

Ditsy 1941

Chapter 1941: I haven't bathed in days

"I don't know." He hugged her tightly, his body trembling slightly.

"If that's the case, will you become extremely weak at some point in time?"

Sheng lingren was stunned. She let go of her and said, "you're so smart. This is a problem! I remember lying on the bed many times without any strength, and even breathing was difficult."

"It's normal for her body to be weak after being injected with too many drugs. The easier you get excited in the early stages, the faster you'll exhaust later on. This is because every time you get excited, you'll exhaust your body too much."

When Sheng Ling heard this, she was filled with despair.

He pushed her away and leaned against the wall. He reached out to cover his eyes and said in a hoarse voice, "at that time, they will come to separate us and continue to use us for their experiments, Yingluo.

"Yingluo, yes."

"But at that time, I definitely wouldn't have the strength to do anything. As for further experiments, they might not take the risk to register my previous drug."

then we can only wait for death here?! Yu qinghuan shouted, burying her head in her knees and curling into a ball in despair.

"I won't." I'll definitely bring you out," Sheng Ling said.

Yu qinghuan raised her head and looked at him.

“I swear!” He promised.

Yu qinghuan paused, then threw herself into his arms, touched.”Sheng Ling’s Qianqian”

Sheng lingren was stunned. She hugged her and comforted her. “Don’t cry, Yingluo.”

“Why are you so nice to me?” Yu qinghuan cried and asked, ” we don’t even know Yingluo!

“I’ve known him for a long time.” He laughed at himself. I only know you here. You’re the only one who’ll care about me in this hell. Before I met you, I thought I would definitely die. After I met you, you gave me New Hope. So, even if I can’t get out by myself, I’ll still take you out.”

Yu qinghuan trembled slightly and looked up at him after a moment.

He raised his hand to wipe her tears and whispered, ” don’t cry, don’t cry. I’ve got it. We’ll escape the next time someone comes to deliver food.

“Will that work?”

“Even if it doesn’t work, I still have to try.”

Yu qinghuan’s eyes lit up, and she nodded excitedly, hugging him tightly again.

Sheng lingren was stunned. She felt a little dizzy with her ***** in her arms.

He slowly reached out and wrapped her in his arms, his nose rubbing against her hair and sniffing.

Yu qinghuan suddenly pushed him away and touched her hair awkwardly. "I haven't taken a bath for many days."

Sheng lingren was stunned. She blushed and turned her head away, looking at the walls around her. "I remember that there's a shower on the wall, so you should be able to take a bath."

test subjects " also needed to be washed during the operation. Otherwise, the surface of the skin would be covered in sweat and grease, which would affect the results of some experiments.

but I don't know how to open it, " Yu qinghuan sighed. forget it. Life and death are more important, so don't bother about this."

"I'll go take a look." Sheng Ling stood up, opened the door, and walked out.

The cameras outside had been destroyed by him yesterday. He found the control panel and the power box. Some of the switches were not labeled, so he had to try them one by one.

After trying, Yu qinghuan shrieked.

He quickly turned off the switch and asked, " "What's wrong?"

"There's ... There's water," Yu qinghuan said.

"Then, Yueyue, you should wash up." Sheng Ling pushed the switch back on and started to study other things.

There weren't many things in the operation room. It would be great if he could find a map of the laboratory.

He found two books, both of which were needed for experiments. He put them back in disgust and turned on the computer.

Chapter 1942: Can only blame her

The computer's internet connection was cut off, so he began to search for information on the hard disk. However, the hard drive was empty. It seemed that someone had deleted it.

He wanted to recover, but his skills were not good enough. He studied finance in University, but his computer skills were average.

In order to not let go of any opportunity, he turned on all the computers and searched through everything in the operation room.

He also flipped through the books that he disliked-perhaps he could find a way to control his body.

"Shengling County's Zhenzhen!" Yu qinghuan's trembling voice was heard.

He was stunned and raised his head. He was stunned and the book in his hand fell to the ground.

She hid behind the door of the cubicle, her hair dripping wet and hanging by her side. Her fair arms were holding a wet shirt to cover her chest, and her arms, face, and collarbones were covered with water droplets.

