

Ditsy Wife 1361

Chapter 1361: Aren 't you going to play with us?

"You still say it!" Wen Qianyi said, " it's all your fault for raising flags every day.

...

I really didn't make it back, did I? '

"Aren't I back now?" Xin Rong spread his hands.

The few of them were speechless. Suddenly, they heard footsteps coming from outside. It was Kevin Zhang.

The six of them didn't move. The door had been locked from the inside, so even if Kevin Zhang had the key, he couldn't get in.

Sure enough, when everyone heard him take out the key to open the door, they couldn't open it no matter what. "Xin Rong!" He shouted as he slammed the door. You open the door! If you have the ability to offend brother Sheng, then open the door if you have the ability!'

Xin Rong rolled his eyes and waved his hand at everyone, signaling for them to ignore him.

Kevin Zhang cursed outside for a long time before he left in a Huff. Before he left, he said, " "I'll teach you a lesson!"

Xin Rong sighed and asked the other five, " "What are your plans next?"

The five of them looked at each other. Angie said, " before we came, we've already investigated your current identity. We figured that you definitely wouldn't go back. So, we thought that if you were to put on an act, we would accompany you.

"Why? You want to form a group?"

"What's the point of that?" Anqi said, " of course you'll be in front of the stage while we'll be behind the scenes! We've already discussed it. Kec.heng is smooth in all aspects and his ability to fool others is at the maximum level. He's just right to be a manager! Qianyi could be the makeup artist. He could change his appearance in a matter of minutes. Wouldn't it take a second for him to put on makeup? As for me, I'll be your nanny."

"Where can I find such a pretty nanny like you?" Xin Rong called out.

it's me! Angel showed off her curvy figure. I'll look good if I bring her out like

"What about you guys?" Xin Rongwen, neo, and the Wolf King.

"I'm a bodyguard." The wolf King straightened his back.

Out of the six of them, he had the most boorish figure, which made him a perfect bodyguard.

"I'm the assistant." Neo said helplessly.

Xin Rong looked at them and was silent for a while before saying, " "Why do you need to be behind the scenes? He's going to be famous all over the world in front of the station!"

"Sister!" Angel hugged her arm and asked pitifully, I ' aren't you going to play with us?

"There's no rush." Xin Rong facepalmed. I'm still a newbie, and I don't even have an assistant. What else do I need? And there's another problem. If the five of you appear beside me, won't I attract attention?

What if some people guess that I'm Judy? Although it's inconceivable, it's not strange for someone to guess that something has happened."

"That's true," Neo said, "do you know why you've become like this?"

"I was just about to ask you to investigate."

"You know about the FARC and the SS project, right?" Neo sighed.

"You mean, I'm part of the SS plan?" Xin Rong was shocked.

Neo nodded and told him everything about King snatching the body and meeting Carter at Saint Maria hospital.

at that time, we didn't expect the experiment to be successful. To prevent King from going crazy again, we were afraid, I ' Angel felt a little guilty and said softly, "we cremated your body.

Xin Rong's expression was wooden. Don't tell her about this matter.

then, we received your call, so we went to investigate the situation. Neo said, at that time, you, this Xin Rong, were also in that hospital.

Angel said, "although I don't know why your Qianqian's soul didn't enter King's mistress 'body, it ended up in Xin Rong's body downstairs." After some analysis, it might have been because of the Thunder."

"Then I'll have to keep my situation a secret. What if I get caught by those research organizations?" Xin Rong sighed..

Chapter 1362: The princess of Emily

“You just don’t want us to follow you!” Angel pouted.

...

Xin Rong was helpless. Queen just died, and the five of you changed bosses. Didn’t you tell everyone that there was a problem with me? ” Do you think you’re people who will submit to others so easily?”

“Then what do we do?”

Xin Rong rubbed his chin and thought for a moment. His eyes sparkled as he examined her. “I have an idea, Yingluo.”

Angel was shocked and pulled her coat tightly.

Xin Rong pressed on her shoulder and said seriously, “You should enter the entertainment industry too. Go to Hollywood and let the four of them follow you. Anyway, Judy is dead, so it’s understandable that you five want to change places. Then, as you played, you could play all the way to China, and we would naturally meet up, right?”

Angel’s eyes lit up and she quickly nodded.”It’s decided! But Yingluo, you’re all alone. What if someone bullies you?

