

## Devil World 371

### Chapter 371 – Dong Ling

Ning Yuxin on the other hand, remained pale, as she stood there ashened, not saying anything. She was originally unwilling to serve Yue Zhong, and was sent here under Wei Ningguo's orders. Although she had learnt some Taekwondo in the past, in the face of guns and knives and experts, it was practically useless.

Yue Zhong glanced at Ning Yuxin and Su Xueling and understood their mindset, as he smiled at Su Xueling and said: "Then you can stay!"

Yue Zhong then looked at Ning Yuxin and said: "As for you, Ning Yuxin. Don't worry, after you leave the villa, I will get Wei Ningguo to assign you a job. As long as you work hard, you'll be able to forge a life for yourself with your own efforts."

Ning Yuxin bit her lips, and remained silent. Although she was unwilling to serve Yue Zhong, she knew that the outside world was much harsher, and the jobs outside were more menial. Without any actual skill set, she would find it hard to work to keep herself alive.

Right at this time, Ning Ruozi jumped down from her seat and pounced into Yue Zhong's arms as she revealed a pleading face, her big eyes looking at Yue Zhong: "Big Brother!! Big Brother!! Don't chase my sister away! Please don't chase her away! Ruozi will listen to Brother's words! Regardless of what you want me to do I will do. Please don't chase Sister away! In this world, other than Big Brother, I only have Sister as family! Ruozi will treat Big Brother well, just don't chase Sister away!"

"No!! I can't leave here! If I leave! Who will protect Ruozi?"

Ning Yuxin saw Ning Ruozi pleading Yue Zhong profusely in his arms, and her heart trembled, as she walked up and lowered her head and pride, as her eyes turned red. She pleaded with gritted teeth: "Master! I'm willing to serve you!! Please let me stay!!"

Yue Zhong eyed the cute and loveable Ning Ruozi, as he pinched her cheeks, and the sensation of her skin felt extremely good in his fingers. He then eyed Ning Yuxin and said indifferently: "Sure, you can stay!"

Ning Ruozi then smiled sweetly at Yue Zhong, before pouncing into his arms, and pointed at a cake and smiled coyly at Yue Zhong: "I want that!!"

"Ok!!" Yue Zhong then brought the dessert over.

Ning Ruozi opened her mouth, putting on an expression of 'feed me'.

Yue Zhong could not resist that adorable girl, and cut a piece of cake and fed her.

"Delicious!!" Ning Ruozi ate the cake and revealed an expression of bliss.

"So refreshing!" Yue Zhong was also blown away by her cute antics, and he fed her like a mother hen, cutting pieces and delivered them into her mouth. He watched her cute expressions, and felt the fatigue and stress from the constant battles and warfare wash away.

“Little vixen!!” Ming Jiajia watched Yue Zhong feed Ning Ruozhi, and her eyes were filled with jealousy. She wanted to be spoiled like that by Yue Zhong as well.

“Lolicon!!”

“Seems like the leader likes lolis!”

“.....”

The females present saw the scene, and their eyes flashed with a strange glint.

After dinner, Yue Zhong and the rest went to a sofa and sat down.

Yue Zhong pondered for awhile before asking Su Xueling: “Xueling! Both you and Bei Mingyang came from Nanning. What’s the situation there now? Do you know?”

Yue Zhong’s home was in Nanning. It had almost been a year since the apocalypse first set in, and he did not know if his family members were still alive or not. He was a little afraid of knowing what had happened there, but at the same time, he was desperate for some information.

Su Xueling hesitated awhile before replying with a slightly difficult expression: “Bei Mingyang and I had escaped from Nanning and had not had any communications with anyone there since. Unfortunately we’re not sure about the ongoings there as well. I’m sorry Master!”

“It’s ok!” Yue Zhong’s eyes flashed with disappointment, and softly sighed. Jingxi City and Tianxin District had fallen into his hands, and regardless of any enemies now, he possessed some form of power. Yet, all he wanted to know was the current plight of his parents.

“I know!!” Right at this time, Ning Yuxin suddenly spoke out, as she gazed at Yue Zhong: “I know about the survivors at Nanning.”

Yue Zhong’s eyes brightened in anxiety: “Oh!! Say it quickly!!”

Ning Yuxin gathered her thoughts, before saying solemnly: “I heard that after the world changed, a large number of the survivors in Nanning escaped towards Guilin City. The government of Nanning and the nearby army in Guilin gathered and captured Guilin, and has established a rather large survivor base camp there.”

“If it’s like that, I have hope!!” Yue Zhong immediately stood up excitedly when he heard the news, and started to pace about. He had an expression of worry, as he muttered to himself: “I still have hope! No! It’s already been a year!!”

Ming Jiajia looked at Yue Zhong who had become agitated, and a look of shock appeared in her eyes. She had never seen Yue Zhong so lost before, even when facing Wuyan Hong, he had never shown fear or apprehension. Everytime he did something, he was swift and resolute.

Yue Zhong stopped pacing, as he called a maid over: “Is the hot water in the pool ready?”

The nearest pretty maid smiled gently and replied: “It’s already prepared Master!”

Zheng Yaqin, as Head Maid, expected the maids to always present a smile to their master. If they could not do it, they would be punished, even dismissed from their position.

Yue Zhong nodded slightly, then walked towards the bathhouse.

In this villa, there was a huge luxurious bath of about 30 sqm built, and the moment Yue Zhong entered the pool, he saw 2 beauties kneeling by the pool in maid attire.

The 2 ladies smiled at Yue Zhong and asked: "Master, would you like us to serve and bathe you?"

Yue Zhong waved: "You are all dismissed! I would like to be alone today!"

The 2 pretty maids thus dismissed themselves.

Yue Zhong took one step into the hot water, and submerged himself in it, as his blood started to heat up.

"Maybe they're still alive! I want to go to them!! I must go to them!" The heat churned within Yue Zhong's body, as he contemplated and was anxious to find his parents. He had left home for more than a year already, and in this new apocalyptic world, a year's worth of time could be the difference between life and death, and he truly wanted to leave for Guilin City now, but was afraid that he might receive the news of their passing when he reached there. This sort of suspense was causing him turmoil, precisely because he held his parents in high regard.

Right at this time, a fair-skinned female with chestnut hair and a towel wrapped around her explosive figure strode into the pool, bringing with her a fragrant scent as she came to Yue Zhong's side.

Yue Zhong opened his eyes, as he saw the incoming girl, who was extremely beautiful, and his eyes flashed. He said a little gloomily: "Didn't I order you guys to be dismissed? Why are you disobedient?"

Under the stormy gaze of Yue Zhong, the body of the girl with chestnut hair trembled uncontrollably, as she pondered a while, before loosening the towel, as it dropped into the pool, revealing a youthful and vibrant body. She was also endowed with a pair of incredibly fair and full breasts.

The girl hugged Yue Zhong, as she spoke in a slightly shaky voice: "Master! I can feel your anxiety. Please use my body to release your tension!!"

When the girl entered Yue Zhong's embrace, he could smell a mix of body shower and her own fragrance, and he could feel her soft and delicate body with his own.

Something stirred in his loins, and coupled with the troubled mood that he was in, he immediately pushed the voluptuous girl to the side of the pool, and penetrated her in one swift motion.

"Oh!!" The girl let out a moan of agony, and at the place where the two of them joined together, blood could be seen dripping into the pool.

Yue Zhong seemed to turn into a beast, and was turned on by the atmosphere, as he thrustured furiously, grabbing onto the lamb-like girl, and pumped her with all his might.

The chestnut hair beauty kept hugging Yue Zhong, accepting his violence and restlessness with a soft embrace.

After they had finished, the girl collapsed in his arms, as though she was broken, and she gasped for breath.

Yue Zhong hugged the girl, his heart free of the tension he had felt earlier, as he asked her gently: "What's your name? Why did you do that?"

"I'm called Dong Ling! Wang Dajun killed my entire family. I had sworn then, whoever killed him, I would dedicate my entire life to him. Master, you had killed Wang Dajun, and I, Dong Ling, am willing to serve as your slave for my whole life." Dong Ling's hands were wrapped around Yue Zhong, as she gazed into his eyes with extreme tenderness, and began kissing him deeply on the lips.

"Wang Dajun?" Yue Zhong thought back to the report on the person. Wang Dajun was truly a person of evil deeds, and when Yue Zhong had assaulted Tianxin District, he had executed the various leaders who had retaliated, he didn't expect that his actions had actually gained him the gratitude and heart of a beauty. \*

Right at this time, the beautiful loli Ning Ruozi also hopped into the pool wrapped in a towel as she grabbed onto Yue Zhong's arms and flirted: "Big Brother!! I want it too! You must kiss me too!"

On another side, Ming Jiajia was apparently not willing to step back, as she grabbed onto Yue Zhong's other hand, and looked at him silently and pitifully.\*\*

=====

南宁: Nanning, a city in southern China near the Vietnam border, is capital of the Guangxi region

贵宁市: Guilin is a city in southern China known for its dramatic landscape of limestone karst

\*Main character: pick up a coin on the road, turns out to be the only coin to a princess' heart.

\*\*This scene's definitely F-ing familiar\*\*

Chapter 372 – Ning Ruozi!

On the left was the bubbly Ning Ruozi, on the right was the silent yet capable Ming Jiajia with extraordinary skills, and in his embrace, was Dong Ling with her extremely hot figure. Yue Zhong was literally enveloped in bliss and the fragrance of the feminine scents. It was almost heaven for him.

"Be good!!" Yue Zhong ruffled both Ning Ruozi and Ming Jiajia on their little heads, and coaxed them.

Ning Ruozi broke into an angelic smile and said: "Hehe, I was praised by Big Brother!"

On the other side, Ming Jiajia was slightly upset that Yue Zhong still treated her like a kid, yet she continued to hug his hand tightly.

Right at this time, Su Xueling and Ning Yuxin also entered the pool with white bath towels wrapped around them.

"Ruozi! Come over here!" Ning Yuxin saw how close Ning Ruozi was sticking to Yue Zhong, and she turned sullen, pulling Ning Ruozi from Yue Zhong's side. She knew her younger sister was extremely adorable, and was worried that Yue Zhong would covet her.

Ning Ruozi put up some resistance against Ning Yuxin and struggled: "No!! Sister, I want to hear Big Brother and his stories!! Sister! Let go of me!!"

Ning Yuxin's face turned wooden, as she mustered her big-sister voice and said sternly: "Ruozi, be obedient! Otherwise I will get angry!"

Ning Ruozi scrunched up her face, and said in a long voice: "Yeeeeeeeeess~~!"

Su Xueling sat by the pool, and looked at Dong Ling in Yue Zhong's embrace, her eyes flashing with a complicated gaze. She was a little jealous of Dong Ling gaining Yue Zhong's affection, yet at the same time, a small part of her heaved a sigh of relief.

Ming Jiajia who was still on Yue Zhong's right side suddenly asked: "Master, do you want to go to Guilin City?"

Ming Jiajia had followed Yue Zhong all the way from Vietnam to China, as they slaughtered their way through, and it was the first time she saw Yue Zhong so unsettled. Her strong perception allowed her to guess that there must be people important to Yue Zhong at Guilin City.

Yue Zhong was silent for a while, before replying slowly: "En! I must definitely make a trip there in the near future!"

If Yue Zhong was still at Long Hai City, there were over a million zombies blocking the way, coupled with the fact that there were various Mutant Beasts around, and he still did not know the way to Guilin City. Even if he had wanted to head back, it was next to impossible. However, with him being at Guangxi now, the location wasn't too far off. He was decided on heading back, and if he could, he would try to fly there.

Ming Jiajia hugged Yue Zhong's hand tightly, and she looked at Yue Zhong with those huge eyes and said: "I shall go with you!"

"En!" Yue Zhong tousled Ming Jiajia's hair again as he smiled.

Ming Jiajia had already undergone tough training, and her body constitution was considered above the elite forces of before the apocalypse. She could operate various weapons as well, and could summon the Shadow Wolves. Wherever Yue Zhong went, he liked to take Ming Jiajia along, because her skills complemented him and covered his weaknesses.

Yue Zhong's close-combat skills, survival abilities and destructive power were all tyrannical, however, in terms of scouting the enemy, he could not contend with Ming Jiajia and her Shadow Wolves.

When they had entered Tianxin District, without the help of Ming Jiajia, Yue Zhong had no way of quickly flushing out the soldiers that were hiding. That was to say, Ming Jiajia played the role of a biological radar, and could pinpoint the locations to Yue Zhong, allowing him to execute his abilities perfectly.

Ning Ruozi came back and hugged Yue Zhong, with her crystal clear eyes staring at him as she put: "Brother!! Brother!! Bring Ruozi along as well!! Ruozi wants to follow Big Brother!!"

