Chapter 1371: selection

In the film industry, Lei Xi had no other choice for the time being. There was a limited number of roles in a film, and countless people were trying their best to squeeze in. Xin Rong had no background or backing, so he couldn't get in.

...

She planned to let her train herself in the TV series and act in a few reputable films to hone her acting skills and accumulate popularity. She would also get to know a few people in the industry and build up some connections.

After going through the TV series that had started shooting recently, she finally found one that made her eyes light up!

Star Entertainment had invested in this drama and would use a large number of their own artistes.

There was a flaw in their own drama, and Xin Rong didn't have any advantage. She was outside the 18th Lane, and there were countless people in front of her. What did it have to do with her?

When the other managers saw that Lei Xi was fighting for Xin Rong, they would definitely ostracize her! Then, he reported it to su Yisheng or Mu Xia, and the two of them greeted the production team. A small-time actress who was working outside of the industry was not needed, so they said so.

Xin Rong was also puzzled, "why did you choose this?" Aren't you throwing an egg at a rock?"

there's one thing that's good for us in this show," said Tracy, her eyes sparkling. the prerequisite is that you have to be capable.

"What kind of ability?" Xin Rong looked at her suspiciously. She didn't need any unorthodox skills, did she? She knew a lot of unorthodox ways, but it better not be something she didn't know.

“Your acting skills!” Tracy took out a set of novels. There were a few of them, and they were as thick as five fingers when stacked together.

“Mystery city’s collection of suspicious cases.” Xin Rong looked at the title of the book at the top and took it down to read the bottom. They were “Mystery city’s mysteries collection I ‘ 2,3, and 4.

it’s a story about a group of people solving cases,” Tracy said. there are five main characters and more than ten permanent characters. They keep solving cases, and each case has an additional lead and supporting role, so you have a lot of choices. You have to figure out a role that you are confident in winning.”

At this point, she took out a printed document. “I’ve read this series of novels before. It lists all the characters in it. You can see which one you’re more interested in first. The ones who crossed out have been chosen, the rest can be fought for.” what? ” Xin Rong flipped it open and his eyes widened. this page has already been chosen!

this is the main character, Yingying, ” said Tracy speechlessly. but before the shooting starts, we can’t be 100% sure. There’ll be a public audition next week. If you’re 100% confident, you can also compete.”

Xin Rong slowly scanned the person’s profile. There was a bookworm-like criminal psychologist with a strong sense of abstinence. This was a man, so it had nothing to do with her.

Tsk~why did you include men? However, it was more convenient for her to understand the outline of the story, so she did not complain.

She had read through everyone’s character profile. Among the main roles, she could play three roles- cold forensic doctor, fiery police, and gentle reporter.

Forensic doctors were cold, weak) and expressionless. Their colleagues often joked, ‘i Those who didn’t know better would think that the corpse had crawled up.

The police were impulsive and easily angered. They were good at fighting and had rich emotions, but they were not calm enough.

The reporter had the personality of an ordinary person, but he was a little unscrupulous when it came to relationships.

Xin Rong didn't like the police's rashness, nor did he like the reporters' indecisiveness and crying. The forensic doctor could try.

However, she didn't have a part in the main character group, did she?

Besides, forensic doctors didn't fight. It wasn't satisfying. She had to look for more..

Chapter 1372: The president was so good to her

Xin Rong continued to flip through the pages. There was a permanent member. Although he wasn't the main character, he would appear from time to time. Even if she didn't appear, there were still legends about her among the main characters.

...

The man was mcrose's classmate. Due to his childhood experience, he had a strange personality and fell in love with the same man as mcrose when they were in school. Then, the man unfortunately died an unnatural death.

At first, mcrose thought she was the one who did it, but she didn't explain and left without saying goodbye. The man's death became an unsolved case.

She ran to become a killer. She was skilled, cold-blooded, and ruthless, but she appeared in front of people with a myriad of charms.

This person was both good and evil, and he was extremely popular among the book fans. If he acted well, he would definitely attract fans!

Xin Rong had decided to choose her! It was simply tailor-made for him!

"You're choosing this?" she asked, frowning.

"I can't? I'm telling you, I'm very confident that I can act better than anyone else. Do you have the confidence to help me get it?"

