

## **Ditsy Wife 1051**

Chapter 1051 Let's not go to kindergarten, okay?

"Don't say such inauspicious things!" Gong mo immediately pinched him.

...

"Wuwuwuwuwu" would be inauspicious if you were like your uncle. Be careful that your uncle would fall out with you.

but, Zhenzhen," Gong mo asked hesitantly, " he's only three years old. Isn't it a little too early for us to consider the possibility of him turning 30? "

"You still know it's early? Who was the one who started the discussion?"

Gong mo pursed his lips and looked back at the school gate.

"Alright, let's go. I'll pick him up in the afternoon." Sheng nanxuan hugged her and got into the car. He let out a heavy sigh. finally, I don't have to take care of him ...

you ... Gong mo was furious.

Sheng nanxuan looked at her gently. let's go on a date. he said.

Gong mo glared at him and said,"don't be so indecent!" Let's go to the hospital to see Tian Cheng!"

then let's go on a date tomorrow. He's in kindergarten now, so we have a lot of time.

Just how much did Yueyue despise his son?

In the afternoon, the two of them went to pick up Hu Zi.

The moment Hu Zi saw them, he ran over and pounced on Gong mo, crying, "Mommy ... Wuwuwu Yingluo"

"What's wrong?" Gong mo was shocked and hurriedly asked.

The teacher was shocked and stood to the side in a daze.

Sheng nanxuan looked at her questioningly, and she hurriedly explained, "Our little Yiting has been very obedient the whole day. He didn't cry or throw a tantrum. I ... I don't know what's wrong with me. Maybe I missed you guys, Yingluo."

"Baby, what's wrong?" Gong mo asked as he held Hu Zi's face.

Hu Zi sniffled and clingily pulled her. "I miss you, Yingluo."

Gong mo couldn't help but laugh and hugged him tightly, "Mommy is here to pick you up. Mommy misses you too."

Sheng nanxuan squatted down and asked faintly, "Did you miss daddy?"

Hu Zi immediately turned around and threw himself into his arms, saying in a muffled voice, "Yes, I do."

good boy! Sheng nanxuan happily picked him up. I heard that Yiting was very good today. He didn't cry or throw a tantrum.

Hu Zi was a little embarrassed when he heard that.

"Our Yiting is very powerful, isn't he?"

Hu Zi looked at him and nodded.

He also felt that he was very amazing. He didn't shed a tear when he didn't see his parents for an entire day.

When he saw other children crying for their mothers, although he could understand their feelings, he felt that it would be embarrassing for their parents! So, although he missed his parents very much, he didn't say it out loud. Even if he wanted to say it, he would keep it for them.

"Alright, let's go home for dinner," Gong mo said with a smile.

"Mommy, carry me." Hu turned around.

"You've gotten heavier again!" Sheng nanxuan said, " don't let mommy carry you all day. I can't carry you!

When Hu Zi heard this, he sat down on his hand with all his might. Hmph! I'm not heavy! Was it heavy? Then I'll sit you to death!

Sheng nanxuan thought, Yingluo's son's reaction is so childish.

The next morning, Hu Zi was lazing in bed while hiding under his blanket. Gong mo coaxed him, " "Hurry up and get up. You still have to go to kindergarten. The other children are already here. Don't you feel embarrassed to be late alone?"

Hu Zi crawled out of his bed and asked pitifully, " "I won't go, alright?"

"Why?" Gong mo asked as he helped him put on his clothes.

Hu Zi stood at the head of the bed and wrapped his small arms around her neck. He whispered in her ear, " "I will miss you."

Gong Mo's heart instantly melted. He couldn't help but look at him, "Mommy will miss you too, but you still have to go."

This little fellow was too good at coaxing people! How would his girlfriend be able to withstand his sweet words in the future?

Chapter 1052 You still know how to show tenderness to women?

"Why?" Hu Zi was dissatisfied.

...

"Because all the other kids are going." Gong mo smiled and pinched the tip of his nose.

He pouted and sat down on the bed, saying gloomily, "I'm Yingluo, I'm not like other kids."

Gong mo,"hehe."

Sheng nanxuan came in from outside and put his hands on the door frame. "If you're not going, then don't sleep with mommy tonight."

Hu Zi was silent for a few seconds, then stood up immediately."I want to go!"

"It's good that you're going. I love you." Gong mo held his forehead helplessly.

"What if you don't go? Does mommy still love you?" Hu Zi looked at her worriedly.

She was speechless.