Yue Zhong looked at the adorable Ning Ruozi, and immediately turned her down: "No way!! You don't have any special abilities. Bringing you would be too dangerous!"

Ning Ruozi looked at Yue Zhong with tearful eyes as she pleaded: "Big Brother!! Ruozi heard that Big Brother have methods to turn people into Evolvers. If Big Brother do that to Ruozi, won't it be safe for Ruozi to tag along?"

Hearing those words from Ning Ruozi, other than Ming Jiajia, the gazes from the other girls immediately fell on Yue Zhong.

The fact that Yue Zhong had the ability to help a person become an Evolver, almost everyone from Jingxi City and Tianxin District knew about it. Yue Zhong did not stop the news from spreading, because with this knowledge, his subordinates would work harder and be loyal, so they could stand a chance to become an Evolver with great power.

Yue Zhong ruffled Ning Ruozi's head and said mildly: "It's true, I do have a treasure that does that. However, it's too precious, and I can't give it to you now."

The juice from the Snake Birth Fruit was too valuable, every single vial could result in an Evolver. Yue Zhong would only bestow it upon those who were loyal and willing to die for him. Initially, he had no choice but to turn Ming Jiajia into an Evolver as the situation called for it due to the lack of trusted personnel.

Ning Ruozi crunched up her face, and pouted as she ran from Yue Zhong's side: "Ruozi's angry!! Big Brother is a bad person! Ruozi will ignore you!!"

Yue Zhong watched Ning Ruozi, as he chuckled and did not say much. He continued to soak himself for a while, before carrying Dong Ling and leaving.

Su Xueling also stood up not long after, and headed outside.

The moment Su Xueling left, Ning Yuxin's face turned wooden, as she lectured Ning Ruozi: "Ruozi! What's with you today? If you continue to be like that, what if he is overcome by lust?"

The cute smile on Ning Ruozi's face vanished, as she revealed a look of indifference and maturity that did not fit her age, using that child-like voice of hers to reply: "Sister! We're already in his hands, if he wants to do so, we can do nothing. Life here is pretty good! If it was outside, if we fell into some other perverts' hands, then it would truly be a fate worse than death."

Ning Ruozi thought back to a scene where she saw a few men crowding around a pot with kids inside, and she shuddered involuntarily, which had nothing to do with the cold. She gritted her teeth as a resolute look flashed across her face, saying: "If we want to live on in this apocalyptic world, then we need strength. I will definitely control Yue Zhong, and have him under my heel. That way, us sisters will get to live safely and securely."

Ning Yuxin retorted in anger: "What if he violates you? Men are biologically wired to be unable to control themselves!! You're playing with fire!!"

Ning Ruozi replied indifferently: "Then let him be! Ever since we came to this villa, I've already prepared myself. We weak women would be violated by others, even if it's not by him."

Ning Yuxin shuddered with rage, and slapped Ning Ruozi on her face furiously, as she felt indignant about her sister's nonchalant attitude towards their plight.

The slap landed hard on Ning Ruozi's face, causing a red palm print to appear on it.

Ning Yuxin saw the imprint on her sister's face, and her heart ached, as she hugged her tightly, and cried out: "I'm sorry! I'm sorry! It's my fault!! It's my fault!!"

Ning Ruozhi had tears in her eyes, as she hugged Ning Yuxin back and consoled her: "You were not wrong! I didn't know my limits. Rest assured sister, Ruozhi will definitely protect you! You're after all the only family I've got left. Set your mind at ease sister, Ruozhi is the cutest loli on earth, Yue Zhong being a lolicon, would not be able to resist my charms."

Ning Yuxin hugged Ning Ruozhi tightly: "No! Ruozhi! It should be me protecting you! Don't worry, I won't let any harm come to you!"

"Let me protect you!! Whatever the cost, I, as your sister, will protect you!" Ning Yuxin hugged her only family tightly, as a resolute look flashed in her eyes.

Ning Ruozhi kept silent, and the 2 beauties hugged quietly for awhile, as warm feelings surged between the 2.

"Oh right! Ruozhi, just now you called Yue Zhong Big Brother, wasn't that too mushy!"

"Eh~! That's not true! Guys like that oh! Sister!"

Ning Yuxin was puzzled: "En? Is that true?"

"You have been too caught up with studying, that's why you haven't been in love, what a bummer!!"

Ning Yuxin grabbed Ning Ruozhi's cheeks and squeezed: "Little brat, you're too mature!!"

Ning Ruozhi let out a hamster-like squeak: "No Sister!! Ruozhi's undefeatable face would be damaged!!"

"Where did you learn this type of nonsense?"

"Of course through manhwas~! Once we go back, I'll introduce you to 2 of the romance type! That way you can also understand men better! Hehe!!"

Without Yue Zhong around, Ning Ruozhi did not put on any pretense of her earlier cuteness, instead she was truly wearing a smile. She who had gone through so much, knew that being able to survive with your family in this world, was the greatest joy.

Early the next morning, Yue Zhong was still in slumber, when a cute female's voice resounded in his ear.

"Bro....ther! It's time....to wake up, Brother!! If you're still not up, I'm going to....take away the blanket!!"

The female voice that sounded in his ear was trembling and felt forced. Yue Zhong opened his eyes slowly, and saw Ning Yuxin dressed in white socks, white shirts and a white mini skirt, her face flushed red, as she stood there.

"Seems like....it seems like, if I don't...do this...it won't work!! Bro...ther, you pervert!" Ning Yuxin saw that Yue Zhong had opened his eyes, and forced down her sense of shame and fought against the urge to run, as she lowered her head to kiss him on the lips.\*

Chapter 373 – Move Out!

After a light kiss, Ning Yuxin was like a terrified little doe, her face flushed extremely red, as she looked at Yue Zhong whose eyes were wide open in shock, as she stammered out in embarrassment: "Like this....you should be satisfied!! Bro....ther! Time to get up!"

Yue Zhong stared at the once-cold Ning Yuxin who had just exhibited the characteristics of a 2D persona from manhwas, and did not look away. Her entire uncomfortable demeanor and the unease of her earlier actions, gave her an interesting sense of charm.

"If you still...don't get up...you're going....to...be late! Bro.....ther!" Ning Yuxin was feeling increasingly shy as she was stared at by Yue Zhong, stammering her words out with difficulty.

"Hahahaha!!!!" Ning Ruozi had just entered Yue Zhong's chambers, and saw her sister's embarrassed and awkward behaviour, and could not help but hug her belly and roared out in laughter!!

"This is bad!!!!" Ning Yuxin was laughed at by her sister, and feeling faint, she dashed out of the room, and escaped!

Ning Ruozi watched her sister run away, as she put on her angelic smile and jumped beside Yue Zhong, pecking him lightly on the cheeks, and said: "Good morning, Big Brother!"

Yue Zhong ruffled Ning Ruozi's head and replied: "Morning! Go out first! I'm going to change!"

Ning Ruozi's bright eyes sparkled, as she laughed sweetly: "I don't mind! You can change in front of me, it's ok~!"

Yue Zhong flicked her forehead: "It's not ok with me!"

"Che!" Ning Ruozi hugged her head, as she glared at Yue Zhong adorably, before bolting out the room as well.

"Brother! This time, if you're heading to Guilin City, please bring me along!" At the dining table, Ning Yuxin brought the matter up.

Ning Yuxin was an intelligent girl, and knew that there were no prior form of interaction between her and Yue Zhong. Only through constant interaction and the experience of situations together would their relationship improve. Now, she could only make use of her looks and coyness to earn his adoration, but not become an important person to him!

Ming Jiajia was the perfect example who had went through thick and thin with Yue Zhong, and had naturally become someone important to him.

Yue Zhong gazed at Ning Yuxin and asked slowly: "This time, the trip to Guilin City will be fraught with unknown dangers! In fact, there might be constant trouble along the way! I can't guarantee your safety! Are you certain you want to go with me?"

Ning Yuxin looked at Yue Zhong with a resolute gaze and replied: "Yes! I want to go to Guilin City with you! I know English, Vietnamese, Thai, Malay and Japanese. I'm also trained in Karate and Taekwondo, small-time thugs aren't my match. I'm capable of protecting myself!"

Ning Yuxin had been the daughter of a chairman of a multinational corporation, and their main clientele were Southeast Asian countries. Ning Yuxin had been groomed to take over the company, and hence, she had picked up 4 different languages, and learnt different forms of self-defence, and could be considered as an elite member of society.

Yue Zhong took a long glance at Ning Yuxin for a while, before saying: "Fine!! I'll bring you along!"

Ning Yuxin heaved a sigh of relief: “Thanks Brother!”

Ning Ruozhi also hugged Yue Zhong’s arm as she tried to ask him coyly: “Big Brother!! I want to go too!! Bring me along, will you?”

Yue Zhong looked at Ning Ruozhi and his expression turned wooden: “No! You can’t go! No matter how much you try to beg! Continue this and I’ll spank your bottom!”

Ning Ruozhi was still a delicate girl after all, and could be frozen to death if not careful. Yue Zhong was naturally not willing to bring her out.

Unless it was Yaoyao, or Ming Jiajia, who were Evolvers, Yue Zhong would not allow the other younger girls to endanger themselves!

Ning Ruozhi scrunched her face again, as she pouted and retorted: “Petty miser! I shall not care about you!”

Su Xueling seemed like she wanted to speak, but she hesitated, and in the end, keeping silent. She was good-looking, but had never taken on any form of self defence lessons, and if she followed along, she would just be a burden. When she thought about the journey that was sure to span over a few hundred li, she could not say anything.

In this world, a few hundred li were still considered long, and there were bound to be Mutant Beasts along the way, as well as hordes of zombies. If they were to encounter any behemoths, their vehicle troops might be even wiped out.

In an office of Long Hai City.

Chi Yang was currently facing the officials that were seated around and said: “There’s news of Yue Zhong!! It came from Guangxi! Yue Zhong’s still alive!!”

“Leader Yue’s still alive! That’s great!”

“As expected!! Leader Yue is still alive! I knew he couldn’t be dead!”

“.....”

The entire meeting hall erupted in joyous cheers, as the dampened mood and low spirits from Yue Zhong’s disappearance washed away. There were a few ambitious characters who also quelled the schemes in their hearts when they heard the news.

Lu Wen couldn’t help but ask: “Where’s Yue Zhong right now?”

Guo Yu who was sitting beside Lu Wen also turned her gaze towards Chi Yang waiting for his answer.

Chi Yang continued without missing a beat: “Yue Zhong is currently at Tianxin District near the borders of China and Vietnam. He had already conquered it, and established a camp of more than 60,000 survivors!”

“Holy shit!! He really is our Leader Yue!! Too awesome!!” Da Gouzi sighed in awe.

“Yea!! He’s really the best!” Chen Yan had a look of excitement as he said.

“.....”

The various officials in Long Hai City sighed.

In the city base, they had the ammunitions manufacturing line up and running, and while it could not produce the ammo for the heavy weapons like cannons and tanks, they had no shortage of ammunition for the majority of their weapons. With that, after Yue Zhong had disappeared, they could only regain 2 other major cities, and the total survivors they absorbed amounted to about 4,000 people. Compared to Yue Zhong's progress, it was indeed a little miserable.

In truth, it had to do with the leadership style as well. Yue Zhong liked to advance constantly and conquer. Chi Yang, on the other hand, took comfort in stability and wasn't aggressive.

While Chi Yang held the reins of Long Hai City, he wasn't the true leader, and thus, whenever he wanted things to be done, there were minor obstructions along the way, hence, slowing the rate of progress. However, he was extremely sturdy and although Yue Zhong had been gone for some time, there were no major problems as a result of his leadership, and he didn't give the more ambitious characters any opportunity to pounce on.

Chi Yang eyed the people in front of him and commanded: "I shall announce, from now on, our next target will be regaining SY City! After the weather turns warmer, we shall immediately set for the Southwest direction, and clear a route between Yue Zhong and us! Everyone will have to work towards this single objective!"

"Yes!" The entire top brass were unison this time round, as they answered with vigor. It was a matter that had weighed heavily on them, and now, with him back, they were revitalized.

After the meeting was concluded, Chi Yang went to a window looking towards the southwest direction and gazed out silently. In the direction, there were his parents, as well as his unforgettable first love. However, he could only stay here and not look for them.

"Yue Zhong! I'm leaving them to you!" Chi Yan looked out at the harsh cold winds as he thought to himself silently.

The snowstorm in Tianxin District lasted an entire 2 weeks before coming to a stop, and warm sunlight finally broke through the clouds.

