

Desperation 76

Chapter 76

Hearing that, Laura frowned.

Before Ashley could speak, Bryce stepped forward and sneered, "Who is this? Oh, it's Matthew who we defeat. Why are you still

in the mood to eat after your new song sold so poorly?"

Matthew's face suddenly turned awful.

His new song's sales volume and sales amount were worse than Bryce's, which undoubtedly annoyed him. Bryce was

deliberately embarrassing

him.

Although Ash composed for Bryce, helping him win, Matthew couldn't bear to see Ashley help Bryce promote the new song.

Matthew glared at Ashley coldly. "Don't think you can do whatever you want just because Jeremy has changed his opinion of

you. Let me tell you, you don't even think of setting foot in the Ramos Villa!"

Bryce narrowed his eyes, cold and cruel. "Matthew, I asked you to reflect on what kind of things you were last time, but it seems

you didn't do what I said. You are still so arrogant. The Ramos family? Just a rubbish!"

"You!" Matthew's face turned blushed with anger.

Ashley looked at Matthew with icy eyes, which were devoid of emotion. "Matthew, listen up. I will never return to a disgusting

place like the Ramos Villa."

After Ashley finished speaking, she left with Bryce and Laura without hesitation.

Matthew was in a daze as he recalled what she had just said.

He thought, 'Ashley actually said...she would never come back... Why could she say such words...

Matthew was inexplicably reluctant to hear it. He raised his head in a daze and wanted to chase Ashley.

However, when Matthew saw Ashley and Bryce leaving together, his face suddenly turned cold because he remembered that

Bryce had beaten him in the sales of new songs.

He thought, 'I should not feel sympathy for this jinx. She is a heartless

beast who only helps outsiders and doesn't care about her own family! It's better if she stays away!'

Matthew thought, 'I will be able to see Ash in a week. When the time comes, I will ask Ash to help me write a new song and get

revenge on Ashley and Bryce!"

Bryce booked a private box. After all, he and Ashley were celebrities, so they had to be careful not to be photographed.

After sitting down, Bryce cleared his throat. "Ahem, Ashley, what I said just now was not to help you. I was just displeased with

Matthew."

Ashley raised her eyes slightly and chuckled, "I know."

Bryce clicked his tongue. "That's great!

Laura was speechless.

Bryce raised his chin and signaled to Ashley. "Order food, and this meal is on me. Order whatever you want. Don't save money

for me."

Ashley wasn't shy about ordering, pointed at the menu, and said, "This page, this page, and this page."

Bryce was stunned.

He thought, 'Oh My, when others order food, they order one dish after another, but she ordered page by page. There are several

dishes on a page of the menu!

'In addition, all she ordered were the signature dishes on the first few pages of the menu, which were very expensive. It seems

she really doesn't try to save money for me!

"Good, you have invented a new way of ordering food," Bryce couldn't help teasing.

No matter how serious and calm Laura was in daily life, she couldn't help but laugh at that moment, but she was happy because

she also wanted to try the restaurant's signature dishes.

After the food was served, they found that although Ashley ordered many dishes, the portions of each dish were small.

Surprisingly, the three managed to finish all the dozen dishes.

After dinner, it was already past ten o'clock in the evening..

Ashley received a call from Valentin. He said he would drive over to pick her up.

Ashley said goodbye to Bryce and Laura, then walked across the road and entered Valentin's car.

The sky was dark, and neon lights were flashing on the road. Bryce couldn't see who had come to pick Ashley up and asked

curiously, "Laura, who is here to pick up Ashley?"

Laura glanced at him meaningfully. "Observe for yourself."

Bryce put his hands in his pockets, looking tall and strong. Hearing her words, he was speechless. "Why are you so secretive?

Goodbye. I'm going home."

Meanwhile, Ashley got into the car, sat in the passenger seat, and looked at Valentin in the driver's seat.

Valentin wore a clean white shirt with two buttons unbuttoned at the collar, revealing part of his sexy collarbone.

One of his hands was casually resting on the steering wheel, his wrist bones were slightly protruding, his fingers were long and

powerful, and he had a seductive charm.

Ashley blinked, the corners of her red lips slightly curved. "Thank you for picking me up again."

Valentin looked sideways at her. "Thank you?"

After two seconds, he spoke leisurely and meaningfully as if to remind her, "You are my wife. Who else would I pick up if not

you?"

Ashley was silent.

She thought, 'All right, I will never say thank you to him again.

After returning to the Kingsley Villa, Ashley got out of the car and saw Tom coming so late. He must have come to Valentin for

some critical work.

"Hello, Ms. Ramos." Tom greeted with a smile.

Ashley was surprised. "Do you still have to work at such a late hour?"

10:7

"Yes. I have to report to Mr. Kingsley on an important work." Tom said, looking at Valentin aside

Valentin nodded slightly. "Go to the study

After speaking, he looked at Ashley. "Are you going to rest now

Ashley said. "Yes" She raised her hand to touch her neck, feeling a little itchy.

In the car just now, Valentin saw her touching her neck occasionally, so he couldn't help but ask "What's wrong?"

Ashley frowned in annoyance and poured in displeasure. 'I feel a little itchy

Valentin looked down at her. The next second, his eyes suddenly widened.

The skin on Ashley's fair and tender neck was red and swollen.

Ashley noticed his unusual reaction and was about to ask what was happening when she glimpsed her arm. She discovered red

marks on her tender, fair skin, accompanied by a slight numbness and itching

She really wanted to scratch.

The same went for her other arm, which looked a little scary.

Ashley was a little frightened and murmured. Am sick?

Just when she was frightened. Valentin suddenly held her hand and wrapped it in his warm palm.

Ashley was startled and withdrew her hand, her eyes filled with tears, looking moist. "Don't touch me now. I don't know what's

wrong with me?"

She was afraid that she might infect him.

Valentin hugged her directly and patted her back to soothe her. It's okay, Ashley. Don't be afraid. We are going to the hospital

now.

After speaking, he looked at Tom. His face suddenly turned cold and severe, looking extremely gloomy, "Go to the hospital

immediately and find the best experts!"

Tom was stunned momentarily, then nodded at once. "Yes!"

He thought. No matter how important the work is, it can not be reported

now because it is not as important as Ms. Ramos in Mr. Kingsley's eyes.

Fifteen minutes later, they arrived at the hospital entrance.

The nurse on duty found the experts and doctors who had gone off work had returned in a hurry in the middle of the night.

Even the director of the hospital rushed back.

Wearing a white coat, the director led a large group of leading experts and hurried towards the hospital entrance.

The nurse thought, 'Which...big shot came to our hospital?'
