

## **Ditsy Wife 1131**

Chapter 1131 Don't confess to other people's women

Gong mo was sitting on the sofa and drinking chicken soup. When he saw him coming out, he snorted, "I thought you didn't want me anymore after you had a daughter!"

...

"Why would I?" Sheng nanxuan hurriedly took the bowl of chicken soup and fed it to her. in my heart, no one can compare to you!

"Xue 'er can't even compare?"

"That's definitely not comparable!"

Gong mo smiled in satisfaction.

"Aiya!" Shan Rong called out from the side, "my teeth are aching from seeing you guys!"

let's go, "she said to Gambino as she stood up. let's go see Cher.

she's asleep, "Sheng nanxuan said hurriedly. don't wake her up!

"We won't disturb her. We'll only disturb you when she cries at night!"

Sheng nanxuan smiled. He was happy to do so.

"Have a good sleep tonight. Leave Xue 'er to me," he said to Gong mo.

Gong mo nodded.

Sheng nanxuan suddenly looked around and asked, "Where's Yiting?"

"I went to do my homework with Simon."

.....

Shan Rong and Gambino pushed open the door to the nursery and saw Sheng Yiting and Simon bending over in front of the crib, holding a rattle drum in their hands.

Shan Rong was shocked, "you guys--"

shush--" Sheng Yiting put his index finger to his lips.

Dan Rong thought of what had happened at the hospital and knew that he was afraid that Sheng nanxuan would find out. She quickly closed the door and walked over. "What are you guys doing?"

"To see my younger sister." Sheng Yiting said innocently.

"Is there a need to be so sneaky when looking at a younger sister?"

it's all my dad's fault. Sheng Yiting was upset.

"Sigh, you have to understand. Your dad has been waiting for this daughter for more than ten years."

"More than ten years?" Sheng Yiting was shocked. I'm only a teenager! Don't tell me, Yingluo "

"Yeah! When he was pregnant with you, he already wanted a daughter. When I found out it was a son, I couldn't believe it!"

Sheng Yiting said sadly, "Grandma, I feel very hurt. So I'm that unanticipated?"

no, I'm not. I'm looking forward to seeing you. Shan Rong said hurriedly.

grandma, I love you! Sheng Yiting was touched.

don't! Gambino pushed him away. don't confess to other people's women!

Sheng Yiting was furious, 'this is family! Family love!'

He felt that his family had gone crazy! What kind of people are they!

Shan Rong stepped on Gambino's foot and glared at him in dissatisfaction. How do you teach your child? He didn't know how to set an example at all.

Suddenly, Sheng shuangxue started crying!

The four of them lowered their heads. Shan Rong wanted to hug him, but Sheng Yiting called out, "I'll do it!"

"Alright, you do it!" Shan Rong smiled and retracted her hand.

Sheng Yiting reached out his hand excitedly, but there was still a distance between him and Sheng shuangxue. At 0.05 cm, the door opened!

Sheng nanxuan had rushed over when he heard the crying. He did not expect so many people to be standing by his daughter's bed. He was furious. what are you guys doing?!

"Uh, Yingluo should be hungry." Shan Rong said weakly.

Sheng nanxuan walked in angrily and glared at Sheng Yiting.

Sheng Yiting took a step back in fear.

Sheng nanxuan was stunned. He was afraid that he would think that he did not love him anymore. When he thought of how much effort he had put in to obtain his love when he was a little boy, he could not help but soften his expression. "If you want to see your sister, why are you doing it so sneakily? Are you a man?"

Sheng Yiting was taken aback, so his father didn't blame him anymore? I can hug my sister in the future?

"I'm just afraid that you won't agree," he said with a silly smile as he scratched his head.

"He's your sister, do I have the right to disagree? Just be careful."

Sheng nanxuan said as he lifted Sheng shuangxue up.

"Then what about me?" Simon hurriedly asked. What about me? Can I hug Xue 'er?"

Chapter 1132 something happens every time you do something big

Sheng nanxuan looked at him without a word.

...

"I'll hold her when she's older," he said tactfully.

Gong mo walked in and asked, "why are you still crying?" You can't even coax her with so many people?"

"She's so young and doesn't even know people, how can we coax her?" Shan Rong said.

“He’s probably hungry.” Sheng nanxuan took off the diaper and looked at it. It was dry.

“Then I’ll feed him.” Gong mo said.

Shan Rong quickly beckoned Sheng Yiting and Simon over. “Let’s go, let’s go, Yingluo!”

.....