The moment the skies cleared, a vehicle fleet comprising of 6 jeeps, 4 resources trucks, an IFV, and 2 trucks full of nothing but fuel left Tianxin District, making their way towards the horizon.

On the journey this time, Yue Zhong brought Ming Jiajia, Zheng Minghe, Ning Yuxin, Luo Chifeng, Bai Xiaosheng and a few other experts. Wu Yin, Wei Ningguo and a few other capable generals of his were stationed at Tianxin District and Jingxi City to continue the fortifying of the bases and training of the troops.

Yue Zhong had brought only a handful of people with him, totaling 37. Even if these 37 died, it wouldn't impact Tianxin District or Jingxi City in any way.

Under the conditions where the weather was unpredictable, bringing a large number of troops was tantamount to suicide, as a snowstorm could easily wipe the entire troop out. A smaller team would find

it easier to survive, furthermore, everyone that came with him was an expert, and their survival skills in the wild were naturally higher.

Bai Xiaosheng yawned out of boredom: "So boring!! Isn't there something exciting?"

Zheng Minghe glared at Bai Xiaosheng coldly: "Platoon Commander Bai! Keep quiet. We are recon soldiers! Loud noises will reveal our positions!"

Zheng Minghe did not view Bai Xiaosheng favourably. When Yue Zhong had launched the assault on Tianxin District, Bai Xiaosheng was Bei Mingyang's trump card and yet, he was useless. It was because he prioritized his lust over anything else, and when Yue Zhong had come knocking, Bai Xiaosheng was still lying in bed with his women and having a good sleep.

Bai Xiaosheng laughed conceitedly, as he patted Zheng Minghe's shoulder: "Old Zheng!! Don't worry!! Even if we reveal ourselves, it'll be ok! I will be responsible for killing those poor fools who find us! Just relax!"

Zheng Minghe's face darkened: "On the field, you'd better refer to me as Captain!!"

Bai Xiaosheng laughed nonchalantly: "Alright alright! Captain!! Captain, can you not be so rigid? Once we go back to Tianxin District, I'll introduce a few ladies to you ok! Let's engage in a 6p orgy! Hahaha!!"

Zheng Minghe's face was thoroughly black by now, and he did not continue talking, as he continued observing the front.

"Old Zheng! The women I know are all guaranteed high quality! I promise that they're the best of the best! Not a single one is below 70 points!" Bai Xiaosheng was like a piece of sticky candy that stuck on him and did not stop talking.

Just as Zheng Minghe was about to explode with anger, gunshots rang out from the distance!

"Shut up!" Zheng Minghe's expression changed, as he shot forwards on his own like an arrow towards the disturbance.

Chapter 374 – Heaven Sect!

Bai Xiaosheng's eyes narrowed as well, as he jumped out of the figure, and shot forwards like an arrow. In just a space of 10 breaths, he managed to overtake Zheng Minghe and charged onto the battlefield.

Zheng Minghe was shocked in his heart as he rushed to Bai Xiaosheng's side: "So fast! No wonder he was termed as Tianxin District's number 1 expert!"

They discovered that there were currently 2 factions of people engaged in slaughter at a distance in the snow-white field. One of which were people dressed in all sorts of tattered clothing, the other dressed entirely in black, their heads wearing some strange hats.

The 1st faction with the assorted clothings were carrying various guns, while those in black were mainly wielding machetes and other weapons.

Both were fighting furiously, and the black-dressed faction were being overwhelmed, as they retreated continuously, and a few of their women and kids were abandoned, before being taken by the militants in tattered clothes.

When those gun-wielding militants caught those women and kids, they would immediately laugh out cruelly, and tie them up, before continuing their assault on the other faction dressed in black.

Zheng Minghe gave an order to Bai Xiaosheng: "Stay here and observe! I'll go notify the leader!"

"There's no need! I alone will be more than enough for this bunch of thrash!" Bai Xiaosheng eyed the militants, the sides of his mouth curving in an arc, as he revealed a malevolent smile. He waved his hands, before a pair of green daggers appeared in his hands, and with just a step, he seemed to transform into a spectre as he shot forwards.

"Asshole!!" Zheng Minghe could not help but curse when Bai Xiaosheng blatantly ignored his orders. He despised those soldiers who did not give a hoot about military command on the battlefield.

"But! He's really fast!" Zheng Minghe observed that within a few breaths of time, Bai Xiaosheng had actually already reached the midst of the group of fighting over 300m away, and his heart involuntarily trembled. Bai Xiaosheng's speed was truly fearsome.

Having suddenly appeared in the midst of the gun-wielding militants, he slashed his daggers about in a mad frenzy.

The militants found either their throats slashed, or a nick at their chest, causing their hearts to bleed, and they fell to the ground in disbelief.

30 seconds!

In just 30 seconds, from appearing within the group of militants, Bai Xiaosheng had totally wiped out 16 members of the 19-strong group, leaving 3 alive. The remaining 3 immediately quailed in fear, as they threw their weapons down, raising their hands, afraid that their lives would be taken from them at any moment.

Zheng Minghe took all this in, his eyes flashing with a strange glint, as he thought silently: "Formidable!!"

Seeing that display of speed from Bai Xiaosheng, Zheng Minghe knew he wasn't Bai Xiaosheng's match, and there has to be at least a hundred + elite soldiers to fire a cover of bullets, otherwise, ordinary soldiers would not be able to even catch up with his speed.

Bai Xiaosheng was an Agility-based Evolver, and he had reached Level 46, the moment he fully activated his speed, it would far surpass Yue Zhong's own. Based on this speed alone, he had been termed as the number 1 expert in Tianxin District.

Zheng Minghe looked at Bai Xiaosheng, and a thought passed in his mind: "Seems like Leader was worried that Wu Yin and the rest might not be able to handle this guy, that's why he brought him along!"

Zheng Minghe was truly on the mark, Yue Zhong was not ok with leaving such an expert at Tianxin District or Jingxi City when things have not yet stabilized.

If Yue Zhong was not around, and Bei Mingyang instigated Bai Xiaosheng to start a revolt, should the moment be right, their chances of success would definitely not be small. Hence, in the operation this time round, Yue Zhong had specifically brought many of the experts that used to be under Bei Mingyang.

On one hand, it was to bring them away from the 2 bases, on the other, he wanted to see if he could subdue them totally and win over their loyalty.

These experts had surrendered to Yue Zhong due to the difference in strength, but had yet to follow him wholeheartedly.

Soon after, Yue Zhong arrived with the rest of the fleet.

When Yue Zhong came to the scene, he saw the ground littered with corpses, and he frowned as he barked: "Any survivors?"

"Leader! These are the ones left alive!" Bai Xiaosheng kicked the 3 captives as he brought them in front of Yue Zhong.

When Bai Xiaosheng stood straight, his eyes could not help but roam over to Ning Yuxin and Ming Jiajia dressed in military wear beside Yue Zhong, and he blurted out: "What a pair of beauties with such heroic auras!! Leader, why don't you give me the loli? I'm willing to exchange 10 beauties for her."

"Shut up!" Yue Zhong's eyes turned cold, as he reached out for Bai Xiaosheng's neck with lightning speed.

Bai Xiaosheng was an Agility-based Evolver after all, and he was fully equipped with Agility-enhancing items. The moment Yue Zhong moved, he also reacted, his body tensed and poised, as though he was ready to launch his own counterattack.

At this moment, Yue Zhong's eyes retracted, and he activated the [Art of Fear], and the horrifying spiritual and illusionary attack blasted Bai Xiaosheng's consciousness relentlessly.

In that instant, Bai Xiaosheng was sent through years of torment, through various means like back-breaking, dismembering, being lit on fire, his heart carved out, even beheading. It caused his mental faculties to collapse.

"Illusion!!!" Although Bai Xiaosheng was frivolous, he was after all an expert that had gone through countless battles. Right before he lost his mind completely, he managed to regain a little clarity, and bit his lips viciously, causing it to bleed, and the pain shaking his head clear, pulling himself out of the illusion with great difficulty.

The moment he managed to extract himself out from the illusion, he discovered his neck was already held in the vice-like grip of Yue Zhong's right hand. While Bai Xiaosheng's body was slightly tougher than ordinary people, as long as Yue Zhong squeezed a little harder, Bai Xiaosheng's neck would be crushed.

Yue Zhong's eyes were like ice-cold daggers without a hint of warmth, as though he wanted to pierce Bai Xiaosheng's heart as he said: "I don't like that tone and the kind of jokes you're making! If there is a next time, Bai Xiaosheng, don't blame me for being harsh!"

Bai Xiaosheng felt like he was being stared at by a beast filled with killing intent, and he replied with difficulty: "Yes! I understand!"

Yue Zhong's Spirit was reaching 165 points, and with a Spirit of more than 16 times that of a normal person, activating the [Art of Fear] on Bai Xiaosheng whose Spirit was much weaker took only 1 – 2 seconds. In a battle between experts, this 1 or 2 seconds could easily determine the victor.

Yue Zhong then released his grip, as he let go of Bai Xiaosheng's neck, before patting him on the shoulder and said indifferently: "Great work nonetheless! Since you like women, as long as you have the capability, there are plenty of beauties in this world. However, I do not wish to see you impeding my plans because of your lust. If it's like that, I'd rather send you to hell myself."

Bai Xiaosheng's neck immediately broke out in cold sweat, as he replied in an extremely honest and docile manner: "I got it!"

As an Evolver, Bai Xiaosheng possessed unparalleled combat power. He was full of himself as well, and disdained normal humans. He even looked down on Bei Mingyang, that was why for the majority of the time, he was involved more with women than assisting Bei Mingyang.

Bei Mingyang needed Bai Xiaosheng's power, and hence could only tolerate his idiosyncrasies. However, he never expected that Bai Xiaosheng would be so unreliable at the moment of crisis, and caused Tianxin District to fall into someone else's hands.

At first, Bai Xiaosheng could not care less that Tianxin District had switched leaders. He believed that with his power, even if the master had changed, they would not be able to do without him, and hence, he had not the slightest ounce of respect for Yue Zhong. However, now in just a single exchange, he had discovered the true might of this new leader, and he knew that if he did not get his act together, this new leader would easily cut off his head to be treated like a soccer ball.

Zheng Minghe saw Yue Zhong settling the issue of Bai Xiaosheng in one move, and his heart was filled with shock and awe: "Leader truly is unfathomable! He's too strong!"

"Holy shit! Even Bai Xiaosheng could not last more than a move! Leader truly is too fearsome!"

"....."

Seeing the proud and obstinate Bai Xiaosheng yielding to Yue Zhong, those who had followed Yue Zhong out of Tianxin District were filled with shock. They knew Yue Zhong was strong, but to what extent, they weren't sure. Seeing the top expert of Tianxin District being defeated at Yue Zhong's hands, they had finally understood just a little of what Yue Zhong was truly capable of.

Yue Zhong then came to the 3 captives and interrogated: "Who are you people?"

"Pei!!" One of the captives looked at him with hatred, as he spat out.

With a peng, Yue Zhong fired a shot from the Stinger that he pulled out. The captive's brain was blasted apart like a watermelon, and the red and white matter splattered onto the floor, as the headless corpse slumped to the ground lifelessly.

Seeing how ruthless Yue Zhong was, Bai Xiaosheng shuddered, and celebrated that he had not pushed this death god too far, otherwise his own brains might have been already blasted.

“Who are you people?” Yue Zhong aimed at the 2nd captive, his eyes cold as he drawled.

“I’ll speak!! I’ll speak!! Don’t kill me!! I’ll tell you everything!!” The captive was frightened to the point that he wet his pants, as he cried out and begged, before answering Yue Zhong’s question: “I’m Lu Ningshui, a disciple of the Heaven Sect!! This time, we are out here on orders from Zheng Qiu, also known as Altar Lord Zheng, to capture these seedlings to be sacrificed to the Sect Leader!!”

The other captive immediately burst out and cursed Lu Ningshui: “Lu Ningshui! You traitor! You dare to betray the Sect, you will not get away with it, I curse you to all 18 levels of Hell, never to be reincarnated!!”

Yue Zhong furrowed his brows, as he glanced at the other stubborn captive, and handed a Tang Replica Sword to Lu Ningshui: “Chop his head off! You can live after that!”

“Go die!!” Lu Ningshui received the Tang Replica Sword, and struggled for awhile, before coming to a decision. Swinging the blade, he bellowed out as he sliced his comrade’s head off. He then kneeled in front of Yue Zhong and proclaimed: “Lu Ningshui is willing to work for this Master, and plead that Master accepts this lowly one.”

Yue Zhong eyed Lu Ningshui and immediately gave a command: “I’m Yue Zhong. From today onwards, you’re part of my group. Tell me everything you know about the Heaven Sect!”