Hu Zi felt like he had gotten the answer and hurriedly said, "I'll go! Mother loves me! You love me every day!"

good, good, good, good, Zhenzhen! Gong mo agreed repeatedly and couldn't help but laugh. Her precious son was getting more and more adorable.

A few days later, Hu Zi finally got used to the life in kindergarten. He stopped crying after school and making a fuss in school. When he got home, he even showed it to Gong mo and Sheng nanxuan in high spirits. "My teacher taught me this!"

Or, she could tell Gong mo and Sheng nanxuan that a certain child had done something embarrassing!

"Did Yiting do that?" Gong mo asked.

"I won't! I'm the most obedient!"

yes, my Hu Zi is the most obedient! Gong mo praised.

Hu Zi nodded. He also felt that he was being unusually obedient. Whether the other children were obedient or not, their parents must be very worried!

One day, Sheng nanxuan went to pick him up from school. A little boy next to him pointed at him and complained to his parents. "He hit me-"

Sheng nanxuan looked over. The little one looked stupid. Even her parents were not as handsome as him and Gong mo! Looking at the entire kindergarten, her son was indeed the best looking, the smartest, and the best genes ~

The little boy's parents were so scared that they peed themselves!

After all, their status wasn't bad. Otherwise, how could they send their children to such a good kindergarten? Naturally, he knew that the person in front of him was night God.

Before this, they had never had the chance to curry favor with Sheng nanxuan. They thought that since their child was in the same class, they would have a chance to talk to him in the future. Who knew that his child would fight with his son! If he had hit someone else, he might have been able to get back at them, but what if he hit the son of the night God? Would the night God kill them?

The teacher heard the child's words and immediately came over to mediate. it was just a small conflict. They didn't really fight. If you don't believe me, you can watch the video.

"No, no need." The little boy's parents looked at Sheng nanxuan nervously and smiled apologetically. he's just a child. It's inevitable. The more they fight, the more intimate they get.

The little boy was still crying and his mother immediately covered his mouth. "Don't cry!"

The teacher looked at Sheng nanxuan, who said, "Then I'll take Yiting away first, we still have things to do."

"Alright, alright, Wanwan, take care." The teacher said hurriedly.

Sheng nanxuan walked out of the classroom with Hu Zi. As they walked, he asked, "Didn't you say you were very obedient? Why are you fighting with a kid?"

"He'll go first," Hu Zi strode with his short legs, carrying his school bag on his back, walking slowly.

Sheng nanxuan picked him up and looked at him suspiciously.

"He snatched a child's toy. She's a girl," he said.

Sheng nanxuan laughed. you still know how to treat women tenderly? "

"What?" Hu Zi didn't understand what he meant by tender and protective towards women.

“Are the girls pretty?”

Hu Zi’s face turned red.

“I’ll point it out to daddy some other day,” Sheng nanxuan said with a smile.

Hu Zi was even more embarrassed and buried his face in his shoulder, not saying a word.

Chapter 1053 Ding dang gives birth to a daughter

Sheng nanxuan carried him into the car. He looked up and didn’t see Gong mo. He asked, ” “Where’s mom?”

...

“Mom went to the hospital.”

“Mom’s sick?” Hu was shocked.

“No, I haven’t. My uncle’s wife has given birth.” Sheng nanxuan fastened his seat belt for him and asked the chauffeur to drive.

“The baby is out?” Hu Zi’s face was full of shock and anticipation.

When they arrived at the hospital, Sheng nanxuan carried him to the ward.

Ding dang had been in the production room for a few hours. She looked well and was chatting with everyone.

Her mother, grandmother, Wu surong, Min Ling, Gong mo, and many others were standing in front of the bed. Yu Xinran had also rushed over from Beijing city. Tian Cheng and little aunt Gong were also there. Tian Cheng had just been discharged from the hospital a few days ago and was now in recovery. She was sitting in a wheelchair.

Sheng nanxuan taught Hu Zi to say " congratulations, granduncle " on the way, and Hu Zi said it when he saw Yu Qingliu.

Yu Qingliu smiled and lowered her head to take care of ding dang.

Ding dang looked at Hu Zi and smiled. it's a pity that I didn't give birth to a son. Otherwise, he'd be as cute as Hu Zi!

"I'm as cute as you." Yu Qingliu said.

Ding dang immediately looked at him with tender eyes.

Yu Qingliu couldn't help but blush. She reached out and pushed her head away, causing the others to exclaim about how lovey-dovey they were.

Ding dang immediately complained to her mother, " "Look at him! He's bullying me after I gave birth to a daughter. He's obviously favoring boys over girls."