While Gong mo was having his confinement period, Shan Rong began to prepare for the one-month celebration.

“I’m always afraid that something will happen during the one-month celebration,” Sheng nanxuan said worriedly.

“What could have happened?” Gong mo was shocked.

Sheng nanxuan counted with his fingers. when Yiting was a month old, when you celebrated your birthday, and when we got married, Qianqian did not have a single smooth-sailing experience. I don’t think our family is suitable for big things. Every time we do big things, something happens!”

“Don’t talk nonsense!” Gong mo scolded anxiously. The bad guy is dead, and we’ve already lived ten years in peace. You don’t celebrate your own birthday, but you don’t allow your child to celebrate it?”

“Pass, pass, pass!” Sheng nanxuan hurriedly consoled her. I was just saying. Actually, I don’t believe that anything would happen to Yingluo.

“Don’t talk so much in the future. I think you haven’t slept in the study for too long!” Gong mo glared at him.

“I won’t say anymore, I won’t!” Sheng nanxuan did not dare to refute her at all. He was afraid that she would force him to sleep in the study.

She didn't sleep in the study during the first three months and the last three months of her pregnancy. She didn't sleep in the study during the confinement period either. The confinement period was about to end, and he should also be lifted. It would be too much of a loss if he slept in the study at this time!

On the day Sheng shuangxue was one month old, Shan Rong wrapped her in a red swaddle embroidered with the word "fortune." she looked very happy.

When they left the room, everyone was fighting to hug her. Gong mo said, "Let mom carry you. She's more experienced."

Shan Rong nodded and hugged Sheng shuangxue tightly.

Sheng Yiting moved closer and saw Sheng shuangxue's wide-open eyes. He smiled and asked, "Xue'er, are you looking at your brother?"

Sheng shuangxue's Black, gem-like eyes didn't move. She didn't respond to him.

Sheng Yiting was a little hurt.

Shan Rong laughed, "she still doesn't know how to judge a person!" I'll be able to play with you in a few months."

"Really?" Sheng Yiting was happy and full of anticipation.

"Yes, I'll be gnawing on your hands and feet, just like you when you were young." Sheng nanxuan laughed.

"Ah?" Sheng Yiting was stunned. Gnawing on her hands and feet?

"All children are like this," Gong mo laughed. When Simon was born, you could already walk, but when you saw him gnawing on his feet, you complained as if you had never done it."

Sheng Yiting thought, don't even mention the dark history of Yueyue! Please let him go!

"So, my dear nephew, you were so unfilial in the past?" Simon snorted and glanced at him.

"Who wants to be filial to you?" Sheng Yiting couldn't take it anymore.

Sheng nanxuan said, 'that's enough! Let's go!'

He carried Sheng shuangxue to the car.

"This person is really ... Can't I even hug her for a while?" Shan Rong was helpless.

Sheng nanxuan said righteously, "Yiting and I were not close when we were young. I'm afraid shuangxue will be the same. So, I'm hugging her more now. I want her to remember me.

Sheng Yiting was stunned and asked in a low voice, "Didn't you say that she can't recognize people now?"

"She'll remember the sounds and smells." Gong mo turned around and got into the car.

Sheng Yiting hurriedly got in and snuggled up to her. "Mom, I was really naughty when I was young."

Gong mo nodded, "you were very obedient when you were young!" In your heart, I'll always be first and your dad will always be behind me!"

Chapter 1133 battle between two armies

Sheng Yiting sneaked a glance at Sheng nanxuan, feeling a little guilty.

...

Sheng nanxuan sat down and looked at him. He immediately turned away.

“But you still love your father,” Gong mo said, “but you’re too proud to admit it.”

Yingluo wasn’t that kind of person!

After the car started, Sheng nanxuan’s phone rang. He hurriedly passed Sheng shuangxue to Gong mo.

Sheng Yiting immediately reached out and poked the little one’s face.

Gong mo smacked his hand away and gave him a warning glare.

“What?” Sheng nanxuan’s surprised voice was heard.

The two of them looked over.

After a while, he hung up the phone with a heavy expression.

“What’s the matter?” Gong mo asked hurriedly.

Did he hit the nail on the head with his jinx? Every time he did something big, something would happen!

“It’s about the presidential palace.” Sheng nanxuan said casually.

Gong mo heaved a sigh of relief. No matter how big the incident at the presidential palace was, it had nothing to do with her. It was just a group of politicians fighting each other.

After the one-month celebration, Sheng nanxuan sent Gong mo and the others home and immediately went to the presidential palace.