"If you're so confident, then it's definitely yours. However, this character had a lot of fight scenes. If you join the crew, some people will definitely make things difficult for you and won't let you use a substitute. Can you do it?"

"No problem!" Xin Rong patted his chest.

Lacy looked at her suspiciously.

"Can you do it?" she asked.

“Try it then,” she sighed, “and pick a backup plan. I’ll hook out the plot related to this character for you. Read the original work first. If he had the time, he would read the entire book. After you’re done reading the original work, you can read the script.”

“Alright,” he said.

Lei Xi pointed at the author’s name on the cover. Xin Rong took-look at it and immediately recalled the relevant information. He was a web novelist and a well-known screenwriter. He used to write romance novels, but later on, he slowly changed his style. He could handle almost any type of story. In recent years, he had rarely written novels, and more directly wrote scripts. “Do you know about her relationship with the president?”

“Ah!” Xin Rong was shocked. He racked his brain but didn’t know!

she and the president, Yingluo, are not married, but they already have a child, said Tracy with a smile. the president is very good to her”Then why don’t you get married?”

“She’s not willing to.”

woah woah woah! Xin Rong was shocked. He couldn’t help but say, “ I’m convinced!

In the past, there was Cindy, and now there’s no sweetness. They don’t take men seriously.

“Every time her novel is adapted into a film, or she writes a script herself, it’s always a big investment, and it’s done well in all aspects. The team in front and behind the scenes is the best! The president would not allow any carelessness in her acting, and she herself took it very seriously. She would personally check on the casting and would not allow any messy things to happen in the crew. So, if you’re capable, you can get any role. As long as she’s satisfied, no one else can object!”

“Then Rose will be mine.” Xin Rong said with certainty.

Rose was the nickname the police had given the female killer. When she first appeared abroad, she killed criminals who escaped the law and left a card with a red lip print on it. There was a rose in the middle of the card, so the police called her Rose.

After she appeared in the country, the police in the country also called her that. As soon as everyone mentioned this name, a sexy and alluring, fragrant smell hit them in the face, making them let their imagination run wild.

“So, if anyone dares to stop you from auditioning or frame you later, I’ll bring this up to the higher-ups,” said Tracy. I don’t believe they would dare to take the risk to anger the president..”

Chapter 1373: The wife of Sheng nanxuan?

“But miss Tian also has a strange temper. When it came to casting, she had to use the role that she was satisfied with. If no one was to her liking, she would just let the director choose whoever he wanted. Of course, her acting skills had to be passable. But this time, she’ll be more careful in her casting than before.” Lei Xi said.

...

“Why?” Xin Rong flipped open the novel and saw a line of words printed on the title page: This is a gift for Mrs. Sheng, who loves detective novels.

“This is it?” Tracy leaned over. Mrs. Sheng’s words were more important than ten miss Tian’s words. Do you understand now? That’s why I said, who are Muxia and the others? I’m not even worthy to sweep the dust off the path these two have walked!” is she the wife of Sheng nanxuan?

“That’s right. It was said that she loved to read detective novels. Miss Tian had revealed in miss Tang’s talk show that she had written these books because Mrs. Sheng had said that there were no more good detective novels to read. She thought to herself, ‘I’ll write it then and see if my cousin will like it.’ She had spent five years slowly writing this set of “Mystery city’s doubtful cases and it was of high quality. Now that she’s going to film a drama, she won’t be sloppy in any way.”

“Who is miss Tang?” Xin Rong asked curiously.

Tang Xinxin, “ said Lei Xi with a smile. she’s a good friend of these two.

“Oh.” From what Xin Rong remembered, he was a program host with a high status in the variety world and his husband’s family background was powerful.

These three people were twisted into a hemp rope. As expected, they were not people that Su Yi Sheng, that kind of jumping clown, could provoke.

miss Tang used to be an artiste from Heng Xing. You can call her Senior Sister. Lei Xi said.

“It won’t be too late to hug this kind of thigh after I become famous. It won’t look good if I carry her now.”

Lacy laughed, “that’s right!” There’s another script here, it’s a period drama.

There are three roles you can fight for, you can go and try it out tomorrow.”

Xin Rong looked at the settings of the three characters.