Mrs. Ding glared at her and said,"behave yourself!" You just winked at me, do you think I'm blind?"

Ding dang,"Yingluo."

"Where's the baby?" Hu Zi looked around.

"In the nursery." Yu Qingliu said, " let your dad bring you there.

“Then let’s go and take a look.” Mrs. Ding said, “I haven’t seen you in a while. I kind of miss you.

Ding dang pouted, “you won’t care about me anymore after I have a child ~”

“I’ve been accompanying you for half a day. Even if you don’t find it annoying, I do!” Said Mrs. Ding.

The others followed Mrs. Ding out of the room. Ding dang looked at Yu Qingliu and said, “You’re not going?”

“I’ll go with you.” Yu Qingliu said.

“You really think she’s a daughter Yingluo.”

Yu Qingliu lowered her head and kissed her, and she instantly fell silent.

After a while, he let go of her. it’s better if she’s a daughter. She’s as pretty and cute as you.

“Weren’t you afraid that she would be as mischievous as me?”

don’t worry. Daughters usually inherit their father’s personality.

“So you’re despising me, Yingluo?”

“Yes, yes, yes! I despise you!” Yu Qingliu said unhappily, “ I despise you so much that I don’t want you to harm others. I can only bring you home myself.

Hearing this, ding dang hugged his arm and said with a sweet smile, “ hubby, we’re having a baby!

“Didn’t we already know about this ten months ago? What’s there to be excited about?”

“But I’m still very happy! Are you not happy?”

I’m so happy! Yu Qingliu covered her with the blanket. I was so happy that I did a few somersaults just now.

“Really?” ding dang looked at him in surprise.

“Of course it’s true. Many people in the hospital saw it. My reputation as the director is gone forever.”

“You didn’t hurt your waist, did you?” Ding dang asked worriedly, reaching out to touch his waist.

He was speechless, “don’t worry!” It won’t affect your sexual happiness.”

Ding dang’s face reddened, and she took her hand back. “Who’s worried about that?”

.....

Outside the baby’s room, everyone looked at the newborn baby through the glass.

“It’s that one, that one.” Ding dang’s grandmother said in high spirits.

Sheng nanxuan carried Hu Zi, who was lying on the glass and exclaimed, “ “So many babies, Yingluo.”

Chapter 1054 Call the child “Auntie”?

you used to be this young too ~”Gong mo said.

...

"Really?" Hu Zi asked in surprise.

"Of course it's true," In fact, he was even younger than these. After all, he was born prematurely.

"I've grown up." Hu Zi said.

"Yes, you've grown up!" Gong mo said with relief.

The nurse carried the baby out. Wu surong and ding dang's grandmother were the first to take the baby. Mrs. Ding was also watching them from the side. The others were smart enough not to join in the fun and didn't think about squeezing in.

After all, a newborn's immunity was low, and it would be bad if a sneeze caused the baby to catch a cold.

Hu Zi, on the other hand, tried his best to get closer and shouted, "Little sister! Little sister!"

Everyone laughed. this isn't my younger sister. She's my cousin-in-law! Gong mo said.

Hu Zi was instantly speechless. He looked at Yu Xinran in a daze. Isn't this what cousin-aunt is like?

Yu Xinran hugged him happily. in the future, I'll be the big aunt and she'll be the little aunt ~"

Hu Zi's little face scrunched up and he felt like the world had collapsed.

Not only did he want to call the child uncle, but he also wanted to call the child cousin-aunt?

Uncle and aunty were indeed a couple!

However, her uncle had not appeared for a long time.

He looked at Yu Xinran and wanted to ask where his uncle was. However, he remembered Gong Mo's words that he couldn't mention his uncle, so he kept silent.

"This child, he's not happy without a sister." Ding dang's grandmother said.

no way ... Gong mo laughed. he's just stumped by the way you call him 'cousin-aunt'.

Everyone laughed again. Wu surong said, "Blame your granduncle! It's all because he married late, otherwise you wouldn't have to suffer this loss."

"You're wrong." Ding dang's grandmother said, "if he had gotten married earlier, our ding dang wouldn't have been able to do anything.

"Yes, yes, yes, Yingluo, this is fate! However, if he didn't meet ding dang, we sisters wouldn't have to be separated by a generation!"

"Don't talk about this anymore!" Mrs. Ding said. She was the one who was in a difficult position. She used to call Wu surong aunt, but now they were in-laws.

alright, alright, alright. Let's not talk about this anymore. Let's go and have dinner together. Wu surong said with a smile.

.....