“I’ll be bullied?” He’s looking down on me too much!

“Then I’ll change your password back later. It’ll be more convenient if you need money or something.” Neo said.

“No need for now.” Xin Rong shook his head. If you have cash now, you can give it to me. Don’t use the bank account. I’ll be exposed if someone notices.”

They had done so much business in the past, and some people might not agree to withdraw just like that. There would definitely be trouble in the future.

Xin Rong's body definitely wasn't as strong as Judy's. If she was targeted, she would be in danger. Not letting her be exposed was good for her, and good for the remaining five-for the remaining five, she was a secret weapon hidden in the dark.

"That's fine," Neo agreed. so, Qingqing, we can't have dinner together? '

Xin Rong furrowed his brows and thought for a moment before saying dejectedly,"It's a pity that there's no food in the refrigerator. Otherwise, I could have eaten at home."

"Forget it. Let's go to the President's House for a free meal and tell them about the situation you just told us."

Xin Rong nodded with a smile.

"Do you know who you are now?" neo asked.

"I found some on the internet. Is there a problem?" Xin Rong raised an eyebrow.

The five of them looked at each other. The wolf King said, Xin Rong's mother, Sindy, used to be a singer. Her stage name is sinni. She's the princess of Emilya. Because a fire injured her throat, she retired. The fire was man-made, and the new government at that time sent someone to assassinate her."

"What about now?" Xin Rong asked.

"Not anymore." Neo said, " we'll keep an eye on Emilia. If there's someone there who wants to deal with you and Sindy, we'll inform you in time.

Xin Rong nodded.

and Hanhan. Neo's expression was a little complicated. After Cindy retired, she went to country Y for artificial insemination. We couldn't find any information about your Hanhan's father, but the sperm bank has destroyed the donor's information.

Xin Rong was taken aback and couldn't help but laugh. "I'm starting to admire this woman! Artificial insemination? To think she could think of that! After giving birth to the child, she hid at the border of Western Plains and found a local snake to back her up. An ordinary woman wouldn't be able to do such a thing!"

For an ordinary woman, just their sense of shame would stop them from becoming a mistress.

However, Cindy was different. For her, survival was the most important thing.

She didn't want a man, but she had a child. For one, it could be to not be lonely in the world, and for two, it could be to preserve the bloodline of the imperial family.

"That's why she's a Princess," The wolf King sighed.

I heard that men and women have the same right of inheritance in Emilia. Anqi looked at Xin Rong.. so, Yingluo is also the princess of Emilia now?

Chapter 1363: they won't interfere

Xin Rong pouted and said, "but the current Emilia doesn't recognize the royal family." Otherwise, I'll take you guys to enjoy wealth and glory!"

...

Emilia?! Angel screamed, I forgot it! Where would there be glory, splendor, wealth, and rank? It's more like a one-way ticket!"

“It’s such a poor place. Even if the six of us had tens of billions of assets, it wouldn’t be enough!” Silver Wolf said.

“Boss and I are both emirians,” the wolf King said, a little unhappy.

Xin Rong smiled, “alright, I’ll just order delivery.” This is a real reunion, so it’s not right if we don’t have a meal together.”

A few days after Simon sent Shan Rong back to Italy, he came to China with a group of subordinates.

He had just boarded the plane when Shan Rong called Gong mo and asked him to help keep an eye on him. “Check on him. Don’t be fooled by his playfulness in the past, this is the first time he’s been sincere. I’m afraid he’ll be deceived.”

don’t worry. He’s my brother. How can I not care about him?” Gong mo said with a smile.

“If there’s anything about that girl, just tell me!” alright, alright, alright, ” Gong mo agreed. He hung up the phone and told

Sheng nanxuan.

Sheng nanxuan asked, ‘who is it? I’ll ask CEng Shuai.’”

Simon didn’t say. We’ll know when he comes and takes action.”

Poor Simon even planned to secretly chase after them, so that the whole world would know.

When he arrived in the capital, Gong mo asked him to stay at his house. He felt that it was not convenient to pursue his goddess under the eyes of his sister and brother-in-law, so he went to the hotel.

Gong mo didn't expose him. Anyway, he would need the Sheng family's help in his domestic operations. Sheng nanxuan had already informed his subordinates that they would report to him in time if they discovered his movements. When the time came, they would immediately know who he had investigated, and they could go and ask him.