Sheng Ling's throat tightened, and she could not look away.

my clothes are wet," Yu qinghuan said awkwardly. can I have a shirt?"

When Sheng lingren heard that, she immediately came back to her senses. She stood up and touched her body-he was only wearing a pair of shorts, and had no clothes to give her.

"There's a work uniform next to ran ran," Yu qinghuan said.

Sheng Ling looked over and saw several white coats hanging on the clothes rack. He took one and walked over to her sideways. When he reached her, he handed it to her with his back to her.

Yu qinghuan took the clothes. turn off the water. There's no switch inside.

okay," Sheng Ling replied. She walked to the operating table and pressed the switch.

The sound of water stopped immediately, and Yu qinghuan went back to put on her clothes.

After she put it on, she took her wet clothes out and pushed the things on the office table to the ground and put her clothes on the table.

Sheng Ling glanced at her and found that she was only wearing a white coat. Her legs were exposed in the air, and she could not help but feel excited.

He couldn't help but scold himself,"we're already at the gates of hell, why do we still have the heart to think about this?"

No, no, no, no.

He could not be blamed for this! She could only blame herself for being too alluring!

Yu qinghuan said,"you should go and wash up too." The temperature here is high, so it won't take long for the clothes to dry."

"En!" Sheng Ling ran in hurriedly.

Yu qinghuan said,"wait!" First, teach me how to turn on the switch!"

"The green button on the third row."

Yu qinghuan walked to the control panel and pressed the button he had mentioned. Immediately, the sound of water could be heard.

She turned it off again and said, "bring the clothes in first."

"Uh, Yueyue, I won't be coming out. Help me pass it in."

Yu qinghuan agreed. She found a document bag and handed him a white coat. She said through the wall, "Put it properly, don't get it wet."

"Yes."

Yu qinghuan turned around and looked at the office. Just like before, she began to rummage through the cabinets.

She had found all the useful things for him. She took a look and sat in front of the computer.

Staring at the computer screen, she was a little discouraged.

She didn't know anything about computers.

She had learned it when she was studying, but it was too long ago for her. After living for decades, the electronic equipment had been upgraded, but she had never studied it.

However, the computer only had some experimental data, right? To her and Sheng Ling, it was of no use.

Bang-

A muffled sound was heard, and Yu qinghuan was shocked. She looked at the door of the cubicle that was left ajar.

She stood up and walked over carefully. She asked through the door, "Sheng Ling?"

Hu ... Hu ... Sheng Ling's heavy panting could be heard.

Chapter 1943: Will you marry me?

Yu qinghuan was shocked. She had a bad feeling and quickly went back to turn off the water.

ah! Sheng lingren roared.

Yu qinghuan knew that he had acted up again, so she rushed in.

She pushed the door open and saw him standing facing the wall with his arms against the wall, the veins on his skin exposed.

However, he was not wearing any clothes.

Yu qinghuan was stunned at the door.

Bang! Bang!

The Sheng Ling people raised their fists and smashed them on the wall.

Yu qinghuan took a deep breath and walked in with a calm expression, gently closing the door behind her.

“Are you feeling better?” she asked as she walked to his side.

Sheng Ling froze and turned to look at her. In a flash, his breathing became heavier.

Yu qinghuan was shocked.

Could it be that she was no longer able to calm him down?

She couldn't help but take a step back. Sheng Ling pulled her into her arms and hugged her tightly. “Don't go!”

Yu qinghuan was stunned.

Sheng Ling pushed her against the wall and grabbed her shoulders tightly. She looked at her, losing control.

Yu qinghuan trembled slightly and asked in fear, “What's wrong with you? Is ... Is it ineffective?”

there's no Hanhan. he lowered his head, closed his eyes, and took a deep breath. I'll be fine in a while if there's no Hanhan.

Yu qinghuan looked at the beads of sweat on his forehead and rolled her eyes. She then raised her head and gently kissed his chin.

His body trembled and he opened his eyes to look at her.

“Is this better?” she asked innocently.

Hu ... Sheng lingren picked her up and put her on the bed.

She had been humiliated by Sheng Zhongtian in her past life, and the terrifying memory still remained in the depths of her mind.