Gong mo frowned and asked in confusion, "Did something happen?"

Sheng Yiting was rocking Sheng shuangxue's cradle as he read the news on his phone. "It looks like he's fine."

Gambino took out his phone and went to the balcony to make a call.

"Don't worry, what could have happened?" Shan Rong consoled. If there's anything, nanxuan will be there to hold it up."

Gong mo furrowed his brows. He was even more worried after hearing her words.

A moment later, Gambino finished his call and walked in. In the morning, J-country's ships broke into Hua's territorial waters. Now the two armies are at war.

Gong mo was stunned. He quickly took out his phone and searched for the news, but there was no news at all.

"I don't think they've decided to announce it to the public." Gambino said.

"Why did they start fighting?" Gong mo was feeling uneasy.

This kind of thing was very far away from her. Although there was a war, she was not required to go to the battlefield, so she could still live a peaceful life with singing and dancing.

However, when it came to war, if one was not careful, it could drag down the entire country. What if they reached the capital? What if Sheng nanxuan was going to the battlefield?

Her heart was in her mouth at the thought of this, and she was afraid that her peaceful life would be broken.

.....

Sheng nanxuan didn't return until late at night. Everyone was already asleep.

Hearing the noise, Gong mo got up and was taking off his coat.

"You sleep." He said.

"Are you alright?" did they really start fighting? " Gong mo asked worriedly.

"I want to replace this President!" Sheng nanxuan said with hatred.

Gong mo said in a daze,"this President has only been in office for two years, Wanwan."

f \* ck! Sheng nanxuan was obviously very angry. He took a deep breath and said, " I think if he continues like this, he will become the first president in the history of China to resign!

"Are you alright?" Gong mo asked anxiously. Is the battle situation very serious?"

"It's fine. I'll go take a shower first." Sheng nanxuan cupped her face and kissed it. He smiled. if you're not sleeping, wait for me. I have a 200 million Yuan project to discuss with you.

"Hooligan!" Gong mo shouted.

Sheng nanxuan laughed and went to the bathroom.

Gong mo rubbed his red face and lay down to cover his face with the quilt.

After a while, she couldn't fall asleep. She got up and went to the nursery to see Sheng shuangxue.

Sheng shuangxue had fallen asleep. Seeing her sleeping peacefully, Gong mo raised his head and looked out of the window.

It was hard to imagine that the country was actually at war at this moment.

He hoped that things would calm down soon and that this peace would not be broken.

"I knew you would be here." Sheng nanxuan's voice was heard.

Chapter 1134 His son will be the future president

Gong mo turned around and placed a finger on his lips.

...

Sheng nanxuan shut his mouth and walked to her side. He asked softly, "He fell asleep?"

Gong mo looked at his watch and said, "he will probably wake up once in a while."

"It's still early, go to sleep first." Sheng nanxuan lowered his head and kissed his daughter. Then, he pulled her back to their room.

.....

The government obviously wanted to hide the war with J country from the people. However, the foreign media had already reported it, so China would at most postpone it to the next day.

For a moment, all kinds of voices came out. Basically, half of them were against it while the other half supported it.

Most people could only understand the situation through the news, so the public was agitated and wanted to raze J country and turn it into the J province of Hua country.

Gong mo had access to Sheng nanxuan, so he knew more about it.

Within the government, many people were against this war.

The signs of this war had been there since last year. The president had always advocated using force to solve the problem, but because many people disagreed, the war did not happen last year.

This time, it was also the president who was bent on doing things his own way. He did not violate the territorial waters, he was just passing by.), He directly ordered the attack without discussing with the others.

There was no problem even up to this point.

However, when J country tried to make peace, the president disagreed and continued to fight.

Sheng nanxuan felt that it was a good thing to be hot-blooded. However, since J country and M country were in cahoots, who knew if M country was behind this?

Even if they didn't do it before, M Nation would definitely secretly intervene after the war started.

However, as everyone knew, the M Nation was very good at weapon development and intelligence collection. These two points were very useful in war. If China underestimated their enemy, they might suffer a huge loss.

Soon, China suffered a defeat.

However, the news released to the public would not be written in this way. Every time this happened, both sides of the enemy, and even third parties who were watching, would write their own things that no one could understand.

Basically, half of the world's people were saying that China had won, while the other half were saying that J country had won. No one could understand the real situation.

From March 6th to June 10th, three months was a long time for Modern Warfare.

In the end, it was also because of the intervention of the United Nations that the war stopped. No one could say who won or lost.

