Chapter 1951: I think I'm pregnant

Sheng Ling had been unconscious for three days and three nights. After he woke up, Liu Xuelan examined him and found that he had no offensive power. She then asked someone to loosen the shackles on him.

"Are you alright?" Yu qinghuan asked after they left.

"I feel like Yingluo has no strength left."

"It's good that you're still alive!" Yu qinghuan pounced on him, hugged him, and cried.

Sheng lingren pushed her away, cupped her face, and kissed her.

This time, they didn't need to be drugged, and the two of them took the initiative to roll on the bed.

After it ended, the two of them were still "communicating" under the blanket.

Sheng Ling wrote on Yu qinghuan's palm. I'm fine now.

Yu qinghuan asked, "are you alright?"

Shengling: "I really didn't have any strength just now. They didn't find anything unusual when they checked. But now, I feel like I'm filled with power, as if a demon was sealed in my body.

Yu qinghuan opened her eyes and flipped over, pressing down on him. She pulled the blanket over their heads and asked in a low voice, "You're plucking Yin to supplement yang?"

Sheng lingren laughed and turned over to press her down. "We'll know if it's true if we do it again."

"Yingluo, what kind of environment are you in? you're only thinking about this?"

Sheng lingren smiled and continued what she wanted to do.

This continued for almost a month, and the two of them became extremely close. Without Liu Xuelan's help, they would sleep together every now and then.

The people in the monitoring room were going crazy!

Working in this laboratory for the sake of confidentiality was almost the same as going to jail. They rarely went out, let alone live in the X. It was fine if he didn't have it, but now he had to watch two human-shaped white mice being in love. This was simply dog abuse!

In the morning, Yu qinghuan and Sheng lingren were washing up in the bathroom.

Sheng lingren grabbed her hair and said, "It's so long, Yingluo."

"Cut it off when you go out." Yu qinghuan said, "if you want to be handsome, you can have a plane haircut. If you want to be cool, you can have a buzz cut. If you want to be handsome and cool, you can have a slickback.

"You're really good at it." Sheng lingren glanced at her and reached out to grab her long hair. what are you going to do when you go out? "

"Yeah, I want to cut it off." Yu qinghuan raised her hand to her ear. maybe we'll stop here. Let's start over.

"It's good to start over."

As Sheng lingren spoke, she was suddenly stunned. She turned the tap to the maximum and reached down to wash slowly.

Yu qinghuan could tell that he was acting out of the ordinary. She lowered her head and asked softly, "Someone's here?"

"Yes." He looked at her, his eyes full of worry.

It looked like they were going to be separated again and then subjected to various experiments.

What about after the experiment? It was not up to them to decide if they would be sent back here.

Furthermore, there was a high chance that they would die in the experiment.

This might be the last time Yingluo and the others would meet.

Sheng lingren hugged Yu qinghuan. I love you! she said.

"I think I'm pregnant," Yu qinghuan said in a low voice.

The water was on next to them, so the two of them deliberately lowered their voices, hoping to avoid being eavesdropped.

They believed that the laboratory would not have good equipment in this area. After all, they were not in the intelligence Department.

When Sheng Ling heard her words, she suddenly let go of her and looked at her.

At this moment, the sound outside became very obvious-someone had entered the house.

"I know what they're trying to do," Yu qinghuan said in a low voice. They want me to get pregnant and then use me for experiments."

Sheng lingren looked at her in shock.

Suddenly, the bathroom door was pushed open. The two of them looked over and saw a large group of people.

"Hurry up and come out!" The leader said.

"Let's say goodbye." Yu qinghuan said.

Everyone looked at them, and some people couldn't bear to see them. They pulled the door open and said angrily, "Hurry up!"

Chapter 1952: Leaving today

Sheng lingren immediately pressed on Yu qinghuan's shoulder, looked into her eyes, and asked, "What did you just say?"

Yu qinghuan lowered her head and lowered her voice, "in that dream, an experimental subject was raped by Sheng Zhongtian and got pregnant. Liu Xuelan used her as an experiment. After the child was born, she used a fresh baby as an experiment.

Sheng lingren's body trembled. She gritted her teeth and said, "How could they be so excessive! You're worse than a beast!"

Yu qinghuan didn't say anything, her expression calm.

He suddenly grabbed her and asked, 'who is that person? Who was that person in your dream?'

She looked at him with a calm gaze.

