Chapter 1351: She has become Xin Rong

Judy closed her eyes, feeling a headache.

...

“What’s wrong with you?” the man asked in a hurry.

it hurts, ‘I Judy said in annoyance. She wanted to shoot him!

In this lifetime, no one had ever dared to be so long-winded in front of her!

She closed her eyes and rubbed her forehead.

She clearly remembered that she was on bewilderment Fog Island and had her throat slit by that “ Yao Yiyi “. She should have been dead. At that time, Anqi and the others were in trouble and definitely couldn’t save her in time. She pinched her palm with her nails and felt a little pain. She was not dreaming.

However, why did she open her eyes and see the person in her dream?

And the principle of dreams was that what you think in the day, you dream at night. How could you dream of someone you’ve never seen for no reason? It was not scientific at all!

The man looked at her and said in a bad mood, “ “Then you should sleep for a while! You’re really ...”

He pursed his lips and suddenly stood up. “I’ll call the doctor to take a look at you. If you’re fine, you can be discharged. If you’re not, you can be under observation for two more days! You don’t have time to waste here. Go back to China when you’re done, at least you can get some work!”

The man said and left. When Judy heard the door close, she opened her eyes, and a bright light flashed in her eyes.

She turned over and sat up, her movements clean and neat.

When she got out of bed, her body couldn't help but sway, and she felt a little dizzy.

She stopped for a moment, composed herself, and shook her head to observe her surroundings.

There was a door in the room, and it seemed to be another room. She walked over and pushed it open. It was the bathroom.

She walked in and looked at the mirror on the sink-

Even though he had a guess, he was still shocked when he saw the person in the mirror.

The person in the mirror was the girl in his dream. What was it called again? Xin Rong?

She raised her hand, and Xin Rong in the mirror also raised his hand.

She touched her face, and the Xin Rong in the mirror also touched her face.

She slowly stretched out her hand. Xin Rong did the same in the mirror.

She reached for the mirror and Xin Rong did the same. Two fingers touched each other through the mirror. There seemed to be a faint water Halo in the middle of the mirror, blurring the faces of the two people.

Knock, knock, knock!

A knock on the door jolted Judy awake. She retracted her hand and was shocked to see Xin Rong in the mirror.

Her expression turned cold, and so did Xin Rong's.

She wiped her face. When she put it down, she saw Xin Rong also put his hand down.

She took a deep breath, and so did Xin Rong in the mirror.

She helplessly turned around-it seemed that she had become this Xin Rong. The dream just now was probably a memory left in Xin Rong's body.

Although it was unbelievable, she was the Queen of the mercenary world who had experienced countless storms and waves, so she was quite calm.

No matter how this happened, she would slowly figure it out.

He hoped that he was still in his original world. Otherwise, it didn't matter if he was clear about it.

If he was in his original world, he could still continue to do some things.

As she walked out of the bathroom, she stopped in her tracks. Her eyes flickered and a smile appeared on her lips. It seemed that she was still in her original world.

"Eh?" Simon looked at her. you're okay?

She chuckled and walked over. She searched Xin Rong's memories and was able to recall some things.

When the first wisp of memory came, the other memories came surging in like an explosion, giving her a splitting headache! She furrowed her brows and endured the pain.

This was nothing.

In this life, he had been through a storm of bullets and had even experienced death. What was this little pain?

“What’s wrong?” Simon asked. Do you have a headache?”

She held her forehead and temporarily suppressed those memories. She looked at him and shook her head..

Chapter 1352: Simon met the goddess of this life

She began to sort out her memories and stood still.

...

Simon thought she was uncomfortable and helped her sit down on the sofa.

She looked at him and Sheng Yiting and searched through her mind. She realized that Xin Rong did not know the two of them. He seemed to have met Simon once, but they had never spoken.

She didn’t even know these two people! From the only thing that happened in the dream, this Xin Rong was useless and was bullied by a few men until he jumped off a building! If it were him, he would definitely stir up a storm and make the entire world submit!

She knew both Simon and Sheng Yiting-she was the Queen.

If Xin Rong knew him, he wouldn't have been bullied by those people. He was the son of the Mafia's current boss and the richest man in China, the night God. He was an existence that could summon the wind and rain no matter where he went.

"Who are you?" she looked at them and asked despite knowing the answer.

