

## Ditsy Wife 1101

### Chapter 1101 Stop acting cool

"I'm just excited at the thought of a young man in my family," Gong mo rolled his eyes.

...

"You're excited because she called you big sister, right?"

"Do I not look like my sister?"

yes, she looks like Qianqian. Sheng Yiting nodded and whispered, "my dad is so smitten by her every day. Of course, she looks like her!"

"What did you just say?"

"It's nothing!" Sheng Yiting grinned, showing his white teeth.

Gong mo heard the screams of girls from the classroom next to him and felt great pressure.

Tsk ~ my son has grown into a handsome man in the blink of an eye and has reached the age of puppy love. It's really worrying, Yingluo.

After they went downstairs, Sheng Yiting suddenly became serious and said to her, "Mom, don't worry. I won't fall in love so easily."

"So, there's still the possibility of puppy love?" Gong mo cast a sidelong glance at him.

"Well, if it's a feeling, then there's nothing I can do! However, I definitely won't be interested in ordinary people! He shook his head." "What's dad's status?" The whole school knew about it, so how could she not know? There's a parent-teacher meeting today, so the person standing beside me must be my parent. She just had to call you big sister to please you. This is too obvious."

Gong mo raised his eyebrows and said in surprise, "I didn't expect you to have a brain!"

"How can he be your son if he doesn't have a brain?" Sheng Yiting flicked his bangs, looking very handsome.

Gong mo heaved a sigh of relief.

She was really afraid that he would be deceived by a scheming girl! That girl's motive was too obvious. A girl in her first year of middle school, at most thirteen or fourteen years old, actually had such a scheming mind. It was indeed a little scary. That was why she interrupted him when he was about to introduce himself.

ah! a shrill scream came from not far away.

Gong mo looked over and saw two girls throwing away their books and turning back to look at Sheng Yiting from time to time, their faces red.

She rolled her eyes helplessly and said to Sheng Yiting, "Don't act so cool all day!"

"You gave birth to it, so I'm the one who's wrong?"

Gong mo,"Lao Ai, you're such a sweet talker, you'll definitely be able to bring disaster to the country and the people!"

Sheng Yiting went back to the classroom when they arrived at the auditorium.

The parent-teacher conference was a place for parents to expand their network. As Gong mo had someone else's connections, the moment she entered the hall, people kept coming over to greet her.

She didn't like these social interactions, but she still responded seriously. Most of them were tactful and would leave after a few words. As for those who were insensible, she could only show a cold expression and force them to leave.

She walked from the door to her seat, holding a pile of business cards in her hand.

After putting the business card away, she took off her coat and placed it on her lap. She then took the booklet on the table and started to flip through it.

"What's your son's name?" the parent next to him asked.

"Sheng Yiting."

"Sheng Yiting? I heard that he was the top student in the final exam last semester!"

"Ah? I only know the score, not the ranking."

After chatting for a while, the teacher arrived and the parents quieted down.

The entire parent-teacher conference went smoothly.

This school was filled with rich and powerful people. In the past, during the parent-teacher meetings, there would always be one or two parents who used their status to make a fuss. Their class was doing fine. They had a class last semester, and with this one, everyone was very well-behaved.

The teacher knew that it was all because of Sheng Yiting.

The president was probably the only one in the country who could compare to Sheng Yiting's parents.

With such a person around, how would the other parents dare to mess around?

Sheng Yiting's parents must be of good quality to be able to rank first in the exam. If you want to curry favor, you must first learn to follow the rules.

Chapter 1102 Aren't you embarrassed to be jealous of your son?

Gong mo was sitting in the front row with his back straight. He was taking down the teacher's words with a pen, looking like an obedient student.

...

When the others saw this, they followed suit, but many of them did not bring a pen.

Everyone couldn't help but complain in their hearts, no wonder she's night God's woman, look at how well prepared she is!

Gong mo couldn't help but admire himself. He actually didn't forget his ability to memorize things quickly! She could even be Sheng nanxuan's Secretary!

"Achoo!" In the office, Sheng nanxuan sneezed and could not help but think, " Did he catch a cold? If he had known earlier, he would have listened to his wife and put on his coat.

.....

During the parent-teacher meeting, the teachers of all subjects were present. The teacher explained to the parents about the International competitions of various subjects, the quota of exchange students the school had overseas, and even said that he had discovered some students 'special talents. As for who they were, they didn't say it clearly, so as not to upset the parents who weren't named.

After the meeting, the parents would have a one-on-one conversation with the teacher to get to know each other and to give their children a bright future.

