Chapter 1911: I miss her

Gong Bai walked toward the two of them and said to old K, "Master."

He glanced at Yu qinghuan and old K said, "What are you looking at? Call her master's wife!"

Yu qinghuan glanced at old K coldly, but old K turned his head away and pretended not to see her.

Gong Bai didn't want to be taught a lesson by Yu qinghuan, so he didn't dare to call her master's wife. He said to the two of them, "Please come in. Why is master here?"

"Still asking? What are you doing? you exposed yourself and you were almost taken revenge, you know!"

"What does it have to do with me? I'm just a tool for killing. Maybe the last buyer is the one who's looking for me for revenge."

"So what? It's your fault for exposing your face!"

Yu qinghuan was calmly listening to the two of them quarreling. Suddenly, she raised her head and saw Phoenix slowly coming down the stairs.

"Old Bai, who are they?" Phoenix's eyes were unkind as she sized up the two of them.

"Elder." Gong Bai said simply.

an elder?! The Phoenix let out a strange cry and stared at Yu qinghuan. Are you trying to coax me? '

“She’s of higher seniority, so I have to call her Auntie.”

“Yingluo, don’t think I’ll call her grandma!”

“That’s enough,” Gong Bai frowned. He was afraid that she would anger old K and Yu qinghuan, so he took out his wallet and handed it to her. go to the supermarket and buy some groceries.

Phoenix snatched the wallet and snorted, “Just send me away, you’re just making it sound so high-sounding! I’m an understanding little girl!”

Yingluo was really shameless to say such things!

Old K watched her leave and asked Gong Bai, “She’s Yingluo.”

Gong Bai glanced at Yu qinghuan and invited them to sit down. He sighed and said, “She said she was Huo die’s daughter, but I’m a little suspicious that she’s lying to me. Is it possible that she’s the fire butterfly?”

Yu qinghuan looked at him.

He said, “I know this idea is unbelievable, but how can there be two identical people in the world?” No matter how powerful his genes were, it was impossible for them to be this powerful, right? Besides, during the last mission, she suddenly appeared. Was there such a character in the world of assassins? And who was Huo die back then?”

Gong Bai knew that old K and Yu qinghuan definitely knew something. If it hadn’t been for them, he wouldn’t have encountered the fire butterfly.

Old K looked at Yu qinghuan and Yu qinghuan said, “she was an experimental subject that escaped from the FARC back then.

“Test subject?” Gong Bai was stunned. Although he had already guessed this, he still found it hard to accept that it had been confirmed.

“I was the one who let her go,” Yu qinghuan lowered her eyes. when I was escaping, I passed by her experiment cabin and broke it. After that, she often came to find me and always wanted to kill me.

Old K said, “she almost succeeded, so I hunted her down.” After that, qinghuan said that she wouldn’t mind, so I didn’t care about her anymore. That’s how you two got the chance to be together.”

Gong Bai looked at Yu qinghuan after hearing that.

Yu qinghuan was still young and beautiful. He had forgotten how old she should be.

“Will the fire butterfly not grow old?” he asked.

Yu qinghuan was silent for a while before saying, ‘logically speaking, Yingluo is the one who won’t get old. But I’m not sure about the details.’

When Phoenix returned, old K and Yu qinghuan had already left.

With a big bag of vegetables in her hand, she shouted at Gong Bai when she saw that the man had left, if you don’t keep us, you’ll still ask me to go buy vegetables?!

Gong Bai fixed his eyes on her, and she roared, “What are you looking at?”

Gong Bai rushed over and hugged her.

“What are you doing?” she was stunned.

Gong Bai hugged her tightly and said in a depressed tone, “Can you Take Me

To Your Mother's grave? I miss her Yingluo, I miss Yingluo, I miss Yingluo!

The things in Phoenix's hand fell to the ground with a thump. Shocked, Gong Bai immediately let go of her and looked at her expression. "I can't? Are you that unwilling to forgive me?"

He was not asking Phoenix, but rather fire butterfly..

Chapter 1912: Mommy doesn't like necklaces, she likes you

"It's morn's business to forgive you. It has nothing to do with me!" Phoenix turned her head away.

"Then what do I have to do to meet her?"

Phoenix was silent for a long time before she don't know either."

When I think it's okay, then it's okay."

She pushed him away and went upstairs.

Gong Bai took a deep breath and took a step forward, stepping on something on the ground.