Simon stared at her and was stunned for a moment. He felt that she was completely different from what he had in mind.

He remembered the first time they met at the airport. Although she was a little stubborn, she was also a yes-man and looked weak and easy to bully.

But now, she raised her chin slightly, like a queen who looked down on the world. Her entire person exuded a kind of light that made people unable to take their eyes off her. A kind of intimidating aura made him want to pounce over, hug her thigh, and call her "Queen"!

Simon clutched his chest, feeling as if he had been hit.

This was the type he had been searching for for many years and wanted to spend a lifetime with!

Xin Rong looked at him in confusion, his brows furrowing. What was wrong with this person?

Simon felt that if an ordinary beauty were to make such an expression, it would definitely be the amorous feeling of holding one's heart. However, she was different. She was a Queen in a bad mood.

Oh he had really met the goddess of this life!

How could this be? The last time they met, he clearly despised her! Simon felt like he had gone crazy. He turned around and started scratching the sofa, making a scratching sound.

The Queen's aura is so strong. I really want to go for a ride with her, ride a horse with her, kill people together, and conquer the world!

Judy furrowed her brows and thought, "the Mafia is finished with such a BOSS!"

She looked at Sheng Yiting and raised her eyebrows. "Is he okay?"

Sheng Yiting glanced at Simon and said, "He might be a little uncomfortable.

Is miss Xin alright?"

Judy was stunned. Miss Xin was Xin Rong now.

She sighed softly and shook her head in low spirits. "It's alright now. May I know who you are?" we're tourists here. We drove by on our own the other day and ran into you, so we jumped down and sent you here.

Xin Rong recalled the last scene in his dream and thought, "It was really fate.

"Thank you," she said, nodding.

Sheng Yiting took out a name card and handed it to her. She reached out to take it, but it was not his name. She guessed that it was his subordinate.

"We're going back to China soon," Sheng Yiting said. I heard you're Chinese too? You're also going back to China, right? If there's anything, you can call this number and contact us when you get back."

Xin Rong nodded and looked at Simon.

Simon had returned to normal and said to her in a serious tone, I m really sorry for bumping into you that day. Don't worry, I'll take responsibility."

Sheng Yiting facepalmed and thought, what's wrong with you? Take responsibility? Do you know how to speak?

"If something happens, I won't let you off," Xin Rong laughed.

Simon: " Yingluo, " why do I feel like the Queen's words are a little domineering?

A voice came from outside. The three of them looked over and saw the spectacled man come in with the doctor.

"Xin Rong" recalled his name. It was Kevin Zhang, Xin Rong's manager. Kevin was his English name, and it was said that his original name was as domineering as " Zhang goudan..

Chapter 1353: I think my illness is cured

When Zhang Kaiwen saw Sheng Yiting and Simon, his expression froze. "So it's you two."

...

On the day Xin Rong was sent to the hospital, he had already met the two. The other party was well-dressed and looked like a noble. He was very nervous and wanted to find out the other party's identity, but he couldn't. Moreover, someone had gone to the studio to investigate, and even the Embassy was alarmed. Su Yisheng had almost failed miserably.

Fortunately, su Yisheng was working for Star Entertainment. Star Entertainment had a strong background, so they would naturally suppress this matter.

He knew that nothing could happen to Su Yi Sheng, so he made up a story with everyone, saying that Su Yi Sheng had never been there and that Xin Rong had slipped and fell down the stairs.

Although the police didn't believe it, the Embassy came forward to mediate, so this matter was perfunctory.

However, these two people were witnesses, which made people nervous.

"We've come to see Xin Rong." if she's fine, we'll be at ease," said Sheng Yiting.

"Speaking of which, I still have to thank the two of you for saving Xin Rong that day," Kevin Zhang said with a stiff smile.

Sheng Yiting gave a perfunctory smile. He looked at the doctor behind him and said in country Y's language, "You can give the patient a check-up."

"Lie down first." The doctor walked towards Xin Rong.

Xin Rong turned around and lay on the bed. He closed his eyes and the scene of his death appeared before his eyes.

That Yao Yiyi:

She clenched her fists. With her current status, she probably wouldn't have the chance to come into contact with people of that level. If he had the chance, he would definitely find a way to take revenge with his own hands.