Gong mo promptly reported to Shan Rong about Simon's movements. The two of them discussed excitedly for a long time. Sheng nanxuan and Gambino were unhappy-they were actually so concerned about that brat. Did he even have a husband in his heart?!

Simon was already in his twenties. Did he need an adult to worry about him chasing a woman? So what if he met a scammer? he would only grow if he hit a wall!

Under their complaints, Gong mo and Shan Rong decided, " Then she would just watch him silently and grasp his movements. They wouldn't interfere with Yingluo.

Su Yi Sheng thought about it and felt that the matter was a bit strange. After Xin Rong jumped off the building that day, he didn't dare to take a look) so he let Zhang Kaiwen take a look. If Sheng Yiting was the one who saved Xin Rong, Zhang Kaiwen should have seen Sheng Yiting, right?

He called Kevin Zhang over and asked him about the situation.

Kevin Zhang was so scared that he didn't dare to look carefully. However, he had met Sheng Yiting and Simon in the hospital.

He didn't know them before, but after hearing su Yisheng's words, he found Sheng Yiting familiar. He quickly searched for photos of them online.

Although Sheng Yiting kept a low profile, there were still a few photos of him on the internet. Moreover, he had attended the state banquet on New Years Eve this year.

Kevin Zhang found the photos of the state banquet and was scared out of his wits. "It really is him! Who's this Yingluo?" He pointed at Simon. it's the two of them!

Su Yi Sheng's eyes narrowed. After he confirmed it, he let out a sigh of relief.

"Don't worry." He said, "this young master of the Sheng family has never been involved in any scandals.. If he were to go down the political path, he would definitely keep himself clean and would never take a fancy to an artiste! It was only a coincidence that I saved her, yet she dares to use my might as a false front!"

Chapter 1364: Conquering the world with looks

Su Yi Sheng thought of Xin Rong's face that day and gritted his teeth in anger.

...

"What if something happens?" Kevin Zhang asked worriedly.

"What if?" Su Yisheng sneered, " then we'll ignore her for now. If she really managed to get close to a noble, the noble would naturally help her solve her difficulties. If she doesn't, she'll come to me sooner or later."

Kevin Zhang's eyes lit up and he hurriedly nodded. Then he hesitated. "Then what about me? She's in my hands, I can't just leave her be. What if she really did tease me? wouldn't I be offending her?"

"you've been in this circle for so many years. Don't tell me you can't even solve such a small problem?" su Yisheng glanced at him.

Zhang Kaiwen was even more hesitant. It was easy to resolve this. He could just leave Xin Rong to another agent. Anyway, he had just made two of them famous, so it was understandable that he didn't have time to care about her.

However, if she really managed to find a benefactor, she would definitely become famous in the future. Wouldn't this be pushing away the pie that fell on her head?

Zhang Kaiwen couldn't bear to let go of this opportunity!

How could Su Yisheng not know what he was thinking? He sneered in his heart and couldn't be bothered with him.

Kevin Zhang thought for a long time and finally figured it out. Previously, he had pushed Xin Rong to Su Yi Sheng's side, which could be considered to have offended her. If she really became famous, the first thing she would do would definitely be to replace her. It would be better to let go now and say some words to save some face for each other.

If she didn't have any backing at all, wouldn't she still be bullied by him in the future?

After thinking it through, Zhang Kaiwen immediately negotiated with the company and changed Xin Rong to another agent.

Xin Rong thought back to the roles "she" had played. At first, she was just an extra and didn't even have any lines. Later, the company arranged for two eighth female roles in a 40-episode drama. Her scenes added up didn't even add up to one episode. The best time was when Su Yisheng used his own resources to arrange for her to be the third female lead in order to please her.

However, she had never been willing to obey Su Yi Sheng. Su Yi Sheng had never helped her again, so she could only go around and do nothing.

Xin Rong looked at the films that "he" had acted in before. His acting skills were average and not as good as his own. However, he was quite talented, and it could be seen that he was improving bit by bit.

Xin Rong went to the film studio for two days, but unfortunately, she didn't get a chance to act. The cameo crew didn't want her, so when she saw her, she said, "Are you kidding me? With your looks, you're destined to be the female lead. We can't afford to use you!"

Xin Rong felt that Su Yi Sheng must have told these people not to use her.

What, you want me to compromise? He had miscalculated!