The one with the most scenes was a dancer, but unfortunately, she was a mute. She had no lines and was poisoned to death by a cup of poisonous wine.

The second one was a Palace maid who died in less than two episodes. However, the palace maid’s plot was of a certain level, and it could show her acting skills.

The third was a young lady from a rich family. When the carriage passed through the busy city, the horse went crazy and dragged her for a long time. She was shaken until her bones broke and she fell off the cliff to her death.

Yingluo, what kind of show is this? All of them are dead!

Xin rongcai had experienced life and death, so couldn't he play a better role?

She made a comparison and said helplessly, " "I'll be the dancer, it'll make my death more beautiful."

Tracy choked on this reason and said speechlessly, 'I "I thought you were going to play the role of a rich young lady to show off your skills."

"Hehe, Yingluo."

She would subconsciously jump out of the carriage and then stand firmly on the ground. How could she continue to act when she saw the empty carriage running away?

The crew had already started filming, and there were a lot of people who had not made it big fighting for this small role.

Xin Rong directly went to the audition. If his acting skills passed) he would stay. If not, he would leave.

Tracy carefully explained the role to her and told her to make good use of it.

On the day of the audition, Lacy had accompanied her, along with two other newbies who had just joined the company. Currently, she only had these three artists under her.

She thought that it would be good to let these two newbies play some minor roles, or see if there was a chance in the film studio. Even if he didn't have either, he had seen the world..

Chapter 1374: He actually dared to leave his goddess aside

The two newcomers had just signed into the company this month. They had secretly checked Xin Rong's information and found that he didn't have many works. It wasn't certain who would do well in the future, so they looked down on him.

...

However, when they met, Xin Rong had the aura of a Queen. It was as if he was wearing an invisible crown on his head. The two of them had unconsciously shrunk into quails.

When Xin Rong spoke to them, they didn't dare to raise their voices. They were especially obedient, just like her little servant girls.

Xin Rong smiled, satisfied with the two.

When they got off at the film studio, the feeling of being watched came back again.

Xin Rong pretended to look around and pouted helplessly. Did Simon Gambino really want to hit on her?

She didn't mind playing with him since he was experienced.

After all, she had no experience in both of her identities. She could only enjoy herself if she found someone more experienced.

It was Simon's identity that made her hesitate.

Although she was fearless, the premise was that she knew when to advance and when to retreat. She would not provoke people she could not afford to provoke. She had never wanted to provoke the Gambino family.

The result of being too strong was to be covered in injuries. She still wanted to show off in the world she could control, so of course she had to live well!

Xin Rong tossed Simon to the back of his mind and followed Lei Xi to the set. On the way, he felt someone watching him.

Huuuu

Calm down! His identity was ordinary, so he would just take it that someone wanted to woo him!

It was this method of picking up girls that she didn't like.

When he arrived at the set, Xin Rong was left to the side. Everyone was busy, so he had to wait another two hours for the audition.

Xin Rong calmly watched others put on an act, but the two newbies were getting impatient. Afraid that they would make people unhappy, Lei Xi took them to another place and instructed Xin Rong, "If you end early, give me a call."

Simon, who was in the hotel, received the report and was instantly furious. He actually dared to ignore his goddess! This was too outrageous!

He left the hotel in a hurry and rushed to the film studio.

On the way, he received another report that Xin Rong had successfully auditioned and won a role.

"Is it the female lead?" Simon asked hurriedly.

The subordinate on the other end of the phone paused for a moment and said in a small voice, "It's a supporting role for Yingluo, but it's very important."

Simon laughed coldly and hung up the phone. This group of blind people! It's your loss not to let my goddess play the lead role!

Xin Rong's audition ended and he was in a good mood.

She didn't have to wait for two hours, and she successfully took down the dancer. She called her brother, who asked, "Is it done?"

"It's done," Xin Rong laughed.

"I knew you'd make it," she said, relieved.

Seeing Xin Rong for the first time, Xin Rong leaned back on the sofa and raised an eyebrow lazily. That alluring bearing almost made a woman like her unable to control herself. Acting as a dancer was naturally a piece of cake.

then come to my side quickly, she said anxiously. I need an extra for a fight scene, but there aren't many scenes!

"It's good that you can fight!" Xin Rong hurriedly said.

