

Ditsy Wife 1401

Chapter 1401: What a freak

Xin Rong felt that one of them was evil in the dark while the other was evil in the open.

...

After getting in the car, Han Mei and Mi Fei sat in the back while Xin Rong started the car.

The car drove out of the underground parking lot, and when she passed the main entrance of the building, she saw Simon's car still there.

She furrowed her brows and her phone rang.

Seeing that it was an unfamiliar number, she ignored it.

She wasn't wearing a Bluetooth headset, so he couldn't possibly let her pick it up with her hands, right? It would be troublesome if they were caught by the traffic police!

She suddenly remembered that Xin Rong had never taken a driver's license.

Ahem, ahem, Yingying couldn't be blamed for this. She was a good driver, so who would care about such details?

The phone rang for a while before hanging up. Mifei asked, "Sister Xin Rong, why aren't you picking up?"

"It's an unknown number. I might have called the wrong number." "Oh. oh. oh." Mi Fei and Chen Mei looked at each other and sat down obediently.

Xin Rong had a powerful aura that made them not dare to act rashly or say anything.

A moment later, another call came in.

When Xin Rong saw the number again, he suddenly thought) " Could it be Simon Gambino?

She picked up the call and put it on speaker.

"Are you busy?" why didn't you pick it up just now? "Simon's voice was heard.

"I'm driving."

"Is there something?"

No. Simon could tell that it was on speaker. He said gloomily, ' you're not wearing headphones?

"I don't have a driver's license yet." Xin Rong smiled.

wuwuwuwu " the goddess actually knew how to joke? However, from his tone, he didn't seem to welcome him.

It must be an illusion!

"What is it?" Xin Rong asked sternly.

Chen Mei and Mi Fei shivered, as if she was saying, " If there's something, submit a memorial. If there's nothing, withdraw from court!

"Do you have time at noon?" Simon asked awkwardly.

“Uh-huh. What’s up?” Xin Rong smiled. He felt that this person wasn’t like the legends at all. It was so fun to tease him.

Simon felt that this woman really didn’t know what to do!

At this time, if someone asked you if you had time, you could just answer directly.

I slept with you last night, okay? Aren’t you afraid that I won’t take responsibility?

“Let’s have a meal together when we have time.” Simon said without any emotion.

Xin Rong seemed to see his depressed and expressionless face. He laughed.”I’m busy now. I don’t know if I’ll be Free at Noon, but I’ll definitely be free at

“Then let’s have dinner together.”

“Sure, I’ll contact you then.” Xin Rong was about to hang up when he suddenly asked) ” where did you get my number? ‘

“I just casually asked!” Simon said in a bad mood and hung up the phone first. He felt a burst of pleasure in his heart.

Xin Rong raised an eyebrow. What an awkward man. He wasn’t gentlemanly at all and actually hung up the girl’s phone first!

“Sister Xin Rong, is he your boyfriend?” Mi Fei asked softly.

“Bed partner.” Xin Rong said concisely.

Mi Fei and Chen Mei's mouths were wide open in shock.

They couldn't understand Xin Rong's thoughts!

What kind of relationship did they have to be in for them to say that they were sex partners?

Even if he was someone's mistress, he would still proudly say that he was her boyfriend. What else? Acknowledgment is an exchange of interests. Are there no feelings? People would look down on them.

They felt that Xin Rong was really a freak!

The two of them looked at each other and stopped talking. They really didn't know what to say.

If Xin Rong said that he was her boyfriend, they might make malicious speculations. Did she become a mistress?

In the end, the word "bed partner" made it seem as if she had slept with him and slept with him, leaving him with no place to vent his anger.

Could it be ...

Was she the one who provided for him?

Chapter 1402: Does he really like me?

Mi Fei and Chen Mei went to an ancient costume crew as two maidservants. They only had a few minutes of filming. However, both of them had a few lines to say, which was a great opportunity for newcomers.

...

Xin Rong brought the two of them to the set and they obediently went to do their makeup.

Xin Rong found a seat and sat down to watch the crew shoot.

When Mi Fei and Chen Mei came out, she looked over and saw the two of them chatting and helping each other tidy up the accessories on their heads.

She could not help but laugh. They seemed to be good friends, but he wondered if they would stay this close forever.

The two of them looked around before they saw her. They immediately walked over. "Sister Xin Rong."

Xin Rong leaned against the corridor railing and nodded at them. "It's so beautiful."