Xin Rong didn't get angry. Since he didn't have any scenes to act in, he observed the work of others on set. She realized that she might be more suitable as a substitute than an extra.

However, this thought only lasted for a few seconds before it was dispelled.

How could Xin Rong's small body compare to her original appearance? Her original one was more like a substitute, but forget it now. If she jumped down from the building, she would be paralyzed!

However, Xin Rong's body was really soft. She was indeed destined to be the female lead. Being an extra would even steal the protagonist's limelight.

She was worried, "with such good conditions, of course he should be the lead!" How wasteful would it be to be an extra? Moreover, she was a Queen. Even if she was an extra, her character should be more beautiful and powerful than the main character. Forget about an ordinary passerby!

Xin Rong was determined to conquer the world with her looks in the future. She wouldn't take on any ordinary cameo!

However, no one wanted Yingluo to act as an extra.

Just as he was thinking, his phone rang..

Chapter 1365: New manager

Xin Rong slowly took out his phone. When he saw it was an unknown number, he picked it up absent-mindedly. "Hello, Yingluo."

...

The Queen of the mercenary world had actually fallen to such a state! On one hand, she wanted to shoot at these bastards who bullied her, but on the other hand, she wanted to have a new life. It was an unprecedented experience, and she had to enjoy it!

This feeling of contradiction was really sour!

A cold female voice came from the phone. "Is it Xin Rong?"

"Ah, yes," Xin Rong came back to his senses and searched his memory. Neither Judy nor Xin Rong had heard this voice before.

I'm your manager, Lacy. Are you free now? come to the company.

"Manager?"

Zhang Kaiwen didn't care about her anymore? Had he handed her over to someone else?

She must have had no status in the company, or else she wouldn't have had to take over the company.

Two people with no status together would be fatal!

Tracy's voice was calm and made one feel at ease. "The company is adjusting the work of the artistes, and you've been replaced by me. We need to discuss your future development and come to a consensus."

These words sounded more reliable than Zhang Kaiwen's. Xin Rong immediately said, "I'll go back to the company now."

She took a taxi to the company. When she got out of the car, she looked up at the skyscraper in front of her and couldn't help but let out a my God '

This was "Huan mo building," currently the tallest building in the capital.

All the companies under Huan mo group were here. Even so, the floors inside could not be used up, so many more were rented out.

The Yu family, who had a close relationship with the Sheng family, had rented twenty floors of the hotel. The hotel had invested in a huge Ferris wheel next to the building.

The offices of Huan mo group were concentrated on the top 20 floors, with Star Entertainment occupying the most space.

When Xin Rong entered, he was a little excited.

Because when he was a mercenary, there was a saying in the dark World: Huan mo building was a forbidden area for mercenaries and assassins.

However, she, a former mercenary, swaggered in!

Ahem ... There was nothing to be happy about, because the person who came in was not her original self.

Xin Rong sighed. He felt like he had changed into a new identity and was under less pressure. He was a bit crazy.

When he walked out of the elevator, he ran into Kevin Zhang and a beautiful woman. She glanced at the woman. She was a B-list female star who had recently become very popular.

When Kevin Zhang saw her, he stopped and said, "Xin Rong, you'll be following Lei Xi from now on."

“Thank you for your care, brother Zhang.” Xin Rong nodded.

Kevin Zhang’s smile froze for a moment before he chuckled and nodded. “This child, you’re quite polite.”

“Was I rude in the past?” Xin Rong smiled and walked away gracefully.

Kevin Zhang gritted his teeth as he looked at her back. The female star next to him said, “this Xin Rong is quite talented. If she becomes famous, what would we do? ‘

“What are you worried about? How many years has it been since she’s been unemployed? she doesn’t have any resources on hand, how could she have made her famous?”

but, I heard that Lei Xi and Tang Xinxin have a good personal relationship, Yingluo.

“She can’t ask Tang Xinxin for everything, can she? She’s a proud person, otherwise she wouldn’t have divorced director mu. Why would she ask for help?”

When the female star heard this, she heaved a sigh of relief.

“Alright, I’ll take you to see brother Sheng.” Zhang Kaiwen pulled her back. Brother Sheng’s resources are top-notch in the industry. Won’t you soar to the sky by relying on her? By the time Xin Rong’s career improves, you’ll already be the proud and arrogant entertainment industry’s A-list Best Actress!”