“Yes! Boss Yue Zhong!!” Lu Ningshui gritted his teeth, before revealing all that he knew to Yue Zhong, and was thorough with it.

Heaven Sect was founded by an expert called Linghu Xiangru. Lu Ningshui was unclear on his background, but knew that Linghu Xiangru possessed 3 strange abilities: a buddha light on his back, invulnerability as well as incantations.

With those 3 abilities, Linghu Xiangru had taken the teachings from Christianity, Buddhism and Taoism to found his own Heaven Sect, and proclaimed himself to be the Sect Leader. He called himself the Apostle of God and was sent here to walk amongst mortals and to save them. Those who believed in him would enter the Kingdom of God and have an immortal soul after death. As for his enemies, they would be banished to the 18 Levels of Hell, and would never reincarnate.

In such a world, this sort of religious influence had a huge attraction on those who had lost their faith. The moment the Heaven Sect was formed, it attracted many followers from all over the place, and it became an existence with over 8,000 followers. The scary thing was that, out of these 8,000 followers, 3,000 of them were true fanatics, and were willing to do anything for the Sect Leader, to the point of throwing their own lives for him.

In the post-apocalyptic world, the power of faith can be a fearsome strength indeed. Especially at the start of the apocalypse, there was the voice that claimed to be God, which proved the existence of God. This led to people with reasoning to lose their sense of rationality and joined the Heaven Sect.

Of the 19 people that came to capture the people from the other faction, 13 of them were fanatics. Lu Ningshui were one of the few that maintained his clarity. Although he knew that this Heaven Sect was unorthodox, for the sake of living, he continued to put on a farce of being a follower, and did their jobs for them.

Lu Ningshui's eyes flashed with dread as he continued: "Other than the Sect Leader Linghu Xiangru who has unfathomable strength, there are 8 Great Elders, 72 Law Protectors and 108 Altar Lords. Everyone of them are high levelled Enhancers, and have great strength as well!"

Yue Zhong asked: "What kind of weapons does the Heaven Sect have? Heavy weaponry?"

Lu Ningshui pondered for awhile, then replied: "There aren't many guns in the Heaven Sect, only about 200 to 300 old rifles. As for heavy weaponry, I have not seen any! There shouldn't be any!"

Yue Zhong nodded slightly, then turned towards another middle-aged man that was brought to him as he asked: "What about you people?"

"I'm Wu Shanshi! The head of the Nine Holes Camp. These people have been under my protection. Those bastards had attacked us with no forewarning and stole our rations, as well as kidnapping the women and kids! Those bastards!!" Wu Shanshi looked at Lu Ningshui, his eyes filled with hatred as he shouted out.

Chapter 375 – Grain Tree???

"You may go!!" After Yue Zhong heard what Wu Shanshi had to say, he pondered a while, before giving the signal to his subordinates aiming at the Nine Holes people, who then put their guns down. The women and children were also released to rejoin their families.

Bai Xiaosheng walked over in a relaxed manner and asked Yue Zhong while laughing: "Leader!! How about we go and decimate the Heaven Sect? Since they have over 8,000 members, there must be at least a dozen of beauties right? The most beautiful ones will naturally belong to Leader, as for the rest that don't suit your taste, I'll gladly take them off your hands!!"

Bai Xiaosheng was naturally strong, but had zero governing abilities, and only sought to fulfill his desires. This was how Bei Mingyang had easily recruited him into his ranks, and became his top fighter. Even now that the leaders have changed, a leopard can't change its spot and he still lusted after women.

Yue Zhong replied indifferently: "No! The Heaven Sect has 8,000 members after all! If we want to eradicate them, we would need to spend a huge amount of time! We don't have that kind of time to waste. Shang Lun, adjust our route!"

The Heaven Sect was also nothing in Yue Zhong's eyes. Without any heavy weapons, Yue Zhong estimated that 5 tanks and an fully equipped infantry battalion would be enough to wipe them out.

If it wasn't for the uncertain weather, as well as the difficult progress for the troops, Yue Zhong would have deployed some people to wipe out this unorthodox sect.

Shang Lun replied: "Yes! Leader!"

The soldiers from the fleet then disembarked and gathered the weapons and resources from the corpses of the Heaven Sect members, and made preparations to leave.

When Wu Shanshi saw this, his face fell, and looked at Yue Zhong before he came before him and dropped to his knees. He started begging: "Sir!! I beg you, please save my tribesmen!! I'm kneeling and begging please!! Those animals took our people and will engage in blood sacrifice! We have lost over 30

over people to them, if you don't go and save them, they will definitely die at the hands of those bastards!"

Yue Zhong replied apathetically: "I'm very sorry! I don't have the time to spare! Since those animals have kidnapped your people, you guys should go save them yourselves!"

Yue Zhong only had the objective of rushing towards Guilin City on his mind now, and did not want to entangle with the Heaven Sect.

In this post-apocalyptic world, there were poor souls everywhere. If Yue Zhong were to help each and everyone of them seek justice, even till the day he died, he would not be able to solve every single problem. Furthermore, he had no relations with this Wu Shanshi, he wasn't willing to waste time for a stranger.

Wu Shanshi gritted his teeth, if someone of his calibre were to head to Heaven Sect, he would fall before saving anybody. Only the young man in front of him had the capability to rescue his tribesmen, but he was obviously not interested.

Wu Shanshi continued in a low voice: "Sir!! If you can bring your men to save my people, we're willing to do anything for you. We're willing to offer you a tribe treasure, the Grain Tree."

Yue Zhong's eyes narrowed, and asked directly: "Grain Tree? What's that?"

Wu Shanshi then revealed the biggest secret of the Nine Holes Camp: "Grain Tree, it is a huge tree that can produce grain! There are a few such trees in our Nine Holes Camp, each tree could produce a few hundred jin of rice. The people of our tribe have been relying on these to survive till now."

In this post-apocalyptic world, rice was indefinitely more valuable than gold. Most of the seeds of the pre-apocalyptic world had no way of germinating currently, only a handful of mutated seeds had managed to grow.

Because of this, the agriculture industry crashed entirely, and there were no new ways of farming yet. If what Wu Shanshi said was true, then the dozens of Grain Trees at the Nine Holes Camp could become the cornerstone of the farming industry. If it were really the case, the dozens of trees would be more valuable than a few thousand tonnes of rations.

Yue Zhong's gaze was piercing, as he became a little excited and asked: "Is what you said for real? If it's true! I can deploy troops to save your people! However! If you're lying, you and your tribesmen will have to pay a painful price!"

If Yue Zhong managed to obtain that Grain Tree, then he could begin mass planting of such trees, and he would solve the problem of rations.

Wu Shanshi nodded profusely and swore: "It definitely is the truth! Should there be the slightest lie in my words, you can shoot me dead!!"

Yue Zhong eyed Wu Shanshi and the corners of his mouth lifted: "Fine! Go bring Lu Ningshui over!"

Mahogany Town was a small rural town, and within the town, other than a shopping mall, there no other tall buildings.

In a room within Mahogany Town, there was a man dressed in a few layers of clothes, while his face was flushed red from the cold, and he was carrying a huge axe on his back. He cursed out: "Making me work in this damned weather! Fucking troublesome!!"

Another young man who was dressed similarly and had decent features replied: "Zhao Lin! Suffering is a blessing! Since we can slog for the Heaven Sect, when we get to the Kingdom of God, we get to enjoy 3 times the blessings! This was promised by the Altar Lord Zheng after all! You must cherish it!"

"Yes! Yes! I got it!!" Zhao Lin agreed on the surface, but innately, he was cursing: "This idiot! Still calls himself a university student! Must have damaged his brains through his studies, to be brainwashed so completely. What a fool!"

Zhao Lin then turned to another guy lying in bed, wrapped in blankets, as he asked: "Old Wang!! Didn't Li Sheng, Zhou Xu and the rest catch a bunch of pigs\*? Amongst the group of them, there're some good looking ones! Wanna go and play with them?" \*(referring to the captives)

Old Wang shook his head: "The good-looking chicks are to be offered to the Altar Lords, Law Protectors, Great Elders and the Sect Leader! If we were to fool around, we might get banished to Hell."

Zhao Lin urged: "I know! But other than those extremely pretty ones, the rest should be fine! Let's go find a few young ones to have fun with, even if the upper guys know, they won't say much."

Old Wang was tempted when he heard this, in such cold weather, hugging a young woman's body to warm oneself was a sort of bliss, and while he didn't dare touch those picked out by the top, the rest were in fact no problem.

The young man frowned, and barked out sternly: "What're you guys thinking of? Those are pigs, demons!! If you were to yoke with them, you will be tainted. In the end, you'll go to Hell!!"

Zhao Lin and Old Wang exchanged a glance, and both felt that the fanatic in front of them was beyond hope.

"Zhao Lin! Open the door!!" At this time, a voice resounded from the entrance of the town.

Zhao Lin looked out the window, and saw Lu Ningshui bringing a bunch of people to the entrance of the town.

"Hot damn! Such quality goods!!" Zhao Lin saw Ning Yuxin standing beside Lu Ningshui and was instantly captivated. He had only seen beautiful women like this twice!

Zhao Lin hurried to let the group in, and stared hungrily at Ning Yuxin while saying: "Old Lu! How did you get such top quality goods! You have struck it rich this time. If you offer her to the Sect Leader, he would probably be so happy and confer you the title of an Altar Lord!"

The fanatic Xu Heng came over, speaking in a righteous manner: "Zhao Lin, don't smear the Sect Leader! My Heaven Sect is upright and moral, and test one's faith and contributions! We don't operate on desires and lust!! If you continue to smear the Sect Leader, take care that I will go report this to Altar Lord Zheng!"

After lecturing Zhao Lin, he looked towards Lu Ningshui who had come back alone with Yue Zhong, Bai Xiaosheng, Shang Lun, Ming Jiajia and Ning Yuxin in tow, and could not help but ask a question out of suspicion. "Lu Ningshui! How come it's only you! Where's Zhang Yu and the rest? Who're these guys?"

Lu Ningshui's face turned stony and scolded back: "Xu Heng! Who do the hell do you think you are! On what grounds are you questioning this daddy! When I fought the war in the south and battled in the north, you were still not part of Heaven Sect yet! I'm a high-ranking disciple, while you're just a apprentice-level disciple! Your offence this time, do you want to be banished to Hell?"

Xu Heng bit his lip and lowered his head to apologize: "I'm sorry!"

Lu Ningshui coughed, before resuming a proud look: "I was separated from Zhang Yu and the rest. I caught these pigs when I was wandering! Bring me to Li Sheng and the rest!"

"Yes!" Xu Heng replied, and brought them towards the centre of the town.

Along the way, Ming Jiajia grabbed Yue Zhong's hands, revealing the locations of the various soldiers hidden within the town.

Yue Zhong had already obtained intelligence from Lu Ningshui, and this town was just a sentry outpost. It had over 300 disciples, and most of the members would use it as a base before heading out in all directions to attack, and bring the captives there. There were a few scattered tribes around this area, and the disciples would specially head out to catch these tribes.

Along the way, with Ming Jiajia's directions, Yue Zhong had already grasped the positions of the various sentries, the moment he lashed out, he was confident of taking them out.

With Xu Heng's guidance, Yue Zhong and the rest came to a French-styled villa.

In the great hall of the villa, there were 24 males lounging about, every single one of them with a ferocious air. They had various weapons by their sides, including loaded rifles, Tang Replica Swords and various other weapons strewn about. To an unobservant person, these men all appeared to be relaxed and lazy, The key point though, was that they were all right within arms reach.

#### Chapter 376 – Arrival Of The Grand Elder

The 24 men were currently either playing poker, or smoking cigarettes, or drinking. Everyone of them were relaxing in their own way. At a corner, 4 of them were pressed on top of 6 women, engaging in an orgy. The entire villa looked foul.

These 24 disciples were considered high-ranking disciples, everyone of them having fought many battles for Heaven Sect.

One of them, who sported an ugly beard, dishevelled hair, and golden teeth looked at Lu Ningshui, and chuckled leeringly: "Lu Ningshui, your luck's not bad! You actually gotten your hands on such amazing chicks! When you strike it big, don't forget us brothers!"

One of the males glanced at Ning Yuxin and Ming Jiajia, as a steely gleam flashed in his eyes: "Not bad!! An adult and a kid, both top-notch! This time, Sect Leader is bound to reward you!!"

Another disciple looked at Yue Zhong and the rest beside Lu Ningshui, and frowned before scolding: “Lu Ningshui! How can you not know the rules! Forget about the women! Why didn’t you bring those 3 pigs to the holding pen, instead coming here?”