"Then I'll tell you the location-"

Xin Rong saw a man looking at the scenery and smiled. "No need, just say the name of the crew."

"Can you find it?" Tracy asked worriedly. She told her the name of the crew, but still had to give her directions.

sister Qian, 'I Xin Rong said helplessly, I ' I've been to this film studio before. You can just tell me the general direction.

Hearing that, Lacy could not help but smile and tell her the location..

Chapter 1375: Bring it on!

Xin Rong hung up the phone and walked towards the man.

...

The man saw her approaching, turned around calmly, and walked forward, pretending that nothing had happened.

“Handsome, wait!” Xin Rong called out.

The man slipped and almost fell. Don’t call me handsome, I don’t deserve it!

Xin Rong walked over with a smile and asked, “May I know how to get to the filming location of” a shocking dream of marriage

The man stared at her, his brain spinning rapidly. What to do? Chenqie didn’t know!

“I’m in a hurry.” Xin Rong said pitifully.

“This way, come with me!” The man hurriedly said.

Young master Simon’s sweetheart was in a hurry. He could not let her be late!

He immediately picked up his phone and sent a group message, asking for directions.

The power of the masses was strong. He received feedback very quickly and brought Xin Rong to the set without any trouble.

He was dumbfounded when he saw the situation with the crew!

Wait a minute, isn't this the ancient costume film studio? What's with the actors wearing modern clothes?

In any case, young master Simon was on his way here. In order to prevent him from missing, he should stay here and watch over miss Xin, as well as see what the crew was up to!

Xin Rong walked in front of Lei Xi, who pulled him to the side. "First, go see the martial arts Director and ask him to teach you a few moves. If you can learn them, you can act."

Xin Rong looked at the actor's costume and asked in a low voice, "Is it a modern or ancient drama?"

"I don't know, you can just act."

Xin Rong nodded and walked over to the martial arts Director. The director didn't mind her thin arms and legs. Because none of the actors in this drama knew how to play!

He said to Xin Rong, "if you use two swords, you'll basically be hanging on a wire. You just need to be unafraid of pain." The action scenes were different from other scenes. Although they looked short, they might take a day or two to film. The hanging wire must be painful. Don't back out after filming, or you'll cause trouble for everyone."

"Don't worry!" Xin Rong passed the bag to Lei Xi and said to the martial arts Director, " bring it on!

The martial arts Director said, "Wanwan, I'm going to teach you, not compete with you. What do you mean bring it on?"

He asked someone to bring two prop swords for her to hold in her hands, and then demonstrated the movements at the side. "You follow me, Yingluo."

Xin Rong smoothly brandished his sword and said, " "This sword is too light. I can't feel it."

The martial arts Director was stunned. He pointed at her and said, "You're toying with me again!"

This time, Xin Rong used both his hands to play for a while.

The surrounding people were all stunned, "he looks like he has a good foundation and is quite good at bluffing."

"You know how to?" the martial arts Director asked.

"I learned it when I was young."

In any case, the original Xin Rong had grown up at the border, so most people wouldn't be able to find out about her situation at that time. She could just push all her skills onto the fact that she had learned them when she was young.

Logically speaking, it would be reasonable for one to be proficient in all eighteen martial arts since he grew up in that kind of place.

then I'll just play a part of it. See if you can learn it.

The martial arts Director took the sword from her hand and started to roll and jump in the empty space beside her. Every move he made was very realistic.

Xin Rong nodded. It looked good, but it wasn't very practical. In a real fight, especially at the moment of life and death, it definitely wouldn't be like this.

However, it was a movie. Everything was for the sake of beauty.

When he was done, she clapped a few times.

The martial arts Director was very happy to see her support him and handed the sword to her. "You can try."

Xin Rong weighed the sword in his hand and walked to the center of the empty space. He mimicked his movements and practiced them perfectly.

The martial arts Director was stunned.

Who could learn it? This girl's martial arts Foundation was probably even better than his..

Chapter 1376: As if he really was a cold-faced killer

The martial arts Director did not know what to feel.

...

He had been in this line of work for more than 20 years, and he was a little unconvinced that a little girl was better than him.

However, what else could he do? Hard work wasn't the only thing that was required to practice martial arts. One minute on stage was ten years of hard work off stage, and talent was also a factor.