When the female star heard this, she followed him excitedly..

Chapter 1366: Let’s compete and see who’s in a more difficult situation

Xin Rong walked into Lei Xi's small office. Recalling Zhang Kaiwen's big office, it was clear how much Lei Xi was not valued by the company.

...

Tracy raised her head from behind the desk and looked at her face, as if she was judging her. sit.

Xin Rong sat down on a small sofa by the wall and also sized up Lei Xi.

Tracy was in her forties and had a cold temperament, a little rigid. Looking at the decorations in the room, he was a serious and reliable person. This kind of person probably wouldn't force his artistes to sell their bodies like Kevin Zhang, but he had some tricks up his sleeve, so he didn't have to worry about being bullied by others.

Of course, Xin Rong didn't have to be afraid of being bullied.

I've looked at your work for the past two years, "she said. it's a waste of your golden years.

"Oh." So what if it was a waste? she wasn't the one who had wasted it. The original Xin Rong couldn't do anything about it.

Seeing her calm expression, Tracy was impressed and couldn't help but say,

"Now that you're in my hands, there are some things you need to understand." Xin Rong looked at her and pretended to listen attentively.

Lacy was satisfied. The industry was impetuous these days, and there were few artistes with such a proper attitude. Unfortunately, this attitude was only suitable for work and not for social interaction. Those who had a say in the industry didn't like people who were down-to-earth.

She sighed. I'll tell you first. I've offended someone with a high status in the industry. You might not have any resources in my hands. Besides, I haven't

been working for more than ten years. This time, I'm only getting a chance to be an agent again because I begged my old company."

Xin Rong had already guessed it, so he wasn't surprised at all. "Who did you offend?"

Lacy was stunned. This was her reaction?

"I've also offended someone." She smiled calmly. let's have a competition and see who's in a more difficult situation.

"Muxia, do you know?" My ex-husband."

Xin Rong immediately tried to recall who Mu Xia was and acknowledged him in realization. Then he said, "I offended Su Yi Sheng."

"How tragic!" Lei Xi said with a frown.

Mu Xia was a well-known wuxia director in the country. He had self-declared that he had loved wuxia culture since he was young and admired the narrow spirit of the ancient times. When he first debuted, he had given his stage name "Mu Xia. After that, he became a director and focused on shooting wuxia dramas and movies. Almost every one of them received good reviews. The public's impression of him was that he was a chivalrous person.

However, the public could only see the surface. Everyone in the industry knew that he was a bastard. His private life was a mess, and every time he acted, he had to sleep with the actresses in the crew. Su Yisheng had become famous because of him. The two of them were good friends, jackals of the same tribe, and they played with female stars together.

Before, when she did not know his true colors, she had shamelessly shown off her love for him in front of the media. When she found out later, she was so disgusted that she couldn't eat and immediately asked for a divorce.

The divorce was not easy, and it had been delayed for two to three years.

During this period, Muxia defamed her and poured all the dirty water on her. She also released some information about Muxia, and the former couple completely fell out.

Because of this, Muxia had been beaten up by CEng Shuai at a meeting at Star Entertainment.

Commander Zeng hated the people below him who did all these messy things! Although he knew that the industry was chaotic, he wouldn't say anything if it wasn't out in the open. Besides, it was fine if a second or third-tier artiste was making a fuss, but what was a big-name director doing?

Tian Yuan was about to enter junior high school, but he still couldn't get married. He felt that one of the main reasons was that he didn't abstain from meat or vegetables when he was young. Therefore, if anyone messed around in a relationship, he would be furious-he didn't hate these people, but he hated himself in the past..

Chapter 1367: Her artist!

After Muxia had been beaten by CEng Shuai, the company had not even sent his works to the film Awards that year. He hated her to the core and blamed her for causing trouble. Now that she was back to work, how could he let her have an easy time? He would definitely use his connections and resources to suppress others.

...

Lei Xi herself had offended her vengeful ex-husband, and when she heard that Xin Rong had offended Su Yi Sheng, it was as if she could see her future dim.

She took a deep breath and consoled Xin Rong, "Don't worry, the two of them can't do anything. I still have some connections. As long as you're fine, I'll just use my old face to beg those people."

Xin Rong looked at her suspiciously.

