

While Ashley was typing "Darling", a seductive voice sounded above her head.

"Darling?"

Valentin used a rising tone in the end, carrying irresistible sexiness in his magnetic voice, sending Ashley a thrill all over.

She stopped typing and raised her head in surprise.

Valentin stood in front of her, glanced at the content on her phone's screen, and raised an eyebrow slightly. "Darling?"

His voice tickled Ashley's ears, the thrill rippling over her body.

"What...What are you calling me?"

He tilted his head and said in an innocent tone, "Aren't you typing this word?"

Ashley was lost for words for a moment.

Valentin suddenly leaned down closer to her face. The distance was so close that they could feel each other's breathing.

The atmosphere instantly warmed up, the air filling with lust.

Ashley's heart skipped a beat and started pounding again. She stuttered. "What...what are you doing?" Valentin gazed at her

with a sensual voice. "I'm your fan, too. Why don't you call me that?"

Ashley slowly opened her eyes wide in astonishment.

'Call him that too?' She asked herself in her mind.

Ashley was stupefied and froze there.

Valentin glanced at her phone screen and then looked up at her with a chuckle, indescribably sexy, "Come on. I'd like to hear it."

Ashley

couldn't react for a while as her mind went blank.

Valentin found himself attracted by her astonished look as if he was looking at a frightened cute

kitten.

He raised an eyebrow pleasantly, stroked her earlobe, and slowly stood up.

Ashley didn't come back to her senses even after Valentin left.

Hearing the door close, Ashley blinked and touched the earlobe that had been stroked by him. It tingled and was blushing and

hot.

Why did he touch me again? Ashley complained in her mind.

She stood up abruptly, grabbed the water glass on the table, and drank water in gulps before calming, down her intense

heartbeat.

"Wait. Valentin said he was my fan?" She wondered again.

Ashley glanced at her phone and was not in the mood to reply to the comment.

However, more people came to comment because of her reply, and her fans clamored to see her selfies and watch her

livestream.

Ashley thought for a while, took off her nightgown, changed into common clothes, and started the livestream.

As soon as her livestream started, her fans swarmed in.

[Oh my! Is Ashley without makeup? She's still so beautiful!]

[Her skin is so smooth! I feel she is even glowing. She's like a princess!]

[Ashley is the most beautiful woman in the world!]

[Ashley, wait for me. I'll make a lot of money and come back to marry you!]

Looking at those fans' compliments, Ashley was amused and couldn't help smiling.

Her lips were red and glossy, and her smile was like a rose in full bloom, bright and stunning.

Those fans expressed their amazement crazily again.

In addition to her fans, other people also came to watch her livestream.

Ashley looked at the questions on the screen and chatted casually with everyone. "Yes, I just took a shower, and my hair was just dried. I didn't want to tie it up."

“Yes, I ate a lot tonight and was stuffed.”

“I didn’t make the dinner... My family made it. I’m not good at cooking.”

“Stop. Stop! Don’t give me gifts, everyone! I started the livestream because you want to see me. Let’s just have a casual chat.”

Ashley stopped fans from buying her gifts and chatted with them for a while. Then, she received several private messages.

She clicked in and found it was Jeremy.

His online nickname was his real name.

Jeremy: [Ashley, how could you block my number?]

[You exposed my bribery of the judges, and I forgave you.]

[If

you want to go back to our family, I can intercede for you, but why did you block me?]

[Ashley, have you ever treated me as your brother?]

[Apologize to me quickly and pull me out of the blacklist! Did you see that?]

Ashley was a little sulky and thought, ‘How could Jeremy even harass me during a livestream? What’s wrong with him? He used

to be indifferent and hate me, but now he keeps looking for me over and over again.”

Ashley didn’t want to waste time replying to him.

She clicked on her phone, preparing to block Jeremy’s online account as well...

But at this moment, a dynamic effect flashed on the screen of her live livestream room.

Then, there was a series of system prompts.

[Jeremy gives you Love Bang x66.]

[Jeremy gives you Rainbow Puke x66.]

[Jeremy gives you Concert x66.]

With those gifts, he immediately became number one on the gift list.

Ashley was stunned.

‘Is he insane?’ She cursed in her mind..

As Jeremy’s online nickname was his real name, viewers in the livestream room became silent when they saw the gift-giver

name.