This woman was probably the very talented kind, right? It really made people envious, jealous, and hateful.

At this moment, the Assistant director's voice was heard. "Where is he? Martial arts instructor! Have you found the actress for Hong Yu's role?"

"Coming, coming!" The martial arts Director hurriedly replied and called Xin

Rong, " it's done! It's you! Go and change your clothes first, well start shooting later!"

Xin Rong stopped and returned the swords. "Then I'll go first, I'll have to trouble you later."

The martial arts Director smiled. your Foundation is not bad. I don't know who your master is. Let's have a spar when we have time.

I'm not good at it. I should be learning from

When the martial arts Director heard this, he felt very pleased and was very satisfied with her.

She smiled and went to the dressing room. She changed into a black outfit that was more in line with the ancient style. Her sleeves and trousers were tied tightly, but she was wearing a loose robe, so that she could look more beautiful when she was fighting.

Her hairstyle was simple. She had a high ponytail tied with a thin black rope. A few red beads hung from the bottom of the rope. She also wore a pair of red bead earrings on her ears, looking delicate and beautiful.

She deliberately made herself look cold and fierce, and her eye and lip makeup were very thick. Xin Rong's facial lines were soft and charming, and they didn't seem to match.

However, the director didn't care, because this movie was a money-making fan movie, and the male and female leads were extremely popular young idols. As long as they were photographed beautifully, the rest didn't matter.

Xin Rong observed his surroundings as he tied up Wei Ya.

A handsome man and a beautiful woman were sitting on chairs and resting. The two were chatting happily, and a few people were around them, waiting on them.

They were probably the male and female leads.

The director also went up to please the two, but the two ignored him. They probably had a strong backing.

Xin Rong searched through his memories and discovered that this couple was the male and female lead of an idol drama that had exploded in popularity last year.

don't be nervous, she consoled. you've been practicing so well just now. I'm sure you'll pass soon.

Xin Rong saw a man who was dressed exactly like the male lead walk over, but he wasn't as handsome as the male lead.

"You're still using a substitute?" She whispered.

"I'm popular." give it a try. If it's too difficult, we won't act anymore, ' said Tracy.

"Don't worry, it won't be difficult."

Even if Xin Rong's body wasn't as good as hers, this wasn't a real fight. It was just an act, so what was so difficult about it?

it's just the quality of this movie that worries me. She said tactfully.

"You don't have to worry about that," Tracy coughed. What you need now is exposure, and the opportunity has come right in front of you. In the future, I will never let you act in such a lousy film."

Soon, the filming began. Xin Rong was pulled to a beam and then put down. He pulled out his sword and stabbed at the male lead's lang wo substitute!

At this moment, the camera gave her a close-up, and the director saw from the monitor-eh, why did her temperament change?

His appearance and makeup didn't match earlier, but now they were one, as if he was really a cold-faced killer.

The director couldn't help but be stunned.. He kept staring at her and found that her fighting movements were also quite fluent!

Chapter 1377: What are you doing moving forward?

He couldn't help but say to the person next to him, "take, take a picture of her. Be more careful, give her a close-up!" &Nbsp;

...

Although this film was destined to be a bad one, if there were any merits, he still had to put them in. Otherwise, his peers would say that he didn't know how to act!

He would let everyone see that it wasn't that he didn't know how to direct, it was all because he was forced by the investors. It was all because of the two arrogant main characters who didn't know how to act!

By the time Simon arrived, Xin Rong was fighting with the substitute.

Simon's heart was in his throat, and he was extremely worried. The goddess was so soft and tender, how could she be in a fight scene? What if I'm injured? Who was the one who came up with this stupid idea?

His appearance quickly attracted the attention of the crew.

That was because the manager of the film studio was with him.

The Assistant Director immediately nudged the director. The director was engrossed in Xin Rong's fight scene and almost flew into a rage. He turned around and saw the film studio manager walking over with Simon.

Looking at the attitude of the manager of the cinema, this person must have a great background!

The director immediately stood up and greeted them. The manager of the film studio introduced, "This is Mr. Dan from huohuohuo Investment Corporation..."

The director thought, what Fire Fire Fire? Never heard of it!

The manager of the film studio continued. Mr. Dan is a professional film investor. He plans to invest in a few films and television series. He's currently visiting our film studio.