She had never enjoyed the beautiful side of this kind of thing. She was only afraid.

Yu qinghuan hurriedly held him down and looked at him with her big, pure eyes. "I'm fine! I'm not. I'm not."

Sheng lingren's breath became even more turbid. She hugged her tightly and asked in a hoarse voice, "What's your name?"

"Qing, qinghuan."

"The taste of the human world is qinghuan?"

"Yingluo, yes."

"Are you willing to marry me?" He asked, his voice trembling from the loss of control.

Yu qinghuan raised her head and looked at him in surprise.

He said, "some things will be different if you change your relationship." Let me be your fiancé, and we'll get married when we get out."

Yu qinghuan was so stunned that she couldn't react.

She had never thought about this.

She only thought that if their relationship went further, it would not be easy for him to leave her behind when he ran away.

She had been through so much, and it was not easy for her to fall in love with someone.

She only knew that in order to survive, she had to be unscrupulous when necessary!

Sheng Ling thought she was worried about the future, so she said with certainty, "We'll definitely get out. If I can't get out, you will."

"En, Yingluo."

"Are you willing to do so?"

She looked at him and suddenly could not bear to lie to him, but she still nodded. "I'm willing to."

After a while, they were still in the small room. Sheng lingren was lying on the stiff bed with Yu qinghuan in her arms. She was wearing a white coat.

Chapter 1944: I'm afraid I won't have the chance in the future

Yu qinghuan's back was against Sheng lingren's chest, and their legs were intertwined. She used his arm as a pillow and looked at the wall with empty eyes.

Sheng lingren gently stroked her hair and kissed her on the shoulder. "Does it still hurt?"

"Qinghuan?"

"What?" Yu qinghuan came back to her senses.

Sheng Ling turned her around to face her and looked into her eyes. "What's wrong? Are you angry with me? I'm just tidying up, I'm just tidying up. It's already like this, I don't have to explain."

He lowered his head and hugged her tightly. I admit that I'm a little affected by you. It's not that I can't control myself. Instead, Yingluo is a little excited. Don't worry, when we get out, I'll definitely hang on to you. If I can't get out, you can forget about me and find someone who's good to you."

"I'm not thinking about that." Yu qinghuan smiled helplessly. I'm just a little tired.

Sheng lingren was stunned. She moved her hand to her waist and asked in a low voice, "Am I too heavy?"

"No, I haven't. You're very gentle."

She had long been unwilling to think about her last encounter, but she knew that it was a world of difference compared to this time.

Sheng Ling was like a Prince from a fairy tale. She felt like she was being treated gently and loved. If it was like this in the future, she didn't mind forming a family with him and doing more of these things.

Oh my God! Sheng Ling felt embarrassed when she heard her.

Which part of him was gentle? He felt that he was too impetuous. He had just made her cry.

Yu qinghuan saw his red face and couldn't help but ask curiously, "Is this your first time?"

"Don't make it sound like it's not your first time!" Sheng lingren glared at her.

"My first time is very normal." Yu qinghuan didn't look shy at all. She had long forgotten what shyness was. but you men usually start early, right? "

“I’m determined to give my first time to my wife.”

Yu qinghuan didn’t expect him to be so pure. To be able to give her first time to such a person in this life was better than in her previous life, right?

Sheng lingren suddenly laughed. She buried her head in her neck and called out, “ wifey.

“What did you just call me?” Yu qinghuan was stunned.

“My wife.” He raised his head and stroked her forehead with his fingers.

“Who allowed you to call me that?!” She asked angrily.

She suddenly thought of old K.

When old K had been pestering her, he had also called her “ wifey “, but she had not said anything. She had simply thrown the fruit knife at him and cut off the hair on his head.

From then on, he had never called her that again.

But now, she couldn’t use force to threaten him.

Seeing that she was angry, Sheng Ling sighed helplessly. She said sadly, “ “Just let me call you. I’m afraid I won’t have the chance in the future.”

“Didn’t you say that we would definitely get out?” Yu qinghuan was shocked.

Could it be that he had slept with her and was about to leave her behind?

“You.” He touched her brows with his fingers and looked at her gently. you’ll definitely go out, but I won’t.