He knew that it was most likely her.

He hugged her. it won't happen. Yingluo, you won't encounter that kind of thing.

if I'm pregnant, they won't send me back. See you again, Hanhan? I won't see you again. Yu qinghuan hugged him and sobbed sadly.

"I'll take you away!" He hugged her tightly and said softly but firmly, " we'll leave today.

"But Yingluo"

"I'll try."

"If I fail, it'll be even harder to escape."

"We still have to try!" He pressed her waist and pressed her stomach against his body, kissing her ear. if you're really pregnant, they'll definitely keep a close eye on you. You won't have a chance in the future. And that headquarters you mentioned, what if we're moved there? that's right, if we're moved there, we'll have a chance!"

"No, I can't. The time in the dream is a long time later. By that time, you might have been tortured to death by the experiments. If we really have a child, I don't know how many experiments we've done, but his life will be ruined."

"Then let's do it today." He said through gritted teeth.

Yu qinghuan grunted in agreement.

She knew that as long as there was a chance, he would take her out. Even if it wasn't for her, it would be for the child.

She felt bad for using him like this, but she really wanted to go out.

And,

She had a strong feeling that Nan Xuan would still exist in this life.

As long as she could escape this hell and give birth to nanxuan safely, she would not care about anything else.

The two of them slowly separated and looked at each other deeply. Yu qinghuan then turned around and opened the door, and the two of them walked out together.

Yu qinghuan glanced at the people outside. There were two people standing in front of the bathroom in an aggressive posture. They had their hands behind their backs and seemed to be holding weapons.

She turned around and looked at Sheng lingren worriedly.

At that moment, Sheng Ling burst out, using both his fists and legs, and his left and right hands, and knocked down three people at once.

But the next second, someone hit him with an electric baton.

His entire body stiffened, and he turned his head to look over. He then staggered over to the person.

He told himself that he could not surrender! For qinghuan, for the child, Hanhan can only rely on him. He must send her out. Hanhan can hang in there, he can do it.

After taking two steps, he closed his eyes and fell to the ground.

Yu qinghuan looked at him with a dazed expression. She didn't even know that someone had grabbed her hand.

She only came back to her senses when she was pulled out of the room.

She closed her eyes, a line of tears sliding down her cheeks, and raised her hand to touch her stomach.

Don't be afraid, nanxuan Yingluo. Mommy will definitely protect you this time!

She was brought to the laboratory where she lay on the bed. Liu Xuelan got someone to draw a tube of blood from her and then did other tests on her.

After the examination, she opened her eyes and looked at the White ceiling.

Chapter 1953: It must be a Sheng Ling person!

When Liu Xuelan's face appeared in her line of sight, Yu qinghuan's pupils constricted. She slowly focused her gaze on her, her eyes filled with hatred.

"Congratulations, you're going to be a mother," Liu Xuelan said triumphantly.

Yu qinghuan's lips trembled, and she lowered her eyes.

He really had Yueyue.

Liu Xuelan snorted. it seems like you already knew about it. Then let me tell you some other good news. Pregnant women are all protected animals. Due to your special identity, we will arrange a new room for

you. You will live alone and there will be no surveillance in the bathroom. However, if you go to the bathroom for more than five minutes, our people will rush in to prevent any accidents from happening to you.

To put it bluntly, it was to prevent her from committing suicide.

Liu Xuelan had said a lot of things, and it was all about her 'special care'.

Yu qinghuan didn't listen to him. She had already experienced this kind of life once, so she knew what was going on.

She looked ahead without any focus and thought, "What should he do?"

"Where's the child's father?" she suddenly asked Liu Xuelan.

Liu Xuelan paused and looked at her. Just as she was about to say something, the ear-piercing Bell rang.

Liu Xuelan was shocked. She turned around and asked, "What's wrong?"

"I don't know, I'll go and take a look!" The assistant said.

Liu Xuelan's expression changed. She stood up and walked out. watch her!

Yu qinghuan turned over and sat up.

Sheng lingren! It must be Sheng Ling!

In her previous life, she had only heard this ringtone once, and it was when he died!

Yu qinghuan jumped off the bed and walked outside.

“You can’t go out,” the two staff members stopped her.

Yu qinghuan went around them and rushed out.

The two of them pressed on her shoulders and said, “you can’t-”

Yu qinghuan turned around and roared, “I want to go out! I’m pregnant, and you dare to stop me?”