He squatted down and picked up the item.

Phoenix had bought a lot of vegetables and snacks. He took them all out and found a can of his favorite food.

He held the can and thought, "she didn't just take it casually, did she?" Is there a possibility that

No, no!

It was very likely that he had just casually picked it up.

He loved to eat, and she used to remember to buy it for him. Perhaps that kind of awareness had been engraved in his bones, and he couldn't help but take it when he saw it on the shelf.

Gong Bai looked up at the stairs and decided to test the waters a few more times.

During dinner, he said to Phoenix, "I'll take you somewhere tomorrow."

"Killing people again?"

"Go play!" Gong Bai was a little annoyed.

Whether she was a woman or a daughter, he didn't want his future life to be filled with such hardcore topics.

"You said the same thing last time, and you did it so well. It really looks like you're going to play. This time, you're not even putting on a show. You're not going to drag me to sell it, are you?"

"Don't worry, I'm willing." even if I'm willing to part with you, I'm still reluctant to part with Huo die, " Gong Bai said.

"What do you mean by that?" Phoenix raised her head.

"You are the child of me and Huo die, so I can't bear to part with you, not because of you."

Phoenix was startled. She glared at him angrily and turned her head away without saying a word.

Gong Bai thought that if she was really his and Huo die's child, she would definitely flip out after hearing such words.

If it was the fire butterfly armadillo, then he would be secretly happy.

This test was considered a success, right?

The next day, he took her to the Chinese neighborhood.

In the past, when she was with Huo die, the two of them would come here every New Year. They would also come here during festivals.

Gong Bai said as he walked with Phoenix, "Your mother and I used to come here often."

"Oh, really? He had never heard her say that! It must be because you think it's a regular, but it's not?"

Gong Bai ignored her and kept walking forward.

Phoenix snorted gloomily and turned to walk in the other direction.

"What are you doing?" Gong Bai turned around and quickly caught up with her. "Don't run around!"

"Don't mind me!"

the first time I brought your mother here, she ran around like this. Then, Gong Bai pressed her shoulders and turned her body around to face him. He reached out to hook the necklace around her neck and said, "I bought her this

Zhenzhen.

He held the Fishbone-like pendant and slowly released it. "She actually wanted a butterfly pendant, but someone else bought it first."

"I was wondering why this was so ugly!" Said Phoenix through gritted teeth.

"Your mother likes it." "How can you be so sure?"

"She left it to you."

"I don't think mother likes necklaces. She likes you," Phoenix raised her head and looked at him.

"You're right, I've let her down," Gong mo said after a moment of silence.

"It's too late to say anything." Phoenix lowered her eyes. it's impossible for mommy to hear you.

"The spirit in heaven will always know my heart." Gong Bai held her hand and slowly pulled her into his arms. she asked you to come to me because she wanted you to help her verify ... How much I love her, right? '

Phoenix pushed him away.

let's go. he turned around without looking at her. let's go to another place.

Phoenix followed him in silence.

"Oh, that's right." Gong Bai suddenly said, "there's a wedding dress at home.

Your mother and I made it when we were preparing to get married. Too bad I'll leave Yingluo with you. You can wear it when you get married..”

Chapter 1913: I won't allow you to say that

“When you and mom are getting married?” Phoenix frowned and said in disbelief, “ how many years ago was that? Who wants that old style!”

Gong Bai's eyelids trembled fiercely, and he said sternly, “That's what your mother likes. I won't allow you to say that about it!”

Phoenix's eyes widened and she angrily shouted, “so what?” She wasn't even wearing it! She's already dead and you're only defending her, who are you trying to show off to! ”

Gong Bai was shocked, and his face turned pale.

Was he really like this in her heart?

If that was the case, if she really was Huo die, she wouldn't have acknowledged him, right?

If it was Huo die and his daughter, he wouldn't have acknowledged her.

“I see,” he said, his throat blocked. I've always been presumptuous. I thought that keeping the things I had with her was already my affection for her. So, that's not what she wanted, Yingluo ‘

“He's already dead. What's the point of doing this and that?” Phoenix turned around.

Phoenix and Gong Bai went their separate ways. They played outside until evening before returning home.

Since Gong Bai was not at home, she gnashed her teeth and said, " It was already dinner time, and he was still not back to cook. Was he trying to starve her to death?"

She picked up her phone and called him. The call went through, and she was about to speak when she heard the beeping sound of the line being disconnected.