However, a group of young Chinese soldiers had died on the battlefield.

After the war ended, the bodies of the soldiers were sent back to their country. The entire country gave the greatest respect to the soldiers who protected the country.

The bodies were transported from the place where the two armies were fighting back to the capital, and the whole process was broadcast live on television.

The number of casualties had exceeded everyone's expectations.

It was only then that everyone began to reflect and condemn the president's mistakes in the decision of this war.

The country held a funeral for the martyrs, and their ashes were covered with flags and flowers.

At the funeral, the president gave a speech and resigned.

However, this could no longer exchange for the lives of those young people.

Behind the urns were the broken families.

Eleven years later.

It was September, the start of school.

Sheng Yiting had already graduated from University and was now working in the Congress as a young Member of Parliament.

Sheng nanxuan felt that if he continued to work like this, he would really become the president, just as he had predicted when he was captured.

If that was the case, Sheng nanxuan could be considered satisfied. He didn't become the president himself, but the presidents of the past few years all listened to him. The future president would be his son Yingying hehe, just thinking about it was beautiful!

Early in the morning, the entire Sheng family was busy.

"Which one of you is going to send shuangxue to school?" Gong mo shouted.

Chapter 1135 The beginning after 11 years

Sheng shuangxue sat at the dining table and frowned. "Mom, aren't you going to send me there?"

...

She was in the sixth grade of elementary school.

At 11 and a half years old, she was 1.47 meters tall. She was still a small child in this family, but she already had a slim and elegant posture.

Sheng nanxuan and Sheng Yiting estimated that when she entered junior high school, she would have grown by at least ten centimeters. By then, there would definitely be many Rascals chasing after her!

In a few years, she would be in a relationship, and in a few years, she would be married, Huahua.

Oh my! Both of their hearts ached at the thought of their little darling, whom they had raised with their own hands, being abducted.

However, the little darling was still growing up and she was still in primary school.

“Mommy has a meeting in the morning, let daddy and brother send you there!” Gong mo said.

Gong mo was now the chief editor of Aimo news agency. He worked from 9 am to 5 am every day, so he was sometimes very busy.

“Then let big brother send you!” Sheng shuangxue said immediately.

“Do you dislike me?” Sheng nanxuan asked, feeling hurt.

no, but I think it’s better for brother to give it to me. Sheng shuangxue said with an animated expression.

“Why?”

Because I’m young and you’re older! My classmates will be very envious when they see me having such a handsome brother!

Of course, Sheng shuangxue would not tell him the truth.

“Aren’t you going to send mom home?” she asked after some thought.

Sheng nanxuan glanced at Gong mo. He felt that his wife was still as beautiful as ever!

“Alright, I’ll send mom.” No matter how cute his daughter was, his wife was still the number one priority in his heart.

Gong mojiao glanced at her in surprise.

Sheng Yiting and Sheng shuangxue said, ‘I’ll just eat the dog food quietly.’

After the meal, Sheng Yiting walked up to Sheng shuangxue happily and wanted to hug her. “Let’s go, big brother will send you ...”

Sheng shuangxue took a step back.

Sheng Yiting froze. He knew that she had grown up and it was not appropriate to hold her. But she had dodged in time, and he was more or less hurt. you’re not cute at all now that you’ve grown up. In the past, you even said that you would marry such a handsome man like brother in the future. Hmph!

Just as Sheng shuangxue was about to speak, Sheng nanxuan called out, “Didn’t you say that you wanted to marry a man as handsome as dad?”

aren’t you guys equally handsome?! Sheng shuangxue couldn’t stand it anymore. I’m going to be late if we don’t leave now!

“Alright, let’s go!” Sheng Yiting said hurriedly.

.....

Gong mo returned to his office after the meeting. His Secretary brought him some scented tea and some documents.

chief editor, this is the evaluation report for the interns. You need to sign it.

Gong mo picked up the report and opened it.

During the summer break, Media College had sent a few students over for their internship. Some of them had performed well and she had a deep impression of them.

Gong mo took out a card and asked, "this Tong Siyao is in her fourth year, right?" Can they do their internship in their fourth year?"

"Yes, I can." The Secretary said, " someone wants to stay and asked if we are looking for an intern.

"Then ask someone to ask if Tong Siyao is willing to stay. If you're willing, you can sign the contract with her in advance after some observation."

"Alright," he said. The Secretary laughed. this Tong Siyao is indeed very motivated. No matter what news is given to her, she takes it seriously. She's also very objective when interviewing and has the professionalism of a reporter.

that's right, Zhenzhen. Gong mo laughed. that's not all that she's after.