An investor? Money! Fat sheep!

The director immediately held Simon's hand. hello, hello, Yingluo. I'm Yingluo.

He was introducing himself when the male and female leads walked over.

The two of them weren't far away, so they heard their conversation. Naturally, they wanted to show their presence in front of the investors, which would be helpful for their future career.

The female lead's eyes glanced at Simon and immediately determined that he was a golden thigh! Besides, he was so handsome that he could even be her boyfriend!

The female lead's heart immediately jumped. When she saw Simon staring at Xin Rong, an alarm went off in her heart!

She turned to look at Xin Rong, thinking, "this woman is pretty, but she's not famous yet. If she knew that a sugar daddy had appeared, wouldn't she fly over?"

She immediately blocked Simon's face with a smile, "Mr. DanSimon pushed her away, and she fell to the ground.

The surrounding people jumped in shock. Xin Rong and the male lead's double also stopped.

The two of them looked over and saw that the director didn't call for them to stop, so they had no choice but to continue.

The substitute was about to cry, 'you're still not stopping? I can't hold on any longer! The opposite side's cameo had used a cheat!

The female protagonist fell to the ground and looked at Simon in disbelief, her eyes full of accusation and tears.

Simon said unhappily, "I'm here to visit the film studio!" It's not like we're here to visit you, why are you moving forward?"

wuwuwu. the female protagonist felt embarrassed. She got up and ran to the dressing room while crying.

Everyone was embarrassed.

Simon's subordinate silently wiped his sweat, "how can you say that you're here to visit the film City?" You're clearly here to 'visit' miss Xin!

Xin Rong hadn't missed the commotion here, so he naturally knew what Simon was doing. She smiled faintly and felt that he had done well. If she was happy, she could have sex with him.

She suddenly exerted some force, and the sword of the substitute flew out. The tip of her sword was pointed directly at the substitute's neck.

The substitute was stunned, thinking, "this unruly person wants to harm me!" The sword in his hand almost flew to the director's head.

The director was also unhappy that some unruly people wanted to harm him and shouted, "What's going on? Didn't I tell you to point at her? Why are you pointing at me?"

Chapter 1378: You have successfully attracted my attention!

The substitute felt wronged and said, "she's embarrassed."

...

The director ignored him and shouted at Xin Rong, "And you! How did you act?"

He actually dared to scold his goddess?

"I think it's good!" Simon was furious.

The director was stunned. He turned to look at him and smiled apologetically. "Hehehe, Mr. Dan, that's not how the script is written." "I have high hopes for her." she's the female lead? " Simon crossed his arms.

"Yingluo is an extra, she's going to die soon."

"How can we do that!" Simon roared, she's so good at acting, but she's going to die? "

"That's how Yingluo's script is written."

“Can’t you change the script?”

“Of course not.” The director was put in a difficult position.

Who are you, master? Do you think you’re the president? You want to change my script just because you’re here to visit? where would the investor stand?

“No?” Simon laughed. What if I invest in the production?”

Everyone was shocked. Really?

Simon snorted coldly and pointed at Xin Rong. “I want her ...”

Xin Rong chuckled, “what a brat!” What the hell? Do you believe I’ll f * Ck you?!

“Yingluo will be the female lead.” how much investment would that cost? ‘ Simon asked.

Everyone was stunned. They looked at him and then at Xin Rong. This woman’s luck was too good! He had hugged a golden thigh just like that!

Xin Rong put down his sword and walked over. He said to the director, “I’ll negotiate with this gentleman.”

The director nodded in a daze, his mind spinning. If someone wanted to invest, it was not impossible. It was just that Xin Rong wasn’t popular, so she couldn’t earn back her capital as the female lead. After comprehensive consideration, the current team was more reliable.

Xin Rong glared at Simon and pointed to the side. “Please, Sir. We’ll talk over there.”

Simon silently followed her to a place where no one was around, but the people around them were paying attention to them.

Xin Rong was half a meter away from him and asked, "Why did you do that?"

I'm just doing business. I just happened to take a fancy to this script. the female lead just now wasn't good. I think you have more potential, Simon said with a serious face.

Xin Rong couldn't help but laugh, "script? Do you know what this story is about?"