Phoenix was stunned for a moment before she angrily smashed her cell phone onto the sofa.

He actually dared to hang up on her?

"Gong Bai ..." The Phoenix roared in anger. "Did I say too much? Hmph! So what if he was heavy? He was in the wrong! He actually dared to throw a tantrum. I'll never, ever forgive him!"

She waited for two hours, but Gong Bai still hadn't returned. She had no choice but to cook dinner herself.

After dinner, she went back to her room to wash up. When she was applying her Facial Mask, she heard a sound outside and immediately took off her mask and rushed out.

Gong Bai walked over while supporting himself with the wall, reeking of alcohol.

Phoenix choked and took a step back. She asked in disgust, "You went drinking?"

Gong Bai stopped and raised his head to look at her. Then, he suddenly pounced on her and hugged her. "Little butterfly ..."

Phoenix was almost crushed by him. She stretched out her hand and pushed him. "Let go! You've got the wrong person!"

"You are Xiao die!" Gong Bai hugged her tightly and asked, " can you come back? I don't want to be alone anymore little butterfly "

As he spoke, he began to cry, as if he had released twenty years of longing in an instant.

Phoenix was a little helpless. She reached out and carried him back to his room.

She threw him onto the bed and rubbed her waist. When she was about to leave, Gong Bai suddenly grabbed her hand and pulled her toward him.

Phoenix accidentally fell on him and he reached out to hook his arms around her neck. He lifted his head and kissed her ...

Phoenix's eyes widened and she threw a punch at his face.

His head was thrown to the side, and he fell heavily on the bed, unconscious. Phoenix got up and gave him a kick on the leg."He's drunk and crazy!"

Phoenix was startled by Gong Bai's unmoving body. She reached out her hand to check for his breath under his nose and was relieved when she found that he was still alive.

She helped him take off his shoes, then pulled up the blanket and covered him with it, then turned and left the room.

As soon as the door was closed, Gong Bai, who was lying on the bed, opened his eyes with a confused look.

In the morning, Gong Bai got up and took a cold shower.

She would definitely catch a cold.

However, he just wanted to catch a cold.

After changing his clothes, he went downstairs. The aroma of toast came from the kitchen. He thought that Phoenix was there and walked over to take a look. There was no one inside, but the fresh fruit juice had already been squeezed.

Gong Bai picked up the Kiwi juice and took a look at it. Then, he raised his head and took a sip..

Chapter 1914: I dreamed of your mother

Two figures ran past the window. He squinted his eyes and immediately put down his cup and walked out. He saw Phoenix and a man in his twenties running one after another.

The man lived across the street. He was a Caucasian and was in University. He followed Phoenix around all day.

Gong Bai stood at the door. After a few minutes, the two of them ran back from the lawn.

Phoenix pretended not to see him. The man thought that she really did not see him and said politely.

Phoenix had no choice but to look at Gong Bai. She rolled her eyes and continued running.

Gong Bai fell to the ground with a thump.

The man was frightened and quickly shouted at Phoenix.

Phoenix turned around and took a deep breath. Then, she sprinted toward Gong Bai.

Gong Bai was really sick, and he had a bad cold. It seemed that taking a cold shower was very useful.

His head was heavy and he felt that someone was wiping his body. He couldn't help but reach out and grab that hand.

The other party gently and forcefully pried his hand away, stuffed it back into the blanket, and whispered in his ear, "Eat something."

"Xiaodie Qianqian," Gong Bai murmured, thinking that he was dreaming.

Was it really her?

A spoonful of congee was fed into his mouth, and he swallowed it with difficulty. Opening his eyes, he saw Huo die's face, which had been engraved into his heart.

He excitedly asked, "Xiaodie, Qianqian, you're back?" I've been waiting for a long time, Yingluo."

She looked at him and sneered, "you deserve it!."

He knew that she was scolding him, but scolding him was better than ignoring him.

He smiled in relief and closed his eyes heavily. His mind was in chaos.

When he woke up and saw the familiar environment, he felt as if he had been in a deep sleep for a century.

Phoenix sat on the edge of the bed and looked at him angrily.

"Phoenix?" he was stunned and shouted.

Phoenix looked at him with hatred and said, "you should be the one taking care of me, but in the end, it became me taking care of you!" If mom knew, she would definitely regret asking me to come to you!

"I dreamed of your mother," Gong Bai said with a smile.