The two of them were stunned. Why was this Yingluo so arrogant?

As Liu Xuelan placed great importance on this test subject, the two of them did not dare to stop her and could only follow Yu qinghuan.

After Yu qinghuan left the room, she walked along the corridor. The underground laboratory was built without any special features. All the roads were similar, and the only thing that differentiated the locations was the number of the entrances.

She had forgotten her number. How could she remember a number from decades ago? He had an impression of the scene, but it was almost the same everywhere.

She could only walk towards the noisier and more crowded area. As she walked, she heard a scream.

Her heart was beating fast as she ran.

Liu Xuelan’s assistant chased after her and pulled her back. “You can’t go over! It’s very dangerous there!”

Yu qinghuan struggled for a while, but realized that she was no match for them. She shouted at the end of the corridor, “Ling-Ling Qianqian, save me!”

As soon as he finished speaking, a black shadow flew over from the corridor.

“Be careful!” The assistant hurriedly pulled Yu qinghuan away.

With a bang, the thing fell to the ground.

The three of them took a closer look. It was a person, a staff member here.

The man was knocked unconscious and lay on the ground, not moving.

The three of them turned around and saw a large group of people swarming out from the end of the corridor. The one who walked in front was Sheng lingren.

When Sheng lingren saw Yu qinghuan, she quickly ran over and carried her in front of her. “Are you okay?”

Yu qinghuan looked at him and shook her head, “You’re alright? It’s good that you’re fine, Yingluo. I was scared to death, Yingluo.”

“Don’t be afraid!” His face was gloomy as he turned to look at the people chasing after him and swung his arm.

Yu qinghuan heard the clattering sound and lowered her head. She saw that there was a chain in his hands.

The chain was originally tied to him, but he broke the other end. The chain was still tied to his hand, which was just right to use as a weapon.

Chapter 1954: On the way to escape

He hugged Yu qinghuan tightly and said in a low voice, " "Hold on to me tightly, don't let go. I'll take you out."

After saying that, he swung the iron chain and rushed into the crowd.

The iron chains whipped the people around them like whips, and the people around them screamed and dodged.

Sheng Zhongtian and Liu Xuelan shouted from the side, " "Stop him! Stop them! Where's the gun? Give me the gun!"

When Yu qinghuan heard that, she hugged Sheng lingren's arm tightly and said, " "Be careful!"

Sheng lingren clenched her jaw tightly. She held her tightly and followed the safe escape route marked on the ground.

"Put me down, I can walk on my own," Yu qinghuan said.

Sheng lingren glanced at her. She was stunned and suddenly realized that something was wrong with him.

He seemed to have gone crazy. His whole body was burning, and his eyes were so red that they seemed to be dripping blood. It was as if he was going to make an enemy of the whole world.

Yu qinghuan's heart suddenly ached, and she said gently, " "I can walk on my own. You can carry me when I can't walk anymore."

Sheng Ling put her down and then clutched the chains with both hands. She clutched the chains so hard that no one around her could get close.

Liu Xuelan saw that no one could get close to him, so she said anxiously, " "Lock the door! Lock the exit! I don't believe he can escape!"

When Sheng lingren heard this, her hearing suddenly became very good. She did not know if it was because of the electric shock.

He pulled Yu qinghuan and ran towards the exit. After a few steps, he picked her up again and ran forward quickly.

This time, Yu qinghuan didn't stop him. He was too fast, and she couldn't show off at this time.

Soon, the two of them ran to a door with the word "exit" written on it.

"Is this the place?"

Sheng Ling was not sure. She knocked on the door, but it was like an elevator door. There was no handle, and there was only a card and fingerprint device at the side. It could not be opened at all.

"I heard them say that they want to lock the exit," he said as he retracted his hand.

we can't go out of this place either. We're underground and there are houses above. There must be people. It's not easy to run. Yu qinghuan said, "it's good that we can find the sewers. There must be sewers here!"

Sheng Ling paused. She heard footsteps coming from behind. She turned around and saw a map of the laboratory on the wall.

Yu qinghuan quickly scanned through it and pointed at a few special symbols. "These few places that aren't clearly marked should be special exits! This was a self-destructive exit! They were all evacuation routes! They're breaking the law, so they've thought of all sorts of ways to escape."

"Which one?" Sheng lingren asked.

The footsteps of the pursuers were getting closer and closer, and both of them were very anxious.