Do you know how terrible this story is?

"Uh, hehe."

what a lousy film, i ' Xin Rong said disdainfully. you actually think highly of him. It looks like your investment will be for naught.

Simon looked at her gloomily-goddess! I'm doing this for you, don't look down on me!

Xin Rong suddenly approached him.

Happiness came so suddenly that he took a step back in shock. [what J? If she dared to come over, he should have hugged her!

Xin Rong lifted his chin slightly and looked up at him.

She was clearly looking up at him, but he felt the pressure of being looked

down on!

"Do you like me?" Xin Rong asked.

Simon was lost in her unruly eyes. After a moment, he reacted and hurriedly said, 'I "Who said that? I ... I'm just fighting for justice!"

hehe hehe. Xin Rong laughed happily and turned to leave. After taking two steps, he turned back and looked at him with a charming gaze. you're lying.

Simon felt that her gaze had a special meaning, as if she was saying, " Man, you have successfully attracted my attention!

What the f * ck?

Why did he have such a feeling?

Xin Rong returned to the director and said in a relaxed manner, " "It's fine now, let's continue filming."

"How do you know this Mr. Dan?" the director was stunned. Xin Rong was silent for a few seconds before smiling. "I don't.."

Chapter 1379: I'm more or less the same as him

The director looked at her suspiciously and then at Simon. Even if they didn't know each other, they must have been remembered by someone, right?

...

In that case, the director didn't dare to bully her anymore in case he offended Simon. Although Mr. Huohuo's appearance was not right and he had never heard of Mr. Dan's appearance, judging from his manner of speech and attire, and the fact that he was personally received by the manager of the film studio, he must have an extraordinary status.

As a result, the director was very relaxed with Xin Rong.

Xin Rong also performed well and quickly finished filming.

Simon had not left yet. He was afraid that she would be scolded by the director if he left. Seeing that she had gone to remove her makeup, he left.

When Xin Rong came out after removing his makeup, he couldn't help but smile when he didn't see him.

"Let's go," she whispered as she walked over.

"It hurts a little. I have to go back and take a bath." Xin Rong rubbed his shoulder. Where are they?"

She was asking about the two newcomers.

"Tell them to go back to class."

When Simon was sitting there, the two newbies deliberately moved closer to him. At the thought of Simon's rudeness to the popular second-tier actresses, she was afraid that they would offend others, so she sent them back. The company had opened a lot of courses for the newcomers, such as acting class and body language class. It was just nice for them to go back and study.

Xin Rong nodded. This body had actually taken those classes before. Because it was not a specialized course, it could quickly and largely learn how to act.

"What's up with that dan Yan?" she asked after they left the film studio.

"I don't even know him."

"You really don't know him?" Lacy looked at her suspiciously.

She thought for a moment and smiled. we know each other now. As for

Yingluo, we'll see how he performs in the future.

"Ah?" What did he mean by "depends on his performance"? If she wanted to keep you in bed, did you have to pick?

"I think he's a little stupid sometimes, but he's quite fun to play with." "Bi an" girl! Your brain circuits are slightly different from normal people!

"Can't you tell that he's trying to sleep with you?"

"He would dare!" what? " Xin Rong was furious. is he trying to sleep with me? "

"Isn't that so?"

hehe hehe! Xin Rong sneered. I'm almost like him!

Tracy could not help but give her a thumbs up. "You're awesome! However, we can't afford to offend such a person. Don't forget, there's still Su Yi Sheng and Mu Xia in front of us. We can't make more enemies." "You mean, you want me to accept his unspoken rules?"

"Of course not!" Tracy's face changed.

However, she was also a little conflicted. If the other party's identity was too powerful, they would not be able to resist at all!

"Don't worry," She suddenly thought of Star Entertainment's background. we have Huan mo group behind us. He wouldn't dare to force himself on you.

Xin Rong nodded helplessly. He didn't tell her about Simon's true identity so as not to scare her.

Gong mo walked into Huan mo building and met a few artists from Star Entertainment. She felt that her future sister-in-law was in there, and anyone she looked at would be suspicious.

Even when she saw male artistes, she had to judge them in her heart. Simon looked like he was suffering. This was also a suffering, and Simon probably didn't like him!