Phoenix looked at him suspiciously and asked, "what do you want now?" I won't take you to pay your respects to her!"

"It's fine." He smiled and said, " I'm already very satisfied to be able to dream of her. She's as beautiful as before and she's very good to me.

are you sure she didn't scold you, hit you, or poison you to death? "She won't," Gong Bai said, "she has a sharp mouth but a soft heart."

"Are you sure you know her?"

"I'm not sure," Gong Bai said after a long silence.

"Ha ha ha," Phoenix sneered.

"I also want to confirm it, but Yingluo is no longer here, what can I do? If she's here, I'll do anything!" Gong Bai swore.

Phoenix stood up abruptly. that's enough. Stop going crazy. Go and cook!

She turned around and walked out of the room. Gong Bai got out of bed slowly, his head heavy and his feet light.

When he went downstairs, he saw Phoenix sitting on the sofa watching television.

"I've already bought the ingredients. Hurry up and make them!" Phoenix raised her head and said.

“When I was in a daze, I seemed to have eaten something delicious. Did you make it?” He asked.

“Do you think that’s possible?” “It’s unlikely that he’s Yingluo.”

“Hmph!”

Gong Bai walked over and sat down not far from her. “What for?” she asked guardedly, glancing at him.

“What do you think of David?”

“What do you mean by” how is it “?”

“I see that you play with him every day. You must like it, right?” Gong Bai said with a smile.

“So what if I like him?” Phoenix glared at him.

“I’m relieved that you have someone you like,” he nodded..

Chapter 1915: Is there any meaning to this?

what do you mean by that?! Phoenix called out.

“I want to go find your mother.” Gong Bai said.

“What?” Phoenix was stunned.

"If you don't tell me where she's buried, I'll go find her myself." He looked at her and said with his head down. "At most, I'll just search every single grave in the world!" He declared after a short while.

"You're crazy!"

"I've waited for her for so many years, how can I not go crazy? "Maybe she was blaming me for not looking for her before she died." Gong Bai leaned back on the sofa and covered his eyes with his hands to cover the shimmering tears.

"I did." He said, " didn't I become a demon, drink blood, and kill people just to find her? He just couldn't find it. She's good at hiding, so she'll definitely be laughing at me. But now, she won't hide anymore. I'll be able to find her, right, Yingluo?"

"I'm leaving this for you, so be careful. Whether it's David or Tom, whether you like it or not, men are not as reliable as you. Don't be fooled by them."

"You're leaving?" "Are you really leaving?" Phoenix asked.

"What else?"

"Are you crazy? How are you going to find it! There were so many cemeteries in this world. Living people could distinguish people of different genders and skin colors at a glance, but how could you tell tombstones apart? Are you going to go blind?" then tell me what I should do! Gong Bai looked at her and complained, " you didn't take me there, but you can't let me find it myself? "

"Are you sure you can find it?" Phoenix could not help but laugh.

"Of course I'm not sure," Gong Bai laughed at himself. I've always thought that there's no fire Phoenix in this world and that you're the fire butterfly. But, Qianqian, I'm being too delusional.

Gong Bai looked at her and asked, 'tell me? Are you? If you say no, I'll believe you and I'll search the whole world for you! I don't have eternal life, and if I don't set off now, I might never find it!"

Phoenix was silent for a long time before she asked in a cold tone any meaning to this?"

"What's the point of you stopping me from seeing her?"

Phoenix gritted her teeth and did not say a word.

Gong Bai reached out his hand to her, but he was stunned for a moment

before he slowly withdrew it.

He gently clenched his hand into a fist and said, "I'll look for a lawyer tomorrow to make a will."

Phoenix raised her head and her eyes were filled with stubbornness. "I don't care what you're going to do tomorrow! I don't care if you die, as long as you

Don't Starve me!"

Gong Bai's heart ached, and he would be lying if he said he wasn't sad.

He turned around and walked towards the kitchen, but he still couldn't convince himself not to care,

If she was Huo die, then he deserved it. She could torture him however she wanted, as long as she could forgive him.

But what if he wasn't? Raising such a daughter was better than not raising Yueyue.

Gong Bai took out the ingredients and washed them. He was determined to make Huo die's favorite dish.

Perhaps, this was the last meal?

He was sure that she was Huo die! It must be Yingluo.

Gong Bai t s hand that was holding the saber trembled a little.

The more certain he was, the more upset he felt.