Gong mo would visit the company from time to time. Due to her professional nature, she had been biased towards Aimo News Network. Later on, she found out that the employees of the website were always scheming against each other. Every time she went back, someone would tattle on her in front of her.

Everyone probably thought that she couldn't tell, or that she would believe everything she heard.

Please, although she had never worked before, she had read a lot of novels about harem fights. How could she not understand this kind of eye-picking?

After that, she didn't like going there anymore.

The staff at Aimo books was slightly better. It was probably because they had been in the company for a long time, so they were more cautious when facing her. Their words were also pleasant and made people feel comfortable every time.

On the other hand, the love and ink literature website was different from these two places.

The Aimo literary site was a novel website. The technical staff were otakus, and the editors were otakus. They were all very shy, and only one or two out of ten people were good at interacting with people.

Gong mo preferred to come here now. Because most of the employees here were not scheming, she felt that it was true. Moreover, she had been reading romance novels for several years in high school and college. Even now, she was reading online novels to pass time, so she could get along with them.

After coming here a few times, she would often participate in their meetings. Sometimes, the higher-ups would even invite her to participate in important decisions.

On this day, the editorial department happened to be having a meeting.

When Gong mo arrived, they were in the middle of a heated argument.

Chapter 1055 It can't be such a coincidence, right?

The chief editor explained, "Star Entertainment wants to buy the film and television rights of a few novels. The website wants to take the opportunity to promote a guru. However, this person chose Qin Zhuan studio.

...

Gong mo finally understood. Everyone had their own opinions on the candidates.

“What’s the situation with the other authors?” she asked.

“Actually, we all prefer this author called orange is not sweet.” The editor-in-chief opened the PowerPoint, and a few novels written by Cheng butian appeared on the screen.

“She’s been here since the station started. She’s written very well and has even published it. But she hasn’t been updating well in the past two months, and she didn’t come to the annual meeting even when we asked her to. We suspect that she’s going to jump ship to Yingluo. It’s not good for the company to reject her!”

“What about the others?”

“Other than that, it’s very compatible with the website and is very popular, but the quality of the book isn’t as good as orange is not sweet. Every one of orange is not Sweet’s books had been published. Although the others ‘books were quite popular on the internet, the publishers did not really take a fancy to them. Therefore, when it comes to film and television, we also want to promote not sweet Orange’s book so that we won’t ruin the website’s reputation. Besides, we’re from the same company as Star Entertainment, so of course, the novels we give them must be of good quality.”

orange is not sweet, Zhenzhen. Gong mo touched his chin and felt that this name was a little familiar.

A female editor said, “this not sweet orange is a little strange.” I’ve seen her Weibo and so on. She should be in Beijing. However, when she was asked to come to the company, she refused. When he asked her to use photos for publicity, she refused. I joked that if her book was to be made into a TV show, she would have to appear in public for publicity. She said that she could make a TV show, but she recently got into a car accident and might have to be in a wheelchair for the rest of her life, so she didn’t want to appear in public.”

“A car accident? Could this be the reason why you stopped updating?” The managing editor asked.

I asked her. She said she's fine and has been discharged. I don't know if it's true.

Another editor said, "other authors don't update. They always make up a reason for it. If she had really gotten into a car accident, she would have said it directly, right?"

"Have you seen her profile?" Gong mo suddenly asked.

"Ah?"

"Her contract details!" let me see! Gong mo said.

"I'll go look for a contract editor," the managing editor said.

While waiting, Gong mo bit his lip and thought, "It couldn't be that the wheelchair-bound girl was Tian Cheng, right? She can write novels? She had said that she had found a way to earn money. Could it be this?"

Tian Cheng kept saying that she wanted to earn money, but she went home during the winter and summer breaks. It wouldn't be strange if she was writing a novel. The more he thought about it, the more suspicious he became.

Very quickly, not Sweet's contract details were sent to the chief editor's computer, and he enlarged the information on the projector.

Gong mo looked at the copy of the ID card. It was indeed Tian Cheng.

She could not help but laugh, "this girl Yingluo."

"What's wrong?" The managing editor asked.

"It's fine, let's go with her." Gong mo said, " since it's written well, don't be calculative about other things. Quality is the most important thing.

Since the CEO's wife had already said so, no one dared to object and hurriedly nodded.

Gong mo stood up with a smile. I still have something to do. I'll take my leave first. Oh right, give me a copy of her information."

"Madam, this way please." The managing editor walked her out of the meeting room.

The other editors informed their colleagues in the group chat that the information had been printed by the time Gong mo left.