"Is Sheng Yiting a good boy in school?" Gong mo asked the form teacher.

him?" the teacher paused. he's doing pretty well. He's always been in first place.

"It's only been a semester, so I can't tell." Gong mo said humbly.

She really couldn't tell. She was the top student in elementary school and junior high school, but she couldn't do much in high school.

The teacher laughed,"except for the essay, I got full marks for everything else. Why can't I tell?" I think he's faster than anyone else. Have you ever tested his IQ?"

uh, Yingying. she had her height measured in kindergarten. It was quite high.

However, she didn't want him to be too independent. He would do the same to the other children. He didn't have to let others know that he was a genius.

After all, geniuses were lonely.

So, even though they knew that he was very powerful, she and Sheng nanxuan did not approve of him skipping grades. They just wanted him to be a top student among his peers quietly.

"One day, I saw him Reading High School textbooks. I was thinking, did he self-learn all the middle school knowledge?" the teacher said.

uh, hehe," Gong mo said in embarrassment, " I'll go back and ask him.

After she left the hall, she realized that it was getting late. She gave Sheng nanxuan a call."I'll just eat with Yiting at school and check out the food in the canteen."

"So you're going to abandon me?" Sheng nanxuan said unhappily.

don't be like this~" Gong mo coyly said, "aren't you embarrassed to be jealous of your son all the time?"

"Hmph, I'm hanging up!" Sheng nanxuan hung up the phone in dissatisfaction.

Gong mo texted Sheng Yiting. I'll wait for you in the canteen. I'll have lunch with you.

Walking into the cafeteria, he found that there were many parents who stayed to eat.

She found a place to sit down and took out her phone to surf the internet.

After a while, Sheng Yiting sat down in front of her, panting.

"You're skipping class?" she widened her eyes.

"What truancy?" Sheng Yiting said disdainfully, " I was distributing the books just now. You can leave after that.

When Gong mo heard the word 'Shu', he asked in a low voice, " the teacher said you were reading a high school book? "

Hearing that, Sheng Yiting leaned on the table and whispered, " "Mom, seriously, I'll go to high school next semester! I don't even want to come today, it's so boring!"

"So that's the reason why you were so listless when you woke up?" Gong Mo's eyes widened.

"Yeah!"

"No!"

“If it doesn’t work, this semester will do. I’ve already read half of the high school books anyway, I can catch up now! Maybe I’ll finish reading all of them next semester!”

Chapter 1103 Sheng Yiting’s father is so handsome

“What?” Gong mo raised his voice and noticed that the people around him were looking at him. He lowered his voice and asked, “ you’ve already read half of your high school books? Don’t you know that you’re going to tell me you’re going to take the college entrance examination at this time next year?”

...

“What’s wrong?” Sheng Yiting blinked innocently.

“Of course not! A normal person would still be in the sixth grade at your age!”

“Wrong! That’s an abnormal person. Normal people should be like me!”

“Are you looking down on my intelligence?” Gong mo asked.

A wise man submits to circumstances, so Sheng Yiting quickly changed his words. “Then I’m not normal!”

It was not right to look down on his mother’s intelligence. After all, half of his genes came from her! If his father knew about this, he would definitely beat him up again!

“What are you talking about?” Sheng nanxuan’s voice was suddenly heard.

Sheng Yiting was so shocked that he fell to the ground!

I’ll go! Dad was too secretive! He had just finished complaining in his heart when it appeared!

Sheng nanxuan saw his expression and narrowed his eyes. "Are you bullying your mom again?"

"I wouldn't dare!" Sheng Yiting got up and patted the dust off himself.

"Quickly, quickly, quickly, look!" that's Sheng Yiting's father! a voice came from not far away. He's so handsome!"

Oh my God! I finally know why Sheng Yiting is so handsome!

Gong mo felt a headache coming on. The two of them at home were too attractive. "Sit down," she hurriedly said.

The two of them immediately sat down and were extremely obedient.

Therefore, the real authority in the family was still this woman who seemed to be weak.

"What are you doing here?" Gong mo asked Sheng nanxuan in confusion.

Sheng nanxuan smiled. I'm here to have dinner with you.

Gong Mo's face turned red.

Sheng Yiting's teeth ached, and he felt a little uncomfortable. Because his father's words this time actually included his Xuanji!

"I'll go get some food," he said as he stood up.

Sheng Yiting nodded and asked Gong mo, "why are you frowning?" He's not obedient?"

“He’s about to turn the world upside down!” Gong mo nodded. Then, she worriedly told him what had just happened.

After that, Sheng Yiting came over with three servings of rice.