Yue Zhong looked around at the 24 high-ranking disciples, and ordered out coldly: “Leave 5 alive, kill the rest!”

Upon receiving Yue Zhong’s orders, Shang Lun immediately grabbed the throat of the fanatic Xu Heng in a vice-grip, and crushed down viciously, destroying his throat.

Bai Xiaosheng’s eyes flashed icily, and pulled out a Dark Magic Blade as he shot forwards into the crowd, waving his blade flashily, and 5 people were instantly beheaded. In just a second, he had taken care of 5 high-ranking disciples.

Ming Jiajia had also activated her ability at the first instant, and 5 Shadow Wolves leapt from the shadows of 5 other guys, biting them on the neck and killing them instantly.

Shang Lun shot forwards like an arrow, breaking into the crowd. He was extremely knowledgeable about the human anatomy, and chopped down accurately and precisely at specific spots of the disciples, like the back of the brain or neck, causing them to faint instantly.

Bai Xiaosheng on the other hand, was a killing demon. He laughed maniacally, as he slaughtered the disciples in a frenzy. Those poor sods didn’t even have the time to pick up any weapons before they were totally annihilated.

Barely 5 seconds had passed and within the huge hall of the villa, only Yue Zhong’s team as well as the captives required by Yue Zhong remained. The 6 women who were being ravaged were left alive as well.

After wiping out all the disciples, Bai Xiaosheng looked at the 6 ladies and chuckled coldly: “Ladies! Don’t scream! Otherwise, no matter how much I love women, I’d have no choice but to lop your heads off!”

Hearing the threats from Bai Xiaosheng, the 6 women all nodded in fright, as they covered their own mouths, not daring to make a sound.

“It’s too scary!!” Ning Yuxin took a look at the hall that was now dyed red with blood and littered with body parts, as she turned pale, and almost vomited. Although she had witnessed her fair share of executions, none came close to the sheer brutality and scale of the scene before her. The bloody place caused her to be revolted.

Yue Zhong glanced at Ning Yuxin and muttered: “This is the reality of the world outside! The victors are kings and the losers are bandits! Since you have left the comfort of that place, you’d do well to accept the cruelty of the situation!”

Most ordinary girls were after all good at heart, and were generally weaker than men, and hence weren’t suitable for battles on the forefront..

That was not to say that all women were like that, as within Yue Zhong’s army, there were numerous female soldiers, and they were the survivors he rescued from the hands of the Vietnamese. Those female soldiers had undergone all sorts of torment and were filled with hatred. They were not any

weaker than the men during training, and when they fought, they had a ferocity like that of wild tigers. They could be considered a powerful weapon of Yue Zhong.

Ning Yuxin's face was still pale as she took a look at Ming Jiajia who was calm and collected, as she said with resolution: "I know!! I will definitely brave this!!"

Lu Ningshui looked at the carnage that had just occurred in a matter of 5 seconds, and his heart turned cold: "Too overbearing..." Yue Zhong then ordered Bai Xiaosheng: "Bai Xiaosheng. Go kill the rest of the enemies within this villa!"

In the villa with its inconsistent interior, the varied terrain was extremely beneficial to Bai Xiaosheng with his insane speed. He could unleash it to a frightening degree, and slaughter his enemies easily.

Bai Xiaosheng charged further in as he shouted back: "Yes Leader! Remember to gift me with a few more beauties later on!!"

Yue Zhong stared at one of the captives that been awakened by dumping cold water: "Where are you keeping the survivors you've caught?"

The captive spat out obstinately: "Fuck your mother!"

Yue Zhong glanced at Lu Ningshui and coldly commanded: "Chop his head off!"

Lu Ningshui did not hesitate one bit as he swung his Tang Replica Sword at the neck of his ex-comrade, directly decapitating him. Fresh blood spurt towards the skies, as the lifeless head rolled over to another disciple.

Seeing his comrade's head, the disciple immediately trembled, as he retreated, his eyes filled with intense fear.

The other 3 disciples also could not help but tremble.

Yue Zhong then chose another disciple and asked simply: "Where are you keeping the survivors you've caught?"

The disciple trembled as he retorted stubbornly: "You devil, you'll definitely go to hell...."

Yue Zhong could not be bothered to hear the rest as he waved his hands, and Lu Ningshui proceeded to cut off that disciple's head as well. Fresh blood splattered everywhere.

Yue Zhong moved on to the 3rd captive: "Where. Are. You. Keeping. The. Survivors?"

"I'll say!! I'll say it!! They're kept in the basement under this villa!!!" The captive immediately broke down as he cried out while revealing the location.

Yue Zhong threw a Tang Replica Sword to him as he coldly barked: "Consider yourself smart! Go kill the other 2! I'll let you leave!"

The captive looked at the Tang Replica Sword as he struggled internally for some time, before swinging it at his fellow disciple, and chopped his head off. This swing also signified his severing of his ties with the Heaven Sect.

The last disciple's eyes widened in shock, as he screamed: "Don't kill me!! I surrender!! I'll tell you anything!! I'll tell you anything!!"

"Great Elder Niu has arrived!! The disciples in Mahogany Town, come out to pay your respects!!"

"....."

All of a sudden, there was a resounding voice that came from outside of the town.

Hearing that voice, Lu Ningshui's expression changed, as he started muttering while looking lost: "Great Elder Niu!! Shit! Why did he come here? Why now out of all times?"

The disciple that betrayed the Heaven Sect turned pale, as he also moaned: "No..no...no...Great Elder Niu has come! I'm dead this time!!"

The captive who was originally screaming to surrender immediately became excited: "Haha!! Bunch of traitors, you're still not releasing me?! Let me go now, and offer up those 2 women, I can still input some good words for you in front of Elder Niu! Otherwise, all of you will be buried here!!"

"You talk too much!" Ming Jiajia's face turned rigid, with a thought, a Shadow Wolf leapt out from behind the captive and bit him on his neck, crushing it in one bite.

Yue Zhong looked at Lu Ningshui and asked: "What's the background of this Elder Niu! Why're you so scared?"

Lu Ningshui replied palely: "His real name is called Niu Xinghe! His power in Heaven Sect amongst the 8 Great Elders ranks number 2. Under him, there are 6 Law Protectors and 13 Altar Lords. At the same time, he has a personal troop of 300 people. He's fierce and cruel, any enemy that is caught by him would usually be tormented endlessly. The rumours are that he has tortured over 400 people to death."

Yue Zhong frowned slightly: "300 personal guards! So excessive!"

300 personal troopers were not a small number. Furthermore, Yue Zhong did not know the true strength of their combat abilities. If they happened to be all experts, Yue Zhong would have to treat the issue seriously."

Lu Ningshui continued with a face of fright: "What do we do? Leader? Shall we just escape first??"

Lu Ningshui was extremely afraid of landing in Niu Xinghe's hands, at that time, traitors like him would definitely face a fate worse than death.

Yue Zhong replied solemnly: "What're you afraid of! There's me!"\*

Lu Ningshui immediately quietened down, however, the look in his eyes betrayed his fear and unrest!

At this time, Bai Xiaosheng brought out a 100 or so survivors out from the villa, as he spoke to Yue Zhong excitedly: "Leader!! I found them!! This time, there are a few good-looking ones. Gift a few to me, eh?"

Yue Zhong glanced over at the survivors, and counted about 60+ women, 40+ men. Amongst the ladies, there were indeed a few beautiful ones.

Amongst them, there was a young girl of about 16-17, with fair beautiful skin, an oval-shaped face with cherry lips. Her features were defined and her body proportions stunning. Her eyes seemed like they could tell stories, while she looked fearful like the rest of them and looked about anxiously.

This young tribe girl was definitely not below Ning Yuxin in terms of looks and her aura, and was also a rare beauty.\*\*

Yue Zhong ordered: "Get ready for battle! Shang Lun, give out weapons to the men! Let them prepare for the fight to come as well!"

Bai Xiaosheng's pupils shrunk, as he asked: "Are the enemies here?"

"Yes! Bai Xiaosheng, come with me and let's check out the enemy. Shang Lun, I'll leave things here to you and White Bones!" Yue Zhong replied mildly.

With a bright flash in mid air, White Bones stepped out from the nether space, and stood in the great hall.

#### Chapter 377 – Song Miaoyi

"Elder Niu's skills are unparalleled! He's undefeatable! Long live Great Elder Niu!!"

"Elder Niu's skills are unparalleled! He's undefeatable! Long live Great Elder Niu!!"

"....."

Following the loud chants, on the sides of the road that had not completely thawed from the snow, there were 2 rows of people kneeling while chanting.

A middle-aged man with a ferocious look and a burly build sat in an ancient Chinese sedan\*, and he was wrapped in thick clothes. Under his arms, there were 2 lithe young women.

Under the Chinese sedan, there were 4 extremely well-built and good looking women hoisting it. They were obviously Enhancers from their strength.

Surrounding the sedan, there were 300 men dressed in blue. After the apocalypse, there weren't any clothes factories. Niu Xinghe could only find a storehouse and took their uniforms as the military uniform for his troops.

These 300 men wearing the same clothes looked pretty intimidating, if it wasn't for the fact that they had the words [XX Aluminium] behind them.

The man seated amidst all this glory and fanfare was obviously one of the Great Elders of the Heaven Sect, Niu Xing He.

Bai Xiaosheng and Yue Zhong were currently hiding in a corner, and Bai Xiaosheng looked at the pompous manner which Niu Xinghe made his entrance, and could not help but muttered: "Wa! It seems like a clown had appeared!! Doesn't he feel the least bit embarrassed?"

"Shame? I think he's revelling in it! This is the so-called Sect!!" Yue Zhong looked at the ridiculous manner in which Niu Xinghe had appeared in, and could not help but think of the scenes where children

had ditched classes in the past to watch the welcoming ceremonies of certain leaders, as the roads were cleared by the police.

Such a fanfare was obviously a poor attempt at trying to imitate the welcoming of leaders in the past.

Yue Zhong's pupils shrunk, as he threw all thoughts behind his mind, as he stared hard at Niu Xinghe seated upon the sedan. The moment he killed this clown, the entire troop would be without a leader, and it would be easier to take them out.

Ming Jiajia furrowed her eyebrows, as she brought her lips close to Yue Zhong's ears and whispered: "Someone's coming! Seems like the number of them is not small!"

Yue Zhong's heart skipped a beat, and decided to stay his hand.

Just as Niu Xinghe's entourage passed by a small alley, all of a sudden, rifles pointed out from the various houses along the alley as they fired wildly at the troops.

Under that dense barrage of bullets, 30-over members of Niu Xinghe's personal guards fell to the ground.

"Assassin!! There's an assassin!!" One of the Law Protectors hollered out, as he raised his own gun and fired back at one of the houses.

Following the sounds of 2 gunshots, the firing from within the house ceased almost instantly. The Law Protector had the [Firearms Control] ability, and had enhanced it to Level 3, within a distance of 300m, he had the utmost confidence of firing a headshot at even an S2.

After hearing the gunshot, those Heaven Sect members who were kneeling by the roadside immediately stood up and charged towards the sounds of gunfire.

Niu Xinghe remained seated in his sedan, looking towards the direction of the attempt on his life. In front of him, there was a Law Protector, and he had activated an [Air Barrier], stopping every single bullet aimed at Niu Xinghe!

"Niu Xinghe! Scum of humanity! Today I shall rain judgement upon you on behalf of the heavens, and take your life! Answer to the innocent you have murdered!!" At this time, following a sharp cry, a beautiful lady appeared. She had her hair in a single ponytail, her hands wearing silver bangles, and she was dressed in a gorgeous pleated skirt. She was holding a black spear as she charged at Niu Xinghe.

Niu Xinghe had a grim look as he casually picked up a 2m-long huge axe, and laughed savagely, as he jumped down from the sedan: "It really is you! Song Miaoyi!! There are paths of life to choose from yet you insist on the road of death! You've killed so many of my brothers!! I'll capture you alive today, and get every single one of my men to beat you up!! We will then raise you as a bitch!! So much so that you will not lead your life as a human, but as a dog!! You'll become a bitch that allows a thousand to ride, and ten thousand to sleep with!!"

Song Miaoyi floated out from the smoke like a fairy, as she struck out with her spear without losing a beat.

The spear strike did not seem fast, but in fact, it was lightning quick, and had some profoundness to it. Just when the Law Protector wanted to activate his [Air Barrier] skill to defend against the strike, it had already penetrated his heart.

Song Miaoyi swung upwards, and the corpse of the Heaven Sect Law Protector flew, crashing into a wall.

“Kill her!!”

“Kill her!! The heavens are with us, we’re undefeatable!!”