Gong mo had met Tong Siyao a few times and realized that she was more interested in international news. She was also focused on reporting on disasters and Wars. She probably wanted to become a disaster or war reporter.

Chapter 1136 Busy all the way until 10 pm

Gong mo signed the other people's evaluation reports, but Tong Siyao's one was signed after she personally wrote a few comments.

...

This Tong Siyao reminded her of herself when she was in school.

At that time, he had always dreamed of being a reporter, bringing the truth to everyone, and winning the highest award in the reporter industry.

However, her plans could not keep up with the changes. Marriage, having children, and a series of other things had happened, making her simple dream impossible.

She was already very satisfied that she could still sit here and work. The responsibility and honor that belonged to the reporters should be left to the young.

.....

Tong Siyao still had a lot of classes this semester, so she declined Aimo's internship offer. She was naturally happy that Aimo thought highly of her, but she wouldn't delay her classes because of this.

She still had an interview to do, so she had to hand it over to Aimo's official employee.

The employee's name was Zhang Hua. He was a male and had taken good care of her.

However, Zhang Hua's work ability was only average. Otherwise, the higher-ups wouldn't have assigned a case for an intern like her to him.

Tong Siyao wanted to finish her task as soon as possible so she could go back to school, but Zhang Hua kept asking irrelevant questions.

"I heard that the company wants you to continue your internship. Why didn't you agree?"

“Who did you hear that from?” Tong Siyao asked.

uh, Yingluo. he had heard it from a classmate who was doing her internship with her. That classmate was a little jealous of her good luck. He couldn't say it out loud, so he smiled and said, “I have the channels anyway!”

“I think it's through hearsay?” Tong Siyao laughed.

“So, did the company keep you or not?” we've known each other for two months. Is there anything you can't tell me? “Zhang Hua asked.

Two months of friendship was very deep? Tong Siyao was speechless. She was speechless at his behavior. She really wasn't that close to him!

However, it wasn't anything important, and since someone asked, she couldn't hide it, so she said, “Alright, it's not a secret anyway, so it doesn't matter if I tell you. The company did hire me, but I still have to go to school, so I had to give up.”

“Why are you so stupid?” Zhang Hua said in an experienced tone, “it doesn't matter if you go to school or not. It's more important to find a job now! Ai mo was backed by a big tree like Huan mo. Although it was not the most profitable business in Huan mo group, it also had the word “mo” in its name. It was definitely the most important business in Huan mo group! If you miss this opportunity, I'm afraid you won't be able to find such a good job in the future.”

“But I feel that if I don't finish learning the knowledge in school, I won't be able to do such a good job!”

you ... Zhang Hua choked and changed the direction of his persuasion. but if you reject Aimo's offer to keep you, you might give people a bad impression.

Tong Siyao nodded, “I also thought about this problem.” But since he had already said it, he couldn't go back on his words, right? That would leave a bad impression.”

Zhang Hua couldn't find any words to refute, and the two could finally hand over the work seriously.

After the handover, Zhang Hua asked her to help with other things. The two of them worked until 10 O'clock in the evening.

Tong Siyao secretly heaved a sigh of relief. Just as she was about to get up from her seat, Zhang Hua hurriedly apologized, "I'm sorry. Your internship has already ended, but you've still been busy until so late. I'll send you back?"

"No need, I rode my bike here." Tong Siyao refused with a smile.

uh, Yingluo. Zhang Hua was a little anxious. it's so late. Don't you want to have supper? "

He had been working for a few years but didn't have a girlfriend. Recently, he wanted to make a move on Tong Siyao. Today was his last chance.

#### Chapter 1137 accident

Currently, Al Mo's office was in "Huan mo building," which was the office building of Huan mo group. All the companies and enterprises under Huan mo were here, including Star Entertainment. Therefore, there were many handsome men and beautiful women in the whole building, and there were also many ordinary ones. In short, as long as he was willing to find someone, he could easily find a partner.

...

However, Zhang Hua's personality was gentle, and the female colleagues around him were all high-spirited, so he did not dare to make a move. In the end, he had an idea and decided to find one among the interns.

In his opinion, these college students were inexperienced and would be easier to deal with!

Among the interns who came this time, Tong Siyao was the most beautiful and had the best working ability.

Although he didn't really like women who were capable, he was getting on in years. The most important thing was to get a girlfriend. It didn't matter if they weren't suitable. They could slowly get used to each other in the future.

But he had been hesitating and didn't dare to make a move.