Yu qinghuan looked at the map and said, “we can’t do anything about the special exit or the self-destruction exit. Although we don’t need to swipe a card or a fingerprint, we’ll still need the highest authority here to activate the smart management system. Let’s go to the kitchen. There must be a pipe that connects to the sewer.

When Sheng Ling heard that, she immediately led her to the kitchen.

Although the route to the kitchen was a little far, it was just enough to avoid the road they came from, and also avoid the group of pursuers behind.

Even so, the two of them still met two people on the way.

However, Sheng Ling’s ‘whip’ knocked them out. Yu qinghuan also searched their IDs and said, “I should be able to grind the entrance restrictions in case of emergency.”

“Can I get a fingerprint?” Sheng lingren asked.

“Should we cut off their hands?” Yu qinghuan asked, stunned.

Sheng Ling Ren,”Yingluo.”

He thought it was a good idea, but he was afraid of scaring her, so he carried a person with him.

Chapter 1955: I can do it, I’ve learned it!

Yu qinghuan felt that it was really tiring to escape like this!

However, it was also fortunate that they had prepared for a rainy day.

As the two of them followed the route on the map to the kitchen, what appeared in front of them was the same electronic door as the official exit, which required a magnetic card and fingerprint.

The people from Sheng Ling woke the hostage up and asked the other party to open the door.

The man was so scared that he almost peed his pants. He stuttered, " "I don't know. I've never been here before."

"Open!" Yu qinghuan shouted, " when we get out, we will spare your dog life!

"Director Liu won't let me off, Yingluo."

then you'll come with us. When the police seal up this place, you'll be a tainted witness and make up for your crimes.

"I'm Yingying!"

Sheng Ling saw him mumbling and suddenly wrapped a chain around his neck. She asked angrily, " "Are you going to open it or not?"

"Open! I'll drive immediately!"

Sheng lingren let go of him and pushed him against the door. He trembled as he swiped his card and entered his fingerprint.

After he finished, the system prompted, [verification error!]

no! the hostage burst into tears. I don't have the authority here!

what? ” Yu qinghuan pulled him away and asked anxiously, ” if I’m wrong, will I call the system? ”

“I don’t know.”

Yu qinghuan gritted her teeth and said to Sheng lingren, ” it doesn’t matter if we take revenge or not. If they can’t find us anywhere else, they’ll definitely come here. What should we do? ”

At the thought of being caught, she cried in anxiety and slammed the door. “How could this be? How come I’m already here, do I have to die Here?”

Sheng lingren suddenly pulled her behind her and started to kick the door.

“You can’t kick it open, you can’t kick this open!” The hostage said.

However, Sheng Ling continued to kick with all her might, like a beast that was eager to escape from its cage.

Hope was right in front of him, and he used all his strength.

Bang Bang Bang Bang Bang Bang

The sound was like an earthquake, like a huge Thunder.

A few minutes later, Yu qinghuan and the hostage saw that the door had clearly opened.

Yu Qing was overjoyed, ”quick!” There’s hope!”

When Sheng Ling heard that, she kicked him even harder.

He heard footsteps coming from the other end of the tunnel and knew that the others were chasing after him. He increased his speed and strength.

A few minutes later, a voice called out from behind him, "Hurry up! Over there!"

Sheng Ling stopped and turned around.

Yu qinghuan looked at him and grabbed his hand. "Give me the chain! You can continue!"

you ... Sheng lingren looked at her in surprise.

"I can!" She said. I've learned it before!"

She and old K had depended on each other for decades. Although old K had never specially taught her how to use a whip and she had never specially learned it, she had still mastered the technique.

Old K was the best Whip user in the world. Although the chain was different from a whip, it could be used as a whip temporarily.

Those people had already caught up. Sheng Ling clenched her fist and shook it hard. The lock on her wrist was shaken off. He handed the chain to Yu qinghuan, turned around, and continued to kick the door.

Yu qinghuan held the iron chain in her hand and looked at the people chasing her with a murderous look.

When the person was a few meters away from her, she threw the chain out.

The iron chain stretched straight in the air and accurately hit the man's face.

The man screamed and fell to the ground. He covered his nose and started wailing.

“Fire!” Liu Xuelan urged the people beside her, “shoot!

The person next to him was holding a gun, his hands trembling.

The people here were not familiar with firearms and had never fired a gun before, so how would they dare to?