The lunchbox was similar to the plates in ordinary schools, but the material was different. After the meal was packed, it was covered with a layer of tin foil and a lid.

So, Sheng Yiting stacked the three portions of rice together and brought them over. There were also three bowls of soup at the top, which were also sealed.

Gong mo hurriedly stood up to help him. When he took his own copy and was about to open it, Sheng nanxuan said, “I’ll do it. Don’t hurt your hand.”

Sheng Yiting had already shared his share, and his teeth ached when he heard this. “My hand is more likely to be injured, right? I don’t see anyone’s heart ache for me!”

Sheng nanxuan glanced at him. Even if he was 1.7 meters tall, he was still a child with tender skin.

However, Sheng nanxuan did not feel any heartache at all!

a man shouldn’t be afraid of getting hurt. Scars are a man’s medals!

“What nonsense are you teaching?” Gong mo hit him with his chopsticks and shouted, “eat! Yiting still has class in the afternoon.”

your mother said that you want to skip a grade?” Sheng nanxuan asked Sheng Yiting.

“Can I?” Sheng Yiting’s eyes sparkled.

“You can’t!” Sheng nanxuan said firmly.

“Why?” Sheng Yiting was displeased.

because if you go to high school now, your classmates will all be 15 or 16 years old. You won't be able to get along with them,” Gong mo said.

“I can't hang out with my classmates now. I'm so bored every day.”

Chapter 1104 Dad, control your wife

“Bored? Then you can find something to do!” Gong mo said.

...

“For example?” Sheng Yiting asked, “I was bored when I was in primary school a few years ago, so you asked me to read middle school books. Are you telling me to read high school books now?”

“Aren't you already looking at it?”

that's right. That's why I think I should go straight to high school. Otherwise, I won't be able to go to the right school. It's sad to think about it.

“Yingluo, you can help your classmates with their homework!”

“Why the hell did I do that?” Sheng Yiting's genius brain was confused.

“To make money! I'll get a cent for every assignment I do!”

Sheng Yiting was so shocked that he did not know what to say.

He looked at Sheng nanxuan and said, 'dad! Do you think our family needs that money?'

"Listen to Your Mother," Sheng nanxuan said, "don't think about skipping a grade." Even your dad hasn't skipped a grade, so you'd better not."

Sheng Yiting finally knew why he was against it. He protested, "This reason is too much! Can't I surpass you as your son?"

"Be good ~ if you're bored, then find more books to read."

Sheng Yiting turned his grief into appetite and ate hard.

It seemed that this was the only way. Otherwise, how could he live such a boring life?

As a result, he became the legendary top student-he never paid attention in class and always read books outside of class. In the end, he always got the first place in the exam!

.....

Gong mo and Sheng nanxuan left the school and went to the hospital.

When they reached Yu Qingliu's office, the Secretary guarding the door whispered, "Miss Xinya is here."

The two of them nodded and gently pushed the door open. They saw Yu Xinya doing her homework on the table. Yu Qingliu called out from the side, "Wrong! Wrong! It was wrong! Why are you as stupid as your mother?"

Yu Xinya raised her head and pushed him. Seeing that the door was open, she called out, "Cousin brother, cousin-in-law!"

“You guys are here?” Yu Qingliu hurriedly stood up.

“Xinya hasn’t started school yet?” Gong mo laughed.

“School has started. I signed up this morning and don’t have classes in the afternoon. She hasn’t finished her winter homework yet, so she’s rushing to finish it now.”

“Ah?” Gong mo glanced at Yu Xinya awkwardly, not knowing what to say.

Sheng Yiting had always been a good boy and quick-witted, so he finished his winter and summer homework in two or three days.

Yu Qingliu saw her expression and knew what she was thinking. She sneered, “Your Yiting is abnormal! Which child wasn’t lazy? Lu Song, Lu duo, and the others are all lazy and never finish their homework on time!”

Sheng nanxuan couldn’t bear to see his wife being mocked, so he immediately asked, “Look at what uncle is saying. Not finishing homework on time is a good thing?”

Yu Xinya pursed her lips and scribbled a few words on her homework. She raised her head and roared at Yu Qingliu, “Shut up! Isn’t it embarrassing?”

Yu Qingliu shouted, “you still know how to embarrass yourself?” If you know how embarrassing it is, why don’t you do your homework?”

“It’s all mommy’s fault ...”

“Don’t worry! I will teach her a lesson!”

Ding dang had been training Yu Xinya’s boxing and shooting skills every day. When Yu Xinya got tired from playing, she would fall asleep immediately. Where would she find the time to do her homework?