Now that Tong Siyao was leaving, even if she came to Aimo to apply for a job after graduation next year, she might be pursued by someone else within a year. That was why he wanted to muster his courage and give it a try.

Tong Siyao also knew what he was thinking.

However, he was not her type at all, so she could only reject him. "No, I have to go back to school. Otherwise, if the school closes, I'll have to sleep on the streets."

Zhang Hua was timid to begin with, otherwise, he wouldn't have been single for so long. Hearing her say this, he was too embarrassed to continue, so he said, "Alright, be careful on the road, Yingluo."

Tong Siyao was afraid he would pester her, so she quickly left with her things.

She rode her bicycle here. Although it took more than half an hour to get to school, she treated it as a form of exercise.

After putting the things in the basket, she rode her bike out of the parking lot. On the way, she passed by a noodle shop. Seeing that it was still open, she stopped to eat a bowl of noodles.

After eating her fill, she had more strength to ride the bicycle.

.....

Sheng Yiting was driving home when he received a call from home.

It was Sheng shuangxue.

mom asked me to ask you something, ” Sheng shuangxue said. why aren’t you home yet? it’s so late.

“Tell mom that brother is on a date with his girlfriend,” Sheng Yiting smiled.

Sheng shuangxue was stunned, thinking, brother has a girlfriend?

She turned to Gong mo.

The phone was on speaker mode, so Gong mo also heard it. He asked anxiously, ” you have a girlfriend?  
”

“No, I didn’t!” you just want to know if I have a girlfriend, don’t you? ” Sheng Yiting replied.

“You’re already 25 years old, but you’ve never had a girlfriend. I’m just worried.” Aiyaya, when can you get a girlfriend? A boyfriend is fine too! Mom is very open-minded!”

Sheng Yiting choked on his saliva and called out weakly, ” “Mom ...”

“When your dad was 25 years old, you could already speak!”

“Alright, alright, I’m driving. I’ll talk to you when I get back!”

Sheng Yiting hung up the phone and took off his Bluetooth headset.

Was it a sin not to have a girlfriend?

He also wanted to pay! But didn't this mean that he hadn't met anyone who could move his heart?

He walked on the streets every day, hoping that a woman who he fell in love with at first sight would fall from the sky!

When he was on the phone, he saw a red light in front of him and slowed down. When he saw the green light, he sped up again.

When he rushed past the intersection, a truck from the right came across. He hurriedly turned left to avoid it, but he was still hit by the other side of the road.

A bicycle suddenly appeared there!

I'll go! Who would ride a bicycle outside in the middle of the night?

Sheng Yiting wanted to avoid it subconsciously, but if he did, the other party would probably be hit by the truck.

Chapter 1138 Don't run!

He had no choice but to step on the brakes and block the truck. As for the person riding the bicycle in front, Qianqian hoped that she would be lucky!

...

Bang! Bang!

Ping, ping, ping, ping!

A series of sounds rang out.

Sheng Yiting closed his eyes subconsciously. When he opened them again, he saw a folder falling from the sky, and the front wheel of the bicycle was spinning against his engine cover.

He quickly unbuckled his seat belt and got out of the car. He saw a girl in an OL uniform lying in front of him, her arms and face covered in blood.

Just as he was about to call out to her, he suddenly heard the sound of a truck. He looked up and saw that the truck that had caused the accident had backed off. The driver had driven away!

you-" Sheng Yiting wanted to chase after her, but a hand suddenly grabbed his ankle.

He lowered his head and saw the girl looking at him with her face covered in blood."Don't run! There's, there's surveillance at this intersection, you can't run away,"

"Great aunt, don't move!" Sheng Yiting quickly squatted down and held her head.

The blood from her head immediately flowed to his hand.

"I didn't run, but someone did." Sheng Yiting took out his phone and called for an ambulance and the traffic police.

Hearing his arrangement, Tong Siyao was slightly relieved. She hoped that he was a responsible man.

If she remembered correctly, the car that had just hit her was a new sports car from the Liuguang group, which cost a few million Yuan. The people who could afford it were obviously rich.

And she was just a poor person, so no matter what, she couldn't let him escape! Otherwise, who would pay for her medical expenses?

With this thought in mind, she continued to hold on to his trousers and refused to let go.

“Don’t move and don’t talk, okay?” the doctor will be here soon. You’ll be fine, ” said Sheng Yiting.

Tong Siyao felt a large amount of warm heat flowing on her face. Half of her face was in pain. Her head was in pain, and her eyes were in pain!