How much did she hate him for her to refuse to acknowledge him? She would rather say that it was his child than to tease him.

ah! the Phoenix's cry was heard.

Gong Bai was shocked. He dropped the knife and ran over. He saw Phoenix lying on the sofa and a Caucasian man coming down from upstairs with an anesthetic gun.

Gong Bai rushed to Phoenix's side and helped her up.

She was shot with an anesthetic needle, and he reached out to pull it out.. He asked the man of unknown origin, "Who are you? What are you doing?"

Chapter 1916: It seems like that's all there is to it

Gong Bai recalled Yu qinghuan's words-Huo die came from that laboratory. Could it be that the laboratory was here to capture her?

He would not allow such a thing to happen, so he held Phoenix tightly.

He had obviously forgotten that the organization related to the laboratory had long since ceased to exist.

The man looked at him and smiled. King wants to know who old K likes. It seems that's all there is to it.

"King?" Gong Bai realized that the man was talking about King, who was also the current boss of the dark shadow.

King wants to see you. Do you want to go on your own, or do you want me to do it?" The man asked.

Gong Bai paused and looked down at the Phoenix in his arms.

Phoenix's eyes were half-closed as her fingers clutched tightly onto his sleeve. It was obvious that the anesthetic had taken effect on her.

"What if I don't go?" Gong Bai looked up.

The man snapped his fingers, and with a bang, a bullet hit the crystal lamp on the ceiling.

Gong Bai immediately held Phoenix in his arms and rolled behind the sofa with her.

The crystal lamp fell and hit the coffee table in front of the sofa. The glass was splashed everywhere, covering the entire sofa.

If Gong Bai hadn't run so fast, the fragments would have shot into his and Phoenix's bodies.

Now, his back was also covered with glass. He raised his head and shook his body, and the broken pieces fell to the ground.

"Are you alright?" he asked Phoenix in a hurry.

"I'm going to sleep for a while, Yingluo." Phoenix muttered and fainted in his arms.

Gong Bai raised his head and saw another man coming down the stairs with a gun. It was obvious that he was the one who shot the bullet.

At the same time, several cars drove into the villa and braked hard around the house. A group of people got out of the cars and stood outside with guns in their hands, staring at Gong Bai.

Gong Bai knew that if he didn't leave with them today, they would attack him.

"I'll go!" Gong Bai said as he stood up with Phoenix in his arms.

An hour later, he was brought to the Presidential Suite of a seven-star hotel.

Phoenix had not woken up yet. Under the watchful eyes of a group of people, he carried her into the living room.

There was a man in his thirties sitting on the sofa in the middle of the living room. He was dressed in a neat suit and his hair was combed neatly. He looked elegant and Noble.

With a cigar between his fingers, he glanced at Gong Bai coldly and then shifted his gaze to Phoenix.

Phoenix was facing Gong Bai, so he could not see her face. He did not look into her face, either. He looked away, flicked the cigarette ash, and said, "Sit."

Gong Bai sat down on the sofa on the side and put Phoenix Down carefully. Then he took off his coat and covered her with it.

King sized her up with great interest and asked, "A woman?"

His complete question should be, "your woman?"

Gong Bai pursed his lips and didn't answer. He put on his coat and gently put Phoenix's head on his shoulder. Then he raised his head and said, "Why are you looking for me?"

"I'm fine." King put the cigar in his mouth, took a deep breath, and slowly blew out a ring of smoke. I want to see what the successor personally selected by the old man looks like.

Gong Bai's scalp tingled, and he said hurriedly, "You've misunderstood. I'm not a successor."

Old K was the boss of the previous dark shadow. King couldn't have thought that old K had taught him personally so that he could lead the dark shadow, right?

He had never had such an ambition.

King laughed. it doesn't matter if I misunderstand. What's important is that with Wanwan's actions, everyone will think that I'm not legitimate. You should be the one to do it.

Chapter 1917: Is that you?

In the past, King had gotten rid of the previous King and replaced him, but this year, old K had given him up because he didn't want to play.

Hence, even though King was undefeatable in the assassin world, he still felt aggrieved. He had a feeling that he was not in a proper position and that his words were not legitimate.

He should have killed old K to consolidate his position.

However, like Gong Bai, he regarded old K as his master, elder, and family. Therefore, he couldn't do it.

Old K had retired from the assassin world these few years, but few people were his enemies. He could even call the shots in the underworld, and it was not without King's Secret help.