Yu Qingliu felt that his daughter was so cute. One look and he could tell that she was cut out to be a cute girl! What if ding dang had taught her to be a tough woman?

That was why he had to teach his restless wife a lesson tonight! It's fine if she grew up in a crooked way, but how could she raise her daughter in a crooked way?

"Alright, alright. Go outside and do your homework. If you don't understand anything, ask the nurse. I'll treat your cousin."

"That's the nurse sister, Wanwan." Yu Xinya took her homework to the door and complained in her heart. His father didn't know how to make a girl happy at all, and he actually managed to marry a wife who was more than ten years younger than him. The heavens had really opened their eyes!

Chapter 1105 I want to have a daughter

Gong mo had a full body physical examination two days ago, and the report was in Yu Qingliu's drawer.

...

Yu Qingliu took out a large stack of reports. "All the data is within the normal range."

"It's already the third time, does that mean you've recovered?" Gong mo asked happily.

Yu Qingliu beckoned her over, and she obediently extended her hand for him to take her pulse.

Sheng nanxuan opened the experience report and read it seriously.

"What did you see?" Gong mo asked.

Sheng nanxuan looked at her. you can see that I've been working hard all these years.

Gong mojiao looked at him in surprise.

He put down the report and put his hand on her shoulder. "If I hadn't supervised you and taken care of you all these years, would you have recovered so quickly?"

"Yes, yes, yes! It's all your credit!" Gong mo hurriedly nodded.

Sheng nanxuan looked at her. Time had not left any traces on her face in the past ten years, but her temperament had become more and more attractive.

He lowered his head and wanted to kiss her.

Yu Qingliu was provoked by their nonchalant attitude and shouted, " can you guys be quiet and let me take your pulse?!"

Gong mo hurriedly pushed Sheng nanxuan away. Sheng nanxuan retracted his hand and sat down obediently.

"Don't lead Yiting astray with the way you guys are!" Yu Qingliu said.

Gong mo couldn't help but retort, "Yiting was the top scorer in the final exam last semester. He scored 98 points for Chinese and 100 points for the rest!" You don't seem to have been led astray at all?"

"Shut up!" Yu Qingliu glared at her.

She pursed her lips and lowered her head to look at her medical report.

After more than ten minutes, Yu Qingliu finished taking her pulse and said, " "He's very healthy. Didn't you want to have a second child before? We can seize the moment now."

Gong Mo's heart leaped with joy and he looked at Sheng nanxuan shyly.

"She's an advanced maternal age," Sheng nanxuan said with a straight face.

"You don't like me?" Gong Mo's expression changed and he glared at him.

"Alright, that's enough!" Yu Qingliu shouted, " you guys go home and argue about this. Don't dirty my place!

Sheng nanxuan raised his eyebrows and looked at him. uncle, I feel that you're not satisfied today. Is that true? "

"Yueyue, get lost!" Yu Qingliu pointed to the door. I don't want to see you guys ever again!

.....

home?" Sheng nanxuan asked after they left the hospital. home? "

"Buying vegetables!" Gong mo replied.

Sheng nanxuan gave her a sidelong glance. Seeing that she was serious, he raised his hand and looked at his watch."At this time, the servants have already been bought."

"Then I'll buy some snacks."

"You can't just eat random snacks just because you've recovered, right?"

Gong mo looked at him with dissatisfaction.

He hurriedly said,"Alright, alright!" Buy, buy, buy!"

Gong mo laughed and held his arm happily.

The car was parked outside the mall below their house. The two of them walked into the big supermarket on the second floor, hand in hand.

Sheng nanxuan pushed a shopping cart and Gong mo went straight to the snack area. He took a lot of snacks along the way.

“Don’t take too much.” it’s not healthy to eat too much, ” Sheng nanxuan said.

Gong mo ignored him and continued to take more.

Sheng nanxuan sighed and followed her helplessly.

After choosing a large pile of snacks, Gong mo went to the toys section.

“Are they pretty?” she asked as she picked up a box of Barbie dolls.

Sheng nanxuan’s face was straight, put it down! No one in the house plays this!” Don’t think that I don’t know what she’s hinting at. She wants a daughter!

Xinya can play! Her birthday is coming soon!

she’s ten years old and has received countless Barbie dolls in the past. You’re not being thoughtful by giving her this gift!

then give it to Rou Rou. She’s not even two years old yet, and she needs it.

Chapter 1106 You're an advanced maternal age now

"Don't bother!" Sheng nanxuan snatched the doll back and put it on the shelf. Then, he left with her.