Under Liu Xuelan’s sharp urging, the man pulled the trigger and the bullet flew out. However, the recoil of the gun made him retreat, and the muzzle also pointed to the sky. The bullet flew above the door and did not hit anyone at all.

The person who fired the shot even fell.

Chapter 1956: We’re out

Liu Xuelan could not bear to see such a useless person, so she snatched the gun and pointed it at Sheng Ling.

Yu qinghuan immediately stood in front of Sheng lingren. Liu Xuelan paused and sneered.

Did she think that she would not dare to shoot? Even if she had to waste this experimental subject, she would not let them escape! If they managed to escape, they would be in big trouble.

Liu Xuelan pulled the trigger. It was also her first time shooting, so she was similar to the people in front of her. The bullet did not hit anyone,

and she even staggered a little.

With a bang, the bullet hit the door frame.

Sheng Ling turned around and glared at him. She raised her leg and kicked the door.

Yu qinghuan turned around and was pleasantly surprised to see a gap between the door and the wall.

It opened!

She immediately reached out to push it, but it didn't move.

Sheng Ling reached out and slowly pushed the door open. At this moment, another bullet flew over, and he pulled her out.

Sheng lingren immediately supported Yu qinghuan and turned around to glare at him.

Behind the door, Liu Xuelan threw down her gun.

When Sheng lingren heard that, she immediately helped Yu qinghuan to walk forward.

It was a warehouse with a lot of rice and flour. The two of them had only taken a few steps when someone walked in and looked at them in surprise.

They ignored him and hurriedly walked out into a kitchen.

A few people were cooking. Their sudden intrusion frightened everyone.

Yu qinghuan saw that these people looked like ordinary people. Although the lights were on in the house,

there was natural light.

It seemed that they had already left the basement.

Sheng Ling helped her out of the room and into the canteen.

“This is the factory’s cafeteria, I’ve been here before!” He said excitedly.

When he had just returned to the country, his father had taken him to visit glory world pharmaceutical’s pharmaceutical factory and had been here before.

He brought Yu qinghuan out and said, “We’re out!”

Yu Qing was so happy that she cried, but suddenly found that her feet had no strength.

She trembled and the chain in her hand fell to the ground.

Sheng lingren picked her up and strode out of the canteen.

The moment he walked out of the door, he froze.

He looked at everything in front of him-

The vast sky, blue sky, white clouds, and the setting sun.

The room stood on the ground, with doors, windows, brick walls, and glass frames.

The trees and grass on the ground rustled.

This was no longer hell, but the human world.

Ling Zhenzhen! Yu qinghuan's eyes were hazy with tears as she hugged him tightly.

I'm out, Xuxu.

He was finally out.

Sheng lingren carried her and walked forward step by step.

The cement road under his feet seemed to be warm, completely different from the one in the underground lab. He felt like he was stepping on the clouds, heading towards freedom.

what are you guys doing? " the hostage walked behind them and was at a loss. where are you going? " W-what should I do? Yingluo can't go back! They've caught up, Yingluo."

Sheng Ling suddenly stopped and looked back. She saw that everyone in the kitchen had come out, and some people from the laboratory were chasing after them.

"Stop them! Call security! Stop him!" Those people were exasperated.

"I'm not going back!" Yu qinghuan trembled as she said, " I don't want to go back!

"I won't go back." Sheng lingren said with certainty. She carried her and strode forward.

The hostage looked at the pursuers behind him and followed them.

Soon, Sheng Ling's people carried Yu qinghuan to the entrance of the factory. However, they saw a few security guards standing there like a formidable enemy. The door was also locked.

Chapter 1957: You wait at the side

Sheng lingren decisively turned around with Yu qinghuan in her arms and walked quickly along the wall.

The security guard caught up, but he ran fast. When he reached a position, he stopped and lifted Yu qinghuan up. go up! he said.

Yu qinghuan used her hands and feet to climb up the wall. After she reached the top, she looked down and felt a little scared.

The wall was about two meters high, so it shouldn't be a big deal to jump down. But that was under normal circumstances! Now that she was pregnant, she didn't Dare to Dance.

Sheng Ling then climbed up and was about to jump down when she heard someone shout, "Wait for me! Wait for me!"

The two of them took a look and saw that it was the hostage.

At this moment, a police siren was heard.