Under such circumstances, old K had accepted Gong Bai as his girlfriend, which was a slap to King's face.

If he couldn't kill, he should be the one to inherit, right? What did old K think he was?

Therefore, he should have killed old K to save himself some trouble.

However, after old K left the shadow, he was like a ghost, appearing and disappearing from time to time. There was no way to find him at the exact time and place.

In that case, he could only find another way.

He would definitely come for revenge for killing Gong Bai, who he had taught personally.

No matter what the reason was, King would not allow Gong Bai to be around old K.

Moreover, Gong Bai had caused trouble during the last mission. Now that someone had found an Ying and wanted to buy his life, King was only doing business by killing him.

But before he killed him, King wanted to take a good look at him. Who exactly was he that could make old K see him in a different light?

Now, he had seen it, but he didn't feel that they were evenly matched. He was a little disappointed.

"I've never planned to do this! I can explain to the people who misunderstood!" Gong Bai explained in a hurry as if he was afraid of death.

King laughed out loud, "you'll explain?" Do you think I'm petty and that you're very magnanimous?"

Qingqing couldn't talk to such a person! Duel!

Of course, that would only work when Phoenix was not around.

King suddenly looked at Phoenix, stroked his chin and smiled. "Why don't we leave her here? I heard she's your daughter? Such a beautiful daughter is more than enough to match me."

Gong Bai's face turned cold. He clenched his fists and said, "Take back your words. Otherwise, I don't care who you are!"

hehehe. King felt the murderous aura from him and became happy instead. why? do you want to fight me here?"

"There's no harm in that." Gong Bai said with certainty, making him realize that the Phoenix was his bottom line.

King laughed out loud and slowly stood up.

He walked to the wine cabinet, opened the cabinet door, and took out a bottle of red wine. Then, he took out a bottle opener and began to open the wine. As he opened it, he said, "Why are you so nervous? What kind of stunner haven't I seen? do you really think I'm interested in her?"

King suddenly turned around and pointed at him.

Gong Bai looked at him and found that he was holding a gun.

"Wait!" Gong Bai shouted.

It was too late. King had already pulled the trigger.

Seeing the bullet flying toward him, Gong Bai turned his head and protected Phoenix with his arms, his back facing King.

However, the pain he expected did not appear. He felt the person in his arms shake, and a warm liquid splashed on his neck.

Gong Bai raised his head and saw that Phoenix had opened her eyes. He stretched his right hand from his side to his back.

He jerked his head back and saw that she had stretched out her hand straight and clenched it into a fist, which was covered in blood.

“What are you doing!” Gong Bai roared. He grabbed her hand and saw a bloody hole on the back of her hand.

He hurriedly covered the hole with his clothes and looked up ahead. He found a bullet with blood stuck on the famous painting on the wall.

“What are you doing!” Gong Bai roared again and burst into tears while hugging the Phoenix. is that you, fire butterfly Qianqian? Was it you?”

Chapter 1918: What have you experienced?

Phoenix looked at King, who was about to shoot again. She said to Gong Bai coldly, “Let’s leave first,”

Gong Bai suddenly raised his head and looked at King.

King laughed and kept his gun. “I’d like to see how you’re going to escape.”

Gong Bai stretched out his hand and pulled up the table flag on the tea table. He overturned all the cups and fruits on the table and then tore a strand of fruit and tied it on the artery on Phoenix’s arm.

He carried her and walked out. When he reached the door, he was blocked by King's Men.

Phoenix raised her eyes-at that moment, her face was pale and her lips were trembling slightly. She did not look too good.

However, she suddenly pressed her hands on Gong Bai's shoulders and pushed him.

The two of them fell to the ground at the same time. Gong Bai said anxiously, "Little butterfly!"

Phoenix got up, picked up the fruit knife on the ground, and pounced on King.

King reacted quickly and dodged, but he was still caught by her. She pounced on his back and held the knife to her neck, shouting, "Let us go!"

King tried to throw her over his shoulder but realized he couldn't.

He was shocked and turned to look at her.

Her face was pale, but her eyes were bright. She stared at him coldly, which made him feel creepy for a moment.

He subconsciously trembled and asked, "Who are you?"

It was impossible for an ordinary person to have such a gaze.

She's also an assassin?

She and Gong Bai had killed the boss of Crete island together, so they were obviously in the same group.

However, since when did such a person exist in the world of assassins? how did he not know about him?