Gong mo held the documents in his hand. Tian Cheng's ID card had been printed so badly that it was sticky and he couldn't see her face clearly.

She asked the managing editor,"didn't you say that her book has been published? Does the company have it?"

Chapter 1056 Take our wedding photos next month

"Yes, yes, yes! The company has all the books published by the authors on the website."

...

"Then give me a set." Gong mo paused. do you have more than that? If there isn't, I'll go buy it myself."

"It's fine, it's fine. It's all from the publishing firm. It is just that it seems to have been flipped over. It is fine as long as Furen does not dislike it. "

"I don't mind. Do you have Tian Chengyuan's signature?"

"I don't have this." The managing editor said helplessly, " I'm afraid they'll take it home if I sign it.

Gong mo couldn't help but laugh. He picked up his books and went upstairs to find Sheng nanxuan. Sheng nanxuan's private office was upstairs.

When she walked out of the office, the Secretary saw her holding a book and hurriedly stood up. "Madam? Do you need my help?"

"No need ~ help me open the door." Gong mo said with a smile.

The Secretary hurriedly got up and pushed the door open.

Sheng nanxuan was busy dealing with some matters. The Secretary was afraid that he would blame him and hurriedly explained,""Madam is here."

Sheng nanxuan could guess that Gong mo was holding something. Otherwise, he wouldn't need someone to help him open the door.

He immediately stood up to help. Seeing Gong mo holding a book, he couldn't help but ask,""You went there and took away his books?"

it's your company anyway,"Gong mo said with a smile.

Sheng nanxuan walked over and took the book from her hand. He looked at the cover."Another romance novel? You've loved to watch it since high school, hasn't that changed?"

"I'm sentimental ~"

hehe, what about detective novels? "

they're all novels~" Gong mo said innocently.

"I'll spare you!" Sheng nanxuan snorted. He thought of how he was so devoted to him, and how he fell in love with Sheng Dongyi in between.

Alright, he was the one who dug his own grave by hypnotizing her memories and not paying attention to her for those few years.

He placed the book on the coffee table and pulled her to sit down. let's take our wedding photos when the weather gets warmer next month.

They had planned to hold a wedding this year, which was two months away, and the preparations were almost done.

However, due to the cold weather, they had not taken wedding photos.

it's may next month. It's summer. Will it be too hot?" Gong mo asked.

"It's better than cold. Your current body is not like before. The weather may seem warm, but you might catch a cold if you get blown by the wind."

I might get a heat stroke if I get too hot," Gong mo mumbled.

Sheng nanxuan pulled her onto his lap and pinched her nose. "Then we'll shoot the interior and the fake set."

"Let's shoot the real scene!" Gong mo said after some hesitation. With that condition, there was no need to make do with it!

then we'll go to Italy at the start of next month. After we're done, we'll come back with mom and dad and shoot a few more sets at Huan Yuan.

Italy I like Italy ~”Gong mo said with a smile.

I just know you like it. Sheng nanxuan lifted her chin and kissed her.

Gong mo responded with his arms around his neck for a while. When he realized that Gu Yusheng was going overboard, he pushed him away. wait a minute, I have something to tell you!

“What is it?” Sheng nanxuan was displeased. With Sheng Yiting being the third wheel every night, he couldn’t even make out during the day?

Gong mo glared at him. You can’t even be intimate in the office!

Sheng nanxuan snorted. He just wanted to try the office!

Gong mo ignored him and took out the paper from his book. “Take a look at this!”

Sheng nanxuan looked at them in confusion and then looked at the books in surprise. “These were all written by Tian Cheng?”

“Yup!”

“I didn’t expect her to have such a skill!”

“I didn’t expect it either. But it’s reasonable. After all, she’s going to be a screenwriter in the future.”

Chapter 1057 My dear wife, don’t move

Sheng nanxuan nodded and put the paper aside. in that case, we’ll help her if we can.

...

"I know. However, she has the ability and can do well without our help." Gong mo folded Tian Cheng's information and put it into his bag. help me bring the book back later. I'll go find her. No, no, no, I'll bring it over and ask her to sign it for me! he said.

"Since she's hiding it from you, she doesn't want you to know. Why did you expose her?"

"Her novel is going to be turned into a film and television!" Gong mo told him about the meeting just now. she didn't want to show up before because she was afraid that I would find out, right? Film and television was a milestone in her career, and it would be a pity to miss it. She couldn't give up on it for fear of choking! If I take the initiative to look for her, she won't have to care about this anymore. In the future, she can cooperate with the website and the film and television company's publicity. It's a good thing for her. "

Sheng nanxuan nodded and said,"that's fine." I'll send you there, and then I'll go pick Hu up. Wait for me there."