Knowing that she didn't believe her, Tracy chuckled. "Right now, we're practically at the bottom of this circle, so even people like Muxia and Su Yi Sheng can easily crush us. However, what were they? There were some people that they could not afford to offend. I happen to know two of them, but I don't want to ask them for help unless it's absolutely necessary. To be honest, I don't know you well enough. I'll only know if it's worth it when I see your performance."

"It won't hurt our feelings," Xin Rong said with a faint smile. "We don't have any feelings for each other yet, but after sister Qian said such heartfelt words to me, it actually cultivated some feelings."

"That's good," she said with a smile. "I see that you're a straightforward person."

"Let's have a happy cooperation in the future."

She extended her hand to Xin Rong, and Xin Rong shook her hand.

After letting go, Lacy took out a pen and paper, recording as she spoke, "Which roles can you play, and which ones can't you?" "I can act in both." Xin Rong was brimming with confidence.

"What?" Tracy was stunned. She looked up at her. "All?"

Xin Rong leaned casually on the sofa's armrest and gently nodded with a look of disdain. "I want to keep challenging myself."

Lei Xi was shocked. Why was this faint and lazy style not charming at all, but instead contained an endless aura?

He was attacking! Not by!

Tracy shook her head. What was she thinking about?

However, her artiste was indeed easy to attack!

“What’s your goal?” she asked.

“Dominate the world!”

Whoosh! Whoosh! Whoosh! how was this an attack? Are you crazy?

Cough~“Xin Rong was afraid of scaring her and hurriedly explained,” this is just an analogy. I hope that the whole world knows who I am.

“Yingluo has quite the ambition.”

Lei Xi felt a little high blood pressure. Was this artiste naive or stupid?

She calmed the shock in her head and said calmly, “Then I won’t have any taboos when I pick a show for you in the future. I’ll fight for all the resources that I can for you. You don’t have the right to choose in the early stages. You can act whatever you want. I’ll fight for you, so you must act! So, if there’s a type that you can’t act in, or if there’s a bottom line for acting, you have to make it clear first.”

Xin Rong thought for a moment and said seriously, “I want to act as a beauty. I won’t act as someone who deliberately dresses up as ugly.” I want to conquer the world with my beauty!’

Tracy , “Yingying. ”

“I can use my skills, but I want to act in a fight scene.” Xin Rong added. “A fight scene?” Tracy looked at her suspiciously. can you do it? ‘

“Of course you can! I used to practice it when I was young, so I just need to revise now.” He would start his physical training tomorrow and train his small body to the point where he could kill everyone!

Lei Xi nodded. As an actress who made a living with her beauty, she did not have many resources for fighting scenes. It was impossible for her to come in the early stages, so she did not need to consider it for the time being..

Chapter 1368: Never had intimate contact with a man

“What about the others? In terms of scale?”

...

Xin Rong paused. She didn't really care about that.

In the past, she didn't dare to get too close to anyone other than her teammates. Hugging, kissing, sleeping, and moaning were all equivalent to handing her life to someone else. It's fine to put on an act, but to have real feelings is to court death.

However, she was not interested in playing around, so she had never had close contact with a man.

It wasn't that she hadn't thought about it before, but every time she saw a pretty boy and wanted to do something to satisfy him, that Crazy King would kill him first. He had a domineering expression on his face, as if he was the only man she could touch in the world!

She believed that saving a life was better than building a seven-story Pagoda, so she didn't harm anyone else.

Now that Tracy was asking about this, she really wanted to use this rare opportunity to experience the love between a man and a woman.

However, she would just choose carefully in private. She didn't want to be taken advantage of while acting.

She asked back, “what do you think, sister Qian?” I’ll follow sister Qian’s arrangements.”

Tracy looked at her seriously and said, “I hope artistes win trophies and applause with their own abilities. It’s noble to say that one is dedicated to art, but everyone in the circle knows that it’s just to attract attention.”

“Yes.” Xin Rong nodded in agreement.

How can I show my beautiful body to those ordinary people?

on the premise that we don’t attract attention, if there are kissing scenes or bed scenes, we’ll discuss it first. We’ll see what you think then.

“Many thanks.” Xin Rong smiled. with sister Qian thinking so much about me, I can work in peace.

“With an artiste who is so cooperative like you, I can also train you in peace,” she said, smiling.

“If I’m not mistaken, sister Qian just said that you’ve offended someone and that you’ll have a hard time ahead of you.” Xin Rong raised an eyebrow.