The two of them smiled in embarrassment. Mifei asked, "Sister Xin Rong, can you take a photo of us? We want to post it on our WeChat moments."

Xin Rong reached out without a word and Mi Fei quickly handed the camera over.

Xin Rong turned on the camera and saw Mi Fei standing next to Chen Mei with a bright smile.

Xin Rong was stunned. He looked up at them and found that their smiles had stopped.

Tsk, tsk. How many times have you practiced this?

She was pretty. At least from this angle, she was more beautiful than them in person.

Xin Rong took a picture of them and returned the phone.

The two of them hurriedly thanked him and started fiddling with their phones.

“Sister Xin Rong, can I add you on WeChat?” Mi Fei asked after a while.

“WeChat moments?” Xin Rong thought for a moment and remembered what moments was. He took out his phone and said, “sure, add me.”

She didn’t play anyway, so it didn’t matter if he added her or not.

After adding the two of them, Xin Rong saw the photo they had just sent.

She casually clicked on it and was shocked-

This was completely different from the photos she had just taken! It was much more beautiful!

She looked up at Mi Fei and Chen Mei and asked curiously, “What’s with this photo? How did you do it?”

The two of them looked at her in surprise and immediately surrounded her as if they had discovered a new continent. “This is a beauty camera. Sister Xin Rong, you actually don’t know about it?”

“Sister Xin Rong is a natural beauty. She’s prettier than us even without beauty treatments,” Chen Mei said with a smile.

Mi Fei glanced at Xin Rong’s face and nodded enviously. “That’s true

“What beauty camera? teach me.” Xin Rong said.

Mi Fei’s eyes lit up. She immediately opened her phone and recommended a few beauty apps to her.

Xin Rong had faced hundreds of guns and bullets before, but he didn't faint.

wait, wait, wait," she said hurriedly. a Kasaya will do. A simple one will do.

She noticed that one of the models looked familiar, as if she had installed it on her phone before.

That was the real Xin Rong.

However, when she got the phone, she found that there were many things she didn't need, so she deleted them.

Under Mi Fei and Chen Mei's recommendation, she downloaded a powerful one that could automatically apply makeup-she could go in with no makeup and come out with heavy makeup!

Xin Rong immediately put it into practice. He patted his refreshing face and found a domineering makeup to beautify it. The more he looked, the more satisfied he was.

However, this kind of thing was so embarrassing that there was no place to share it.

But she couldn't help but want to share it!

After some thought, she sent the photo to Simon and asked, " How was it?

Simon was so scared that he almost collapsed. He hurriedly replied, " A

goddess! Are you acting as a Queen?

"A goddess?" Xin Rongmei raised his eyebrows.

Simon said, "uh, I made a mistake?"

Xin Rong laughed and carefully thought back.. Could it be that he really liked him?

Chapter 1403: I heard that sister Xin Rong and Best Actor su dated before?

His body's original memories also had him. He had met "Xin Rong" once at the airport. However, at that time, he did not pay much attention to I ' her. Even in the hospital in country Y, his attitude was not warm.

...

So, he fell in love with her later on, the real her?

Xin Rong was happy with this guess. He put down his phone and looked at the people next to him.

The spring sun was a little warm, and it felt warm when it shone on the body.

She could not help but doze off until her phone rang.

She opened her eyes and recalled the days of fighting and killing. Compared to Yingying now, it really felt like a lifetime ago.

The past wouldn't come back. She could live like an ordinary girl, right?

How did ordinary girls live?

Love, marriage, family?

She lowered her head and saw another message from Simon. What was he doing now?

“Boring.” She replied.

“I’ll come to you?”

Xin Rong smiled and sent him his location.

All of a sudden, there was a lively commotion.

She looked over and saw a group of people gathered together. It seemed that some Big Shot had come.

She sat on the railing and didn’t move. After a while, she saw that the group of people was getting more and more lively. Mi Fei and Chen Mei also joined in the fun.

However, Mi Fei and Chen Mei were just extras. After watching for a while, they couldn’t squeeze in and left out of boredom.

The two of them walked to Xin Rong’s side. Mi Fei asked, “Sister Xin Rong, you’re so calm. Aren’t you curious who’s here?”

“Who is it?” Xin Rong asked indifferently.

“It’s best Actor su,” Chen Mei said with a smile. I heard that sister Xinrong and Best Actor su dated before?

“Who did you hear that from?” Xin Rong glared at her. The real Xin Rong had been killed by Su Yi Sheng!