Yu qinghuan, “Yingluo.”

She had actually measured the heart of a gentleman with her own mean measure?

A sound came from outside the door. Sheng Ling was shocked and sat up abruptly.

Yu qinghuan also got up and covered herself with her clothes.

put it on, ” Sheng lingren said softly. I’ll go out and take a look!

Walking out of the room, he heard the sounds outside and frowned.

He picked up the clothes that Yu qinghuan had hung on the table and returned to his room.

Chapter 1945: We’ll talk about it when she’s pregnant

Yu qinghuan was putting on her white coat when she turned around and said, ” “This voice doesn’t sound good.”

“Yes.” someone’s coming, ” the person from Sheng Ling said. but they’ve removed all the barriers on the road.

Yu qinghuan thought for a moment. it must be because you destroyed the surveillance cameras. They’re afraid that something out of control will happen.

When Sheng Ling heard this, she blamed herself. if I had known, I would have kept those outside! Now that the barriers are all activated, we can't get out at all."

Yu qinghuan was about to say something when she heard the clear sound of the door opening. She knew that someone had entered the operation room outside, so she stopped talking.

Sheng lingren strode out. When she reached the door, her body trembled.

Seeing this, Yu qinghuan's heart jumped to her throat.

What's wrong? What did he just see?

Sheng Ling slowly retreated. Yu qinghuan was sitting on the bed when she saw two people with guns at the door.

"Shit!"She could not help but curse.

Even after she had been completely modified, she did not dare to underestimate bullets. She had enough speed and reaction to Dodge and catch it, but once she was shot, she would be seriously injured. However, she had a strong recovery ability and would not die easily.

However, at this moment, whether it was her body or her various abilities, none of them could compare to her body, which had been transformed for more than twenty years. In terms of level, he was probably just qualified to enter the field of cyborgs, while she was already at the top.

These bullets would definitely take his life.

Sheng Ling retreated in front of her and blocked her.

Yu qinghuan's heart moved.

The two men at the door had cameras tied to their shoulders. The cameras recorded their situation and sent it back to the monitoring room.

Liu Xuelan leaned closer to the screen, her eyes fixed on Yu qinghuan.

Sheng Zhongtian's eyelids twitched. He was furious and asked, "Why are they like this? Isn't it Yingluo?"

"Obviously," Liu Xuelan grabbed the microphone and said, "Pat the bed for me to see.

One of them immediately pointed his gun at Yu qinghuan and Sheng lingren and shouted, "Get up! Stand at the foot of the wall!"

Yu qinghuan quickly got up and pulled Sheng lingren away.

Sheng lingren was a little unwilling, but Yu qinghuan held his hand and pulled. He looked at her. She gave him a look and retreated to the foot of the wall.

Sheng lingren followed him in silence.

Then, the two people at the door walked in. One looked at them, and the other went to look at the bed.

When Sheng Ling saw the blood on the bed, she could not help but clench her teeth! That's Yingluo.

How could he let anyone else see that?

He wished he could kill these two people!

In the surveillance room, Liu Xuelan laughed.

Sheng Zhongtian gritted his teeth in his heart, 'this bastard Sheng lingren is really lucky!

"I'm probably bored." He snorted coldly.

Liu Xuelan glanced at him.

"What's your plan?" he immediately smiled.

change to another room and have good food and drinks. We'll talk about it when you get pregnant on the 17th.

"Are you sure?" Sheng Zhongtian was stunned.

why don't you go and find me a pregnant woman?" Liu Xuelan glared at him.

He nodded helplessly and looked at Yu qinghuan on the screen unwillingly.

Very quickly, Yu qinghuan and Sheng Ling were moved to a new room.

The new room was very "luxurious" with a separate bathroom. The bed in the room was no longer bare, but covered with a layer of mat and a white soft quilt.

There were even tables and chairs for resting in the room, making it look like a humble home.

Yu qinghuan and Sheng lingren looked at each other, not knowing what he meant.

Chapter 1946: chess

The door was locked and no one cared about them. The two of them sat down and looked at each other silently.

They couldn't say anything more because there were cameras everywhere, even in the bathroom.

