abode.”

“Mr. Oh is really entertaining. How could you call this place humble?” Sofia smiled at him.

“Honey... may I talk to Miss Lockhart in private?” Mr. Oh immediately looked at Kenny.

“Of course. She’s here to discuss some business, after all. Do you need me to prepare some snacks?” Kenny asked.

“No-”

“Of course,” Sofia interrupted Mr. Oh. “Snacks would be lovely.” She then handed Kenny her wine glass and smiled at Mr. Oh. “Shall we?”

Almost immediately, Mr. Oh took her to his home office.

“Miss Lockhart-”

“Lawrence doesn’t know I’m here...” Sofia said. “Unless you wanted me to leak this.... secret rendezvous?” Sofia lifted an eyebrow, confidence oozing from her gaze. Mr. Oh’s eyes narrowed as he wondered what Sofia was so confident about.

“Then- May I know why Miss Lockhart is currently here? I don’t remember—”

“I know about the shipments...” Sofia said.

“I-” Mr. Oh’s heart skipped a beat when he heard her words. “What shipments is Miss Lockhart talking about?”

“I also know that you had something to do with Mrs. Phelps’ death,” Sofia said. “Yet, I decided to sit on it as... I was a coward.”

Sofia smiled.

“You-”

“But then... I decided to fight fire with fire.” Sofia added. “So here I am...”

“Ah... before you do something stupid, then you should know that I have people outside the house. I also have my men outside of your illegitimate daughter’s house.”

“You-”

“Don’t get me wrong. This is not a threat. Rather... this is protection. For when Lawrence tries to harm you.”

“What did you just-” Mr. Oh’s face paled. He stared at Sofia in disbelief. How did it all come to this? Just what the heck went wrong?

“Now... shall we go ahead and start talking?” Before Mr. Oh could answer, there was a knock on the door, and Mrs. Kenny Oh walked in with some snacks in hand, a huge smile plastered on her face.

The tapping of Alexander’s fingers against the table pulled him back out of his stupor. His gaze focused on Sofia, who was very calm and collected. Again, this was not the Sofia that he knew.

“Staring is rude...” Alexander said. “If you wanted to say something then... please do so. We only have a few minutes left before some agents will come to tell you about your new identity?”

That’s right. Because of what Mr. Oh knew about this large syndicate from Asia that is working with Lawrence, he and his family would need new identities to protect them.

“Lawrence is dangerous... he is more dangerous than anyone I knew.” Mr. Oh said. As someone who worked closely with Lawrence and has met Dr. Mulach countless times, he knew how dangerous they really are. To be honest, he already expected Sofia to know about the poisoning, but she never once asked about it.

However, he was not planning to tell Sofia about what he knew. No. The woman waltzed into his life and ruined everything -his plans, his family, his

money! To Mr. Oh's mind, Sofia deserves what she and her mother will soon have.

Their conversation, however, was interrupted when Special Agent Reynolds walked in with another agent who would take care of Mr. Oh's new identity.

To Mr. Oh's surprise, Sofia did not leave. Instead, she approached him and lowered herself until her face was just on the same level as his. Then she whispered. "I know about the poison.."

Mr. Oh's eyes immediately widened. Then Sofia added. "What do you think should I do next? Put something on your food or your daughter's food?"

"You-"

However, Sofia already straightened his back. "Enjoy your new life, Mr. Oh."