...

The bodyguards behind the two of them quickly pushed the shopping cart and followed silently.

Soon, Gong mo found something that he was interested in.

It was the start of school, and the supermarket had a lot of stationery.

Gong mo saw some of the fountain pen copybooks and said to Sheng nanxuan, "Yiting said that he's bored, so he might as well let him practice writing."

"We're all using computers now, so who's still practicing their writing?"

"It's because of this that people who practice it are particularly valuable!" Gong mo took over a dozen copybooks in one go. Didn't I tell you that your handwriting was very attractive? "

Sheng nanxuan rested his chin on her shoulder. "Could it be that you were initially attracted by my writing?"

Gong mo turned around and touched his face, "of course, your face is also important." However, if such a handsome man could write the word "dog crawl," I would be disappointed."

"Then let Yiting practice his writing."

Sheng nanxuan did not want his son to be despised by others in the future!

After choosing the copybook, the two of them walked to the cashier.

There were different goods on the side of different checkout counters. There were chewing gum, chocolate cream, and condoms.

The condoms that Gong mo and the others were lining up for were of various brands.

Sheng nanxuan took a box and threw it into the shopping cart. It was the brand they used.

When Gong mo saw this, he bent down to pick it up and put it back on the shelf.

Sheng nanxuan furrowed his brows and threw another box in.

Gong mo picked it up again.

Sheng nanxuan teased again.

Gong mo stuttered again.

After a few times, Gong mo shouted in dissatisfaction, "What are you doing?"

Sheng nanxuan looked at her innocently and reached out to the shelf again. Gong mo reached out and slapped his hand away.

"Does your Yueyue want that or not?" the cashier asked.

Gong mo saw that it was time for them to pay the bill.

"I want it!" Sheng nanxuan said.

Gong mo stepped on his foot and pointed to the door, "Wait for me over there!" "No," she said to the cashier.

The cashier and the customers in front and behind: .....

Gong mo wasn't afraid of losing face. She and Sheng nanxuan had been married for a long time.

After paying the bill, she handed the things to the bodyguards and walked in front with Sheng nanxuan.

"Let's walk around this floor," she said, holding Sheng nanxuan's hand.

Sheng nanxuan nodded.

After a while, Gong mo took him into a Pregnancy Shop!

"Do you really want a second child that much?" Sheng nanxuan asked seriously.

"Didn't you want a daughter?" Gong mo found the rack where the folic acid was placed and took two bottles.

"How many years ago was that?"

"You've forgotten about it after a long time?" Gong mo was displeased.

"You're an advanced maternal age now, can we not torment you?" Sheng nanxuan snatched away the acid and put it back.

"But I owe you a daughter!"

but I don't want to owe her and Yiting a mother after I give birth to a daughter!

“Can’t you say something nice?” Gong mo was so angry that he almost cried. This was a curse! Curse!

“I’m just worried.” He said.

“What’s there to worry about?” Gong mo was puzzled. When my mom gave birth to Simon, she was ten years older than me!”

“She’s always been healthy, but what about you?”

“I’m already fine!”

Sheng nanxuan held his forehead. He suddenly did not know how to reason with her.

Hi, hehe. the salesperson had been standing by the side for quite a while. She asked in a trembling voice, “ is there anything I can help you with? ”

“I need to prepare for pregnancy!” Gong mo said seriously.

Chapter 1107 Could it be that mom and dad want a divorce?

When Sheng Yiting returned home from school, the coffee table was filled with snacks.

...

He looked around in confusion, but there was no one.

“What good thing happened?”

He threw his bag on the sofa happily and took out a bag of chips from his snacks. He turned on the TV with the remote control as he ate.

He felt his mouth go dry after eating half of the chips. Seeing that there was still a can of soda on the coffee table, he immediately opened it and drank.

Usually, his mother wouldn't let him eat these, so he would eat more when she didn't see him. She couldn't ask him to spit it out when she saw it!

At that thought, Sheng Yiting gulped down half a bottle of soda again.

Yiting! Gong Mo's gentle voice was heard.

pfft-" Sheng Yiting spat out a mouthful of soda. The carbon dioxide got into his windpipe, causing him to cough violently.

son, are you alright?! Gong mo was shocked and immediately sat down beside him to massage his back.

After a long time, he finally recovered and coughed out tears.

He collapsed on the sofa with tears in his eyes. He saw Sheng nanxuan sitting diagonally opposite him, and Gong mo was right next to him.

mother ... he hugged Gong mo. she's scary, she's going to scare me to death!