Wait, Wuwu

Xin Rong suddenly realized that this anger didn’t come from himself, but from the original owner of his body.

The real Xin Rong was extremely repulsed by others putting her and Su Yi Sheng together, right?

Although her consciousness was no longer there, and only some memories were left. However, when it came to things deep in his memory, he would still have a conditioned reflex.

“Why is movie King su here?” Xin Rong asked, sighing.

Chen Mei looked at her timidly and didn't dare to speak. That look just now had hurt her heart.

Xin Rong glanced at her coldly and ignored her.

You can't blame others for your mistakes? How would an ordinary person know that “Xin Rong” was related to Su Yi Sheng? no one knew where they had heard it from!

Mi Fei, on the other hand, immediately said, “I think he's here to see sister Yu Lin.”

“Yu Lin?”

“Yeah, she's the female lead in this movie.”

Xin Rong nodded. He knew Yu Lin. She was the forensic doctor in “a collection of suspected cases in Mystery City.”

“Today, sister Yu Lin is the one killing a green hand.” Mi Fei laughed and said, sister Yu Lin is my idol. Her acting skills are great. She looks like everything she acts. She'll definitely be the next Best Actress! I heard that sister Xin Rong will be acting in “Mystery city's mysteries.” Do you have any scenes with her?”

of course. Xin Rong thought for a moment and smiled. I have the most scenes with her.

When the time came, she would like to see how much this Yu Lin was worth.

Chen Mei looked at the lively crowd and whispered, 'i "Brother Shengs here, are we not filming anymore?

it's almost lunch time. I might have to wait until the afternoon. if he doesn't come, our scenes will definitely have to wait until the afternoon, " Mi Fei comforted.

Chen Mei sighed, "that's true, ran ran. We're new, so we can only wait." I don't know when I'll be able to make others wait.."

Chapter 1404: I'll give you a gift and apologize

Mi Fei covered her mouth and giggled, her eyes forming a crescent moon.

...

Xin Rong really couldn't judge a book by its cover.

She had originally liked Chen Mei's appearance more. Mi Fei was a little sharp and she didn't like her at first glance.

However, after listening to the conversation between the two, she realized that mifei was not as brainless as she seemed. As for Chen Mei, she pretended to be kind and harmless, but she was actually a traitor.

Fortunately, Mi Fei was a little scheming and didn't agree with Chen Mei.

Otherwise, Chen Mei would definitely use her as a stepping stone in the future.

What would today's friendship count for?

As expected, the crew packed up early and would continue filming in the afternoon.

Su Yisheng invited the main staff to dinner, but everyone knew that he was here for Yu Lin, so they all rejected him.

Su Yi Sheng left with Yu Lin, leaving the rest of the people to wait for their lunch.

Xin Rong stared at Su Yi Sheng, his hands unconsciously clenched into fists.

Su Yi Sheng suddenly looked over and stopped in his tracks.

"What's wrong?" Yu Lin asked, puzzled.

Seeing that he was looking at her, she looked over as well.

When she saw Xin Rong's beautiful face, her heart skipped a beat and a sense of danger rose in her.

Yu Lin had been in the industry for many years and had shot to fame in the beginning.

At that time, someone wanted to take advantage of her. She thought proudly that she would not take these unorthodox ways. She would use her strength to speak!

However, reality gave her a tight slap.

She was shelved when she was popular. Later, she was lucky enough to enter Star Entertainment and could finally act well.

Over the years, she had acted in all kinds of roles. Her acting skills were not bad, but she had never had the resources in the film industry.

She had some status in the television industry, but in the film industry, she was even worse than a newcomer.

Those big-name directors and movie Kings in the film industry were not easy to deal with. How many female celebrities who made movies had not been seduced by them?

If she wanted to go in, she had to be prepared for this.

However, even if she was prepared, he might not be interested in her.

At this time, Su Yi Sheng suddenly expressed his goodwill towards her, so of course she had to grab this opportunity.

Su Yisheng's status in the film industry was one of the best. With him around, there was no need to worry about not having any resources.

It was just that Su Yi Sheng seemed to really like this Xin Rong.

When Yu Lin saw this, she became nervous.

Su Yi Sheng left her behind and walked over to Xin Rong.

Yu Lin anxiously followed him, carefully observing his expression.

Su Yi Sheng lowered his head to look at Xin Rong, his eyes deep. "It's been a long time,"

Xin Rong turned away and ignored him.

Su Yi Sheng's expression changed.