This feeling of having nowhere to hide made the two of them very uncomfortable.

It was boring to sit there for a long time. In this oppressive space, there were no entertainment facilities. If it wasn't for the other party's company and they were alone, they would definitely go crazy.

But even if he had company, this kind of place could make him face a mental breakdown at any time.

They were all thinking about how to escape, but they could not discuss it under the surveillance.

Yu qinghuan pinched her fingers and bit her lip. She was getting more and more frustrated.

Sheng Ling was the same. He almost went crazy. Suddenly, he slammed the table, got up, and went to the bathroom.

Yu qinghuan glanced at him, then bent over and leaned on the table, using her arm as a pillow.

She hummed a song softly. She had forgotten where she had learned this song, but it probably wasn't from this era. It had come later.

As she hummed, she heard Sheng Ling come out. She looked up and saw him coming out with two cups. There were toothbrushes in the cups, and they were full.

"Let's play chess," he said.

"How?" Yu qinghuan was puzzled.

“Use water as a pen.”

He sat opposite her and placed one of the cups in front of her. Then, he took the toothbrush in his cup and dipped the handle in water to draw a grid on the table.

this works very quickly. We can't play Go anymore, but Gomoku should be more or less the same. He said.

Yu qinghuan thought for a moment and nodded. I like this kind of mind-boggling game. If only there were Mahjong and poker cards, I could play it for a long time.”

“Even if you don't, I'll still find you some entertainment.”

Yu qinghuan was stunned. She looked at him and saw him staring at her. For some reason, her face heated up, and she remembered that their relationship was no longer simple.

She started to play chess. After a few moves, she realized that her brain's reaction was not as fast as it had been in her previous life after being modified.

She felt a little regretful, but when she thought about the chance to be like an ordinary person, she didn't think this loss was a big deal.

Willing, willing, if there was a sacrifice, there would be a gain.

“You won again.” She looked at Sheng lingren.

“Are you still coming?” Sheng Ling asked.

“Come on, there's nothing else to do anyway.”

The two of them played until it was time for dinner.

The food in this " cell " was no longer delivered to them through the door, but through a window on the wall. The two of them were playing chess when they suddenly heard a click, like the sound of a box being opened.

Looking in the direction of the sound, he saw a door the size of a notebook Spring Open on the wall that had not seemed to have any abnormalities.

The two of them looked at each other, put down their toothbrushes, and walked over.

Sheng lingren gently opened the small door and saw a small grid inside with two lunch boxes.

He took out the lunch box, which was filled with warm food.

He touched the door. It seemed to be made of metal.

Sheng Ling touched the inside of the room again. It seemed to be made of cement all around, and metal was in front of it. It seemed that someone had turned this place into a small cabinet.

I think they've hollowed out the wall," he said to Yu qinghuan. that's the lab.

Yu qinghuan frowned. let's eat. I'm hungry.

The two of them returned to the table. There was only food in the lunchbox, no soup.

Yu qinghuan went to the washroom to get a cup of water. After drinking, she suddenly remembered, " "I wonder if the water is clean."

Chapter 1947: How do we sleep separately?

“What’s there to fuss about now?” Sheng lingren also took a glass and drank it. After drinking, she smiled and raised her glass to clink with hers. cheers!

“Today’s a meaningful day. It’s the most relaxed and happy day I’ve had since I came here.”

“What do you mean?” Yu qinghuan asked, a little uncomfortable.

He was stunned, and suddenly remembered that they had done it before, and his face suddenly turned red.

He coughed, picked up a piece of meat from his lunchbox, and put it in front of her. He said in a low voice, “You should eat more.”

today’s dishes seem to be better, ” Yu qinghuan said gloomily. are you going to give us the last experiment? ”

Sheng lingren was stunned. There was a slight change in her eyes as she looked at her. After a while, she sighed in relief.”Don’t worry. If they really wanted to do an experiment, they wouldn’t have let us eat.”

If they were to do an experiment, they would be hungry for at least a few hours. How could they give them food?

“That’s true.” Yu qinghuan ate with a peace of mind.

After eating, the two of them prepared to sleep.