Gong mo smiled,"you have to pick him up alone again ~"

"It doesn't matter. You'll have more time to pick him up alone."

Sometimes, when he had to socialize or work, she would go alone.

He kissed her and pressed her down on the sofa.

stop it! Gong mo pushed him. it's time to go.

"It's still early!" He had to try the feeling of an office today!

"I'm cold!" Gong mo shouted.

Sheng nanxuan froze and let go of her gloomily. "Why don't we leave Hu to grandma today?"

grandma has Xinya now. Where would she find the time to care about him? ” Yu Qingliu’s daughter was named Yu Xinya.

Sheng nanxuan cupped his face in his hands and looked sullen.

“Don’t think about these things all day long!” Gong mo blushed.

“I’m a normal man!” Sheng nanxuan looked at her with hidden bitterness.

“You’re obviously not normal!” She glared at him.

“You despise me?”

“I can’t be bothered to talk to you!” Gong mo stood up and picked up the book. are you going to see me off? ” If you don’t, I’ll go myself!”

see Yingluo out! Sheng nanxuan snatched the book away. let me do the dirty work. My dear wife, don’t move!

.....

Tian Cheng and her younger aunt had rented a two-bedroom apartment. The rent was a little expensive, but Tian Cheng’s current income was quite good, so she didn’t have to worry about it.

Little aunt’s heart ached at first. Every day, she wanted to find a job to make up for it. However, after she helped Tian Cheng type and updated the website, she naturally saw Tian Cheng’s income and immediately stopped worrying!

Tian Cheng had just removed her cast a few days ago and had to do rehabilitation training every day.

Her younger aunt was discussing with her about Yu Xinya's one-month present.

"The Yu family is so rich, but they don't know what to give! We can't afford the expensive ones, but I'm afraid they won't like the cheap ones." Her aunt said, "and it's all thanks to Dean Yu that your body is in this state. He's busy with giving birth, but he still helped you to check. We have to be more careful.

"I don't know anything about this," Tian Cheng said. If you don't have enough money, just ask me. "

you've only earned a small amount of money. Don't talk like you're rich all day!

Tian Cheng was speechless, 'how am I rich? I'm just afraid that you won't be able to bear it! You know that my injuries are all thanks to him, so don't be stingy."

don't worry, don't worry, Yingluo. his aunt took out a small notebook and wrote down everything that could be used as a gift. Then, she used the process of elimination. As she was writing, she smiled and said, " Cheng Cheng, what do you think about mom writing a novel as well? "

what? " Tian Cheng jumped in shock. you'll write it? "

Chapter 1058 Don't tell your brother-in-law

"What's wrong with me writing? I was in high school! When your second uncle was studying when I was young, I read a lot of his books! Yours is too profound, I don't know how to do it, but I think some of the ones I've seen are quite simple and I can give it a try."

...

sure ~"Tian Cheng smiled. if you want to write, you can. I'll teach you!

"But aren't I too old?"

“How could this be? We have a God in our station who is already 40 years old!”

“Forget it, I was just joking.” Little aunt hurriedly waved her hand. that’s too much of a strain on my brain. I’ll just be your assistant!

In fact, she had secretly tried it out to see Tian Cheng’s reaction. However, she remembered that the process was not as simple as she had imagined. She had to take care of Tian Cheng now, so she should not waste her energy.

The two of them were chatting when the doorbell rang.

Youngest aunt put down her work and opened the door. She saw Gong mo and Sheng nanxuan standing outside with two bodyguards behind them.

Every time she saw the bodyguards, she would be shocked.

“Come in quickly,” she hurriedly said.

Sheng nanxuan helped to put the book on the coffee table and said to his aunt, “ I’ll go to the kindergarten to pick up Hu Zi first. I’ll pick up Gong mo later.

“Good, Yingluo, good.” Her younger aunt stared blankly at the book on the coffee table and gave Tian Cheng a look.

Tian Cheng’s expression changed as well. She pursed her lips and remained silent.

After Sheng nanxuan left, she smiled and asked Gong mo, “ What is this?”

“You’re still asking me?” Gong mo smiled and took out the copies of her documents.

Tian Cheng took it and looked at it. She covered her face in embarrassment and asked with a smile, "How did you know?"

I went to the company for a meeting today. They were discussing using your book to make a TV show.

Tian Cheng was stunned, 'you're really going to shoot? I thought the editor was joking with me. "

"So you're also joking with her? You were in a car accident?"