Beside him, Mi Fei and Chen Mei were frightened. They didn't think that Xin Rong would be so insensible, even daring to offend Su Yi Sheng.

Chen Mei quickly pulled Mi Fei and ran away. Mi Fei didn't want to be so disloyal, but Chen Mei was holding on to her tightly. She didn't dare to shout, so she could only be dragged away.

Su Yi Sheng bent down and asked Xin Rong, "are you still angry?" Let's have a meal together and I'll apologize to you."

Xin Rong turned his head, disgusted by him getting so close. "Someone's waiting for you. I won't be going," she said, glancing at Yu Lin.

Su Yi Sheng glanced at Yu Lin, and Yu Lin's smile froze. She tactfully said, "I'm fine with eating alone,"

Xin Rong's phone suddenly rang. It was Simon.

She picked up the phone and heard Simon ask, "where are you exactly?" "You've arrived?" Xin Rong stood up. I'll go find you.

She put down her phone and said to Su Yi Sheng, "I'm sorry, I have an appointment."

She turned around and walked away.

Su Yisheng stared at her back and narrowed his eyes, his heart filled with displeasure.

Yu Lin glanced at him, then lowered her head without a word.

After a moment, Su Yi Sheng said, "let's go." &Nbsp; Yu Lin heaved a sigh of relief and hurriedly followed..

Chapter 1405: You have good taste

Xin Rong walked out of the filming location and saw Simon leaning against a sports car.

...

He was wearing a white shirt with the top two buttons unbuttoned, revealing a large area of his chest, and his pectoral muscles could be vaguely seen.

Don't be fooled by his pretty face, he was very chubby. She had already felt it seriously last night.

Xin Rong walked over with a smile. Simon stood up straight and seemed a little nervous.

Xin Rong walked in front of him and glanced at his chest. "Aren't you cold?"

"I'll only feel hot when I see you!" Simon blurted out.

"Hooligan!" Xin Rong cursed.

Simon was shocked and blamed himself for being careless. They had only slept together once, so they weren't that close yet. How could they make such a joke?"

"I didn't mean to be a hooligan," he said pitifully.

“Is that so?” Xin Rong raised his brows and walked to the front passenger seat. He winked at her. but I happen to like gangsters.

Simon was stunned and felt even more aggrieved. I knew she wasn't a normal woman! Since she liked gangsters, why did she scold him? This was simply flirting! This was too much!

Seeing that she was about to open the door, he hurriedly ran over. “I’ll-

The first rule of a gentleman was to open the door for a lady. How could he let her do it herself?

By the time he reached the car door, Xin Rong had already sat on it. The door slammed shut, almost clamping onto his nose.

Xin Rong rolled down the window and asked, i ‘ “You want to sit here?”

“Then I’ll drive.” Xin Rong immediately moved to the driver’s seat. He touched the steering wheel and whistled. this car isn’t bad. You have good taste

“Naturally!” Simon had no choice but to sit in the front passenger seat. you’re the best woman I’ve met in my life. You’ll know how good my taste is then.

“You’re quite good with words.” Xin Rong smiled at him, feeling that his sweet words were very comfortable.

Simon touched his nose and suddenly saw su Yisheng and Yu Lin walking out of the shooting base.

He hurriedly asked Xin Rong, “isn’t that”

“What?” Xin Rong raised an eyebrow.

Simon gritted his teeth and glared at Su Yi Sheng with hatred. He said to her, ‘ “Start the car!”

Xin Rong stepped on the accelerator and the car sped off.

Simon thought that she had stepped on the accelerator so hard because she saw that su Yisheng was too angry. He comforted her, "Don't worry, I'll take revenge for you,"

"No, I'll do it myself."

Su Yi Sheng didn't harm her, but "Xin Rong." Since Simon liked her, she couldn't let him express the wrong feelings.

She would take revenge for Xin Rong. As for her man, he only needed to work for her.

Su Yi Sheng glared at Simon's car as it drove away, then turned to Yu Lin. "I heard that Xin Rong left with an investor during dinner with the" Mystery city's mysteries "crew yesterday?"

Yu Lin nodded and looked in the direction of the car. "That's the one."

She would never forget such a handsome investor for the rest of her life!

It had to be said that Xin Rong's luck was really good.

"What's his background?" Su Yi Sheng frowned.

He didn't see the other person's face clearly, but he was obviously a tall, rich, and handsome man.

He gritted his teeth in hatred. Xin Rong didn't listen to him in the past because he didn't think he was tall, rich, and handsome enough!