Because there were surveillance cameras in the room, the two of them only brushed their teeth and washed their faces, but did not take a shower.

The people from Sheng Ling did not destroy the surveillance cameras. First, there were too many of them. Second, they urged him to hide his 'strength' and let the people outside lower their guard. Only then would he have a chance to escape.

There was only one bed. The two of them looked at each other and felt a little awkward.

Sheng lingren coughed lightly and directly lay on the ground. "You can sleep on the bed."

"How can we do that?" Yu qinghuan shouted, " Zhenzhen, if you want to sleep, you should cover yourself with a blanket!

She picked up the blanket and found that the bed was empty-there was only one blanket.

Sheng Ling lay on the ground, using her arm as a pillow. She looked at her gently. it's fine, I'm used to it. My bed used to be made of cement, no different from the ground, and I've been lying on the ground most of the time.

Yu qinghuan thought for a moment, then put the blanket back and lay down.

They weren't wearing any shoes, and it was already good enough to have clothes to cover their bodies. Where would they get any shoes? As soon as he got on the experimental table, he was almost naked. He had to take off his shoes when he wore them.

Yu qinghuan lay flat on the bed, looking at the lights and cameras on the ceiling. She turned to Sheng lingren and said, " I feel like I'm about to die."

Sheng Ling's heart skipped a beat. She knew that she could not talk nonsense in front of the camera. She said lifelessly, " Don't be afraid, I'll be with you."

Yu qinghuan smiled bitterly and closed her eyes to sleep.

In the surveillance room, Liu Xuelan held a cup of water and looked at them, frowning slightly.

Sheng Zhongtian came in from outside and said to her, "Have you gone back? Dong ye is crying at home."

"Yes." Liu Xuelan stood up.

Sheng Zhongtian looked at the screen and said in surprise, "Why are they sleeping separately?"

"They don't want us to have a live broadcast of it!"

"Then what should we do? Turn off the surveillance camera?"

"Closed? How dangerous would that be? what if they decide to escape?"

"This place is heavily guarded, how is that possible?"

"We still have to be careful." Liu Xuelan frowned. I've been feeling uneasy lately. I can't be careless.

yes. Sheng Zhongtian nodded. if she's already pregnant on the 17th, it's fine for them to sleep separately.

They were locked up together and given such good conditions, hoping that they could continue to have sex and create little lives.

Liu Xuelan sneered. it doesn't matter if she's not pregnant. There's always a way to make them give up their reservations!

A week later, the people from Sheng Ling kept their promise and found a lot of entertainment for Yu qinghuan.

He would sing for her and take her to Tango.

Chapter 1948: Do not breathe

There were only the two of them in the enclosed space. The only entertainment saved their nerves from collapsing and helped them resist the despair and fear.

During this time, Sheng Ling had been very quiet.

Even though he would occasionally feel the urge to go berserk, Yu qinghuan was always by his side. As soon as those thoughts arose, they would be suppressed. It was to the extent that he didn't seem to be acting abnormally on the surface.

However, his behavior was too abnormal in the eyes of Liu Xuelan and the rest!

The effects of the medicine in his body must not have worn off. Even if the first injection had worn off, they found out that he had given himself an injection. Later, they gave him a new injection. Logically, he should not be so calm. Based on his previous reactions, he would be crazy for another three to five months.

Could it be a problem with the new drug? It neutralized the original medicinal properties?

Or was it because he had a relationship with Yu qinghuan, which affected this?

Liu Xuelan called for a meeting and said, "this is a serious problem. We have to check on him immediately." Her ovulation period was approaching on the 17th. She would put an aphrodisiac in the room tonight and let them have sex. After this, separate the two and check them separately!"

There was only one camera in the bathroom. Sheng Ling flipped the table over, covered it with the blanket, and raised it in the air to cover the camera.

Yu qinghuan bathed under his cover, and he closed his eyes every time.

“Actually, you can read it.” Yu qinghuan said.

Oh, I want to see it. his eyes were still closed.

Yu qinghuan was stunned. She looked at him, but he did not open his eyes.

Her heart skipped a beat. They had already had sex, but he was still acting like a gentleman.

However, she would not help him block the cameras when he was taking a bath.