"I can't just say that I jumped off a building," Tian Cheng said innocently.

"Is the court hearing about to start?" Gong mo nodded.

"In the middle of next month."

"Oh, Yingluo, I'm going to Italy. Your brother-in-law said he's going to take wedding photos. I'll arrange for Zeng Shuai or Fang Yang to accompany you. Don't worry."

Tian Cheng nodded and asked with a smile, 'cousin, are you having a wedding? When was that?"

"The 23rd of June is our wedding anniversary. "I wanted to ask you to be my maid of honor, but you didn't know that ..." Gong mo looked at her legs.

"Forget it," Tian Cheng hurriedly said. I'm afraid that I'll be limping and embarrass you."

"Don't talk nonsense! There were still more than two months to go! It'll be more than four months by then, so you should have no problem walking. I'm just afraid that you'll be too tired."

"Then forget it. Wasn't there still big sister Xinxin? If something goes wrong here, it might affect your wedding."

Gong mo felt a little regretful. However, if Tian Cheng's leg didn't recover, it would be a lifetime thing. "Alright, we'll talk about it next time." She nodded.

there's no next time for marriage?! Tian Cheng cried out in exasperation.

"That's right!" Little aunt chimed in.

Gong mo covered his face. I was wrong! A slip of the tongue! Don't tell your brother-in-law."

"I really want to tell him. He must be angry at you."

"So you must not tell him!" Gong mo clasped his hands together and begged her, " can I give you a hush money? "

sure, sure ~"Tian Cheng smiled.

Gong mo immediately took out his phone and sent her a red packet on the chat app. Tian Cheng accepted it without hesitation.

It was only when Sheng nanxuan brought Hu Zi over that Gong mo remembered to ask Tian Cheng for an autograph.

Chapter 1059 Do you think this is a blind date?

Tian Cheng was embarrassed, but she still signed it for her. She thought of what she had said about filming a TV show. If it was successful, she would definitely have helped. She sincerely thanked her.

...

Gong mo touched her face. everyone says that you're the best author on the entire website. Good luck!

"Alright," he said. Tian Cheng was a little embarrassed.

"Will it cost a lot of money to make a TV show?" his aunt asked anxiously after they had left.

"Probably a lot," Tian Cheng said. If it's really a TV show, I'll write the script myself. The salary of a scriptwriter is much higher than that of a novel writer. When the time comes, you'll be shocked to death with the huge sum of money!"

"Really?" Little aunt's face was full of joy and she hurriedly said, "then we have to prepare a good one-month gift for Dean Yu!

"Don't make it too expensive. They know our situation, it's not good to be too expensive."

"I know, I know, Zhenzhen!" His aunt nodded.

.....

After Yu Xinya's one-month-old party, Tian Cheng signed a film contract with Hengxing entertainment.

As for Star Entertainment, Zeng Shuai had to sign the contract. If it was any other contract, it would be reviewed by the people below and finally presented to CEng Shuai. CEng Shuai would sign it with a big sum of money-completed!

Since the person was Tian Cheng, he had to talk to her personally.

This was the first time Tian Cheng had encountered such a situation. She didn't know how other people handled it, so she agreed.

She couldn't move, so little aunt wanted to accompany her. Before they left, her aunt told her to dress up.

"Anything is fine;; Tian Cheng said. It's not like I don't know him."

"We're talking about a contract, how can you be so casual? Even if you're an acquaintance, you have to show a business-like attitude!"

Tian Cheng felt that it made sense and nodded.

She remembered that she had a suit with a white shirt and a pair of single-heel shoes. She had bought it for a debate competition in school last semester. She looked like a white-collar elite and a strong woman in it. She seemed to know her place.

She asked her aunt to help her find it. that should be suitable. One look and I can tell that he's here for negotiation.

Little aunt paused for a moment. but you two know each other. It's not good to put on a negotiation face, right? "

"Didn't you just say that we have to do business?" Tian Cheng was speechless.

"But you can't be too unreasonable, right?"

"Then what do you suggest we do?"

Little aunt hurriedly chose a dress for her. "Wear this!"

Tian Cheng was speechless. do you think I'm on a blind date? " she asked.

"What's wrong with blind dates? He's a young talent, you have to seize the opportunity!"

“Mom!” Tian Cheng couldn’t take it anymore. how old am I? And I’ve already said that his private life is a mess!”

“You! No matter what, he’s a man. Don’t you have any self-awareness as a woman when you meet a man? If you don’t have any self-awareness now, when you find a boyfriend in the future, you’ll scare him away!”