I don't know, "Yu Lin said carefully. I think the company is called huohuohuohonggong. I've never heard of it before.

"Let's go and eat."

After entering the restaurant's private room, su Yisheng called someone to check the information of the company " huohuohuo, " but the industrial and commercial Bureau did not put it on record at all..

Chapter 1406: She had made a decision

However, it couldn't be fake that she was able to sneak into the production team as an investor and eat at the same table as Zeng Shuai and the others, right?

...

"He's of mixed blood. Could he be from an overseas company?" Yu Lin asked softly.

Su Yi Sheng furrowed his brows, his fingers continuously tapping on the table, his mind filled with thoughts. If that was the case, it would be difficult to investigate.

"Why don't I help you test it out?" Yu Lin said fawningly after some thought.

"How?" Su Yi Sheng looked at her.

Yu Lin smiled confidently. the two newbies with Xin Rong have scenes with me this afternoon. I'll take the opportunity to give them a taste of their own medicine and test Xin Rong. Although it might not have an immediate effect, it'll be useful sooner or later, right? " Besides, what I'm doing has nothing to do with brother Sheng."

This meant that if Xin Rong really did have a powerful backer, Su Yisheng wouldn't have been implicated if Yu Lin had offended her.

Su Yisheng smiled and pinched her face, "how can I let you charge into the enemy lines alone?" In any case, you'll be working with Xin Rong next, so we'll just take it one step at a time. We have to find out who Qianqian is, it'll be good for both of us."

If he really was a character, he would naturally avoid him. But if it was a paper tiger, then don't blame him for being impolite!

Sooner or later, Xinrong Yuanyuan would be his!

Xin Rong returned to the set after dinner. Yu Lin hadn't returned yet, so the director could only film another scene.

The main reason why Tracy asked her to bring Mifei and Chen Mei over was to evaluate the candidates for her assistant. Now that she had made up her mind, she naturally did not want to waste any more time here.

After informing the two of them, she returned to the company.

"I think Mifei's not bad," she said to her. But don't make the arrangements directly. Ask them and see if they're willing."

She understood.

Chen Mei would definitely feel unfair if he directly appointed Mi Fei. She had already noticed that Chen Mei was very sensitive.

However,

"What if Chen Mei wants to come?" Tracy asked, worried.

“She won’t,” Xin Rong said with certainty.

Chen Mei didn’t even dare to speak to her after being glared at by her, so how could she dare to hit the muzzle?

On the set-

Today was Yu Lin’s killing scene. In this scene, the maidservants played by Mi Fei and Chen Mei had accidentally done something wrong and were reprimanded by her.

The director shouted, “ action! and the shoot began.

Yu Lin wore a Phoenix Coronet and was sitting in front of a bronze mirror with her back facing the camera. Her slightly raised head showed her high status and also reflected her overbearing and strong personality.

Chen Mei and mifei were carrying a tray with a cup of tea and a letter on each tray.

The two of them carefully walked into the camera and knelt behind Yu Lin.

Mifei said her lines first and presented the envelope.

Yu Lin picked up the envelope and opened it. She pulled out the letter and elegantly unfolded it, her expression gradually changing.

He could tell that she was very angry.

“Your Highness, please have some tea,” Chen Mei raised her tea.

Yu Lin glared at her and suddenly lifted her hand to flip the tray.

The teacup flew into the air, fell to the ground, and shattered into pieces. The boiling hot tea splashed everywhere.

Mifei was also affected. Her body trembled and she fell to the ground. Her forehead touched the ground, and her body trembled. Chen Mei raised her head in disbelief and looked at Yu Lin.

This Yingluo is different from the script?

Yu Lin's eyes turned cold when she saw her staring at her. She raised her hand and gave her a tight slap, scolding, "What are you? You dare to look at me?"

Chen Mei was caught off guard and fell to the ground, completely dumbfounded..

Chapter 1407: sowing discord

This was different from the script! How should he act?

...

The director was stunned for a moment, but he did not call for a stop.

When big-name actors acted, it was inevitable that they would be free to express themselves. Yu Lin was doing very well, even better than in the script, so he naturally wouldn't stop her.

Mi Fei looked up when she heard the sound. Seeing that no one was moving, she didn't dare to help Chen Mei up. She could only kneel on the ground and continue her act, shouting, "Empress, spare me! Your ladyship, please spare me!"

Yu Lin glanced at her, then waved her hand and said to the director, "I didn't act well just now, let's do it again."