Tracy choked, ‘you’re teasing me now? Didn’t you also offend someone? Let’s overcome all the obstacles together!’

Originally, Simon had wanted to stay in the hotel in Huan mo building. Xin Rong worked at the star Corporation, so he could create opportunities for a chance encounter.

However, wouldn’t it be too easy for Gong mo and the others to discover him? It was safer to change locations!

Otherwise, he would have just run into Xin Rong and his sister would have come out of the office and caught them in the act.

Ah! What a metaphor!

Anyway, he couldn't live here. Just thinking about it was terrifying!

Simon checked into another hotel and immediately ordered his subordinates to investigate Xin Rong's situation. He acted quietly and personally, not asking Sheng nanxuan's people to avoid being noticed.

However, his men were all Italian. How eye-catching would it be if a group of foreigners were sneaky? Xin Rong was an expert at anti-tracking!

However, before Xin Rong and Xin Rong had a chance to track them down, they were almost arrested for being terrorists.

Simon had no choice but to ask Sheng Yiting for help and forbid him from telling on her.

Sheng Yiting had a few men under him who he didn't use much, so he lent them to him. However, he didn't tell him that these people still listened to Sheng nanxuan's orders and would sooner or later complain.

Simon quickly learned that Xin Rong had not been working recently.

He thought worriedly, could it be that his injuries had not yet recovered?

Then, she found out that she had changed her manager and that there was a grudge between her and her original manager. She also found out that su Yisheng, that bastard, had almost killed her.

How could this be?

He hadn't even made any bubbles yet!

The woman he had his eyes on must not be bullied by others!

Chapter 1369: Such a coincidence?

He wanted to immediately invest in a blockbuster movie for his goddess and let her play the female lead. She would be able to defeat the others in a second and slap su Yisheng and Zhang Kaiwen in the face!

...

That's right, ask my cousin for help. Let her tailor a script for Xin Rong, Yingluo! I can't let her know! If she knew, sister would know, and if sister knew, mom would know. He couldn't let anyone come and make trouble!

Simon ordered someone to keep an eye on Xin Rong's every move. She wasn't acting, so he just happened to run into her.

Xin Rong didn't have an assistant, so he had to do many things himself. Besides, she didn't have any money on hand. All the money neo had left for her had been sent to Cindy, and she only had a little for her daily expenses.

As a result, she didn't even dare to hire a part-time helper. She had to do the laundry, cook, buy vegetables, and throw away the garbage by herself. Anyway, she didn't need a part-time helper in the past, so there was nothing wrong with it.

After breakfast, she went to the supermarket. When she walked out of the community, she felt someone staring at her.

Her intuition for danger, which she had developed since she was young, made her vigilant.

However, she wasn't Judy now. She was Xin Rong. Who could Xin Rong offend?

Su Yi Sheng?

She casually looked around and quickly locked onto her target. There were a total of three people monitoring her, and they seemed well-trained. The master behind her should not be ordinary.

There was a sports car parked by the side of the road. She narrowed her eyes and walked in that direction.

Su Yisheng shouldn't have been able to invite such a powerful person. Could it be that Yueyue was sent by Emilia to find Xin Rong?

The regime of the new Emilya government had always been unstable. It had to fight against other armed regimes in the country and also against other countries. At present, there were problems both inside and outside, so it should not have time to care about the Royal bloodline of the previous regime.

Xin Rong thought as he approached the sports car.

She lowered her head and pretended to look for something in her bag as she walked over with a normal pace.

When she walked to the car door, it suddenly opened. She was so shocked that she almost attacked.

Fortunately, she didn't feel any killing intent. She suppressed herself in time and took a step back. When she saw that it was Simon, her vigilant expression was immediately replaced with shock.

Simon was pleasantly surprised, "ah, it's you!" Such a coincidence? I can't believe I'm meeting you here."

Xin Rong,"hehe."

Young man, your acting skills are terrible! Do you think that I wouldn't know that you were waiting for me here just because you pretended to have met me by chance?

No wonder the surrounding human surveillance cameras were so well-trained. It was you!

"So, so it's you?" Xin Rong nodded, still in shock. I'm really grateful to you and your friend for last time. Yingluo, I don't think I know your name."

"I'm Shan Yan." Simon took out a business card. my English name is Simon. You can call me Simon.