“The heavens are with us, we’re undefeatable!!”

“.....”

The personal guards of Niu Xinghe hollered out, as they brandished their blades, charging towards Song Miaoyi in a frenzy. Every single one of them was an Enhancer, and while the majority were only about Level 5 or 6, under the brainwashing of the Heaven Sect, they believed themselves to be invincible, and were truly fearless.

From the various windows, the insurgents fired their rifles, killing the personal guards of Niu Xinghe.

However, the 13 Altar Lords under Niu Xinghe brought their men and routed to the back of the assassins, firing non-stop at them.

The 13 Altar Lords were Enhancers above Level 20 and Level 30, at the same time, they had the advantage of numbers. As they progressed steadily, they managed to get back the houses one by one, and the flow of the battle was slowly turning against the assassins.

Song Miaoyi danced about with her peerless and exquisite spear skills, single-handedly decimating numerous members of Niu Xinghe’s personal guards.

Many of the personal guards were being slaughtered by Song Miaoyi, but these warriors were not afraid of death, and their eyes had a fervor to them as they charged at her, every strike of theirs with the intent to exchange their own lives for hers.

There were more than 200 people surrounding her from all sides in a craze, and she was forced to expend all her power, constantly wearing down her Stamina. She displayed her spear skills without stop, trying her best to kill as many of the soldiers as possible.

“The heavens are with us, we’re undefeatable!!” One of the personal guards’ eyes flashed with an intense fervor, as he charged towards Song Miaoyi. However, just as his chant ended, he found his heart pierced.

“The heavens are with us, we’re undefeatable!!” Before that soldier even fell to the ground, the next personal guard came from behind, charging at Song Miaoyi with the same look in his eyes.

“This Heaven Sect disciples are too scary!!” Song Miaoyi’s spear moves were indeed amazing, and there were 47 Heaven Sect disciples who had fallen under her spear, but she had been forced to exert over half her Stamina. The disciples on the other hand did not seem to lose their aggression, and this caused her heart to palpitate in fear.

Song Miaoyi had peerless spear skills, and she had intended to use her skills to take care of Niu Xinghe quickly, before taking her tribesmen to hunt the disciples who would be without a leader. However, she didn't expect that she would be harassed and surrounded to this extent, while Niu Xinghe himself was sitting quietly and enjoying the show, not displaying the intent to fight personally.

Yue Zhong observed all these, and ordered: "Bai Xiaosheng! Route behind them! Take care of those attacking the assassins from behind. Ensure your safety above all else."

"Yes! Leader!" Bai Xiaosheng flashed forwards, and in that small alley, he disappeared like a spectre. Borrowing the varied elements of a street battle, an Agility-based Evolver like him would be able to exhibit a truly fearsome combat strength.

In a matter of a few seconds, Bai Xiaosheng had already routed behind the Heaven Sect.

Behind the disciples of the Heaven Sect, there was a sudden flash of green light, and 7 disciples standing together found their hearts pierced within a second.

Their eyes shone with a fading light of disbelief, as their bodies lost strength rapidly and fell the ground. Before even hitting the ground, the last scene they saw was their fellow disciples being stabbed in their hearts noiselessly by a shadow.

Bai Xiaosheng was indeed a perverted man, but after being subdued by Yue Zhong, he truly fought hard. His combat abilities were shocking, and as long as he exerted his maximum speed, he was like a ghost, killing 21 disciples of the Heaven Sect in a matter of about 5 seconds.

He was like a terrifying hunter, noiselessly stalking and hunting his prey, and the 13 Altar Lords in front were focusing their attention on the battlefield, not noticing that he had already decimated a number of their disciples.

An Altar Lord bringing up the rear brought 6 other soldiers and guarded the rear.

Out of the blue, a spear suddenly pierced the heart of the Altar Lord, and his eyes flashed with shock, before losing their light.

A spectre-like figure flashed past, and before the soldiers beside the Altar Lord had the chance to react, they were killed in a similar fashion.

The fact that an Agility-based Evolver assassin had appeared, was devastating. The Altar Lord was a Level 32 Enhancer and he had not the chance to display any of his strength before he was picked off just like that.

"Wu Yang!! Bring your men over!!" Right at this time, the walkie-talkie resounded beside the Altar Lord.

Bai Xiaosheng eyed the walkie-talkie, as he muttered: "Seems like we can't keep this under wraps for long! I've already killed over 68 people, let's kill a few more before they notice something amiss!"

Bai Xiaosheng eyed a target at a distance and rushed over.

A clean-shaven man, with a knife-scar running down his lips said solemnly: "Seems like Wu Yang had been killed!! There's an enemy behind us! It must be some top expert, and Wu Yang definitely must have been assassinated."

The well built man with the scar was the leader of the 13 Altar Lords under Niu Xinghe, and his name was Zhen Yeyang. He was a Level 38 Enhancer, and his strength was truly overbearing. It was not below even some of the Law Protectors. However, there are many things that are not obtained just through power alone.

Zhen Yeyang ordered out: "Notify Song Mingtao, Wu Wen and the rest to be careful of their back, and get their troops to be on guard! We will continue our assault on these few buildings here! The enemy should be a few in number, as long as we take care of those inside these buildings, we can focus our power to take the rest of them out!"

"Yes!" One of the soldiers replied.

Very quickly, 5 Altar Lords mobilized about 42 disciples as they concentrated themselves in a circle, and began defending themselves. With the abilities of those 5 Altar Lords, as well as the defence of those 42 Heaven Sect disciples, they were like a porcupine, causing Bai Xiaosheng to be helpless.

Bai Xiaosheng had confidence that against a single Altar Lord, he would be able to take him out in a single strike. However, with 5 of them staying together, coupled with their strange abilities, adding on to the fact that they were protected by 42 crazed disciples, it truly caused him to have a headache.

Unless Bai Xiaosheng was willing to take the risk and fight it out with that entire troop by throwing his life away, he would be hard pressed to defeat all 47 of them.

"No! If I don't leave now! I'll truly be forced to stay!" Song Miaoyi had killed the 72nd soldier of the personal guards, and her breathing had already become erratic, her back drenched with perspiration, and the blood on her body was coagulating. She found her black spear becoming heavier and heavier, and could not brandish it as effectively as at the start of the battle.

Song Miaoyi continued to execute a few more moves, and killed another 3 more personal guards, before she tensed her feet, and leapt towards the skies, jumping towards a bungalow.

One of the Altar Lords with a crooked mouth standing beside Niu Xinghe chuckled coldly: "You want to leave? It's too late!"

When Song Miaoyi was in midair, she suddenly discovered a number of translucent lines blocking her way, and her expression changed, as she struck out wildly with her spear, intending to break the obstruction apart.

"Surround her!" The Altar Lord laughed out coldly, and closed his fist, and the translucent fishing lines started wrapping around Song Miaoyi at an astonishing speed.

Song Miaoyi lashed out with her spear moves crazily, but she was in mid air, and could not exhibit her full force, and she only broke through 20 of the lines, before being bounded by the rest. She was instantly tied up and pulled down roughly from the skies, as she rolled to Niu Xinghe's feet.

Niu Xinghe looked at Song Miaoyi with an expression of glee as he barked out: "Bitch!! Now you know the gap between us! I haven't even made a move, and you have already lost bitch! Just based on your power, and you want to go against the Heaven Sect, you sure don't know your limits!!"

Song Miaoyi gritted her teeth and cursed out: “Niu Xinghe, what are you! You’re just a beast!! Your Heaven Sect is full of sickos and perverts! If you have the guts, kill me now!! As long as I’m still breathing, I will definitely not let any of you bastards go free!!”

Niu Xinghe looked at her, as his eyes flashed with a cruel and vicious light and he roared with laughter: “Hahahaha! I won’t kill you!! After I’m done playing with you, I will tear off your clothes, and throw you into town, and let every single man come and ravage you! After that, I’ll rear you like a dog!!!! I want to see if you’re the beast, or I’m the beast!!\*1 Haha!!”

#### Chapter 378 – Rescue

The breathing of the more than 100 disciples of Heaven Sect started to become ragged, as they stared at Song Miaoyi tied up with beast-like gazes, their eyes glinting with a dangerous gaze. They had not toyed with such a beauty before!

Niu Xinghe was sadistic by nature, however, he treated his subordinates extremely well. For the women that he had toyed with, other than a select few, the rest would be passed to his subordinates to have their turn, and it was a way of winning their support as well.

Hearing the words from Niu Xinghe, and feeling the lustful gaze from every single Heaven Sect disciple around her, a tinge of fear finally surfaced in her heart. She was not fearful of death, but she was definitely dreading the fate that was worse than death. She could feel the countless hungry looks on her, stripping her naked in their minds, and it made her skin crawl.

Song Miaoyi’s eyes flashed with an obstinate look as she stared at Niu Xinghe: “Even till the day I die! I would never submit to you!!”

Niu Xinghe revealed a sardonic smile as he threatened: “Bitch! If you’re looking for death, I’ll kill your entire tribe! I’ve caught a total of 76 people from your tribe! If you die, I will bring every single one of them in front of your corpse and chop their heads off, and inform them that their deaths were because of you!! Hehe!! If you die, your uncles and your brother will go to hell together with you! Only by becoming our bitch, can they stay alive!!”

Hearing those threatening words, Song Miaoyi’s eyes finally betrayed a look of fear, amidst the 76 captives, there was her brother, and she could not bring herself to be stubborn anymore, and her resolve was starting to crumble down.

Niu Xinghe waved his hands, and immediately, the clothes on his upper body were torn off, as he revealed a cruel grin and walked slowly towards Song Miaoyi: “Hahaha!! I shall have a turn with you!! Time to experience how a spear witch tastes like!! Haha!!”

“Elder!! Don’t kill her accidentally! Let us have our fun first before she dies.”

“Yea! Elder!! Don’t destroy her! Everyone wants to toy with this spear witch!”

“.....”

The various Law Protectors called out, their gazes fixed on Song Miaoyi’s body, as though they couldn’t wait to gobble her up.

“Don’t get any closer!! Don’t come closer!!!” Seeing Niu Xinghe approaching her, Song Miaoyi finally started to show some fear, and she started to struggle, trying to twist her way backwards. However, regardless of how much she tried, it didn’t change a thing. Her futile attempts only served to push Niu Xinghe’s sadistic urges up a notch.

“Haha!!” Niu Xinghe watched the voluptuous and beautiful Song Miaoyi struggling helplessly in front of him and felt extremely excited. He had never messed around before with a peerless beauty such as her. The ethereal beauty coupled with her strength of personality and stubborn character, to him, made her the perfect specimen to subdue and conquer.

Seeing Niu Xinghe approaching closer, a desolate look appeared in Song Miaoyi’s eyes, as she could not help but wail in her heart: “Will someone save me!!!”

Just as Niu Xinghe was about to make a grab for her, he had a sudden change of expression, and retreated hastily, leaping back a few metres.

At that moment, a gunshot rang out shrilly, and a disciple standing beside Niu Xinghe’s earlier position had his body blasted by a Stinger shot, leaving his mangled body to fall lifelessly to the ground.

At the same time when the shot was fired, 4 Shadow Wolves pounced out from behind 4 of the Law Protectors, opening their jaws wide and snapping down on their necks viciously.

Of the 4, 2 had not enough time to react and were instantly killed by that sudden strike. The other 2 had more experience and caution.

One of them had pulled out 6 daggers the instant he felt the Shadow Wolf, and shredded it to pieces.

The other grabbed the Shadow Wolf and pulled with all his might, tearing the body in two, as the wolf turned into wisps of smoke and disappeared.

As that gunshot did not kill Niu Xinghe, Yue Zhong pulled out the PF98, and aimed coldly. He then started firing into the crowd of the disciples!

“The heavens protect us.....” Before a disciple finished his chant, the 12.7mm bullet exploded in his face, causing his brains to be blasted apart.

“The heavens protect us, we’re undefeatable!!” Another disciple roared out as he charged at Yue Zhong, before the heavy ammunition hit his waist, tearing his body in two, while blood and his innards splattered on the ground. He did not die immediately, instead shrieking in agony as he rolled on the ground.

The power of the bullet was terrifying, whoever was hit by the bullet, would be blasted into smithereens. When faced with the might of the heavy ammunition, they were like pigs and dogs awaiting slaughter, as their limbs were blasted apart, they became part of the heavy casualties.

When witnessing that scene of carnage, and their comrades that died a horrible death, many of the disciples finally lost their nerve. With the exception of 30-something fanatics, the rest quivered and ducked for cover.

Yue Zhong pulled out a walkie-talkie and ordered: “Storm the front! Annihilate all enemies that obstruct us!”