"CUT! The director shouted, let's rest for ten minutes."

Mi Fei quickly got up and went to help Chen Mei.

Chen Mei's expression was a little dazed. Mi Fei lowered her head and patted the dust off her dress.

Yu Lin walked over and asked with a smile, "Are you alright? I was too immersed in my character just now, I didn't expect it to be like this." Chen Mei was the one being beaten, so Mi Fei didn't say anything.

"I'm fine," Chen Mei replied with a smile. It's my honor to be able to act with sister Yu Lin. Just now, sister Yu Lin's performance was really eye-catching.

There's a lot for us to learn from her."

Yu Lin laughed out loud. "I'm glad you guys don't blame me! By the way, what are your names?"

The two of them introduced themselves.

"Mifei's acting just now was pretty good," Yu Lin said earnestly. "She's able to react according to the situation. She's been in the act the whole time, so her future is limitless. Chen Mei, you're much worse. I suddenly didn't follow the script and you actually became stupid. How are you going to survive in the future?"

Chen Mei's face was pale as she looked at Mi Fei.

Mi Fei pursed her lips, her heart filled with anger. Yu Lin was simply trying to drive a wedge between them!

Yu Lin patted the two's shoulders, "work hard." Only by knowing your shortcomings can you correct them."

Yu Lin was busy with the killing and didn't make things difficult for the two. Anyway, if they didn't act well, they just didn't need to be shown on screen.

After the shoot, Mi Fei and Chen Mei returned to the company together.

On the subway, Chen Mei couldn't help but cry.

Mi Fei was at a loss as to what to do. She comforted her and said softly, "Don't cry, everyone's watching. Yu Lin did it on purpose! She must be jealous of you because you're prettier than her, so she hit you on purpose to sow discord between us!"

Chen Mei sniffed and raised her head, "I'm not blaming you. I'm very happy that you acted well, but I just feel that I'm so useless, Yingluo." Mi Fei sighed and put her arm around her shoulder.

Chen Mei leaned on her shoulder in a daze, her expression pitiful.

When they returned to the company, they were called over by Tracy.

I want to arrange an assistant for Xin Rong, Lei Xi said. which one of you is willing?

Chen Mei's eyes flashed and she looked at Mi Fei.

Mi Fei thought about it. Although they were supposed to be assistants, they had signed an artiste contract, so Tracy probably wanted to train them. Moreover, if he followed Xin Rong, he might be able to get an opportunity to appear as an extra.

However, she didn't want to argue with Chen Mei. She wanted to see Chen Mei's opinion.

She turned her head and saw Chen Mei staring at her. She remembered the conflict between Chen Mei and Xin Rong in the morning. Chen Mei probably didn't want to go, right?

She was about to agree when Chen Mei suddenly said, " "We want to discuss this."

'Give me an answer as soon as possible," she said.

Chen Mei pulled Mifei out of the office and walked to a place where no one was around. "Do you want to go?

Mifei nodded, "at least I can train." Otherwise, with our current status, and the lack of work opportunities, it would be a waste of time. And you? If you want to go, I won't go.."

Chapter 1408: I might not always be with you

They were classmates, and Mi Fei had always given in to Chen Mei.

...

For the two roles that day, the crew had originally arranged for Mi Fei to play the tea-serving role and Chen Mei to play the duanxin role.

However, Chen Mei said that taking the letter was too much of a test of acting skills. She was worried that she wouldn't be able to act well, so Mi Fei took the initiative to exchange with her.

In fact, the one who took the letter did not have any lines. If the post-production editing was ruthless, they might not even show their face. However, the one who served the tea had a face to face scene with Yu Lin and had quite a few lines.

Mi Fei knew what Chen Mei was thinking, but she didn't argue with her since they were friends.

At this time, Chen Mei pulled her and said pitifully, "If you go, what about me? We've always been inseparable. If you go, I'll be alone. I'm scared if there's a Kasaya."

"This ..." Mifei was a little hesitant.

Chen Mei hugged her arm and begged pitifully, "I won't go. Look at how arrogant she is, and she has a backing. If you go, you'll definitely be ordered around by her. We're signing an artiste contract, not an assistant contract.

Why should we?"

Mi Fei bit her lip. She really wanted to go. She wasn't afraid of being ordered around. Wasn't this how it was in this industry? It was the same in any industry!

Therefore, she wanted to seize the opportunity in front of her. Otherwise, if she couldn't learn anything, she wouldn't be able to act well even if she was suddenly given the female lead.