She had been in the mercenary world for more than ten years, and she was very unhappy that she had fallen for such a woman!

"Relax," he said. The doctor said.

She took a deep breath and relaxed her body.

The doctor examined her and found that she was fine. He could not help but say, "It's really amazing. When she was resuscitating him, her heart stopped beating. I thought she would be unconscious for a long time after that,

Yingluo."

Xin Rong opened his eyes. Had his heart stopped beating?

Is this body dead? And then she replaced it and made "it" regain its vitality?

He didn't know where he was, but judging from their words, this wasn't China. It definitely wasn't bewildering Fog Island, but the city where Xin Rong was in trouble.

She had died on bewildering Fog Island, but had opened her eyes in a different body in another place. It was truly miraculous. If possible, he had to figure out the reason.

As Sheng Yiting and Simon walked out of the hospital, Simon said excitedly, "

"Don't you think that Xin Rong was very special?"

Sheng Yiting glanced at him and said, "I don't think so. Don't tell me your old habit is acting up again?"

"How could this be? I feel like my illness has been cured!" Simon said seriously,

"she's the dream lover I've been looking for for many years! I've decided that

I'll only like her in the future. Everyone else is shit in my eyes!"

"You don't believe me? I will prove it to you!"

Sheng Yiting turned to look at the hospital. why don't we go back now? "

no, no, no, no, I'm a little nervous now. I have to calm down first. Simon said seriously, " and I may be acting on impulse now. I can't rush it. If I still feel this way after a while, I'll take action!"

"I'm saying. There's something wrong with your brain. Go back and see a psychiatrist. "

Simon glared at him angrily, his face full of dissatisfaction. "You're the abnormal one!"

When they returned to the hotel, Simon immediately looked for Shan Rong. mom, let's discuss something. It's my marriage!

"You have a partner?" Shan Rong immediately looked at him.

"I've taken a fancy to one," Simon nodded, "get ready to chase after him!"

Chapter 1354: I'm going to court my wife

"When have you ever not taken a fancy to eight to ten men?" Shan Rong looked at him suspiciously.

...

Simon broke out in a cold sweat. In his mother's eyes, how much of a womanizer was he?

He argued, "this is different!" If there's no problem, I'll set my mind on her in the future. In the future, there won't be anyone else but her!"

“You’re serious?” Shan Rong was shocked.

Simon nodded firmly.

Shan Rong heaved a sigh of relief and said to the heavens, the heavens finally heard my prayers. I thought you were going to stay in this world forever!

“You prayed?” Simon broke out in a cold sweat.

“Yeah? Ever since you started to do evil things, I was afraid that you couldn’t settle down! How could he do that? How infatuated is your dad? You’re making me worry!” I’m worried that you’ve only inherited that person’s terrifying ability!

Simon sweated, “I just didn’t meet the right person, ran ran.” don’t you know how to wait before we meet?!

Simon paused and felt that it was better not to pursue what had already happened. He immediately said, “didn’t I encounter one now?” I’ll definitely be good in the future!”

Shan Rong hurriedly asked, “who is it?” Do I know him?”

Simon paused and scratched his head, “you might not know.” When I get her, I’ll definitely show her to you!”

“Then what does she do? Was she beautiful? How’s his personality?”

“Beautiful, beautiful!” How could she not be beautiful in the entertainment industry? “As for his personality, I don’t know much about it. We’ll know in the future.’

“Then you go.” Shan Rong laughed. the sooner you do, the better! Your dad and I can’t wait any longer. We just want to be able to hold our grandchildren while we’re still alive.

“What are you saying?” Simon frowned. you’ll live to a hundred years old. You’ll be able to hold great-grandchildren, let alone grandchildren! Look at Yiting, how old is he?”

Shan Rong sighed, “I was looking forward to him.” In the end, who knows how many years he’ll need to recuperate from his breakup?”

“That’s true,” Simon sighed.

Shan Rong looked at him and giggled, “You ... Aren’t you going to reveal anything to me? I thought you were lying to me.

Simon thought that he still needed her help. It definitely wouldn’t work if he didn’t say anything.

“He’s an actor, acting in China,” he said.

Shan Rong’s expression was a little strange, “an actor?” That circle is a mess, is she a good person?”

“Of course!” How could a person who was forced to jump off a building not be good? However, with his protection in the future, she would not have to be afraid of being bullied!