Zheng Minghe was currently poised to strike outside the town, and he relayed the order: "The leader has given the command! Attack! Annihilate anyone who obstructs us!"

With an IFV leading, the vehicle fleet carrying the fully equipped experts charged into Mahogany Town.

Within the town, as the Law Protector was disrupted from his ability, Song Miaoyi shook free from the loosened lines, and nimbly got to her feet. She grabbed the spear on the ground, taking a look at Yue Zhong, before immediately chasing after the 2 Law Protectors.

Song Miaoyi was intelligent, and knew clearly that if Yue Zhong had fired at her, she would be dead. However, his target was the disciple of the Heaven Sect, obviously there were mutual benefits in the alliance.

"Smart woman!" Yue Zhong took a look at Song Miaoyi, and praised silently.

"Who're you?" Right at this time, Niu Xinghe's infuriated and violent voice sounded from beside Yue Zhong.

Yue Zhong turned his head, and saw the twisted expression of Niu Xinghe and easily met his ferocious gaze.

The congregation of Heaven Sect's disciples had allowed a single round from Yue Zhong to heavily injure many of them and killed the rest, to the point where Niu Xinghe's personal guards were almost wiped out. This caused Niu Xinghe to be extremely furious.

"Kneel! Or die!" Yue Zhong stared coldly at Niu Xinghe, as his pupils shrunk, and he activated his [Art of Fear].

In an instant, a huge Spiritual Blast encompassing Yue Zhong's tyrannical Spirit launched towards Niu Xinghe.

However, under that immense pressure, Niu Xinghe only frowned slightly, as he revealed a sardonic smile: "An Enhancer that specializes in Spirit-based attacks? Today, I'll mince you up, and fuck your women in front of your dying corpses!!"

Niu Xinghe chuckled grimly, as he pressed down his feet, then shot towards Yue Zhong explosively.

Yue Zhong's eyes narrowed as he activated his Shadow Steps, pushing his speed to the limit, and raising his Stinger to aim at Niu Xinghe.

Niu Xinghe suddenly employed a weird foot technique, as his body started to sway and approach Yue Zhong.

"Is he a close-combat Enhancer? But if it's like that, how did he manage to defend against my [Art of Fear]?" Facing that mysterious footwork, Yue Zhong had no way of aiming at Niu Xinghe, and could only fire off 6 shots instantly.

"Haha! Die!! Scum!" Niu Xinghe's body flashed, and he dodged all 6 bullets in a strange fashion, appearing to Yue Zhong's right. He was grinning maniacally, as he swung the huge 2m axe at Yue Zhong.

With a wave of his hands. Yue Zhong pulled out his Crocodile Tooth Saw Blade and parried the attack.

The axe swung downwards with immense force and met Yue Zhong's weapon, and a shockwave spread outwards from the clash.

"What a strong fellow!!" Both parties had equal strength, and Yue Zhong was forced back a few steps from the collision. His right hand was numb from the impact, and if it wasn't for his high Endurance, that blow from Niu Xinghe could possibly have shattered his right shoulder.

"Hahaha! Die! Die! Die!!" Niu Xinghe roared in mad laughter, and launched a flurry of swings on Yue Zhong after taking a leap to get close.

Yue Zhong used his [Shadow Steps] again, barely managing to cope, as he was forced back constantly by Niu Xinghe. Both his shoulders were numb from the constant blocking, and his defence could crumble at any moment. Against the furious assault from Niu Xinghe, Yue Zhong had no time to catch a breath, and he couldn't even swing his blade.

Niu Xinghe maintained his attacks, as he tried to sway Yue Zhong with taunting words: "Offer your women to me! Become my dog! I will let you live!! Otherwise, I'll have your head today!!"

Yue Zhong could maintain his defence for such a long time, and it was outside of Niu Xinghe's expectations as well. He had always been able to slaughter his enemies within 20 seconds of engagement, however, this guy in front of him had already held on for more than a minute, which caused Niu Xinghe's heart to slowly turn cold.

#### Chapter 379 – Burning Niu Xinghe Alive!

"The person to die today will be you!" Yue Zhong's eyes flashed coldly, as he activated his [Gravity Manipulation].

In that instant, the gravity on Niu Xinghe seemed to double, and caused his movements to falter.

Yue Zhong evaded the axe swing, as he twisted his body, and slashed his blade at Niu Xinghe.

Niu Xinghe's face fell, as he leapt back, but he still received a strike at his waist.

When Yue Zhong's strike landed, he felt as if he had just struck a huge thick armor that absorbed the impact, and he had no way of penetrating it. He observed carefully, and discovered that the torn cloth at Niu Xinghe's waist revealed a mild yellow scaly armor.

Yue Zhong's pupils narrowed as he slowly said: "Type 3 Mutant Beast Hide!"

Only a Type 3 Mutant Beast armor could withstand the blow from the Level 4 Treasure Crocodile Tooth Saw Blade without being damaged in the slightest.

Niu Xinghe laughed sardonically as he employed his strange footwork, rushing towards Yue Zhong in a fierce manner: "That's right!! I'm covered entirely with a Type 3 Mutant Beast hide, and I'm invincible! Today, regardless of how you struggle, you will die at my hands!!"

Niu Xinghe was almost undefeatable in close combat, adding on the protection of his Type 3 Mutant Beast hide, his only weakness was his exposed head. This was the reason why he dared to be tyrannical. With the protection of the Type 3 Mutant Beast hide, he was truly invincible, and was naturally brutal in his attacks.

“Seems like the Heaven Sect has some decent resources! However, you’ll be the one to die today!” Yue Zhong’s eyes flashed fiercely, and he activated his [Gravity Manipulation], distorting the gravity field around him, causing Niu Xinghe’s body to sink, and his movements became distorted as well.

“Pei! Just with the [Gravity Manipulation] ability? I have killed dozens of Gravity users who were stronger than you by 6 or 7 times, you shall die!” Niu Xinghe adjusted his movements in a split second, as the brutal look on his face intensified. He then swung his axe with a fearsome momentum towards Yue Zhong.

Yue Zhong’s eyes flashed coldly, as he activated his Devil Flame, and reached out for Niu Xinghe. A terrifying fireball started forming in his right hand, as it exploded forth and enveloped Niu Xinghe.

“Ah!!! It hurts!!! It hurts!!! Ah!!!!” Niu Xinghe started screaming shrilly in agony when he was enveloped by that Devil Flame fireball, as his entire body started to burn up.

In just a second, Niu Xinghe’s head was incinerated into ash, while his entire body started to disintegrate under the burning of the Devil Flame, leaving behind the God and Devil system equipment and Type 3 Mutant Beast hide, as they fell to the floor.

Yue Zhong walked over, as he took a look at the system equipment that Niu Xinghe had.

Yue Zhong already had most of the equipment on Niu Xinghe’s body, with the exception of one special item.

“Level 4 Treasure: Necklace of Clarity! +8 Spirit upon equipping. With this item, in any 24-hour period, user will be able to defend against a Type 3 Spirit attack once, Type 2 Spirit attack 4 times, and normal spiritual attacks 16 times.”

It was precisely this Level 4 treasure Necklace of Clarity that had blocked Yue Zhong’s [Art of Fear] attack.

Yue Zhong pondered a moment, before he switched out the Level 3 Necklace of Hurricane on his neck, and equipped this Level 4 Treasure. Although his Spirit was already extremely strong, with this equipment, he would be invulnerable to basically any Spiritual attacks, and could maintain his clarity.

After he kept the rest of the equipment, he looked towards the distance, and saw Song Miaoyi entangling with the 2 Law Protectors from the Heaven Sect.

Song Miaoyi’s spear techniques were truly incredible, as she pounced about like a leopard, enveloping the 2 Law Protectors within the radius of her spear skills.

The Law Protector that was able to manipulate the 6 daggers found his skill being torn apart by the spear shadows, as his own body was pierced a few times, before being sent flying back about 2-3 metres.

The other Law Protector was proficient in the art of fighting, but found himself being pierced continuously by Song Miaoyi’s spear, and was forced back constantly.

However, both of them were wearing Type 3 Mutant Beast hides, and could defend against the sharp strikes of Song Miaoyi. This enabled them to save on their strength as they dragged the battle out. Without the Type 3 Mutant Beast hides, they would have long been punched full of holes.

Yue Zhong looked towards the rest of the battlefield, and saw that his own troops had already charged into the town, and were hunting the rest of the disciples from the Heaven Sect.

“This is the time to show our loyalty to Heaven Sect! Let us offer our fresh blood for the glory of the Heaven Sect! As long as we’re loyal, we will return to the kingdom of God after we die!! Everybody, charge with me!!” A fanatic roared out loudly as he charged towards Yue Zhong’s troops with a crazy glint in his eyes.

“The heavens are with us, we’re undefeatable!!”

“.....”

20 other fanatics followed the lead of the first guy as they shouted out with fervor and charged towards Yue Zhong’s troops.

“Kill!” Zheng Minghe saw the 20-over zealots rushing over with blades in their hands, and he coldly gave the command.

The machine gun on the vehicle turned around, and spew out an intense volley of gunfire, and a dense barrage of bullets rained on the zealots, and they fell to the ground in their own blood. They did not die immediately, instead, they rolled around as they moaned in pain.

Zheng Minghe led the rest of the soldiers forwards, as they finished off the job by firing a single bullet in each disciple that was still alive, sending them on their way.

Watching this terrifying scene, the majority of the remaining disciples had ashen faces, as they tried to escape. Not everybody was a fanatic, and many had joined just to survive in this cruel world.

“Don’t kill me!! I surrender!!”

“I surrender!!”

“.....”

More of the disciples began throwing their weapons down, as they knelt on the ground, trembling in fear while looking at the IFVs and machine gun-mounted vehicles. To ordinary people, such armored vehicles were invincible existences, and they had no way of retaliating.

Zheng Minghe brought his men and continued further in without so much of a resistance, only tying up the captives. Those fanatics who charged out would be executed instantly, and the troops managed to arrive at the heart of the battle in the centre of town casually.

“Damn it! Sun Shan! Let’s scram!!” The Law Protector controlling his 6 daggers saw the arriving IFV and troops, and his expression turned sour, before shouting to his comrade.

The Law Protector called Sun Shan had just been pierced by Song Miaoyi, as he turned to look at the distance.

“You will remain here!” Following the sound of Yue Zhong’s voice, a terrifying Spirit attack penetrated Sun Shan’s mind, and he was instantly engulfed in various illusions and hallucinations of torment.

“Ah!!!” Sun Shan screamed out miserably, before falling lifelessly to the ground.

“Kneel!” Yue Zhong came out and with a threatening aura, he gazed at the Law Protector with control over his 6 daggers and ordered.

The Law Protector took one look at Yue Zhong, as his face changed: “It’s you!! Elder Niu has already been killed by you?!”

Yue Zhong stared indifferently at the Law Protector: “Are you surrendering! Or will you join him in Hell?”

“NO! You can’t surrender! You’ll die at my hands!!” Song Miaoyi’s eyes flashed with fire, as she gritted her teeth and struck forwards with her spear, aiming at his face. She knew the only weak point was the head.

The Law Protector was a battle-hardened veteran after all, and with just a thought, 3 daggers shot forwards to block the spear strike, causing it to be deflected away.

The Law Protector immediately shouted out: “I surrender!! I surrender!! This leader! I surrender! Spare my life!!!”

Even the upper echelons of the Heaven Sect knew what the Sect was exactly about, and other than a rare few, many were not actually loyal to a fault. Only the ignorant lower levels thought that the Heaven Sect was incredible.

“Stay your hand!” When the Law Protector surrendered, Yue Zhong stepped forward, bringing his Crocodile Saw Tooth Blade to parry Song Miaoyi’s spear.

Song Miaoyi took a few steps back, as her beautiful eyes shone with a burning fury and she stared at Yue Zhong: “He’s my enemy! If you help him, are you going to be an enemy too?!”

Yue Zhong gazed back indifferently: “Is this how you treat your benefactor?”

Song Miaoyi maintained her gaze for awhile, before she collected herself, as she stood straight and said: “Many thanks for saving me earlier! I’m Song Miaoyi! What’s your name?”

Yue Zhong replied: “I’m Yue Zhong!”

Song Miaoyi looked at the man in front of her and assessed him quietly, and she could feel his strength. She said sincerely: “Yue Zhong! You saved me, and I’m very appreciative of that! From today onwards, you’re a friend to us from the Cang Tong Tribe. Whenever you have problems, feel free to look for me, our entire tribe will definitely aid you. However, this beast! He had brought men to capture over dozens of our tribesmen as well as from the surrounding areas! I cannot let him go! Give him to me, and this favour will be remembered for always!”