She sighed as she entered the elevator reserved for the higher-ups.

He only knew that Simon's sweetheart was an artiste in the entertainment industry, but he didn't say that he was an artiste from eternal star. What if he wasn't even in eternal star?

When he entered the office, his Secretary came to report his schedule and specially reminded him, miss Tian Cheng will be having a meeting at Star

Entertainment in the afternoon. You have an appointment for afternoon tea at 3:30.

"Let's go to the café downstairs." I'm going to ask 'I'ang out to see if she's free, I ' Gong mo said.

"Yes." The Secretary made a record and left the office..

Chapter 1380: if you have something to say, say it, no touching

Gong mo stretched lazily. The phone on the table suddenly rang, which startled her.

...

She picked up the phone and heard Sheng nanxuan's voice. "Come to me," "Don't!" Gong mo refused directly.

Hadn't he tormented her enough last night? He even wanted to call her to the office? in his dreams!

"You'll regret it if you don't come." Sheng nanxuan said coldly and hung up.

Gong Mo's heart was in turmoil.

Although Sheng nanxuan did not know how to control himself in bed, he did it for her own good in all other aspects. He would not deliberately threaten her with words. After all, if he was exposed, he would be punished for sleeping in the study.

Although sometimes it was useless, because he would take her to sleep in the study with him!

However, most of the time, he still didn't dare to mess around. She was even afraid of herself when she got angry!

Gong mo dawdled for a while. When there was nothing else for her to deal with, she went to the top floor slowly.

Sheng nanxuan's office was on the top floor, surrounded by floor-to-ceiling windows. He overlooked the entire capital and looked down on the world. It was especially Chuunibyou!

Gong mo walked into the office and asked with a straight face, " "Why?"

"You're just going to come in like this?" Sheng nanxuan was displeased. those who don't know will think that we're getting a divorce. What if the stock price falls? "

"You dare to make him fall!"

“Zhenzhen wouldn’t dare.” Sheng nanxuan held his forehead. He had almost forgotten that he was the mastermind behind the manipulation of the stock market.

He beckoned to her. Gong mo hesitated for a moment before he strode over and said, “If you have something to say, say it. Don’t touch me!”

Sheng nanxuan got up and reached out to touch her face. He smiled and asked, “What’s wrong? Did I scare you last night?”

“Don’t be so indecent with me!” Gong mo glared at him.

Sheng nanxuan picked up a stack of documents and handed them to her.

She reached out to take it, but he took it away again.

“Then I’ll go see mom tomorrow,” Gong mo said angrily.

Sheng nanxuan was shocked. He quickly threw the documents to her and complained, “I “Don’t you find it boring to keep using this trick?”

“It’s good that it’s useful.” Gong mo picked up the documents and flipped through them. what is it?

Sheng nanxuan walked behind her, hugged her, and said, “Simon asked someone to investigate this artiste. He should be his sweetheart. I’ve investigated all her information, in case you say I’m not doing anything.”

Gong mo laughed. He turned around, put his arms around Gu Yu’s neck) and kissed him hard.

He smiled in satisfaction. Just as he was about to hug her and get closer, she suddenly let go of him and went to look at the documents.

“Humph! Humph!” Sheng nanxuan was displeased.

Gong mo exclaimed in surprise, “It’s Chini’s daughter?”

Chini’s identity is complicated. Let’s not interfere too much in this matter and just wait and see. Sheng nanxuan said.

Gong mo thought for a moment and rolled up the information, “but Xin Rong is in the entertainment industry. I’d better tell Tian Cheng and Tang Xin. It’ll be better if they meet him.

“You want to help her, don’t you?” Sheng nanxuan gave her a sidelong glance.

“She’s being bullied, so what’s wrong with helping her? Otherwise, what if Simon finds out that we’re not doing anything and is unhappy? It’s just that I didn’t expect Chini to have a terminal illness now. We didn’t have a good relationship with her back then, so we didn’t have a reason to visit her. ‘

“Simon, you have a reason.”

“That’s right.” Gong mo chuckled. It’s really fate.”

In the afternoon, she met with Tian Cheng and Tang Xinxin and told them about it.

When Tian Cheng realized that Xin Rong’s manager was Lei Xi, she said in surprise, “I think she’s going for an audition in my crew..”