Simon chuckled and twisted Shan Rong, saying, “I’ll need mom’s help with this.”

“What can I help you with?” Shan Rong was both excited and amused. since you’re from China and an actress, go look for your sister!

“No, no!” Simon hurriedly said, “ you can’t tell me this! I want to chase them myself! Don’t come and cause any trouble!”

Dan Rong paused. It was better not to mention this matter. He could ignore the destruction, but he had to know the situation!

“What do you need my help with?” she asked.

“I’m going to chase my wife, so of course I can’t go home I’ll take a walk at dad’s place,” Simon said in a flattering manner.

“This Wanwan ...” Shan Rong hesitated. “You’re not going home?”

“She’s in China, so I’m definitely going there. If you go home, you won’t have a daughter-in-law for the rest of your life!”

Qianqian’s threat was ruthless!

“You and dad are already so old,” Simon said seriously, “don’t go traveling.. What if something happens to you on the way? what will my sister and I do?” Can’t you guys just stay at home and enjoy life?”

Chapter 1355: Xin Rong’s past

“This Wanwan ...” Shan Rong thought for a while and nodded. You’ve played for a few years and it’s about time. I’m really worried about you and your sister.”

...

“Then I won’t be going home this time!” Simon said excitedly, “I’m going to China with my sister and the others!

Shan Rong’s eyes widened, “little brat!” You don’t even have a wife yet, and you’ve already forgotten your mother!” cough, cough. I’m afraid that dad won’t let me come over if I go home.

“He would dare!”

“Yingluo, okay. I’ll go home with you first.” It was also to cool down his excitement.

After the cool down, I’ll go to China to take a look. If I still feel something, I’ll chase. If I don’t, I’ll play!

Anyway, he was going to stay in China for a long time. He didn’t want to go home and be a Coolie!

Xin Rong’s mother was quite beautiful. As expected, she was from Emilia and lived under a local boss. That person was from country A. From Xin Rong’s looks, she didn’t seem to be of that person’s blood. In the deepest part of Xin Rong’s memory, her mother had been kidnapped by that person when she was five.

In that kind of place, without a strong backing, what awaited them was being humiliated by everyone. So, when the other party was snatching her away, her mother naturally became one of the many women of the other party.

After Xin Rong turned ten, that person gradually took a fancy to Xin Rong. Her mother then escaped with her and escaped into the Western Plains. The people on that land didn’t dare to step into China easily. They were safe and Xin Rong began to study in Xiyuan province. However, two years ago, her mother had lung cancer. She had entered the entertainment industry after high school.

She was an artiste from Star Entertainment and Judy knew about Star Entertainment’s background. Unfortunately, Xin Rong was only a newcomer at the bottom of the hierarchy and couldn’t use his background to show off in the industry. Instead, he would be bullied by the older people!

Some framed her, some were jealous, and some wanted to devour her beautiful body.

The person who caused her to jump off the building was called su Yisheng. He was in his forties and had been in the circle for 30 years. He had deep connections. Xin Rong’s future was bleak.

However, for Judy, this was not a problem!

She followed Zhang Kaiwen back to China, and Zhang Kaiwen taught her a lot of lessons on the way. She frowned, indicating that her head was hurting. When Zhang Kaiwen saw this, he scolded her again and told her to go back and rest after getting off the plane!

Following her memory, she returned to the dormitory that the company had arranged for Xin Rong.

Xin Rong had originally been living with another artiste in a large suite. Last year's celebrity shot to fame and became a B-list celebrity. Naturally, Xin Rong didn't want to squeeze with others, so he moved to his current residence.

His current residence was a small one-bedroom suite. It was very crowded, and he couldn't even find a place to practice his body shape.

However, for Judy, living alone was better than anything else. It was more convenient for her to do things.

After putting down her luggage, she turned on her computer and started to search for information.

In his memory, Zhang Kaiwen had once said that Xin Rong looked like su Yisheng's dream lover. Su Yi Sheng had also mentioned a singer to Xin Rong.

Judy searched for Chini based on the information.. She saw that Chini looked almost the same as Xin Rong's mother in her mind!

Chapter 1356: did he come back to life?

Judy touched her chin. It seemed that this mother and daughter had a lot of secrets.

...