Hearing Song Miaoyi’s words, Yue Zhong contemplated silently.

The Law Protector suddenly smiled grimly, as he barked at Yue Zhong: “Don’t move!! Or I’ll be merciless!!”

2 of the blades that Song Miaoyi had knocked away had suddenly appeared at Yue Zhong’s heart and vertebra.

“Let me leave here! Otherwise, I’ll kill you!!” The Law Protector chuckled evilly.

“Trash! Just die!” Yue Zhong suddenly turned, the Stinger already in his hands as he directly fired at the head of the Law Protector.

Following the loud gunshot, the brains of the Law Protector were blasted apart, as his lifeless corpse slumped to the ground, and the daggers fell along with him.

## Chapter 380 – Pressure

Right at this time, Zheng Minghe brought his men as they came to Yue Zhong and saluted: “Leader!!”

“Follow me!” Yue Zhong looked at Song Miaoyi and spoke indifferently, before bringing Zheng Minghe and Ming Jiajia towards Bai Xiaosheng’s side of the battle.

Song Miaoyi heard the commanding tone from Yue Zhong, and hint of displeasure shone in her eyes. However, she looked at Yue Zhong and his troops, and stamped her foot, before tagging behind Yue Zhong.

Following the trail of corpses, Yue Zhong soon brought his team along until they saw Bai Xiaosheng engaged in battle against 5 Law Protectors. Both sides were facing off, but neither had the upper hand.

The Law Protectors from the Heaven Sect could not catch Bai Xiaosheng, not a single one of them could match up to his speed. However, at the same time, if Bai Xiaosheng truly went after any one of them, he would have to face the joint assault from all 5, which would be risky, and hence both sides were just eyeing each other right now.

Bai Xiaosheng spoke out with a little embarrassment: “Leader! You’re here! I’m sorry! These bunch of guys are too troublesome, I haven’t managed to take care of them!”

Yue Zhong glanced at Bai Xiaosheng, before he stepped forward and commanded coldly: “Those opposite, listen up! Surrender immediately! I’ll only give you 10 seconds to consider! Those who refuse will die!”

One of the Altar Lords shouted: “You bunch of devil-worshipping heretics, you dare to go against Heaven Sect! You’ll definitely face a terrible fate, and after your death, you’d be sentenced to the deepest depths of hell with no chance of reincarnation!! Surrender to us now and we’ll baptize you, and cleanse you of your sins, and help you back into God’s grace!! As long as you accumulate merit for the Sect, you can ascend to Heaven, and enjoy yourself!!”

“Kill the heretics! Kill the devils!!”

“Kill the heretics! Kill the devils!!”

The disciples began to chant upon hearing the Altar Lord’s words. With their blind faith, their morale was also rising!

“Kill them!” Yue Zhong eyed the zealots and gave the order to Zheng Minghe.

“Open fire!” Zheng Minghe relayed the order.

The remaining soldiers had already prepped their artillery and set their aim. Upon receiving Zheng Minghe's orders, they started firing, as huge explosive rounds landed on the positions of those zealots who were hiding behind cover.

Hong! Hong!

Following the rapid loud explosions, disciples of the Heaven sect found their bodies blasted to pieces. The Altar Lord who had gave the rallying call about killing heretics were also caught within the blast radius, and was instantly pulverized.

Under the blanket of artillery fire, to the extent of 2 consecutive rounds, the disciples who had no experience in modern warfare collapsed, as they lost all will to fight, and tried to escape towards the back after retreating from their cover.

At this time, the IFV and the machine-gun mounted vehicles started firing wildly at those escaping disciples, and the bullets tore into the disciples, turning them into sieves full of holes, as they fell to the ground.

Within 10 minutes, the disciples surrounding the 5 Altar Lords to protect them had been annihilated, and 3 of the 5 Altar Lords had been blasted to death.

The 2 remaining Altar Lords were Agility-based Enhancers, and they took the opportunity to rush out from their hiding place, as they retreated towards the back. They knew that staying here would spell death, and they disregarded everything as they made a mad dash to run from it all.

Yue Zhong pulled out his Stinger, as he opened fire at the 2 escaping Altar Lords. Their heads were immediately blasted to oblivion and their headless corpses fell to the ground.

"Continue the advance!" Yue Zhong ordered indifferently.

Under his orders, even though they had little men, they were all elites, and they made their way forwards in an orderly fashion, exhibiting the disciplined and strong bearing of soldiers.

Song Miaoyi observed this small troop of Yue Zhong and was thoroughly shocked: "So strong!! This troop is really strong!!"

Song Miaoyi was confident of handling any one soldier from within this troop. However, if the entire troop was to launch an assault on her, she would not even be able to withstand a single minutes assault before she would be killed.

Yue Zhong and his troops quickly arrived at the location that the remaining personnel under Zhen Yeyang were using as a hide out.

Zheng Minghe hollered at the people hiding within the building: "Those inside listen up! Surrender now! Otherwise, we'll not treat you nicely!"

Inside the building, Zhen Yeyang had a grim look as he grabbed a tribesman and pushed him to the window, while placing a blade on this abductees neck: "The whole lot of you better retreat! Otherwise I'll kill the hostages! There are 31 hostages here with us. If you don't retreat! I'll kill the whole lot of them!!"

The disciples of the Heaven Sect seemed to have been overcome with a madness, as they pushed the hostages to the windows, and placed their weapons at their necks. Anytime Zhen Yeyang gave the order, they would immediately slaughter the hostages to join them in death!

"6th Uncle!! 8th Uncle! 17th Uncle!" Seeing those tribesmen, Song Miaoyi's eyes flashed with fear, and could not help but call out. Those were the elders that had watched her grow up before the apocalypse, and after the apocalypse had set in, everyone had banded together to survive up till now. These elders were like her own family, and she could not bear to see them die in front of her.

Yue Zhong eyed the huge building, as he ordered coolly: "Get ready to attack! Storm the front! Snipers get ready to switch to grenade launchers!"

Song Miaoyi's face fell, as she ran to Yue Zhong and spoke shrilly: "No!! You can't do that! Those hostages will definitely die if you do that! Those are human lives!!"

Yue Zhong's heart was hardened, as he returned her look with an ice-cold stare: "I'm sorry! Miss Song Miaoyi! I can understand your feelings, but I need to eradicate the remnant forces of this Heaven Sect! As for those hostages, they have nothing to do with me, I can't waste time here because of them! Please make way!"

Song Miaoyi grabbed her black spear tightly as her face turned pale, and she stubbornly glared: "No! I won't allow this!!"

With a single swishing motion, 20 soldiers raised their guns and aimed at Song Miaoyi, the moment she made a random move, they would punch her full of holes! Although she was a beauty, in their hearts, following orders was the most important thing. A single beauty would not be enough to sway the hearts of these elite soldiers.

Even the frivolous Bai Xiaosheng was holding a gun to Song Miaoyi's head, although his eye flashed with a hint of pity. If she truly died, he would feel a tinge of regret. However, if he went against Yue Zhong's wishes, then the person to die would be him.

Under the pressure of having multiple weapons aimed at her, Song Miaoyi did not relent as she stubbornly glared at Yue Zhong, like an epiphyllum that would wilt at any time.

Yue Zhong frowned, as he waved his hands, and the 20 over soldiers lowered their guns.

Song Miaoyi knelt down as she pleaded: "Please! Please save my tribesmen!! As long as you do so, whatever you ask of me! I'll be willing to do so!!"

For her tribesmen, Song Miaoyi was willing to put down her pride to kneel in front of Yue Zhong. This was because her tribesmen were extremely important kin to her, and she did not want them to perish at such a place.

Yue Zhong looked at the kneeling Song Miaoyi as he frowned. He pondered a while, looking at the building in the meantime, before he slowly replied: "Bai Xiaosheng stay! The rest, retreat!"

Hearing Yue Zhong's order, all the soldiers retreated.

"Song Miaoyi, remember what you said today! Follow me!" Yue Zhong looked at Song Miaoyi as he indifferently reminded her, before entering a small alley with Ming Jiajia.

Song Miaoyi followed closely behind.

Bai Xiaosheng immediately sighed, as he played with his dagger and followed behind Yue Zhong, disappearing into the alley: "What a pity! Another beauty had been conquered by leader!!"

"How is it? Have you contacted headquarters?" Zhen Yeyang saw the soldiers retreating, as he heaved a sigh of relief, before asking a subordinate beside him.

The disciple swiftly replied: "I've already notified headquarters!! They have arranged for 2 Elders to bring reinforcements! However, they said we will have to fend them off for 2 hours. Reinforcements would arrive by then."

Zhen Yeyang took a few deep breaths, as the stone weighing on his heart was lifted: "2 hours? As long as we can hold out for 2 hours, it's our victory!! Those heretics would definitely be dealt with by the Great Elders!!"

At this time, with a single 'bang', the door to the room Zhen Yeyang and the captives were in was kicked wide open.

Yue Zhong strode into the office, taking in the details of the room in a single look, before firing the .03 rifle in his hands 10 times consecutively within a second, and directly killing all the Heaven Sect's disciples.

Beside Yue Zhong, Ming Jiajia had already summoned out her 5 Shadow Wolves, appearing behind 5 of the disciples, and biting their necks.

As the attention of everybody in the room was focused on Yue Zhong and Ming Jiajia, Bai Xiaosheng came swinging into the room from the room upstairs, landing within the group of disciples. The blade in his hand flashed, and a total of 7 disciples found their hearts pierced.

In just mere seconds, 22 disciples had died at the hands of Yue Zhong's group of 3, causing chaos to erupt.

Song Miaoyi also made use of the opportunity to rush into the office, her spear flashing as she leapt about like a leopard, killing 3 disciples with her profound spear skills.

The Heaven Sect's disciples in the office had been wiped out save for a few, everyone of the remaining members lost their gall, as they abandoned battle tried to escape.

One of the Altar Lords saw that things weren't going well, and he tried to escape from the window. Just as he made his move, Bai Xiaosheng chuckled grimly, and shot forwards like an arrow, stabbing into the back of the Altar Lord, killing him.

Bai Xiaosheng might be tied down when facing against a group of strong enemies, but facing single enemies, very few were considered his opponents. He was like a shadow that flitted about, as he slaughtered his enemies easily, and few could withstand an attack from him.

"I surrender!!" Zhen Yeyang's mind spun, as he threw the Tang Replica Sword to a side, and raised his hands to shout out.

"I surrender!!"

“.....”

When the head surrenders, the rest of the disciples had no intention to resist longer, as they abandoned their weapons and shouted out as they trembled.

Bai Xiaosheng then walked up to these disciples, and started to tie them up.

“6th Uncle! 8th Uncle!” Song Miaoyi ran to the hostages, as she helped them out of their ropes, and called out emotionally. This time, she had dragged many of her close kin in the attempt to assassinate Niu Xinghe, and it caused her endless worry. If it wasn’t for the sudden appearance of Yue Zhong, she would not have known what to do.

2 of the men with wrinkles on their foreheads and tanned skins looked at Song Miaoyi, their eyes pleased: “Lass! It’s good that you’re fine!!”

Yue Zhong confirmed news with Zhen Yeyang: “After an hour, the reinforcements from the Heaven Sect will be here. Are you certain about this?”

Zhen Yeyang had a solemn expression as he replied: “It’s true! If I were lying, you can execute me!”

The information about the reinforcements coming, everyone within the room knew about it. Zhen Yeyang wanted to use this piece of information to gain Yue Zhong’s trust. He had not much faith in the Heaven Sect in the beginning, and joining them was for the sake of a better life. When he landed in Yue Zhong’s hands, he had immediately switched to a different tune, and worked towards gaining Yue Zhong’s trust.

“An hour?” Yue Zhong pondered, his eyes flashing with a hint of decisiveness.

On a small frozen road, 800 Heaven Sect disciples were currently marching forward.

Within the human crowd, there was a Rolls-Royce moving forwards quietly.

A fat middle-aged man was asking his skinny companion at his side: “Old Luo! Heard that Old Niu had fallen at the hands of some heretics! What do you make of this?”

The fat middle-aged man was called Chen Shenggang, and was the 7th Elder in the Heaven Sect. The skinny man was called Luo Kui, and he was the 5th Elder, both of them were considered to be experts within Heaven Sect.

Luo Kui replied coldly: “What else to think? Old Niu had always been too violent and brutal! He had so many enemies, it’s not a surprise that he’s dead. However, to be able to kill Old Niu, the enemy must be pretty formidable himself.

Luo Kui laughed icily: “For the sake of a few hostages, they actually stopped their assault. Regardless of their abilities, it seems like they have weaknesses as well.”