"Alright, alright, Yingluo is fine." Gong mo picked up a bag of nuts from the table and handed it to him. calm down.

Sheng Yiting was stunned. He opened the nut and asked in confusion, "What good news happened? You bought so many snacks."

“Uh, Yingluo, don’t eat so much!” Gong mo suddenly remembered that he was still developing. If he ate too much of these things, he would become fat!

Such a handsome son, he must not be disabled! She still wanted to keep it for her eyes!

Sheng nanxuan would be jealous if he looked at the young hunks outside, but he should be fine if he looked at his own, right?

Sheng Yiting froze. If he had known, he wouldn’t have asked!

“You’ve already bought this Yingluo.” He said.

Gong mo nodded. that’s fine. Take your time. Don’t eat too much at once.

“Hello, Yueyue.”

He looked at the silent Sheng nanxuan and felt a little strange.

Could it be that his parents finally felt that their views were different and decided to divorce him?

Was she afraid that he wouldn’t be able to accept this shocking news, so she bought him snacks to please him?

He looked at the snacks on the coffee table and felt that they had really gone too far! Divorce was such a big deal, how could this little bit of snacks be enough?

Yiting ... Gong Mo’s fawning voice could be heard. mother has something to ask you, Yingluo.

Sheng Yiting hugged his snacks and glanced at Sheng nanxuan, who flipped open the newspaper.

“Go ahead,” Sheng Yiting looked at Gong mo uneasily. Did his mother want his custody?

No! Absolutely not! He had never thought that his parents would divorce! They were still showing off their love for each other this afternoon. How could their relationship have broken down so quickly? If his parents were divorced, he would never believe in love again!

“Daddy and Mommy will give you a little sister, okay?” Gong mo asked.

Just now, Sheng nanxuan said that whether or not they could have a second child depended on Yiting’s consent.

If Yiting couldn’t accept this change, it would also be a family tragedy when she was born. Then, he found a lot of related news for her to read-his parents had given birth to a second child and ran away from home/jumped off a building to threaten/strangle his younger brother and sister, Yingluo.

Each one was more brutal than the last!

Gong mo didn’t think that Sheng Yiting was that kind of brat!

“Ah?” Sheng Yiting was taken aback at her words, and then he heaved a sigh of relief. He thought something had happened! He was really scared to death!

“What’s wrong with you?” Gong mo asked anxiously.

Could it be that Yingluo was also a brat?

Chapter 1108 A sis-con has been born

“I’m fine!” Sheng Yiting sat up. if you want a baby, then go ahead!

...

"You agree?" Sheng nanxuan moved the newspaper away.

"Why would I not agree? Everyone else has a younger sister, but I don't!"

Gong mo, "Oh, so the child is complaining?"

"Not everyone has one, right?" Sheng nanxuan furrowed his brows. isn't it just Lu Song who has a sister?"

"But the others are sisters!" Sheng Yiting was full of resentment.

"Your uncle ..."

"He's different!"

"You just want a sister?"

"Right!" Sheng Yiting nodded seriously. He straightened his neck and flicked his bangs. our family has such good genes. My sister will definitely be the prettiest and cutest in the world!

Sheng nanxuan facepalmed. oh no. Qianqian's daughter hasn't been born yet. She's already developed a sister complex.

Gong mo couldn't help but kick him.

He dodged to the side and looked at the mother and son. "You all want it anyway, right?"

"Actually, the one I want the most is you!" Gong mo said.

“What if the baby is a boy?”

Gong mo looked at Sheng Yiting in confusion.

Sheng Yiting blinked, ‘why are you looking at me? It’s not like I’m taking care of it!”

He picked up the bag of snacks and suddenly paused. He asked in confusion, ” “You bought me so many snacks today because you’re afraid I’ll object to you having a second child?”

“Uh, Yingluo, you’ve misunderstood.” Gong mo said.

“What misunderstanding?” He grabbed a handful of potato chips and stuffed them into his mouth.

“Actually, I didn’t buy these snacks for you.”

Sheng Yiting froze and looked at her in disbelief.

“But no one’s going to eat it anyway, so just go ahead and eat it.” She shrugged.

“Can I object to you two having a second child?” Sheng Yiting was hurt.

“But there’s something I’ve specially bought for you!” Gong mo got up and returned to his room to get a calligraphy piece. In the future, you can practice two chapters a day. If you think it’s too little, you can double it, so you won’t be bored.”

ah! Sheng Yiting shouted. am I still your biological son? ”

Good things didn’t think of him, but bad things were tailored for him.

“I object!” He called out.