With her current status, it would not be easy to investigate. Of course, she could break through the firewall of countless computers by herself to obtain this information, but that would be too tiring!

She did not want to tire herself out!

She still had a team, why would she need to do it herself?

Right, I have to tell them that I'm still alive!

Judy logged into her bank account and checked her savings. All of them were there, including the reward for saving Yao Lei! Neo and the others didn't split it up, did they want to stay in the bank to live like worms?

Money was only called money when it was spent. How could there be people who were so wasteful?

He had to educate her properly later!

She exited the banking system and sent Neo a message, "Are you there?"

A few minutes later, Neo replied,

What the f \* ck, is this a corpse coming back to life?

The chameleon shouted, "who the f \* ck dares to hack the boss's account?" The boss is so arrogant even though he just died. Let me go and meet him!" Neo calmed down for a second and asked Xin Rong, "Who are you?"

"Xin Rong" thought, "it's normal that they can't guess that I'm Judy. I can't believe that I'm reborn in another person's body!"

She said, "I'm Queen. Although it's hard to believe, I'm still alive, just that I've changed into a somewhat thin and weak skin." Keep an eye on my corpse, I'll see if there's a chance to get it back!

Neo heaved a sigh of relief. It was good that it wasn't a hacked account. How could the defense system he made be so easily stolen? Then, the remaining impossible became possible?

The boss was still alive!

Let them be quiet!

Neo and the others were silent for half an hour before they replied, The corpse had already been burned.

Xin Rong:

Xin Rong wanted to wait for their explanation, but they didn't respond.

He probably still didn't believe her.

Xin Rong sighed and closed his laptop.

After resting at her residence for two days, no one paid any attention to Xin Rong. Her manager also didn't call her to work.

She analyzed the situation from her memories-she was probably in the cold storage.

If he wanted to find a job, he would probably have to go to Su Yi Sheng and apologize. The extent of his apology this time was definitely not something that could be done with just a few words. He had to sleep with her.

If she wanted to sleep, she should sleep with someone else. Who would sleep with her?

Xin Rong checked the original body's bank card. Ha, he had no money!

At this time, she received another call from a hospital in Xiyuan, saying that her mother's medical expenses were not enough.

Xin Rong sighed. He rummaged through his wallet for the few hundred Yuan He had left and went out to eat.

While eating, she thought about her future plans.

She had originally wanted to retire, and now that she had changed her identity, it was just right.

As for acting, she had been acting a lot over the years as a mercenary, so it should not be difficult. It didn't matter even if it was difficult. She liked challenging things!

Thinking about it carefully, the matter with Xin Rong wasn't difficult at all. It could be resolved in a few moves. Although there were some schemes and intrigues in the entertainment industry, compared to the real thing she did in the past, which was just a small fight, it felt so boring!

The problem in front of her was that she had no money. It didn't matter if she suffered a little. After all, she had even challenged a hunger strike. It was fine if she didn't eat or drink for a while.

However, Chini, who had lung cancer, could not wait any longer. She had to settle the money first!

She had money anyway!

When she got back to her place, she logged into Judy's bank account and wanted to transfer a few hundred million to her, but she found that Yingying couldn't log in!

Wanwan couldn't log into any of her other accounts either!

“Neo!” Xin Rong roared.. Fuckyou! “

Chapter 1357: as expected of brothers who went through life and death

I’m really Judy. Why did you change my password without saying anything? How do I contact you?

...

Forget it, it’s your loss if you don’t believe me!

Xin Rong was so angry that he lay at home like a corpse. After a few days, he spent all his money and finally decided to find a job.

If the mountain doesn’t come, I’ll go. It’s also money to find an extra to run around with!

Xin Rong was filled with excitement when he thought about the income of a few hundred Yuan a day as an extra!

This reminded her of the time when she was still in Emily, where she picked up scraps and sold them for money. It was very little, but the process of accumulating little things into an ocean gave her a sense of accomplishment.

Now, it was time to add up again.

She changed her clothes and looked at her delicate body in the mirror. Her figure was a little worse than Angel’s, but it was better than her original body.

Although her original self could be considered exquisite, she was not as gentle and beautiful.

However, in comparison, this body didn't have his vitality!

This face was not bad either. She was of mixed blood, and although she was not as flirtatious as a pure-blooded Emilia, she had a hint of charm.