The two of them turned to look at the road outside and saw a few police cars driving over at lightning speed.

"They're in cahoots with the government!" Yu qinghuan said. You can't trust the police! The people in this place can't help us!"

At that moment, the hostage ran to the wall, pounced on Sheng Ling, and grabbed her leg. He then climbed up with all his might.

The other pursuers had also arrived. Sheng Ling simply pulled the hostage up and threw him out of the wall.

The hostage fell onto the road outside, crying and screaming in pain.

Sheng lingren jumped down with Yu qinghuan in her arms and landed on him, using him as a human cushion.

Yu qinghuan was at the top, lying on Sheng Ling's body. When she saw the people chasing after them through the fence-like wall, she immediately smiled.

Sheng Ling helped her up. She said excitedly, "We've succeeded!"

"Not yet," Seeing the police cars getting closer, Sheng Ling pulled her and ran forward quickly.

The hostage got up and limped behind him.

Halfway there, the police car caught up to them.

Sheng Ling stopped and stood in front of Yu qinghuan.

"What do we do?!" Yu qinghuan asked anxiously.

Sheng Ling snorted, "it's good that they're here. I hope they don't have guns."

"You want to steal the car?"

Sheng Ling turned around, cupped her face, and kissed her. "So smart! You wait at the side!"

Yu qinghuan immediately retreated to the side and looked at him nervously.

A police car was the first to brake. Two police officers got out of the car and walked towards them with guns in their hands. someone called the police for burglary. Come with us!

“Do we look like burglars?” Yu qinghuan asked.

The police officers were stunned. They looked at the White clothes on them that looked like hospital gowns. After a moment of shock, one of them said in an emergency, “ he looks like someone who escaped from a mental hospital. All the more reason to capture him!

After that, the two of them walked over.

Sheng lingren kicked him-

He was so strong now that he directly kicked one of them unconscious.

The other one’s wrist was also grabbed and twisted, breaking his joint.

Yu qinghuan snatched the gun from the unconscious man, and the Sheng Ling representative also snatched the man’s gun. Then, she knocked him out with a punch and pulled Yu qinghuan into the car.

He started the car, and the poor hostage arrived. He patted the car door and shouted, “ “Let me in!”

Yu qinghuan took a look and said, “come in!”

The hostage immediately opened the back door and sat in. Sheng Ling stepped on the accelerator and drove away.

The car was swerving and it was very dangerous.

Yu qinghuan hurriedly fastened her seatbelt and asked, “ “You don’t know how to?”

I used to spend time abroad, ” Sheng Ling said. it’ll be fine when I get familiar with it.

The steering wheel in foreign countries was the opposite. It took him more than ten minutes to master it, but there was no navigation in the car. He turned around in the streets and alleys, not knowing where to leave the city.

Chapter 1958: I'll definitely take you away

Moreover, the road out of the city must have been blocked. The Sheng family and the local police were chasing after them, and they could not just go to them.

Their escape had not been successful.

Yu qinghuan leaned to the side, feeling very tired, and gradually began to doze off.

Sheng Ling suddenly stopped the car, closed her eyes, and took a deep breath.

"What's wrong?" Yu qinghuan opened her eyes.

He slowly exhaled and said with difficulty, "Let's find a place to rest first. The car is out of gas. Even if there's oil, we won't be able to charge out of the city for a run once we get out of the city."

"Where should I go?" Yu qinghuan asked in confusion, "if we stop, we'll just be waiting for death."

Sheng Ling paused and turned to look at the hostages behind her.

The hostage shivered and looked at them in fear.

Yu qinghuan turned around and smiled at him.

A few minutes later, the three of them abandoned the car and left. Yu qinghuan and Sheng lingren were still holding their guns.

Under the lead of the hostage, they disappeared into the alley at the edge of the city.

This kind of alley was in a place where residents lived. There were no large shopping malls or high-end places, but it had all the internal organs.

The three of them entered a small hotel, where they could stay without ID cards.

After getting two rooms, the three of them entered one of them together.

“I’ll make a list, you go buy something,” Yu qinghuan said to the hostage.

f * ck! the hostage was stunned. He took out his wallet, but there was no money in it.

Yu qinghuan took out the bank card and said, “There’s no money in there?”

“Zhenzhen has it.”

“Then I’ll have to trouble you.”

The hostage nodded and left with the wallet.

“Be careful not to be discovered by those people,” Yu qinghuan said from behind him.