“I’ve experienced more evil than you’ve ever seen. Don’t challenge my ruthlessness,” Phoenix whispered in his ear.

King flung her away violently. She cried out in pain and rolled a few times on the ground.

“Phoenix!” Gong Bai rushed over and hugged her. Then, he looked up at King and shouted, “what the hell do you want? If you want my life, then take it!”

Phoenix leaned on him and opened her eyes to look at King.

King pulled out his gun and strode in front of her, aiming the muzzle at her head.

“Stop!” Gong Bai roared furiously. He reached out to grab the gun and turned the muzzle toward himself.

King stared at Phoenix. Phoenix’s lifeless eyes stared back at him, causing him to frown.

What had she experienced to have such a pair of eyes?

He had killed many people and experienced hellish training. He knew many dirty things, but Jian Jia still couldn’t understand them.

When Gong Bai saw them looking at each other, he turned to look at Phoenix. He was also startled by her expression.

SRC.....

These three letters appeared in his mind.

Only the experience there could make her show such an expression, right?

He hugged her tightly and looked up at King. "Let us go, and I'll be at your service in the future."

King looked at him and gently put away his gun. He turned to look out the window and sighed. "Let's go, Yingluo didn't intend to kill you. I don't want to make an enemy out of the old man yet. If you meet him, remember to say hello for me."

He could not help but smile bitterly.

Rather than killing old K and becoming a true king, he hoped that he would be different in old K's heart.

If he killed Gong Bai and old K killed him without hesitation, he would be sad.

If they didn't become enemies, he could still fantasize: Perhaps in old K's heart, he was also a different existence. After all, when he left, he had wanted him to take over. In the end, it was he who suppressed everyone and became the new king through his own strength.

Chapter 1919: are you done playing?

After leaving the hotel, Gong Bai immediately sent Phoenix to the hospital.

Phoenix had fainted due to excessive blood loss. After the operation, she was pushed into the ward.

Her body was weak and she would not wake up for a while. Gong Bai stayed by her bedside and wiped the dried blood off her body with a wet towel.

After he was done, he thought of something. He unbuttoned her hospital gown and reached out to rub her left shoulder slowly.

The skin on her left shoulder looked perfect without any abnormalities. But when he touched it a few times, he still felt the difference.

At the very least, it did not have a normal temperature when he first touched it.

As expected, she took something to cover the tattoo.

Gong Bai knew a little about the art of disguise. After studying it for a while, he estimated that his knowledge was about the same as his own, so he brought the "makeup removal" item when he went home to get her clothes.

Then, he took off the artificial skin on her shoulder.

When he saw the tattoo that had been in his memory for twenty years, he almost cried tears of joy. He lowered his head and hugged her head, hoping that she would recover soon so that he could pull her into his arms.

It was night time when Phoenix woke up.

A small light was turned on in the ward, and Gong Bai was sitting next to it and looking at his mobile phone.

She looked at him and opened her mouth, not knowing what to say.

Gong Bai suddenly turned his head, put down his cell phone, and rushed to her side. "You're awake?"

Phoenix met his eyes and felt a chill run down her spine. She subconsciously looked at her left shoulder.

He did not look like he was looking at a Phoenix.

Seeing her reaction, Gong Bai chuckled and rubbed her head. "Are you done playing? It's good that you like it. If you still don't want to acknowledge me, we can continue our role play."

"Who's cosplaying with you!" She was furious.

He paused, lifted her chin, and kissed her.

The Phoenix was stunned, and the fire butterfly was stunned. It was only when he had succeeded that it reacted and bit him ruthlessly.

He retreated in pain and hugged her. He said in a suppressed voice, "No matter what, it's good that you're still alive, better than anything else! It doesn't matter if you continue to blame me. It doesn't matter what you do as long as Yingluo is here."

His voice was a little suppressed, as if he was about to cry.

Huo die's expression changed, and she felt a bit uncomfortable. She couldn't bear to see him like this!

"Let go of me," she said in frustration.

Gong Bai let go of her and sat up straight. He secretly wiped the tears from the corners of his eyes and asked, "Are you hungry? I've made you some soup and porridge. Have some."

Huo die made a sound of agreement and tried to sit up.

"Don't move your hands too much," he hurriedly said.

She looked at her hand and asked indifferently, "What did the doctor say?"

Seeing her calm expression, Gong Bai guessed that she wouldn't be excited by any result.