Xin Rong raised his chin and winked at his reflection in the mirror, pure and flirtatious.

She had decided to play around in the entertainment industry first. When the entertainment industry was no longer fun, she would go and play something else.

If the world of normal people was not fun, she could still be a mercenary or an assassin! That was her specialty. She could earn money quickly, but she was already familiar with it after so many years. There was no passion or challenge, so it was a little annoying.

He would leave that as his last resort. Now, he would conquer the sea of stars like an ordinary person!

Xin Rong picked up his bag and walked to the door. When he opened the door, he saw the chameleon standing outside with a finger extended, about to press the doorbell.

Not only the chameleon, but the other four were also there.

Xin Rong tilted his head and looked at them indifferently.

So it wasn't that he didn't believe her, but that he had personally come to find her? They were indeed brothers who had zone through life and death together.

Even if she had become a wisp of a dead soul, they still kept her words in mind.

Xin Rong smiled in satisfaction.

The chameleon looked at the smile and shivered. F \* ck! Familiar! It was too familiar! This was the smile that boss had when he started to have bad thoughts!

“Ahem, ahem. How should I address you?” Angel asked as she squeezed over.

Xin Rong crossed his arms and glanced at them. “You still know to come over? I thought you guys didn’t take my words seriously!”

“You’re really the boss!” Angel bit her finger and suppressed the excitement in her heart.

“Come in,” Xin Rong turned around.

The five of them followed her in, wanting to take a look at her residence. They were immediately frightened by the cramped space.

Everyone’s heart ached when they saw this, and they were on the verge of tears.

Boss is really too miserable! Ever since he had money, when had he ever suffered like this when he was not on a mission? Such a small place, it’s not even as big as thirteen and little thirteen’s cage!

Xin Rong walked to the sofa and sat down. He crossed his legs and called out, ‘ “Come over and sit.”

The sofa was only big enough for four people. Fortunately, there were two chairs, so neo and Wolf King took the initiative to drag the chairs over. The air fell silent. Xin Rong looked at them, and they looked back at him.

“How do you prove that Yingluo is her?” neo asked after a while.

“You changed my password?” Xin Rong lifted his chin.

alright, " Xin Rong shrugged. I also find it unbelievable. You can test me.

"With your small body?" the wolf King sized her up..

Chapter 1358: I'll believe you, okay?

"Who said anything about fighting? Is there anything that only the six of us know?" how's thirteen? " Xin Rong suddenly asked.

...

Everyone paused. Angel said, " we received a call from you right after the funeral. We arranged some things and rushed over. We didn't have time to see it.

"No one informed you, so I think you're fine." Xin Rong said.

"Yes." Angel nodded gloomily.

The air fell silent again. Xin Rong took a deep breath. "Whether you believe it or not, there are some things I have to tell you. There was a woman on bewilderment Fog Island who was said to be Yao Lei's daughter, but it was most likely a fake. When she killed me, she disguised herself. I thought of a few possibilities. Either we knew each other before, or she will appear in front of us or those Chinese people in the future, so she didn't show her true face."

"We have her sound waves." Neo said.

"So what? Maybe she changed her tone when she spoke. In this case, it would be difficult for the ears to catch the suspect. How could they confirm it when they didn't even have a suspect? Don't tell me that we have to test the sound waves of every person we meet?"

What she said made sense, but the remaining five didn't want to ask about it-it was this trip to bewildering Fog Island that made them lose Judy.

They looked at her as if they were trying to confirm if she was Judy.

She couldn't help but laugh, "why are you so nervous? Alright, let's have an exchange first. Qianyi ..."

She was called the chameleon, and her original name was Wen Qianyi.

Wen Qianyi's disguising technique was ever-changing. He didn't even have any pressure disguising himself as a woman, hence the name chameleon.

Hearing her call him that, Wen Qianyi's expression changed slightly. He started to believe that she was Judy.

All these years, everyone had code names and fake names, and almost no one mentioned their real names. Only a few people would call them by their real names in private. The fact that she was able to call out to him was proof of her identity to a large extent.

Xin Rong smiled and asked, "when do you plan to propose to Neo?" Didn't you say you were going to force him to cook for you?"