I know, Yingluo. he opened the door and turned back to ask, “ what are you going to do? Those police officers are with them.”

“There are always people who are not on their side. I’m sure you don’t want to keep doing that kind of heartless thing, right?”

Although most of the people in the laboratory were mad scientists, some of them still had a conscience.

“Yingluo, yes.” The hostage closed the door and left.

Yu qinghuan’s body swayed, and Sheng lingren, who was shocked, held her. “What’s wrong?”

I’m tired. she leaned on his shoulder tiredly and panted lightly. there was a moment when I really thought I would never come out again.

we’re already out. I’ll definitely take you away. He said as he caressed her face.

She nodded and slowly heaved a sigh of relief.

Sheng Ling’s staff helped her to the bed and took out an electric kettle to boil water.

The small hotel had limited facilities. Other than a 1.5-meter wide bed, the only furniture was a writing desk and a stool. The only electrical appliance was this hot water bottle.

There was a toilet with a shower, which allowed one to take a hot bath.

Sheng Ling did not find any towels or toothbrushes. Fortunately, Yu qinghuan had just made a list for the hostages to buy them.

He was not feeling well, so he sat on the chair to rest.

After the water was boiled, he opened his eyes and looked at Yu qinghuan, only to find that she was looking at him.

He got up and walked to her side, asking gently, "Do you want some water?"

"Do you have a cup?"

"Yingluo didn't."

"Then we'll wait for that person to come back." Yu qinghuan looked at him. are you not feeling well? "

"Yingluo, yes." He lowered his eyes. I'm very tired. I want to rest, but I'm also very excited. I want to go crazy.

Yu qinghuan raised her hand and touched his face. don't be afraid. It'll be fine.

Sheng lingren's lips moved. She held her in her arms and said in a low voice, "I'll send you home. The child ran ran."

He paused and placed his hand on her stomach.

Chapter 1959: You're quite handsome

She felt a scorching heat. It seemed that his body was really not feeling well.

"If something happens to me, will you give birth to me?" He asked.

"I will," She answered without thinking.

"Yingluo, thank you." He hugged her tightly.

“You’ll be fine.”

“I hope so. but now I feel like I’m dying, and I feel uncomfortable all over, ” he said, suppressing his emotions.

“I’m here,” Yu qinghuan sat up and pulled him to the bed. rest for a while. You’ll be fine after some sleep.

Sheng Ling lay down and held her in her arms.

About an hour later, he heard someone knocking on the door.

The two of them quickly sat up. Sheng Ling said, ” “I’ll go!”

He immediately got out of bed, walked to the door with his gun, and asked, ” “Who is it?”

“I’m Yingluo, I’m back.” It was the voice of the hostage.

Sheng Ling put her ear to the door and could hear the breathing outside. After making sure that there was only one person, he opened the door.

The hostage walked in with large and small bags of things. He wiped his sweat and said to Yu qinghuan, ” “I bought, I bought everything.”

Yu qinghuan nodded. take the things you need and go back to your room. Call us if you need anything.

The hostage nodded and left with a black coat, a pair of toiletries, and a box of lunch.

After he left, Yu qinghuan opened the bag and took out the lunchbox. She said to Sheng Ling Ren, "Let's eat something first. We'll do something else after we're done."

Although they were safe for the time being, the two of them could not relax. They quickly finished their meal.

Yu qinghuan opened the other bags and took out everything.

She found a pair of scissors and said to Sheng Ling, "I'll cut your hair short first, then you can take a shower and change into new clothes."

"Yes, I am. Where do you cut it?"

"Sit here," Yu qinghuan pulled over a stool.

After he sat down, she grabbed his hair and neatly cut it off. The hair that she had cut off was thrown into the trash can.

His hair had also been cut in the laboratory, or rather, it had been shaved off at the beginning. Later on, because he didn't need it for experiments, those people didn't repair it for him.

Yu qinghuan cut it until it was only an inch long, then slightly trimmed the part that looked like a dog's bite.

However, she had never learned how to cut hair, so she looked very ugly.

She put down the scissors awkwardly. that's all for now. Go and take a shower.

She found a towel, soap, shampoo, and new clothes for him.

After he took the things in, he came out and moved the desk behind the door, holding it against the door.

“I’ll come out immediately if there’s any noise.” He said.

Yu qinghuan nodded. When the sound of water came from inside, she sat on the stool and began to cut her hair.