When he came over, she could see his figure clearly, but now her eyes were in so much pain that she couldn’t open them. She didn’t know if he was injured.

If that was the case, what if he became blind? How could she still be a reporter?

She pursed her lips and held him even tighter, not letting herself cry.

It wouldn’t be that bad! The driver of the car did not escape, which meant that her luck was not that bad!

Very soon, the ambulance arrived.

Sheng Yiting followed her into the ambulance and sent her to the hospital.

Tong Siyao had a surgery, and her right eye was covered with gauze.

Her eye was injured, and it was unknown if it would affect her vision. However, during the examination, they found that her left eye’s vision had been affected.

The doctor wasn’t sure if he would go blind, but the wound on his face might leave a scar.

Sheng Yiting, “Yueyue.”

Are you kidding me? He was not sure about anything!

However, when he thought of the worst case scenario, he felt uncomfortable.

I'm innocent, alright?

She was riding her bicycle, singing songs, and happily preparing to go home. It was not like she had violated any traffic rules, but in the end, two cars had rushed out and hit her to death. When she woke up, they said, " You want to be disfigured and blind?"

He couldn't do it anyway, so the only thing he could do was transfer Tong Siyao to another hospital.

She was now in a public hospital, so he transferred her to worriless hospital and arranged for her to be in the VIP Ward. He then asked the doctor at worriless hospital to do another examination for her.

Worriless hospital was a private hospital. Since it served the rich and powerful, its doctors were all good doctors who had jumped ship from major hospitals. They were not necessarily the best, but they were better than most.

Yu Qingliu was the best, but he was sleeping at home. Sheng Yiting looked at the time. It was already midnight, so he did not want to disturb him.

Chapter 1139 Was she going to be knocked down for nothing?

Tong Siyao fell asleep before the transfer.

...

Sheng Yiting stood by the bed and looked at her for a while. She did not sleep well, so her wound must be very painful.

Other than the wound on her head, only her calf was cut. There were no fractures or ruptured internal organs. If her eyes were fine and there were no scars on her face, it would not be considered serious.

Sheng Yiting turned around and walked out of the ward. He took out his phone and saw that the traffic police had sent him a text message, asking him to take a statement by tomorrow at the latest. There were no more calls from home, so everyone was probably asleep.

He thought about it and decided to go home, in case everyone would be worried when they found out he was not there the next morning.

.....

At six in the morning, Tong Siyao was woken up by the pain.

When she opened her eyes, half of her vision was blocked, and her eyes hurt.

She turned her left eye and found that her vision was a little blurry. She raised her hand, touched the gauze on her right eye, and cried in grief.

After a while, the nurse came to check on her. When she saw that she was awake, she hurriedly asked, "How do you feel now?"

"I'm blind, right?" Tong Siyao looked at her, but she could only see a rough outline. She couldn't see her face clearly.

"Don't be nervous. He had just been injured, so it was normal for his vision to be damaged due to the blood clot pressing on his retina. After a period of time, he will naturally recover."

"Really?" Tong Siyao asked with hope.

“Of course it’s true. Everything is still undecided, so don’t be too sad. This isn’t good for your wound’s recovery.”

The nurse was very confident. With a godly doctor like Yu Qingliu in the hospital, nothing was impossible!

Tong Siyao calmed down quickly and asked, “Where is this place? Who sent me here?”

“It’s Mr. Sheng!” The nurse said with a smile.

“Mr. Sheng?”

“Yes, he’s the one who arranged the ward and the doctor, so you can rest assured that you will be fine. You came too late yesterday, otherwise he would have asked Dean Yu to check you. You know President Yu, right? He’s the world’s number one medical expert.”

President Yu?

Number one in the world?

Mr. Sheng?

Tong Siyao felt like she had heard of it before, but the thought of it gave her a headache and she could only put it aside for now.

After resting for a while, she heard that the nurse was leaving and hurriedly asked, “The one that ran sent me here was the driver who caused the accident, right?”

The nurse’s eyes widened, ‘how is that possible? Mr. Sheng is such a good man. How could he be the driver?”

Wanwan ” felt that the angel in white was a fan of the driver.

The situation was not good!

Was she going to be knocked down for nothing?

Tong Siyao’s family was in Xiyuan province, and there were many poor people there! If it was just an external injury, it would not cost much. If she was blind, she definitely wouldn’t be able to afford the medical expenses. She hoped that the traffic police could give her justice, Yingluo.

However, she felt a little uneasy at the thought of such a good car.

.....