“He’ll be able to recover to the level of a normal person, but there’ll probably be a scar. But you can’t use too much strength. I think you can hold a cup, but you can’t do anything else.”

“Oh.” She replied indifferently.

Gong Bai turned around and came back with a bowl of porridge and soup.

“It doesn’t look good!” She said with a frown.

“Good girl.” He reached out and touched her hair, saying affectionately, “ we’ll make something else tomorrow. Eat something light for now.

The fire butterfly pouted and didn’t say anything.

Gong Bai fed her food gently, and she snorted coldly. “Can’t I see that you’re so good to Phoenix? do you only have eyes for me and not our child?”

Gong Bai looked at her and suddenly wrapped his arms around her neck to kiss her.

The two kissed for a few minutes before he let go of her and said with an unstable breath, “ You still dare to say that? You don’t know, when I heard you were dead, I wanted to die too!”

Chapter 1920: A girl is only cute when she’s a little dirty

The fire butterfly rolled her eyes at him and said aggrievedly, “I’m afraid that if I appear directly, I’ll stick my warm face to your cold ass! I just wanted to change my identity to see if you really missed me and if I had a place in your heart. If you don’t, I’ll be your daughter. At least you’ll dote on your own child, right? I’ll change my identity, as long as it can make you feel heartache, Yingluo.”

“Silly!” Gong Bai hugged her and said, “ why are you so silly?!”

“It’s because I like you!” The fire butterfly roared.

good, good, good, Zhenzhen, ” Gong Bai comforted her immediately. I like you too.

They had been separated for 20 years. Huo die had finally come back, but she was still unwilling to acknowledge her identity with Gong Bai, which made him very anxious.

Now that he had finally opened his mouth, Gong Bai swore to make up for what he had missed. It didn’t matter what he did, the most important thing was to be good to Huo die! What he had not done for her in the past twenty years, he would do for her now!

The fire butterfly saw that he was so attentive, and also became arrogant.

When he was in the hospital, he ordered her around and even ordered his meals. When he was done, she said she didn’t want to eat it.

Even though Gong Bai knew that she was making trouble for him, he still pampered her so much that he was afraid that he wouldn’t spoil her.

She was just like that. She was probably still testing him to see if he was telling the truth. If he couldn’t even handle this, he must be lying to her!

He shook his head helplessly. She probably didn’t have much contact with people in the laboratory. After she came out, she naturally wouldn’t interact with people normally, so she was always so innocent.

The more Gong Bai saw her like this, the more his heart ached.

On the day he was discharged, he packed his things and brought them back to the car before going back to the room to pick her up.

She had changed into new clothes and was standing on the bed barefooted. She looked like a young girl in her twenties.

Gong Bai suddenly felt like an old cow eating young grass.

He asked helplessly, "still not coming down?" I'm leaving."

you carry me ~"the fire butterfly reached out her hand.

Gong Bai paused and lowered his head to pick up her shoes. "Alright, alright, alright, I'll carry you! Then you still have to wear shoes!"

Huo die immediately sat on the bed, happily swinging her legs, "Help me wear it."

Gong Bai knelt in front of her without complaint. She lowered her head to look at him and kissed him on the face.

He lifted his head, wrapped his arms around her neck, and kissed her.

She had only pecked him once, but he had gone from bad to worse and gave her a French Kiss.

After the kiss, Huo die's face reddened as she leaned on his shoulder and acted coquettishly, "Your kiss is so disgusting!"

Gong Bai, "hehe."

She threw him a flirtatious look, her finger sliding down his chest, and asked suggestively, "How did you survive all these years without me?"

“To be a monk.” He said grumpily. He helped her put on her shoes, then turned around and squatted in front of her. come on up! Let’s see how long these old bones of mine can last!”

Huo die lay on his back and said in a low voice, “If you can’t hold on, my sexual happiness will be in Jeopardy! I don’t want you to continue being a monk, so you have to do your best! Don’t Let Me Down!”

Gong Bai stopped and turned around to look at her helplessly. “How can you be so dirty?”

“Didn’t they say that girls are cute when they’re a little dirty? What, you don’t like it?”

“Yingluo likes it. She just liked it so much that her heart was fluttering. This time and place are not suitable!”

Huo die chuckled and pecked his ear, let’s go home, then ~”

Gong Bai understood her hint, and he walked quickly.

After being a vegetarian for twenty years, he could finally start eating meat!