Wen Qianyi,"shua shua shua"

"Ah?" Angel, Wolf King, and silver Wolf were shocked. They glared at him and said, "you gay man! You've really taken a fancy to Neo!"

Wen Qianyi fell onto the sofa and played dead.

Neo's face was blank.

Xin Rong looked at him again, and he was slightly shocked.

Xin Rong laughed. I know that you and Qianyi have had an affair for a long time. However, you're the one at the top. I guess I'll have to leave the proposal to you.

Neo, "Yingluo."

Wen Qianyi sat up and shouted, "Boss! You're really my boss! I'll believe you, okay?"

Xin Rong looked at him innocently, "is that all?" Once, when you were on a mission in South America, you were having a great time with a local Latin American boy, and the two of you .

"You're really my boss!" Wen Qianyi roared and turned to Neo. At that time, Qianqian and I weren't together yet.

I'm not with you now, "Neo said expressionlessly. I'm not with you now.

Wen Qianyi, "hehe."

Right and wrong, you don't mean what you say -"Xin Rong patted his shoulder in comfort.

Neo could not help but sigh. He also believed that it was Judy.

His real name was Lin Shifei, and Judy always said, "Right and wrong, two-faced.

This kind of thing only happened when the six of them were together. He believed that no one would tell anyone. The person in front of him could only be Judy.

Xin Rong then looked at the other three, and they were all shocked. Lin Shifei and Wen Qianyi had come out of the closet just like that.. Boss was indeed a great weapon! She probably didn't know about their secret and embarrassing story, right?

Chapter 1359:

“Ares.” Xin Rong looked at the wolf King and smoothly revealed the time and place of his “first time,” as well as the woman’s appearance and characteristics.

...

The wolf King was quite depressed. Everything else was fine, but at that time, he was only a young boy and was desperate. That woman was really too cowardly.

He was fat, ugly, and old. He didn’t know how he had managed to do it back then!

tsk, tsk, tsk, tsk. Angel laughed. so our Wolf King has such taste? ” As expected of a Wolf, you have a strong taste!”

The wolf King crossed his arms and sneered. don’t be happy too soon. I’m waiting for boss to expose your embarrassing past.

“Boss, we’re both women. You can’t sell me out!” Angie’s face froze as she looked at Xin Rong.

Xin Rong leaned over and put his arm around her shoulder. He smiled. “Naturally not. I still remember how beautiful the scenery was when we were in the hot springs in J country that year.”

That time, her period had come. She was young at the time and didn’t pay much attention to it, dying the hot spring pool red. Fortunately, there was an enemy attack at that time, and she decisively put the enemy’s blood into the hot spring pool, so this matter could be covered up.

This was indeed her boss. Other than the two of them, no one else knew about that!

In the end, only silver Fox was left.

Everyone glared at him with a common enemy, waiting for Xin Rong to expose his dark history.

Xin Rong sighed. he can be honest and honest. From his name, he should be an honest person. However, his surname is Hu. He obviously likes to talk nonsense and has become a big liar.

Silver Fox's real name was Hu Kecheng. He was half-Chinese, cunning, and had unparalleled deception.

Xin Rong said, "how would I dare to speak ill of him?" I'm afraid he'll cheat me to the point of bankruptcy! Oh, let me count how many identities he has. I'm sure there are some that you don't know!"

Silver Fox, "hehe."

He had lied to his own people a few times. Although it was a harmless joke, everyone had been kept in the dark and had no idea that they had been fooled.

Now that Judy had revealed the past, was she trying to get everyone to beat him to death?

However, he was curious about how much Judy knew, so he didn't stop her.

However, the boss of Xuanji was indeed the boss!

Even though he didn't know for sure, this was enough for the other four to kill him!

Hu Kecheng covered his head and scurried away. Suddenly, the doorbell rang.

The six of them were shocked and immediately quieted down.

Xin Rong was staring at the door. When he heard the sound of the key, he glanced at the others.

The five of them immediately jumped up and hid here and there, not forgetting to put back the chairs they had brought over from the dining table.

Xin Rong sat on the sofa and didn't move. He watched as they went to the balcony, bedroom, kitchen, and bathroom. They instantly disappeared.

Xin Rong sighed. He stood up, took off his coat, and threw it on the sofa's armrest. He took out a blanket from the corner of the sofa, shook it, and covered himself with it. Then, he lay down.