She split her hair in the middle and placed it on both sides of her shoulders, then cut it off near her neck.

She scratched her head and realized that it was a little untidy, but she didn’t fix it.

When Sheng Ling came out, she was stunned to see her.

She smiled and touched her hair. Then, she looked at his face and chuckled. “You’re quite handsome.”

After washing up, his body exuded a fragrance and water vapor. His hair was dripping with water, and he felt very fresh.

His face was completely exposed. His facial features were delicate, his skin was slightly pale, and he looked a little weak, but it didn’t affect his handsome appearance.

It was probably because he had been locked up in the underground for a long time that he had become pale and weak. He would definitely not have such a temperament in the future.

“You’re very beautiful.” He said sincerely.

Yu qinghuan’s mouth twitched. She picked up her clothes and went into the bathroom to take a bath.

Chapter 1960: Why aren’t you shy?

She spent more than an hour cleaning herself up, and when she was done, she felt refreshed and relaxed.

She put on a brand new shirt and long pants and walked out of the bathroom.

Sheng lingren's hair was already dry. When she saw her, she stood up. I forgot to buy a hairdryer just now. I asked that person to buy it. You should dry your hair first.

"Thank you," Yu qinghuan said gratefully.

"Yingluo, you don't have to thank me." He said in a low voice, feeling a little unconfident.

She had said that her family background was much better than the Sheng family's. Now that they were out, the things they were facing were much more complicated. Her family might not agree to them being together.

When he thought of this, his originally calm emotions surged up, as if he was about to become a devil and devour him.

"Sit down, I'll blow it for you!" He said hurriedly.

Yu qinghuan nodded and sat on the bed.

He reached out with a trembling hand and grabbed a lock of his wet hair. He turned on the hairdryer.

"Are you going to sleep now?" he asked after he had dried the hair.

"Sleep first. While it's still safe here, let's recharge our batteries." Yu qinghuan said.

He nodded and looked at the empty space beside the bed.

“The floor is so dirty,” Yu qinghuan said. “Don’t sleep there. You’re already pregnant, are you still shy?”

I’m Hanhan. he blushed. I’m not shy. I’m afraid of you Hanhan.

“Why aren’t you embarrassed?” he asked gloomily after a pause.

Yu qinghuan said faintly, “ in that dream, I lived for almost a hundred years. However, those experiments kept me from growing old. I had a group of suitors wherever I went. I’ve long forgotten what being shy is.

Sheng Ling Ren looked at her in a daze. She felt that she was telling an unbelievable story.

However, he believed her for some reason.

He reached out to pull her into his arms and said in a low voice, “ I’m awake. That won’t happen again.”

“Yes.”

He suddenly asked, “isn’t it good to not be old?” Don’t women always pursue youth?”

“When your grandson is married and your great-grandson is in a relationship, do you still think it’s good? I can’t enjoy the happiness of my family because I’m afraid of scaring them. I can only wander around like a ghost. Yu qinghuan sighed. maybe I’m a ghost. It was just that he was in a dream and didn’t realize it. Otherwise, how do you explain why I’m always young?”

don’t say anymore, Zhenzhen, ” he said sadly. this time, you can enjoy the happiness of a family.

Yu qinghuan slept until midnight. When she opened her eyes, she heard the sound of a car in the distance.

Sheng lingren, who was beside her, hugged her tightly, breathing heavily.

She could feel that he was not feeling well.

She gently pushed him away and turned on the light. He was frowning and his lips were trembling, as if he was in pain.

She went to the bathroom to wring a wet towel and wiped his face.

He heaved a sigh of relief and seemed to feel more comfortable. He reached out and pulled the corner of the quilt tightly.

It was very quiet outside. The sound of a car and sweeping could be heard from afar. It was probably daybreak.

Yu qinghuan put down her towel, took her keys, and carefully went downstairs.

The hotel door was closed, but the lights in the corridor and the reception hall were not turned off.

She walked to the front desk, picked up the phone, and reached out to make a call.

She was stunned when she reached out her finger.

She was frozen for a few minutes. Then, she quietly put down the microphone, turned around, and went upstairs. She found Sheng Ling standing on the stairs.

She was slightly shocked, but she let out a breath and walked up.

“What’s the matter?” Sheng Ling asked.

Yu qinghuan sighed. I had a long dream. I forgot my phone number.