Looking at Chen Mei's worried expression, she sighed helplessly and nodded. Chen Mei was overjoyed and immediately went with her to tell Tracy.

Tracy raised her eyebrows in surprise and looked at Chen Mei. He then looked at Mi Fei, who looked a little confused.

She sighed in her heart. In this industry, talent alone was not enough.

She had originally been more optimistic about Mi Fei's future development, but Chen Mei was more cunning and more suitable for this circle.

What would happen in the future would depend on their own luck. The two of them had just entered the industry and were good friends, so she couldn't give them much advice. At most, she would help them out at a critical time in the future.

"Alright then. You must be tired today. Go back and rest." Lei Xi said.

The two of them nodded and left the office.

Lei Xi rubbed her forehead and called Xin Rong to tell him.

Xin Rong didn't expect this and couldn't help but say, "This Chen Mei is worse than I thought!"

"She's just too cunning," said Tracy helplessly after a pause.

"You're already so scheming now, but how much more will you be in the future? Sister Qian, you have to be careful of such a person. I think Mi Fei's not bad. Keep an eye on her and don't let her fall into Chen Mei's trap. Chen Mei won't be staying here for long. If she finds a high branch, she'll definitely fly immediately." Xin Rong paused and sighed. "I might not always be with you. I might retire in the future. If you can train Mifei, you'll have a trump card in your hands."

"You're going into retirement?"

"That's not for certain. Who knows, I might like this industry and continue acting."

Xin Rong and Simon were eating dinner. Seeing that she was busy answering the phone, Simon placed a piece of chopped steak in front of her.

She raised her eyebrows and smiled. She picked up the steak with a fork and said as she ate, "You can't put all your eggs in the same basket. If you train two more people, it will only be good for you."

"Aren't you afraid that I'll give the resources to someone else?" Lacy asked in a bad mood.

Xin Rong laughed out loud, “in my eyes, the entertainment industry is nothing but a toy..” You can tilt it however you want, I have no objections!”

Chapter 1409: Don't be like this, I'm not used to it

She had seen so many storms, why would she fight and scheme for these things? This was simply too embarrassing!

...

After hesitating for a while, not knowing what to say, she sighed. if you have any plans, tell me in advance. You're not allowed to not inform me.

“I know.”

By the time Xin Rong hung up the phone, the steak in front of him had already piled up.

“All you know is to cut it for me. Aren't you going to eat?” she looked at Simon.

“I'm just reminding you not to be distracted when you're eating with me!” Simon snorted.

Xin Rong picked up the steak and put it into his mouth. He looked at him meaningfully.

“Are you not going to act in the future?” he asked, feeling a little uncomfortable.

From the sound of it, her ambition did not seem to be here. He actually called the entertainment industry a joke. No wonder he didn't fawn on him, the financial backer!

“You’re supporting me, so what role do I have to play?” Xin Rong looked at him pitifully and said in a coquettish tone, “do you know how tiring it is to act? I don’t even have an assistant now, so I have to do everything myself. Sister Qian wants to send a new person under her to be my assistant so that she can train her. In the end, that person didn’t even appreciate it. How aggrieved am I?”

“Don’t be like this, I’m not used to it,” Simon said.

“Eh? What did I do?” Xin Rong felt even more aggrieved.

this isn’t you,” Simon hurriedly said. you’d better be fiercer.

Xin Rong was furious. He glared at him and said sternly, “Aren’t you used to being gentle to you? You’re a masochist?” Simon exhaled. Yes, that’s right. That’s you.

“Right? Is it right to say that you’re a masochist?”

“I don’t mean it that way,” Simon replied. I’m saying Yingluo, forget it. I’ll arrange an assistant for you tomorrow.”

Xin Rong’s face was full of grievances and he started to make a fuss. “What do you mean by forget it? You don’t want to talk to me? You don’t like me, right?”

“Is this your next character?” Simon couldn’t take it anymore.

Xin Rong choked on his saliva and rolled his eyes.

After dinner, Simon wanted to take her to a hotel for the night.

Xin Rong had no objections.

It was a long night and he had no mood to sleep, so it was good to find something to do.

The car stopped outside Huan mo building. Xin Rong asked in surprise, "Aren't we going to the hotel? What are you doing in my company?"

"Don't you know that there's a hotel up there?" Simon said in disdain.

"You're doing this on purpose, right?" Xin Rong was angry. What if someone sees us?