She had asked him if he needed it, and he looked at the camera and snorted. “I don’t need it. It’s just nice to disgust them!”

Yu qinghuan almost laughed out loud.

The two of them were much more familiar and closer than before, but when they slept, they still slept on one bed and one floor.

That night, the two of them had just laid down for a while when a delicate fragrance slowly drifted into their noses.

Yu qinghuan sniffed and looked at Sheng lingren. “Do you smell it?”

Sheng Ling sat up. When she saw a cloud of gas floating down from the ceiling, she immediately got up and reached out to cover her mouth and nose. “Don’t breathe!”

Yu qinghuan quickly grabbed his hand. Hearing his voice, she paused but did not push it away.

She opened her eyes wide and saw the gas slowly fall down. She felt moisture on her face like a mist spray.

Sheng lingren felt it too. She pulled her into her arms and hugged her tightly.

Yu qinghuan could no longer breathe, and she pried his hand away.

“Could it be poisonous gas?” he looked at her in despair.

“It’s aphrodisiac,” Yu qinghuan shook her head.

“What?” Sheng lingren was stunned.

She looked at him and said, “judging from the smell, I think so.”

She had encountered it several times. However, at that time, her body had already been modified and was completely immune to this. She didn’t know how she felt now.

She furrowed her brows. The situation was not optimistic.

Sheng lingren quickly let go of her and said, “ “Why don’t we hide in the toilet?”

Yu qinghuan didn’t think it was useful. This fragrance was drifting, and gas particles were spreading everywhere. It was useless to hide in the toilet.

However, he still had to try!

The two of them immediately headed to the toilet. When they opened the toilet door, they were stunned.

The toilet was foggy, and the fragrance was so strong that it felt like they were in a sea of flowers.

Chapter 1949: whatever you say

The two of them immediately retreated and closed the door. Then, they looked at each other.

From the looks of it, the fragrance that he had just smelled was coming from the toilet.

Sheng lingren gritted her teeth and walked to the door to meditate. That was the place furthest from the bed.

Seeing this, Yu qinghuan simply went back to bed and covered her nose with the blanket.

However, it was impossible to fall asleep in such a situation.

Gradually, she felt her body go soft, and her mind was a little intoxicated. The other things weren't obvious, but there wasn't the rumor that he would burn himself.

Could this be a simple anesthetic?

Just as she was thinking about this, she suddenly felt a weight on her body. When she looked up, she saw Sheng Ling sitting down beside her. She placed her hands on her sides and bent down to look at her.

"Are you alright?" Yu qinghuan asked.

He took a deep breath and said in a hoarse voice, "I can't help but bully you, Yingluo."

"What do you mean?" Yu qinghuan was stunned.

I can't control myself," Sheng Ling said with difficulty. how can they do such a low-level experiment?!

Yu qinghuan immediately understood. It seemed that this medicine was not effective on women, but it was very effective on men.

She looked at the surveillance camera on the ceiling and said firmly, "I don't want to!"

Sheng lingren also took a look and panted. "Don't worry, I don't want anyone to see my wife's body."

Who's Yingluo's wife?

Sheng, Zhong, Tian 'an! he gritted his teeth. I'll definitely make it out alive and make you have nightmares for the rest of your life!

Yu qinghuan laughed coldly. if you can get out of here alive, don't let him have the chance to dream.

Sheng lingren looked at her. alright, whatever you say.

Yu qinghuan was stunned. He sounded like he had to listen to her on everything, and she was not used to it.

She looked at the surveillance camera and bit her lip.

Sheng lingren got up and said,"I'll try-"

"Don't bother!" She immediately reached out to pull him back and looked into his eyes with her bright eyes.

He paused, understanding that she didn't want him to expose his body's potential.

He thought for a moment, then pulled the blanket off her body and got in, then wrapped the two of them tightly.

When Yu qinghuan was touched by him, she realized that she was also affected by the medicine.

.....

When they were done, Sheng Ling pulled Yu qinghuan into her arms, and their hands were intertwined under the blanket.

He wrote on her palm, "tell me, why are they doing this?"

Yu qinghuan thought for a moment and replied, "I don't know."