“Yingluo, but I’m clearly going to sign the contract.”

“I’ll wear this!” His aunt said, “ you’re still young. Don’t dress like an old man. And this is a contract worth a few million, can’t you dress more jubilantly?”

Tian Cheng looked at the knee-length skirt and said, “ the weather is neither too cold nor too hot. It’s fine to move around, but if I sit down, my short legs will feel cold.

Her younger aunt looked at her legs that were covered with a blanket. She had no choice but to rummage through the closet for a while and found a long dress.”What about this?”

“Alright, alright.” Tian Cheng had no choice but to agree.

The hem of this dress reached her ankles, and she looked like a fairy as she stood there. It was very eye-catching. However, she was sitting in a wheelchair, so she wasn’t afraid of anyone noticing.

Chapter 1060 He’s a little attentive

When she arrived at the leisure restaurant she had agreed to meet with CEng Shuai, he had already arrived.

...

He was dressed in a well-cut suit. He was handsome to begin with, and he exuded the aura of an elite just by sitting there.

There were many customers in the restaurant today, and most of them were attracted by commander CEng. The seats around him were filled with people, and they were all women. All of them were sizing him up.

His younger aunt pushed Tian Cheng over in her wheelchair and he immediately stood up.

Everyone looked at Tian Cheng with envy. Seeing that she was a cripple despite her good looks, they all snorted in their hearts.

Her aunt pushed Tian Cheng to the table. Tian Cheng said embarrassedly, "I'm sorry I'm late."

"It's fine, I just arrived." Zeng Shuai asked, "where are you going to sit?"

"The sofa is probably more comfortable." Tian Cheng smiled and stood up from the wheelchair with her younger aunt's help. She slowly sat down on the sofa.

Zeng Shuai pushed her wheelchair to the side and sat opposite her.

He pushed the menu on the table to the two of them, and the two of them ordered a set of refreshments.

After that, commander Zeng asked Tian Cheng with concern, "Is your leg better?"

Tian Cheng nodded. She didn't know if she was overthinking it, but she felt that he was being a little attentive.

After the waiter served their order, Zeng Shuai asked, "You're still writing novels?"

“Yes,”

“Isn’t your arm injured too?” Zeng Shuai asked in surprise, “ isn’t that too difficult? ”

“I won’t,” Tian Cheng smiled. mom did help me.

Zeng Shuai looked at his aunt in surprise and asked in confusion,“How can I help?”

“Cheng Cheng described it to me, I’ll help her type it into the computer,” his aunt said awkwardly.

“I see!” Zeng Shuai laughed. it seems that this medal is half of auntie’s.

you’re too kind. his aunt hurriedly waved her hand. I’m just an odd-job worker.

Zeng Shuai joked a little more before asking Tian Cheng, ” “Regarding the film adaptation, your book companies want to buy them. Do you want to discuss one book at a time, or do you want to discuss all of them together?”

“This Yingluo is up to you. If the price is right, anything is fine.” Tian Cheng was a little apprehensive.

She was still a student after all. Although she had heard a lot of things in the circle, those were just rumors. This was the first time she had met him. If it wasn’t for the fact that he was Sheng nanxuan’s subordinate, she wouldn’t have believed him. She believed that Zeng Shuai would not dare to trick her because of Gong mo.

Zeng Shuai said,“I suggest you take one book at a time.” Because you’re not famous now, when you film a book and broadcast it, your value will naturally rise. However, I will give you a reasonable price for the first book.”

Tian Cheng nodded. In order to maximize the benefits, she was also inclined to this. Only those who were afraid that the copyright couldn’t be sold would be willing to sell it at a low price. However, she

was confident in herself. Moreover, she would be a scriptwriter in the future, so she could adapt her own novel and not worry about not selling it.

“Do you have any special requests?” Zeng Shuai asked.

“Can I take part in the scriptwriting?”

“Of course you can. I remember that miss Tian majored in editing and directing, right?”

Tian Cheng nodded.

“I can leave it to you.”

“I don’t want this.” Tian Cheng smiled awkwardly. the professional classes in school have just started. I haven’t learned many of them. If I really want to write it, I’ll have to self-study and do it at the same time. If I really can’t do it, I’ll have to ask a teacher.”

At this point, she felt even more embarrassed. actually, under such circumstances, I shouldn’t have asked to be a scriptwriter. However, I know a lot of the unspoken rules of this industry. I will walk this path in the future, and now that there is an opportunity, I naturally have to grab it. My future path will be much smoother if I participate in the scriptwriting and sign my name.”