Simon was stunned for a moment before he reacted.

Huan mo building had a very tricky place. Not only were the celebrities from

Star Entertainment there, but the reporters from AI mo media were also there!

There were entertainment magazines under Almo media, and a large group of paparazzi was going in and out of the building.

Furthermore, the hotel's elevator was separate. If Xin Rong wanted to enter the company from the hotel, he would have to go to the lobby to take the elevator.

Wouldn't it be bad if any sharp-eyed reporter saw her coming out of the hotel elevator?

It would be fine if the reporters saw them. Simon could ask Gong mo for help to suppress the news.

However, if the artistes saw her, they might mess with her in the dark.

"Then, Yingluo should go to your house?" he said awkwardly.

"Let's go back to our own homes," Xin Rong sneered.

Sleeping again and again, he was beautiful!

Xin Rong saw a taxi in front of them and pushed the door open. He lowered his head and said, I ‘ ‘I’ll take a taxi back. Good night.”

“Even if you’re going back, I’ll be the one to send you back!” Simon got out of the car in a hurry.

“It wasn’t easy for me to send you back, and now you’re sending me back? Are you done?” Xin Rong rolled his eyes at him and got into the taxi..

Chapter 1410: You’re a woman, can ‘t you be more reserved?

Simon watched the taxi drive away and dazedly reached out his hand. Wait a minute! Girls! What do you mean by giving it to me? I’m a man, I don’t need you to send me!

Simon’s heart was heavy.

He felt that his past few years of playing around with women was just a dream. Otherwise, he wouldn’t be unable to even handle a woman who had just had her first time!

He was actually an innocent young man now!

Simon tossed and turned the entire night, unable to fall asleep. He had many, many plans in his heart. The next morning, he went to Xin Rong’s house to wait for them.

Xin Rong walked out of the district and saw his car parked on the side of the road. Beside the car stood two tall and handsome men. One was Chinese and the other was a foreigner.

Heh, he even brought a bodyguard?

She really wanted to tell him that the aura was not reflected by the bodyguard's car, but by the person himself.

She crossed her arms and walked over slowly. Simon got out of the car and looked at her with a smile.

She glanced at the two handsome men beside the car and asked, "Why: The president is parading through the streets?"

"The assistant I've arranged for you." Simon said proudly, "how is it? not bad, right? And this ..."

He pulled her to the back. There was another car parked behind his.

It was a white sports car that was usually driven by women.

The car looked new. Xin Rong raised an eyebrow. "It's not for me, is it?"

"It's for you!" Simon looked at her affectionately. "you're my woman. Of course, I have to be good to you."

"I appreciate it." but I like cross-country, Xin Rong said calmly, a little disdainful.

This was obviously a woman's car. It didn't look domineering at all and didn't match her aura at all!

Simon was stunned and said aggrievedly, "why are you driving off-road in the city?" Besides, that one isn't good-looking at all, and doesn't match your beauty and temperament!" alright, " Xin Rong laughed. I like that. I'll take this car.

Simon heaved a sigh of relief but suddenly felt that something was wrong. Wait a minute! Was he begging her to accept it? It's fine if she's not grateful, but what's with her kind tone?

as for them? ” Xin Rong looked at the two handsome men and asked in confusion, ” you arranged such a handsome assistant for me. Are you afraid that you can’t satisfy me?

Simon, ”whoosh, whoosh, whoosh, whoosh.”

The assistant: ” Wanwan, please let me go!

”Xin Rong!” you’re a woman, can’t you be more reserved? ” Simon roared in exasperation.

”Why do women have to be reserved?” Xin Rong frowned, somewhat displeased. isn’t gender equality in this world? You can call me reserved, but you can’t use the fact that I’m a woman to call me reserved!”

Simon scratched his head in frustration!

Why is this woman so annoying? He didn’t want to serve her anymore!

However,

What should I do if I still like it?

”Forget it,” he said. He said magnanimously, ” where are you going now? I’ll send you. Have you had breakfast? If you haven’t, let’s go eat together.”

”You didn’t eat? Then I can accompany you.” Of course, she had to be gentle and considerate to her man.

Strangely, Simon got what she was thinking. He felt that this woman was too scary. She had completely reversed their gender identities on her own accord!

Didn't she know that she was being kept by him? Where did she get the confidence to sneak into his room?

However,

This was an experience that he had never experienced before.

To Simon's dismay, he realized that he really was a masochist.

Forget it, I'll just give up on myself and not admit it..