“Against what?” Sheng nanxuan asked coldly.

Sheng Yiting looked at his eyes and then at Gong mo, who looked very nervous.

It seemed like she couldn't say that she was against having a second child.

He collapsed on the sofa helplessly. “I object to you enslaving me, Yingluo.”

“Didn't you say it was boring?” Gong mo was puzzled. be good ~ it's not a burden to have more skills. Good handwriting can help you pick up girls, Yingying.”

“You said the same thing when we were learning piano!”

“But I'm telling the truth! Besides, you were the one who said it was boring! If I don't let you learn something to pass the time, I'm afraid you'll go down the path of crime! You have to understand the heart of a loving mother!”

“You'd better go have a second child!” Sheng Yiting picked up the letter and went back to his room. you'd better give birth soon! I'll be able to supervise her when she does her homework in the future, hehe ~”

Gong mo felt like he had made an enemy out of the kid who hadn't reported to school yet.

She walked behind Sheng nanxuan and wrapped her arms around his neck. “How is it? Yiting didn't object to it at all, do you want to have one?”

Sheng nanxuan closed the newspaper and slowly pulled her in front of him. He stood up and carried her in his arms.

Sheng Yiting hid behind the bedroom door and opened it slightly. When he saw the two of them enter the master bedroom, he could not help but shake his head. "This house is really too dirty! It's not good for my health at all!"

#### Chapter 1109 A gathering of old friends

On Yu Xinya's tenth birthday, Sheng Yiting had to go to school. Gong mo and Sheng nanxuan waited for him to go home and change before going to the Yu family.

...

The Yu family was very lively. All of their relatives had come, and there were even a few colleagues of Yu Qingliu and ding dang.

These colleagues all had children, and when Yu Xinya went to the hospital and the police station to play, she got to know their children.

Gong mo and the others were the last to arrive, because Sheng Yiting was the only one in junior high school among the group of children, and he was the last to leave school.

Walking into the living room of the Yu family, she saw more than a dozen children of all sizes. The older one was about the same size as Sheng Yiting, while the younger one could not speak!

"Come quickly!" Tang Xinxin waved at her. we're all waiting for you!

take good care of your younger brother and sister," Gong mo said to Sheng Yiting.

Sheng Yiting nodded unwillingly. He did not want to be the king of the children at all.

However, Lu Song and the others had already run over happily and surrounded him, shouting, "Brother Yiting ..."

Sheng Yiting sighed. When he saw that the boy was about to fall, he quickly held him and asked, "What's your name?"

"Haohao!" The little boy said happily.

Sheng Yiting carried him and walked out. He asked the older Fang yuezhu, "Whose house is this?"

Fang yuezhu shook her head.

Sheng Yiting was probably the child of ding dang or Yu Qingliu's colleague.

The child named Haohao put his arms around his neck and said enviously, "You're taller than big brother."

"What?"

it's so high ~"Haohao exclaimed.

Yu Xinya ran over and stood in front of Sheng Yiting. She looked at the little boy in his arms. "Gu Yunhao!"

sister Xinya! Gu Yunhao shouted. sister Xinya!

"Where's your brother?" Yu Xinya asked.

he's a coward. Gu Yunhao thought for a moment. he's studying!

Yu Xinya bit her lip and nodded. She turned around and called out to Fang yuezhu, "Zhu 'er, let's go over there and play. We won't play with the boys!"

but I want to play with brother Yiting," Fang yuezhu said with a troubled expression.

Yu Xinya looked at Sheng Yiting and said helplessly, "Alright, let's play together."

.....

Gong mo walked to Tang Xinxin's side. Yu Xinran, Tian Cheng, Wu Yiyun, and the others were all there. There were also a few colleagues or family members of ding dang and Yu Qingliu that she didn't really know.

After greeting everyone, she asked Yu Xinran, "When did you arrive?"

"Yesterday,"

Yu Xinran was carrying a little girl who was more than one year old. She was her and Lu Yang's second child and had just learned to speak.

The little girl looked delicate and cute.

"Rourou, do you still remember me?" Gong mo asked as he stretched out his arms to hug her.

Lu Rou reached out to grab her sleeve and said a few words.

"Call me aunt," Yu Xinran said with a smile.

"Auntie!" Lu Rou called out softly.

Gong mo let her sit on his lap and looked at the children playing around. He asked, "Lu duo didn't come?"

“She has to go to class.”

Lu duo was Lu Yang’s daughter. She was already nine years old. Just like her aunt Lu Yang, she had been very talented in music since she was a child and had been learning the piano.