Xin Rong took the name card and looked at it. He said in surprise, huohuo entertainment investment company?

Did she not collect this information before, or was it just established?

Huohuo, such a casual name, it looked like a joke. Could it be a shell company?

"I'm mainly in the film and television industry." Simon laughed.

Yingluo " was in the film and television industry. Was this a coincidence?

Xin Rong glanced at him in confusion_ According to the information she had obtained before, the heir of the Gambino family had a huge demand for women. However, it seemed that he had always been straightforward and would not spend time and effort to win her heart.

Because just by standing there, his perfect appearance and temperament would make most women fall in love with him. If there was someone who didn't like this, he could show them the luxury cars and watches, and almost no one could resist his temptation.

So he's being so tactful now, it shouldn't be for this, right?

Chapter 1370: are you trying to hit on me?

Xin Rong didn't understand, but he nodded. "I happen to be an actor, so we'll definitely have the chance to meet in the future. I'll be leaving now, bye sigh ... Simon was dumbfounded.

...

You happen to be an actor, shouldn't you have said "we'll have a chance to work together in the future"? How could they have the chance to meet? Why didn't you grab the opportunity presented to you? If you don't say anything, how can I invite you to be the female lead?

"Xin Rong-" he hurriedly chased after him.

"Is there anything else, Mr. Dan?" Xin Rong turned around.

Simon ran to her, stared at her, and asked, "Yingluo, where are you going?"

"I'm going to buy some vegetables." "Aren't you going to film?"

"I don't have any shows recently."

"Yueyue, I'll go grocery shopping with you."

Xin Rong looked at him like he was crazy. What was this young master's hobby?

"Are you trying to hit on me?" she couldn't help but ask. Otherwise, why would he go grocery shopping with her for no reason?

Simon's face turned red and he immediately denied it. "No, I didn't!"

Xin Rong looked at him suspiciously.

He said sternly, "am I that kind of person?" I, Yingluo, just want to be friends with you!"

As expected, Yingluo wanted to hit on her.

He had all kinds of friends, so why would he need to befriend her?

But this was not how he used to pick up girls! In the past, he only needed to beckon his finger and the girl would be in his arms. Did Yingluo know that he couldn't seduce her this time?

Simon broke out in a cold sweat as he cursed in his heart, The goddess was too direct! She shouldn't have asked even if she knew his plan. It would be embarrassing. It was his first time chasing someone, so he was very nervous.

What should he do now? What move should he make? By the way, how did Yiting pursue her in the past? Forget it, he was a failed case. How long had it been since they broke up?

Xin Rong couldn't help but laugh. How much experience did this person have? why did he look like an innocent little virgin? Actually, the contrast was quite cute.

If he was such a soft and gentle little boyfriend, she would be very happy to date him.

But he was not. When he became ruthless, he was definitely not his match.

Xin Rong frowned. What was his goal?

"Since you don't want to hit on me, then don't follow me. I don't want to cause any unnecessary misunderstandings." As for my friend Yingluo, I don't think I can have a friend like you."

She picked up the business card and returned it to him. "Goodbye."

Simon was in a mess as he held the business card, 'I'm ... I'm being despised by my goddess!' Was he not good enough? He was handsome, rich, gentle, and handsome. Which part of him did not enter her eyes?

Simon returned to the hotel in anger and said to his men, "Find out what she's going to shoot next and give me her schedule!"

Hmph! He was smart enough to set up an investment company so that he could enter the entertainment industry openly. She could forget about getting rid of him!

Lei Xi and Xin Rong reached an agreement and started to fight for an audition opportunity for Xin Rong.

Xin Rong's current popularity was low, so he couldn't get any commercial performances or advertisements. She wanted to train her well, and she didn't want to give her some messy, low-quality commercial and advertising contracts. She would focus on acting for the time being.

In the end, artists still had to use their works to speak.

Although the two of them had offended Su Yi Sheng and Mu Xia, this circle was not a hemp rope. There was competition, and Su Yi Sheng and Mu Xia also had enemies.

Then, she went to find their enemy.

Fortunately. Su Yi Sheng and Mu Xia were Birds of a Feather. If they had split the power in half, it would have been troublesome. Both sides would be enemies. Now, because the two of them were famous in the circle for being disgusting, there were many people who did not like them.

However, the two of them had the backing of Star Entertainment, which was a huge mountain, and many people did not dare to offend them..