She pulled out her hand and ran it through her hair, roughly knowing why. Combined with what had happened in her past life, it was obvious that Liu Xuelan wanted to make her pregnant again and use her for experiments.

But this time, she would not allow her child to suffer.

At this moment, Liu Xuelan's voice was heard, "I'll give you five minutes to sort it out. The surveillance camera will be turned off."

The two of them were shocked. They looked up at the ceiling and saw a small decoration in the corner. It was probably a radio.

Sheng Ling sat up and carefully covered her with the blanket. "Just do it as usual. Who knew if they were telling the truth? Moreover ..."

"Even if the surveillance cameras are turned off, they'll definitely continue to eavesdrop," he said in a low voice.

Yu qinghuan nodded and sat up with his help.

His eyes darkened, and he lowered his head and whispered in her ear, "I'm sorry, Yingluo."

Yu qinghuan froze and lowered her head,"it's not your fault." I think if we meet outside, it will be a wonderful encounter."

Chapter 1950: all hope

She was right. Sheng lingren wanted to say something, but she could not find the right words. After a long time, she hummed.

The two of them had just put on their clothes when the door was opened. Liu Xuelan rushed in with her men.

Two of them immediately went to grab Yu qinghuan, who screamed in fear, "You're bullying me!"

Everyone separated them and dragged her out.

what are you guys doing?! Sheng lingren rushed up angrily and tried to pull her back.

Someone next to him hit him on the neck with an electric baton, and he fainted.

Yu qinghuan was shocked-they used electric shock? If the people from Sheng Ling University did not resist the electric shock, they would never have a chance to escape.

Liu Xuelan sneered as she walked in front of her. let's go.

Yu qinghuan glared at her and turned to leave.

She clenched her fists and prayed in her heart, "if I can't escape before the child is born, then I'll just let Yingluo be like in her previous life." He would turn her into an impregnable fortress and then return to save nanxuan and kill these perverts!

Of course, she still hoped that she would be lucky in this life and not let Nan Xuan be born in this hell again.

Yu qinghuan thought of her child and began to cry sadly.

Soon, she was brought into a new room.

She had been locked up here for almost a week and had to undergo many examinations.

The good thing was that they didn't inject her with any drugs or do any experiments this time.

A few days later, she was brought back.

As soon as she entered the room, she saw Sheng Ling lying on the bed. Her limbs were chained up.

"You're bullying me!" Yu qinghuan rushed over and saw that he was covered in wounds. She reached out with a trembling hand and grabbed his shoulder. are you okay? " How did this happen?"

Sheng lingren looked at her while panting. Her pupils were a little unfocused, and it was obvious that she did not have much energy and strength.

He stuttered, "I'm fine. Are you okay?" What did they do to you?"

"I did some simple examinations, but I don't know what they want to do. Yingluo, what's wrong with you? What kind of experiment did they do for you?" Yu qinghuan's face was filled with worry.

She had placed all her hopes on him. If he was crippled, she would not be able to leave!

I'm not sure," Sheng lingren said. I fainted. I think I was electrocuted.

"Then you should rest." Yu qinghuan gently held his hand, her fingers stroking the back of his hand.

He felt much more comfortable and asked in a daze," "Where are you sleeping tonight?"

"Don't worry about me. I'll just squeeze in at the side. You sleep first."

okay. Sheng Ling soon fell asleep.

Yu qinghuan began to think back to the experiments she had done in her previous life, and whether she could use them on Sheng Ling.

Unfortunately, her final transformation was after more than 20 years of constant modification, and it would definitely not be able to be applied to Sheng Ling people in the short term.

Moreover, the people in the laboratory didn't know that she would end up like that. There were too many experiments, and the final results were far from the original idea. She was just the result of various 'coincidences'.

Just like Sheng lingren's current situation-the injection of drugs and the combination of electric shock-could cause a permanent and irreversible " change " to some parts of his body.

For example, he had previously become extremely powerful, aggressive, and destructive because of the medicine, which might follow him forever.

If they could obtain this 'ability' while they were escaping, it could be a good thing as it could greatly increase the success rate of their escape.

But if Yingluo

What if he was crippled by the experiment before he escaped?