Lu Yang and his wife had joined the International doctors organization two years ago and were away from home all year round. Lu duo was left to Lu Yang and Yu Xinran to take care of.

I’ll bring her over to play for a few days during the summer vacation. After that, I’ll send her to Lu Yang’s place. Yu Xinran said.

“Learn music?” Gong mo asked.

Lu Yang was now living in Vienna, which was the Holy Temple of Music. If Lu duo wanted to go on the path of music in the future, she would have to go there sooner or later.

Yu Xinran nodded. I’m afraid we won’t see each other for a few years.

“It’s easy to meet.” Tian Cheng said softly.

“Lu Yang and her husband are always out there. We’re not her real parents, so we can’t let her do whatever she wants. Besides, she’s going to learn music, so she’ll have to spend a lot of time and effort on it. We can’t let her be distracted.”

Everyone nodded in agreement.

Chapter 1110 CEng Shuai can’t wait for you to command

wow! the child in Tang Xinxin’s arms cried.

...

“Why are you howling again?” Tang Xinxin was confused.

“I think I pooped.” Gong mo smelled a foul odor. hurry up and change his clothes!

“Let Wu Di go!” Tang Xinxin immediately called Wu Di over.

Wu Di carried the child away without any complaints.

“You’re really good at commanding your husband~” Tian Cheng laughed.

“Commander Zeng can’t wait for you to take command! Why did you give him a chance?”

Tian Cheng turned her head and ignored her. Fang yuezhu happened to run over to look for Wu Yiyun, so she went to tease Fang yuezhu.

Yu Xinran smiled and said, “you and Yunyun graduated in the same year, right?” Yuezhu is going to go to primary school soon.”

“They were too anxious!” Tian Cheng said.

“It doesn’t matter if the others are in a hurry or not, you’re the slowest.” Gong mo looked at her.

Tian Cheng lowered her head and didn’t speak.

Gong mo sighed and didn’t know what to say. All these years, he had already advised her countless times. He had already said what he should and shouldn’t have said.

Wu Yunyun had married Fang Yang after graduating from university and had given birth to Fang yuezhu in the second year. She had devoted herself to her career and was now working in the Foreign Affairs Department.

Tang Xinxin didn't agree to Wu Di's proposal until her career was almost fully developed. She got married two years later than Wu Yunyun, and then another five years later-she only had a child last year.

As for Tian Cheng, her younger aunt died of cancer the year she graduated. During that time, Zeng Shuai comforted and took care of her, and the two of them naturally got together.

However, it had been eight years, and the two of them were still in a lukewarm relationship. Tian Cheng had no intention of getting married at all.

Gong mo had thought that they had reached the end of the road, but Zeng Shuai was still persevering.

The people around CEng Shuai were all married, and their children were all out. He often looked at everyone with envious eyes, and Gong mo couldn't help but feel sorry for him.

He didn't have much contact with Yu Qingliu for today's gathering, so he didn't come. On the other hand, Tian Cheng was invited to visit the Yu family occasionally.

Gong mo had tried to persuade Tian Cheng a few times, but Tian Cheng had always been opinionated and did not listen to his advice.

.....

It was already very late when the birthday party ended.

The group of children were all covered in cream, and the younger ones were already asleep.

When everyone left, Yu Zhengming said to Wu surong, "Come back another day! Come when you're free!"

"Great-grandfather, great-grandmother, you can go in!" it's cold outside. Don't catch a cold! Sheng Yiting said.

"Aiya, you're so sweet!" Wu surong said happily, "don't catch a cold! Don't let your mother catch a cold!"

she has my father," Sheng Yiting said. what am I supposed to do if you all miss her?"

"Enough, you! Come again another day. Don't disturb great-grandpa and great-grandpa's rest." Gong mo said.

A group of people took the children into the car one after another, and the cars drove out of the villa.

Yu Qingliu and ding dang stood by the road and waved to everyone, instructing them one by one, "drive slowly. Be careful on the road!"

"Goodbye, uncle Yu!" The child waved from the car. goodbye, Auntie ding!

Wu surong was grinning from ear to ear in the room."It's really lively! I feel younger when I see them!"

When Gong mo saw Sheng nanxuan's car approaching, he asked Tian Cheng, "Do you need us to send you off?"

"No, I drove here myself." Tian Cheng said.

Gong mo looked at her and sighed.

Tian Cheng was dressed very simply. Her long, straight black hair was tied up with a rubber band and she wore black-rimmed glasses. She had an aura of self-restraint and self-awareness, just like a Chinese teacher in a middle school.