After Sheng Yiting got out of bed, he went out with his briefcase and said to the three people who were eating in the dining room, ” “I’ll be leaving first.”

“You’re not eating?” Gong mo asked.

“You’re not going to send me off?” Sheng shuangxue asked.

“There’s something!” Sheng Yiting closed the door and disappeared.

“He must be afraid that I’ll ask him to find a girlfriend,” Gong mo said to Sheng nanxuan.

“I think he’s afraid that you’ll ask him to find a boyfriend,” Sheng shuangxue interrupted.

Sheng nanxuan raised his eyebrows. He looked at Gong mo. boyfriend? ”

“He’s already 25!” Gong mo replied innocently. It’s better to have a boyfriend than not having a boyfriend or girlfriend.”

For a moment, Sheng nanxuan could not find any words to refute. While he was stunned, the phone on the table rang.

He put down the newspaper and picked up the phone.

Chapter 1140 Moved

Sheng Yiting went to the traffic police to take a statement, and the truck driver was found. After all, the surveillance camera was not just for show.

...

He didn’t listen to the truck driver’s repentance and shirking responsibility. He took Tong Siyao’s things and left.

On the way, he bought two sets of breakfast and then took a taxi to the hospital.

In the taxi, he ate while looking at Tong Siyao’s things.

It wasn’t that he wanted to invade her privacy, but he wanted to find her identification card so that he could register her hospitalization information.

The identification card was easily found.

Her name was Tong Siyao. It sounded nice. Other people’s ID photos looked like prisoners, but she was very good looking. She looked like a beauty.

She was from Xi Yuan province and had just turned 21. Her birthday was the day after tomorrow, Hanhan.

He should still be in University, right? Please don't lose your sight, or it'll be cruel. After all, life has just begun.

Sheng Yiting kept the ID card and was about to look at the rest of her belongings when his phone rang.

He had no choice but to put his things away and answer the phone.

It was Sheng nanxuan.

Sheng Yiting was a little nervous. It was so early in the morning, and his father was definitely up to no good!

did you get into a car accident?" Sheng nanxuan asked.

Sheng Yiting was touched by the nervousness in his voice, but he did not want him to worry, so he quickly said, "I'm fine, but I accidentally hit someone. I have to go to the hospital now.

"Didn't I tell you to drive properly?" Sheng nanxuan roared.

"That's not my fault! I was very obedient. It was someone who hit me with a drunk driver, and then I hit someone when I dodged. The driver who caused the accident ran away, so I had to send him to the hospital. Don't tell mom and shuangxue, in case they worry."

"Then you can handle it yourself. You're already in your twenties, you don't need me to clean up your mess!"

Sheng Yiting said, 'Yueyue, when did I ask you to clean up my mess? I think I'm super manly!"

“Hehe Yingluo, you had me clean up your mess when you were young! I can’t even count how many times I’ve done it!”

“Don’t mention what happened to ran ran back then!” I’m at the hospital. I’ll hang up now, ” Sheng Yiting said hurriedly.

.....

Sheng Yiting walked into the hospital and went to register Tong Siyao’s hospitalization information before going to the ward.

Tong Siyao sat on the bed and looked out the window.

When he pushed the door open, he saw half of her face. Although it was covered with gauze and looked a little unsightly, her demure look was inexplicably beautiful.

Sheng Yiting’s heart skipped a beat. He could not tell if it was out of sympathy or something else.

He walked in, and Tong Siyao turned around.

When he saw her face, his heart was really moved.

Her face was covered in blood last night, so he couldn’t see her face clearly and didn’t have the mood to observe. However, now that she had washed her face, she had a pretty face and a primitive temperament with a hint of wildness. She was different from all the girls he had met before.

It was probably because she came from Western Plains? It was said that the people there were all very tough.

He walked over. Tong Siyao’s eyes widened and she stared at him because she couldn’t see clearly.

Sheng Yiting felt uncomfortable under her gaze.

He didn't dare to meet her eyes, so he could only look away and put down the breakfast. "You haven't had breakfast yet, have you?"

Tong Siyao was still looking at him. you hit me? "

"It's a little complicated," Sheng Yiting said awkwardly. Although I was the one who hit you, I'm not responsible. At that time, a truck ran a red light and hit me. "

Tong Siyao furrowed her eyebrows. She didn't remember this because she didn't pay attention to it at the time.

"If you don't believe me, you can go to the traffic police to check the records when you're better."

After saying that, Sheng Yiting lowered his head and moved closer to her when he saw something wrong with her eyes.

Could she really not see?