He closed his eyes and the door opened. Kevin Zhang's voice came through. "You're home?"

Xin Rong slowly opened his eyes and sat up on the sofa. He looked at him in confusion.

Behind him, su Yisheng took off his mask and walked in.

Xin Rong was slightly surprised and wanted to retreat.

She frowned. It was Xin Rong! The original Xin Rong! "She" was afraid of Su Yi Sheng.

She took a deep breath and suppressed the original thoughts and emotions of this body.

Zhang Kaiwen walked over slowly and stared at her without blinking. "You're dressed like this at home?"

Xin Rong sat down and pushed the blanket to the side. I wanted to go out to look for a job, but I suddenly felt dizzy when I walked to the door, so I came back to lie down for a while..

Chapter 1360: She found a big backer?

She looked at the key in Kevin Zhang's hand and thought hatefully, " I'll have to change the lock later!

...

"Brother Sheng knows that you're not feeling well, so he's here to see you," said Kevin Zhang.

Xin Rong looked at Su Yi Sheng.

Su Yisheng stuffed his mask into his coat pocket and walked towards her with a smile. He reached out his hand, wanting to touch her forehead.

She took a step back and stared at him. "I don't have a fever."

Su Yi Sheng's movements froze. He felt embarrassed from being rejected. He felt that she was not giving him any face!

It was fine if she didn't let him sleep, but she still dared to Dodge when she touched him?

He stared at her and felt that she was a little different today. In the past, she had never dared to look at herself in the eyes.

Xin Rong dodged to the side and stood up with his coat. just in time. I want to go out for dinner. I'll invite Mr. Su along as an apology to you.

"Mr. Su?" Su Yi Sheng's expression froze, and he was somewhat displeased.

Little Junior Sister, why are you so polite with me? "

I've been in the company for more than a year, and many new people have joined. I'm no longer Little Junior Sister. Xin Rong walked to the side, picked up his bag, and took out his phone. by the way, it's all thanks to Mr. Sheng for sending me to the hospital back in country Y. Otherwise, I would be dead by now. She wanted to treat him to a meal to thank him, but she didn't have the time before. It's better to do it today."

"What Mr. Sheng?" Kevin Zhang asked.

"The one who sent me to the hospital." Xin Rong looked at him. you've seen it before. His last name is Sheng, and he said that if anyone bullies me in the future, I'll tell him. He has a hundred ways to make that person unable to survive in China!"

Su Yi Sheng sneered, "Rongrong, are you joking?"

"Why should I joke with you?" Xin Rong pretended to be innocent.

Su Yisheng paused, his heart beating in a fluster.

She would never have dared to talk to her like this in the past. Could it be that Yingluo had really found some powerful backer?

Could Sheng Yuchen be from the Sheng family of Huan mo group?

If that was the case, he really couldn't afford to offend them. It was rumored that the CEO of the star Corporation was just a follower of the Sheng family, and he could only nod and bow to his own CEO.

Su Yi Sheng gritted his teeth and glared at her. "I thought you loved to be clean, but you're a b \* tch too!" what did you say?! Xin Rong's face darkened.

Su Yi Sheng was actually afraid after being shouted at by her.

If she really had the Sheng family as her backing, he would not want to make trouble for her.

He snorted, turned around, and walked out. Zhang Kaiwen hurriedly chased after him. "Brother Sheng! Brother Sheng!"

Seeing them leave, Xin Rong threw away his clothes and bag and sat down on the sofa angrily.

She picked up the fruit knife on the coffee table and threw it at the door.

The fruit knife hit the door handle and the door closed. The five people who had been hiding ran out. "Boss!"

"Lock the door." Xin Rong frowned.

Angel ran over to lock \*\*\* and picked up the fruit knife. She asked angrily, '

"That bastard wanted to take advantage of you?"

"He's just a clown, nothing to be afraid of," Xin Rong said nonchalantly.

The five of them also felt that it was a piece of cake, so they didn't dwell on this issue.

"What's your plan now?" Neo asked.

"Plan?" Xin Rong said, "I've already become this identity. For now, I can only live with this identity. Even if I want to return to my original world with you, there will be a gradual process. Besides, I said that I would stop after I finished that job. Now that God has given me his blessing, I definitely won't go back.. In the future, I'll just be an actor!"
