

Desperation 96

Chapter 96

Jessica was stunned for a moment upon hearing this.

Bertha was Ashley's biological mother, but she showed no mercy for Ashley.

She even asked her son to dig up dirt on Ashley, leading the netizens to abuse Ashley.

Frankie heard this, and his expression did not change at all. He nodded calmly. "Okay, I'll do it right now."

Ryan snorted coldly, "Frankie, go and dig up dirt on Ashley right away. I can't wait to see her being scolded. I believe she won't

dare to bully Jessica in the future!"

Charlie frowned, thinking it was inappropriate. But in the end, he did not object.

Frankie spent a whole night and tried to dig up dirt on Ashley.

But the result dumbfounded him. He couldn't have any dirt on Ashley.

After Ashley returned to the Ramos family, everything she did was to please them, hoping to gain some affection from her family

in a humble.

way.

Bertha frowned, "How can it be? I don't believe it. How can Ashley be so kind? She must have done something secretly, but we

didn't find out."

Evan snorted in disdain, "Ashley is good at pretending as if we have treated her badly."

Jessica bit her lip. She thought, 'Ashley.. There is no dirt on her. Then what should I do to lead the netizens to abuse her? How

can I whitewash. what I have done?'

Jessica didn't need to trouble thinking of tricks.

Bertha turned to look at Frankie and said, "Frankie, since you haven't dug up dirt on Ashley, can you fabricate some of it?"

Jessica's eyes widened in surprise.

Fabricate the dirt on Ashley...

A mother fabricated the dirt on her daughter just to let others abuse her

daughter online...

Jessica was stunned for a moment and then couldn't help but laugh.

She thought, Ashley, what right do you have to go against me? The mother you respect and yearn for the most does not have

the slightest. love for you."

Frankie's expression remained calm when he heard the bizarre request to fabricate the dirt on Ashley. He had no feelings for his

biological sister, saying. "Don't bother. There is a surveillance video in the living room. I'll ask someone to edit it so that the fact

can be obfuscated."

About two hours later, Frankie received a video of more than ten seconds. and posted it online.

The video showed that Ashley pushed Bertha down on the sofa ruthlessly in the living room of the Ramos Villa.

In addition, Frankie clarified on Twitter: [Ashley's severance from the Ramos family is not as simple as everyone saw. Jeremy

and Matthew did something wrong to Ashley, but no one else in the Ramos family did. Ashley pushed down her mother. She is

an unqualified daughter.]

As soon as this video was posted, it attracted the attention of netizens.

Many netizens did not believe it initially, thinking Ashley would not do such a rude thing.

However, some netizens who knew technology watched this video and discovered that this video was not spliced or faked but

real.

This video sparked much debate among netizens.

Ashley pushed down her mother and made her mother fall. This behavior was unacceptable.

Her mother gave birth to her in ten months of pregnancy, but she pushed her down.

The netizens who had supported Ashley changed their opinion of her gradually.

At the Kingsley Villa, Ashley sat on the sofa in the living room and browsed gossip on the Internet. She saw this video and was

startled at first. After a while, she smiled sarcastically.

This video was not fake.

However, the previous video clips were cut.

What happened at that time was that Evan picked up the ashtray and wanted to hit her. He didn't throw it at her accurately but

almost hit. Bertha.

Ashley reached out and pushed Bertha away to protect her from being hit by the ashtray.

Unexpectedly, Frankie used that scene to discredit Ashley.

Ashley thought, 'Are you trying to whitewash the reputation of the Ramos family and want the share price of the Ramos Group to

rise back?'

She smiled contemptuously and sneered, "Frankie, you must have that ability if you want to do it."

If Frankie was smart enough, he would have deleted the surveillance footage.

However, it was not difficult for Ashley to find the original video.

At this moment, Valentin came back from the company.

He wore a white shirt, which outlined his perfect figure.

Valentin loosened his tie and went up to Ashley..

Ashley sat on the sofa and looked up at him with bright eyes. "What's up?"

Valentin looked at her and stretched out her right hand. There was a black USB flash disk in his palm.

Ashley blinked. "What's it?"

Valentin's voice was low. "The original video."

Ashley was a bit surprised.

But she didn't need his help.

Valentin put the USB flash disk into her soft palm, and his voice was magnetic. "Just let me help you once, okay?"

Ashley didn't know what to say for a while.

She pressed her rosy lips, glanced at him in a histrionic manner, and took the USB flash disk.

Then, she took a laptop and inserted the disk.

She clicked to play the original video.

It was the surveillance footage in the living room that recorded what had happened that day.

In the video, Evan took an ashtray and wanted to hit Ashley on the head, but he missed and almost hit Bertha. To protect Bertha,

Ashley reached out and pushed her away in a hurry.

The truth was in the video.

Ashley smiled. With this original video, Frankie couldn't confuse right and wrong.

But Ashley was not in a hurry to disclose the truth. She watched the news online and probably figured out the situation..

In this short time, Bertha had already accepted an interview.

In the interview video, Bertha wiped her tears away and said sadly, "After taking Ashley back to the Ramos family, I always tried

to make up for her lack of family affection in the past, but I didn't expect that she would...

"Maybe it was because I didn't do well enough that Ashley felt resentful and pushed me down....

"Jessica is not my biological daughter, but I watched her grow up and knew her personality very well.

"She may have done something wrong to Ashley, but she has always been very sensible and respectful to me. She is even more

thoughtful than Ashley..."

Ashley watched Bertha's interview video. She lowered her head quietly and hugged her knees.

She closed her eyes, and her long eyelashes couldn't help trembling slightly.

It turned out that not only Frankie wanted to frame Ashley, but her biological mother, Bertha, was also involved.

Bertha lied openly and put the blame on Ashley.

She even led the public to abuse her online and insult her.

She belittled Ashley and elevated Jessica.

Ashley had told herself many times that she would not have any more expectations for the Ramos family.

However, she still couldn't help but feel a severe pain in her heart.

Ashley thought Bertha gave birth to her and was different from the others in the Ramos family....

She thought even if Bertha hated her, she wouldn't be so cruel to her.

But Ashley was wrong.

Nothing was different...

Ashley clenched the USB flash disk in her palm, and she thought, 'Well, I'll break up with the Ramos family totally!'
